NEWARK, DELAWARE, FRIDAY, FEBRUARY 6, 1942

PRICE TEN CENTS

Faculty Studying Accelerated Plan For Next Year

Authorized by the Board of Trustees to institute an accelerated program whereby students may complete their college courses in three years, the faculty of the University of Delaware is studying plans to eliminate the proposed summer session and substitute in its place three regular terms during the college year 1942-43. This plan, declared by President Walter Hüllihen to be far superior than any plan adopted by other universities and colleges, will not only give advanced R. O. T. C. officers an opportunity to go to ten weeks camp this summer, but will also permit other students to hold summer jobs.

Although the faculty has taken no definite action beyond preliminary surveys, the proposed reorganization is almost a certainty. Under it, the college year would be started on September first and would last until the last week in June. Class period time would be increased ten per cent from the present fifty minutes to fifty-five minutes. The terms are designed to last fourteen weeks each, one week in each term being given to examinations; this would leave a summer recess of ten weeks.

If the plan is adopted, class designations such as freshmen, sophomore, etc. will be eliminated; in their place will be substituted the terms first, second, and third year students. Lengths of holidays would be very much shortened, Christmas to five days, Thanksgiving to one day, and Spring Vacation to three days.

The faculty also has under consideration the prolongation of the present session. Increases of fees under the three term plan have not been determined, but a slight increase is probable.

Registration Shows Smaller Drop Than Had Been Expected

According to the latest registration figures released by the Deans' Offices, there are 89 fewer students in the University of Delaware this term than last term. Last September 569 students registered for Delaware College and 289 girls registered at the Women's College - a total of second semester last year.

The figures below are not complete. Complete figures will not be available for several days.

Musical Show

Rehearsals and casting for the University of Delaware's first musical show will be held next week. All students who have sent in applications will be notified of these tryouts. Any person interested in the musical show should send his application, listing special talents, to Box 193.

Noted Organist To Appear At University Hour

With the resumption of the University Hour programs the committee in charge is delighted to announce that On Thursday, February 12, at 8:15 P.M., an organ recital will be given in Mitchell Hall by the eminent Pittsburgh organist, Dr. Marshall Bidwell.

Dr. Bidwell is organist and director of music at the Music Hall of Carnegie Institute, to which position he succeeded Dr. Charles Heinroth in 1933. His weekly recitals at the Music Hall during all this period have continued to be very popular with lovers of organ music, both amateur and professional. The University is to be congratulated upon the opportunity of hearing an artist of such standing. Admission is without charge. The program is as follows:

1. Concerto in F Major (Cuckoo and Nightingale), Handel;
2. Chorale Fantasy, "Jesu, Joy of Man's Desiring", Bach;
3. Passacaglia and Fugue in C Minor, Bach;
4. The Bells of St. Anne de Beaupre, Russell;
5. Allegro Vivace from the First Symphony, Vienne;
6. Dance of the Sugar-Plum Fairy, Tchaikovsky;
7. a. Canyon Walls, from "Mountain Sketches", b. An Old Irish Air, Joseph W. Clokey;
8. Chinoserie, Swinerton;
9. Donkey Dance, Elmore;
10. Liebestod from "Tristan and Isolde", Wagner;
11. Symphonic Poem, "Pine-landia", Sibelius.

George A. Houchin Commissioned In Naval Air Corps

George A. Houchin of 284 East Main Street, Newark, Delaware, who received his B.A. degree at the University of Delaware on June 9, 1941, has been commissioned with the rank of Ensign in the United States Navy with the designation of Naval Aviator and assigned to duty with one of the large patrol bombing units with the United States Fleet.

Ensign Houchin started on his flying career with Atlantic Aviation Service, duPont Airport and successfully completed the Elementary and Secondary Civilian Pilot Training Courses given in conjunction with the University of Delaware. According to Ensign Houchin this C.P.T. training was of invaluable help throughout his advanced flight training in the Naval Air Corps.

New C.P.T. Flight and Ground Courses are about to commence and interested parties should immediately contact Professor M. M. Daugherty at the University of Delaware or Mr. Jack M. Byrne at duPont Airport.

Ames Betts Leaves School To Enter Cadet Air Corps

Culminating his college career with a place on the Dean's List, C. Ames Betts will enter the United States Army Air Corps on Monday. Betts, a senior in the School of Education, completed all required work in his course and will receive his degree with the class of 1942. He will be the only student this year who has completed his college work in three and a half years.

