

University Cadets Choose Dale Hill New Commander For '54-'55 Season

The Delaware Rifles, university ROTC drill team, elected their officers for the 1954-55 school year on Thursday, April 22, in Old College. The group selected Dale Hill as commander.

In addition to Hill, the 25 cadets elected Jack Eagle, executive; Ken Richter, adjutant; and Joe Camp, first sergeant. The military advisor is Captain James R. Zeller.

Hill, succeeding Norman Williams as commander of the Rifles, is a junior Arts and Science major and has been an active member of the drill team for three years. He is a member of the Delaware National Guard and resides in Laurel, Delaware.

Jack Eagle, a sophomore chemical engineer, has been on the drill team for two years. Jack is a member of the pitching staff on the Blue Hen baseball team and a member of the Theta Chi social fraternity.

The Rifles are planning a trip to Aberdeen proving grounds later this spring. Long range plans include scheduling drill competitions with other ROTC units. The returning freshmen as well as those members of the sophomore class who enter advanced military, will provide a good nucleus for the coming year. The organization hopes to resume ushering at university football games. They also are trying to schedule drill performances between halves of next year's grid contests.

Any interested student is urged to join the rifles. Dale told the

(Continued on Page 3)

University Band Concert Will Be Given This Sunday

On Sunday, May 2, at 4 p.m. on the north steps of the Memorial Library, the University band will present the first of two Sunday afternoon concerts. The band of 65 players, under the direction of Mr. J. R. King, has completed its concert season away from the campus with a total of 14 performances, including one TV broadcast and a concert for the Wilmington Music Commission.

This Sunday's concert will feature the following program: "Hands Across the Sea" by Sousa, "First Suite in E-flat" by Holst, "Lonely Landscape" by McBride, "Elderado" by Caneva, "Four Episodes for Band" by Morrissey, "A New Day Overture" by Akers, "Three Negro Dances" by Price, "Hill-billy" by Gould, "Song of Norway" by Grieg-Leidzen and "Thunder Song" by Finlayson.

The Sunday concerts are open to the general public without charge. In case of rain the concert will be cancelled.

Tickets For Shearing Concert On Sale In Library Basement

Tickets for the George Shearing Quintette can now be purchased in the basement of the library for \$1.00. The sale, which began on April 19, will continue until May 7, the day of the two concerts. There were about 1800 tickets printed, but so far, according to Jean Ross, newly elected sophomore S.G.A. representative in charge of ticket sales, not many have been sold.

The Shearing ensemble, a widely acclaimed jazz quintette, has won several annual music polls for top

Fashion On South Campus

Home Ec Show To Feature UD Coeds 'Traveling In Style'

"To Travel in Style," the 1954 annual Home Economics fashion show, will be presented in Mitchell Hall Tuesday, May 4, at 8:15 p. m. The show will feature clothing that has been constructed in the elementary clothing, advanced clothing, flat pattern, tailoring and draping classes.

The tailoring class of the School of Home Economics will sponsor the show. This year the two co-ordinators for the show will be

Retiring Officers Induct New SGA Members, May 7

The new SGA members will be inducted in a candle-lighting ceremony in Brown Hall Lounge on the evening of May 7. President John A. Perkins and Dean Bessie B. Collins will witness the change of members.

The ceremony will begin with the retiring president, Frank Swain, lighting his candle from a center one. He will then light the retiring vice president, Marianne Reinke's, candle, and she in turn will light the person's next to her. This will continue on down the line until all the old members' candles are lit.

The ex-officers will then light the candles of the newly elected members. This will signify the change of hands in the SGA.

Frank Swain will make his departing speech and extinguish his candle, while the retiring officers do the same.

Dave Menser, new SGA president, will give an opening speech, and all new members will extinguish their flames. Dr. Perkins will be the last speaker.

The induction is open to all students.

instrumental groups, including "Billboard's" college poll and "Downbeat's" poll.

Teamed with Billy Eckstein, the quintette toured thirty-seven cities in forty-two days a few years ago. They ended in Carnegie Hall in New York where the two concerts were completely sold out.

George says that in his progressive music, which has mistakenly been called "bop," the melody and music go hand in hand. Only what he feels is the "right

(Continued on Page 10)

Fraternities To Highlight Spring Social Calendar With Annual Weekends

AE Pi, Sigma Nu, And Theta Chi Begin Tonight With Dinner-Dance

This year's first fraternity weekend celebration begins tonight with three campus fraternities, Alpha Epsilon Pi, Theta Chi and Sigma Nu starting the annual spring social whirl.

All three houses have slated a full schedule of events to cover the entire weekend. The members of each fraternity and their dates will enjoy dinner-dances, house-parties and picnics during the three-day celebration.

ODK Fraternity Accepts Thirteen New Members In Ceremony On Tuesday

The Beta Sigma Circle of Omicron Delta Kappa, honorary leadership fraternity, elected thirteen new members to the circle Tuesday. Seven seniors and six juniors were tapped in the formal ceremonies on the Memorial Library steps.

After each new member was tapped, his name was posted on the Beta Sigma bulletin board located on the Library steps.

