PRICE FIVE CENTS

BOND SALE

TOTAL IS \$101,225
THIS WEEK

\$552,000
Worth of Bonds
Purchased By
10 of D. Trustees

Bond sales for the week ending December 16 totaled \$29,475, bringing the total sales of "E" Bonds in the Sixth War Bond Drive to \$101,225. This represents the actual cash amount for the bonds and not the redemption value which would be much higher.

Frank Fader, general chairman of the Sixth War Bond Drive for the Newark area stated that the Newark area has purchased \$552,000 worth of War Bonds. This sale of bonds was made through Miss Betty Reed, a volunteer worker on Team 25, of which Dr. George Cuthbert Webber is Captain and the sale was cleared through the Newark Trust Company.

Charles E. Grubb, business administrator at the University of Delaware stated this week that the money used to purchase the bonds had been left to the university and earmarked for reconstruction projects.

Of this amount \$500,000 was left to the university in the will of the late R. F. Fisher Brown and the \$52,000 represents the gift of securities to the university by R. M. Carpenter.

Mr. Fader stated that the total sales of all types of Bonds during the present drive to date was \$1,471,541.50. This is more than the total sales of the Fourth and Fifth Loan Drives combined.

The "E", "F" and "G" bonds will continue for the balance of December and Mr. Fader is urging everyone to purchase these bonds for Christmas gifts. The giving of these bonds will greatly swell the total sales for the Newark territory.

EPISCOPAL CHRISTMAS SERVICES

Candlelight Service Sunday Evening at 11:15

St. Thomas' Episcopal Church will hold their annual Candlelight procession and Christmas Carol service in the church on Christmas Eve, Sunday, December 24 at 11:15 P. M. Holy Communion will be celebrated.

Promptly at mid-night the names of all those in the Parish who are serving in the Armed Forces will be read from the altar in keeping with the cards which have been sent to those in service.

At eight o'clock Sunday morning Holy Communion will be celebrated and the regular Church Sunday School will meet at 9:45. At eleven o'clock the regular morning worship service will be held and the Rector, Rev. Andrew W. Mayer will preach the Christmas sermon.

On Christmas morning at 9:00 A. M. Holy Communion will again be celebrated.

10 AFGHANS COMPLETED

The request for donations for wool for afghans in the Glasgow Branch of the Newark Red Cross Area has been very gratifying. Since November 1st when the first request for wool and contributions was made there have been 10 afghans completed and turned in to headquarters for use of wounded soldiers in base hospitals.

Mrs. May B. Leasure, production chairman for the Glasgow Branch states that wool or more cash contributions are very acceptable right now to enable the Branch to complete their work.

Following are the names of those who have worked hard to put this project across: Mrs. Jeannette Brooks, Mrs. Ann Barczewski, Mrs. Anna Highman, Mrs. Nina Harden, Mrs. Ruth Lewis, Mrs. Ida Lewis, Mrs. Flora Laws, Mrs. May B. Leasure, Mrs. Ruth McCormick, Miss Lillian deVine, Mrs. Eleanor Howell, Mrs. Eleanor Tyler, Mrs. Myrna McKelwee, Mrs. Florence Ogden, Mrs. Florence McCallister, Mrs. Hazel Palmer and Mrs. Agnes Wright.

Services For Mrs. Day Monday, December 18

Funeral services were conducted on Monday afternoon, December 18, from the R. T. Jones funeral parlor by Dr. A. J. Jackson for Mrs. Kate E. Day, wife of Mr. William L. Day, who died on Thursday, December 14, at her late residence, 11 Annabelle Street. Interment was made in Kemblesville Methodist Cemetery.

Mrs. Day made her home with her son-in-law and daughter, Mr. and Mrs. Harry Lloyd and has been confined to her home for a number of years.

In addition to her husband and daughter she is survived by one son, Mr. J. Norman Day, Wilmington. Two brothers and two sisters also survive.

Mrs. Day has been a life-long resident of Newark and at one time was an employee of Delaware College.

SGT. TURNER SPEAKER AT LIONS CLUB MONDAY

Magazine Article

The Newark Lions Club held their regular weekly dinner meeting at the Newark Country Club on Tuesday evening with Fred Evans, president of the club presiding.

The Lions Club Stamp and Bond sales for last week were \$513. During the Sixth War Loan Drive \$162,922.75 worth of Bonds have been purchased making a grand total to date of \$296,852.00.

Sergt. J. Marvin Turner, of Wilmington, was the guest speaker at the meeting. Sergt. Turner, serving with the 15th Air Force, who is a veteran of more than fifty missions is the wearer of the Air Medal, four Oak Leaf Clusters and a Presidential Unit Citation.

Sergt. Turner who has been an engineer with a flying fortress crew told many interesting, inspiring and gripping events which were climaxed by riding a wounded fortress to her watery grave. Ways in which men's lives were often preserved, according to Sergt. Turner, were quite unexplained. Often they are miraculous.

Lion Hugh A. Johnson, Agricultural Experiment Station Economist, was commended for his article which will appear in a forthcoming number of the Saturday Evening Post. This article discusses factors affecting broiler production in 1945 throughout the nation.

NEWARK GIRL AMONG GRADUATES

19 Students Graduate At U. of D.

Nineteen students were awarded degrees at graduation exercises of the University of Delaware held in Mitchell Hall yesterday afternoon at 3:30 P. M. Eighteen of the students were from the Women's College and one from Delaware College and an honorary degree of L.L.D. was conferred on Dr. Cornelius William Prettyman who has recently been appointed President of Dickinson College.

Dr. Prettyman attended the University of Delaware for two years (1889-1891) and then transferred to Dickinson College where he received his B.A. degree. He attended the University of Pennsylvania and was awarded his PhD in Modern Languages.

He served as professor of Modern Languages at Dickinson College for many years and was made Acting President of Dickinson in the late spring of this year upon the resignation of President Corson.

Miss Barbara Beaman was the only Newark girl in yesterday's graduating class.

Dr. W. Owen Sypherd, president of the university awarded the diplomas to the graduates and made several announcements concerning gifts to the university and about the work being carried on during war time.

LEGION PARTY TUESDAY NIGHT

The annual American Legion Christmas party will be held in the Legion rooms of the Old Academy building on Tuesday night, December 26. This is an annual affair with the local Legion Post when the Legion entertains the members of the Auxiliary.

