VARSITY LETTERS AWARDED

Numerals Awarded

Presentation of varsity letters to 26 football players, including four who saw limited action because of injuries, highlights the awarding of letters and numerals to five fall-sport teams, by the University of Delaware's Athletic Council.

Included were numerals for 26 freshman football players and five freshman cross-country team members, the first time in the university's history that recognition has been given to freshman teams. Delaware adopted the freshman eligibility rule this year, and organized its first freshman teams.

Other sports in which letters were presented were soccer (15) and cross-country (5).

The four injured football players who received letters because their participation would have warranted the awards if mishaps had not intervened are Jim Buchanan, quarterback; Gerald (Doc) Doherty, Jr., halfback; and Carroll

Hauptle and Wray Hushebeck, ends. All were out for half the season or longer.

The other varsity football lettermen were: Stan Bilski, Co-captains-elect Bob Campbell and Gene Carrell, Ray Ciesinski, Joe Coady, Billy Cole, Jack Coulter, Jack Gallagher, Phil Genthner, Bob Glisson, Co-captains Walt Marusa and Jack Messick, Ray McCarthy, Ernie Mettenet, Jack Miller, Leo Mullin, Bill Murray, Bill Nash, Fred Sposato, Mariano Stalloni, Tony Storti and Ted Zink. Manager Bob Hunter also received a letter.

WOMEN ENDORSE DOCUMENTS

Documents To Be Printed In Loose-Leaf Form

Enforcement of the proposal to Congress that copies of all the historic documents on the Freedom Train be printed for distribution to schools and reference libraries was announced today by the American Association of University Women.

The AAUW National Committee on Education meeting at AAUW Headquarters in Washington, D. C., voted a resolution favoring the plan and suggesting that the documents be printed in loose-leaf form so that they could be used for display purposes as well as for reference in book form. It was suggested that some such titles as "The American Heritage" be used for this collection of documents.

"The very fact that thousands of people have stood in line to view the documents on the Freedom Train and that other thousands were turned away by the crowds, shows that there is a need for such a publication," said Dr. McHale, General Director of the AAUW. "It is generally conceded that the quality and character of the history textbooks for our elementary and secondary schools falls far short of what might be desired, and such an edition of authentic source material would be of great educational value."

PLANTS IN BEDROOMS ARE NOT UNHEALTHFUL

The U. S. Public Health Service says there is no scientific basis for the belief that plants are especially injurious to the human body during the night. Non-poisonous plants are beneficial rather than harmful in sleeping rooms, according to the director of scientific work in the U. S. Department of Agriculture.

Ware Abouts

"Oh, Lord! Give me strength to keep my big mouth shut when I don't know what the ——— I'm talking about," is a reproduction of a sign that hangs in a prominent place right over our desk so we can always see it—easily.

And judging from a \$25,000 law suit slapped on the local editor of another newspaper, last week, close adherence to the prayer, reprinted by the request of Frank Simons, might prove profitable to others than ourselves.

Another interesting reproduction that hangs nearby as a warning is a handbill printed last year by another printer who had political aspirations . . . and wound up getting defeated by a two-thirds majority. Never, we hope, may we get political ambitions.

Friend Otto Thomas sends us an awe-inspiring, legal looking document that turns out to be a summons to appear before him and explain the absence of two pages from his copy of the Newark Post. Not being able to read legal phraseology, we ignorantly ignored the summons and hope the good J. P. will not be too severe.

Seems that we were hasty last week when we stated that there were only two wrong numbers in the Newark Telephone directory. That's all we knew about at the time but since then it has developed that there are now at least three more.

Honestly, we haven't a thing against the good medicos of our town. Its just coincidence that we picked on them when compiling the listings and got Dr. Donoho and Dr. Silverman both incorrect.

So, with your indulgence, we request that you again take your own little book and correct the following numbers therein:

Dr. Wm. C. Silverman, office Academy Apts., is listed as 2-1261. It should read 2-1621.

