NEWARK POST, NEWARK, DELAWARE, AUGUST 30, 1922.

NUMBER 30

## Democrats Nominate Bayard For Senate Boyce For Congress

Party Names Ticket at Convention Held Yesterday With Woman Presiding

Following the usual night of conferences, contests, arguments and playing for position, the Democrats of Delaware in Convention assembled at Dover yesterday named the following ticket:

Senator—Thomas F. Bayard, Wilmington.

Congress—Former Judge William H. Boyce, Dover.

State Treasurer—Rowland F. Quillen, Laurel.

Auditor of Accounts—Mrs. Mabel Frances Derby, Woodside.

Insurance Commissioner—Norman Collins, Bridgeville.

The platform adopted is interesting as can be seen in another column.

Features of the convention were the absence of the old War Horses and Mules, the conference argument on the Wet and Dry, a woman chairman, and a woman named on the ticket.

Knowles was lashed to terrific defeat by the tie and ties of Bayard and Ridgely were forgotten. Jim Wolcott and Bull McNabb had less to say than for years.

Woman Presides

For the first time in the history of a political convention in Delaware a woman presided over the session, as Miss Samworth, upon the recommendation of the committee on permanent organization, was later made permanent chairman.

Miss Samworth, in a spirited twenty-minute address, which frequently received the plaudits of her auditors, in a masterful manner outlined the principles and policies of the Democratic party in the State.

"Economy, efficiency and law enforcement," she declared, were the keywords of the convention. She detailed the accomplishments of the Wilson administration, and attributed the failures of his administration in both its domestic and foreign demands to the arbitrariness of a Congress at variance with the President. Idle mills, idle mines, farmers left with crops rotting in the ground, merchants left with their goods unsold, and people who should have been busy furnishing goods for their own needs and a war-stricken world left idle, were a few of the indictments of Miss Samworth against the present administration. She charged that the Republican party has not carried out its

(Continued on Page Eight.)

Offers Tourists Camp Site

George R. Leak Has Lot for Use of Travelers—Chamber of Commerce May Act

Some time ago, in reality right after the organization of Newark's Chamber of Commerce, it was suggested by James C. Hastings that the Chamber, as one of its first acts, establish a tourists' camp. There was never any definite action taken on the matter, but George R. Leak has come through with an offer that several of the members of the Chamber of Commerce will urge the body to accept at the next meeting.

Mr. Leak has offered an excellent plot of ground for a tourists' camp just this side of the new railroad bridge along the new road. The ground offered is along the main thoroughfare and has a good drainage, two excellent points for an automobile camp.

When Mr. Hastings suggested that the Chamber of Commerce establish such a camp he planned that the site should be on the lot where the new High School building is to be erected. That lot would not be available now as the new school will be started in a short time.

One of the members of the Chamber of Commerce told a representative of this paper today that Mr. Leak's offer would be brought before the body and suggestions made that lights and water be placed on the lot.

Already several motorists have camped for the night on the site and with the addition of lights and water there would probably be several parties camped there every night.

These camps are very popular throughout the country.

## "NEW FANGLED" TIME Local Schools Will Reopen Under Daylight Saving Hours

When the local public schools open on next Tuesday they will have daylight saving time, the same as in the Spring.

There were rumors afloat that the schools would use Standard time but this was denied by Superintendent Owens who said that it would be necessary for the schools to use the time under which the town was governed.

## Transfer Home Economics Department Board of Education Utilizes Vacant Space in Grammar School—More Room in High School

It will not be long now until the vacation of Newark's school kiddies comes to an end.

School opens on Tuesday, September 5th, and a glimpse at the calendar will show that this date is not very far off.

The schools will probably be in a better condition during the coming term than they have been for several terms past, as the members of the Board of Education have done everything in their power during the summer months to have the schools improved.

One of the biggest changes that will be made in the school buildings is the transfer of the Home Economics Department from the present High School building to the top floor of the Grammar School.

This change will make more room for the High School pupils, something that has been needed for a long time, and will also give a better location to the Home Economics Department. This transfer has not yet been completed, but will be before the opening of the new term.

The space to be used for the department in its new location is on the top floor of the grammar school building and has not been used for classes previous to this time.

Alterations and repairs have been made in the various rooms of the school and much paint has been applied.

The new colored school on New London road will have its opening with the new term.

George Griffin is the contractor on this job, W. H. Robinson is doing the plumbing and T. R. Jacobs is doing the electrical work.

MORRISON'S SUCCESSOR MAY BE NAMED

At the September meeting of Town Council it is probable that a successor will be named to Robert J. Morrison, deceased.

Two names have been submitted by the members of Council, who have the power of appointment. These are Orlando Strahorn and R. L. Richards.

NEW OFFICE LOCATION

When the new firehouse of the Aetna Hose, Hook and Ladder Co. is completed the office of the secretary of Council will be moved from its present location, next to Fader's Garage, on Main street, to old firehouse. The meetings of the Council are likewise held in this building, which is owned by the town.

GOOD YIELD

There has been many a year past since such large crops have been produced on the University of Delaware Experimental Farm. The people of this district are profiting by this fact as fruit and produce can be purchased at a very reasonable price at the farm.

HARD ON ROADS

The traveling of thrashing machines and tractors over South College avenue and Depot Road have cut that thoroughfare up rather badly in several places.

LIEUTENANT DAVIS IS ON RIFLE TEAM

First Lieutenant John W. Davis, of Co. E, the local company of National Guards, has been selected as a member of the rifle team that will represent the Delaware National Guard at the annual National Rifle Matches at Camp Perry, Ohio. The team will leave September 28th.

UNCLAIMED LETTERS

There are unclaimed letters at the post-office for Elva Mischler, Miss C. Cloud, Mrs. Louis Payne (2), J. O. Holgah, Myrtle Mischler and Annie Ashton.

## Opening Exercises At New Colored School Will Be Held on Next Saturday with Daniel Boyles in Charge—Teachers Are Named

David Boyles, president of the Colored Parent-Teacher Association of this district, has announced that Saturday, September 2nd, has been set as the date for the official opening of the new colored school, on New London road.

Plans for elaborate opening exercises on this date are now being made by the members of the association. There will be one noted speaker from out-of-town, besides speakers from the Service Citizens and the local Board of Education.

The new school for the Negroes of this vicinity will be one of the finest in this neighborhood and many persons of the town have already made a trip out the New London road to inspect it. The work has been completed on the building for some time past and the rooms are already for the classes when the school opens on September 5th.

Four large class rooms and one smaller one make up the new school and all these rooms are up-to-date in every detail.

The teachers at the school this year will be Miss Alma B. Davis, who will be in charge and teach the upper grammar grades; Mrs. Beatrice Smith, teacher lower grammar grades; Miss Olivi Young, teacher upper primary grades, and Miss Pauline Strickland, teacher lower primary grades. The first and last named teachers have taught in the local colored school during previous years. Miss Doreen Jolly, who has held a position in the local school for a number of years, was allowed a year's leave of absence by the local Board of Education. She has entered the West Chester Normal School.

The program which starts at 1.45 o'clock, follows:

March from old school to new, lead by Mount Carmel Band, the local colored band.

Invocation—Rev. C. H. Walker.

Scripture Reading—Rev. Denison.

Singing—Selected hymn.

Presentation of building—Dr. Steel.

Acceptance—Wm. Saunders.

Music—Orchestra.

Address—Dr. Conwell Banton, of Wilmington Board of Education.

Community Singing.

Music—Mt. Carmel Band.

Inspection of building.

LOCAL MACHINE RECOVERED IN DARBY

The Ford machine of F. Taylor Young, local veterinarian was stolen from his garage on last Thursday night shortly after he had returned from a trip to Oxford, Pa.

Local authorities were notified of the theft and the car was recovered on Friday in Darby, Pa., where it had been abandoned. A part of a half pint of liquor was found in the car.

The machine was identified as a Newark car by the small town name plate under the State license tags.

NO CELEBRATION

The D. A. R. will hold no celebration on September 7th, at Cooch's Bridge, as has been the custom in several years past.

TYSON A WINNER

Herman Tyson, the local horse trainer, drove Prince Gale, of the Willis Stables, to victory at Kutztown last week.

MANY GRAPES

The growers of grapes in Newark and vicinity, like all other fruit growers, are having a large crop which is now ripe.

BR-R-R!

The wonderful weather that the people of this vicinity have been enjoying during the past couple of weeks has set a new mark for cool days and nights in August. . . . .

MONTHLY MEETING

The regular monthly meeting of Town Council will be held in the firehouse on Monday night.

## \$35,189.61 Allowed Board of Education This Appropriation for Local Schools May Be Increased \$10,000 Before Term Ends

The Newark Board of Education has received from the State Board of Education a statement of the finances allowed to run the local schools for the coming year.

Although the amount appropriated was not as large as the budget submitted, the local members of the Board are of the opinion that through an economical program the amount will be sufficient to carry on the work of the year.

The amount allowed follows:—

Direct Legislative Appropriation . . . . . \$22,791.00

State Board Allotment

For text-books . . . . . \$1,736.10

For repairs, upkeep and maintenance . . . . . 1,875.00

For Superintendent's salary . . . . . 2,500.00

On enrollment . . . . . 1,445.44

On number of teachers . . . . . 1,221.27

On average daily attendance . . . . . 1,120.80

On teachers' certificates . . . . . 2,500.00

Total . . . . . \$35,189.61

This total of \$35,189.61 will probably be increased by about \$10,000 before the term ends. This is the appropriation as allowed at the present time, but many of the items listed above will vary to a great extent and for this reason more money will be appropriated to the local Board during the school term. The item above, "On enrollment," is based on the enrollment in the elementary schools of last term, but the enrollment at the High School for the coming term will be figured in this and that will therefore bring this appropriation up to some extent.

