PRICE SEVEN CENTS

Varied Events For New Year Scheduled At Newark YWCA

Mrs. Doris Nichols, YWCA Program Chairman, Advises "Start The New Year Right" By Participating In "Y" Activities Ranging From Art To Karate Instructions

"How about a new hobby, a new skill, or a new interest? Start The New Year right — sign up now and choose from a wide variety of classes, day or evening, starting Jan. 6," Mrs. Doris Nichols, YWCA program director, urges.

The "Y" is offering a course in decoupage, an ancient technique recently revised, on Thursday evenings from 8 to 10 with Mrs. Ruth Dorsman instructor.

Lane Casey will teach sculpture on Mondays from 10 to 1 and Thursday evenings from 7 to 10. Casey also will teach art history on Tuesday evenings from 7:30 to 9:30.

Pottery will be taught by James Gervan on Monday nights, 8-10 and Mrs. Nelson Kove will conduct a class in oil painting on Tuesday morning from 9:30-12:30.

The ceramics classes will be given by W. Gary Cautfield, on Tuesday night and Wednesday mornings.

Mrs. Gerald Miller will teach a class in beginning painting, all media, on Tuesday evenings and Mrs. Stewart Rachel will teach art on Wednesday mornings, and an art class for children 10:15 and Saturdays, 10 to noon.

Conversational Spanish, French

Conversational Spanish will be offered Wednesday, 1:30 — 3:30 p.m. for adults, by Mrs. Basil Djukich, a native of Uruguay.

Conversational French will be taught Wednesday mornings by Mrs. Abdel Bilash, 10-noon and French for children 8-10 will be offered Tuesday from 3:45 to 4:45 by Mrs. Bilash.

Instruction in guitar and recorder will be on Tuesday. Gene Clark will teach guitar for ages 6-17 at 2:45 p.m. and the recorder class will be conducted by Sarah Goldstein.

John Jackson will teach a class in furniture refinishing on Monday evenings and Mrs. Donald Stewart will offer a class on lampshades on Wednesday, 10-noon.

Little One's Workshop, with Mrs. Paul Semmelwitz will start next Monday for children with a 1964 birthday.

Learn to do needlework, crochet, sewing, needlepoint, braids and haircuts, with Mrs. Stewart Rachel on Wednesday from 1:30 to 3:30.

Physical Fitness

Mrs. Elbert Chance will teach trim-gym on Wednesday, and karate for physical fitness and self defense will be taught by George Taylor Monday evenings at 7:30, starting Jan. 15.

Homemaker's Holiday is offered every Wednesday with coffee and chatter from 9:30 to 10; classes, 10 to noon, and baby-sitting available.

Classes include ceramics, French, lampshade making, trim-gym and swimming. Beginning Jan. 15, there will be a speaker every Wednesday, and Mrs. J. C. Powell and Mrs. J.R. Boyer are chairmen of the luncheon committee.

Children's swimming classes will be offered for boys and girls on Saturday mornings beginning Jan. 10.

Chrysler Leader

Fleet Of 800 Cars Ordered For Use In North Carolina

The State of North Carolina has placed an order for 800 Plymouth Fury II four-door sedans with the Newark assembly plant of Chrysler Corp., bringing to 1,800 the total number of Plymouth passenger cars ordered by that state from the local plant during the past eight months.

C. E. Fowble, Jr., Newark plant manager, also announced new fleet orders for 174 more Plymouth Fury cars for the Commonwealth of Virginia and Montserrat, Guyana, Guyana, Guyana.

Fowble said the 800-car North Carolina order, of which 160 vehicles have been shipped, supplemented the latter part of January, for general purpose use by state agencies.

He said the current North Carolina order is for eight-cylinder, air conditioned general purpose vehicles to be assigned to state universities, boards of education, and the departments of agriculture and the motor vehicles.

The Virginia order calls for 151 Fury II four-door Plymouths to be delivered the latter part of January, for general purpose use by state agencies.

The third of the present local plant fleet orders is for 22 Fury I Plymouth sedans for the school board of Montgomery County.

3 NHS Students Address Kiwanis On DECA Program

Mary Jane Hayman, Jack Dolbow and Donna White, members of the Newark High School chapter of DECA (Distributive Education Clubs of America) attended a recent meeting of the White Clay Kiwanis Club and explained the meaning of distributive education and DECA.

The Kiwanians were told how they might help DE and DECA in the business community by providing training stations as work experience for DE students; serving as members of advisory committees for student manuals; and as guest speakers in classrooms.

John Ford, chairman of the Kiwanis guidance committee, will be working with the Newark chapter during the year.

Joseph S. Barker, White Clay Kiwanis president and plant manager of Nestor-Faust Manufacturing Corp. in Newark presiding at the meeting.

O'Daniel VFW Post, Cooper Auxiliary Have Annual Christmas Party For Own

After holding Christmas parties for children and senior citizens in various hospitals and other institutions, J. Allison O'Daniel VFW Post 475 and its Thomas Cooper Auxiliary held their annual party for their own children and grandchildren.

Due to temporary closing of the VFW Post Home, Community Service Chairman Dorothy Foster received permission from H. Lewis Miller, Newark special school director, to have the party on Saturday Dec. 21, in the cafeteria of the Downes School on Casho Mill Road.

"Mr. James, the principal, and Mr. Derrickson, custodian, were kind enough to let us use the tree from the main lobby that the children of Downes School had decorated," Mrs. Foster said.

After sending 14 gifts leave with his family Evans is scheduled to report to the USS Everglades in Charleston, S.C.

Newark Escapes Highway Deaths With Record Toll

Chief Haussler Cites Cooperation Of Public, Police Vigilance, Luck

While the State of Delaware suffered a record highway death toll of 149 persons during the past year, the City of Newark did not experience any fatal traffic accidents during 1968.

Police Chief Arthur S. Haussler attributed the good record to police vigilance, citizen cooperation — and luck.

A recent study indicated that more than 25,000 vehicles use the city's two main streets—Main Street and Delaware Avenue — daily.

Pedestrians include more than 7,000 students at the University of Delaware, in addition to thousands of elementary and secondary school pupils.

Newark had six highway fatalities in the past decade — one in 1967, three in 1966 and two in 1963.

The last highway fatality in Newark came more than 18 months ago, in June 1967, when a motorcycle ran off the road and the driver was killed.