Our good friend Charley Moore, who supplies us with many items of news interest each week, also came in for a share of misfortune, and consequently he has been indignantly answering his phone only to get the laconic "sorry, wrong number" reply than which nothing is more irritating.

Charles E. Moore, E. Delaware Avenue is listed as 2272. His correct number is 2277.

Miss Etta J. Wilson, 313 East Main Street, correct number is 4271 and not 4217.

Some day, we hope, we'll get to the end of these infernal errors . . . and it can't come too soon to suit us for there's nothing that galls us more than to be responsible for someone else's inconvenience. In the meantime, it's an unpleasant and unwelcome job that has to be done. So, if YOUR number is listed incorrectly, please pass the word along to us and we'll do what we can here to correct the situation.

A lad who knew whereof he spoke, once said: "The merriest Christmas note is a ten-spot tucked in with the greeting."

Interesting to note that Jim Farley has come out in the open favoring the reelection of President Truman. But, in our opinion, it's going to take a good deal more than pretty words from the former Postmaster General to win a Democratic victory in 1948—unless numerous drastic changes are made in the present muddled administrative setup, P. D. Q.

Right now, we'd have to side with the odds-layers offering 2 to 1 on Dewey although a definite statement of candidacy from General Eisenhower or General MacArthur would change the situation a lot, in our estimation. "Stunty how the populace always seems to go for a uniform—particularly immediately after the conclusion of a war in which they were prominent . . . which might indicate that people are prone to vote for the man who appeals to their fancy without too much regard for his actual qualifications for the job he seeks.

Jocularly commenting on the plight of "Lo, The Poor Dentist," a Broadway columnist recently wrote: "We've all been wrong, it seems, about our dentists. Most of us have always considered our dentist a terrifying character who chuckles quietly as he drills, scrapes, probes, twists and yanks because he can't feel the pain.

"But now, it seems, the dentist has pains too. Almost as many as patients do, according to testimony revealed at

the N. Y. Dental Society meeting.

"What do dentists suffer from? Well, 273 of them, in 1946, had to take their miseries to the Mayo Clinic. Some 51 of them were suffering from severe nervousness, possibly caused by the constant fear that an outraged patient might bite him; 27 had come down with stomach ulcers and nearly all of them had flat feet, also cases of hallux valgus . . . bunions to you.

"About the only helpful suggestion offered was that somehow a two-passenger dental chair, or love seat, be devised, which would let dentists take it a little bit easier about 80 per cent of the time.

Even Elkton has Christmas street lighting, this year.

Yellow Jacket gridders will not be feted at a football banquet, we understand. Instead an all-sports banquet will be held later on in recognition of participants in all branches of athletics.

How good it is and yet, how strange to see how quickly times can change! Until a few brief months ago, the radicals had tried to show that all the things that we revere were meaningless and nonsense sheer. But, sanity prevails again and fervently we say, "Amen!"

IN MEMORIAM

In loving memory of Lieutenant John Fraser who passed away December 24, 1946. He is sleeping on that hillside. Not so very far out of our town; There he dreams of the Banks of Clyde And the moors in the auld countrie down. He taught us to love those dear songs Of the Scotland where he used to roam. How I wish I could right all wrongs That were done him before he went "Home."

I like to think that where he rests He knows and understands how we feel. For God called him to be with the best. And he waits in the "Land of the Leal."

Mrs. John Fraser and family.

The Sports Post

By Sean N. Hurd

Although the University of Delaware basketball team gained only a split decision in its first two engagements of the 1947-48 season, Joe Brunansky's fast, flashy, but short-stride basketballers displayed enough poise and scoring power to cause the fans to look forward to a successful court season.

Last year, while serving their first term under Jovial Joe's tutelage, the scrappy, short-in-stature Hens finished in the black ink on the long end of a 9-7 record. With all of the starting lineup back again this year and bolstered by Barney Runcie and Bill Owen, the Freeport, L. I., lads, the Blue and Gold quintet should enjoy even a more profitable season this year.

