Al Walters Elected To Top SGA Position Thompson, Brady, Kupelian To Be Heads Of Classes

Five Breeze Into Office Unopposed; Six Women Elected

Charles Thompson, Richard Brady and Robert Kupelian were elected as presidents of the senior, junior and sophomore classes, respectively, on April 12 and 13.

Thompson, a junior biology-chemistry major from Kennett Square, Pennsylvania, has taken part in numerous campus activities. This year, he served as vice president of Kappa Alpha social fraternity and chairman of Friends Fellowship.

Other senior officers are Karin Venetian, vice president; Ralph Bingham, secretary; Richard Haines, treasurer and James Shelton, SGA representative.

Past treasurer of the sophomore class, Brady is also treasurer of Sharp Hall's house council, historian of Sigma Phi Epsilon, vice moderator of Westminster Foundation and a member of the Blue Hen Staff.

Other junior officers are vice president, Earl Alger; secretary, Jane Wollenweber; treasurer, Jane Walton and SGA representative, Joan Mulrooney.

Kupelian, experienced in the office of president, (being proxy of the class of '59), continues in this capacity as president of the sophomore class. A freshman, he is a pledge of KA.

Other officers are vice president, David Messick; secretary, Mary Ann Crawford; treasurer, William Walston and SGA representative, Katherine Hammond.

Karin Venetian, Richard Haines, James Shelton, Jane Wollenweber and Jane Walton were unopposed candidates.

Two 'Ugly Men' Tie For First Position In Sussex Contest

Friday, the thirteenth, found Delaware girls busily searching for the ugliest man. They came up with two: Ed Malinowski, nominated by Sussex and Larry Murray, nominated by Topsy, tied for first place.

Sussex Hall, who sponsored the contest as their project in the Campus Chest Drive, collected \$26.87 by charging a penny a vote.

The lucky winners won as a prize a date with the girl of their choice from the sponsoring dorm, plus \$1 to splurge on the date.

Other candidates were Ron Nagle, Ethan Stenger, Steve Voorhees, Alan Woodruff, Howard McCurdy, Dave Cocciolone and Dick Brady.

Annual Schedules Pics For Juniors

Merin Studios in Philadelphia has been contracted as the photographers for the 1957 Blue Hen. They will be on campus to take individual pictures from April 30 to May 7.

Members of the class of 1957 are requested to sign up in advance for their appointment. The week of April 23-28 has been designated as the time for juniors to sign up.

Housemothers For Fraternities Postponed At Present -- Hocutt

Fraternities with private kitchen facilities have been notified that they will not be required to procure resident housemothers until the new student union - cafeteria is placed into operation.

Originally, by a resolution of the Board of Trustees passed in 1953 those fraternities operating dining room privileges were to provide house mothers, acceptable to the university, by September 1955 or close their kitchen facilities. This three year period of grace has been extended until the opening of the new dining hall-student union. This action has been approved by Dr. John A. Perkins, President of the university and Chairman of the Trustees Committee on Student Affairs.

Stressing the finality of this extension, John O. Hocutt, Dean of Students, stated that no fur-

ther period of grace will be allowed. If Sigma Phi Epsilon and Alpha Epsilon Pi, the only two chapters here with kitchens, have not procured the services of housemothers by the opening date of the new dining hall, they will have to cease operation of their dining rooms.

"Construction of the new student center-dining hall will begin in the late summer or early fall," remarked Dean Hocutt. "We intend to start as soon as possible because we desperately need enlarged facilities."

Contrary to rumors, the other chapters will not have to hire house directors by September 1957. Although such a step is not seen in the near future, Dean Hocutt expressed the hope that all fraternities will work toward the goal of providing facilities to enable their employing resident housemothers.

Large Turn-Out Of Students Elects Shirley Riley As Veep

More than eleven hundred Delaware students went to the polls last week to choose their Student Government Association and class officers. Al "Corky" Walters, a junior agriculture major from Glenolden, Pennsylvania, has been elected president of SGA for next year.

The successful vice-presidential candidate was Shirley Riley of Wilmington, a junior education major.

Fifty UD Seniors To Be Lauded On Honors Day

The annual Honor's Day Program will be held in Mitchell Hall on May 3 at 11 a. m.

At the ceremonies, Dr. Roy F. Nichols, vice-provost of the University of Pennsylvania will be the principal speaker. His speech will be centered on the great American, Benjamin Franklin.

Fifty University of Delaware seniors will receive honors for outstanding work done in the field of study, which include both the academic and the military. The latter honors will be presented at the Military Review at 1:30 p. m. the same day. Also during the program, the names of people elected to the honor fraternities will be announced.

Dr. Paul Dolan, chairman of the political science department is the head of the Honor's Day committee. Other committee members include Miss Rose In-torre, instructor in home economics; Mr. Leonard Ravitz, lecturer in the School of Education; Dr. Clyde Richards, assistant professor of animal and poultry and Dr. Milton Young, professor of electrical engineering.

Invitations have already been issued to the parents of those students who will receive honors. It is hoped that all the university students will attend the ceremonies.

Pat Samples was elected recording secretary and Carolyn Phillips was elected corresponding secretary. Miss Samples is a junior majoring in home economics. Jerry Goosenberg was the only unopposed candidate on the ballot and will be treasurer of SGA next year. Goosenberg is a pre-med student.

Barbara Sobocinski, a junior home economics major, was elected social chairman. Chairmen for Women's Affairs and Men's Affairs are Loretta Wagner and Richard McKelvey, respectively.

Five representatives were elected from the four schools of the university. Two from the School of Arts and Science and one each from the Schools of Engineering, Education and Home Economics. Joan Henderson and Jerry Weis are the Arts and Science representatives. Charles T. Gebert, engineering representative, is a junior electrical engineer and Barbara Cubberley, home economics representative is also a junior. Marg-

Commuters Plan Another 'Co-Rec' For Tomorrow Eve

Co-Rec night, sponsored by the Women Commuters, is being held in the Women's Gym tomorrow night.

Activities will be divided into two parts. Sports, including badminton, volleyball, swimming, ping pong and shuffleboard will be in order from 7:30 p. m. to 9:15 p. m. Afterwards there will be dancing.

Committees for Co-Rec night are: refreshments, Harriet Herrman and Joan Owens; publicity, Frannie Ciach and Suzanne Adams; chaperones, Grace Miller; dance, Mary Desmond and Joan Osowski; sports, Margaret Custis, Isabel Fisch, Nancy Hopkins and Shirley Riley. Chaperones include Mr. and Mrs. John A. Vaughn and Dr. Roger E. Ervin, geography and geology instructor.

Campus Films Depict Lynching 'Black Deac'

"Ox-Bow Incident" will be shown tomorrow at 8:15 p. m. in Wolf Hall Auditorium.

The lynching of three men and the eventual proving of their innocence are the plot highlights. Henry Fonda, Dana Andrews and Henry Morgan have the leading roles.

"Panic in the Streets" will be presented at 3:15 p. m. and 8:15 p. m. on Sunday at Wolf Hall. The story is of a bubonic plague carrier, gangsters and police; it stars Richard Widmark, Paul Douglas and Barbara Bel Geddes.

Engineers To Get New Building

ARCHITECT'S DRAWING of the proposed new engineering building to be attached to Evans Hall.

A gift of \$800,000 from the Longwood Foundation, Inc., has been presented to the university to be used in the equipping and constructing of a new engineering building on the campus.

The new building will be named for the late Mr. Pierre S. duPont who was interested in the university for over forty years. It will be located on the central part of the campus between Wolf Hall and Evans Hall and adjoining the latter build-

ing. The funds now in hand will be sufficient to build and fully equip the new structure.

The funds will be added to an earlier benefaction of \$1,350,000, from an anonymous foundation, which was announced by the university on February 7.

Henry B. duPont, president of the Longwood Foundation, said it was decided to make this gift "in view of the high regard in which we hold the University of Delaware and particularly its

work in the field of engineering. Its stature has reached a high level in educational circles and we believe the grant will enable the university to raise the status of its School of Engineering to an even higher level."

He said also that the Board of Trustees of the Foundation believes this expansion will help alleviate the shortage of engineers and other technically trained people.

Bill Starkey, Dave Cocciolone Become Heads Of '57 Yearbook

William Starkey, managing editor of the 1956 Blue Hen, has been appointed editor-in-chief of next year's yearbook, succeeding Ed Gearhart.

Starkey, whose previous yearbook experience includes the business managership of the Glen-Nor "Chieftain" is a member of Sigma Phi Epsilon and will be its president next year. He has served as assistant controller of SPE and as a member of the Inter-Dorm House Council. He also made the Dean's List last semester.

"The business manager appointed by Gearhart is David C. Cocciolone, also from SPE. Cocciolone is majoring in civil engineering and is a member of the AICE. A graduate of Wilmington High School, Cocciolone is the commander of the Delaware Rifles, a past secretary of SPE and a member of Men's Chorus.

"The only member of the business staff, selected so far, is Ed Martin the assistant business manager. Photographers, layout personnel and artists are needed. Anyone interested in working on any phase of the yearbook is requested to contact Bill Starkey through the campus mail.

Bill Starkey

Dave Cocciolone

Parties, Dances To Usher In Fraternities' Spring Weekends

Fraternity weekends will be the highlights of the social calendar, beginning tonight and continuing through this weekend and those of April 27, 28, 29 and May 4, 5 and 6.

The fraternities are planning formal dances, house parties and picnics for their various weekend activities.

Sigma Phi Epsilon and Alpha Tau Omega will hold their weekends on April 20, 21 and 22. Sig Ep has planned a formal buffet and dance at the Italian American Club in Kennett Square at which Jack Daugherty and his band will be featured. The girl of the Golden Heart will be crowned during the dance.

On Saturday the Sig Ep's will have a dinner at Schaeffer's in Chesapeake City with a house-party following. The Four Snaps have been secured as a combo. Sunday will feature a picnic at Rising Sun, Maryland.

ATO will journey to the North

WEAC Schedules Square Dancing

A square dance, the first dance of its kind to be held on campus in recent years, is the next activity planned by the Week-End Activities Club.

This experiment in providing a "different" type of campus entertainment will take place on April 27, from 8 p.m. to 11:30 p.m. It has been tentatively scheduled for the Women's Gym. A professional square dance "caller", Mr. Earl Brooks, has been secured to do the calling to the accompaniment of his country music records.

Because of the expense of the caller and the limited budget of the WEAC, it will be necessary to charge twenty-five cents admission. Refreshments will be sold.