The year produced the most deadly month on Delaware highways in history (October, with 24 deaths), and the most deadly quarter in history (October, November and December, with 47 deaths).

Of this year's 149 highway deaths, 61 occurred in suburban and rural New Castle County, 17 in the City of Wilmington, 31 in Kent and 40 in Sussex County.

Jeanne Dortwegt, Mrs. Harry Lloyd Dress Gift Dolls

Christmas gift dolls provided by Newark Post Pressman William H. Durham for needy little girls in foster homes, throughout the state, were beautifully dressed as a result of the skillful volunteer efforts of a group of local ladies.

Mrs. Jeanne Dortwegt, a native of Holland, and Mrs. Harry Lloyd of Annapolis Street in Newark, made clothing for 20 Christmas dolls, in a labor of love.

For several Christmas past, Mrs. Dortwegt has provided doll clothes for little girls in her adopted country, and her needlework skill has resulted in much happiness for youngsters at Christmas and throughout the doll-christening years.

This year, Mrs. Lloyd joined the Lady from Holland in making clothing for dolls donated to Bill Durham for Christmas giving — making the clothes and making the day for 30 little girls at Christmas-time.

\$500 Scholarship To Brenda Shrum As Queen Finalist

The University of Delaware's Brenda Shrum, a 20-year-old sophomore coed, won a \$500 scholarship as one of three finalists last Saturday in the National College Football Queen Contest in celebration of college football's 100th anniversary.

Brenda appeared on national television between halves of the East-West Shrine football game — and no queen ever appeared lovelier.

Barbara Specht of Texas Tech, however, was crowned National College Football Queen, and received the first place \$1,000 scholarship from the NCAA.

Miss Specht's selection over Delaware's Brenda Shrum, a member of Oregon State was announced and telecast at halftime of the East-West game.

At the close of nationwide mail balloting these three girls were the top vote-getters from an original field of 14 coeds.

S. Rodmond Smith, Jr. On Conservation Board

Ivan P. Hanson, vice-chairman of the New Castle County soil and water conservation district board of supervisors, announced that S. Rodmond Smith, Jr., has been elected by acclamation as a member of the board, Jan. 1, for a four-year term.

Smith has served on the board of district supervisors for 12 years and is serving as president of the Delaware Association of Soil and Water Conservation Districts.

Barbie Rhoades Attends Evangel College As Sophomore

Barbie Rhoades, daughter of Mr. and Mrs. William Rhoades, 8 Monticeny Drive, is among 881 students enrolled at Evangel College, Springfield, Mo.

A sophomore, she is majoring in English at the four-year college of arts, sciences, and humanities, church-related institution of the Assemblies of God.

Christmas Bikes Given By Bill Durham In Annual Project For Needy Youngsters

Christmas gift bikes — 25 of them, along with a trio of tricycles — were given by William H. Durham last week to boys and girls with no immediate and few future prospect of having their very own two and three-wheelers.

Aided by neighbor Albert Couden, Bill Durham labored long hours after regular work to rebuild, repaint, and recondition outgrown bikes donated during the year by sympathetic residents of the Newark area.

And at Christmastime, 26 youngsters experienced the delight that only that first bike can provide.

For more than a quarter-century, Bill Durham, veteran pressman for the Newark Post recipient of the "Outstanding Citizen Award" in 1968, and affectionately known as "Uncle Bill" to his legion of young friends, has provided Christmas bikes for youngsters whose families are unable to afford such gifts.

DST Plans Record 1969 Investment Of \$16.3-Million

Telephone Firm Announces Construction Program Rise Of \$900,000 For New Year

Diamond State Telephone Co. will invest a record \$16.3-million in new equipment and facilities in 1969 to provide improved communications services.

This construction program, about \$900,000 more than corresponding expenditures in 1968, represents some \$64,000 for each business day.

The 1969 construction program includes introduction of direct distance dialing in Delaware, Georgetown, Cambridge, Lewes, Millsboro, Milford, Ocean View, Rehoboth, Seaboard, Bridgeville, Greenwood, Laurel and Seaford. The project is scheduled for completion by September at a cost of more than \$1-million.

Purchase and installation of central office equipment throughout the state at a cost of more than \$5-million; additions to and modernization of outside plant facilities, principally cable routes, at a cost of more than \$5-million and some \$6.5-million for installation and expansion of service for new and present customers are included in the program.

The number of telephones in service in Delaware reached 337,000 at the end of 1968, a record increase of 21,000 during the year.

During 1968, Diamond State and its Western Electric manufacturing and supply unit of the Bell system, channeled more than \$11-million in to the economy of Delaware through payroll and purchases.

The payroll, highest in company history, totaled \$13-million, compared with \$12.5-million in 1967.

During the year, Diamond State bought \$4.5-million in goods and services from 750 Delaware suppliers.

George Barlow Graduates In Navy Basic Training

Seaman Apprentice George E. Barlow, son of Mr. and Mrs. George E. Barlow, Jr., of 9 Tuttle Lane, Newark, has graduated from nine weeks of basic training at the Naval Training Center in Great Lakes, Ill.

In transition from civilian life to naval service, he received instruction under veteran Navy petty officer, studied seamanship, survival techniques, military drill and other subjects.

Exline To Direct Project For Phd With \$90,000

The University of Delaware's psychology department has received a \$90,000 grant from the U.S. Public Health Service.

The five-year development grant is to develop a Ph.D. program in social psychology within the department.

Dr. Ralph Exline, who will direct the program, said funds would permit training four students each year and support their research projects.

Jan Hadley At San Diego Graduates As Navy Recruit

The U.S. Navy Recruiting Station at 6th & King Streets, Wilmington, announced that Airman Apprentice Jan S. Hadley, son of Mr. and Mrs. George C. Hadley, 200 W. Wilshire Lane, Newark, has graduated from nine weeks of recruit training at the U.S. Naval Training Center, San Diego, Calif.

After spending 14 days leave with his parents, Jan is to report to the Helicopter Assault Carrier USS Tripoli.

Airman Apprentice Hadley is a 1967 graduate of Newark High School.

Mrs. Etta Wilson Continues Project For Gift Baskets

Needy Families Receive 81 Christmas Baskets With Community Effort

Mrs. Etta C. Wilson of 52 Kells Avenue perpetuated the Newark Area Welfare Committee custom of providing Christmas gift baskets of food, clothing and toys for needy local families by coordinating efforts that resulted in the filling and giving of 81 baskets last week.