The 64-46 setback by Temple was certainly to be expected. In fact a victory by the Hens over the Owls would have been as much of a surprise as finding the Stork Club serving a one dollar sirloin dinner. Actually the real surprise was that Josh Cody's Templars won by only an 18 point margin, for only three nights later Temple lost to the Oklahoma Aggies, which may again be the nation's best collegiate court team, by a count of only 56-49.

Dropping back to what is more nearly their own class last Saturday night, Brunansky's basketballers made it almost no contest by romping to a 60-38 win over Washington College.

It's our hope that the scheduling of Temple and of a Christmas vacation joint by the Delawareans to Detroit and Buffalo to tangle with Lawrence Tech and University of Buffalo, respectively, presages much greater attention to basketball by the local University authorities. For several years now we have felt that the court game was being relegated to the position of a poor relative at the Blue Hen institution whereas a moderate degree of emphasis would afford the localities an opportunity to gain considerably greater prominence in the hardworking pastime.

When the Hens had to play their contests in the cramped quarters of Taylor Gym there was little opportunity for expansion of this sport. Now, however, the spacious Carpenter Field House provides not only ample playing area but space for at least a couple thousand spectators. Other of the smaller colleges have long since recognized that greater emphasis on basketball, which each year draws more spectators than any other sport, has enabled them to gain more athletic prominence than any other form of intercollegiate competition.

Whereas the 1947 Delaware gridders were led by the two M's (Marusa and Messick in case you don't recall) the 1948 footballers will be captained by two C's—Guard "Zeke" Carrell and Tackle Bob Campbell. In our book the selection of these two able and reliable forwards as co-captains represents a splendid choice.

The election again of co-captains for the Hen gridders caused us to cogitate for a moment on this subject. Abandoning a slide rule and relying wholly on algebra we were able to find that X equals the following facts. Since Bill Murray's arrival as the Blue and Gold's boss man, and including the co-captains-elect, a total of twelve men have been given a part ownership in the gridiron captaincy. During the six years under study we find that Tony Stalloni, the 1946 Little America tackle, was the sole individual to be granted full leadership, there having been co-captains in 1940, '41, '47, and for '48 with tri-captains in 1942, (can you name them all?)

We also found that of the twelve who shared the captaincy during these six years nine were linemen and only three were backs. It goes to prove, we guess, that although the backs may scamper to touchdowns and post-game headlines, the real importance of the linemen is recognized by the entire squad when the ballots for captaincy are cast.

Although sports captions from coast to coast last week carried the glad tidings that Davey Douglas of Wilmington, Delaware, captured the Third Annual Orlando Open golf title after a three-way 18-hole play-off and a further "sudden death" one-hole play-off, Newarkers knew that it was one of their own neighbors who had copped the crown and the first place prize money of \$2,000. The former Newark Country Club pro entered the Orlando competition as a deep-shaded dark-horse, but an opening round 66 quickly served to correct that situation. Another 68 in the fourth round earned Dave a tie with two nationally known linksmen, Jimmy Demaret and Herman Keiser. When the three came in from the 18-hole play-off Keiser was out, but the two D's were still tied. It had been previously agreed that in event of a play-off tie the championship would go to that player who first succeeded in winning a hole on a match play basis on the next round. Douglas lost no time from that point on. A birdie three on the very first green bettered Demaret's par and gave the Rock Manor pro his first major tournament.

A week later, in the Miami Open, lanky Davey again displayed class, consistent form by carding a seven under par 273 for the 72 holes. This wasn't good enough to cop the event but was suffice to give Newark's national headliner a tie for eighth place with the aforementioned Herman Keiser. The winner—none other than previously defeated Jimmy Demaret, who tied the Miami Springs course record for 72 holes with a 13 under par 267.