Betts was captain of last year's league-winning soccer team. He was also captain-elect of this year's track team and had participated on both teams for the past four years. Active in class affairs, he was president of the Independent Men's Association and was senior non-frat member of the Student Council. He was a member of the Spartans, Blue Keys, and Derelicts and was holder of an academic scholarship.

Faculty Receives Two New Members

Two new members have been added to the University of Delaware faculty for the second term. They are Mr. John A. Munroe in the Department of History and Dr. David K. Spiegel in the Department of Economics.

Mr. Munroe, a graduate of Delaware College, class of 1936, will take over freshman history sections in European and Delaware history. He is a graduate student at the University of Pennsylvania where he is working for his doctorate in American history. He was a former teacher at the Newark High School, and while a student at Delaware, won the Thomas J. Craven prize in American history.

Mr. Spiegel is a graduate student from Columbia University where he is working for his advanced degree. He will teach courses in Investments, Economic Resources, and Introductory Economics.

The appointment of Mr. Munroe was necessitated by the death of the late Dr. George Ryden. Dr. Francis H. Squire is Acting Chairman of the History Department.

Mr. Spiegel is taking over several of Dr. Gould's classes. Dr. Gould was recently called to Washington to serve in an advisory capacity to the Board of Economic Warfare. He will return to the university at regular intervals to supervise the work of the Economics Department. Dr. Herbert Newman and Dr. Charles Lanier are acting as advisors to Economics majors.

"Thunder Rock" to be Presented by Drama Group Tonight in Mitchell Hall

Three Members of Faculty in Cast; Proceeds to go to Red Cross

It's too bad that the members of the football squad didn't watch some of the rehearsals of THUNDER ROCK, which is being presented by the University Drama Group in Mitchell Hall tonight and tomorrow night. They would have enjoyed them tremendously. For they would have seen hard-boiled lash-tongued Coach Bill Murray meekly taking orders from a lady and very awkwardly trying to follow out those orders.

The lady was Mrs. C. R. Kase, who is directing THUNDER ROCK. For—as you've probably guessed already—tonight Coach Murray is making his debut as a thespian. Coach had a bit of trouble with his stage movements until Mrs. Kase drew a stage diagram resembling a T formation, but he's rounding into form and promises to give a brilliant performance tonight. Other members of the faculty in tonight's cast are Dr. C. R. Kase and Dr. Edward Schoenborn.

THUNDER ROCK, by Robert Ardrey, is destined to be one of the most important plays of the war. It is still playing in London after a run of two years—the longest of any dramatic play in wartime London. However, it is an American play by an American playwright in an American setting with a message for Americans. Recently the play was given the distinction of being presented over two different programs over coast-to-coast networks within a two week period. First it was presented on the "Keep 'Em Rolling" program over the Mutual hook-up. Last Sunday it was presented as a part of NBC's Great Plays Series.

The leading role in tonight's presentation will be portrayed by G. Taggart Evans, whose expert characterizations are very familiar to Mitchell Hall audiences. Other members of the cast are Virginia Schoenborn, a former member of the E52 Players, Sally Halladay, Dorothy Stowe, E. C. Mahanna, George Boll, Thomas Dietz, L. Parker Thomas, and Richard Cooch.

The University Drama Group is one of the links between the University and the town of Newark. Its membership of 150 is made up of townspeople and of members of the faculty and staff of the University. It is the second largest community theatre in Delaware. In the past few years it has presented a number of fine productions, including THE DEVIL PASSESS, THE DEAD SISTER'S SECRET, FIRST LADY, THE SWAN, and THE BISHOP MISBEHAVES.

Tickets may be purchased in Mitchell Hall before each performance, or any other time in Rhode's Drug Store and in Dean Dutton's office. Proceeds are to go to the Red Cross.

Sam Speakman, Bud Schumacher, and Gerrish Gasaway, three present active members, have flying experience and are planning to enter the service upon leaving school.

Other members leaving school the first semester were: Elroy Woods, who went into the Coast Guard, Bill England, the Navy, Harry Huxford, a pledge who entered the regular Army, Dick Kunzman, the Coast Artillery, Bob Pfeiffer for the DuPont Explosives at Kankakee, Illinois, and Dick Joyeasaz.