With the loss of the Thrift Shop, a major source of revenue, and denial of the annual \$1,000 appropriation from the City of Newark because of its activities beyond the city limits, the Newark Area Welfare Committee had abandoned the 1968 Christmas basket project — a community service headed by the late Mrs. J. Harvey Dickey for some 30 years.

Mrs. Etta Wilson decided to do what she could to coordinate community efforts in continuing to provide Christmas baskets for those in need — and 81 gift baskets are the result.

Local schools contributed 3,600 cans of food; the Scouts, various churches, and other groups, DuPont engineering department employees, college students, individuals and businessmen gave to the cause — and 81 families received Christmas gift baskets that they would otherwise have been denied.

Mrs. Wilson disclaimed any credit for leading this project of Christmas giving.

"I had nothing to do, anyway," she Kells Avenue lady said.

"It was wonderful to just see so many people working together — for others."

Richardson Firm Expands Services In Water-Air Use

Extended services in the fields of water use and water and air pollution management and control are offered in the Delaware Peninsula as a result of a cooperative business affiliation established between Edward H. Richardson Associates of Newark and Resources Engineering Associates of Stamford, Conn.

Edward H. Richardson, president of the consulting engineering firm bearing his name, said that his staff of professional engineers, land surveyors and planners located in principal offices at the Robert Buildings in Newark, and in offices at Dover and Pocomoke City, Md., has been engaged in the first joint action of the association with a study of metallic wastes for NYPE Co. whereby industrial pollutants will be analyzed and facilities designed for the Yorklyn plant.

This is designed to abate the water pollution problem in the Yorklyn area, and contribute to removal of industrial pollutants from Red Clay Creek.

50 Administrators For 20 Hospitals Complete Course

Fifty top hospital administrators from 20 hospitals, mostly in Delaware, completed the hospital personnel management course offered by the University of Delaware extension division in cooperation with the Association of Delaware Hospitals.

The 12-week non-credit professional development course covered 24 hours of coursework with separate classes in Newark and Milford.

George W. Chartrand, training consultant with the U.S. Department of Labor, was instructor in Newark.

The course in Milford was instructed by Arthur B. Wilson, training coordinator for the Wilmington Medical Center, and Donald M. DeForest, labor relations supervisor at Chrysler Corporation.

A companion course for middle supervisory personnel will begin Friday, Jan. 31, for 12 weeks from 2 to 4 p.m. each Friday in the Student Center at Newark and at Milford Memorial Hospital.

Chartrand will conduct the course in Newark.

Those interested in taking the course may call the Association of Delaware Hospitals.

Newark Schools Adopt Creative Drama With Tri - University English Project

The Tri-University English Project in elementary education at the University of Nebraska is being implemented in the Newark special school district, according to Mrs. Mildred B. Shields, district English supervisor.

The project has recommended creative drama to build skill in oral expression. The idea is that oral language ability of children grows out of drama experience, in which the child explores and learns to use imaginative powers. There are no props, no stage furniture, no cost, no scripts.

The procedure follows an introduction — motivation — planning — playing — evaluating sequence.

For the introduction phase the teacher prepares the children to become absorbed in creative drama through such preliminary warm-up activities as physical exercises, a game, or a relaxing, imaginative exercise.

The lesson proper, includes a motivation period that specifically helps the child to become involved in the material which the teacher is about to present — a story, poem, or idea.

After the material is presented, children plan the activity, deciding how to develop one character, then another, and finally putting them together in a scene. At an appropriate time they may add dialogue. Finally, the class evaluates their acting.

This procedure is not intended to produce acting skill but rather to help children become more aware of life, see their physical surroundings with delight, and acquire more faith and confidence in themselves.

The increase in language flow and the growth in vocabulary are outcomes of a process in which the mind becomes free so that ideas are drawn up lightly and flexibly, and the children are creative to discover material for original

LWW To Sponsor Open Forum On Local Recreation Program

Newark League Of Women Voters To Present Panelists With Mrs. Harry Hutchinson, Moderator For Audience Participation Program Next Thursday Night At YWCA

An open forum concerned with development of recreational programs and facilities in Newark will be held at the YWCA on South College Avenue next Thursday at 8 p.m., sponsored by the Newark League of Women Voters as part of the league's continuing effort for active citizen participation in government. The forum will feature a panel discussion and audience participation.

Kuscher To Direct "Tea & Sympathy" For Drama Group

Local Community Theatre To Present Broadway Hit At Mitchell Hall, Feb. 5-8

"Tea and Sympathy," which ran for two years on Broadway and featured Deborah Kerr and Lief Eriksen, will be the next major production of the University Drama Group. Directed by Howard Kuscher, it will be presented in Mitchell Hall, Feb. 5-8, with Kevin McCann featuring as the father, sensitive student, and Lorraine Beaver as the understanding wife of the swarthy house-master in a small New England boy's preparatory school.

Charles Hicks has the role of the boys' housemaster — the man who in his professional he-manism leads the persecution against the sensitive boy, and so leaves a hint that he may be protesting too much on this subject.

Others in the cast of this drama will be Frazer James as the boy's father; Rene O'Leary as the next door neighbor and friend of the housemaster's wife; Richard Robinson as the boy's loyal but troubled roommate; Eddie Fischer, Rieley Davies and Scott Horst as fellow students; and Bob Cornelius as one of the teachers in this small boys' school.

The league has sent invitations to various organizations and to Mayor Norma B. Handloff and city councilmen, as well as to State Sen. Everett Hale and State Rep. John G. S. Billingsley, and to Glenn Smoot, state director of recreation. The public is invited to attend.

Off-Duty Officer Arrests 4 Youths For Theft Of Car

An off-duty Newark policeman apprehended four youths last Thursday night in a car police said the boys took from Rockhill Pontiac, Newark.

Patrolman Barry Zehnder said he saw the boys — two of them 16 years old, one 15 and one 17 — moving the vehicle from the used car section of the lot to the back of the building as he was driving home from work at about 11:30 p.m. Zehnder apprehended them in a field behind the Rockhill building.

Police said one youth was charged with grand larceny and another with conspiracy to commit grand larceny.

They were released to their parents for hearings in New Castle County Family Court.

Frosh. Transfers From 21 States Attend University

Freshmen and transfer students enrolled for the first semester at the University of Delaware come from 21 states.

Delawareans predominate with 722 per cent of those enrolled. Neighboring states placed the bulk of their students.