The appropriation of \$1,221.27 "on number of teachers," is not definite for it is not known just what the number of teachers will be, but in all probability the number will increase over last year and therefore increase the amount to be received.

The appropriation allowed "on daily attendance" may either increase or decrease, all of which depends on how well the scholars keep up their records. There was an increase in attendance last year and the local Board is looking forward to even a better record this year.

"On Teachers' Certificates" is another item which cannot be figured exactly. If the local Board employs any new teachers who have certificates of higher standing than those of last year then the appropriation here will be increased.

## CATCH MAN WHO ENTERED RED MEN'S FRATERNAL HOME Caught in Wilmington and Held Without Bail; Already on Parole

It did not take the authorities of Wilmington long to arrest the culprit who last Wednesday afternoon entered the Red Men's Fraternal Home and stole about \$35 in cash.

The man was arrested on Friday and in the Wilmington City Court on Saturday was held without bail for the Court of General Sessions. The man gave the name of Samuel Squires. The man is at the present time on parole after serving two years of a term for larceny. For this reason no bail was allowed in the case. He is also said to be wanted in Pennsylvania, where it is charged on August 23rd he posed as a roof inspector and took \$13 from the Elwyn Training School, near Media.

At the local home he posed as an electrical man and said that he came to do inspection work. He drove to the home in a large automobile and had no trouble in obtaining admittance, the inmates believing that he was as he represented. He went to the second floor of the home and there obtained about \$35 in cash from various rooms. He came to the first floor and chatted with the people there before he left in the automobile. It was shortly after his departure that the money was missed.

According to the Wilmington authorities, Squires usually poses as a workman to gain entrance to buildings.

Bonds For \$160,000 Will Be Issued

Board of Education to Keep Tax Rate Within 45-cent Promise, Decreases Issue

At a meeting of the local Board of Education on last Friday night it was decided that the local bond issue would amount to \$160,000.

The referendum vote on the question as to whether or not this district should bond itself to the extent of \$165,000 was taken last June and the voters voted in favor of the bond issue.

After the election the tracing of the boundaries of the district made it evident to the members of the Board that if the tax rate was not to be increased more than 45 cents, as was promised when the vote was taken, that the bond issue would have to be decreased by \$5000.

The original amount of the issue could have been gone through with, but the interest would have been so high that the tax rate would have had to be increased more than 45 cents and after making this promise the members of the Board thought it best to cut the amount of the issue and therefore keep the rate as low as possible.

The bonds will be 4½% and advertising for the sale of the same has already started. The bids for the sale of the bonds will be opened September 12th. It is the opinion of the members of the Board that there will be no trouble in selling the bonds.

Although the amount is \$5000 less than originally planned it is not thought that the decrease will alter the plans for the new school to any great extent. The architect and the local Board went over the situation as soon as it was found that it would be necessary to decrease the issue and it was found that nearly all the original plans could be carried out.

The work on the new building will be started as soon as possible after the sale of the bonds. The local school will be greatly added to as soon as the Delaware School Auxiliary awards the local Board its promised appropriation, which will amount to over \$200,000.

WEATHER FORECAST

The United States Weather Bureau has issued the following forecast for the period ending September 2d: Generally fair and moderate temperature until latter part of week, when unsettled, showery weather is likely.

CARNIVAL PROFIT

The Christians Fire Company's recent carnival netted the fire fighters between \$900 and \$1000.

## \$2450 Realized By Firemen Already Large Crowds Attending Carnival—Firemen and Marching Club Attractions Thursday Night

The members of the Aetna Hose, Hook and Ladder Company announced today that on Saturday night about \$1600 was taken in at their carnival. On Monday night the receipts were around \$850 and last night the \$1000 mark was reached.

E. C. Wilson, chairman of the carnival committee, announced today that the attendance at this year's carnival was about even with that of other years and that record breaking crowds are expected on the remaining nights of the carnival which will close at 12 o'clock Saturday night.

One of the big features of the week will be tomorrow night which will be Firemen's Night. It is expected that several hundred firemen will be in attendance from various communities of the State. As an added attraction the Oxford Marching Club, with about 60 members, will be here and march on Main street. This club is one of the finest of its kind in this vicinity and the local firemen consider themselves very lucky in obtaining the marchers as a special attraction.

Saturday night the large Studebaker Special automobile will be given away and this is always one of the features of the carnival that attracts wide spread interest.

The weather man has been good to the firemen and the temperature has been at a point on the three nights of the carnival that makes it a joy to visit the carnival grounds on Academy street. The crowds although very large have been orderly and there has been no trouble caused.

The dancing in the Armory has been an attraction that has drawn well and every night many couples are tripping the latest steps to the strains of music furnished by the Serenaders.

The movies have also had their share of attendance and some excellent pictures will be shown on the remaining nights of the carnival.

First Shipment From Cannery

Carload of Tomatoes Went Out Today—Amazing Figures—May Run All Year

Few people in Newark realize that the 4000 cases of tomatoes and corn were packed at the United Cannery Corporation yesterday. This amount was packed there and it is little wonder that there is a steady procession of wagons down Depot road filled with corn and tomatoes when it is taken into consideration that this number of cases of packed goods are turned out at the plant. The Kennett Square plant of the corporation yesterday packed 1500 cases of corn. These figures give a good idea of the mammoth outlet that these canneries afford the farmers of this vicinity.

The first shipment of goods from the local plant took place today when a carload, consisting of 1000 cases of No. 2 tomatoes were shipped. The officials of the local plant stated this morning that from now on it was the plan of the corporation to ship a carload of products a day.

The brands packed at the local plant are "United Quality-Standard" and "United Fancy-Extra Standard," the last consisting of the fancy pack of corn and tomatoes. The packing of tomatoes is expected to run up until October and then the local plant will start the canning of sauer kraut and pumpkin. After this pack is completed the local canning crew which consists of about 250 people will be taken to the Kennett Square plant where mushrooms will be packed.

Next year it is expected to run the local cannery all year. The plans call for the packing of strawberries, string beans, spinach and the other products named above.

When the local plant was started this year the storeroom had 27 carloads of cases stored and it was thought that this would be enough for the local output, but the officials are now of the opinion that at least 23 carloads more of cases will be used.

There are three boilers at the plant which are running at full capacity, 600 horse-power.

(Continued on Page Eight.)

## DEMOCRATIC PLATFORM

The Democratic Party of Delaware in Convention this twenty-ninth day of August, A. D. 1922, adopting efficiency, economy and enforcement of the laws as its watchword, announces to the voters of the State the following principles and makes the following promises and pledges.

### Efficiency and Economy

The people of Delaware and the Nation have broken from the safe moorings of their fathers and need to be led back to sane business management and economy.

We pledge the Democratic Party to an honest, thorough-going investigation of conditions, a real budget system and a cutting out of all unnecessary commissions and offices, a reduction of salaries and employees, wherever possible, and a decrease of expenses, to the end that the State and its several subdivisions shall keep their incomes without necessary borrowing and with every possible reduction of taxes now become such heavy burdens on the people.

### Public Schools

We favor the best public schools that the people of Delaware can afford. There is a safe limit to both taxation and debt burdens and we demand that both be kept within the means of Delaware taxpayers. We also demand that every unnecessary expense be eliminated and that appropriations for school purposes be strictly according to law and without the loose budget provisions of contingent or extra appropriations which tempt to waste and extravagance.

We favor the repeal of the three dollar filing fee provision of the Income Tax law. We recognize, however, that all citizens should contribute to the support of public schools and that if real estate is not to resume its former heavy burden of school taxation, other classes of property and persons without taxable property must contribute their share. We also favor amendment of the law imposing a tax for school purposes on corporations so as to require corporations to pay their fair share of school taxes.

### Home Rule Through Charter

We pledge the votes of the Democrats in the State Assembly to the passage of a law conferring upon the City of Wilmington a Home Rule, non-partisan Charter.

### Workhouse

We favor suitable and separate sanitary quarters for the inmates of the Workhouse, both men and women.

### Parole Legislation

We favor a parole system for State and County Prisoners under safe and sane restrictions.

### Roads

We favor the continuance of permanent road construction by the State and counties so far as safety in borrowing and reasonableness in taxation will permit. We, however, demand that every possible economy be exercised by the Highway Department and all other agencies having to do with road construction and upkeep, and that the public be given full information at least quarterly of all incomes and expenses. We also insist that the county roads not permanently improved be kept in better repair. These roads are as necessary to the majority of our rural citizens as the improved highways.

They are now being neglected and many of them are unfit for travel. We insist that in the clamor for more improved highways, these county roads be not overlooked.

### Control of Public Utilities

Delaware is one of the very few States without some constituted authority to protect its people from unfair rates and discrimination of public service corporations. Its shippers are at the mercy of exacting and discriminating carriers. Rates are fixed and regulations made without regard to the rights of the public. We favor the regulating by the State of all public service corporations operating within the State.

### Wilmington Marine Terminal

The action of the city of Wilmington in organizing for the expenditure of the large sums of money necessary to attain their ambition of many years of a Marine Terminal on the Delaware River, and in carrying this work forward to completion, is one which we heartily endorse, as this will be a benefit not only to the residents of the city, but to all the citizens of the State, and we pledge our support and co-operation to our National Representatives in aiding them to obtain from the National Government the appropriations necessary to make this Terminal effective.

### Clean Elections

It is a hopeful rift in the cloud of election crime that the country appears shocked at the buying of a nomination by Newberry.

With constitutional provisions and stringent laws safeguarding the ballot, Delaware has long since fallen into apparent acquiescence in the purchase of elections by the contribution of a few rich men, and since the prosecuting officers and the police force are subservient to the controlling machine of the Republican organization in power, prosecution seems so futile as long since to have been abandoned.