DELAWARE COURT FIVE ROUT WASHINGTON COLLEGE 60 TO 38; LOSE TO TEMPLE

Gettysburg Next For Blue Hen Cagers Before Christmas Holidays; Game Away On Foreign Floor

Temple University's rangy basketball team was given a stubborn battle by the University of Delaware Blue Hens in Carpenter Fieldhouse last Wednesday night before emerging with a 64 to 46 victory. It was the opening game of the 1947-48 season for Coach Joe Brunansky's Delaware team. The Owls who used their height to great advantage throughout the contest, forged in front soon after the opening tapoff and were never headed. However, they were given several anxious moments by the hard working but over-powered Blue Hens.

The University of Delaware basketball team broke into the win column last Saturday night with a 60-38 triumph over Washington College.

Scoring honors went to Captain Jerry Bowls of Delaware with four field goals and four tallies from the 15-foot stripe for 12 points. Vic Wood, with five field goals and four fouls, and Bill Cole with three field goals and five fouls, each contributed 11 points to the Blue and Gold total. Bob Gregory also showed fine form.

For the visitors, Bill Mulleneaux with three field and three foul goals for nine points was the scoring leader. Jim Rook accounted for two field and two foul goals for six.

In the prelim the Delaware Fresh lost to Brown Prep of Philadelphia, 61-47. Two former CYO players, Jim Thomas at forward and Art Sullivan at guard, were outstanding for the Delaware Freshmen, as was Curt Turner, 6 foot 2 guard from Collingswood, N. J. U. of Delaware (60) Wash. College (38) F. F. P.

SWIMMING TEAM LOSE

Freshman Win 48 to 27

The State Teachers College varsity swimming team defeated the University of Delaware by a score of 51 to 24 in the YMCA pool.

Delaware's freshmen defeated the West Chester Jayvees 48 to 27. The Blue and Gold varsity is handicapped with a number of men out due to injuries and illness and when they return Delaware's prospects will be brighter. The good showing of the freshmen indicates that Delaware will have an outstanding swimming team next year.

Among those on the list of ill and injured are Captain Bob Kofe, Hugh Dougherty, Bishop McAdams and Brady.

The Delaware and Franklin and Marshall swimmers will meet in varsity and freshmen competition on January 10 at Newark.

NEWARK YOUTH ENLISTS

James L. Ferguson, 21, of Newark, was enlisted as a corporal for three years, with direct assignment to the 52nd Fighter Group, U. S. Air Force for duty at Mitchell Field, N. Y., at the Army-Air Force recruiting office, postoffice building, Wilmington, last Wednesday.

NEWARK A. A. IN TIE GAME

Players To Be Entertained

Closing out the season the Newark Athletic Association proved again they are as good as any team in the state, by holding the Happy Valley team to a 7-7 score.

Newark had no excuse for not winning, trailing 7-0 at the half time because of a fumble kick, and off side penalty; they came back in the second half to toss a pass from their 12 yard line and Billy Lewis scampered 38 yards to pay dirt with the aid of two key blocks by James and Swam. Newark missed three other chances to score, an intercepted pass, a fumbler recovered on Happy Valley's 12 yard line and poor blocking on a end run by Reed.

Happy Valley could gain only on their aerial attack and they had a capable passer in their quarterback. The Newark Athletic Association thanks everyone for their splendid support and looks forward to another undefeated year under Coach Martin. The team is in need of eight more players in order to enter the Wilmington City League, so all interested fellows contact the coach.

Coach Martin, Sanders, the team organizer, the managers hope to entertain the team during the Christmas Holidays, when the most valuable player will be selected.

Co-Captains

Eugene Carrell

Robert Campbell

The University of Delaware football team elected Robert R. (Bob) Campbell, tackle, from Greensboro, N. C., and Eugene C. (Zeke) Carrell, guard, from Medford, N. J., as co-captains of the 1948 Blue Hen eleven.

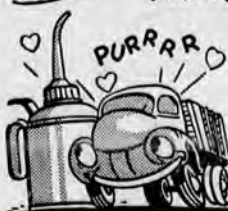

Next fall will be the second straight season in which co-captains will lead the team, Center Jack Messick and Guard Walt Marusa having shared the leadership this season. It also will be the third successive season in which the Blue and Gold have been chosen from among the linemen. Messick, Marusa and Tony Stalloni, the 1946 captain, also are linemen.