East Yacht Club for their formal dinner and dance on Friday. Jerry Berkowitz will provide the music and the ATO Dream Girl will be crowned. The pledges will give a houseparty on Saturday night at which time the ATO Sweetheart will be announced. A picnic is being planned for Sunday.

Kappa Alpha, Delta Tau Delta, Phi Kappa Tau and Pi Kappa Alpha will hold their festivities on April 27, 28 and 29.

The weekend of May 4, 5 and 6 will find Theta Chi, Sigma Nu and Alpha Epsilon Pi having weekends.

Thompkins To Speak At Engineers Meeting

Mr. Howard E. Thompkins, Educational Services Manager of the Burroughs Corporation Research Center, will be the guest speaker at the American Institute of Electrical Engineers meeting at 7:30 p.m. on April 23 in Brown Hall Auditorium.

In his talk, Mr. Thompkins will compare digital and analog computers and discuss several recently developed components which are used in modern digital computer systems. He will have demonstrations as well as slides.

Mr. Thompkins received his B. S. in physics from Swarthmore College in 1942, his M. S. in physics from the University of Pennsylvania in 1947. He has been with Burroughs since 1951.

Professor Hastings To Preside At Phi Beta Kappa Ceremonies

William T. Hastings, Professor of English, Emeritus, of Brown University and president of the United Chapters of Phi Beta Kappa, will preside at the installation ceremonies of the Delaware Alpha Chapter, Wednesday evening, April 25.

Dr. Herbert E. Newman, secretary of the newly organized chapter has announced that reservations for the dinner meeting at Old College Dining Hall, 6:45 p. m., must be made with Professor E. W. Smith at Robinson

Hall not later than April 16. Members of Phi Beta Kappa residing in the Newark area who do not have an official connection with the university are invited to participate as non-voting members.

Professor Hastings graduated from Brown University in 1903. In 1905 he received an A. M. degree from Brown and a year later received a second master's degree from Harvard University.

Professor Hastings has given many long years of devoted service to Phi Beta Kappa. Since 1937 he has served as a Senator of the United Chapters. In 1940 he was elected to the Executive Committee, served until 1946, and was re-elected in 1950. He has been chairman of the Committee on Qualifications for the United Chapters since 1947 and in September of 1952 was elected for a three-year term as vice president of the United Chapters. From 1920 until 1951, he was secretary of the Rhode Island Alpha Chapter of Phi Beta Kappa. He was chapter president from 1953-1955 and was elected National President in September of 1955.

Other guests at the installation dinner will include Dean Lawrence Chamberlain of Columbia University and Mr. Carl Billman, secretary of the United Chapters of Phi Beta Kappa.

University Receives Research Grants

Fifty-three of the nation's colleges, the University of Delaware among them, will receive grants from the Research Corporation for the support of scientific research.

Dr. Harold Kwart, assistant professor of chemistry, will get an appropriation for study of the spectroscopy of organic substances in the far ultraviolet. Drs. Bruce Lutz and L. Paul Bolgiano, assistant professors of electrical engineering, will conduct an investigation of solar radiation of microwave frequencies with the proceeds of their grant.

Students To Vie On WCAU Show Tomorrow Evening

Three students from Delaware are going to "challenge the champs" tomorrow night over Radio Station WCAU on a program of that very same name.

Mary Kaleel, a senior in Home Economics; Bill Brown, a senior in Arts and Science and Frank Garosi, a sophomore in Arts and Sciences, will represent the university.

"Challenge the Champs" is a panel program which pits two groups of college students or professional men against each other in a test of their general knowledge with an emphasis on current affairs. Points are awarded to either team for every correct answer given and the winning team is carried over to the next week.

The team was chosen from a list of students submitted by the Dean of Student's office and approved and added to by the Deans of the various schools. Although the program will go on the air at 7:30 p. m. April 21, the Delaware team traveled to Philadelphia last night to transcribe the program.

Bob Kupelian Attends Conclave In Brooklyn

Bob Kupelian, president of the class of 1959, recently attended a Regional Intercollegiate Conference at the Brooklyn Polytechnic Institute as the representative of the University of Delaware.

Attended by colleges in the greater New York area, as well as schools in the surrounding states, the conference members concerned themselves with "The Atmosphere of American College Education Promoting or Inhibiting the Full Development of the Student."

Topics relating to the main theme which were elaborated on in panel discussions included such: Is there a tendency toward too much academic paternalism in our colleges; do systems on individual self reliance provide better opportunity for self development; do our examination and grading systems need reconstruction and modification; do colleges sufficiently recognize extra-curricular activities and encourage student participation in these activities?

Prom To Herald Arrival Of Annual Seniors' Weekend

Senior Weekend will begin on May 31 with the Senior Prom which is to be held in the Gold Ballroom of the Hotel duPont in Wilmington, according to Mike Ferver, senior class president.

Seniors and their dates will dance from 9 p. m. to midnight to the music of George Madden's orchestra.

The Italian American Club will be the scene of the Senior Class party, featuring the music of the Chuck Lasken Combo on June 1. More details concerning the rest of the weekend will be forthcoming.

Committee chairmen for Senior Weekend include: senior prom committee, William De Nardo; party chairman, Richard Chilcutt; picnic chairman, George Hudson; invitations and announcements, Elizabeth Barber; senior luncheon, Betty Mae Snowberger and publicity, Alden Bugher, Franny Cook.

Seniors must pay their dues and present their dues card in order to attend Senior Weekend activities. A date will be announced in the near future when seniors will be able to pay class dues.

Commencement announcements have already been ordered, but there will be a surplus for those who neglected to order originally. Med techs and student teachers will have first choice.

"Announcements may be purchased by contacting Elizabeth Barber immediately as they will be given out on a first come, first served, basis," stressed Ferver.

Robert Moneymaker Assumes Commander's Job At Sigma Nu

Robert Moneymaker, varsity football halfback and an honor student in engineering, has been elected commander of the Sigma Nu Fraternity. Moneymaker, a junior mechanical engineering student from Seaford, Delaware, was the lieutenant-commander this past year. He has been elected secretary of Tau Beta Pi, honorary engineering fraternity, vice-president of Scabbard and Blade and is a member of ODK and ASME.

Elected as lieutenant-commander is William J. Baur, a junior chemical engineer. Baur was Sigma Nu's social chairman last year, is captain-elect of the varsity wrestling team

and treasurer of AICHE.

This year's recorder is Warren Green, a political science major and last year's house manager and reporter. In the treasurer's post is Donald E. Jost, a sophomore chemical engineer.

Also elected were Earl Alger, chaplain; Charles Crompton, reporter; James Burton, marshal; John Walsh, sentinel; David Sharp, IFC representative; Robert Moneymaker, IFC alternate; William Tammany, house manager; James Zawicki, executive committee member from the junior class and Randall Christensen, executive committee member from the senior class.

'Sleeping Beauty' Begins Annual Tour

KISSING THE HAND of the sleeping beauty, played by Gretchen Berguido, the Prince Charming, portrayed by George Cavey, breaks the hundred years sleeping spell. The favorite children's story will again come to life this afternoon on the Mitchell Hall stage.

"Sleeping Beauty," the E 52-University Theatre's ninth annual Children's Theatre production, opened last night in Mitchell Hall and will continue this afternoon at 2:30 p. m.

After the performance today the set, lighting equipment, props and all the costumes will be loaded on a truck ready to travel to the Wilmington Playhouse tomorrow. Two performances will be presented at the Playhouse under the sponsorship of the Alumnae Association.

On Wednesday a company of twenty will begin a four day tour which will cover ten communities in lower Delaware and Maryland. The following weekend the tour will terminate with performances at the Governor Bacon Health Center and New Castle.

The one set of the king's throne garden was designed by Mr. Thomas Watson, technical director of the E 52-University Theatre. He is also using many clever technical devices which will thrill the children. Flowers will go to sleep and ivy will grow in full view of the audience after the fairy's hundred year sleeping spell. Another

Harvard Graduate To Become Member of 'Poli-Sci' Faculty

Dr. Inis L. Claude, Jr., assistant professor of government at Harvard University, will join the faculty of the University of Delaware as associate professor of political science in September, Dr. James C. Kakavas, acting Dean of the School of Arts and Science, announced today.

Dr. Kakavas expressed his pleasure with the new appointment, stating, "Dr. Claude comes to us with a background that will enrich our campus community and bring to our students a productive and scholarly experience. We are very fortunate to have him with us."

A native of Yellville, Arkansas, Dr. Claude graduated from Hendrix College, Conway, Ark. in 1942 with high honors. Following four years of service with the U. S. Army Medical Corps during World War II, the political scientist received his M.A.

Recent Story Views College Boy's Life As Discombobulated

Columbus, Ohio (ACP) — A group of nurses at the University of Pennsylvania Nursing School recently wrote an essay entitled "What Is a College Boy?" and it was reprinted in the Ohio State Lantern. Here are a few selections:

A college boy is laziness with peach-fuzz on its face, idiocy with lanolin on its hair, and the "Hope of the Future" with an overdrawn bank book in its pocket.

A college boy is laziness with... he has the energy of a Rip Van Winkle, the shyness of a Mr. Micawber, the practicality of a Don Quixote, the kindness of a Marquis de Sade, the imagination of Bill Sykes, the aspirations of a Casanova and when he wants something it is usually money.

He likes good liquor, bad liquor, cancelled classes, double features, Playtex ads and girls on football weekends. He is not much for hopeful mothers, irate fathers, sharp-eyed ushers, campus guards, alarm clocks or letters from the dean.

A college boy is a magical creature... you can lock him out of your heart, but not out of your bank account. You can get him off your mind, but you can't get him off your expense account. He is a no-account, girl-chasing bundle of worry. But when you come home at night with only the shattered pieces of hope and dreams, he can make them seem mightily significant with four magic words: "I flunked out, Dad!"

Delaware Graduate Reveals Weather Ways Of Arctic World

Eighty degrees (above zero) at sea level sounds more like Florida than the "icy, storm-swept reaches of the Arctic," but this is the startling information gotten from William Hart, a civil engineer who graduated from Delaware in 1951.

Hart spent three months in the Arctic working for the Navy Hydrographic Office charting channels for the DEW-line (Distant - Early - Warning) supply fleet. He cautions that, although the temperature occasionally went up to 80 degrees, a brisk wind blew almost continually across the ice. Compared to the Antarctic, the Arctic is teeming with life and animals range right up to the edge of the ice.