Everyone should come to a snappy salute now when Bud Weatherby goes by. Bud can't get a commission in the Reserve Corp, so he did the next best thing and signed up with the State Guard. Recently he received his commission as a 2nd Lieutenant in the Wilmington Unit of the Delaware State Guard.

Choir Will Sing On Nation-wide Program

For the second time during its existence the University of Delaware Choir will be heard in a radio broadcast over a national coast-to-coast network. In 1939 the Choir took part in the National Farm and Home Hour program which originated in Mitchell Hall. On Sunday, February, 15, the Choir will again be heard over the air, broadcasting from WDEL over the Red Network of the National Broadcasting Co.

The Choir will sing several numbers in a program that is being arranged by the music section of the Delaware State Education Association. It is one of a series of programs sponsored by the Music and American Committee of the Music Educators National Conference.

C. P. T. Flight Training Pays Dividends

It is difficult to understand why more of our qualified young men are not taking advantage of the opportunity to learn to fly under the Defense Program sponsored by our Federal Government since it permits remaining in college while taking flight and ground training.

Of those entering the Army or Naval Air Arms as flying cadets without prior Civilian Pilot Training, 40% to 60% fail and are "washed out" and relegated to the infantry or ground forces. Of those who have completed Civilian Pilot Training "Elementary and Secondary" Courses only 4% to 6% fail and are "washed out." Therefore, students seriously thinking of enlisting in the Army or Naval Air Corps should certainly take advantage of these two courses, prior to enlistment, to insure their success.

No branch of the Services other than the Air Arms, offers such opportunity for individual achievement and distinction. Not only that, this branch stands alone with regard to the utility of its training on completion of the war. On being mustered out of the army, the vast majority of young men hardly know where to turn in an effort to find a vocation, while those coming out of the Air Corps have a vast new field of endeavor immediately opened to them which is highly specialized and carries high remuneration. On completion of the war, it is anticipated that there will be great expansion in Commercial Aviation.

This student training was recently abandoned as a war measure which prohibited such flying within fifty miles of the sea coast or in the vicinity of any interceptor command. However, this policy will soon be done away with, and, consequently, the training will be resumed. Interested students should contact Professor M. M. Daugherty in Wolf Hall or Mr. Jack Byrne at the duPont Airport.

Asleep in the Deep

Charles Moore, student extraordinary, giving his all during exam week. It was rumored that he spent hours like this in concentrated efforts.

Letters To The Editor

Editor
THE REVIEW
Dear Sir:

We read the last issue of the Cauldron, which was in itself a mean task, and couldn't help chuckling when we noticed that the same old "clique" was still grinding out the corn, still paging through the dictionary after unfathomable titles, still feeding their scurvy-ridden white elephant.

Being average college students, we are somewhat disgusted by other average college students trying to act very much above average to the tune of our money. Precisely, we're fed up with this gilded pulp sheet which resembles a chamber maid in her mistress' cast-off clothes.

'Tis true, it would be a fine outlet for truly genuine talent, but publishing the Cauldron at Delaware is like a five-piece college band playing a concert in Carnegie Hall—both are out of place.

Let's take a stab at the humor angle and let the inspiration come from some more inspiring source than twenty-year-old Lord Byrons with a pipe and a copy of Webster's. Let's have something straight-forward, direct, and by all means, simple. The noble Cauldron is far above our heads—even farther above the heads of its authors.

Very truly yours,
Ed. Butler,
Al. Boning.

Ed. Note: We do wish Mr. Butler had kept both eyes on the Cauldron, instead of one eye on the magazine and the other on this year's Student Council elections.

February 3, 1942
To the Editor of THE REVIEW
Dear Sir:

It is my contention that the present generation of college students is soft. In spite of regular military drill, they cannot use their legs. The constant use of automobiles has so weakened them that they are incapable of real hiking.

To illustrate what I mean, Bill Briggs '04 and I, while students in Delaware College, walked from the gate of Old College to the B. and O. station in Wilmington in two hours and forty-five minutes. I challenge any student now in Delaware College to equal this record. No running and no hitchhiking. (There was no such thing as hitchhiking when Briggs and I did it.)

What do you think, Mr. Editor, have we any real hikers in College now or are they all a bunch of softies?

Very truly yours,
Charles W. Bush '03

Hail and Farewell

Sending Dick Jones off to the United States Air Corps was the occasion for the above scene. Fond friends gathered to say their last farewells as the popular Junior went off in a blaze of glory. Ed Note: Unfortunately the picture didn't develop so good and the only face visible is that of Jones.