There are 11.6 per cent from Pennsylvania, 7.8 per cent from New Jersey, and 3.5 per cent from Maryland.

Only 3.5 per cent came from other states, and 1.4 per cent from foreign countries.

Total undergraduates came from 24 states with Delaware, 71 per cent; Pennsylvania, 11.4 per cent; Maryland, 3.9.

Seaman Apprentice Wolfe Slated For Boston Duty

Seaman Apprentice Robert Allan Wolfe, son of Mr. and Mrs. Robert H. Wolfe of 32 Argyle Road, Newark, has graduated from nine weeks of recruit training at the U.S. Naval Training Center, Great Lakes, Ill.

Wolfe is scheduled to report to the USS Boston in Boston.

Seaman Apprentice Wolfe is a 1966 graduate of Christiansa High School.

Rebecca Pott At Kenka In Student Teacher Field

Rebecca Pott, daughter of Mr. and Mrs. Richard M. Pott, Jr., 421 Beverly Road, Newark is one of 701 students from Kenka College, N.Y., participating in the college field period.

Miss Pott is observing and student teaching at Penn Yan Academy, N.Y. She is a junior at Kenka.

Services were conducted Saturday afternoon at the Robert T. Jones & Son Funeral Home with interment in Newark Cemetery.

Mrs. Mildred B. Shields

Social Events

ANNA LOUISE PERKINS JOHN P. HINTON WED

Miss Anna Louise Perkins and John Philip Hinton were married Friday, Dec. 27, in Newark United Methodist Church, by the Rev. R. Jervis Coats. A reception followed at Wilkett Center.

Parents of the couple are Mr. and Mrs. Lowell Ray Perkins of Newark and Mr. and Mrs. Joseph Howard Hinton of Mechanicsburg, Pa.

Given in marriage by her father, the bride wore a gown of ivory peacock silk trimmed with Chantilly lace. She carried a bouquet of roses, stephanotis and orchids.

Maid of honor was Miss Mary Woodmansee of Philadelphia.

Bridesmaids were Miss Susan Brooks of Boston, Mass., Mrs. J. Terence Burns and Miss Valerie Phillips, both of Alexandria, Va.

Best man for his brother was James Hinton of Mechanicsburg.

Ushers were John Kiesel of Scarsdale, N.Y., Charles B. Perkins of Newark, brother of the bride, and Bruce Travis of Mechanicsburg.

The bride graduated from Ohio Wesleyan University where she was a member of Delta Gamma sorority.

Also a graduate of Ohio Wesleyan University, the groom was a member of Delta Tau Delta fraternity. He is a teacher in the Urbana (Ohio) City Schools.

Following a wedding trip, the couple will reside in Urbana.

PAINT PRESERVATION
Paint galvanized steel roofs, rain gutters and downspouts to improve appearance, increase heat reflection and prolong steel life, advises Ernest W. Walpole, assistant professor of agricultural engineering at the University of Delaware.

A June wedding is planned.

KATHLEEN F. GLIWA TO WED J. W. EVERETT

Dr. and Mrs. Edward F. Gliwa of Newark announce the engagement of their daughter, Miss Kathleen Frances Gliwa, to James Wayne Everett.

Mr. Everett is the son of Mr. and Mrs. James L. Everett of Paper Mill Road, Newark.

Miss Gliwa is a graduate of Christiana High School and is a student at Crutcher College, Pa.

Her fiancé, also a graduate of Christiana, is attending the University of Delaware.

**MISS REBECCA FOULK
ENGAGED TO T. E. COHER**

Mr. and Mrs. Raymond M. Foulk, Jr., of 215 North Star Road, Newark, announce the engagement of their daughter Miss Rebecca Foulk, to Timothy E. Coher, son of Mr. and Mrs. Thomas L. Coher of St. Michaels, Md.

Miss Foulk, a graduate of Alexia L. du Pont High School and Golden Beacott Junior College, is employed as a secretary to the state medical examiner.

Her fiancé, a graduate of St. Michaels High School, attended the University of Pennsylvania; served in the Navy, and is employed by Seaboard Finance Co.

A June wedding is planned.

BEHIND YOUR HEALTH
H. E. Kingman, Jr., D.V.M.

Medical scientists are "re-discovering" the pig. Centuries ago pigs were used to map the circulatory and nervous systems of mammals, but in more recent times investigators seemed to lose interest in the animal.

Such a marked similarity exists between man and pig that miniature pigs, especially bred to weigh about the same as an average man, are among the most sought after research animals.

Pigs are used to set dietary standards for infants. A diet sustaining healthy growth of the pig—which matures rapidly and has similar but more stringent nutritional needs than a human infant—is likely to be more than adequate for the growth of a human baby.

Pigs are also used to study cardiovascular disease. Like man they develop atherosclerosis spontaneously. Recently scientists have found that high cholesterol diets fed to swine accelerate the development of the disease.

In a related area, pigs are being employed increasingly in surgical research involving the heart and blood circulation. Heart valves from pigs have actually been transplanted into humans.

Swine are even useful in dental research. Their teeth are only slightly larger than ours and they also get "baby teeth" which make them a valuable model for the study of children's dental problems.

Similarities between man and pig are leading a number of scientists to conclude that the key to understanding a variety of human ailments may lie in studying the "mini pig."

For a free pamphlet on cardiac surgery write: National Society for Medical Research, 1330 Massachusetts Avenue, N.W., Washington, D.C. 20005.

Pageant Director

Betty Mitchell

Mrs. Betty Mitchell has been named executive director of the Miss Delaware Pageant, according to President Richard W. Hackitt of the Delaware Beach Chamber of Commerce.

The chamber again will officially sponsor the pageant on June 27-28. Gayle Freeman of Brandywine College, Wilmington, is the current Miss Delaware.

Stop hunger — Start progress

The underdeveloped nation are in a race with time. While they struggle to catch up with modern progress, mankind's oldest enemies do their damage now.

Hunger and malnutrition kill 10,000 persons a day, maim children for life—stunt their bodies, deaden their minds. Needless diseases cripple and weaken many more. Lack of education and training doom young people and adults to a hopeless cycle of poverty.

America would not be America if we closed our hearts to human agony at home or abroad. CARE is a way to reach the needy in countries whose resources are far less than our own.