THREE DAY COLLECTION OF PAPER NEXT WEEK

Residents Asked To Aid In City-Wide Paper Drive

A city-wide waste paper drive will be conducted throughout Newark three days next week in an all-out effort to combat the critical need for these materials — especially corrugated paper and paper board.

Newark went well over the top in its November drive and it is hoped that residents will again lend their whole-hearted cooperation by saving their waste paper, bundling it up and placing it on the curb on the days collections will be made on their respective streets.

The schedule of collections follows: December 27 — Lumbrook, George Read Village, Tyre Avenue, Main Street from Leuk's Garage to B & O tracks, North College Avenue, North Street, Prospect Avenue, E. Cleveland Avenue, Elliott Heights, Annabelle Street, Margaret Street and North Chapel Street.

December 28 — New London Avenue, Corbit Street, W. Main Street, Nottingham Manor, Old Oak Road, W. Cleveland Avenue, Elkton Road, W. Park Place, Orchard Road, W. Delaware Avenue, Townsend Road, Sunset Road, Winslow Road, Amstel Avenue, So. College Avenue.

December 29 — E. Delaware Avenue, So. Chapel Street, Continental Avenue, Academy Street, Lovett Avenue, Haines Street, Center Street, Linden Street, Choate Street, New Street, E. Park Place, Wollaston Avenue.

CANDLELIGHT SERVICE SUNDAY

Will Be Held In Methodist Church Christmas Eve.

The annual Christmas Eve Candlelight Service will be held in the Newark Methodist Church on this coming Sunday evening, December 24, at 11 p. m. The sermon subject by the minister, Dr. Arthur J. Jackson, will be "Only A Manger."

There will be special Christmas music consisting of a vocal solo, "O Holy Night", by Mr. Frank Putter; a trumpet solo, "Silent Night", by Harlan Tweed; a Christmas Anthem by the Choir; and Mrs. D. U. Greenwald will accompany the organ with the violin during the singing of the Christmas Carols.

There will be the congregational singing of such familiar carols as—"O come, all ye faithful," "Hark! The Herald Angels Sing," and "O Little Town of Bethlehem."

The public is cordially invited to attend this beautiful Service in preparation for the Christmas Day itself.

Dr. and Mrs. Henry Clay Reed of 172 West Main Street entertained the members of History Department on Sunday afternoon.

ALUMNI DANCE ON XMAS NIGHT

CHRISTMAS CELEBRATED AT ROTARY MONDAY

Dr. H. E. Tiffany Acts As Santa; Gifts Given To Members

The Newark Rotary Club held their regular dinner meeting this week at the Newark Country Club with E. Newman Rose, president of the club presiding over the business session.

Visitors at the meeting were T. E. Haverstick and John V. Pinno from the Oxford, Pa. Rotary Club.

The program for the evening was in charge of Samuel E. Dameron, Herbert Mobley, William Swan and Dr. Harold E. Tiffany.

Charles Southwell and Harry W. Nock of the Wilmington Rotary Club were the entertainers and while Southwell directed group singing Mr. Nock accompanied at the piano. Several skills were put on by the pair in the usual Southwell fashion including quartet.

Several impersonations of radio programs were presented and were very amusing. Dr. Tiffany impersonated Santa Claus and presented gifts to the ladies and gentlemen present.

Herbert Mobley gave two readings "Twas The Night Before Christmas" and "Yes, Virginia, There Is A Santa".

More than fifty persons attended the meeting including Rotarians, their wives and friends.

The next regular meeting of the club will be held on Monday night, January 8.

FORMER PROFESSOR AT COLLEGE SUCCUMBS

Elisha Conover Retires In 1938; Services Held Last Week

Elisha Conover, Jr., 84, professor of ancient languages and literature at the University of Delaware from 1895 until 1938, died on Dec. 13 at his home, 245 West Main Street. He has been ill for the past four months.

Professor Conover had been identified with educational work for 63 years when he retired from the University of Delaware in 1938 with the title of Professor Emeritus. At that time he was a guest of honor along with George A. Hartner, former president of the University of Delaware, at a testimonial dinner given by the faculty of the university.

The son of Elisha and Eliza VanMeter Conover, Professor Conover was born near Harrisonville, N. J., Aug. 14, 1860. He was the eighth in direct line from Wolfert Gerretse Van Couwenhoven, a nobleman who left his estate near Amersfoort, Netherlands, and came to America in 1630. Soon afterward he became the owner of a large estate which is now known as Flatlands in Brooklyn, N. Y.

After attending the Pennington Seminary, Professor Conover was graduated from Dickinson College with an A. B. degree in 1884 and received an A. M. degree in 1887. The following Please turn to Page—8

LT. HEARN JOINS CLUB

First Lieutenant Joseph G. Hearn, 19, son of Mr. and Mrs. Claude P. Hearn, Blue Hen Farms, has joined the Half Hundred Club by flying his fiftieth combat mission in the Italian theatre.

Lieut. Hearn, a bombardier in a Fifteenth Air Force B-24 squadron, has flown over all the important targets in southern Europe, and his group was recently cited by the War Department for the accuracy of its bombing during a mission over the rail yards of Floridsdorf, Austria.

Graduated from the Newark High School, Hearn was attending the University of Delaware prior to his enlistment in April, 1943. He is the holder of the Air Medal with three Oak Leaf Clusters.

We have much to be thankful for this Christmas, and we want to express our thanks to you.

May this Christmas season of 1944 be an especially happy one for you.

NEWS ABOUT LOCAL BOYS IN SERVICE

Friends of the boys have been advised from Private First Class Don Duffan, son of Mr. and Mrs. Duffan, of near Newark, Delaware, is serving now in Germany and extends greetings to all friends.

First Lieutenant Joseph G. Hearn is now spending a twenty-one day leave with his parents, Mr. and Mrs. C. Hearn of Blue Hen Farms. Lieutenant Hearn is a bombardier and has flown his fifty missions having served in the Mediterranean theatre since arriving overseas in early June of this year. At the end of his furlough he will report to Atlantic City, New Jersey.

Carl J. Rees formerly of the Department of Mathematics of the University of Delaware will spend Christmas this year in China where he is doing research work for the U. S. Army Air Force.

Captain Charles R. Kase is spending Christmas here with his family and has just returned from two months of overseas duty.

Private Jacob Correll, Jr., who has been stationed at Cherry Point has been transferred to Miramar, San Diego, California. Word has been received that Correll Correll, who is stationed in the Pacific area had an overnight recently which he spent with Chief Yeoman and Mrs. Rogers Attick of the same area. Private Correll and Correll are the sons of Mr. and Mrs. Jacob Correll, Sr.