The new seniors who were elected are: Armond J. Angulo, Martin A. Apostolico, Marvin S. Balick, Boyd M. Cook, Preston L. Day, William A. Harkins and Joseph Marra. The newly elected juniors include: Arthur J. Holveck, Robert B. Horne, M. John McDaniel, Richard J. O'Connor, Irven H. Rinard, and Edward J. Taylor. The juniors are the first of their class to gain entrance into the circle.

On Tuesday, May 11, the new members will be initiated, and the circle will hold elections for next year. The circle will also select the outstanding senior to receive the Walter Hullihen trophy to be awarded on Honors Day after the initiation.

Young Republican Club Installs Beh As New President

Recent elections of the university unit of the Active Young Republicans have resulted in the installation of Warren Beh as president. Beh, who was formerly treasurer of the organization, succeeds Hugh Martin in the post.

Other new officers include Bob Cunningham, vice president; James Dugan, treasurer; and Ward Carson, secretary.

In addition to the local AYR position, Dugan was recently elected recording secretary of the state AYR federation.

President-elect Beh has announced that his group will soon begin planning their campaign for the fall congressional elections.

SGA To Renew Smoke Talks With Discussion Of McCarthy

"McCarthyism" is the topic of the smoke talk to be held on May 13 at 8:15 in the Old College Lounge.

Smoke talks have been revived on the campus after an absence of several years. They are informal discussions on current topics, topics of special interest, that are sponsored by the SGA. All interested students are invited and urged to attend.

The SGA committee responsible for these informal discussions consists of Cynthia Fiery, Marianne Reinke, Joe Stout, Marty Burns and Mickie Blaine.

Alpha Epsilon Pi will hold their formal dinner-dance at the Brandywine Country Club in Wilmington. The dance will be followed by parties at different members' houses. Manny Klein will play for the dance. During this affair the brothers will name their 1954 Sweetheart as well as this year's outstanding pledge and the outstanding athlete.

A dinner party will start the houseparty on Saturday night. On Sunday the fraternity will hold a picnic featuring horseback riding.

Members and pledges of Theta Chi will travel to Chesapeake City tonight to hold their formal dinner-dance at Schaeffer's Restaurant. Ferdi DiFurio and his Melody Kings will play for the affair. The Theta Chi Sweetheart, outstanding senior and outstanding fraternity man will be announced at the dance.

Tomorrow evening a houseparty will entertain the brothers and their dates. On Sunday the fraternity will hold a picnic on the Northeast river. Andy Wagner, social chairman, is in charge of the weekend.

Sigma Nu will hold their annual White Rose formal dance at The Italian American Club in Kennett Square, Pa., tonight. At this affair they will announce the White Rose Sweetheart for 1954. Lou Razzi and his band will play for the dance.

Clyde Bessick and his boys will provide the combo for the Sigma Nu houseparty tomorrow night. Sunday, the brothers will have an outing on Art Vanderpoole's farm. Bob Christfield is in charge of the weekend.

Faculty Members To Get Special Teaching Award For Excellence In Field

An award has been offered this year by the class of 1913 for excellence in teaching at the University of Delaware. Faculty members eligible for the award are associate professors, assistant professors and instructors with a minimum of three years' service on the staff. A faculty committee has been appointed to select the recipient of the award. This committee would like to invite opinions from interested students concerning their choice for the award.

Students may indicate their choices and the reasons for these choices on forms provided for the purpose in the office of Miss Margaret Black, 112 Hullihen Hall. The committee requests that this be done on Monday, Tuesday or Wednesday, May 3-5, during the hours 9-5. Lists of names of those staff members eligible for the award will be available in advance in the office of the Review; Mrs. Smith's office, Cannon Hall; Miss Black's office, Hullihen Hall; and Mr. Jacot's office, Brown Hall.

Tony Mitchell Memorial Fund Gains Contributions From Numerous Friends

Among the contributions from students, faculty and friends to the Tony Mitchell Memorial Fund are three volumes, a gift to the library from the personal collection of Dr. H. Clay Reed, professor of history at the University of Delaware. Dr. Reed, in offering this token, made no stipulations other than requesting that they be placed in memory of Tony.

Spot checks among students receiving money for the fund in the dormitories and fraternity houses reveal that approximately fifty-five dollars has been received thus far, with further contributions yet to come.

Various queries have been made among the student body concerning the exact form of the memorial. This cannot be definitely planned, however, until all contributions have been made.

The committee for studying this problem—Marianne Reinke, Glenn Dill, Dr. C. Robert Kase and Mr. Frank X. Gallagher—has been expanded to include Virginia Carmer and Spen Hedger. Any additional students desirous of joining this group are welcome, and all suggestions will be carefully considered.

The list of students receiving money for the fund as printed in last week's *Review* was incomplete. The corrected list is as follows:

AEPI, Marv Balick; DTD, Glenn Dill; KA, Judge McWhorter; Sig Ep, John Tuley; SN, Charles Pressnell; ATO, John Pugh; PIKA, Bill du Bell; Phi Tau, Dan Strecker; Theta Chi, Ed Stout;

Johnston House, Jean Ryker; Smyth Hall, ground floor, Ginny Redding; Smyth Hall, first floor, Riney Levy; Smyth Hall, second floor, Joan Zimmerman; Cannon Hall, first floor, Ann Harkins; Cannon Hall second floor, Janet Leary;

Cannon Hall, third floor, Juli Jefferson; Topsy and Boletus, Ruth Kaplan; Sussex Hall, first floor, Jane Schaller; Sussex Hall, second floor, Barbara Miruk; Sussex Hall, third floor, Elizabeth Parkhill; New Castle Hall, Mary Kaleel;

Warner Hall, first and second floors, Marianne Reinke; Warner Hall, third floor, Tracy Williams; Brown Hall, first and second floors, Dave Tompkins; Brown Hall, third and fourth floors, Charles Willis; second floor Sharp Hall, Tom Fanon; Harter Hall, Bill Brown.