English Reading

The fourth English Department Reading, postponed from Jaunray, will be held on next Monday evening, February 9, at seven o'clock, in the Hilarium of the Women's College of the University. Dr. N. B. Allen will read from the works of Booth Tarkington. Everyone is invited to be present.

Tentative Cast Selected For "Male Animal"

James Quinn and Anne O'Daniel Given Leads

Dr. C. R. Kase, director for the E 52 Players, has just announced the tentative cast for "The Male Animal," forthcoming production of the Players, set for public performance on March 5 and 6. The play, written by James Thurber and Elliot Nugent, is a refreshing comedy about life in a small college.

The role of Tommy Turner, the bewildered young English professor, will be handled by James Quinn. Quinn built quite a reputation for himself in dramatics at P. S. duPont High in Wilmington, but his debut in Mitchell Hall was postponed for a whole year because he had to commute. This year, however, he was an undisputed success in "The Importance of Being Earnest" on the recent Playbill. He has also appeared on a number of dramatic programs broadcast by the Radio Guild.

Ellen Turner, Tommy's wife, is played by Anne O'Daniel. She is president of the Puppet's Club, honorary dramatic society of the Women's College, and is a member of the E 52 Players. Last year she was assistant director for "Candida" and gave a breathtaking performance as the sick woman in "Airsaid." On rather short notice she did an excellent job of a very emotional role in "Flight to the West."

Virginia Evans has been assigned the part of Patricia, Ellen's younger sister, an ultra-modern co-ed. Miss Evans was last seen in the charming dialogue, "Manniken and Minniken." She is a member of the Players and of the Puppets. Anne Speirs plays Mrs. Damon. Anne made her debut in Playbill's "Riders to the Sea." She has also taken part in a number of Radio Guild programs.

Joe Ferguson, former football star, is portrayed by Arthur Millman, a member of Delaware's undefeated football squad. Millman is another successful high school thespian who delayed the start of his Mitchell Hall career. Ed Keller, trustee of the college, is played by Norman Bunin. Bunin's record includes roles in "Love's Old Sweet Song," "Flight to the West," and "Jim Dandy," as well as a couple of Christmas plays. Recently he directed "Riders to the Sea" for Playbill. He is a member of the Footlights Club, honorary dramatic society of Delaware College.

Rosalyn Bank, a member of the Wilmington Drama League, plays Myrtle Keller, Ed's wife. Wally, a brawny football hero, will be enacted by Walter Lilly, who appeared in "Love's Old Sweet Song." Michael, the student editor of the literary magazine, is played by Bruce Ayars, whose debut was delayed to this time because of a broken collar bone. Miriam Lewis plays Cleota, the maid.

Dorothy Thompson is assistant director. She directed a cutting from "The Importance of Being Earnest," for the last Playbill. She has played in "Manniken and Minniken," "Far-away Prince," and "She Was Only A Farmer's Daughter."

Debating Society To Participate In National Contests

As the collegiate debating season opens with the advent of the new semester, the Debating Society of the University of Delaware is pushing its carefully discussed and formulated plans to completion. Besides several inter-collegiate debates which have already been scheduled, and more which are being prepared, the Society is immediately concerned with three major propositions. It has accepted a place in two national-wide debating contests, The Extempore - Discussion Conference on Inter-American Affairs, sponsored by the Rockefeller Foundation, with six South American tours as grand prizes, and the National Inter-Collegiate Radio Prize Debate Contest, with grand prizes of scholarships and thousand dollar checks. The Society is considering a plan to form a chapter of the largest national debating fraternity, Pi Kappa Delta, here on the campus.

Wrestling Team Meets St. Andrew's On February 25th

Coach "Shack" Martin announced today that the newly formed wrestling team will engage St. Andrew's School on the home mat on February 25th. This team has beaten the Hen in a previous match as has the Wilmington YMCA team.

Bill Laurelli and Ed Carillo were the only winners for Delaware in the first match with St. Andrew's. Bill won by a fall and Ed, a heavy-weight, won by forfeit. Jacoby, Tawes and Arnold lost by falls and Jack Nassivera dropped his match by a decision. The Hens ended up on the short end of a 28-10 score.