Your contribution does more than keep people alive. CARE's Food, Self-Help and

Mexico programs help the hungry grow self-sufficient. Health, education, food production, job training, construction of community facilities from schools to roads and water systems—these are the supplies and services CARE provides in the name of the American people.

Your dollars are multiplied by those you help: local governments share operating costs, and community groups give what they can in materials and volunteer labor. Our Government gives farm abundance for many of the feeding plans.

Every dollar can serve lunch to 90 children... \$10 treats 14 patients at a clinic... \$300 per classroom can buy materials for parents to build a school.

Let George do it...

(or Tom)

(or Franklin)

Go ahead, pass the buck. Pass just a few bucks from each paycheck as a loan to George and his friends. Your Country needs the help that only you can give by buying U.S. Savings Bonds where you work or bank. And it's such a very easy way to save.

Introduce yourself to George this month for just \$18.75. Then get acquainted with Tom and Franklin. And maybe someday you'll even get to know Theodore. (He's on the \$10,000 Bond.)

Newark, Delaware, 19711, Thursday, Jan. 2, 1969

HOSPITALS AT CHRISTMAS

For the first time, we had two Christmas dinners in one day, and the first of these was as a dinner guest of the Wilmington Medical Center Memorial Division Food Service Department.

A cheerful little card printed in green ink with a Santa Claus and Christmas candle announced that "Christmas Day dinner will be served to guests in patient rooms at noon time, Dec. 25. Please arrange with the Head Nurse on the floor if you wish this service."

So we had Christmas dinner with the Lady of the House, after all, in her hospital room. And it was a classic Christmas dinner of fresh fruit cup, roast turkey with dressing, giblet gravy, cranberry sauce, candied sweet and mashed potatoes, creamed onions, buttered green peas, assorted relishes, cloverleaf rolls, fruit cake, mints, nuts — cashews and salted almonds, too — and coffee.

With the immense task of serving hundreds of patients three hot meals daily, hospital food personnel receive little acclaim. Menus, the quality of the food, its preparation and service come in for unfavorable comment by persons normally appreciative but made harsh critics as a result of physical and mental problems with general loss of appetite.

This Christmas guest, however, had a hearty appetite and was feeling fine. He never had a better Christmas dinner — nor appreciated one more.

Although all of us would prefer something other than the need for hospitalization at Christmastime, nowhere is the true spirit of Christmas more radiantly, reverently evident than in a good hospital. And from personal experience, we speak of the Delaware and Memorial divisions of the Wilmington Medical Center as classic examples of good hospitals completely in harmony with the wonderful words "Glory to God in the highest, and on earth peace, good will toward men."

Christmas trees are trimmed and lighted; the Manger scene, angels, and toy Santas appear along with window paintings, and displays of greeting cards — and on Christmas Eve when every professional and volunteer aide on the hospital staff would have preferred to be off duty, each was bright and cheerful without any evident reluctance for the holiday assignment of self-sacrifice in helping others.

George Schrader Of Landenberg, Pa. Dies At Age Of 55

George V. Schrader, 55, of Landenberg, Pa., died in Memorial Division last Friday afternoon after heart trouble for the past seven years.

Mr. Schrader, born near Summit

Bridges, had lived in Landenberg for the last 23 years. He worked until 1961 as a carpenter for Harold Stanley, Newark builder.

He is survived by his widow, Mary E. Schrader; two sons, George V. Jr., of Brookside, and William B. of Landenberg; a daughter, Mrs. Mary E. Lloyd of Newark; his step-mother, Mrs. Florence Schrader of Newport; two brothers, James and Ernest Schrader, of Newport; two

YOUNG MEN, HAVE YOU HEARD? THE U. S. MARINE CORPS HAS NEW ENLISTMENT TERMS

The Marine Corps has modified its length of enlistments to meet an authorized 30,000 increase in personnel strength. This new expansion makes possible a two-year active duty assignment for a limited number of volunteers.

Now you can be an "active-duty Reservist." It works this way: you volunteer as a Reservist, serve only two years on active duty and then revert to an inactive Reserve status. Three and four year enlistments are also available.

Maybe you've thought you couldn't "make the grade" as a Marine. Well, 95 percent of the men who enlist do make it because they respond to the fine training and the exceptional spirit of the Corps.

You'll be proud to say: "I am a Marine."

Your local Marine recruiter is:
Gunnery Sgt. Paul R. Seavy
U.S. Custom House
6th & King Streets
Wilmington

Ask your Marine Corps representative for details.

Wm. R. Thomson Funeral Services Conducted Friday

William Ross Thomson, 67, of 400 Vassar Drive, Newark, died Christmas Eve at Delaware Division after an illness of three weeks.

Mr. Thomson, a native of western New York, was a retired mechanical engineer and had been with the technical service department of the University of Delaware. He was in the Coast Guard Auxiliary during World War II.

Mr. Thomson lived in Swarthmore, Pa. for 25 years and had lived in Delaware for 10. His wife Helen A. Thomson, died 18 months ago.

He is survived by son William A., with whom he made his home; two daughters, Mrs. V. W. Plumpton of Old Bridge, N.J., and Mrs. John H. Davis of Cherry Hill, N.J., and 12 grandchildren.

Memorial services were held Saturday morning at the Warwick Funeral Home, Newark.

Interment was in Warsaw, N.Y.

Gardner Reports Increase In Quarterly Dividend

Directors of Delaware Power & Light Co. declared a quarterly dividend of 27 cents per share on common stock payable Jan. 31, to stockholders of record, Jan. 7, 1969.

The dividend represents an increase of one-cent per share over the quarterly dividend paid last Oct. 31.

Austin T. Gardner, DP&L president, said that current earnings and long term outlook warrant the increase.

6 STEPS TO SAFER WINTER DRIVING

By Professor A. H. Easton
Director, Motor Vehicle Research Laboratory
University of Wisconsin

1. Get the "feel" of the road by accelerating carefully to see if wheels spin, or brake gently to see if they skid. Reduce speed accordingly.

2. Increase your following distance. It takes three to nine times as far to stop on snow and ice as on dry pavement.

3. "Pump" your brakes to slow or stop—don't jam them on. An intermittent pumping action three to five times per second keeps the wheels rolling and helps maintain steering control.

4. Have good tires with good treads. Better yet, use snow tires which provide half again as much pulling power in snow as regular tires. Studded snow tires offer still more help on icy surfaces.

5. Always carry reinforced tire chains in the trunk of your car for use during severe snow and ice conditions. They provide four to seven times as much traction on snow or ice as regular tires.