Dean Arm Addresses Mechanical Engineers In Philadelphia Society

David L. Arm, Dean of the School of Engineering, participated in a panel discussion before the members and their guests of the Philadelphia Section of the American Society of Mechanical Engineers on April 27.

The meeting was held in the Engineer's Club in Philadelphia. Dean Arm spoke on "Education's Responsibilities to the Engineering Profession."

Mr. John Gammell, director of training for the Allis-Chalmers Corporation, was the second member of the panel. He spoke on the subject "Industry's Responsibilities to the Engineering Profession."

Mr. George N. Muschamp, vice president of the Brown Instrument Company of Philadelphia, served as moderator of the panel.

A large number of special guests, including many of the top administrators in engineering education were present for this discussion. The Philadelphia Section of the American Society of Mechanical Engineers is the second largest body of this professional group in the world. Only the New York section is larger.

KA Patriarch

Actives of KA Play Host To Oldest Living Member

The members of Kappa Alpha were host to the oldest living member of KA in America, Thursday. Mr. Richard H. Paulett, 94, was the honored guest.

Mr. Paulett, who resides in Washington, D. C., told the brothers that he enjoys visiting different chapters whenever he gets a chance. He said, "Fraternities sure have changed since I was in college." He went on to say, "When I was in college, we weren't as modern, but we had fun just the same."

He became a member of the fraternity in 1877 at Randolph-Macon in Virginia. He graduated from college in 1883, and that same year he bought a sweetheart pin. He displayed the ancient pin to the members. It was solid gold and was about three times as large as the present day pins.

Although hampered by sight and hearing, he was well up-to-date in the fraternity activities. He toured the KA house during his visit and posed with several brothers for pictures.

Dr. Darsie Chosen Sigma Nu Advisor

Dr. Richard F. Darsie, Jr., Assistant Research Professor in Entomology, was recently elected faculty advisor of Delta Kappa chapter of Sigma Nu fraternity. Dr. Darsie, a fraternity man during his undergraduate days at Bethany College, Bethany, West Virginia, fills the position vacated by Coach Martin.

Dr. Darsie serves in an advisory capacity together with Mr. James Stewart, assistant manager of the Hotel DuPont, the chapter adviser.

The entomologist graduated from Bethany College in 1937. He moved to the University of Pittsburgh for work on his master's degree, and later received his doctorate from Cornell University.

Dr. Darsie completed a period of service as medical laboratory technician and an administrative worker during World War II. He later joined the staff of Franklin and Marshall as an instructor, and, one year later, joined the Delaware staff.

Since his association with the U. of D. entomology department, he has done extensive research on mosquitoes. Ten publications, many of which have been on mosquitoes, have been published by the University with the partial or full authorship of Dr. Darsie.

Agricultural Fraternity Elects Edward Ralph As Chancellor

Edward Ralph was elected chancellor of the Alpha Zeta honorary agricultural fraternity at a recent elections meeting. Six new pledges were accepted into the fraternity at the same time.

Other officers chosen were Roland Hearn, censor; Walter Garber, scribe; Theodore Hughes, treasurer; and Paul Lloyd, chronicler. New pledges include Roger Brown, Bill Day, Bob Wagner, Bob Ferguson, Ronnie Smith and Jay Badgley.

Chancellor Ralph is also recording secretary of Kappa Alpha and a member of the Ag Club.

Claude Ellis Phillips, professor of agronomy, was initiated as an honorary member of Alpha Zeta on March 1. The fraternity has recently been active in planting trees around Agricultural Hall.

State Spanish Contest To Be Held At 3 P.M. Today In Hullahen Hall

The fourth annual state-wide Spanish contest will be held at the university today. The contestants will meet in Room 220, Hullahen Hall, at 3 p.m.

Over 80 students from twelve Delaware high schools have indicated their intention of attending this year's contest. The schools to be represented are listed below.

A medal will be awarded to the winning student from each of the schools participating. The top winner will receive a \$100 scholarship at the University of Delaware.

Dr. Elbert D. Turner, Jr., and Mr. John Borra of the modern language department at the university will serve as judges. The results will be announced at the May 16 chapter meeting which is scheduled for 3:30 p.m. in the lounge of Brown Residence Hall.

Miss Isabel Riblette, chairman of foreign languages in the Wilmington Public Schools, is president of the Delaware Chapter of the AATSP. Theodore Pine, Spanish instructor at the Milford High School, is vice president.

List of schools participating are: Conrad High School; Wilmington High School; P. S. duPont High School; Sunny Hill School; St. Elizabeth School; Mt. Pleasant High School; Thomas F. Bayard School; Newark High School; St. Andrews School, Middletown; Caesar Rodney, Camden; Smyrna High School; and Milford High School.