Laurelli was not allowed to wrestle in the "Y" meet as he is a member of both teams. Ed Carillo and "Moose" Marusa took both draws in this fray and Marvin Zeitz lost a decision by only one point.

Still somewhat in the neophyte stage, the wrestling team is gradually, shaping up and Coach Martin has hopes of having it classed as a varsity sport as soon as the participation warrants it.

Sig Eps Lead In Basketball Race

With the fraternity basketball race hitting the home stretch, the court aces of Sig Ep have the top position clinched. The boys of S. P. E. have gone through six contests without a reversal, and, with two frays remaining, can lose both and still have the title in the bag. In the runnerup position are the champion's arch-rivals and neighbors, Sigma Nu. The S. N. quint have four wins under their belts against three defeats, with a single game yet to play, and so cannot possibly overtake the S. P. E. five.

Pacing the non-frat league are three top teams who have yet to meet each other. The Draftees and the Rangers share the spotlight with three victories each, while the Perry Hall quintet is keeping in striking distance with two wins and a single defeat.

Next week two more intra-mural activities will begin to gather material, these being volley ball and swimming. Those who are prospective swim entrants should take notice of the fact that the swimming meet will be a one-day affair, and not a complete season. Badminton will also begin intra-mural competition in the near future.

Basketball standings:

FRATERNITY		W	L
SPE	6	0
SN	4	3
KA	2	4
STP	2	4
TC	1	4

INDEPENDENT		W	L
Draftees	3	0
Rangers	3	0
Perry Hall	2	1
Sig Ep C	1	2
SN Allstars	1	2
SN Frosh	1	2
Tra. House Frosh	1	1
Sig Ep B	0	2
Comets	0	4

Blue Hen Court Array Depleted

The Blue Hen court array resumed its workouts on Monday with slightly depleted ranks. Of the original starting five, Captain Fred Mitchell, Con Sadowski, and George Barlow remain to bear the burden of the Hens' game. Benny Crescenzi is returning to top form from a knee injury which sidelined him for the initial part of the season and will probably see plenty of action in one of the two vacant positions. Rounding off the starting five, Dick Reed will win the nod though he is pressed by lanky Ed Legates. A tall fellow, Legates participated in his freshman year, but lacks game experience. Reed, Delaware's midget, has seen action, and his speed will offset the lack of height. Other reserves who will enter the fray are Bob Siemen and Howard Hill, both of whom are fairly good ball handlers. These fellows will carry on for the Blue and Gold at the posts of Buck Thompson, Barney Runcie, and Jabbo Jarvis. Of the "Ineligible squad," only Runcie may be ready for action by February 14 if he can work off his conditions.

With this somewhat weakened aggregation Coach Adkins will engage the latter and larger portion of Delaware's schedule. The Blue and Gold five played six games before the semester interim, winning two and dropping four. The quint defeated P.M.C. and their rivals from Chestertown, while absorbing setbacks twice at the hands of the West Chester Teachers, and from the Naval Academy and Western Maryland.

Required Physical Training Program Set Up at Delaware

In accordance with national affairs, Delaware College has initiated a required physical education course for all students. This necessitates each man engaging in three classes of physical training a week. Members of the R. O. T. C. are credited for their drill period, leaving them two periods of athletics, or one, as in the case of advanced students.

Exemptions may be claimed by any student who is a member of an intercollegiate squad. Our intercollegiate teams should profit by this move, since it gives each individual an opportunity to select a certain branch of athletics in which he is interested, gives him ample time to develop any talents, and keeps him in good physical condition. At the present, any man interested can participate in Wrestling under Coach Martin, Swimming under the tutelage of Coach Ed Bardo, or Basketball, headed by Coach Adkins.

Later in the year track and baseball will hold sway, and anyone interested in pre-season track workouts can notify mentor Bardo or Director Bill Murray. Coach Bardo stated that in the spring he could accommodate between seventy-five and a hundred fellows, if that number were interested.

Drexel Wins Over Delaware, 46 - 36

Holding a halftime lead of 20-15, the revised quintet of Delaware saw that edge erased as the Drexel five surged back in the latter half with 31 points against the Blue Hens' 16 to win the contest, 46-36.

Led by big George Barlow, who sank five field goals and four charity tosses for high-scoring honors of the evening, the U. of D. quint matched the Dragons point for point as each team racked up seven markers in the initial quarter of a fast-moving fray. Speeding up the pace, the Hens took a five point lead as the first half ended.