In the face of a strong favoring sentiment in the State and the Nation, there is no safeguard at all in Delaware against corruption and bribery at primary elections.

We pledge the Democratic Party to the enactment and rigid enforcement of a law prohibiting bribery and other improper influences at primary elections and the rigid enforcement of our bribery laws and the prosecution of all offenders of whatever party, affiliation or station in life.

### Law Enforcement

We favor the rigid enforcement of all our criminal laws and the enactment of such other laws as are necessary to safeguard property, protect persons and make every part of our State safe for all our people. To this end, we demand that the Governor and all other officers, charged with the duty of seeing that the laws are enforced and enforcing the laws do their full duties and that those who fail or refuse to do so be removed from office.

### Women and Children

The Democratic Party of Delaware was the first to extend to the women voters of the State equal representation on all party committees and welcome women to the full participation in all the party's council and control. We favor equality of women with men before the law and her equal right with men to participate in industry and to a living wage. We recognize the great importance of protecting and providing for the mothers and children of the State, in the homes and in industry, and we favor liberal support of all agencies for protecting the health of children and full development of our children to the end that family life be conserved, dependent mothers and children adequately

provided for and the future of men and women of the State be strong in body, pure in morals and self-reliant and vigorous citizens.

### Representation in Congress

We oppose the election of individuals to Congress who do not really represent the interests of all the people of the State. Those who toll on the farms and in the factories are entitled to a voice in the Nation's councils as well as corporations and so-called big business. Senators who seek to buy favor with gifts and stand for Newberryism, profiteering business, a robber tariff and all the other things that have signalized the present Congress do not represent Delaware or the best interests of her plain, sturdy people.

### Control by Wealth

We believe it dangerous to the true welfare of the great majority of the people of this State that a very few men of vast wealth should, through the Republican Party as now organized absolutely control our State and its vital policy. We believe that the control of the State, and especially its taxation, should rest in the representatives of the people generally, rather than in the hands of a few who cannot realize the needs and appreciate the difficulties of the many.

### Tariff

We are opposed to a tariff law written by representatives of special interests or as the price of political favor. Tariffs should be based on careful study of business and industrial conditions of the world. We condemn the bill now pending before Congress as a proposed robbery of the consumer, a disturber of business, a stumbling block to the return of world peace and prosperity and a bargain and sale of favors to a few for a gigantic campaign with which to retain in power the party enacting it.

### No Sale

"I want," said the very plain girl, "a book entitled 'Cultivate Your Natural Beauty.'"  
"Here it is," said the clerk, who wanted to be sociable. "Are you getting it for a friend?"  
And the very plain girl put her purse back into her bag and went right out.—Philadelphia Retail Ledger.

## Grange Field Day Held At Appleton

Sports, Eats and Excellent Addresses  
Feature Occasion—Literary  
Program in Evening

Tuesday, August 22, was a gala day at Appleton, the occasion being the fourth annual Field Day held by the Grange.

At 10 a. m. the women's sports were conducted by Miss Elizabeth Rodson, Home Demonstration Agent for Cecil county, Mrs. A. D. Short, Mrs. Evan Robinson and Mrs. E. B. Milburn.

At 11:30 dinner was served. Mrs. H. R. Smith was chairman of this committee, and aided by a very efficient corps of helpers served a most satisfying meal.

In the afternoon Miss V. M. Kellar, State Home Demonstration Agent, and State Master John Black gave interesting talks. These were followed by children's sports in charge of E. J. Jenkins, State Boys' Club leader. Mrs. William McCloskey, Mrs. W. T. Lofland, and Mrs. William Bradley. Then came the base ball game. This was quite exciting, the married men defeated the single men by one run.

At 5 o'clock supper was served. In the evening a literary program was rendered as follows:

Chorus ..... America  
Selection ..... Orchestra  
Miss E. T. Kimble, R. Reynolds  
J. I. Atkinson, I. Webster.

Solo ..... Mrs. John Molitor  
Recitation ..... Mrs. Orville Ottey  
Solo ..... Miss Isabel Biddle  
Selection ..... Orchestra

Address ..... J. Hartshorn  
State Grange Organizer  
Solo ..... Emerson Vansant  
Coronet Solo ..... Mr. Jones

Accompanied by J. Stewart Pryor  
Address ..... E. J. Jenkins  
Solo ..... John Finnegan  
Address ..... A. D. Rodebaugh

County Agent for Cecil County  
Solo ..... Mrs. John Molitor  
Selection ..... Orchestra

Another feature of the evening program was the dancing of Miss Nadine Casperson, a little Atlantic City girl.

## GLASGOW

Miss Jennie Gilmore, of Baltimore, is visiting relatives in Glasgow for a few weeks.

Mr. and Mrs. Orrie Holloway and son, and Mr. and Mrs. Norman Holloway and children, of Berlin, Md., motored from Berlin last Saturday to this place, to visit Mr. and Mrs. C. A. Leasure for a few days. They returned Monday, leaving Mrs. N. C. Holloway and children for a week's visit with her parents, Mr. and Mrs. C. A. Leasure.

Miss Alice Brooks returned from Rehoboth Beach to her home Sunday.

Mrs. Henry Laws, Mrs. Emma Mahan, Miss Jennie Gilmore and William Mahan visited Mr. and Mrs. Charles Leasure last Monday evening.

B. Johnson and family, of Summit Bridge, visited Mr. and Mrs. W. C. Brooks, Sunday.

Mr. and Mrs. Robert Barr, of Baltimore, who have been visiting relatives near this place, returned home Monday.

Mr. and Mrs. Harry Davis, of Cooch, called on Mr. and Mrs. W. C. Brooks Friday evening.

## PROVIDENCE

Mrs. George Shivery and Miss Bertha Shultz, of Rockland, Del., called on friends here on Saturday.

Mr. and Mrs. Ward Smith and Miss Alta Smith, of Philadelphia, spent Sunday with Mr. and Mrs. Jacob Null.

Miss Violet and Alwin Creswell and Walter Lindsey are spending the week with a party at Charlestown, Md.

Mrs. Mollie Alexander is visiting Mrs. Carl Hines.

Miss Rita Null is spending the week with her aunt Mrs. Ward Smith, at Philadelphia.

Mr. Wilkin Elliott, of Germantown, is the guest of Mr. and Mrs. James Mackenzie.

Mrs. Joseph Miller and daughter are spending some time with her parents, Mr. and Mrs. George Racine, at Glen Mills.

Samuel Logan and granddaughter have been spending a few days with Mr. Logan's mother in Chester, Pa.

Mrs. Flora Keeley is spending some time with her daughter, Mrs. George Cobb, at her cottage at Wildwood.

Mrs. Harry Tarbuton and son Harry are visiting Mrs. Tarbuton's parents, Mr. and Mrs. Frank McCleary.

Fred Wright has returned home after spending the summer with his grandparents, at New Bridge.

Rev. Hugh Randall filled the pulpit at Rock Church Sunday, August 27th. A brother of his expect to fill the pulpit there Sunday, September 2nd.

They are GOOD!

## Elkton's Weekly News Budget

### Warburton Estate Again in Court —Marryin' Parson Back Again —Milkmen Meet

Former Sheriff J. Wesley McAllister and State's Attorney Henry W. Warburton have been appointed trustees for the Gilpin Falls Electric Light Company, which was owned by the late William T. Warburton.

Rev. Daniel F. Lockerbie got back into the "marryin' harness" again last week. The preacher had been unable to work at his trade for the past six weeks due to serious illness.

Several meetings of the Inter-State Milk Producers' Association were held in this vicinity last week and were well attended.

Clarence W. Perkins, of Baltimore, trustee in bankruptcy, has filed a suit in equity in the Cecil County Court against J. Wesley McAllister and wife, Henry A. Warburton and wife, Charles E. Warburton and wife, and Mrs. Anna W. Warburton widow of the late W. T. Warburton, asking that a receiver be appointed for the Gilpin Falls Electric Light Company.

The deceased Warburton, president of the wrecked Second National Bank, was owner of the electric company and according to his will the above named were left the property in trust.

The bank holds bonds of the light company amounting to \$121,000 and has a revenue of about \$12,000 per annum.

J. Hal Jamar, clerk of the United States District Court, at Chicago, spent last week with his father, Dr. J. H. Jamar, of this place.

Cecil county was one of the honor roll counties to go over the top in the campaign ending July 1st for the Near East cause, repeating her record for the previous year.

The Deibert Brothers, of Elkton, who operate the Deibert boat yards at Havre de Grace, have issued a call for fifty of their former employees to return to their work during the present week when operations which were stopped in March, owing to one of their best customers going into hands of receivers, will be resumed to be continued uninterruptedly for the ensuing year.

The work of building the "cut off" in the Elkton-Perryville road, so as to eliminate the sharp curves at Charlestown, also the necessity of crossing the two dangerous railroad bridges, is underway by contractors who expect to have it completed by December 1st.

Chief Judge William H. Adkins, of the Second Judicial Circuit, has set September 5th to hear argument in the petition of Clarence W. Perkins, of Baltimore, to have the Gilpin Falls Electric Light Company placed in the hands of receivers.

### Methodist Church Notes

Rev. Frank Herson, of the Methodist Episcopal Church, is not at home this week and the mid-week service will not be held.

The pastor will return by Sunday and the regular morning and evening services will be held with Rev. Herson in the pulpit.

### It Feels That Way

The finding of a headless body has caused the arrest of an American dentist. Our experience with dentists is that the head doesn't really come off; it just feels that way.—Manila Bulletin.

Sunday school at 10 a. m.; preaching at 11 a. m.

Sunday, September 10th, there will be a congregational meeting at Rock Church at 3 o'clock. Rev. McKey will be in charge. All members are earnestly requested to be at the meeting.