Don't forget the annual Inter-Varsity Christian Fellowship Conference to be held on Saturday, May 8th. For more information contact any IVCF member or Biddle Foster.

Church Leader, UD Confer On Religious Emphasis Plans

Mr. James L. Stoner, Director of the University Christian Mission of the National Council of the Churches of Christ in the United States, will be on the campus today to meet with the administration, students and faculty members to help plan Religious Emphasis Week for next year.

The purpose of his visit is to discuss plans and procedures for carrying out a good religious emphasis program on this campus.

E-52 Players Will Give New Version Of 'Snow White'

An original version of "Snow White and the Seven Dwarfs" by Judy Kase will be presented on tour by the E-52 Players starting Monday. The show will be given in Mitchell Hall today at 3:15 and also tomorrow in the Wilmington Playhouse.

Miss Kase, daughter of the university director of dramatic arts and speech, has greatly changed the original Walt Disney story that most children are familiar with. A new character, Jollo, the court jester, has been added to the cast, and the names of the dwarfs have been changed.

The play, directed by Dr. C. Robert Kase, will go on tour down state, to Easton, Md., and to Washington, D. C., where two performances will be given at the Roosevelt High School. A total of fifteen performances will be given.

Despite the work of preparing the shows and two weeks' touring time, the cast feels the effort is worthwhile because of the fine reception they get from their audiences. Several thousand children and adults have seen the performances of the children's theatre in the past years.

The heroine, Snow White, will be played by Connie Goodman, a freshman who played a lead in "The Importance of Being Earnest." George Cavey, who starred in "Dark of the Moon" and "A Con-

(Continued on Page 10)

Delaware Group Meets For Campus Chest Drive

In an effort to increase the success of future Campus Chest drives, Stan Lowicki, Dave Menser and Grace Evans attended the World University Service National Student Government Association at the University of Pennsylvania meeting. Absent were Jim Flynn, newly-elected chairman, and Jackie Hackett.

The meeting, serving to orient new Campus Chest workers, featured the discussion of numerous problems which perpetually arise. Primary discussion topics included the means of reaching commuters and acquainting the student body with the importance of contributing.

Two suggestions forthcoming from the group were the contests involving the selection of a "Miss Campus Chest" and a "Mr. Ugly."

Other schools in attendance included Cornell University, Goucher College, Hunter College and Dickinson College.

JAMES L. STONER

personal and social living experience."

Mr. Stoner is a graduate of Bethany College, West Virginia. He received his B.D. degree in 1944 from Yale University.

Mr. Stoner was associate minister and later minister at the Church of Christ in Spring Glen, Hamden, Connecticut, from 1942 to 1944. In 1944 he became Associate Secretary of the University of Texas Y.M.C.A. He was the first Director of the Student Christian Fellowship at Bowling Green State University, Ohio, a pioneer in interdenominational work among students started in 1945.

Mr. Stoner is a member of Alpha Psi Omega (national honorary dramatic fraternity) and Beta Theta Pi, social fraternity. He is an ordained minister of the Disciples of Christ and a contributor of articles to several magazines and periodicals.

Dr. Bear Of Rutgers Will Be Visiting Agricultural Scholar

George L. Schuster, Dean of the School of Agriculture, recently announced that Dr. Firman E. Bear, chairman of the department of soils at Rutgers University and editor of "Soil Science," will be the visiting scholar in agriculture this year.

Dr. Bear will visit the campus today, April 30, and will speak at the senior seminar in Agricultural Hall at 11 a.m. on the subject, "Land, Food and People."

A native of Ohio, Dr. Bear holds degrees from Ohio State and the University of Wisconsin. He has

held teaching positions at his alma mater and at West Virginia University before joining the faculty at Rutgers in 1940.

He has published several books on soils and fertilizers as well as numerous bulletins and journal articles on related topics.

Dr. Bear is a member of the American Society of Agronomy, Chemical Society, Soil Science Society of America, Society of Plant Pathologists, Soil Conservation Society of America and a Fellow in American Association for the Advancement of Science.

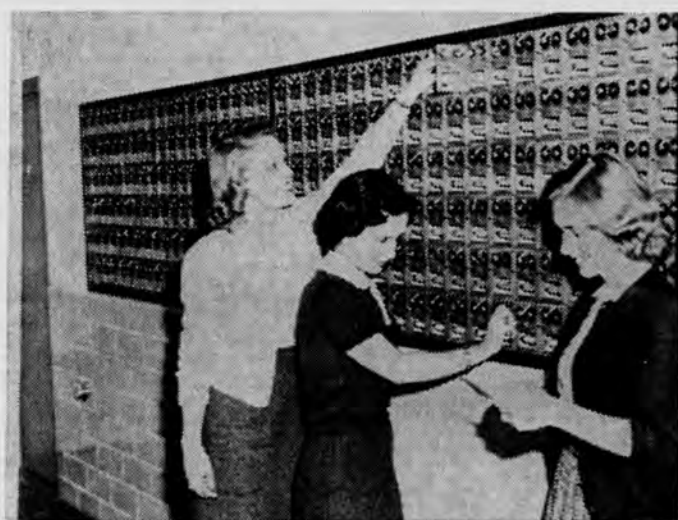

Dorm Of The Week

HOW'S YOUR ROOM - - Mrs. Polly Smith Forwood, Smyth Hall house director, is pictured chatting with Shirley Binder shortly after the freshman girls moved into the newly-completed dorm. Mrs. Forwood serves over the 212 inhabitants of the dorm. She is assisted by two house mothers and 18 junior counselors.