As the third frame opened the Drexelites gathered momentum, breaking through Delaware's zone and causing them to revert to man-for-man defense. With Harden and O'Hara pacing the attack, the Dragons gained a slim edge at the quarter, lengthening this lead in the final session. A fast, aggressive tilt, with both teams engaging in a give-and-take offense, the contest featured largely fast breaks and short, moving shots within close range of the goal.

With Barney Runcie accounting for 18 points on nine double-deckers, the J. V.'s nabbed a thriller after two extra periods by the close count of 37-35. The Hens' scrubs gained a 34-34 tie at the end of regulation time after a bad third period. Each team garnered a single marker in the first overtime session, and a Blue Hen field goal decided the issue in the second extra period.

Mermen To Meet Hopkins, Feb. 14th

Delaware's mermen, sporting a win and a loss to date, returned to the tank this week to tune-up for the Johns Hopkins meet on February 14th. The Hens dropped their first meet to Swarthmore on Jan. 15th, but bounced back to swamp Gettysburg two days later by a 58-16 count.

Swarthmore's squad of veterans didn't clinch a victory over the inexperienced Hens until they took the final relay and so won 43-32. Weldin, Thistlethwaite and Grier took first places for Delaware. Feature attraction of the evening—Walt Skallerup, Garnet dorsal ace, had to break Swarthmore's 150 yd. back stroke record to beat Bush of the Hens by an arm's length.

The Gettysburg meet was a picnic for the charges of Coach Bardo. Seven first places went into the 58 point score that every man on the squad helped compile. The Bulls took only 2 first places and 16 points.

Delaware's natators will splash it out with the Johns Hopkins mermen in the home tank on February 14th. Summaries:

Delaware vs. Swarthmore
300-yard medley relay—Won by Delaware (Bush, Weldin, Jarrell); second, Swarthmore. Time, 3:32.3.
220-yard free style—Won by Darlington, Swarthmore; second, Grier, Delaware; third, Frankel, Delaware. Time, 2:38.

50-yard free style—Won by Frost, Swarthmore; second, Pixton, Swarthmore; third, Cofer, Delaware. Time, 0:26.2.

Diving—Won by Thistlethwaite, Delaware; second, S. Kennedy, Swarthmore; third, Lohr, Swarthmore. Winning score, 76.54.

100-yard free style—Won by Frost, Swarthmore; second, Darlington, Swarthmore; third, Walton, Delaware. Time, 1:00.4.

150-yard back stroke—Won by Skallerup, Swarthmore; second, Bush, Delaware; third, Dougherty, Delaware. Time, 1:53.

200-yard breast stroke—Won by Weldin, Delaware; second, Ofeson, Swarthmore; third, Dickey, Delaware. Time, 2:53.5.

440-yard free style—Won by Grier, Delaware; second, Jarchow, Swarthmore; third, Catts, Delaware. Time, 5:10.9.

400-yard relay—Won by Swarthmore (Pixton, Scheuer, Darlington, Frost); second, Del. Time, 4:09.9.

Delaware vs. Gettysburg
300-yard medley relay—Won by Delaware (Bush, Weldin, Jarrell); second, Gettysburg. Time, 3:31.4.

220-yard free style—Won by Ryan, Gettysburg; second, Grier, Delaware; third, Frankel, Delaware. Time, 2:40.

60-yard free style—Won by Walton, Delaware; second, Cofer, Delaware; third, Norley, Gettysburg. Time, 0:34.5.

Diving—Won by Thistlethwaite, Delaware; second, Doherty, Delaware. Gettysburg forfeited.

100-yard free style—Won by Thistlethwaite, Gettysburg; second, Jarrell, Delaware; third, Heyd, Delaware. Time, 1:06.

160-yard back stroke—Won by Bush, Delaware; second, Ryan, Gettysburg; third, Dougherty, Delaware. Time, 2:05.

200-yard breast stroke—Won by Weldin, Delaware; second, Dickey, Delaware; third, Driver, Gettysburg. Time, 2:48.3.

440-yard free style—Won by Grier, Delaware; second, Catts, Delaware; third, Packard, Gettysburg. Time, 6:07.4.

400-yard relay—Won by Delaware (Cofer, Heyd, Jarrell, Walton); second, Gettysburg. Time, 4:18.2.

WAR NEEDS MONEY!

It will cost money to defeat our enemy aggressors. Your government calls on you to help now.