Miss Mabel Larzalear is on an automobile trip with Mr. and Mrs. Cooch of Newark. They will visit Harrisburg, Gettysburg and Virginia, returning home by Washington and Annapolis.

Word has been received here that Virginia, the little daughter of Mr. and Mrs. Joseph Miller, is quite ill with diphtheria, at Glen Mills.

# Society Brand Clothes

## There's a Style Here That's Just Right for You

Most Men have their own ideas about style in clothes. That's why they want variety to choose from.

You'll find variety here, under the Society label. Two buttons—three buttons—four buttons; straight backs, form fitting and sports coats. All of them good style, well tailored—the kind of clothes you get real satisfaction from wearing.

AUGUST 30, 1922

## Age of Committees.

If a man wants to know what he thinks, he starts a club; and if he wants to be very sure, he calls a convention. \*

Every idea we have is run into a constitution. We cannot think without a chairman. Our whims have secretaries; our fads have by-laws. Literature is a club. Philosophy is a society. Our reforms are mass-meetings. Our culture is a summer-school. We cannot mourn our mighty dead without a Carnegie Hall and forty vice-presidents. We remember our poets with trustees and the immortality of a genius is watched by a standing committee. Charity is an association. Theology is a set of resolutions. Religion is an endeavor to be numerous and communicative. We awe the impenitent with crowds, convert the world with boards and save the lost souls with delegates; and how Jesus of Nazareth could have done so great a work without being on a Committee is beyond our ken. \*

Everything convenes, resolves, petitions, adjourns. Nothing stays adjourned. We have reports that think for us, committees that do right for us, and platforms that spread their wooden lengths over all the things we love, until there is hardly an inch of the dear old earth to stand on, where, fresh and sweet from day to day, we can live our lives ourselves, pick the flowers, look at the stars, guess at God, garner our grain and die.—From *Crowds* by Gerald Stanley Lee.

## The Right to Work

A free American has the right to labor without any other's leave. It would be no less an abridgement to deny men to bargain collectively. Governments cannot tolerate any class or grouped domination through force. It will be a sorry day when group domination is reflected in our laws. Government, and

the laws which government is charged with enforcing, must be for all the people, ever aiming at the common good. The foremost thought in the Constitution is the right to freedom and the pursuit of happiness. Men must be free to live and achieve. Liberty is gone in America when any man is denied by anybody the right to work and live by that work. It does not matter who denies.—President Harding.

## Fewer Swivel Chairs

Departments at Washington are announcing big clearance sales of swivel chairs. This is good Republican argument. The last administration purchased more swivels (they go round in such restful circles) than any in history.

"Ah but the War," says some Democrat, "was the reason."

Yes that is true, but it is also true that some of the largest purchases were made after the war was over.

Fewer swivel chairs is the great need of America—and Harding is selling them at reduced prices. It saves salaries, saves rent, reduces overhead and indirectly increases production.

Fewer swivel chairs means "fuller dinner pails." Fewer swivel chairs means Peace and Prosperity—one time synonymous terms. Why not again?

## Unchallenged Freedom

President Harding is on absolutely sound and undebatable ground when he asserts the right of free men to the protection of the government in the exercise of their right to engage in legitimate occupations.

"That same unchallenged freedom which permits you and your associates to decline to work is no less the heritage of the free American who chooses to accept employment under the terms proposed. The difference between the two positions is that the striking railroad workers exercise their rights of freedom in seeking to hinder the necessary transportation of the country, notwithstanding the provision made by law for the consideration of any just grievance, and the striking miners seek to prevent the production of coal necessary to common welfare, notwithstanding the offer of an agency to make an impartial settlement, while the men who choose to work in response to the call of the country are exercising their like rights, and at the same time are making their contribution to our common American welfare."

There can be no doubt whatever that in upholding the policy he enunciated in that statement the American people will support the President to the uttermost.

cotton, butter, or other farm products get to the consumer's table, a good deal has been added to the price the farmer receives. This margin between the farmer and the consumer has considerably increased during the past eight years, but it is also fair to note that a good deal of this increase has been due to the increase in the wages paid the people who handle these products. What these figures show is that the wages of the farmer, as represented by the prices paid for his crops, are lower than his wages were before the war, measured in purchasing power, while the wages of the workman, and especially in organized industries, are considerably higher than they were before the war, whether measured in dollars and cents or in purchasing power. The purchasing power of the wages of the railway employe in 1921 was 51 per cent greater than in 1913. The purchasing power of the wages of the coal miner in 1921 was 30 per cent greater than in 1913. The purchasing power of the farm hand who works for wages in 1921 was 4 per cent less than in 1913, while the purchasing power of the farmer himself was, on an average, from 25 to 45 per cent less than in 1913.

### Farmers Did Not Strike

Continuing Secretary Wallace drew the moral that while the farming interests of the country during the year of 1921 faces the most discouraging conditions they have experienced in over a generation, conditions which brought thousands of them bankruptcy, yet they at no time talked of striking or advocated violence or disorder. They confined their efforts at relief to the legitimate, lawful channels of public opinion and public legislation.

"The farmer believes in law and order," said Secretary Wallace. "He believes in government. He believes in fairness between man and man. He believes in working hard and producing efficiently." Secretary Wallace said:

"The farmers have endeavored to get relief by all lawful means. They have appealed to the administration, to Congress and to every other agency which they thought might be able to help them, but while making these efforts to avoid their heavy losses they have not struck. They have not created disorders. They have kept on producing and in the face of extraordinarily low prices have this year grown one of the largest crops in our

## Still Taking In Club Members

One More Day to Join Newark Country Club at Big Saving—Many Activities

Those people of Newark who have not yet availed themselves of the opportunity to join the Newark Country Club still have a day in which to do it. Not that the opportunity to join the club will not again be offered but until the first day of September all persons joining the local club will not have to pay the initiation fee. This is a big saving and already many persons from this vicinity have joined the club under this plan.

Newark's Country Club stands second only to Wilmington's, in Delaware, and every day there are improvements being made at the club. In a short time many persons figure that Newark's Country Club will take the lead among the clubs in the State.

At the present time there are several tournaments arranged for the club members and with the growing popularity of the club it would not be surprising if a tournament of an open nature would not be arranged for the Newark course.

The two tennis courts being constructed on the grounds are nearly completed and two more will be added in a short time. With the steady growth of the club it is expected that in a short time the course will be increased from one of nine holes to eighteen. The club owns plenty of ground to make this addition and the officials have already stated that when the occasion for more room for the course is needed this improvement will be made. An eighteen hole course on the local club's site would make an excellent one for open tournament play.

Al Ginther, the local professional, is meeting with much success at the local club and has featured with his playing in several of the biggest tournaments held in and around Philadelphia. Ginther's activities on the foreign links as representative of the Newark club has brought the club in for much publicity and several out-of-townners have shot the course recently and termed it excellent.

entire history. The farmer believes in law and order. He believes in government. He believes in fairness between man and man. He believes in working hard and producing efficiently.

### Farmers Want Industrial Peace

"If other groups would do as the farmer has done, our economic troubles would soon be over. Prices would soon be adjusted to their normal relationships. There would be work for everybody and at just wages. \*

"The farmer is disgusted with these recurring disputes between capital and labor especially as connected with the essential industries. He sees no reason why such disputes cannot and should not be settled in an orderly and lawful way and without the interruptions of service which cost him so dearly.

"The farmer recognizes his obligation to produce food, for people must eat to live. He demands that both

## Anglers' Subscription List Fast Filling

Still Time to Get Membership in Booming Organization—Excellent Prospects

Since the Newark's Anglers' Association has gotten down to real business and put their plans before the public with the understanding that things are really going to be made a go of there has been a rush of the followers of Ike Walton to get into the body.

Some of the officials of the association announced today that in a short time the subscription will be filled and then those who failed to take advantage of the opening will find themselves on the "outside looking in" instead of the "inside looking out." But for those who really wish to get into the body there is still time and any member of the organization will take subscriptions.

Work on the dam will be started in a very short time now and if the weather is not bad the members expect to be ready for action in about a month's time. Of course there will not be any fish in such a short time but the stocking of the "hole" will take place. Already Pusey Morrison, vice-president of the organization, has made a trip to a fish hatchery at Allentown, Pa., and there investigated the buying of trout and other game fish for the local association.

One man well known years ago as a fisherman said recently that if the old Dayett Dam, as it was formerly known, is brought back one half as good as it used to be then the lovers of fishing in the association will have the best "fishing hole" in the State. It is just this thing that the organization is aiming to do, have the best fishing grounds in the State and no stone is being left unturned to accomplish this.

The pond should provide an excellent place for ice skaters this winter and many of the members who use the steel blades are figuring on this form of recreation as the first pleasure they will derive from the pond.

The association was incorporated during the past week.

the owners of the coal mines and the coal miners recognize their equal obligation to produce coal, and he demands that the management of the railroads and the railroad workmen recognize also their equal obligation to keep trains moving, for unless the food he produces is moved promptly the people will starve. \*

"The farmer calls upon capital and labor to cease their petty bickerings and resume production, trusting to American institutions and the American sense of fair play to see that justice is done to both of them."

### DR. SYPHERD RETURNS

Prof. W. O. Sypherd has returned from California where he taught in the Summer School of the University of California.

## AETNA CARNIVAL

Jazz, that American symphony of noise, Merry-Go-Round, Hot Dogs and Confetti, Pigs and Auto, Cones and Girls, Fortunes told or Hit the Baby—all are at the Carnival in Newark.

Dull monotony of coal famine, railroad strikes, yes even politics are forgotten. In the gayety of mingling with your fellows in holiday glee, the drab of life is lost in the glare of lights, the blare of trumpets and the laughter of children, young and old. Music, good cheer and success make us forget the smallness of prejudices and opposition. Everybody is happy at the Street Carnival of Newark.