LOOK AT THE DOGGIE - - Arlene Olive, Autumn Dewey and Paula Baker relax on a sofa in the Commons of Smyth. The spacious lounge is the most modernistic and probably the largest on the campus. It provides a place for the girls to relax and for the fellows to wait for their dates.

NO MALE TODAY - - Mary Madison, Barbara Blake, and Ludella Lewis inspect the mail boxes which have been installed in Smyth, but which are not in use. These boxes were installed because of the expected increase in enrollment at Delaware in the next few years.

Smyth Hall To Open Officially With Open House On Saturday

Official opening of Alice Smyth Hall will take place on Saturday, May 1, when the residents of the dormitory will have Open House from 2 until 5 p.m.

Miss Alice Smyth, for whom the dorm is named, will be guest of honor. Among the many other guests will be parents of students, faculty and trustees of the university, principals of high schools in Delaware and ministers in Newark.

The Open House has been planned with student committees to serve light refreshments and conduct guided tours through the dormitory. Each girl on the several committees will serve a half-hour shift. Co-chairmen are Joanne Knecht, Marjorie Dobson and Ruth Garrett.

Smyth Hall was opened for students on December 2, 1953, when all freshmen women on campus and several juniors moved in. Mrs. Paulina Forwood is house director, assisted by Miss Mary Jo Lucas, Miss Mariann Rubin and Miss

Grace Bennett. The dorm is almost filled to its capacity, which is 216 girls. Most of the rooms are doubles, but there are a few singles, the majority of which are occupied by junior counselors.

Since Smyth is the largest dorm on campus, there have been and will probably continue to be many experiments in order for the girls to get the best possible benefit from their experience in Smyth. The idea of Junior advisors living in the dorm with their advisees is new and is in the testing stage.

Social functions provide an opportunity to make use of the excellent facilities of the sunken living room on the main floor and a large game room in the basement.

Other features of the dorm are a sundeck and sitting room on the second floor; a well-equipped kitchenette on each floor, with a larger kitchen adjacent to the silent butler located in the basement; and two laundry rooms, also in the basement.

University Cadets

(Continued from Page 1)

Review Tuesday. "It doesn't matter if the person is in ROTC or not. If he is interested in marching and drilling, he is welcome to join." He also expressed his desire to live up to the standards that this year's team has established.

NOTICE

Applications for employment at Delaware Park are now available in the Placement Bureau for those who are interested. Please come to the Bureau in Purnell Hall to obtain them.

A CAMPUS-TO-CAREER CASE HISTORY

"There wasn't a dull minute!"

DICK WALLNER, '52, left a trail of work as he whirled through a year of telephone training. Here he recalls the variety of his training jobs.

(Reading time: 36 seconds)

"Training can really be interesting. I found that out when I joined A.T.&T.'s Long Lines Department after getting my B.A. at Cincinnati and my M.A. at Michigan in '52. Long Lines is the organization specializing in Long Distance communications. I was put in the training program, and there wasn't a dull minute.

"For instance, one of my jobs in the Traffic Department was estimating the exact number of calls that would be placed in a city on Christmas Day. My estimate was off by only 68 calls!

"Then in the Plant Department, I made a study of damage done to a certain cable. Found out that the most damage occurred in an area used by hunters. Some special public relations work among hunters helped improve that situation.

"And in the Commercial Department, I helped analyze the communication problems of one of the largest textile companies—it had widespread offices and plants. The recommendations made are now in use.

"The variety in my training has carried over to my regular job here in Cincinnati. My job is to see that good service is maintained for private line customers—pipeline and power companies, theater TV and the like. Every day is different.

"As far as I am concerned, I've found my career."

Like so many college people who have joined the Bell System, Dick has a job he enjoys. There are also job opportunities with other Bell Telephone Companies, the Bell Telephone Laboratories, Western Electric and Sandia Corporation. This is a good time to see your Placement Officer for full details.

The Concrete Campus

If we were blessed with George Orwell's gift of literary prophecy, we might well devote a portion of these columns to a satirical sketch of the university thirty years hence, in the hope that the description of future developments might contribute to the reduction of some present absurdities.

Divination, however, is such a dangerous art, and Mr. Orwell's talents are so far beyond our ability to imitate that we will content ourselves with speculating on one possible development which a recent campus trend seems to indicate.

As with most trends, the beginnings have been almost unnoticed. The wide lawn in front of the Knoll, for example, was bisected not long ago by a walk designed to channel the wandering steps of the inhabitants of the dormitory in order to spare that lawn the appearance of a rutted cow pasture. Last week a new walk was laid across the muddy waste at the north end of Harter Hall.

In view of the fact that no point on this campus is very far from any other and that the campus is already liberally lined with hard-surfaced walks, it would seem that there is a subversive movement at work with Fabian patience to gradually pave the entire campus. To us the vision of an unbroken expanse of concrete, say, from the library steps to Main street is not a pretty one. We think something should be done about it; and the students, for whose benefit the campus heretofore has been kept green and pleasant, should be the ones to do it.