Buy Defense Bonds or Stamps today. Make every pay day Bond Day by participating in the Pay-roll Savings Plan.

Bonds cost \$18.75 and up. Stamps are 10¢, 25¢ and up.

The help of every individual is needed.

Do your part by buying your share every pay day.

Aggie News

By EDWARD LEGATES

As the second semester begins, the enrollment of the School of Agriculture has dropped considerably. Last term 86 students registered; this term the Dean's office reports only 70 students registering for the second semester. Many of the fellows have obtained jobs and a large number have joined our nation's armed forces. Robert Kalmbacker completed all his necessary courses for graduation in mid-term, and has accepted a position with one of the powder factories at Elkton, Maryland. More important, possibly, to Bob is the fact that he was just married last week.

Richard Jones, treasurer of the Aggie Club, and Arthur Krause both Juniors have been called to report for training in the Army Air Corps. Two sophomores, Milne Schmidt and William Whitty, also joined the Air Corps following their examinations.

Penn Isaacs, Sophomore Vice-President of the Aggie Club, in order to carry out his work as National Student Secretary of the Future Farmers of America, was unable to return this semester. Penn will attend a school for officer training at Washington, D. C., and subsequently he will visit various Future Farmer organizations and gatherings throughout the United States.

On Monday evening, February 9, at 6:00 the Aggie Club will hold its first dinner meeting of the term. President Hopkins urges everyone to be present to get our second semester program of work started. Also consideration must be given to the election of officers to fill the vacancies left by Richard Jones and Penn Isaacs. Following the business session, Cleveland Hastings, chairman of the Program Committee, has arranged a short program.

4 MODERNAIRES

WHAT'S NEW? Everything with the Modernaires, outstanding quartet of radio, one of the latest additions to Glenn Miller's "Chesterfield Moonlight Serenade." They sing everything swingable, swing everything singable. Left to right, Bill Conway, Harold Dickinson, Chuck Goldstein and Ralph Brewster give with a smile over C. B. S. airwaves.

DICK AYDELOTTE

Some mighty fine orchestra work combined with some extra special vocalizing gives a mighty fine platter for any record lover on Decca this week in the person of Woody Herman and his orchestra. Woody warbles sweetly "Blues In The Night" and "This Time the Dream's On Me!" Several bands have recorded the first mentioned tune but none have yet been able to touch Herman and his rendition of "My Mama Done Told Me."

ATTENTION — A month ago the University of Delaware was honored by having Glenn Miller and his orchestra salute the college on his Chesterfield program. This was a fine gesture and gave much publicity to the University. Let us really put Delaware on the map in real style. Here are the details:

When approached by a representative bearing a petition for you to sign, asking Fred Waring and his orchestra to write a fight song for your school in celebration of its undefeated football season—don't stop to think but sign immediately. If enough signatures are obtained this petition will be sent to Fred Waring, and with his cooperation and through this column, Delaware might have the honor of having a song written especially for it and played over the coast-to-coast red network of the National Broadcasting Company by Fred Waring on his college program Friday nights at 7:00 p.m. This request is being sponsored by this column. **ACT NOW**

AND SIGN WHEN ASKED.

If there are any questions to be asked regarding this petition deposit a slip of paper, with your question and name printed plainly on it, in Box No. 19, University Hall, or write to, Rollin' Round the Turntables, in care of THE REVIEW.

With the cooperation of the entire student body this idea can be carried out fully and many unexpected things can happen. **DON'T DELAY — SIGN TODAY!**

Purposeful Minds

Great minds have purposes, others have wishes. Little minds are tamed and subdued by misfortune; but great minds rise above them. —Washington Irving.

K ENLISTS

in the nation's defense effort

K — a type of carrier telephone circuit — is now being built into many miles of Long Distance cable lines to increase their capacity.

Engineers at Bell Telephone Laboratories developed this circuit which enables two pairs of wires in parallel cables to carry as many as twelve separate conversations at the same time.

K carrier is one of the ways we have found of adding a lot of long circuits in a hurry to meet defense communication needs. Such problems constantly challenge Bell System men with pioneering minds.

Quality
tells you it's
the real thing

You sense in ice-cold Coca-Cola a thing that is good — a pure, wholesome drink with the quality of genuine goodness. Coca-Cola delights your taste, gratifies your thirst and leaves you happily refreshed.