6. Keep your windshield and windows clear at all times. Replace streaking wiper blades gone dead from exposure to sun, wind and oily road film. Be sure that your windshield washer solution contains adequate anti-freeze.

second; and Mr. and Mrs. Berry of 346 North Dillwyn Road, third prize.

Honorable mention was awarded to Mr. and Mrs. Weber, 14 Winnwood Road; Mr. and Mrs. Stewart, 120 South Dillwyn; Mr. and Mrs. Majoch, 24 Ferncliff; and Mr. and Mrs. Novak, 22 Newbrook Road.

On Christmas Eve, following a custom of past years, Santa visited homes in the area. The four Santas — Bill McLean, Jack Thompson,

Bill Karpovitch and Jim Jamison visited 43 homes with a total of 90 children.

Anthony Bolin Attends State Farm Claim Course

Anthony F. Bolin, 25 Lynch Farm Drive, Newark, has returned after two-weeks at Bloomington, Ill., where he attended an insurance claim management course at corporate headquarters of State Farm Insurance.

Bolin is a claim supervisor for State Farm at the company's South Philadelphia Service Center.

John R. Edwards, III Graduates At Great Lakes

The U.S. Navy Recruiting Station at Wilmington, reports that Airman Apprentice John R. Edwards, III, son of Mr. and Mrs. John R. Edwards, Jr., of 1 Ridge Avenue, Newark has graduated from nine weeks of recruit training at the U.S. Naval Training Center, Great Lakes, Ill.

After spending 14 days leave with his parents Airman Apprentice Edwards is scheduled to report to Naval Aviation Ordnance School at Jacksonville, Fla.

Edwards graduated from Newark High School before entering the U.S. Navy.

Ask Dr. QUIZMEE ????

If you are the first to submit a question which Dr. Quizmee, our information specialist, answers in this column, we will present to you, free, the complete, illustrated, 25-volume set of Funk & Wagnalls Standard Reference Encyclopedia.

Mail your questions to Dr. Quizmee in care of this newspaper. The winners of the encyclopedia for this week are: Richard Petretti, for asking: "Did Galileo really invent the telescope?"

The invention of the telescope was doubtlessly accomplished in Holland, but determining the actual inventor is a matter of controversy. The honor is usually given to Galileo because he was the first to describe it and exhibit it in complete form.

Mrs. Norma Wilkiewicz, who asked: "Which beverage contains the most caffeine — coffee, tea, cocoa, or cola?"

Coffee contains the most. For a five-ounce serving, the average caffeine contents—varying according to the strength at which the beverage is prepared—are as follows: Coffee, 100 milligrams; tea, 50 milligrams; cocoa, 2.1 milligrams; cola, 37.5 milligrams.

Irene Regier, whose question is: "What kind of money was first used by the founding fathers after our country won its independence?"

Congress passed the first Coinage Act in 1792, establishing the Mint at Philadelphia and directing the production of gold and silver coins. Before that, the Continental Congress issued paper notes to finance the Revolution.

AMERICA'S LEADERS

COLON BROWN, one of America's most ingenious authorities on urban rehabilitation, and head of one of the world's biggest building materials firms, was 31 years ago a clerk!

In high school, he flattened an opposing football player on the field, argued with the opponent's girlfriend after the game, but eventually made friends with the girl and married her!

As Chief Executive Officer of National Gypsum Company, Brown successfully pioneered a new approach to rehabilitating single family homes for ownership by low income families. He is convinced that more than 300,000 homes each year can be saved from the bulldozer and modernized for city dwellers by private enterprise.

Although his company is already selling \$250,000,000 worth of building products a year, Brown is expanding the company into huge new residential and commercial construction fields.

His ability to think ahead, get the job done, and earn recognition for National Gypsum as a good corporate citizen has made Colon Brown one of America's Leaders.

Donald R. Davis Completes Famous Artists Course

Donald R. Davis, 7 Mars Road, North Star, Newark, has graduated from the Famous Artists Schools of Westport, Conn.

Davis specialized in commercial art and illustration during his three-year course with this home study school.

Directing the art courses is a faculty of artists including Norman Rockwell, Austin Briggs and George Giusti.

Basic Engineering Course Slated To Begin Jan. 8

A course for engineers desiring renewed understanding and competence in basic engineering subjects will be offered by the University of Delaware beginning Jan. 8. The course also is designed to prepare candidates for the engineer-in-training examination.

There will be 12 weekly meetings from 7 to 9:45 p.m. on Wednesdays in Room 225, Wolf Hall.

Safe Driving Tips

PICK SAFE HIGHWAYS. On your next motor trip, if you have an alternate route, pick the divided highway protected by a tough steel median barrier to prevent cross-over head-on collisions. Such accidents cause 16.7 percent of all highway fatalities, have been responsible for 120,000 deaths in the last two decades. Divided highways with protected medians are three times safer than ordinary roads.

FASTEN YOUR SEAT BELT. Last year, 8,000 persons who lost their lives in highway accidents would be alive today had they worn seat belts, says the National Safety Council. Another 2,000 motorists who were in serious accidents in which they might otherwise have been killed, are alive today because they were wearing their seat belts when the accidents occurred.

"DEFENSIVE DRIVING," are watchwords of the National Safety Council. This meaning is simple: drive your car as well as you can, but leave a margin of safety between you and the driver in the next car. He may do the unexpected. Be prepared for it.

Dr. QUIZMEE

If you are the first to submit a question which Dr. Quizmee, our information specialist, answers in this column, we will present to you, free, the complete, illustrated, 25-volume set of Funk & Wagnalls Standard Reference Encyclopedia. Mail your questions to Dr. Quizmee in care of this newspaper. This week's winners of the encyclopedia sets are:

Nancy Elmore, who asked: "How many people have been elected to the Hall of Fame, and who were the last ones elected?"

Elections are held every five years. In 1965, those elected were Jane Addams, Oliver Wendell Holmes, Jr., Sylvanus Thayer, and Orville Wright, bringing the total to 93.

Elizabeth Jenkins, for asking: "When were mirrors first used and how were they made?" Mirrors of polished brass were mentioned in the Bible. Polished bronze was used by ancient Egyptians, Greeks and Romans. Glass mirrors of crude construction were first made in Venice in 1300. And German chemist Justus von Liebig was the first to apply a solution of silver to the back of the glass in 1836.