Word has been received from Captain Ernest S. Lomax, son of Mr. and Mrs. Gray Lomax, of his safe arrival in Wales. He served for twenty-two months in the Caribbean area and was in the States for eight months before going overseas. Captain Lomax is a graduate of the Newark High School and of the University of Delaware. He was employed by Hercules in Hattisburg, Miss., before being inducted into the service. Captain Lomax had a fifteen day leave in July when he was married to Miss Martha Mitchell of Rockessin. Mrs. Lomax was a former teacher in the Newark Public Schools and at present is making her home in Rockessin.

Walter R. Campbell, Water Tender Third Class, spent Tuesday evening with his parents, Mr. and Mrs. John Campbell at their homes at Coochs Bridge.

Private First Class Charles E. Lloyd of New Field, Tampa, Florida has been spending a fifteen day furlough at his home here. He is the son of Mr. and Mrs. William B. Lloyd, Jr., of 49 Margaret Street, Newark. Private Lloyd will return to camp the last of this week.

Rodney A. Blansfield has returned to Bainbridge Naval Training Station after a nine day leave spent here with his wife and son of 195 South Chapel Street and his parents, Mr. and Mrs. Howard A. Blansfield, 22 Continental Avenue. Seaman Blansfield graduated from boot training at Bainbridge, Maryland, December 8. His brother, Private Howard C. Blansfield, Jr., recently returned from serving thirty months overseas and is now stationed in Denver, Colorado with a Military Police Battalion.

Colonel Herman Wallace Cook returned on Monday to Fort Bliss, Texas, after having spent a thirty day furlough with his wife and children at their home near Summit Bridge. Colonel Cook was first assigned to Camp Butler, North Carolina when he first returned to the states from the Pacific War Theatre. A brother, George Cook, Platoon Second Class, is spending a thirty day leave here with his wife and relatives and will report to Jacksonville, Florida. He has been serving out of the country. Anything appearing in this column is purely the opinion of the writer and does not express the views or policy of the paper. Any exceptions should be taken up with the writer.

The Newark firemen held their annual turkey banquet in the fire house last Friday night and can those firemen put away the grub. Some of them must have gone hungry for several days as that they could have room for all they ate.

We were told that three members of the company, Edward Stickle, William Marrs and Charles Eissner had three banquets in a row—all turkey dinners—Wednesday, Thursday and Friday nights. Gosh—Where do they put all the grub. Charlie Eissner was heard to say that he did not get enough turkey and Jack Tweed who is a soft hearted kind of a fellow went out in the kitchen and carved up another turkey and dumped about ten pounds more meat on his plate.

At the banquet Friday it was stated that Frank Smith who operates a filling station at Main and Chapel Streets was the champion eater at the Odd Fellows banquet on Thursday night. We were told that after eating twice as much as anyone else he ate three pieces of pie and they were not small pieces.

Fire Chief Skinny Ellison did not want Sureshot to be at the banquet but Sureshot had his dues paid up and anyway, Skinny was afraid that his name would not get in the paper.

John Tweed thought he was real smart when he pinned a flower on Sureshot and at the same time stole his cigars out of his pocket. Sureshot knew that painters don't make enough to buy cigars so he left him keep the smokes.

Frank Tolomio was all decorated up with the flowers from the table and the ones that he could not get in his button-hole he took home to his wife for a peace-offering. Some men have to take their wives presents when they stay out late.

The poor fellows that work at the post office had to leave early but they looked well-fed when they left. Ed Shakespeare, and Bill Frazer had to leave early but it is reported that they came back later.

A telegram was received from John Cunningham late in the evening wishing the boys a Merry Christmas. We are all sorry that John was not able to attend. John has business to attend to over in Europe and as soon as he gives Hitler a sock on the jaw he expects to be allowed to return to Newark.

Several of the firemen were noticed letting out their belts so that they could eat more turkey. Town Supervisor Ramsey and Clement Valient each had several helpings.

The other week the writer of this column said: "What have you done to help the boys in service?" Well, those fellows who are members of the American Federation of Hosiery Workers at the local hosiery mill came back at me and told me what they have done. The members of that UNION (they are one of the good unions) have sent each and every employee of the mill who are serving in the Armed Forces a check for \$25.00. Now, that is what I call the right spirit. They are a fine bunch of folks and deserve a lot of credit. They are not racketeers. They don't only think about themselves—they have the interest of all their fellows at heart and deserve a lot of praise.

Then we are told that the Hosiery union donated six turkeys to six needy employees. That Big fellow Ed Sobolewski tried to get one of the turkeys but just could not make the grade. I guess the other folks at the mill thought that the Sobolewski family looked too well fed.

Sureshot wishes to congratulate Mr. and Mrs. Jacob A. Correll on their 25th Wedding Anniversary. It is reported that a surprise party was given for the young couple and they played OLD TIME games—Heavy, Heavy, What Hangs Over."

The employees of the Newark Post have all sent letters to Santa Claus and the things they want for Christmas are a scream—Bill Durham, the fellow who is in charge of the press-room wants a new folder for the printing press and a HOT TIP on the races. Elizabeth Taylor says that all she wants is to have her GLENN home. Sain Clair McVicker, the fellow who runs the Linotype wants Sureshot to get his stories in earlier so that he won't have to work on Wednesday nights. Earl Wolven, the compositor, just wants some nice WAC to write to him. Mary Johnston, the bookkeeper and society editor wants a box of candy and more society news to publish. The boss, affectionately known as "R. T.", would like to have a box of bigger and better cigars to chew on. Sureshot would like to have more dirt for his column.

The entire staff of The Newark Post wishes all its readers all the best things for the Christmas Season.

To all the boys and girls in every branch of the Armed Service we send our best wishes and would like to have you all home as soon as possible.

Miss Annie Watson, the young lady who greets you with a smile as she takes your money and red points at the American Stores is also a very fine bowler. We are told that she set a record for the women at the local alleys last week when she bowled 186 points. Nice going, Annie.

More fatal firearm accidents occur in November than in any other month of the year, the National Safety Council reports.