It should not prove to be a difficult task, since the students themselves have established the trend. Today when civilization travels, it paves its way with concrete and the same is true for the college community. Where the grass disappears under careless feet, the paving goes down sooner or later. Students who appreciate the comfort of soft grass and shady trees can take a few more steps and avoid a concrete campus.

R. C. C.

To Whom?

A Responsibility

Why is it that a college education is the only thing in the world that people are willing to pay for and never receive? We so often hear the remark, "I slept through my eight o'clock this morning again," or look around a classroom and see those deadpan "oh, what the heck" expressions.

It seems that some students in our universities today actually fail to see, much less realize, the responsibility which they have accepted in spending their money and other people's money to attend a college or university. It is a responsibility. When a student spends money to receive an education, he is not only paying for a service to be received; he is accepting the responsibility of receiving that education and agrees to use it to better himself for the benefit of the world.

The very idea and basic definition of a university is that it is "an institution organized for teaching and study in the higher branches of learning." The student is in no way excused from this definition.

So the next time that alarm goes off, remember that it is "worth it," and when you find yourself sitting in a classroom with that deadpan expression, snap out of it: you have a responsibility.

J. McC.

'Neath The Arches

By MICKIE BLAINE and
DAVE MENSER

Lots of parties, banquets and balls last weekend. There was everything from the Engineers Ball to a co-rec night in the women's gym.

There was only one complaint that we heard about the Engineers Ball, and that was the fact that there were too many engineers around. Quite a contingent from the duPont Company.

Sig Ep, started out with a French house party, but it wound up as a pajama party when the troops showed up in sleepers. Jerry Berkowitz and the Madcap Four kicked out with some crazy entertainment. Don Emory and Jackie Baird, Bill Ritchie and Lois Pelligrine, Joanne Wood and Bill Doppstadt, Mush Trivits and Doris Carmichael were there, just to name a few. In fact there were more at Sig Ep than at the ball.

The OXen turned out in grass skirts (actually they stayed in them) for a South Sea Island party. Pat Mooney looked real cool doing the hula hop. Stenger's jokes were good, but they weren't as good as the quickies Gront McVay slipped in when the quartet wasn't singing "Dry Bones."

A little banquet was held at Old College after Sigma Nu took in their pledges. Congratulations, men.

We can't figure out what it was with all the French parties last weekend, but the Delts had one, too. The pledges had it real nice for the brothers—Le Dive was the name. Glenn Dill and Jane Schaller and Diz Day and Tracy Williams won the prizes for the best costumes. Dick Chilcutt, Karl Buretz, Bill Brown and Jack Davidson gave out with tremendous entertainment.

That's all for now, kids.

Canby Reminisces Of Old Wilmington As 'Talking' Town

"Wilmington was not a bookish town, but a talking town" was a comment repeated by Mr. Henry Seidel Canby. Mr. Canby, a verbal portrayal of life and libraries in the Wilmington of old, addressed the Friends of the Library groups here last week. The "talking" of early Wilmington was further described by the noted author and educator to be "a singularly innocent, agreeable talk . . . not much malice . . . light and sweet."

Far back in his memory Mr. Canby recalled that the only books available were those in the home library. These were humorously catalogued into the "don't touch it" portion, "hereditary" portion, "sets," "weekend and workday books" and "family accumulations."

Canby's first experience with a public library was with the old Wilmington Institute Library, then located at 8th and Market. His impression of the library was enhanced by the fact that it allowed experimentation—the books were widely varied rather than being arranged for him alone.

Most highly emphasized in the account of his days at Yale was the small, undergraduate library founded there by a single donation of books. This addition, lacking in many of the larger libraries, nevertheless created an atmosphere much more conducive to the absorption of the material within the volumes.

"Acquiring frames of references and the realization of their existence is an important function of a college education once it is boiled down," stated Mr. Canby. "It is a poor situation," he continued, "if a university has merely discipline and not the developed impulse for books."

The Students' Voice

Excellence In Teaching

Students of the university have been requested to participate in an admirable gesture made possible by members of the Class of 1913, that of rewarding a teacher for excellence in teaching. This group of alumni have contributed five hundred dollars to be granted to the honored recipient on Honors Day, May 20.

Students, it is felt, conceivably can make a more critical diagnosis of a teacher's capabilities than can the teacher's contemporaries. With this thought in view, all interested students are requested to indicate their choice of qualified recipients on forms available in the office of Miss Black, 112 Hullihen Hall.

Provision has been on the blanks for the students to indicate their choice as well as stating, in brief, the abilities or measures that that particular instructor has exhibited in performing an excellent job of teaching. If indecision arises over a choice between two faculty members, both names may be entered on the list. Student names need not appear on the form, merely the school and year.

The request has been made by the Class of 1913 that eligibility be restricted to associate professors, assistant professors and instructors, and with three years of service at the University of Delaware.

A faculty committee will consider the submitted names and render the final decision. This committee has emphasized the fact that this is not a "popularity contest," but rather a matter worthy of careful consideration on the part of the students.

The award is designated for this year only. Hopes do exist, however, that a similar move may be enacted in future years.

CLIPPINGS

By ART HODGES

Senior: "Gosh, I'm thirsty."
Freshman: "I'll get you some water."

Senior: "I said thirsty, not dirty."