### THURSDAY NIGHT

is a big night. Visiting Firemen, new attractions, Oxford Marching Club, politicians—all will be there. For a chat, a conference, a lark, a dance or just a grand good time, to forget age and strain and worry

GO TO THE AETNA CARNIVAL

## MILITARY INSTRUCTORS

Major Rowe, head of the military department at the University of Delaware, who was stationed at Porto Rico during the summer months, has returned here to resume work at the college.

Captain Roy Sparks, of the same department, who was recently married in Ohio, has also returned.

Captain MacKenzie of the military department is here until the middle of September when he will be transferred to Camp Benning.

### PROFESSOR ARRIVES

Prof. E. B. Crooks, newly appointed professor of Philosophy at the University of Delaware this year, arrived here today.

## FAIR TO HAVE BIG HORSE SHOW

The addition of belated entries to the Horse Show, one of the attractive features at the Delaware State Fair, which opens at Elmore Lake Day, there will be a larger display of fine horseflesh than last year which had proved a record breaker. Up to today 135 show horses have been entered. There will also be an important entry of 20 horses from Kentucky, that will swell the number in excess of last season.

Placing the value of the show horses at a very conservative figure, there will be more than \$100,000 represented in the entry list for the coming show. There are forty exhibitors registered to date and while most of them are from this section, there are some farms and owners from a distance who are coming to the Delaware Horse Show for the first time this year.

Because of the heavy entry list the Horse Show will open each morning at 10 or 10:30 o'clock at the latest. With an intermission for lunch, the judging will continue in the afternoon until 4 or 5 o'clock, being dependent entirely upon how large the classes are, and the time consumed in reaching a decision by the judges. The judging will be completed by Friday at noon allowing an interval before the automobile races which will provide the thrills for the afternoon sports.

The classes of hunters and harness horses will prove the most attractive classes this year, although there are always those who favor the distinctive specimens in the ponies. Among the new exhibitors this year are E. Graham Conner, of Overbrook, Pa. who will try his luck with two hunters, George E. Ringel, also of Overbrook, Pa., will send one hunter, but he is so proud of this animal that he has entered him in seven classes.

Other new entrants this year are the University of Delaware and N. P. Richards, of Monteban, Pa. Both of these will enter Percherons. This class of animals will have more owners contesting for honors this year and the competition ought to provide unusual interest for spectators.

The paddock is ready now for the Horse Show. Whatever was needed in the way of new grass and other yearly maintenance has been attended to, and if the show should begin tomorrow, things would be ready for the exhibitors. The Elmore paddock is one of the finest grass rings to be found anywhere in the country.

### For the Few Who Make It

A few men make money; the most of us have to earn it.—Boston Transcript.

### HIGHWAY STANDS ARE VERY POPULAR

Buyers Sure of Obtaining Fresh Produce at Money Saving—Also Profitable to Farmer

Probably never before in the history of the State have so many farmers erected stands in front of their homes and along the main highways. This is due in all probability to the fact that the improved roads of today are travelled by thousands daily and that the fruit and vegetable crops this year are unusually large.

The man with the automobile is finding these stands quite profitable for he is not only assured of getting fresh fruit and produce, but he also is able to buy these items at a saving over the city prices.

This saving is brought about due to the fact that the farmer does not have to transport his produce and fruit to sell it in this manner.

There are many of these stands right around Newark and one farmer who has a stand in the Wilmington market, when asked on Saturday, why he was not at market said that he could save money for both himself and the buyer by placing his goods on sale in front of his house which is on the main highway.

A great number of the farmers have these stands open every day and oftentimes their children are in charge while the parents are at work in the fields.

## Perso

Miss Jeanette V. Sales, Pa., is visiting her mother, Mrs. E. W. Sheppard, of Cleveland.

Mrs. Clarence E. Apphia, spent a few days at the home of her mother, David W. Sheppard.

## Personals

Miss Jeanette Vernon, of North Wales, Pa., is visiting Miss Anna Brown, of Cleveland avenue.

Mrs. Clarence E. Stone, of Philadelphia, spent a few days last week at the home of her parents, Mr. and Mrs. David W. Sheppard.

Mr. and Mrs. Jake Stone, Mrs. Emily Champion and daughter, Evelyn, and Mr. Clarence E. Stone, all of Philadelphia, spent Sunday with Mrs. David W. Sheppard and family.

John Frazer and Miss Sarah A. Campbell, of Depot Road, spent the weekend in Atlantic City.

Dr. and Mrs. Walt Steel and family, and Mr. and Mrs. Layfield left on Monday for a trip to Luray, Va. The trip was made by automobiles.

James Hutchinson is spending some time at Cape May.

Mr. and Mrs. J. Pearce Cann have returned after a trip to Atlantic City.

Prof. VanGiesen Smith has returned from a trip to Cuba, Panama and New Orleans.

Prof. G. Albert Koerber has returned to Newark after a trip to Boston.

Prof. W. A. Wilkinson has returned from a trip to Pennsylvania.

Miss Anna D. Moody, of Silver Hill, near Christiana is visiting her aunt, Miss Kate Darlington, of Delaware avenue, and also Miss Ona Sinner, of Depot road.

Miss Nan Davies, of Oak Lane, Philadelphia, has returned home after a visit with Dr. and Mrs. G. B. Pearson.

Mr. and Mrs. Joseph H. Mendin, of Wilmington, Del., are spending the week with Dr. and Mrs. G. B. Pearson.

Dr. and Mrs. Robert Casperson, of Atlantic City, will move into their new home on West Main street, next week.

Henry Townsend and a "bunch of others" are camping at Town's Point.

Lewis Curtis, now of Cincinnati, formerly of Newark, is visiting his brother, Walter Curtis.

Miss Case, former Home Economics teacher at the Newark High School, is visiting friends in Newark. Miss Case's home is in Kansas City and she will teach at the High School that city this year.

Mr. and Mrs. C. O. Houghton and Mr. Courtland, have returned after a visit with relatives in New York state.

Mr. and Mrs. John Shaw and family, and Miss Margaret Vinsinger are on a motor trip to Lake George, N. Y.

Johnson Rowan is spending a week at Rehoboth.

Merwin Aiken, of Joplin, Mo., is visiting Mrs. William J. Rowan.

Miss Deborah Wood and Miss Marie Arntsen, of Wilmington, are spending some time with Miss Charlotte Vinsinger.

Lillian Snyder will entertain at her home this evening.

Miss Dorothy Young, of Lynn, Mass., who has been spending some time with Miss Eliza Jones, has returned to her home.

Mr. and Mrs. John Walker, formerly of Newark, but now of New York, have been visiting Mr. and Mrs. Walter Carlisle.

Miss Alice Charsha is entertaining Mr. and Mrs. Ringgold, of Centerville, Md.

Miss Ethel Coleman, of Crumpton, Md., is visiting her sister, Pauline, on College avenue.

**LOCAL GIRLS WIN HONORS**  
Miss Charlotte Hossinger and Miss Frances Hullen, who recently returned from Camp Allegheny, West Virginia, won high honors while there. The former won first class camping honors and Miss Hullen won honors in the camp spirit contest.

**NO MOVIES**  
The Opera House will have no picture this Saturday night, due to the fact that the Firemen's Carnival is going on.

**BUSSES TO FAIR**  
Alfred C. Stiltz, of the Stiltz bus company, has announced that special busses will run from Newark and Dover to the Delaware State Fair, which opens on Labor Day.

## Vinton-Armstrong In Hard Tussle

**Former Wins Excellent Match at Country Club—Defaults Mar Afternoon**

Match play in the tournaments being staged at the Newark Country Club was started on Saturday when several excellent matches were played over the local course.

For the two Saturdays previous to last there has been playing at the club to decide where the players should be placed in the events that started on Saturday.

The feature match of Saturday was in the first eight when Benjamin Vinton, of Delaware City, and J. C. Armstrong went nineteen holes before Vinton was winner 1 up.

The scores follow:

### First Eight

Benjamin Vinton won from J. Armstrong 1 up—19 holes.

E. B. Wright won from Charles Strahorn 3 and 1.

Joe Efling won from F. W. Diver 5 and 4.

N. N. Wright won from C. J. Moore by default.

### Second Eight

W. R. Baldwin won from C. T. Gardner 2 up.

P. F. Pie won from C. W. Cauffiel by default.

Dr. Walt Steel won from W. B. Austin by default.

G. D. Crow won from C. W. Hazel 1 up.

### Third Eight

H. L. Bonham won from Z. J. Finnan by default.

E. H. Voght won from J. B. Decker 4 and 2.

C. A. McCue won from W. C. Anderson by default.

C. A. Short won from R. V. Criswell 7 and 5.

The number of defaults marred the play somewhat last week, but the officials of the club hope that when the players get together next Saturday this fault will have been eliminated.

The winners in the various eights will be paired with one another for this week's play.

### More Quick Thinking

He—Will you be my partner?

She—Oh, Jack, this is so sudden! Give me a little time.

He (continuing)—For the next dance?

She (ditto)—To catch my breath. I haven't recovered from the last one yet.—Boston Transcript.

THAYER'S SANDALWOOD is a very high-grade soap. You will find it a quick seller. RUSH YOUR ORDER TODAY and get started. You can sell the 6 cakes in an hour.

### W. E. McDOWELL

312 THE CEDARS  
MARSHALLTON, DELAWARE

## Expect Large Classes At Old Delaware

**Term Opens on September 22nd—Already 86 Students for Women's College**

The opening exercises of the University of Delaware will be held on Friday, September 22nd, and the largest Freshman classes ever taken in at Delaware College and the Women's College are expected to be enrolled at this time.

From the present indications the Freshman class at the Women's College will number more than 86. Dean Robinson said this week that that number of certificates had been passed upon and it was expected that before the term was started there would be more applications.