UNIVERSITY OF DELAWARE BASKETBALL SEASON WILL OPEN HERE JANUARY 13

Blue and Gold Combine Will Oppose Fast Gallaudet Court Team In Field House; Coach Bill Murray's Squad Is Lacking In Height; 16 Players Out

The University of Delaware basketball team will officially open their 1945 basketball schedule in the University Field House on Frazer Field, Saturday evening, January 13 when the strong Gallaudet combine will be visitors of the local team.

Coach William D. Murray, coach of the Blue and Gold squad stated that there were only 16 players out for the team this year largely due to the small enrollment at the university.

Newell Duncan, former New Castle High student is the only letterman back from last year's squad while W. J. Monaghan, another candidate for the team played on last season's J. V. team. E. E. Ewing, a former Poughkeepsie Military Academy student played in his high school year but is classified in the draft as I-A and there is no indication that he will be able to finish out the season at Delaware.

R. C. Kiddoo, A. Price and A. L. Keil are former P. S. duPont students out for the team. George A. Hyde and Robert Eissner, both former Newark High School students will likely find a berth on the varsity team.

T. Reggen is a former Conrad student; C. W. Cain, another player is from Wilmington High School and S. C. Crowl is a former A. I. duPont player. Other boys out for the team include: H. Balick, L. Seiden, T. N. Walsh, W. G. Prall, and W. Cannon.

The schedule of games as released by Coach Murray is as follows:

Sat. Jan. 13—Gallaudet	Home
Wed. Jan. 17—West Chester	Away
Sat. Jan. 20—Maryland	Home

EARL COLE HONORED BY NAVY AWARD

Former Local Man Receives Personal Gifts

Singled out as the outstanding man in the deck division of his LSM (Landing Ship, Medium) crew, Earle S. Cole, a former Newark resident, was recently presented with a gift for his personal use by Captain Charles F. Macklin, Jr., U. S. Navy, Commanding Officer of the Amphibious Training Base at Little Creek, Virginia.

Cole has completed his training at Little Creek and will soon depart with his crew to take over a new LSM at one of the nation's busy shipyards.

The award which COLE received, an electric iron, leather billfold and a certificate of merit, was presented by Captain Macklin at a review of all the Little Creek personnel. The certificate cited the following qualities which the former Newark resident has exhibited during his LSM training period: Military bearing and neatness of person and uniform, industry, cooperation, loyalty, leadership, initiative and proficiency in rating.

Same Gasoline Ration To Remain In Effect

An official source has disclosed that civilian gasoline rations will remain unchanged in the first quarter of 1945 despite a slight present improvement in over-all supplies.

Furthermore, motorists are likely to receive no more gas for their ration tickets at any time in the next 12 months, unless V-E-Day arrives and frees a small extra amount for the home front.

A decision to keep the current civilian ration rate in effect when the new quarter begins has been made on the basis of Petroleum Administration for War gasoline allocations for the next quarter to the Office of Defense Transportation.

As for the rest of 1945, one PAW representative said that "on paper," highly tentative figures indicate that gasoline supplies might actually be about one per cent below requirements, including military requirements, by next September.

If that happens, he added, civilians can expect a reduction in ration allotments late next year.

Motor Vehicle Office To Close for Holidays

The Wilmington office of the Motor Vehicle Department, Eighth Street and Bancroft Parkway, will be closed Saturday, Sunday and Monday, reopening at noon Tuesday, Frank L. Reed, manager, announces. This holiday closing period allows only nine more days in which motorists may renew automobile registrations by Dec. 31.

So far approximately 1,200 of the 7,000 motorists in the state, who must secure new tag inserts if they wish to operate their cars after the deadline without an inspection, have renewed them.

OLDER MEN FACE FEB. 1 INDUCTION

Less Essential Workers To Be Classed I-A

Selective Service, announcing a "much larger" proportion of older men will be inducted after Feb. 1, has sent out instructions implementing the government's "produce or fight" edict.

It ordered that registrants in the 26 through 37 age bracket whose job shifts are not in the best interests of the war effort should be put in I-A and placed near the top of the list for induction.

Draft boards were directed that when these registrants are put in they should be made available for service "in the same manner as registrants who leave agriculture."

This would make them available immediately after volunteers and "delinquents"—those who violate draft regulations.

In leaving to local boards determination as to which changes will aid in prosecution of the war, the agency made it clear that in some cases a switch may be approved even though consent of the board was not obtained prior to a move.

It also ruled that men who changed jobs before Dec. 12 are excluded from the new provision for clearance through local boards.

The memorandum instructed boards to "give greater deferment consideration to registrants 26 through 37 who are engaged in war production or in support of the war effort, than those engaged in activities not supporting immediate prosecution of the war."

Textile Industry Leaders Optimistic

Relatively easy transition from war to peacetime operations in the textile, garment and allied industries, together with potentialities of a peacetime turnover and employment exceeding the pre-war years, are forecast by W. Ray Bell, president of the Association of Cotton Textile Merchants of New York.

Mr. Bell expressed optimism for the longer term postwar prospect, based on fundamental demand conditions. He said the rise in population to nearly 140,000,000, together with the high rate of wartime marriages and births and extensive postwar home-making requirements will provide the ground-work for a larger distribution of all kinds of textile products.

Man Dies of Injuries After Car-Train Crash

William Cannon, 68, of Harmony Road, near Newark, died in the Wilmington General Hospital, Sunday, December 17 of injuries and traumatic shock as a result of an automobile-passenger train collision at the Harmony Crossing of the Pennsylvania Railroad Saturday morning.

Cannon was driving home from work at the Pennsylvania Water Company when his car was struck by a New York to Washington express train. He was the son of the late Charles H. and Alice Price Cannon. He had been a farmer but after the war started, he went to work for the water company. A brother, Charles H. Cannon, Jr., survives.

RESEARCH IN POULTRY FEATURE OF FARM WEEK

January 8th Egg Production Day On Program At University

Delaware poultrymen will have an opportunity to acquaint themselves with the test developments of the extensive poultry research being carried on by the Delaware Agricultural Experiment Station during Farmers' Week at the University of Delaware, according to Director G. L. Schuster.

Monday, January 8, is to be Egg Production Day on the Farmers' Week program. Subjects lined up for discussion include the outlook for poultry production in Delaware; improving fertility and hatchability of eggs; recent developments in the knowledge of pullet disease; growing and using good poultry range; and the production of hatching eggs.

Hatching egg production has gained importance within the State in recent years in line with the rapid expansion of incubator capacity to supply broiler growers. A large percentage of the eggs hatched in the state for this purpose are still being brought into the State from New England and other areas, while they may well be produced here within the State. Many farmers now producing eggs for market can reach hatching egg standards if they use proper production methods and good stock, so that phase of the program will be of interest to egg producers as well as to hatcherymen and broiler growers.