Campbell, a 23-year-old six-foot-three giant who weighs 204 pounds, came to Delaware in 1942 from Greensboro High School, and played on the undefeated Delaware teams of 1942 and 1946 in addition to the '47 squad. He is a junior student in mechanical engineering who spent two and one-half years in the Air Corps, emerging as a captain. His parents are Mr. and Mrs. L. R. Campbell, of 107 Adams Street, Greensboro.

Carrell, like Campbell, played on the undefeated '42 and '46 teams after coming to Delaware from Haddonfield, N. J., High School. He served three years in the Army, attaining the grade of sergeant. A student in the School of Education, majoring in physical education, he is the son of Mr. and Mrs. Eugene Carrell, Medford, N. J. Twenty-five years old, he weighs 190 pounds and is five feet eleven inches tall.

Parking Meters Work At 35 Below In Alaska

Parking problems have grown at Fairbanks, Alaska, 100 miles south of the Arctic Circle.

Parking meters, guaranteed to operate at temperatures down to 35 degrees below zero, will be installed as soon as possible.

"When it gets colder than that, our parking problems are somewhat diminished," City Manager Louis D. Kelsey said.

For the past week Coach Morrison has been teaching the fundamentals. The coaching staff is looking toward the future as they are centering their attention around the underclassmen.

The Newark High School has added an electric scoreboard for the advantage of the spectators. This scoreboard will not only keep you informed in the score but the time and quarters as well.

Preston Steele, senior Army instructor with the O. R. C. in Delaware, has announced. Ten more reserve officers were called to temporary tours of active duty for periods from 15 to 90 days recently.

LEGION AND VETS UNITE ON WAR DEAD INTERMENT

Joint Burial Committee To Give Military Rites To Vets

J. Allison O'Daniel Post, No. 475, Veterans of Foreign Wars held a joint meeting in their post home with members of J. Allison O'Daniel Post, No. 10, American Legion and formed a united burial committee to provide military funerals for returned war dead.

Both V. F. W. and Legion members had been considering joint participation and the preliminary meeting resulted. The Legion committee is composed of Commander Bill Richardson, Chaplain Clayton Keith, and Vernon Steele, Service Officer.

Those representing the Veterans of Foreign Wars were Commander Renard George, Chaplain Ray Giles, Joseph B. Crossan, Jr., and William M. Coverdale.

It was brought out that the American Legion did not have a firing squad but that they had been assured of the services of the local National Guard in furnishing one. The Veterans of Foreign Wars volunteered the services of their own firing squad consisting of former buddies of the war dead, some of them having served in the same theatre of operations. This firing squad has served in many previous military funerals in the Newark area and will be remembered for their outstanding participation in Memorial Day services visiting all cemeteries in the community.

Families desiring the services of the committee are urged to contact the Veterans of Foreign Wars or the American Legion.

At a further meeting of the Veterans of Foreign Wars on the return of war dead, it was brought out that the V. F. W. have on hand a generous supply of grave markers. The markers are an enlarged replica of the V. F. W.'s insignia, the Cross of Malta. The Cross of Malta comes down to us from the days of the Crusades. History tells of the Knights who were inspired by unselfish motives in their crusades for right and justice. The cross of Malta was one of their emblems.

GRANGERS CONCLUDE CONVENTION AT BANQUET

More Than 200 Representatives Attend 2-Day State Meeting

More than 200 members representing the 25 Grange units of the state attended the annual banquet held here last week in the Newark Methodist Church at the conclusion of the first day in the two-day state convention.

National Lecturer Edward F. Holter, of Middletown, Md., was the principal speaker, and was introduced by Worthy State Master Paul Mitchell.

State Chaplain Howard R. Moore, Milford, opened the banquet with the invocation. Harrington Grange Orchestra furnished music.

Group singing was led by Elmer Talbert, Midland Grange, with Mrs. Eva Vandergrift of Central Grange as accompanist.