Just what the number will be in the incoming class at Delaware College is not known but Dean E. Laurence Smith and Prof. Dutton

who have been working on the enrollment expect large classes.

Several boys from down-State who have certificates that would permit them to enter Delaware have the matter of financing their course to overcome and one had recently wrote here that he would be willing to do anything from digging ditches on up. Many of the boys who have intentions of coming to Old Delaware this year have made trips here this summer in hopes that they might obtain some employment that would bring in money in their spare minutes while at school.

Prof. Dutton said today that it was impossible at the present time to tell

### IN MEMORIAM

In memory of John W. Chambers, who departed this life one year ago, the 30th.

"I cannot forget you, dear husband, Though long may seem the years; And oft in the lonely hours, I wipe away my tears. O God, what a weight of sorrow, Must I, the lonely one bear; A silent room, the empty bed, So I'll try and still my heartache, And do my best to smile, And God will let me come to you After a little while.

Gone but not forgotten. By his loving wife and children.

### IN MEMORIAM

Chambers—In sad and loving memory of our dear father, John W. Chambers, who departed this life one year ago today, August 30, 1921.

Today recalls sad memories, Of a loved one gone to rest, And the ones who think of him today Are the ones who loved him best.

We tried so hard to save him, But God willed that he should go, So we yielded to the parting, Though it filled our hearts with woe.

Some may think that we forgot you, Though on earth you are no more, But in memory you are with us, As you always were before.

No one knows the silent heartaches, Only those who have lost can tell, Of the grief that's born in silence, For the one we loved so well.

Sadly missed by his daughter, Effie Boulden.

just how large the Freshman class at Delaware College would be this year, but that from the present indications it would be larger than last year. He said that both Dean Smith and himself had received many appeals for financial aid from boys who wish to enter college this year. He said that if loans could be arranged for these boys the class will be larger in number.

### So It's Come to This

The chap who mourns the days that are gone forever should chant a lament for the passing of the barber shop as a male sanctuary. A mere man who ventured into a barber shop in the North Woodward section one afternoon found girls in all four chairs, and five more girls ahead of him waiting to be bobbed or shingled.—Detroit Free Press.

## Adding

On wide forms for permanent record

In summarizing your sales and expenses daily, you often want to keep permanent records on wide forms.

This Burroughs enables you to list and add or summarize directly on the wide forms.

It's handy, too, in listing and totaling items on roll paper, making bank deposit tickets, taking inventory and handling many other figure jobs in your business.

Let us show you how this Burroughs will pay for itself by the time you pay for it.

## To The Teachers of Delaware— Superintendent Holloway Talks

Education the Hope of the World—Will Solve Present and Future Problems—Urges Use of Golden Rule

"Lost—Where do you want to go?" I had drawn up beside the curb at a street corner in Chicopee Falls, Mass., and was pouring over an auto Blue Book, trying to find a way out to Worcester. The question came from a man in another car who had been following and had seen my hesitation as to the right street to take. "I am trying to figure out a way to Worcester," was my reply. "You are way off; follow me, and I'll put you right." I did, and through a maze of streets that would have been impossible to a stranger. Incidentally on the way he pointed out where Fisk Tires were made. I had ridden many miles on them, but had never before known their birthplace. He stopped at length, and gave me a final direction. I thanked him for his kindness and went on my way with just a bit warmer feeling for mankind. Two or three miles farther on came another point of hesitation. A kindly faced old gentleman in a car like my own slowed up by me. "Where to?" he inquired. "Worcester," was my reply. "Follow me, I'm going there." For sixty miles at every point of doubt, though numerous cars had slipped in between us I found the familiar car waiting to point the right way. Once while the traffic was blocked he came back to see us. He knew some people in Delaware that we knew. When he stopped in Worcester, I got out and thanked him. "You have been very kind to us," I said. "If people had been kinder to each other, we would never have had a world war," was his reply. He was Father O'Connor of Northampton.

Teachers, you are about to begin the work of another school year. You are going to come in contact with a number of travelers. Each one of them is going over a new and strange road. Probably the most of them know only in the most general way where they are going. Not one of them but will many times not know the way to take. Each of you is familiar with the way. You are familiar with the principles underlying your work. It is therefore your privilege and should be your pleasure to give directions at the points of "hesitation." Would it not be a fine thing if each of us throughout the year could perform each task that may fall to his lot in the spirit of kindness, and make the law of kindness, the Golden Rule, a corollary of every principle of pedagogy?

The right kind of education is today, as it always has been, the hope of the world. Education for service, education for citizenship, education for the highest happiness will solve our present and future problems in just so far as it is accomplished. It is our mutual task to bring about this great thing.

Dean Russell says that he has "tentatively accepted the doctrine that the whole educational problem of statecraft is the training of efficient leaders and contented followers." By followers he does not mean, however, those who blindly obey, but those who "voluntarily co-operate." It seems to me that a sense of justice is the foundation of co-operative citizenship, but in action it must be justice tempered with mercy, and guided by the Golden Rule. What you teach with these great ends in view will be important, but what you are will have a much greater influence in making these ends possible of attainment. "Your actions speak so loudly that I cannot hear what you say," is a saying worth carrying with you in your work. Let all of us reconsecrate ourselves to the task that is before us, so that at the end of the year we may each have the joy that comes from the completion of a year's work well done.

## SCHOOL ATTENDANCE BETTER LAST YEAR

Report Shows that Pupils Averaged 142 Days; After Even Better Mark

If progress in education is measured by school attendance, Delaware has made remarkable progress in the past four years. The State Department of Public Instruction has just completed the figures in regard to this matter. They show that the State sent its children to school in the school year 1918-19 on an average of 90 days; in 1919-20, 118 days; in 1920-21, 134 days, and last year 142 days.

Schools cost no more when the children attend than when they stay at home. These figures would indicate that the State is getting more and more service from the biggest institution that it is maintaining, namely, the Public Schools.

The schools for the most part will open on Tuesday, September 5th. By starting the race for attendance on the very first day, the average attendance for next year should be raised to 150 days. The cry of our soldiers in France was, "Let's go." It was the keynote of their progress. The State of Delaware has evidently decided to adopt the same slogan.

## SURPRISE SHOWER

Ladies Give Enjoyable Affair to Mrs. Orville Little

Mrs. Orville Little was tendered a surprise shower at her home on Monday evening.

The evening was very pleasantly spent playing games and charades. Refreshments were served.

The really big surprise of the evening for the bride was the presentation of a floor lamp by the girls of the Extension Department of the University of Delaware. Many other gifts were received.

Those present were: Miss Agnes Medill, Helen S. Strickland, Gertrude Hill, Edna C. Wood, Anna Miller, Mary Clancy, Margaret Doyle, Irma C. Hopkins, Mary D. Morgan, Esther McKewan, Katherine P. Shack, Edna C. Dickey, Alice Blackiston, Jennie Smith, Mrs. N. Worrall and daughters, Evelyn and Elizabeth, Mrs. Samuel Little, Miss Anna Mary Little, Mrs. Alice Herbener, Orville and Billie Richardson, Mrs. Anna Slack and Miss Price.

## Here's A Chance For Championship

Horseshoe Twirlers Would Do Well To Hold Elimination Contest—Many Claimants

There seems no way out for deciding which team of "streeters" or "avenues" are the best when it comes to twirling the footgear of the "old way" mare.

If suggestions are in order, let us suggest that an elimination contest be held in the next week and the winner of this contest be crowned the champion for this season. If this suggestion is going to cause any comment, like some of the claims of the various teams did, then we withdraw the suggestion, for from all points of the compass we are neutral and the only thing we know about horseshoes is that they are supposed to bring luck and that we have one hanging over the door, but it seems that it is out on a strike with the twirlers.

But if said suggestion does meet with the approval of the horseshoe twirlers from Choate street, Kershaw street, Academy street, Cleveland avenue or those of any part of the town, why not get together and start the shoes flying faster than any nag ever carried them through the streets.

That such an elimination contest would create a great deal of interest is not at all doubtful from the manner in which defies and claims have been flung to the four air by the twirlers in the past few weeks.

To make the contest one of fairness Blacksmith Wagner should be called into consultation to learn whether or not any phoney footwear is being used. He is an expert and would be only willing to lend his assistance to see that nothing is pulled over on the various contestants.

## CHURCH TEAM WINS

Newark Hands 19 to 2 Walloping to Hockessin Nine

Newark's team of the Church League had an easy time of it on Saturday with the Hockessin nine, the score being 19 to 2 in favor of the locals. Hockefeller was on the mound for the Newark nine and allowed the heavy hitters from up the line only one hit.

Newark has a wonderful opportunity to grab off the pennant in the Church League and has gathered an excellent team together to turn the stunt. Harvey Fulton, Roberts, Hopkins and Mote, all former County League team players, are now playing with the Churchmen and Kelley formerly of Elk Mills, is playing third base.

The score of Saturday's game:

Newark	R.	H.	O.	A.	E.
Fulton, If	3	1	0	0	0

## MANY NEWARKITES WILL ATTEND STATE FAIR

Hundreds of people of Newark and vicinity are making preparations at the present time to attend the Delaware State Fair, which opens in Wilmington, on Labor Day.

Every year there are a great number of people of this district who attend the fair and this year will be no exception.

Probably the biggest attendance from here will be on the opening day and Big Thursday. On this latter it is expected that Secretary of Agriculture Wallace will speak.

Many persons from this town and district have entries in the exhibitions at the Fair which will, without a doubt, attract a great deal of local interest. This is especially true of the exhibits of the boys and girls.

## McDONALD A VISITOR

Harry McDonald, former "Aggie" instructor and athletic coach at the Newark High School, visited friends here last week. Mr. McDonald is now a student at the Columbia University, New York.