Anne Schatz, whose question is: "Why are some states, such as Virginia and Pennsylvania called 'commonwealths'?" Because at the time that these states—and Kentucky and Massachusetts—joined the Union, they were known as commonwealths. After becoming states of the U.S., they simply chose to keep this designation, possibly to denote their colonial status. Actually, the designation is a misnomer.

69 GOOD REASONS TO SHOP A&P IN '69

Friendly, courteous service.

Our total guarantee of quality. No matter who makes it, if A&P sells it, A&P guarantees it.

Our Rain Check policy. If we run out of a "special", you can buy the item the next week at the special price.

"Super-Right" Quality Beef. Some beef graded U.S.D.A. Choice does not meet A&P's specifications.

Fair, honest pricing and labeling policies.

Full variety of nationally advertised brands.

12 famous brands you can't buy anywhere else... quality brands like A&P, Ann Page, Jane Parker, Super-Right, Cap'n John's and Eight O'Clock. All value-priced...all as good as or better than their nationally advertised counterparts.

52 weeks of savings. We've resolved to give you the best value for your money every week of the year.

You say that adds up to 70 good reasons for shopping A&P...not 69? Sorry about that.

COPYRIGHT © 1968, THE GREAT ATLANTIC & PACIFIC TEA CO., INC.

"If there's one God, why are there so many religions?"

That's a question that has plagued thoughtful people for centuries. Religions often have seemed to divide men rather than join them—which could hardly be God's will. In our time, so full of wonders, we're witnessing what may be the greatest wonder of all: the growing force of

Inter-faith understanding. It seems to promise a fuller flowering of God's hopes for man. You and me. Great new things are happening in churches and synagogues these days. But find out for yourself. This week. Then take your strengthened faith out into the world—and put it to work.

Yellowjackets Cagers Face Wilmington With Friday Home Stand Season Opener

With four letters from last season's state championship tournament finalists — the Yellowjackets were defeated by P. S. du Pont for the state crown — Coach George Pitnick has announced his five starters for this Friday's basketball season opener with Wilmington High in the Newark gym.

Pitnick in his first season, succeeded Francis Fulghum as Newark High School head basketball coach. The Yellowjacket front five feature letterman Gary Hayman, Bob Tucker, Pedro Swann and Gary Laidig.

Chris Dunn with varsity experience, is the fifth starter. Pitnick's varsity squad includes Al Brayman, Don Stinski, Tom

"They had 40 fish on the ice before I had a strike," Gunner Gun Tagmon, Delaware's white marlin champion and former machine gun triggerman with the U.S. Army in the ETO of World War II, said of his recent rigorous ramble with Kinsey Reynolds and Frank Uniatowski over the ice of Cera Cove off the North East River at the headwaters of Chesapeake Bay.

Gus in a shivering switch from the heat of July sunbathing over the Atlantic Ocean off the Delaware coast while a wild white marlin caused additional perspiration to pour from the Tagmon brow, has become an ardent fisherman, thanks to tutelage of veteran fishermen W. Paul Gainer, Big Jim Kelly, Reynolds and Uniatowski.

Last Thursday night after a critically cold, windy day, Gus Tagmon dropped by this editor's house to shake out a box of thawing, flapping fish onto the paving of Academy Street behind the open trunk of his car.

A beautiful green-gold large-mouthed black bass of an even, honed four pounds was followed by 17 big, silver-striped and red-finned yellow perch.

"They're for you — if you want 'em," Mr. Tagmon said. "I've got a freezer full."

For a fisherman who likes to eat as well as catch fish, and who has been out of action for a couple of long months, the gift of Gus Tagmon's Christmas gift bicycles to a likeless youngster, and as rapidly received as one of Mrs. Etta Wilson's Christmas baskets to a family with a bare cupboard.

No fish ever looked better — and they tasted the same way. "I was using what I thought might be catch fish," Gus said of his trip last Thursday over the Cera Cove ice.

"But when Kinsey and Frank came me on the short end of a 40-count, I decided to get with it."

Getting with it, involved the use of a small, golden metal minnow with a tuft of red yarn on a tail hook.

Gus began to catch yellow perch, and then came the four-pound bass — a fabulous fish at any time, any

Coach Ken Klimek Announces Viking Varsity Wrestlers

Coach Ken Klimek's Christiana High School wrestlers open the season this Saturday with visiting Central, and preliminary jayvee matches are scheduled to begin at 1 p.m.

Klimek has announced his 11 varsity starters, and pending postponement of the opposition, the Vikings are without a heavyweight.

Mike Burke and Bob Boyle are a two-up for the 180-lb starting spot, but Klimek says neither is big enough to throw in with a big heavyweight.

The Viking varsity includes Carl Sharp, 95-lbs; Harley Hall, 103; Don Hopper, 112; Bob George, 120; Roger Reed, 127; Jim Rager, 131; Tom Kee, 138; John Horney, 143; Randy Glimes, 154; Harold Reisinger, 165; and Burke or Boyle, 180.

Following Saturday's opening, Klimek's Viking nation meet McKean away on Wednesday at 8:30 p.m.

Saunders, Brown Pace NHS Alumni In Edging Varsity

Former Yellowjacket stars Norris Saunders and Mark Brown now playing out of Delaware State and the University of Delaware, returned to the Newark High School gym last week to pace the Alumni with 23 and 22 points to a 95-91 win over the current crop of Yellowjacket cagers.

All-State Ed Gary Hayman led the Newark varsity with 35 points—12 field goals and 11 out of 14 from the foul line — and his All-State football teammates, Pedro Swann and Bob Tucker provided 17 and 15 points as the Yellowjackets dropped a high scoring thriller to their predecessors.

Bradley Lane Wins Twice For Hens In Mat Tourney

Wilkes-Barre, Pa. — All 10 of Coach Paul Billy's Delaware entries in the Wilkes Holiday Wrestling Tournament were eliminated Friday in the first three rounds.

Blue Hen Bradley Lane, a former Newark High School champion, won two matches before losing 4-1, 4-3 in overtime in the quarter-finals.

Delaware Heavyweight Marty Weikert lost in the second round by a referee's decision.

where — and a particular prize when taken in late December through a cold hole in the ice.

"What'll he weigh?" we asked the ice fisherman still shaking a bit after the big bass and the brutal, blowing blizzard.

"Four pounds!" Mr. Tagmon said about, while the recipient of this fish bonanza conservatively estimated three, although the bass looked like a five-pounder.