To provide hatching egg producers with the information they need, research on the problem has been developed at the University's Experimental Farm in Newark, and growers will have an opportunity to see the work being carried on there.

The second day of Farmers' Week will be devoted entirely to broiler production. The broiler industry within the State has developed so rapidly that it is still a comparatively new industry and little research work has been done on this type of production until recently. Delaware's experimental unit at the Substation Farm near Georgetown is the only one of its type in the country at the present time devoted exclusively to the problems of broiler production, and in the few years of its operation, it has studied many of the problems confronting the industry.

On the program for Broiler Day are discussions of the outlook for broiler production in Delaware; broiler production at the Delaware Substation; Improving broiler quality through breeding; prevention and control of coccidiosis; and feeding practices for maximum growth.

While it will not be possible for persons attending the school to visit the Substation Farm during the course, they will have an opportunity to observe results of the experimental work underway at the University Farm in Newark in breeding to improve broiler quality. Other experimental work and demonstrations pertaining to broiler production will be presented in addition to the lectures, discussions, and exhibits.

Within the past few years poultry production has become the outstanding agricultural industry of the State from the standpoint of financial investments and gross income. The Delaware Peninsula is still producing more than half of the total national supply of commercial broilers. In order to put this production on an efficient and practical basis, research workers at the Delaware Agricultural Experiment Station have devoted much attention to the problems of the industry, and the results they have obtained to date will be available for farm people attending Farmers' Week.

The electrical industry has developed a new quick-starting ballast which provides instantaneous light, without starters, from fluorescent lamps.

NEWARK HIGH SCHOOL WINS FIRST BASKETBALL GAME OF SEASON OVER ELKTON 34-20

Brandon Davis Is Scoring Ace As Yellowjackets Defeat Elkton Hi In First Game of Season; Alumni Varsity Game Christmas Week

The Newark High School basketball team officially opened their 1944-45 basketball season with a 34 to 20 victory over Elkton High School on Monday afternoon. The game was played at the Elkton High School gymnasium.

Draft Boards Instructed On New Deferment Rules

Delaware State Selective Service headquarters have announced that all local draft boards have been instructed that the new deferment regulations should be applied when they learn that a man has left his deferred classification for non-essential work, and that he should be reclassified for immediate induction.

Under selective service regulations, draft boards will learn of a registrant's change of employment by three methods:

1. Notification by employer that an employee has left his job.
2. Notification by registrant that he has changed his employment.
3. Expiration of deferred classification when a registrant must make an application for an extension of his deferred classification.

If a registrant fails to notify his draft board that he has changed employment, he is subject to prosecution under selective service regulations.

15,000 Income Tax Forms Being Mailed

Delawareans are receiving more than 15,000 individual income tax return forms for 1944 income, mailed earlier this week, Norman Collison, collector for the District of Delaware, U. S. Bureau of Internal Revenue, announced Saturday.

The filing period for these returns starts Jan. 1, 1945, and continues through March 15. The 15,000 forms, Mr. Collison said, are the old 1040 "long" type.

The 1040-A "short" type used last year has been abandoned, and persons who do not wish to fill out a long and complicated return will be given a form known as W-2 revised, based on the withholding tax receipts for 1944. Mr. Collison stated.

He said he had "no idea" how many of these simplified returns will be employed in Delaware, but estimated the number at about 80,000.

Morning Services At The Head of Christiana Church

Services will be held in the morning at the Head of Christiana Church on Sunday, December 24. Sunday School will begin at 10 o'clock and the morning worship service will start at 11 A. M.

Frank H. Butterworth, superintendent, will be in charge of the Sunday School hour and the lesson topic to be discussed will be "The Ground of Universal Joy".

The pastor, Rev. Evan W. Renne, will deliver the sermon at the regular morning worship hour. His subject will be "The Prince of Peace". The choir will sing the anthem "The Herald Angels Sing".

Everyone is cordially invited to attend these services on Christmas Sunday.

The Newark team opened up in the first period to outscore the Elkton combine 9 to 3 and while the Marple boys outscored the Yellowjackets in the second frame 6 to 4 the Black Gold team led at the end of the half 13 to 9.

In the third frame the Newark team outscored Elkton 10 to 4 and came back in the final period to again outscore the home team 11 to 7 despite the hard playing of Loomis, Call and Davis of the Elkton team.

Brandon Davis at guard was the scoring ace for the Yellowjackets with five action shots for 10 points. Harvey Gregg, playing center and Bill Pie at the forward post, divided honors with eight points each. Harvey Gregg scored four action shots for 8 points and Bill Pie scored three action shots and two from the foul stripe. Eugene Schaefer scored three action shots for six points and Bob McKenry one action shot for two points.

Call was high scorer for the Elkton team with four action shots for eight points with Loomis in second scoring position with three action shots and one from the foul stripe for seven points. Davis scored two action shots and one foul for five points.

While on the short end of the score the Elkton combine coached by William Murphy played a good game but just could not match the Newark boys in scoring.

Coach Stanley Gibbs was well pleased with the playing of the Yellowjackets but finds that there is room for much improvement in his team and expects to make several shifts of the players before they meet the A. I. duPont team in January.

Coach Gibbs stated that practice will be continued throughout the Christmas holidays as the team is still in need of much practice.

A game has been tentatively scheduled for next Thursday night with members of the Alumni. All Alumni who will be able to play against the varsity team at that time are requested to contact Howard Cage or Paul Whiteman.

Stationery Industry

A good steady market after the first postwar readjustments are over, without really serious reconversion problems, is predicted for the stationery manufacturing industry following a survey by the National Paper Box Manufacturers Association.

Among new postwar products with which the industry plans to expand its markets are: chemically treated papers designed to resist water, oil, dirt; transparent containers; better grades of carbon paper; new air-mail packaged stationery.

At this season we should all subject ourselves to re-examination, to see if good fellowship and kindness still survive as a practical combination to bring happiness to the human heart. Each of us holds in his hands the key to this combination. Let us use it during this Christmas season of 1944, to help transform dreams into realities.

May we add our glad Christmas greetings to the many which are finding their way to you?
... and on earth peace, good will towards men."