He can speak authoritatively of the Antarctic too, because he recently spent five months down there. He was attached to a team of engineers charting the coast line and making solar observations for Admiral Byrd's Operation Deep-Freeze. In contrast to the "warm" climate of the Arctic, the South-Polar region, at

and Ph. D. degrees from Harvard. His doctoral dissertation, "The International Treatment of the Problem of National Minorities," merited the Case Prize in 1949.

His final year of graduate work was spent as a teaching fellow in government at Harvard. Following graduation, he was elevated to the rank of an instructor, and in 1951 he was named assistant professor of government. While at Harvard, he has taught courses in international organization, international law, introductory government, American national government and international politics.

Prof. Robert Hillyer To Present Readings In Wilm. Library

Dr. Robert S. Hillyer, H. Fletcher Brown Professor of English Literature at the university, will be the featured speaker at the Wilmington Institute Free Library on April 23, at 8 p. m.

The program of readings with commentaries by Dr. Hillyer originally had been scheduled for March 19, but was cancelled because of inclement weather.

For his opening selections, Dr. Hillyer has chosen a group of poems by William Shakespeare, appropriate in view of the fact that April 23 is the birthday of the famed Bard of Avon.

Other poems will include "West Running Brook" by Robert Frost; "Bewick Finzer" and "Uncle Ananias" by Edwin Arlington Robinson; a group of ancient Chinese poems translated by Arthur Waley; and selections from the author's own works, "Poems for Music" and "Suburb by the Sea."

Students, Alumna To Star On Radio

Three students and an alumna of Delaware will participate in a radio broadcast of the Catholic Forum of the Air this Sunday on Radio Station WDEL at 1 p. m.

Acting in the drama of the life of St. Angela of Desenzano, foundress of the Ursuline order of nuns, will be Rosemarie Battaglia and Marie Connor, both sophomores in the School of Arts and Science. Producing the program for the Forum is Philip Toman, a junior in the School of Arts and Science and directing it is Madeline McElwee, a member of the class of '52 from the School of Education.

SGA Members Form Committee To Write Constitution Revisions

Mary Lou Miles, Jim Shelton, John Kennedy and Stan Liwicki are members of an SGA committee selected to revise certain phases of the present SGA constitution.

It was felt that the representation from the various schools was an inadequate method of determining the wishes of the student body. The revised constitution will eliminate these representatives and replace them with one representative from each of the following: Women's Executive Council, Men's Executive Council, Inter-Fraternity Council, Women Commuters and Men Commuters. Although the new system will replace only five of the original six members elected, it is hoped it will allow for more equal proportion of representatives.

The new constitution will also provide for a complete revision of the by-laws, especially those sections concerning elections. The main objectives to be achieved are to present a clear policy of campaign candidates and to provide flexible conditions for the operation of elections.

The date these revisions will become effective is uncertain, but it is hoped that final approval will be granted next fall.

Honoraries To Hold Leadership Talks At Annual Conflab

A Leadership Conference will be held on campus under the sponsorship of Omicron Delta Kappa, national honorary leadership society, and Tassel, Women's Honorary Leadership Society.

The purpose of the conference is to bring all the campus leaders, such as the officers of the campus organizations, to a meeting where common problems of organization leadership can be discussed. This conference is the first in what is hoped to be a re-establishment of conferences that were discontinued several years ago.

Jerry Spivack of ODK and Mary Kaleel of Tassel are the general chairmen of the conference.

Registration will take place at Mitchell Hall between 9 and 9:30 a. m.

The morning session in Mitchell Hall will last from 9:30 a. m. to 11:45 a. m. Dr. B. Phillips, professor of philosophy; John E. Hocutt, Dean of Students; Bessie B. Collins, Dean of Women, and Coach David M. Nelson, director of the Division of Physical Education and Athletics, will be the speakers at this session.

Luncheon, following the morning session, at noon in Old College will feature the Honorable Herbert B. Warburton, former United States Congressman (and 1938 graduate of Delaware), as guest speaker.

In the afternoon, special sessions which will be broken down (Continued on Page 10)

Christian Fellowship Invites UD Members To Annual Conclave

The Delaware Christian Fellowship will hold its annual spring conference at New London, Pennsylvania on April 28.

This group is comprised of students interested in learning more about the Christian faith. It is inter-denominational and entirely student led.

The agenda for the day includes two guest speakers, Bible study and recreation. The theme of the day will be "Who is Jesus Christ?"

Transportation will be provided; cars will leave Warner Hall at 8:30 a. m. and 12 noon.

For further information, contact Roby Wagner or Kay Kremer. Everyone is welcome.

I.F.C. Elects Bill Baldt Prexy For New Year

William Baldt, a junior history major, was chosen president of the Inter-Fraternity Council last Monday during a regular business meeting.

Other new officers for the IFC are as follows: Louis Morris, Theta Chi, vice-president; David Sharp, Sigma Nu, secretary; Frederick Rainiere, Sigma Phi Epsilon, treasurer; Al Lindh, Phi Kappa Tau, publicity chairman; William Krebs, Alpha Tau Omega, rushing chairman; Sheldon Spector, Alpha Epsilon Pi, social chairman and John Davidson, Delta Tau Delta, scholastic chairman.

Bill Baldt

A member of Kappa Alpha Order, Baldt succeeds Jim Myers as president. Active in IFC affairs since his sophomore year, he has served as IFC dance committee chairman from KA and was a member of the committee for the publication of the rushing pamphlet.

During this year Baldt was co-chairman for the rushing pamphlet, alternate delegate from KA and IFC dance committee chairman from KA. He was also chairman for the committee on allowing women in the fraternity houses during week-ends.

Extracurricular Activities

Baldt has participated in several extra-curricular activities. As a freshman he was a member of the Active Young Republicans of Wilmington, Pre-Law Club, History Club and the Wesley Foundation. He was also elected president of his fraternity pledge class. In his sophomore year he was a reporter for the *Review*, specializing in intramural sports.

As a junior, Baldt has been corresponding secretary for KA, a delegate to the national Inter-Fraternity Conference and co-chairman of publicity for the Spring Dance. He was recently elected vice-president of his fraternity for next year.

Constitution Revision

Queried about his ideas for improvements in the IFC, the new president remarked: "We plan to revise the constitution, to re-submit our request to allow women in the fraternity houses during week ends and to try to bolster relations between fraternities and the administration of the university." (Continued on Page 10)

Ag Honorary Elects Rhodes As Chancellor

Yorke Rhodes has been elected Chancellor of the Delaware Chapter of Alpha Zeta, honorary agricultural fraternity.

Other officers elected at the meeting on April 9 included: censor, Richard Howell; scribe, John Gallagher; treasurer, William Larsen; and chronicler, Charles Patterson.

Pledges of Alpha Zeta, who will be initiated on April 23 after a week of formal pledge training are Bill Bowdle, Millard Calhoun, Wayne Cooper, Jim Crothers, Ralph England, John Mank, Paul Ottenheimer.

The Review

The Undergraduate Weekly of the University of Delaware

VOL. 77

APRIL 20, 1956

NO. 24

Win, Place

And Show

SGA elections are over and the students have made their decisions. The material results of the election and campaign are generally pleasing. The more than eleven hundred voters showed a sizeable increase over the eight hundred who voted last year. This reflects the increased enthusiasm created by more violent campaigning on the part of the candidates. Numbers of posters displayed on campus also reflected the new attitude toward the elections and were a direct result of the competition for major offices. An innovation which could be used to great advantage in the future, was the rally at which the major candidates gave their views on the running and improvement of the SGA. The elected candidates, then, are apparently those that the students wanted and who they believe will do the best job.

The real results of the election, however, have not as yet been realized. Two major questions persist, the answers to which perhaps will not be known until this time next year. Will the new officers live up to the responsibilities vested in them by the students and carry out their programs for improvement as outlined at the rally? Will the student body support the SGA in its problems and express its feelings either directly to their representatives, or indirectly through the Review?

How these questions will come out, it is far too early to predict; however, we already have our doubts about them. It appears that dirty politics were afoot during the campaign period when several candidates reported posters missing. This can not be traced to any one party, for students from both the IFC ticket and the "Student Party List" were victims. This is intolerable from one point of view, not only because of the principle of the act, but also because many of the posters displayed large portraits which the candidates were anxious to retain. The poor turn-out at the rally is one example of student laxness, and it must be remembered that eleven hundred voters is little more than fifty per cent of eligible student voters.

We can do little more at this time than hope for the best. It is in the hands of the students. It is their problem.

DOT

Losing Streak

Bad For Morale

It is no secret that three members of the faculty have resigned and have issued statements to the press assailing President Perkins' policies at the university as being dictatorial. We agree that this is primarily an administrative problem and not a student one; however, by extension of its overall effects on the attitude of the students and Delaware citizens, it becomes a student problem.

The "meat" of the story lies in the statements published during the past week in the Wilmington and Philadelphia papers by Professor Earl Parker Hanson, newly resigned chairman of the department of geology and geography; by Richard D. Groo, director of the office of alumni relations, and Miss Ruth Durstein, executive secretary of the Alumnae Association.

Dr. Hanson resigned because the "working conditions became intolerable to me." Groo and Durstein are leaving because they object to the consolidation of the alumni and public relations offices. They call it a step backwards at a time when other institutions are separating these offices. All three hinted that the faculty as a whole was dissatisfied with conditions here and that prominent professors have left in recent years because of this. An example cited is David L. Arm, former dean of engineering.

Dr. Perkins defended his position by stating that "few people have left the university in the last six years whose services the university was anxious to retain. He also pointed out that the faculty turn-over at Delaware compares very favorably with any other institution offering salaries and opportunities comparable to our own."

The students have formed their opinion on the basis of the newspaper articles. However, these articles are one-sided and fail to point up the many facets of the problem on the administration's side which cannot or should not be published. There are many details concerning the personality of the characters involved as well as departmental procedure and operation which must be considered. The president's statements suggest this. However, unqualified, they suggest an arbitrary view toward the running of the campus. Therefore, in order to aid the SGA platform of promoting better student-administration feeling, we suggest that the administration present a more complete picture of the problem to the students through the SGA or the Review.

DOT

Off Stage

by George Spelvin

In the library's art gallery, the art department faculty have an exhibit of their own works.

Water colors predominate Miss Harriet Bailey's collections. Most of her paintings cover landscapes on the realistic side. One of the most interesting is "The Marsh," a non-detailed painting made primarily with long broad brush strokes.