## SPORT TUTORIAL

### COOPERATION IS SUCCESS

### TIME TO ORGANIZE

Whether Newark wins the pennant in the second half of the New Castle County League or not there should be credit placed where it is deserved and that is on those who took hold of the reins and drove out the element that was one of the drawbacks in the first half of the season. Some of this element was not eliminated, but it was squashed until it was evident that those who were elected to have charge were really in charge and did not have to listen to the dictation of anyone else.

At the start of the season, when it was first mentioned that Newark should be represented in the league with a first-class team many of the people of the town expressed their opinions that the team would not be a success and for a time it looked that way, even a week or so before the start of the second half of the season there was talk of the team disbanding. But this never happened, due to the fact that some of the men of the town who really want to see a go made of the local line got their shoulders to the wheel and keep the ball rolling.

These men were confident that if a certain element was eliminated and if the manager of the team was given full charge, Newark could have a winning ball club. This was accomplished and the results are now known to every follower of the team.

Newark has not won the pennant in the second half of the league race that is true, but the club has played a wonderful article of ball in every game of the second half and has surprised its most faithful followers.

Every man who has a position on the team at the present writing is in there fighting every minute and to win is the first thought in every game. If the club is trailing the opposition there is no quitting, but the players put on an uphill fight and in a couple of the games won recently it was this fighting spirit that resulted in the locals coming out victors.

This is the spirit that has resulted in Newark being out there fighting for the top position of the league and it was the elimination of domineering spirit displayed by some persons at the start of the season that resulted in this winning spirit being brought about.

When the Newark people decided that they should enter a club in the New Castle County League it was at the twelfth hour. The result was a hustle to get together a team and get in some real practice and the results of the early game are too well known to write of them here.

In a very short time football season will be with us and some of the young men of the town are talking of organizing a football team to represent Newark on the gridiron.

A word to the wise should be sufficient and a lesson should be the result of the organizing of the baseball team. If there is going to be a Newark football team now is the time to get the material lined up and a start made in the scheduling of games. If this is put off until the last minute then the football team is going to find that some of the best football players of the town have signed with other teams and that all the worth while attractions have been booked.

A meeting on one of these cool nights would without a doubt be well attended by those people of the town who are interested in seeing Newark well represented on the gridiron.

## TRAINING SITE

Coach McAvoy and Jack Williams Will Pick Players

Coach William McAvoy and J. Pearce Cann, of the Athletic Council of the University of Delaware, made a trip to Red Point, seven miles below Northeast on the Northeast River, on Sunday to look over the site selected for the preliminary training of the football team.

Both the men were more than pleased with the site and it will furnish an excellent place for preliminary training of the gridiron warriors. The site has been used as a camp by the Boy Scouts during the summer months and is in tip-top shape. The site has been leased from Rufus Wells, the owner, from September 8th to 18th, inclusive.

Captain Jack Williams and Coach Mac will get together this week and decide who the twenty-five men to be taken on the training trip will be.

## MANY REEDIES

Hunters of Newark and vicinity will rejoice to hear that the marshes are filled with reed and rail birds. The season opens on Friday.

## Newark Drops Hard 12-Inning Battle

Yorklyn Team by Batting Rally in Extra Inning Cops Fastest Local Game

Newark lost its chance to figure in the pennant fight in the second half of the New Castle County League on Saturday, when the locals went down to defeat in twelve innings before Yorklyn. The score was 5 to 3.

It has been a long time since a better game has been staged in Newark and the crowd that was on hand was with the Newark team all the way.

The Yorklyn nine was the first to score, the Snufftown lads sending a run over in the third inning, but the local team came right back and tied the count in their half. In the fourth inning by some hitting in the pinches Newark forged to the front when another tally was sent across the rubber. This lead was not long lived however, for in the next stanza Yorklyn knotted the score again. From then until the twelfth inning neither team was able to cross the rubber.

In the final inning Yorklyn got next to the local curvers and through some heavy hitting tallied three runs in this last inning. Newark did not stop after this but gave the fans a lot of hope in the final half by coming to bat and scoring one tally but the Yorklyn nine tightened up and there was no further scoring.

For Newark the fielding honors were carried off by Mercer, Bland and Tasker. In batting Bland with a pair of bingles and Nutter with a three-bagger were the stars.

Yorklyn's best fielding was accomplished by C. Beatty and Taylor. Haggerty carried off the batting laurels with a two-bagger and a single.

As a result of the defeat on Saturday Newark dropped into third place, New Castle took possession of second place by winning over Five Points.

## BIG RAILROAD ATHLETIC MEET

Over five hundred athletes, all employees of the Pennsylvania Railroad Company, will contest for honors in the Eastern Region Meet, the greatest athletic event of the year to be held on the most beautiful playground in America—The Tyrone Division P. R. R. Athletic Park—at Tyrone, Pa., on Saturday, September 9th.

The list of events for the day is complete, and will be taken off with the same snap and precision ever characteristic of the big Pennsylvania Railroad meets. Events for the afternoon include tennis, trap and rifle shooting, quoits and horseshoes, 50-yard dash for girls, 75-yard dash for girls, quarter-mile relay for girls, 50-yard dash for boys, 100-yard dash for boys, 100, 220 and 440-yard dashes, 880-yard run, mile run, mile relay, 100 and 440-yard dash (novice) 880-yard run (novice), running high jump, running broad jump, 12-pound shot put, circling bases, golf and base ball game, Eastern Region vs. Altoona Works.

Tyrone Division P. R. R. Athletic Park is the ideal spot for this great meet in every respect. Centrally situated on the main line of the Pennsylvania Railroad, it is a railroad terminal town for all points; the William Penn Highway and Great Lakes to the Sea Highway also run through Tyrone, making it easily accessible by automobile.

Complete from start to finish are the arrangements for the big meet; nothing has been overlooked for the comfort and convenience of athletes and visitors. Ample and regulated parking space for three thousand automobiles; traffic regulations and police protection; latest improved cafeteria service, capable of quickly serving all; seating capacity for twelve thousand spectators, so that all have clear and unobstructed view of all events; medical service; ample toilet and rest room facilities; in fact, nothing has been overlooked—and all this right on the grounds.

A cordial invitation is extended to all railroad employees and to the public at large to attend this great athletic meet, the greatest meet in the country and produced on a scale that equals the days of the famous Roman Coliseum.

## Bitter Sarcasm

This final echo of the past football season comes to us. An irate gridiron fan who had watched his home team go down to defeat stopped the referee as he was leaving the field. "Where's your dog?" he demanded.

"Dog?" ejaculated the referee, "I have no dog."

"Well," said the grouchy one, "you're the first blind man I ever saw who didn't have a dog."—Boston Transcript.

## TRAIN CHANGES

Baltimore and Ohio Railroad Changes Many Trains

Since Baltimore has gone back to standard time there have been several changes in the schedule of the Baltimore and Ohio Railroad trains passing through Newark.

The schedule of trains leaving here follows:

West bound	East bound
4.48 a.m.	6.17 a.m.
7.18 a.m.	9.17 a.m.
8.00 a.m.	9.23 a.m.
8.54 a.m.	11.34 a.m.
2.04 p.m.	3.35 p.m.
2.16 p.m.	5.18 p.m.
5.50 p.m.	6.09 p.m.
6.01 p.m.	7.11 p.m.
9.30 p.m.	7.28 p.m.
3.03 p.m.*	9.41 p.m.
5.30 p.m.*	6.58 a.m.*

\* Indicates trains that run only on Sundays.

## LODGE WEATHER

Warm Weather Has Curtailed the Fraternity Activity

Now that the cool weather is setting in again the lodges of the town will probably become more active. During the summer months the lodges have been practically dormant in their exploits.

One of the first things that will probably be attempted will be the organization of the quail league again this year.

## LOCAL STATE BOARDS DECIDE SCHOOL OPENINGS

The State Board of Education has ruled that the time for opening school sessions this fall shall be decided by the local boards of education throughout the State.

There have been many requests from various boards as to whether the schools should be opened on daylight saving or standard time, the rural communities protesting against operating under the daylight saving method. The State Board believes that in allowing each local board to open the schools when they decide best they have successfully solved a vexing problem.

## PROSPECTS GOOD

Good Material in High School for Football and Basketball

The prospects for good football and basketball teams at the Newark High School this year are very good. Several of the varsity players of both these teams are to return to school and will act as a foundation for the new athletic instructor to build his teams.

Harry McDonald, coach last year, will attend Columbia University, New York, where he is studying for a master's degree. Mr. McDonald attended the summer school at the same institution.

## PLAYHOUSE OPENS WITH "THE CHARLATAN" FRIDAY

Adolph Klauber will open the season at the Playhouse, Wilmington, Friday night with his production of "The Charlatan," the great mystery success direct from the Times Square Theatre, New York. The reason for its booking is that Manager Finney prevailed upon the producer to play two days in Wilmington before opening the piece in Philadelphia, where "The Charlatan" opens at Walnut Street Theatre on Labor Day for a long engagement.

"The Charlatan" won considerable eulogy during its triumphant run in New York, for the simple reason that it marked a departure from the usual mystery play. Instead of the customary and conventional weaving together of the customary and conventional characters, the authors struck out boldly and based their offering on the exploits of a present day Cagliostro. To those acquainted with the works of Dumas, no more need be said; to others, it may be connoted briefly that Cagliostro was an internationally famed charlatan, a rogue, who flourished during the eighteenth century and who was immortalized by Dumas in his book "Joseph Balsamo." Dumas had it that Cagliostro could never die. So the authors of Mr. Klauber's play, Leonard Praskins and Ernest Pascal, have placed the smart, suave Cagliostro in 1922 evening clothes and entered him upon his stage career by performing feats of legerdemain at an exclusive dinner party. From then on the action is interesting, intriguing, compelling, until the final curtain.