TOWNSEND, MULHOLLAND HEAD 1945 LEGISLATURE

Resolution Adopted Cuts Attaches To 22 In Each Branch

Demanding and receiving recognition for the strength of the majority for the head of the Republican ticket they produced in the November election, the Sussex County delegation won the two main jobs in the forthcoming legislative session in an organization meeting held Friday night at the Hotel duPont.

Officers elected at the caucus are: President pro tem of the Senate—Harry H. Mulholland, of Milford. Speaker of the House—Chester V. Townsend, Jr., of Ocean View. Senate majority leader—Robert H. Yerkes, of Houston. House floor leader—Samuel B. Bird, of Centreville.

The election of Representative Townsend, 29, to the post of speaker was accomplished only after the entire Sussex delegation had threatened to walk out on the meeting called by the Republican State Committee. Harvey H. Lawson, of Millsboro, took the lead in forcing the issue which delayed the start of the House caucus for two hours.

The early choice for the post had been Mr. Bird, reelected Nov. 7. Mr. Townsend, one of the youngest speakers, will be serving his first term. He was born in Dagsboro, was graduated from the Lord Baltimore High School and attended the University of Pennsylvania. He has been in business in Ocean View for 10 years, operating C. V. Townsend, Jr., Inc., a chicken and feed business. He is interested also in the Millsboro firm, Ryan Townsend Company.

Mr. Mulholland is a holdover senator serving his first term in the legislature. He is president of the J. H. Mulholland Company of Milford, manufacturers of wooden spoons and veneer products. He is a member of the Milford Chamber of Commerce. He is married and has two children, one of whom, Harry H. Mulholland, Jr., is in the Army.

Mr. Yerkes is managing editor of the Milford Chronicle and Milford correspondent for the Wilmington Morning News. A holdover senator, he is serving his second term in the upper house, and was floor leader at the last session. He is secretary of the Milford Chamber of Commerce and of the Milford Rotary Club and is a past president of the Chamber of Commerce. He serves as secretary of the Kent County Republican Committee and is a committee man in his district. Third of the Tenth.

Resolutions were adopted in each caucus limiting the number of jobs to 22 for each branch or a total of 44, which compares with a total of 51 during the 1943 session. Pay for the posts in both houses ranges up to \$1,000.

As the business meeting began, following a dinner, at which Isaac R. Brown was host, a resolution was adopted pledging the entire Republican majority in both houses to try to complete the legislative business in 60 days and to support the legislation sought by the present administration.

A telegram from Gov. Walter W. Bacon said "During these war times there are many extraordinary and difficult problems to be met and solved in the affairs of our state and I am delighted to know that you and others are meeting with our party members of the general assembly with a view to expeditious organization of the general as-

sembly and an early consideration of the many matters that will confront it during the coming session.

"I hope that this new general assembly will be able to equal the record of the last regular session and complete its work within a period of 60 days and that the business of the session will be conducted as economically as possible."

"Please extend my cordial greetings to all present tonight and express my best wishes for most constructive and successful legislative session beginning Jan. 2 next."

The telegram was addressed to Mr. Brown.

CHRISTMAS SERVICES

Special Music Sunday Evening

A special music program will be presented at the Bible Presbyterian Church on Sunday evening, December 24.

The program will open with the singing of carols by the congregation and the story of their writing will be given by the pastor, Rev. Cross.

A sextet will sing "O Holy Night" and Mrs. Lloyd Yarnall and Mrs. Thomas Cross will sing a duet "Away In A Manger." Mrs. Clarence Smith will sing a solo "He Shall Feed His Flock" and another solo will be presented by Mrs. Cross entitled "Come Unto Me."

A trio composed of Mrs. Yarnall, Mrs. Smith and Rev. Cross will sing "Lead Us Oh Wondrous Christmas Light" and a male trio, George J. Groh, Lloyd Yarnall and Rev. Cross will sing "We Three Kings of Orient Are."

The regular Sunday morning services will be held as usual with the Sunday School beginning at 10 o'clock and the morning worship hour will start at 11 A. M.

year he spent in graduate study at Johns Hopkins University.

Professor Conover was principal of the Elmer N. J. public schools from 1881 to 1882 and from 1884 to 1885 headed the Georgetown Academy, after which he went to the Oxford, Md., High School to become principal.

In 1888 he became professor of Latin at the Wesley Collegiate Institute, where he remained until becoming professor of Latin and Greek at Montpelier Seminary, Vermont.

Professor Conover married Fannie Lee Lingo, daughter of William Hazard and Mary E. Pepper Lingo of Georgetown Dec. 27, 1888. They had no children. In addition to his wife, he is survived by three nieces and 10 nephews. Among the nephews are: Everett E. Borton, attorney of Wilmington; the Rev. Elbert M. Conover, Westfield, N. J., national director of the Bureau of Architecture of the Federal Council of Churches, and Dr. Milton Conover, a student and teacher.

He was a member of the Phi Kappa Psi, the Phi Kappa Phi, and the Phi Beta Kappa fraternities, the American Philological Association, the American Classical League, the Classical Association of the Atlantic States, and the American Association of University Professors. He published a bulletin on the study of the classics and wrote articles to various periodicals on the same subject. He was a frequent speaker on classical and other subjects.

MORE CASH NEEDED BY RED CROSS

Sewing Rooms Will Be Open Next Tuesday

The Newark Red Cross wishes to express its sincere gratitude to the great number of nameless contributors, who by dropping coins in the glass jars placed in many local business establishments, have made it possible to purchase 37 skeins of wool which is being distributed to volunteers who will knit or crochet afghans to be used by the wounded soldiers flown in at the New Castle Army Air Base.

In less than a week a total of \$32.45 has been collected in these jars and those who have contributed will now be able to have a part in this great work. It is hoped that many more will contribute as much as they can afford in the days to come as the jars will be left in the same places to receive the cash.

The Red Cross sewing rooms will be open as usual next Tuesday. There is an urgent need for volunteer workers in this field as the garments made will be used entirely for destitute children in the liberated areas.

Army Rejects Women As Volunteer Pilots

The Army Air Forces will not accept the offer made by disbanding WASPS to continue flying service for \$1 a year, it was announced this week.

The WASP unit of the Sixth Ferrying Squadron at Long Beach, Calif., had made the offer originally and it was expected that the WASPS at the New Castle Army Air Base would follow suit.

But the A. A. F., stating in Washington that the proposal was appreciated, said that enough male pilots are available to carry out ferrying operations which the women civilian pilots had been performing.