Many of Miss Jane Gardner's works are done in casein, an opaque fater color. Her subject matter mostly draws from landscapes and still life. Our choice for her most interesting is one entitled "On the Sea" depicting several kinds of sea life on the bottom of the ocean.

The show stealer is Mrs. Ned B. Allen's collection. Here is a wonderful exhibit of the use of lights and shades and coloring. Everyone of her pictures are eye-catching and extremely interesting. "One Theme" is an abstract study of structural forms and color.

Pastel shades reign the oil color picture of arches, columns and spires. The one on which we would hang the blue ribbon is Mrs. Allen's "Minnesota Night." This depicts a wintry moon shining on a small community on the Minnesota's rolling hills. Another fine example of the shading artistry, one can see the piercing wind blowing over the serene community.

The last exhibit is Bill Brown's art works. Setting on his table is a clever modernistic creation of a one handled salt and pepper shaker. His large piece of sculpturing resembles something which you might see in a South American Indian temple. One comment—the two holes pushed in the eyes spoil the entire piece; these sharp incisions resemble pencil holes don't seem to fit with the smooth flowing lines.

This week-end starts the tour for the E 52-University Theatre's ninth annual Childreid's (Continued on Page 9)

Campus Calendar

SATURDAY, APRIL 21

2 p.m. — Away — Varsity Tennis vs Johns Hopkins
2:30 p.m. — Away — Varsity Baseball vs. Johns Hopkins
2:30 p.m. — Home — Varsity Track vs. Swarthmore
7:30 p.m. — Women's Gym — Commuters' Co-Rec Night.

SUNDAY, APRIL 22

3:15 p.m. & 8:15 p.m. — Wolf Hall Aud. — University Hr. Movie "Panic In The Street"

4 p.m. — Rm. 206, Wolf Hall — Tri Beta Mtg.

8 p.m. — Mitchell Hall — Traditional Music Festival.

"OK, So You're Fast — So What?"

Foul Called

Out Of Bounds

The straw that broke the camel's back was found lying at the university's back door two weeks ago.

It seems that because of limited parking facilities at large campus functions, many students take advantage of vacant spots outside the university grounds; this includes the Stiltz's (Bus Company) lot which is directly across the B and O railroad tracks on North College Avenue. The Stiltzs have always kept some of their buses on this lot and have done little to discourage students from parking there; they hadn't even complained when cars parked in their private driveway, blocking their exit.

During the Spring Dance, however, students overestimated their good graces. Having to go away for the week-end and fearing that someone might park on their immediate property, the family placed large logs to prevent driving into the rose garden and on the lawn. During their absence, people moved the logs, knocked over some of the rose bushes, parked all over the lawn and, in doing this, broke a clothes-dryer pipe installed in the lawn. Needless to say, the Stiltz family was highly disturbed by this incident and complained to the university. Although the actual persons responsible have not been identified, it is probable that students attending the dance caused the damage. SGA has agreed to pay for any damage incurred.

It is not so much the expense as the principle which counts in this case. How inconsiderate can students get? After all, it was quite obvious that the barriers meant no trespassing. The university must at all times, remain on friendly terms with its neighbors and an incident such as this certainly doesn't extend or promote good public relations. One cannot expect co-operation from the community.

ARNOLD

Fraternally Speaking:—

Sigma Phi Epsilon

Last Sunday evening, formal initiation was held and Sigma Phi Epsilon is now stronger and larger by the addition of fourteen new brothers. Congratulations are in order for our new Brothers: Robert Abbott, Frank Andrusko, Robert "Beetle" Baillie, David Burkart, Granville "Jim" Casson, Charles "Bud" Foster, Michael "Mike" Lynch, Thomas McElmoyle, James Riley, Jay Trovill, George Wening, and Bill Nowland. Congratulations also to Gil Mahla and Cliff Browning who have recently been granted pledgeships in "Sig Ep."

Saturday afternoon many onlookers at the track meet saw Brothers Neal Keough, Dante Marini, George Wening, and Pledges Gil Mahla, "Denny" Luker and Cliff Browning do a great job in scoring points for the track team even though they tasted defeat at the hands of Lehigh. Brother Keough was high scorer for the Blue Hens while Brother Marini, in his usual fine form, was first in the one and two mile events. The biggest surprise of the afternoon was George "Lil' Abner" Wening who, as a freshman, threw the javelin farther than any of the varsity spear throwers. Brother Karau says that it is the longest throw he has seen in the many years he has been here. Brother Karau, noted for the great pride which he takes in his own masculinity, is a great sportsman and is quite an advocate of all masculine sports. How do you think the Blue Hens will do next week, Porky?

I want to apologize to Mallory Hughes for not congratulating her sooner for her victory in the election for Campus Queen. Mallory, who is pinned to Brother Fred Raniere, was "Sig Ep's" candidate for Campus Queen and all the brothers are proud to congratulate her for being crowned the Queen of the Campus.

This week end is "Sig Ep's" time to make up for that weekend we missed last year for being "bad boys." We "Junior Actives" who have never been to a "Sig Ep" week end are all looking forward to the social event of the year. See you there—O.K?

Dick Brady

Kappa Alpha

The rains came again, as usual, but our Province Council House Party made out well regardless of the weather. The combo livened up the party considerably and our guests from Maryland, Johns Hopkins, Washington College and George Washington were treated to a fine evening.

During the week when spring seemed almost real, Brother Andy Lewis and Miss Shirliann Simmons took their second big step and got engaged. Kappa Alpha heartily congratulates them and wishes them much happiness in the future. Also during the week Brothers Charlie Thompson, Ralph Bingham

and Pledge Bob Kupelian were elected as president of the senior class, secretary of the senior class and president of the sophomore class, respectively. Congratulations to these men come from all the Rebels.

Our Parents' Tea on Sunday turned out to be quite successful considering the rains. The parents were impressed with the house's orderliness and our new additions since last year. Many thanks to Mike Carlton and Chuck Dietrich for their work in making the house ready. Also in line for commendation is our faculty adviser, Dr. E. Vernon Lewis, who has been so helpful all year, for lending us all the necessary things for the tea.

Pledge Marv — not Mary Thompson, continues to amaze the track world! He got two firsts again against Lehigh. Way to go "Silky"!

Steve Voorhees

Alpha Tau Omega

The past weekend was very quiet at the ATO house with the pledges away for the weekend on their pledge trips and the brothers actively engaged in preparations for the fourthcoming weekend. The annual ATO weekend will start Friday evening at North East Yacht Club with a dinner-dance, Jerry Berkowitz's orchestra supplying the music. Of course there will be a party at the house on Saturday evening, followed by a picnic on Sunday.

Now that the SGA elections are over and everything has returned to normal, we would like to congratulate Pledge Messick on his election as vice-president of the sophomore class. Also our congratulations to the elections committee of SGA for running the elections so efficiently.

On Sunday evening the pledges of Epsilon Rho returned from their pledge trips, which took them to ATO Chapters at Gettysburg, Penn State, Penn. Lehigh, Muhlenberg, Johns Hopkins, Maryland and American U., with many laughs and stories of good times.

Last week another member was added to the pledge class in the person of Dick Annand. Congratulations and welcome to the Tau's Mahal.

Alpha Epsilon Pi

Proceed up the stairs
In orderly fashion,
And there will indulge
In some red, hot treasure seeking.

This was the pass word at the S. S. Putricle as it docked at pier 151 last Saturday night. Three hearty Columbians were taken as hostages from the S. S. Iota and made to walk the plank. The whole party was symbolized by a triangle or was it a polygon? Duels were fought by Jake and Lenny, Fred and Hillel while Buccaneer Nancy was busy observing the hat on the wall. Congratulations are due to Herb and the rest of the crew that assisted in swabbing the boat. The decorations were swell.

Another set of congratulations goes to Jerry Goosenberg on his recent victory in the SGA Elections and the Review. Tomorrow night our pledges will stage a Bermuda party. Here's where we separate the men from the girls.

Hillel Handloff

Phi Kappa Tau

The brothers of Phi Tau gained many positions in campus organizations over the last couple of weeks. Gordon Wood was elected president of AICHE. Peanut Howell holds the offices of president of the Ag Club, whose social chairman is now Charlie McCauley, and vice president of Alpha Zeta, with Charlie Patterson as chronicler. In addition, Pledge Gene Thomas is the new editor of "Needle and Haystack." Congratulations, men.

The new boxer, who has established a permanent niche for herself in the house, has been christened Kim. We'd like to see the real one around here occasionally, too.

Several amusing incidents occurred during the past weekend. Holmes Russell, while spending a short vacation at Rehoboth Beach, was swept off the boardwalk into the ocean by a gust of wind and rain. Cries of "Go man, go" were heard from Brother Anderson to the music of a ballet presentation in Wilmington. We were all quite happy to see Brother O'Neill return at last from the revelry of his extended Easter vacation.

Two mysterious issues have still not been explained. First of all, what did that Chinese writing mean at the house party Saturday night, and who made those bloody footprints across the ceiling of the sleeping deck?

Ed Kimmel

Theta Chi

This week was an important one for Theta Chi. On April 10 we celebrated our one hundredth anniversary. Last Saturday night the alumni threw a dinner and dance at the University Club. They had a cake made it only lasted about ten minutes among the brothers.

Brother Al Walters was elected president of the Student Government. Jerry Weis was elected as A & S representative and Duke Shelton, Senior Class representative. Congratulations. We know that you will do a fine job for the coming year.

Pledge Clinton Dietz was voted as one of the outstanding freshmen of the year.

Bob Brubaker is in the hospital. Get well soon, Bob. By the way, his girl Nancy Van Sciver is running for the queen of the North East Yacht Club. If she wins, she will represent the club in all regattas and other functions, so good luck. We all hope you win.

Last Sunday night some of the brothers went over to New Jersey to see the wedding of Dan Ford and Jody Reeger. Miss Marilyn Sturges was chosen as Junior Attendant and Miss Mary Jo Anselm was chosen as Sopho-

more Duchess to the May Court. They are pinned to Sam Krussman and Jerry Weis.

Jay Harford

Phi Kappa Alpha

Elections have now been completed at Pikes Peak. The offices of secretary and treasurer have been filled by Art Oratoria and Henry Jablonski. Both men are experienced in their field and should give excellent service.

President Ken Campbell journeyed to the University of Pittsburgh campus this week to attend the district convention. Ken looks like he could use a little sleep. Those conventions will go on and on.