—Missouri Miner

"What's the hurry?"
"I just bought my books, and I'm trying to get to class before they change the text."

—Missouri Miner

And then there was the Private who thought that a maneuver is something you put on grass to make it green.

—The Brigadier

Senior: "What is the difference between caution and cowardice?"
Sophomore: "Caution is when you're afraid, and cowardice is when the other fellow is."

—The Stratford Traveler

She: "I guess I'm just a babe in the woods."

He: "Honey, meet an old forest ranger."

—Missouri Miner

The old narrow trails where two cars could barely pass without colliding are being replaced by splendid highways where six or eight cars can collide at one time.

—The Brigadier

Unsteadily he stood there before the mirror, and mournfully he surveyed his bloodshot eyes. "That settles it," he murmured. "I've got to stay out of those bars. My eyes are being ruined by that television."

Accidents will happen; that's why there are so many different kinds of salads.

He: "I'm going to kiss you."
She: "Eek!"
He: "What's that for? I haven't kissed you yet."
She: "I know. I just thought I'd get that part over with."

Ya know, a farm is a hunk of land on which, if you get up early enough mornings and work late enough at nights, you'll make a fortune — if you strike oil.

—Missouri Miner

Fraternally Speaking: The Greeks...

Pi Kappa Alpha

Cupid's arrows were shot with deadly accuracy within the Pikes' ranks in recent weeks. Two hale and hearty members fell by the wayside. It began with Walt Timm pinning Mary Ann Hertzman and then Bill duBell traded his pin for the heart of Jean DeVries. Congratulations are also extended to Brother duBell on his election as treasurer of the E-52 players.

Over the weekend Reese Savage, Chuck Wilson, Obie Goff, Jack Spory and Vince Landi represented the Chapter at the National Convention held at Penn State.

Saturday night a carload of Pikes journeyed to Beaver College for a change of scenery. The boys admit it was a change to meet a group of educated "beavers."

Alpha Epsilon Pi

This weekend the brothers will get together for a well planned weekend. The Formal Spring Weekend to begin Friday evening will be along the following order: (1) A "coke-tail" party at Brother Rosenbaum's house. (2) From here we will all journey to the Brandywine Country Club for a dinner and dance, topped off by the crowning of our 1954 sweetheart. (3) If Brother Porter gives us a little support, then we will adjourn to his house following the dance. (4) Brother "Moss," with the aid of Mrs. Moss-kowitz and the Dutchess, have kindly consented to serve a breakfast for those hearty souls who are able to drag themselves away from the Brother's Shady Chateau.

The program for Saturday includes: (1) A "coke-tail" party at Pledge Dave Collin's house, which will be followed by (2) a party at the Ape house. Next on the agenda

is a weenie roast at Pledge Stan Serkin's cottage in Maryland.

For those who can pull themselves back in shape, (1) horseback riding is planned at 11 a.m., topped by (2) a picnic and swim at Erv Berg's Middletown retreat.

Miracles will never cease—we won! Ralph "Countryboy" Schwab, leading the Ape softball team with his spirited fielding, helped greatly in squeezing out a well-earned 4-3 victory over Phi Kappa Tau. Keep up the good work, boys.

Theta Chi

The brothers were entertained royally by the pledges last Saturday night. They gave us a fine show; and Jim Lewis held another of his famous cocktail parties Sunday, which made for a great weekend enjoyed by all. It was nice to see Don Kidoo, Bill Hearn and Al St. Claire back with the troops. Pledge Walt Collings master-minded the entertainment Saturday plus playing a medley of songs that all sounded like "Bumble Boogie." Pledge Ethen Stenger played comedian, and the guy actually was funny! But the funniest thing was the quartet composed of Bart Wenrick, Len Drinko, Duke Skelton and Stenger. Pat Mooney and Nancy Young also showed a little entertaining ability—but we never did find out how Barbara Smith does the hula-hop.

Quite a few brothers parted with their pins lately; this spring weather is liable to be our downfall yet. Anyhow, congratulations to Bob Hooper, who pinned Carolyn Davis; Vince Stallone, who pinned Judy Campomenosi; and Buddha Gurney, who dropped his to Jane Frand-

Sigma Nu

In extending our congratulations to our newly elected officers, commander Dean Dahlen, lieutenant commander Tom Bratton, recorder Charlie Paski and treasurer Bill Lotter, we would also like to give our best wishes and sincere thanks to our past officers for a job well done.

Congratulations are also in order for our newly initiated brothers. They are B. Baur, C. Bridgewater, B. Burton, J. Burton, R. Christensen, J. Delker, R. Ejzak, P. Green, B. Hickman, J. Locke, E. Malinowski, B. Moneymaker, C. Sands, J. Shoff, B. Tait and J. Thompson. Following the initiation the chapter and its guests attended a banquet in honor of the new brothers. The speaker was Charles E. Thomas, a former editor of our fraternity magazine. Brother Pete Green received the Clarence A. Short award, given each year to the outstanding pledge.

Sigma Phi Epsilon

At the intramural track meet last week, Sig Ep stole the honors by taking first place. Our congratulations go to all Sig Ep winners, especially the boys who won the 880 relay trophy.