Mr. Klauber has surrounded Frederick Tiden, who was the original Cagliostro in New York, with the usual excellent Klauber cast. There are but three changes from the original New York cast and these were necessary. The cast includes Purnell Pratt, William Podmore, Perce Benton, Edward Powers, Henry Vincent, Lulu May Hubbard, Madelin Le Varre and others.

## Main Street--Not The Book--But Our Own

Improvements and Additional Business Brightens Town--More Stores Are Probable

Have you taken a walk up Main street recently and looked over the improvements that have been made on the town's chief street in the past year.

If you have not it would be worth your while to take this little trip of inspection. It is doubtful if there is another town in the State that has made the many improvements along its main street that Newark has. These are not improvements made by the town, but by the merchants of the town.

Isaac Meritz has completed an excellent department store on the site taken in the adjoining property as well. He has included in this improvement a 5 and 10 cent store which has proven very popular with the people of this vicinity.

M. Pilnick has made extensive additions to his shoe repairing shop and has added a shoe store to the property.

It has been less than a year ago that the Opera House's front on Main street was remodeled and a drug store and grocery store replaced the one big store formerly conducted by the Continental Fibre Co. The Home Drug Co., Inc., and the Fulton Store which succeeded this store have both added to the business section of the town.

Louis Handloff has probably added more to the business section of the town than any other one business man, and his improvements were big ones. First he branched out in his department store business and erected what is one of the finest stores in rural Delaware. He then turned his old store into a moving picture house and has had great success there.

Walter Powell has remodeled his restaurant and building and now owns an up-to-date store, which is tenanted by the Atlantic and Pacific Tea Co., and Mr. Powell's restaurant has also been greatly improved.

The Blue Hen Tea and Gift Shop some months ago took over the old home at the corner of Main street and College avenue and this has brightened this corner up a great deal and extended the business section of the town further west.

Ira Kilmon has made several improvements, both to the outside and inside of his place on business on Elkton avenue.

All in all many thousands of dollars have been expended by the business men of Newark in improving their places of business to better supply the wants of Newark's buyers.

Not only has the business section of the town grown during the past few months, but this growth will probably continue, for it is a known fact that one or two other business firms are after stores on Main street and it would not be at all surprising to see some real wide-awake business men erect two or three store buildings or remodel some of the old houses along Main street for up-to-date stores.

Dwellings have also been greatly increased in the past few months and many houses have been completed and many more will be completed in a short time.

## No Paving Work For This Year

Postponement of Cleveland Avenue Job Swells Town's Finances--Property Owners Not Pleased

The failure to start work on the paving of Cleveland avenue came as a disappointment to a great number of the people of the town.

Announcement that this work would not probably be done this year was made in these columns last week. The decision was reached by the members of Town Council after it was found that F. W. Lovett, the local contractor could not fulfil his promise to start work thirty days after the contract for the paving was let.

At the August meeting of Town Council, the thirty days had elapsed and the matter was brought before the members of Council at that time and it was decided that Mr. Lovett should be communicated with and asked to get the work started at once.

The local contractor had started a job in New Jersey before receiving the contract to do the local work and his equipment was tied up on this job and that is the reason he was unable to start work on the Cleveland avenue proposition.

Many of the property owners on Cleveland avenue have had a great deal of work done on their properties since the announcement by Council that the street would be paved. At that time Council advertised in the papers that all property owners must have all digging work done to their property within a time limit for the Councilmen would not allow the newly laid street to be torn up for at least five years.

When Council learned that Mr. Lovett could not fulfil his promise efforts were at once made to locate a contractor who would take the job and contract to have the work done before November 1st. This time limit was set by Council for the purpose of making sure that the street would not be torn up and then freezing weather set in and hold up the work and also make traffic impossible over the thoroughfare.

But a contractor who would agree

to this could not be found and therefore Council decided that the work could go over for the present.

F. W. Lovett's bid to do the work was \$11,018 and the keeping of this money in the town's treasury until at least next summer will be a big item, but the members of Council would have much rather have expended the money on the paving work and got this piece of work completed.

It was the hopes of the many that Cleveland avenue would be completed this summer and fall and that Delaware avenue east of Academy street could be paved next summer, but chances for such a program seem slim now as it is probable that it will take all the funds of Council to carry on the Cleveland avenue job next year.

## FIRST SHIPMENT FROM CANNERY

(Continued from Page One.)

The local plant is turning out three grades of corn, standard, extra standard and fancy and two grades of tomatoes, No. 2 standard and No. 3 fancy hand packed. Tomato pulp is also being packed in gallon cans.

One of the machines at the plant that attracts the special interest of visitors is the electric labeling machine.

The rate at which corn is packed at the local plant is 108 cans per minute, tomato pulp at a rate of 60 gallon cans per minute and tomatoes at 120 cans per minute. Ten girls are employed at hand packing tomatoes and they turn out about 250 cans per minute.

### Proving His Statements

"In the words of St. Paul, X—has fought a good fight: he has kept the faith; he does not waver in well doing. Soon he will publish a book of essays, 500 pages, with souvenir picture of the author. (Order now.) Please vote for your true and faithful servant."—North Dakota Publicity Pamphlet.

George—"I put a tack on teacher's chair yesterday."  
Gerald—"Did you? I'll bet he won't sit down in a hurry again."  
George—"No; and neither will I."—Western Christian Advocate.

## DEMOCRATS NOMINATE BAYARD FOR SENATE BOYCE FOR CONGRESS

(Continued from Page One.)

pledges to the people. "Needless is it," she declared, "for the Democratic party to put one word in its platform about American labor." American labor, she added, was never so happy, so well employed and so well paid as under the Wilson administration. "It is up to us high-minded, forward-thinking Democrats of Delaware," she concluded, "to see that we place the proper party in charge of the affairs of this State."

Bayard was certainly the delegate choice of the convention. He swept all opposition before him. Boyce was the hero and probably if the rank and file, instead of the delegates, had made the choice, he would have stood at the head of the ticket. Bayard's delegate strength and the refusal of Judge Boyce to enter the contest made the task easy.

The popularity of Boyce was seen by the almost stampede for him for Congress.

Mrs. Derby, as nominee for auditor of accounts, is interesting.

The other candidates are well and favorably known in their respective communities.

The new State Committee is as follows:

New Castle County—Matthew Ralston, Mrs. Anna Donohue, Samuel Maroney, Miss Marjorie Green, Charles F. Curley and Miss Ellen Samworth, of Wilmington; J. Raymond Frederick, W. B. Mansley, Miss Nora Stewart, Frank F. Yearsley, Eben B. Frazer, Frank deH. Janvier, Reba T. Holcomb, J. Leslie Ford, Mrs. A. M. Chamberlaine, Dr. Dorsey W. Lewis, Miss Marie Lockwood, Mrs. Grace B. Ross, W. A. Scott and Mrs. Susan West, of rural New Castle County.

Kent County—Wilbur Rawley, Mrs. Harry Mayer, John W. Arthur, Mrs. S. B. Gooding, Miss Dora Wilds, J. Massey Minner, Thomas E. Cahill, Mrs. Evelyn I. Cabbage, J. Harry Latham, Mrs. L. W. Betts, Mrs. John W. Clifton, Mrs. Mabel F. Derby, Mrs. Caroline Hughes, Joshua Smith, Robert Hollett, Richard R. Kenney.

Sussex County—J. M. Tunnell, E. C. Blackiston, W. B. Truitt, Mrs. Thomas Carpenter, Mrs. Marie Var-

## State Fair Will Be Biggest and Best

Hundreds of Competitors Send More Exhibits and Every Department is Larger Than Ever

All plans are completed for the Delaware State Fair which opens at Elsmere on Monday. Every department of the Fair will show improvement and a majority of them more exhibits than ever before. Hundreds of competitors have entered their handiwork for the premiums offered and the judges will have the busiest and hardest job to decide winners they have ever experienced at any Delaware Fair.

The National Hereford Cattle show will have 220 head of those big beef cattle from 18 herds scattered throughout the west. The exhibit of milk cows will be larger than any other year. Sheep and swine and chickens by the hundreds have been entered for prizes.

The dahlia show will be a place of beauty for lovers of flowers. Hundreds of blooms will be entered.

Boys' and Girls' Clubs from all over the State have entered the lists of contestants and their demonstration work will be big features of the exhibit.

The Horse Show will be one of the

ney, Mrs. John R. Eskridge, Harry M. Deputy, Etta Gray Jones, J. R. Eskridge, Mamie I. Short, E. Frank Le Cates, Cynthia Reynolds, Paul T. Scott, Mrs. Olivia Davis, William H. Welch, Mrs. Ida Fox.

The State Committee will meet to organize September 7th, at Dover.

most attractive affairs ever arranged and scores of the finest horses in the country will be among the competitors.

The horse races the first four of the week will afford the classiest trotting and pacing races ever seen at any Fair. On Friday afternoon thrilling automobile matches will provide the pep that can be found in no other mode of sport.

Vaudeville and band programs a day free of charge and in addition there will be plays and athletic demonstrations by the welfare organizations free.

For those who want lunch, churches and organizations furnishing the "eats," have arranged to provide the most palatable meals obtained at any Fair.

All things will be on a larger scale this year at the Fair than was attempted before. The success of the Delaware State Fair is assured.

### His Reason

An English clergyman, nailed a refractory creeper, observed a watching him with obvious interest. "Well, my young friend," he said smilingly, "are you trying to get hint or two on gardening?" "No," said the youth. "Are you surprised to see me working like this?"

"No. I do be waiting to see you parson do say when he hammer thumb."—Los Angeles Times.

### Segregated

New York is enthusiastic about idea of an art centre for Central Park. This would enable it to all its art gathered together in place, that there'd be no dashing running into it at odd moments.