The Pikes held their annual splash party two Friday nights ago, but Brother Buck Klair stole the thunder. He pinned lovely Helene Lasch previous to the whole affair. After swimming around the pool a few times, the brothers and their dates retired to the house for an informal get together.

Great big congratulations to ex-president Pete Pfeiffer. Pete's wife presented him with a daughter last week. All the brothers join me in offering the very best to Pete and his new family. Did you know we're the only fraternity on campus whose biggest worry before a party is baby sitter. Only proves we stay home nights and study.

Ken Cashell

Sigma Nu

Congratulations this week go to newly initiated brothers Anthony DeLucas, William Wals-

ton, George Starzman, Michael Bryant, Harlan White, Oliver Walter, Arthur MacDonald, Frank Wickes, William Hudson, Edward Pray, Donald Reid, John Walker, John Ellis, David Bloodworth, Urban Bowman and John Wieland. An initiation banquet was held for the new members on Saturday night, and William Walston was given the Clarence A. Short award as the outstanding pledge of 1956.

Honored last week also was ex-commander Bill Lotter, who was presented with the Dougherty Award for the senior best representing the spirit of Sigma Nu.

A brand new addition to our house last week was "Goebels," a pedigreed mongrel acquired by Charley Sands under very mysterious circumstances, and quickly adopted as a mascot. All contributions for food are being gratefully received in the varsity room.

Honored last week by the university were newly initiated Brothers Bill Hudson, Art MacDonald, Bill Walston, Michael Bryant and Frank Wickes, who were cited as leaders in the freshman class.

Congratulations are also in order for Miss Carolyn Phillips and Dick Harris, and Miss Jo Hires and Davis Wood who became pinned this week.

Ozzie Crompton

Notice

Anyone interested in working on the REVIEW copy staff on Monday or Tuesday nights, please contact Kay McKay in the REVIEW office or by Campus Mail, Box 855. Interest, not experience, is the important qualification. Be ahead of next year's frosh!

Life Was Unbearable For J. Paul Sheedy* Till Wildroot Cream-Oil Gave Him Confidence

Sheedy's honey kept giving him the cold shoulder. "This is more than I can bear! Why not be a-ice?" he moaned. "What fur?" she demanded. "It'll be a frosty Friday before I date you again. And just in glacier wondering why, take a look at your shaggy hair." This made Sheedy paws and think. So he got Wildroot Cream-Oil and now he's the picture of confidence. His hair is handsome and healthy looking, neat but not greasy. Wildroot contains the heart of Lanolin, Nature's finest hair and scalp conditioner. Take Sheedy's advice. Whether your hair is straight or curly, blonde, red, black or bruin, keep it neat with Wildroot Cream-Oil. In bottles or handy tubes. It's the bearies!

* of 131 So. Harris Hill Rd., Williamsville, N. Y.

Wildroot Cream-Oil
gives you confidence

Letters To The Editor

To the Editor:

There is no doubt that the patient is ill, at least the symptoms seem to indicate a malfunction.

The diagnosis will be difficult, even though the patient's symptoms are evident. He has no pep; one might even apply the term "lethargic" here. True, there are times when the patient exhibits more than normal energy spasms; but these are sporadic, and just a waste of his energy, for nothing beneficial is derived from this transitory exertion. After one of these ATTACKS the patient has only shortness of breath and PANTS, and PANTS, and PANTS. There is also considerable perspiration and worry, for this type of violent activity may lead to more serious complications.

One does not need to feel to find the pulse of the patient, for the majority of the time it is negligible, and thus, impossible to locate; but during one of these wild physical surges, it can clearly be seen by the eye.

The patient has been x-rayed many times, but all the results have been NEGATIVE, never positive.

There has been attention here,

so we cannot say that the patient has been entirely neglected. Admittedly, the head resident physician has been a little overbearing at times, but he probably has his reasons. Perhaps his treatment of the patient has been hindered due to the lack of facilities.

Recently two struggling interns (whose initials are S.G.A. and L.F.C.) have had some ideas about the patient and his subsequent treatment, but alas, here again are the rules (of the hospital) they must contend with. But (and here is the discouraging part) what few ideas these two young upstarts have managed to put into effect have also failed to some extent. The patient was subjected to a new treatment on April 10th of this year, but again, failed to RALLY; and remained in his own little orbit of existence.

As a retiring consultant, I cannot distinguish between cause and effect concerning the case. Certain things are evident, others obscure. I can only say to the up and coming physicians of Mr. "X," keep plugging—or maybe, consult a psychiatrist.

Allan F. Ferver, Jr.

To the Editor:

The SGA elections are over. The student body has won! Regardless of whose favorite candidate polled the most votes, the university was a real winner. I, as the defeated candidate for the Presidency of SGA, believe the student body should feel proud of every man who has been elected. This year, for the first time in many years, there were definite signs of an election taking place. More students voted in this election than in past years, revisions and changes were proposed by the opposing nominees for the various offices, speeches were made, campaigns were conducted, compromises were achieved. No longer can the pessimist point to the SGA officers and say that they were elected by any single group, such as the IFC. Now they may point proudly at the officers and say they represent the student body.

Nominating circles have been greatly enlarged. Since the opposition of two "mock" parties in this election, other students should feel free in the future to oppose the nominee of any specific group.

When one looks closely at the outcome they can easily see who really won. Al "Corky" Walters, nominated by the IFC; Shirley Riley, nominated by the Commuters; Carolyn Phillips, nomi-

'Neath The Arches

By Nancy Alvarado and Ellin Coffee

We've seen a few APO's turning to the East and bowing to Mecca or should that be Midas. The reason, of course, is pretty obvious. The fair was really a success by anyone's standards. Even though it wasn't a well kept secret, Mallory Hughes made a lovely queen and the contributions are helping fill the Campus Chest. The highlight of the evening, of course, was the music of Les Elgart, but the fraternity and dorm sponsored

nated by the Student Party and Barbara Sobocinski, nominated by WEC. Those candidates who were victorious won on their own efforts and personal merits. Every faction of the campus is now represented in the SGA. The student body has won.

The SGA now has the leadership, representation and plans for new and more effective reorganization. I urge the student body to take a leaf from the book of these victorious candidates. Strive for a better university, a more effective SGA and a more "campusminded" student body by supporting the platform of next year's SGA.

Randall Christensen

booths ran a close second. We wonder who was more surprised, the spectators or Sobocinski, when George Jerome stepped behind the booth and smashed a pie into her face instead of throwing it.

For a change the Saturday night after the dance was a big night for everyone too. The Sig Eps motored to the duPont Country Club. "Grapes of Wrath" premiered at Mitchell Hall, the Weekend Club held an informal gathering at Brown Hall, and it was a party night in the Newark Sewer. We almost didn't think we'd get that out. Anyway, it was quite a night.

Last week seemed to be the time for elections. It was a little confusing there for a while but we finally figured out who was running or what. We want to congratulate Norma McClellan, the new '56 May queen and her court.

If this sounds like old news, it is. It seems that this article got lost last week, and we didn't want anyone uninformed. Besides we're lazy.

We want to thank those who contributed to the Campus Chest and especially those who did so by buying a Review. Question: Was there a fire sale on White Stars recently? With six serenades last Wednesday, they needed everyone of those boys who sing in Men's Chorus. Is this a new record?

We've heard rumors of a room to room search in Smyth Hall. The missing object is a tie lost by Dr. Ervin. He says he doesn't know how he lost it and we're sure we don't. However, if anyone does know anything about it—let us know.

We'd like to suggest that someone compile a list of Delawareanisms. They're always so gung-ho to start traditions down here; we thought we would like to contribute to the cause.

Here are a few of the more obvious which are printable. We are indebted to a few very individual individuals on campus who have a flare for coining phrases, to coin a phrase:

get on the stick—31 more days 'til finals
bug out— they're checking ID's
snow jobs— it even happens in April
barf— what happens the morning after
nea— see Eddie White
sandbox— powder room
head— ibid
brindle, chooch, mort — If you're one, it's a sure thing everybody knows it but you
spider— what mom called courting
woodie— osculation
lurk— what they do at White Clay
clutched — hour test next period
shook — what you are after a 10 hour picnic
no sweat— they sell a lot of Dial soap in Newark
out to lunch— from eight to five
horny — It's a little hard to define, but a sure test for it is to try and walk through a door.

Grad Student Presents Speech To Physics Teachers Meeting

A graduate student in physics at the university presented one of seven papers this afternoon at the annual meeting of the Central Pennsylvania division of the American Association of Physics Teachers at Muhlenberg College, Allentown, Pa.

Roland Hultsch, a master's degree candidate in physics, spoke for twelve minutes before the

assembly on "The Zeeman Effect in Radio Frequency Spectra," a paper based on research which he has conducted at the University of Delaware.

His paper involves a phenomenon discovered in 1950 by two German scientists. The Zeeman effect concerns the combination of both magnetic and electrical energies and permits the determination of the share of the electron clouds which surround nuclei in matter as well as the crystal structure.

Hultsch was accompanied by Dr. J. Fenton Daugherty, professor of physics at Delaware. Dr. Daugherty, secretary-treasurer of the organization, presided over the session at which the papers were presented.

SGA Elections

(Continued from Page 1)
aret Ann Jones, a sophomore, is the education representative.

The total number of votes cast for the office of SGA president amounted to 1,117 and this is assumed to indicate the number of students voting. This is an increase of approximately 300 over last year's voters. The class of '58 led all classes in voter turn-out with 328 going to the polls as against 291 for the class of '59, 286 for the class of '57 and 212 from the class of '56.

Men and women candidates split even in the twenty-eight contested offices with each winning fourteen positions. There will also be an even split in the coming SGA—eleven women and eleven men. All of the men in the SGA are in fraternities, but only nine were on the IFC-backed slate.

"Corky" Walter is a 25 year old former Navy Medical Corpsman. Although he is in the School of Agriculture, he is majoring in business management and plans to attend law school or go into the production management end of industry. He is a member of Theta Chi social fraternity, Newman Club and a past member of the ASME. He has held the positions of secretary of IFC, rushing chairman for Theta Chi and, successively, vice president and president of Sharp Hall's house council. In his high school days at Glenolden, "Corky" was captain of the basketball team and a member of the student council.

Exercising the prerogative of all political candidates — successful or not — "Corky" asked that the following statement be made public. "I would like to thank everyone for the tremendous turn-out in the voting for SGA and class officers. It was the most votes cast in an SGA election in a long time; it is certainly a good indication that the students are interested in their university. I am sure the people they elected will do their very best in performing their duties in their respective offices."