And Gus is an expert estimator — or he had weighed the fish before. It hit four pounds, right on the nose.

We've fished along with Gus Tagmon through the ice before — when an occasional yellow perch was a real prize — and inquired as to the sources of the fish.

Reynolds and Uniatowski with their catch of yellow perch and several bass to rival that of the four-pounder.

"They fish only a few minutes without a strike — and then move on," Gus said.

"When one of them gets a fish, the rest move in and cut holes around the area. When the fish stop hitting, we move on."

"The fish seem to hit on a rising tide," Mr. Tagmon continued. "When the tide's not right — no fish."

"And use one of those golden minnows — with the red yarn," Gus concluded, convinced.

The 1968 Cape May County Fishing Tournament opened with this New Year and anglers fishing Jersey Cape waters will have 363 days of fishing competition and fishing pleasure, according to Anthony T. Catano, director of Cape May County's department of public affairs.

Prizes will be awarded for the largest fish caught with 30 species of fish eligible for prizes, in the Jersey Cape year-round tournament.

Anglers are reminded that there are no advance registrations or entry fees. For a list of contest rules and official weighmasters, write Department of Public Affairs, Box 368, Cape May Court House, N.J. 08210.

THE NEWARK POST

Eight

The Newark Post, Newark, Delaware, Thursday, January 2, 1969

OFF AND RUNNING by John I. Day Oddenda 1968

Centennial Park has its annual visitation by a flock of Canada Geese and Aqueduct has its less welcome sea gulls, but Hollywood Park, already amply equipped with a flock of geese, was visited briefly this year by a fowl of another feather, a rare African Grey Hornbill, a dropout from the Los Angeles Zoo. . . . Apprentice Jockey James Curry will vouch for the advantages of an education; he was granted an 87-day extension of his 5-pound apprentice allowance "to compensate for riding time lost while attending school."

Hens Face Drexel Away This Saturday After Losses In East Carolina Classic

Delaware, with five straight losses, due to a strong assist from the Hong Kong flu after three opening wins, returns to action at Drexel this Saturday at 8:30 p.m., and the 3-5 Hens of Coach Dan Peterson play at Lehigh next Wednesday night at 8 o'clock.

Forward Ed Roth, who joined Guard Jim Coull as the most consistent line Hens in the tournament, agreed about advantages of playing against good competition.

Coach, the Hens' leading scorer with 26 points in the three tourney games, took a wait-and-see attitude.

"I think playing against good competition would help us get ready to play other good competition, but we'll just have to see how much this will help us for the rest of the schedule," the Delaware cage coach concluded.

Forward Ed Roth, who joined Guard Jim Coull as the most consistent line Hens in the tournament, agreed about advantages of playing against good competition.

OFF AND RUNNING by John I. Day Merriwell's Uncle Asher?

From time to time sports writers have wondered who Hugo K. Asher was. A horse by that name happened to have given John Longden the first of his 5,032 rides into the winner's circle at the Salt Lake City Fair Grounds in 1923, a fact that will live in racing's record book, which fails to record for whom Hugo K. Asher was named.

There is reason to believe, however, that he might have been Frank Merriwell's Uncle Asher. Had Merriwell's biographer, Burt L. Standish, or Gilbert Patten, was more concerned with Frank's prowess on the diamond, gridiron and track, the famed Yale man, who had a glowing career on the race track.

He owned a number of them."

S. Jones, J. Frame Captains For NHS Wrestling Squad

Co-Captains Steve Jones and John Frame at 130 and 154-lbs head Coach Hubert Mock's Newark High School varsity wrestling squad which opens the Blue Hen Conference season this Saturday against Mt. Pleasant in the Newark gym. Jayvee matches begin at 1 p.m.

Mock who succeed veteran Andy Marcantonio, and Asst. Coach Robert Gary have three other returning lettermen in addition to Jones and Frame.

Joe Sadot, 103; Dennis Stiff, 120; and Mike Stengari, 145-lbs., are the other veterans.

Other varsity starters announced yesterday by Gary include Bill Early, 95-lbs; Neil Desmond, 112; Geoffrey Squire, 127; Fred Kitzon, 132; Dave Chapman, 163; Steve Stengari, 180; and Doug Kwart, heavyweight.

Following Saturday's opener, the Yellowjackets wrestle next Wednesday at Central with Jayvee matches to begin at 6:30 p.m.

Hen Mermen, Wrestlers Face Wednesday Meets

The University of Delaware swimming and wrestling teams return to action with a pair of home stands next Wednesday.

Coach Harry Hawthorn's mermen meet the Temple Irish and 24 swimmeets beginning at 7 p.m., and Coach Paul Billy's matmen host the Swarthmore yearlings and varsity grapplers at the same time.

Al Mann's Vikings Host Mt. Pleasant This Friday To Open Basketball Season

"We don't have any returning lettermen," Coach Al Mann said last night in announcing his five starters for the Viking basketball season opener with Mt. Pleasant this Friday in the Christiana High School gym after the 6:30 p.m. Jayvee preliminaries.

Mann and Asst. Coach Jim DiStefano, who are beginning their fourth seasons at Christiana, piloted the Vikings to a 12-6 season last year.

The Christiana starting five includes Eddie Vernon, a 6-6 and 155-lb. senior "who has improved a

lot through determination and hard work." Coach Mann said, a trio of juniors in 9-8 Bob Hubbard, 6-1 Kenny Kyser and 6-3 Fred Neal, and Sophomore Freeman Williams at 6-2.

Other leading candidates for varsity starting spots are Senior Jack Snyder at 6-6 and Mason's sixth man — "a real good shooter," Juniors Dave Webster, Paul Varala, Max Matthes, Curtis Payne, and Malcolm Vendrick, and Sophomores Mickey Dishman.

Christiania plays at Brandywine next Tuesday, with the Jayvee preliminary slated to start at 6:30 p.m.

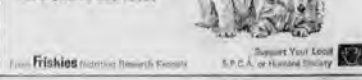

a Dog's Life

BUNNY NAPPER SHOPPING OF TOYS HAD BECOME A PROBLEM AT SHOPPING CENTER UNTIL A STAKEOUT PRODUCED THE CULPRIT, A BEAGLE WAS OBSERVED MARCHING WITH A LARGE PUPP A BASKET POUNDING AND CATCHING UP WITH THE PUPP IN HANSEY FIELD.