Vocal selections were presented by Donald R. Hicks, Harmony Grange, accompanied by Mrs. Eleanor Woodward. A violin solo was presented by Valentino Nardo of Pencader Grange, accompanied by Melvin Brooks.

Guests included Dean George L. Schuster, dean of the University of Delaware School of Agriculture; William A. Caldwell, branch office manager of the National Grange Mutual Liability Company, and W. Lyle Mowlds, state supervisor of Vocational Agriculture.

Mayor Charles C. Hubert, of Newark, extended greetings to the representatives of the Grange units at the opening of the business session. The response was given by State Overseer Harry C. Johnson, of Smyrna.

Greetings were also extended by Mrs. Robert P. Robinson, Mrs. Clarence E. Jester and Mrs. A. Bally Thomas, wives of past state masters. Harvey P. Walker, past state master, spoke of the Grange activities of the past half century.

The state master in his report complimented the University of Delaware and its president, Dr. William S. Carlson, on the advancement and curricular improvements at the school.

He also complimented Delaware farmers on their cooperative activities relative to better methods of agricultural production and distribution.

It was stated that the objectives the Grange seeks are: Abundant production of farm commodities; preservation of family owned and family sized farms; soil conservation; opportunity for farm youth or farm ownership and security; a marketing and price structure that will promise security to agriculturalists; farm control of all programs designed to aid agriculture.

The state secretary reported a substantial gain in membership and a healthy condition in all granges throughout the state.

How Many of Us Are Farmers Today

One third of our population?

One fourth?—One sixth?

Answer: One sixth

A total of 26 million persons on American farms feed themselves and the other 116 million of us, in addition to millions abroad.

It wasn't always this way. Nearly every American was a farmer 150 years ago, because it took most of his time to raise enough food for his family.

But since then improved equipment and methods have enabled each farmer to produce more and thus release more and more workers to produce other raw materials, machinery and services.

Agricultural progress made possible our industrial expansion. Together they gave us the highest standard of living in the world.

Since the first steel plow in 1837, progress in steel and in farm production have gone hand in hand.

NEWCASTLE DISEASE PRECAUTIONS CITED

First Case Diagnosed In December Of 1945

Keeping visitors out of chicken houses, feed rooms and off poultry ranges is always a desirable practice, but with a rather wide-spread presence of Newcastle disease, it should become a strict rule without exceptions," says Frank Gordy, extension poultryman. While other ways are known to spread this disease, every poultryman should see to it that this one way is avoided.

The first case of Newcastle disease in Delaware was diagnosed by virus isolation in December of 1945, according to H. R. Baker, poultry pathologist, State Board of Agriculture. Since that time the disease has increased both in incidence and severity until today Newcastle is found in all three counties of the state.

During the early appearance in Delaware the disease in adult birds did not result in any appreciable mortality, the chief harmful result seeming to be a sudden and practically complete stoppage in egg production. Recently, however, some adult mortality has been reported, especially where nervous symptoms occur during the course of the development of the disease.

As a result of tests run in Mr. Baker's office involving 100 breeding flocks since January 1, 1947, 44 showed positive reaction, indicating Newcastle had been present in that number of flocks. Eighty-seven per cent of the flock owners reported respiratory symptoms lasting an average of 13 days. The average egg production drop was from 52 per cent down to seven per cent. Eighty-five per cent of the flocks produced light colored eggs and 71 per cent of the eggs laid were soft-shelled and misshapen.

Newcastle kills young chicks from one per cent to 65 per cent. Some records kept by the state poultry pathological department involved 147,000 broilers. The average mortality was 18 per cent.

While there is no treatment that will change the course of the disease, the chief problem is to keep the flock eating and drinking. Pellets or moist mash will be more readily eaten than dry mash during the presence of the disease. Any amount of special care such as catering to the birds' appetites will be time well spent. When any disease shows its appearance, don't guess; call the poultry pathologist and get an accurate diagnosis.