Shirley Riley is a graduate of Wilmington High School and president of the Women Commuters. She is a junior counselor, was director of the Junior Musical and is at present co-director of May Day.

Field Representative For Foreign Students Visits Local Campus

Miss Phillis Beechler, a representative of the Institute of International Education, New York City, visited Delaware on April 16. A field representative in the Student Services Operation of the Institute's Foreign Student Department, she is on a field trip through Delaware and Maryland.

Miss Beechler consulted with faculty and administrative persons regarding foreign students. She met with foreign students, who are in the U. S. under the auspices of the Institute, to discuss their study programs and general adjustment to American life.

Miss Beechler also discussed foreign study opportunities for American students. The Institute acts for the Board of Foreign Scholarships in the preliminary selection each year of almost 100 candidates for U. S. Government Fulbright awards for graduate study abroad.

There are six Institute-related students at the University of Delaware this year.

Mozart Bi-Centennial Concerts To Feature 'Alleluia' Selection

The first two concerts of four in celebration of the 200th Anniversary of Mozart's birth will take place in Mitchell Hall next Thursday and Friday, at 8:15 p. m.

The University Concert Choir

Elaine Labour

will sing Thursday, under the direction of Dr. Ivan B. Trusler. Miss Elaine Labour will be the featured soloist, singing the soprano lead in Mozart's "Alleluia" from Motet. She will be supported by the women of the Concert Choir. The solo parts of "Ladate Dominum" will be sung by selected soprano voices. These parts will be taken by Frances Hamilton, Dorothy Long, Elaine Labour, Alice Matuzeski and Maria Zisl.

Following the Choir's selection, the Delaware Symphonette will perform the composer's Symphony No. 35 "Haffner" in D Major. Mr. A. J. Loudis, chairman of the department of music, and Miss Mildred Gaddis, assistant professor of music, will play together his "Concerto for Two Pianos and Orchestra in E Flat." They will be accompanied by the Symphonette.

On Friday night three sophomore music majors, Carolyn Brown, Joyce Mitchell and Ann MacGrady will be featured in an informal concert.

What young people are doing at General Electric

Young chemical engineer works on new ways to make silicones

Silicones are a new class of man-made chemicals with very unusual properties. Made from sand, they assume the form of rubber, grease, oil and resin. Under extremes of heat and cold, the rubber stays rubbery, the oil oily. Silicones added to fabrics make them exceptionally water-repellent. Silicone makes waxes spread easier . . . paints almost impervious to weather.

One of the men responsible for finding new ways to produce silicone products is 26-year-old Frank V. Summers.

Summers' Work Interesting, Important

As process engineer of the Silicone Products Department, Frank Summers first compares the results of small-scale, pilot-plant experiments with the production methods in actual use. Then, using his own knowledge of chemical-engineering principles, he designs faster, more efficient and more economical methods of producing silicone products. Frank Summers' excellent training, diversified experience and outstanding personal qualifications make him a valuable contributor to this engineering team.

25,000 College Graduates at General Electric

When Frank Summers came to General Electric in 1949, he already knew the kind of work he wanted to do. Like each of our 25,000 college-graduate employees, he was given his chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given the freedom to make progress, everybody benefits—the individual, the company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

FRANK V. SUMMERS joined G.E. in 1949 after receiving a B.S. in Chemical Engineering at Iowa State University the same year. He also graduated from G.E.'s Process Technology program and other specialized courses.

Cliff Browning Breaks Record As Blue Hen Trackmen Bow

Hens Travel To Baltimore To Battle Johns Hopkins; Hooper Starting Hurler

Bob Hooper, stalwart hurler for the University of Delaware diamond team, will draw mound duty against Johns Hopkins as Delaware goes after its sixth victory in eight outings at Baltimore tomorrow.

With the aid of a 16-hit attack, the Blue Hens trounced the Engineers of Lehigh, 11-3 on April 14 at Bethlehem, Pa.

Pitcher Tony Delucas was aided in his victory by two double plays, both initiated by Shortstop Dick Hoffmann. Hoffmann also added to the Hen bingle-barrage with a three-for-five day at the plate. He had 4 RBI's.

WALTER KOHLER demonstrates his form, which has led him to the top of the Blue Hens tennis team. Kohler, a newcomer to the Delaware campus from Germany, has proven very capable for Coach Roy Rylander, in one of the best teams in recent years.

Lacrosse Fans Turn Out To Watch Delaware Topple Stevens Institute

Before the largest crowd ever to witness a lacrosse game on the University of Delaware campus, the fighting Blue Hens defeated Stevens Institute 9-6 last Saturday. It was the first meeting between these two teams, and for the Hens, it meant the second straight victory in a week to bring their season's mark to 2 victories against 1 defeat. After an opening game loss to Washington and Lee, the nation's seventh ranked team, the Hens came back to conquer Swarthmore 7-6, in two overtimes previous to this game with Stevens.

Once again Bob Tait, Delaware's heroic attack man was the difference between victory and defeat in what turned out

to be a rough, tough, thrilling contest. Tait, the nation's highest average scorer last season, added seven more goals to run his total this season to 17 in three games. Captain Dick Garrett's fine goal-tending, including 19 saves, and new comer John LaFountain's close guarding of Steven's high scoring Walt Johanson, whom he held to one goal, were further examples of the Hens fine all-around play. Coach Milt Roberts also pointed out the sharp midfield work of Bob Cossaboon and Ronnie Haines, the timely feeds of George Brosius, who had four assists, and the crushing body blocking of footballer Jerry Weis. It was an inspiring team effort in which every man did his share and can well be proud of his performance.

Blues Dump Whites, 14-0, In Intra-Squad Grid Fray; Walston, O'Halloran Score

A pair of touchdowns and a safety provided the Blue team with a 14-0 victory over the Whites in an intra-squad football game on April 7 at Frazer Field.

Scoring the Blues' first tally, Bill Walston toted the 'skin 20 yards to paydirt. Later in the contest the frosh back punted to Pete O'Halloran of the Whites. In an attempt to break loose from the charging defense of the Blues, O'Halloran dropped behind his goal line and was snagged for the safety.

The other scorer for the Blues was Jim Roe. The sophomore halfback from Dover, New Jersey scooted across from the 15 for the touchdown.

Those who saw action in the contest for the Blues were: Ben Klingler and Harris Mosher at ends; Joe Havernik, Ed Malinowski, tackles; Tom Thomas, "Duke" Shelton, guards; Jerry Weis, center; Larry Catuzzi, quarterback; Bill Walston, Jim Roe, halfback and Tony Toto, fullback.

Lineups for the Whites: Carmen Cella, Ray Heal, ends; John Pollack, Bob Jones, tackles; Walt Handel, Joe Apostolico, guards; Jim Facciotti, center; Jim Breyer, quarterback; Denny Luker, Pete O'Halloran, halfbacks; Jack Partilla, fullback.

Greg Kramedas, standout fullback for the Blue Chicks last fall, was out of action because of an injury.

NOTICE

Alpha Phi Omega service fraternity will hold a smoker meeting in Brown Hall on April 23 at 8 p. m. Former scouts are invited to attend.

Depth Gives Win To Lehigh As Delaware Ties In Firsts

Lehigh's track team handed Delaware a 67½ to 58½ defeat in the first dual meet for the host Blue Hens, on Frazer Field Saturday afternoon. The visiting Engineers previously bowed to Temple, 63½ to 62½.

Delaware Sophomore Cliff Browning highlighted the afternoon by a record pole vaulting exhibition of 12 feet 1½ inches. The new record shutters Curt Turner's effort of 12 feet ¾ inch which was established in the 1950 MACTFA Championships. Browning made several attempts to clear the 12 feet 6 inches mark, but was unsuccessful.

The Blue Hens got off to a sparkling start in the meet by scoring first place in the mile and 440-yard runs, with Capt.

Dante Marini and Neal Keough leading the way. After Delaware won these two events, Lehigh took first in the 100-yard dash, 120-yard high hurdles, and the 880-yard run to pull ahead of the Hens and remain there throughout the afternoon.

Marini and Keough both scored double wins for the losing Delaware team. Marini copied honors in the mile and the two-mile runs, while Keough was victorious in the 440 and the 220-yard dashes.

The visiting Engineers made their best showing of the afternoon as Jack Dougherty, Jim Chick, and George Graham teamed up to capture all three places in the 120-yard high hurdles, the event which Lehigh was best powered in.

Both Lehigh and Delaware grabbed seven first places, but the Engineers edged the Hens in second and third place finishes to walk away with the meet.

The biggest single competition of the afternoon featured Lehigh's Co-Captain Duane Jennings and Delaware's Captain Marini in the mile and two mile runs. Jennings is a former P. S. duPont High School ace, who was undefeated in dual meet competition in the two-mile event last year for the Engineers. Marini proved superior in today's duel, taking both first places.

In other events the visitors showed supremacy in the javelin, discus, and shot, scoring 19 points while allowing the Hens only eight.

VARSITY

Mile—1. Marini, Delaware; 2. Jennings, Lehigh; 3. Gilbert, Lehigh; 4:30.6
440—1. Keough, Delaware; 2. Mills, Lehigh; 3. Luce, Lehigh; 5:12
100—1. Harkrader, Lehigh; 2. Walton, Lehigh; 3. Keough, Delaware; 10.5
120 High Hurdles—1. Dougherty, Lehigh; 2. Chick, Lehigh; 3. Graham, Lehigh; 16.4

880—1. Luce, Lehigh; 2. Skinner, Delaware; 3. Terres, Delaware; 2:07.5
220—1. Keough, Delaware; 2. Mills, Lehigh; 3. Harkrader, Lehigh; 22.2
2 Miles—1. Marini, Delaware; 2. Jennings, Lehigh; 3. Randall, Lehigh; 10:00.7

220 Low Hurdles—1. Magoon, Lehigh; 2. Browning, Delaware; 3. Skinner, Delaware; 26.2
Javelin—1. Horstmann, Lehigh; 2. Pussell, Lehigh; 3. Bullock, Delaware; 135 feet

Discus—1. Hartung, Lehigh; 2. Cochran, Delaware; 3. Dean, Lehigh; 123 feet, 4 inches

Shot—1. Henting, Lehigh; 2. Cochran, Delaware; 3. Pollock, Delaware; 49 feet 3½ inches

Broad Jump—1. Thompson, Delaware; 2. Browning, Delaware; 3. Lehigh; 19 feet, 7½ inches

Pole Vault—1. Browning, Delaware; 2. Grom, Lehigh; Simpson, Delaware; (Second Place Tie) 12 feet 1-5/8 inches

High Jump—1. Thompson, Delaware; 2. Backes, Lehigh; Knapp, Lehigh; Simpson, Delaware; (Three way second place tie) 5 feet, 8½ inches

West. Maryland Netmen Turn Back Delaware, 5-4

Western Maryland defeated Delaware's netmen 5-4 in a bitterly waged battle on Saturday afternoon. The loss evens the record of Coach Roy Rylander's charges at 1-1.