Science Searches for Cure

Scientists hope some day to discover a drug that will cure tuberculosis. Christmas Seals provide funds for Prof. Rudolph J. Anderson (above) of the Sterling Chemistry Laboratory, Yale University, to study the chemistry of the tuberculosis germs. This is one phase of medical research financed by the sale of Seals.

IT'S TIME WE TALKED TURKEY!

Again this Holiday season—turkeys will be short in supply. The reason: Uncle Sam has again asked for a large portion of the civilian supply for the Armed Forces—and we believe you'll agree—the reason's mighty good. Naturally, we at A&P would like to be in a position to let every one of our customers have a turkey. But, since we only have a small number of these fine quality luscious birds—we will only be able to fill orders on a "first come, first served" basis. We also have a moderate supply of fine chickens and a good supply of ducks—so we urge you to make your purchase early.

RECIPE FOR WILD GAME PREPARATION ARE GIVEN

Nutritionist Gives Several Menu Hints For Game Dinners

Game is plentiful this year in Delaware, and some ammunition is being allowed hunters. Regular meat supplies are smaller than last year and game brought in by the hunter may be used to extend the meat ration. When properly prepared for the table, game is delicious food, but Miss Pearl McDonald, nutritionist for the Delaware Agricultural Extension Service, says that since it does differ from other meats, there are a few important points to know about its care in order to keep it good.

Game has a particular "wild" flavor all its own. Animals living in the open are clean feeders, living for the most part on plants, seeds, fruits and berries.

Wild animals are always on the move. The meat, therefore, is usually drier, leaner, and less tender than tame meat. Hence, game usually needs longer, slower cooking, and in a covered roaster.

Because wild meat is lean, fat is added in the cooking. Fat salt pork gives good flavor, although some people like bacon.

Wild meat that is young and tender may be broiler, fried, or roasted. Older, less tender meat may be braised or pot-roasted.

In Delaware, rabbit, wild duck, and muskrat are important game.

Rabbit should be dressed and cut in pieces, then soaked in salt water (1 teaspoon salt to 1 quart of water) for 2 or 3 hours. Drain, and parboil for ten minutes. Drain again, dip in flour, add salt and pepper to taste, brown in butter or fortified margarine, and cook until tender.

Wild duck is dark and dryer than domestic duck. Cooking in a covered roaster helps to reduce dryness.

For roast wild duck use 2 cups peeled and quartered tart apples; 2 teaspoons salt; and pepper for one duck. Clean the duck, wash thoroughly, sprinkle cavity with salt and pepper, fill with the apples, sew up, rub with salt, and roast uncovered in a slow oven (300 to 325 degrees Fahrenheit) until tender. Apples are not to be served. If desired, the duck may be basted every 10 minutes with 1 cup

orange juice.

Peanut Duck stuffing may be used instead of the apples. It requires 3-4 cup stale bread crumbs, 1-2 cup shelled peanuts, finely chopped, 1-2 cup heavy cream or undiluted evaporated milk, 2 tablespoons butter, a few drops of onion juice, salt, pepper and dash cayenne. Mix the ingredients in the order given and proceed as with the apples.

Meat of Muskrat (marsh rabbit) is dark red, fine grained, and not too tough. Soak overnight in a weak salt solution (1 tablespoon salt to 1 quart water) to draw out the blood. Or, soak in a weak vinegar solution—1 cup vinegar to 1 quart water.

Here is a favorite recipe used by Michigan hunters. It requires 1 muskrat; 1 teaspoon salt; dash pepper; 1-2 medium onion sliced; 1-2 cup fat, 1 cup tomato catsup; 1-2 teaspoon Worcestershire sauce. Soak the meat overnight in salt water, drain, disjoint, and cut into desired pieces. Place in a deep pan, add 1 quart water, add salt, pepper and onion, simmer about 1 hour, then melt fat in skillet, brown meat on one

side, turn, then pour over the meat the catsup and Worcestershire sauce. Add about 1 cup water, simmer about 30 minutes until gravy is thick enough to serve.

Pheasant meat is quite like chicken except it is dryer. Most chicken recipes are suitable for cooking pheasant.

Baked Pheasant takes 1 teaspoon salt, a dash of pepper, 1-2 cup flour, 2 tablespoons butter or fortified margarine, 3 or 4 strips fat salt pork (or bacon), 1 cup water, for one pheasant. Dress clean, and cut the pheasant into 8 or 9 pieces, sprinkle with salt and pepper, dip in flour, place in a greased roaster, dot with butter and brown in moderate oven (350 degrees Fahrenheit) for 30 minutes. Add 1 cup hot water, cover, bake in slow oven (300 degrees Fahrenheit) until tender.

More people were killed from burns in their homes than were killed in all railroad accidents in the United States last year, says the National Safety Council.

Please help keep LONG DISTANCE circuits clear for necessary calls on December 24, 25 and 26.

The High Cost of Not Saving Money

Even though prices have advanced a bit, most of us can plan our spending and meet the costs of the things we really need from money we now are earning.

But "the high cost of NOT saving money" can't be met that way. It

takes its toll in want . . . privation . . . suffering. There are few greater misfortunes than not having money saved up—when money is needed in a pinch.

And the high cost of NOT saving money is such a needless cost. It can be prevented. Planned spending will

give you money for planned saving. And planned spending plus planned saving will mean success for you in money management.

Our Government is asking you to plan your spending and your saving as a vital contribution to the War Effort . . . as a necessary step to hold down prices. From a purely personal angle, it will pay you to do these things. Take a pencil and work out your own plan. Determine how much you will save. Determine how much you will spend now, and in the future. Then you will know how many of your saved dollars you can invest in War Bonds and in building up your bank account. Then you'll be helping to build a sound America, to maintain the buying power of your dollars and to assure a sound financial future for your family.

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP

NEWS IN THE WORLD OF RELIGION BY W.W. REID

Success or Failure?

This is the type of letter that Dr. Alfred W. Price, rector of St. Stephen's Episcopal Church, Philadelphia, sends to "Mr. and Mrs. Now-and-Then", the occasional attendants at church. "I wonder if you realize how much your presence means to us. Some people feel that church attendance is chiefly a matter of getting; but in a real sense it is a matter of giving. You come to church to give something to the congregation — your cooperation and fellowship in the adventure of worship. Your presence is a moral and spiritual benefit to those present. Your absence is a distinct loss. No matter how many others are present, your presence and influence are sorely needed. Goodness and devotion are more easily caught than taught, and caught by association in groups. Won't you give this angle of thought your consideration, and help make St. Stephen's Church of ever-increasing usefulness in this community?"

