The History of the Class of '25

WO years ago we discovered that we were at college. The Class of '24 enlightened us upon this. Later we became aware that we were in college. "Doc" Foster convinced us of this.

Our first nights at Delaware were made memorable by impromptu shower baths and by immersion in the "Fountain of Youth," better known as the campus horse-trough. We were also annointed with iodine and allowed to entertain the residents of Newark with a pajama parade. This was our debut into the "socia life" of college.

After several weeks of this so-called "social life," we decided that we needed an organization. We organized with the following officers: President, Harry Jackson; Vice-President, "Kid" France; Secretary, "Ted" Wells; Treasurer, "Hick" Rinard; Historian, K. D. Givan. Under the masterful guidance of this quintet, we "pulled" off our banquet immediately after the Thanksgiving recess. Not one of our number was missing—that is, at the beginning of the banquet. Good fellowship and "high spirits" characterized the affair. Later, at the

theatre, "Bill" Moore, influenced by the "high spirits," made his first appearance upon the professional stage. Although he was not exactly successful, "Bill's" efforts were appreciated. After the theater, the party broke up with our famous yell: "Y—E—A, Two-Bits." We then returned to Newark "dumber and happier."

After the banquet we lead a fairly uneventful life until the mid-year examinations. A few of our number succumbed, though the majority survived these pitfalls designed by the faculty to make life miserable for those who enjoy college life. Shortly after the first of February, when we were looking forward to a priod of neutrality, the Sophomores committed their first and only "faux pas" of the year—they attempted to establish a new course at Delaware, namely: Barbering 1 & 2. They tried to practice it on us. But we, unlike Sampson, became mighty after the loss of our locks and the Campus before Harter Hall became strewn with the tresses of the "Sophs." Thus we won our first victory, and lived happily ever after—until the June "exams."

We furnished eight men for the different Varsity teams, namely: Football, H. Jackson, "Doc" Steele, McKelvie; Basketball, H. Jackson, "Bruz" Lovell; Baseball, H. Jackson, McCormick, Hoch; Track, "Kid" France, "Doc" Steele; Rifle-Team, Hatfield.

The following Fall we returned as Sophomores, with our numbers slightly diminished. For this year, we elected to lead us, "Mac" McCormick, as Class President; Vice-President, "Johnny" Leach; Secretary, "Dick" Long; Treasurer, "Corny" Tilghman, and Historian, "Tank" Givan. As Athletic Council representative, and as Student Council representative, "Dick" Hoch and "Hick" Rinard were chosen.

The History of the Class of '25

Awaiting our reception was a large aggregation of wide-eyed, open-mouthed, freckled-faced specimens of humanity, commonly known on the Campus as "rats." We duly became acquainted with these species of "student collegii" and tried to make them feel at home. After the usual preliminary skirmishes between the two classes, the day of the class fight dawned "bright and clear." Since we considered this a holiday, we requested several of the prominent members of the class of '26 to accompany us on a joy ride into the "wilderness," outside of Newark. They eagerly and joyfully accepted. Much to our regret they were unable to return in time to participate in the day's frolics. The class of '25 romped off the field with a victory.

A few weeks later, subpoenae were served to certain rats, summoning them to appear in their own defense before the annual conclave of the ancient order of the Kangaroo Court. Said court was convened at the usual time, at the usual place and was attended by a large and enthusiastic gallery of upperclassmen. The accused were brought before the court to plead their cases and were given sentences of such punishment as had been previously fixed as fitting for their misdemeanors.

So far this year we have furnished four men for the Varsity sports: McKelvie, and "Sook" Jackson for football; France, Gibson, McKelvie, and Jackson in basketball.

After all our rough life we, as Sophomores, have decided to put away childish things and to look forward to two years of hard work, and serious study.

—THE HISTORIAN.