The Western Maryland players defeated the top of the Delaware roster as Ray Mowbray, the No. 1 player for the Green Terrors, downed the ace Delaware netman from Germany, Walter Kohler, and second ranking Western Maryland player Bob Passerello overpowered the Blue Hens' No. 3 man, Carl Schupp.

The summaries:

Singles—Ray Mowbray, WM, defeated Walter Kohler, 6-2, 6-3; Bob Passerello WM, defeated Carl Schupp, Delaware 6-3, 5-7; Sam Reed, WM, defeated Tom Jenkins, 3-6, 6-3, 6-4; Bob Woodruff, Delaware, defeated Bob Cruch, WM, 6-4, 1-6, 6-1; Alan Woodruff, Delaware defeated John Gunderson, WM, 7-5, 6-0; Ronald Corson, Delaware, defeated Earl Finley, WM, 6-0, 6-2

Doubles—Mowbray and Passerello, WM, defeated Kohler and Schupp, Delaware, 6-0, 6-0; Reed and Gunderson, WM, defeated R. Woodruff and A. Woodruff, Delaware 6-0, 6-3; Jenkins and Corson, Delaware, defeated Cruch and Hugh Howell, WM, 6-2, 6-0.

Bob Hooper

Gene Watson, sophomore first baseman from Middletown, led Delaware's hitting with two homers and a single, bringing in four runs. Watson's home run total is at 4 now. Other leading Hen hitters were Lou Romagnoli with three safeties, and John Walsh and Joe Thorp with two apiece.

Delaware took the lead in the first inning with three runs and retained it throughout. A walk to Captain Jim Zaiser and Watson's homer gave the Hens their first two runs.

The box score:

Delaware	ab	r	h	Lehigh	ab	r	h
Zaiser, cf	4	1	0	Marv, cf	1	1	0
Watson, 1b	6	3	3	Har'g'n, 2b	2	0	0

Tot.	43	11	16	Tot.	34	3	10

Golfers Victorious; Lacrosse Team Bows

Delaware's golf team defeated Temple on Wednesday 5-4 to record their first victory of the season. Meadlist Dick Sutton led the Blue Hens with a 79 and a 3-2 victory over Temple's Roy Smolens.

Delaware had previously bowed to Pennsylvania.

In Lacrosse, Delaware's fourth period rally fell short on Wednesday, as Washington College triumphed over the visiting Hens 18-6. Bob Tait was high man for the losing Blue Hens with 5 of the 6 goals recorded.

Sports **SLANTS**

by HAL BODLEY

Sports Editor

WE WERE SITTING AT THE DESK ON MONDAY evening trying to the best of our ability to hack out an original masterpiece — one comparable to the Garosi precedent, when the telephone came forth with a jingle. Glenn Dill, the University News Editor, who hoards all the inside dope, was on the other end — a bit excited.

Glenn's few words were quite startling: "Don't get too shook when I give you this info, but we are really living big league style." (Since this department is an information center in the world of sports, we were ready for anything — at least anything but what came over the line). — "JOHNNY PODRES is going to pitch against Delaware on Thursday afternoon!"

Since April 1st was over sixteen days old, we readily came to our senses to make a reply to Dill's disclosure — "HOW COME?" The whole story concerning a major league player coming to the Delaware campus began to flow over the phone. It seems that the Hens had an open date on their schedule, and Scotty Duncan, Faculty Manager of Athletics, had been in touch with some of the schools with open dates during this week, hoping that they would consent to play Delaware on an exhibition status.

The Commodore's athletic director Tatro, where Podres is taking his naval training, came through; not only with one practice game, but with TWO. Duncan and Tatro agreed to play Thursday's game (yesterday) and then decided that it would be quite nice if Delaware trucked over to meet the Navy under the lights on April 30. It seems logical to us that this is a break for the Blue Hens. Not only are these games great morale builders for the team, but with a pitching staff headed with a figure such as Podres, it is quite likely that Bainbridge must have quite a few requests to play in and around their base. This is the first time in recent years (as far back as the records go) that Delaware's baseball team has met with the Naval Training Center. It is also the first year that Bainbridge has had such a strong team.

Coach "Tubby" Raymond had this to say about the game: "This is a wonderful interlude in our schedule, and it is a wonderful opportunity for Delaware players to get an idea of what big league pitching is like."

A short summary for the un-informed baseball fan as to why all the excitement. Johnny Podres is the blonde, 23-year-old Brooklyn Dodgers World Series hero. Podres spent much of the 1955 season on the bench, but when the Dodgers faced the Yankees in the World Series, he came off the bench to give the "Bums" their first World Championship. In the first game Podres used only 107 pitches to down the New Yorkers 3-2. In his second appearance, the southpaw blanked the Bombers 2-0 to give the Brooks their first championship. Now he is the World Series hero and the number one sports personality of 1955.

As in the case with all young men, Uncle Sam made a call, and now Podres is wearing the uniform of the Navy blue at Bainbridge Naval Training Center . . . And for his bad fortune, and our good fortune, the U of D was able to see a big leaguer in action at home base.

Serving this Community since 1856
Member Federal Deposit Insurance Corporation**Major League Predictions**

by REVIEW SPORTS STAFF

Thousands of people turned out Tuesday afternoon to help usher in the 1956 Major League baseball season — the American Pastime. As with the sports staffs of most newspapers it is the custom or tradition to make predictions as to the finishes of the game which occupies the major sports scene during the warm months.

The REVIEW sports staff got its heads together and came up with a few predictions as to the outcome of the season. No one knows what the outcome of the season will be but the REVIEW sports staff has its ideas.

New York on Top

The Yankees have the pitching staff, and are too strong in too many places to be topped by a club in the American League. It was the pitching that failed the Bombers in the World Series after a depth off the bench had filled the gaps left in the Yanks team with the absences of Mickey Mantle and Hank Bauer. Whitey Ford and Bob Turley are sure fires, and Don Larsen and Mickey McDermott are ready to fill in on the off days. Stengel's bull pen seems to be at full strength.

If the Yankees do fail to take the honors in the American League, Ted Williams and Company will be right in back of them ready to take command. With new hurlers like Brewer and Kiely and Susce the Red Sox could go all the way.

Chicago Strong

Minnie Minoso, and Larry Doby could lead the Chicago White Sox to a position to threaten the pennant contenders, but the hitting must be strong enough to cope with the Yankee pitchers.

There was more disagreement upon the staff members as to the power of Cleveland in the contention. Everyone seemed to think that the Indians had a terrific pitching staff, but actually their pitching nucleus is the same as last year's, the hitting power has not improved to any great extent.

Baltimore Last

Detroit, Kansas City, Washington, and Baltimore seem to be more or less a jumbled up mess in the prediction of the outcome. However, everyone on the staff, and MR. AL CARTWRIGHT of the **Journal-Every-Evening** was of the opinion that Baltimore would be down in the depths of the basement.

Brooklyn to Repeat

The National League raised more emotion from the writers than did the American, mainly because the sports editor is a "die-hard" for the Phillies, and Master Garosi seems to think that the Cardinals of St. Louis should have enough power to finish in the money.

Pitching was the strength of the Brooks last year and it appears to be that strong if not stronger this year. The big question about the "Bums" is that is it possible for the older members of the team to hold out the season without too many "aches and pains" to hinder their winning ways.

Charlie Grimm of the Braves is confident that his inspired team of 1956 has the extra punch to trip the Dodgers. The Braves finished second in 1955, but were 13½ games behind the Brooks. The Braves will have to remain at maximum strength throughout the long season to top the Dodgers. Warren Spahn at 34 will have to produce!

Phillies Questionable

Master Garosi does not agree with the whole, but the Phils and the Cards are rated as a toss-up for the third place finish. St. Louis has Musial, and the Whiz Kids have Roberts. Wilmer Mizell could really contribute to the Saints cause, but then there is the hundred thousand bonus boy on the Phillies squad named Kasanski, who

could mean the difference between smiles or tears.

New York, Cincinnati, Chicago, plus Pittsburgh equal the second division in the senior circuit.

Of course it is a long distance between bus stops in the actuality of the season, but if you are around September 30, see how well our prediction came out!

So till then . . . enjoy yourself.

Blue Hen Of The Week

By Scotty Wilson

Because of his record-breaking pole vault effort against Lehigh last Saturday, Cliff Browning has been chosen "Blue Hen of the Week."

During a cold, wet afternoon, Cliff snatched the university's top mark with a jump of 12 feet 1½ inches, to replace Curt Turner in the record books.

A shy, unassuming person, Cliff was a little more apprehensive in providing this writer with a few facts about himself. He has been a valuable asset to the university, however, not only for his accomplishments for the Blue Hen thinclads, but as a varsity griddier.

The sophomore from Toledo, Ohio, is here with a football scholarship, majoring in Physical Education and minoring in Science. Injuries hampered his track aspirations last year and he hasn't been able to exercise his potential ability until the current season. In practicing for an indoor meet last year, Cliff suffered a sprained ankle and was unable to compete. A freak accident in which he was hit on the head by a discus during a meet with Lehigh prevented him from competing last spring.

While a high school student in Toledo, Cliff was outstanding in football and track. Ironically enough, he tied for third in a State meet with a jump of 12 feet 4 inches, 2-3/4 inches better than last Saturday's performance. As a football player, he was a member of the All-Toledo eleven and was selected as the most valuable player from his school.

When asked about his plans for the future, Cliff remarked that he hoped to use his minor as general science teacher back home along with a little athletic coaching. He has maintained a creditable 2.63 scholastic overall at Delaware, and is currently a pledge for Sigma Phi Epsilon.

**Advantage, You**

You'll make *more* fine shots with these rackets than any in their class.

The reason? Both the Spalding KRO-BAT® and the Spalding-made Wright & Ditson DAVIS CUP® deliver the "feel" you must have for full power and better control.

Both come in every weight and grip size for better tennis, match after match.

Use Spalding-made tennis balls. They're official for more major tournaments than all other brands combined.