"The Church and American People" is the theme of a series of Monday noon radio addresses given during May and June by Dr. Mark A. Dewber, secretary of the Home Missions Council of North America. He is on the air each Monday at 12 to 12:15 p. m., Eastern War Time, over Station WJZ and associated stations of the Blue Network. His talks include discussions of Indian, Negro, Jewish, Japanese American, Alaskan, Puerto Rican, rural, city, and migrant peoples and problems under the American flag.

The Methodist Rural Fellowship, an inter-state organization of Methodist ministers serving rural churches and interested in promoting the rural church in America, will hold a mid-western conference on May 2 and 3, in Kansas City, Mo., in connection with the General Conference of the Methodist Church. Prof. Ralph Williamson, of Cornell University, is president of the Fellowship. Among those on the program will be Rev. Dutton S. Peterson of Odessa, N. Y.; Rev. Ralph Griesser of Polo, Ill.; Prof. Charles McConnell of Boston University; the Rev. Howard C. Benton of Cimarron, Kan.; the Rev. John B. Howes of Milroy, Pa.; Dr. Ralph Loomis of Columbia, Mo.; Dr. J. R. Ormond of Duke University; Dr. A. H. Rapping of the Methodist Board of Missions; the Rev. Clyde N. Rogers of Slatersville Springs, N. Y. The fellowship has 450 members.

Protestant churches in the United States raised \$1,559,991, through twenty-one denominations, in 1943 for their united overseas relief program among non-military war sufferers, reports Dr. Leslie Bates Moss, director of the Church Committee on Overseas Relief Reconstruction (297 Fourth Ave., New York City), the coordinating agency of these bodies. These same churches, he says, have a goal of \$1,870,000 for 1944 to meet increasing needs. Included among the projects for which these are issued are: assistance to refugees from Axis countries (through the World Council of Churches in Geneva); printing of scriptures; special ministry to women and children war sufferers, especially in Greece, the Middle East, and Africa; rebuilding of some ruined churches; medicines and grain seeds for Chinese flood and famine victims; recreational and educational materials for prisoners of war; supplies for missionaries cut off from European "sending countries".

"The next twenty-five years will be of extreme importance to world order from the angle of racism", said a conference of Methodist churchmen meeting recently in Evanston, Ill., to consider worldwide problems of race prejudice and discrimination. "If there is to be a Christian solution, rather than a racial war, the Western nations must act quickly to change their attitudes of racial superiority as expressed through imperialism, exploitation and discrimination. Unless they bring out racial changes in their political and economic thinking and practice Christianity will suffer a tremendous loss of influence. Christianity is on the threshold of great opportunity in the Far East, but it cannot win its peoples to Christ unless there is evidence of brotherly considerations on the part of the governments of the so-called Christian nations."

\$86,000 worth of smoke

You don't do it with hay, brother!

It costs 86,000 good hard American dollars to lay a smoke screen on a 20-mile beachhead for a single hour.

Worth it?

What would you think if you knew your life depended on reaching that beach without being spotted by the enemy?

You'd be mighty glad that—in this war—everything is being done to give the American soldier the best possible

chance to live and win... money no object.

You wouldn't have it otherwise, would you?

Then remember—you've got to do your part by buying and holding War Bonds. Your dollars are needed to help lay the smoke screen... provide the "softening up" bombardment... flatten the deadly pill-boxes.

That's what your War Bond money does right now.

And in the future it will do still more

...both for you and for your Country. War Bonds are your safest, and smartest, investment. In ten years, they'll bring you back four dollars for every three you put in. And that money will mean purchasing power...for you. It'll mean jobs and a healthier economy in America.

So buy more Bonds than you've been buying. Buy more than you think you can afford.

They help toward a quicker Victory... and a happier peacetime for you.

Down through the ages has come the story of the shepherds tending their flocks at night, awed by the Star in the East.

During this sacred season, mellowed by the thought of those who cannot be with us, we have abundant reason for gratitude. We have come a long way since the dark Christmas of 1941. The Star in the East shines brighter now.

That this may, indeed, be a Merry Christmas for you and yours is our ardent wish.

"Now all our neighbors' chimneys smoke,
And Christmas blocks are burning;
Their ovens they with baked-meat choke,
And all their spits are turning.
Without the door let sorrow lye;
And it for cold it hap to die
We'll bury it in Christmas pie,
And evermore be merry."

These 17th century verses typify the old-time Christmas spirit we wish for you this Yule season of 1944.

RURAL FAMILIES PURCHASE WAR BONDS

**New Castle
Demonstration
Clubs Aid In
War Financing**

Aside from the enormous production and conservation of food by the rural people of our State, they are also doing their share in helping to finance the war through buying war bonds and stamps, states Mrs. Kate Henley Daugherty, County Home Demonstration Agent for New Castle County.

Each of the 12 Home Demonstration Clubs in New Castle County has a War Bond Chairman, she continues, who obtains a report each month from their members on how much their families have invested in war bonds and stamps since their last club meeting.

The results of these reports stimulates continued interest in helping to finance the war, as well as in saving and ear-marking their investments for a day in the future when this war will be over and civilian production will enable them to invest this money again for such conveniences and comforts for their homes as replacing worn out equipment and home furnishings, radios, autos, papering, painting, and refinishing the home to say nothing of remodeling and in some instances building new homes.

Mrs. Daugherty states that she is constantly reminding her club members of the days to come when they will want to have money for the above mentioned needs. For as she says "The shower bath has become a 'must' for every soldier and sailor, and he will not be happy long in a home without such a convenience in the post-war world."

Mrs. Daugherty has just received reports from seven of her 12 clubs showing the following amounts of bonds and stamps bought by their member's families during the past year:

State Road Club with 20 active members bought 16,338.40; Odessa with 14 active members bought 14,177.00; Bear with 22 active members bought 12,669.00; Middletown club with 16 active members bought 9,514.00; Wimodausis club with 17 active members bought 6,622.80; Friendly Neighbors Club with

14 active members bought 11,210.00; Talleyville club with 30 active members bought 36,425.00.

A total of \$106,956.20 loaned to the government by the family members of 7 clubs composed of 133 active members, Mrs. Daugherty states that these reports are far from complete from every member, but it does show, as she has already said, that rural families are serving well in the war effort.