SETS THE PACE IN SPORTS

Dr. Howard Wilson To Join Summer School Education Staff Leadership

(Continued from Page 3)

Dr. Howard E. Wilson, secretary of the Educational Policies Commission of the National Education Association and a well known student of international educational relations, will join the summer school faculty of the University of Delaware, Dean William O. Penrose announced today.

The guest professor will conduct a course entitled "Education for Citizenship."

Dr. Wilson is a native of Illi-

ois and a graduate of the University of Chicago. He received his Ed. D from Harvard University and taught in the Harvard Graduate School of Education for seventeen years. In 1943 the American Council on Education appointed him director of the survey on inter-American content in basic teaching materials and later director of the survey on inter-group relations in teaching materials.

into five groups, will be held. The first session will consist of presidents and vice-presidents who will concern themselves with policy planning and organization. Financial management such as records, money raising, dues and investments will be the problem of the second special session, while committee organizations and publicity will be the respective topics of the third and fourth groups. The last special session will have parliamentary procedure and discussion as its topic.

Each special session will have a presiding officer and secre-

tary who will take notes so that the accomplishments of the sessions can be summarized in the final session at 2:45 p. m. in Mitchell Hall.

J. Fenton Daugherty, professor of physics and former Dean of Men, will give the final speech at Mitchell Hall in which the entire conference's aims and accomplishments will be summarized.

The various committees and their members are— Arrangements— chairman, Don Rau, Betty May Snowberger and Clark Carbough; publicity— chairman, Stan Lowicki, Don Goodridge and Lee Seemet; Special Session— chairman, Bill Brown, Joan Russell and Howard Anderson; Topic Speaker—

co-chairmen, Mary Kaleel and Dean Steele, William Lotter, Robert Ferguson and Richard E. Garrett. Keynote and Final Speaker— chairman, Karl Bursetz, Janet Clay and Allen Ferver.

IFC Elections

(Continued from Page 3)

Baldt added that plans will also be made to create a committee with special delegates from each fraternity solely for the purpose of improving scholarship among fraternity men.

"Of dire importance," commented Bill, "a good reputation is the best asset. I wish to thank the *Review* for its help and cooperation, for it is the tool through which the views of the IFC can be communicated to the fraternity men, independents and administration."

High School Seniors Enter State Wide Spanish Tournament

A state-wide Spanish contest for Delaware high school students, under the joint sponsorship of the university and the Delaware chapter of the American Association of Teachers of Spanish and Portuguese, was announced today by Dr. Elbert D. Turner, Jr., assistant professor of modern languages and chairman of the contest committee of the state chapter of the AATSP.

The competition will be held in room 220 of the university's Hullen Hall at 4:10 p. m., April 27. On the basis of the contest, the university will award a \$100 scholarship to the high-scoring high school senior who has been admitted to the university for study in the fall of 1956. Also, the Delaware chapter of the AATSP will present a medal for excellence in Spanish to the highest scoring second-, third-, and fourth-year student from each high school represented in its membership.

What's doing... at Pratt & Whitney Aircraft

Professors practice what they preach... and vice versa

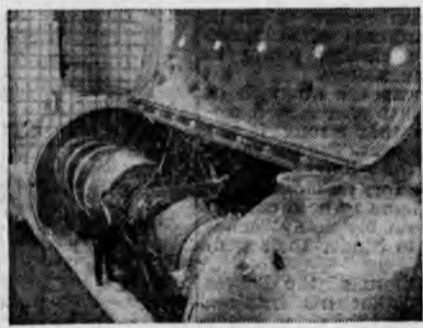

Following a practice of twenty years, Pratt & Whitney Aircraft will again welcome a group of college professors as members of the engineering staff during the coming summer months.

Last year our "summer professors" represented colleges from coast to coast. They tackled important projects in such diverse fields as instrumentation and vibration, combustion, compressible flow, and materials development. Despite the limited time available to these men, they made significant contributions to our overall effort.

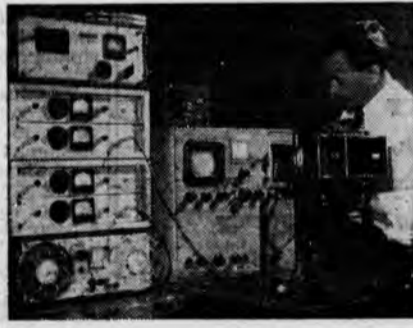

Though it was to be expected that both the company and the participating professors might benefit directly from such a program, the sphere of influence has been much broader. The many students who are taught by these professors during the college year are sharing the ultimate benefits... profiting from lectures that are sparked by the kind of practical experience that can be gained with a recognized industry leader like Pratt & Whitney Aircraft.

Several "summer profs" voluntarily spent part of their time conducting refresher courses for P & W A's young engineers.

One assignment involved a comprehensive survey of equipment for the expansion of high-altitude test facilities in Willgoos Laboratory, the world's most complete, privately owned jet engine lab.

Technical contributions were varied. Worthwhile assistance was given in vibration and instrumentation studies.

Sleeping Beauty

(Continued from Page 2)
trick that the audience will witness is the bad fairy's disappearance in a cloud of smoke.

All the costumes were designed by George Cavey, a senior drama major who also plays Prince Charming in "Sleeping Beauty." These designs were based on authentic fourteenth century costumes. The costume committee under Elaine Stueber executed Cavey's designs to give the show bright colorful costumes.

Many students who are not going on tour have worked exceptionally hard on the set and costumes. Bill Leverage, Joyce Gottshall, Richard Books, and Jane Edwards spent much time on the set and props. Under Elaine Stueber, Natalie Rand and Joan Jackson busily worked on the show's originally costumes.

Virginia Redding, as company manager, is responsible for all the rooms and board on tour and also adhering to the rigid time schedule. Mr. Watson is the faculty advisor on tour.

Members of the company include Mona Lawson, Richard Stewart, Elaine Labour, Thomas Waters, Suzanne Kozak, Daniel Robertson, Connie Goodman, Gretchen Berguido, Kathleen Jordan, Mary Minkiewicz, and George Cavey. Joseph Obold is stage manager and his staff includes Raymond Pusey, Barton Rinehart, John Taylor, James McKenney, Ann Kirkpatrick, and Elaine Stueber.

University students can obtain tickets at the box office with their ID cards, for this afternoon's performance.

Sussex Hall To Hold Faculty Coffee Hour On Thursday Evening

Sussex Hall will hold a coffee hour for faculty on April 26 from 7 to 9 p. m. in the Sussex Lounge.

Sixty faculty members and their wives have been invited to this event. Jane Frandsen and Ethel Schwartz are handling the arrangements. Sussex also held a coffee hour for faculty and parents last semester.

Impressions

Recent elections caused a large commotion. The feelings of the campus were varied. The following are a cross section of these opinions:

Ozzie Crompton: I think it's obvious that for the first time since I've been here all the candidates that were elected were the students' choice. Opposition stimulates interest which is a good thing in any election.

Bob Hooper: I think the majority of the better candidates were elected, which will make for a more efficient SGA and provide more balanced student representation.

Jimmy Smith: I think it was

handled in a very efficient manner and although the results can't please everyone, the new officers will have a chance to prove themselves next year.

Barbara Ebaugh: I'm quite pleased with the results of the election. I think the people who won will do their best to give the student body an efficient administration.

Ted Rogers: It proved that the minority pressure group is still the deciding factor in the election.

Tom Spackman: I felt I didn't know enough about the candidates. The main contact I had was a large variety of posters plastered on top of each other.

New University Building Program

(Continued from Page 1)
Dr. John A. Perkins, president of the university declared: "This magnificent gift supplementing, as it does, the earlier gift for a new engineering building, will give the university excellent facilities for the instructional and research programs of our rapidly growing engineering school. For the first time in its history the School of Engineering will be housed and equipped to do research and scientific teaching in all branches of engineering." According to Dr. Perkins, the new building will not only improve conditions of study and research for the students, but will be an aid in attracting competent new faculty for whom there is such desperate competition among universities and industry.

Dr. William W. Hagerty, Dean of Engineering, under whose supervision the planning for the new building has been carried out, emphasized that the facilities have been conceived for use in scientifically oriented instructional programs.

"It is our intention to teach students the basic concepts of engineering," Dean Hagerty said, "and leave to the industries which will hire them the training in modern industrial techniques."

Dean Hagerty revealed that the present laboratory facilities of Evans Hall will be largely utilized by the Department of Mechanical Engineering when

Current Building Program	
Under Construction and Planned	Estimated Cost
Engineering Building	\$2,150,000.00
Maintenance Center Extension	35,000.00
Dormitories	3,274,000.00
Brown Hall Addition (Men)	1,193,000.00
Kent Dormitory (Women)	1,193,000.00
Sussex Hall Addition (Women)	1,193,000.00
Two East Campus Dormitories — one for women and one for men.	1,193,000.00
Other Student Facilities	1,238,000.00
Dining Hall-Student Center	375,000.00
Laurel Hall (Student Health Center)	375,000.00
Total	57,072,000.00
Sources of Funds	
State Appropriation	\$1,500,000.00
Endowment and other University Reserve Funds	1,193,000.00
Gifts	2,525,000.00
Loan	7,072,000.00
Total	7,072,000.00

the new building is completed. Special features of the new structure will be facilities for research in high frequency electrical engineering and for civil engineering research in structural and fluid mechanics. Business Administrator Charles E. Grubb disclosed that preliminary plans submitted by the architects, Voorhees, Walker, Smith and Smith, have been approved. Construction of the building will require approximately eighteen months and equipment will be ordered for delivery at the time of completion about March, 1958. It is expected that the building will be opened for use not later than September of that year.

Airman Sends SOS For Misplaced Bag

A bag containing Air Force clothing and an electric razor was left in the car of one of the university students by Mr. Wendell Ibach of the Dover Air Force Base after he had ridden with the student from the air base.

There is no identification in the bag, and the identity of the student is unknown to Mr. Ibach.

The student finding the bag is requested to contact Mr. Wendell Ibach, 622 South Connell Street, Wilmington, Delaware.

Editorial

ity if he violates its policies. If we don't carry out our obligations to our neighbors how can we expect them to reciprocate and grant us rights and privileges? The old, ever-truthful Golden Rule of "do unto others as you would have them do unto you" fits perfectly here.

Students should not have to be "policed." But if they insist on taking advantage of other people's lots, some sort of protection of the neighbor's property will have to be instituted. If a special attendant has to be hired to direct cars at dances and sports affairs, greater expense on all parts will occur.