Last Saturday night found all the messieurs and mesdames out in force enjoying our French house-party. The interior decorating, which resembled a French cafe, is credited to our pledges. From the looks of the costumes, all Frenchmen must wear pajamas or sweat pants on dates. Seen at the party were Pierre Gerstenberg and Monsieur McKelvey who had just gotten off the boat from France.

On Sunday we initiated one of Sig Ep's best pledge classes. Those initiated were: Richard C. Armstrong, Gerald J. Bacher, William B. Barlow, Wayne H. Baxter, Gail A. Bornmann, David C. Coccione, Curtis B. Combs, Kenneth C. Conrad, James K. Dinsmore, Chandos P. Eichholz, Robert L. Fleming, Henry M. Gerstenberg, Emil P. Gohn, Richard C. Haines, James A. Harrington, James G. Horn, Thomas W. Jenkins, William R. Mattheiss, John R. Matthews, George R. McKelvey, Peter P. Mulligan, Robert Myers, William S. Patterson, Robert Pierce, Jr., Frederick D. Raniere, Charles A. Rice, Joel Robertshaw, Edward F. Rodger, Charles K. Skinner and William E. Starkey.

Phi Kappa Tau

Tomorrow night the pledges will take over "346" to manage the houseparty. The pledges and brothers have been making constant progress on the new house. The results will soon begin to show, since they are now ready to start the painting.

"Hap" Cook paced Phi Tau's intramural track squad by taking second place in the mile run. Others who placed were Norm Burns and John Fernandez in the hurdles and Jim Dougherty in the 100 yard dash.

The bowling team continued its winning ways by beating AEPI.

Kappa Alpha

Although it's softball and track season, at least one of the brothers can't get football out of his mind. It seems Paul "Where's the road?"

Hodgson was throwing a pass when suddenly the car sank in the stadium marshlands. There was no alternative but to go for help, and Jay "That's a long walk" Rowland was only too glad to see Ray "Pajama Top" DeVries, Willie "Tracer of stuck cars" Keene and Ed "Super Scooper" Branietke finally pull out Paul's heap.

Saturday afternoon was the big event which everyone had been looking forward to for two weeks—the 1st Annual Field Day. The "supply" truck was lost for an hour, but when it arrived the beverages and hot dogs went fast. Everyone was so thirsty! The numbers I, II and III were duly initiated in a mud bath, as were the pledges who lost the tug of war across the muddy stream. Steve "No Pain" Voorhees certainly loves that mud. Now we're all waiting till another one next year.

Alumnus Jerry Buckson was up from Washington in his Porshe sports car. He missed the field day, but he and Ruth Draper were with the rest of the gang at Cedar Inn that night.

Only one weekend left to hit the books before the KA's celebrate their 50th anniversary at Delaware at the annual southern weekend.

Alpha Tau Omega

ATO brothers and pledges were quite busy over the past weekend; nearly all joined at Camp Rodney down on the Chesapeake to observe our annual "Help Week." The usual painting and repairing took up most of the time. Although the weather over the weekend was typical of Delaware, everyone appeared to have had a memorable experience.

Brother Holveck assumes the

duty of Chairman of ASME, while Brother Hopkins fills the position of senior representative to the Engineering Council. Brother Crewe is junior representative to the council. Congratulations!!

Last night the Mother's Auxiliary had a card party at the house with all the brothers and pledges at their service. Much credit is due the mothers for their untiring interest in our fraternity and for the assistance during the various occasions throughout the school year.

ATO Weekend is coming soon with only two weekends left. The brothers and pledges are anxiously awaiting this occasion when they will have their formal and dinner at the Northeast Yacht Club. It is expected that many alumni will be present.

Delta Tau Delta

Before going any further, a round of applause goes out to Brother Bob Strothman's bowling team which has compiled an excellent record so far this season. We hope it will hold till the last day. In any event, swell job, men!

Further sports laurels this week go to pledges Frank Davidson and Bob Maegerle, who have been burning up the cinders for the past few weeks on the Delaware track team. Both men have proven themselves worthy of recognition from well-known sports notables, and everyone really appreciates their efforts for Alma Mater.

Well, last Saturday night the Delta Shelter put on swinging doors, a tremendous fish net (and it smells, too!) and welcomed brothers, pledges and their scantily clad dates (Ooh la la!) to the annual Apache Party—a great blast for everybody, especially Tracy, whose curiosity finally got the best of her. Congratulations to all the pledges who did a fine job planning for such a long time to make the party a real success.

How to hit 'em
longer, straighter,
consistently!

CHANGE TO THE SPALDING BALL
POWER-RATED FOR YOUR GAME

SPALDING AIR-FLITE®

The perfect compression for the hard-hitting, low-scoring golfer. Tru-Tension Winding assures absolute uniformity, consistent maximum distance with sweet "feel." Its Lifetime White Cadwell cover—resists scuffing, bruises.

SPALDING KRO-FLITE®

If you require a ball with extra durability, play KRO-FLITE. Powered for maximum distance, fortified with special, rugged Cadwell cover. And it's Lifetime White—Spalding's tough, high-gloss permanent whiteness. Won't chip or yellow.

SPOTLIGHT ON SPORTS

By DAVE TOMPKINS

Here's record-breaking news!

Coach Ken Steers is planning to have Bill Reybold try his hand at breaking the university's track records in the mile, 880 and 440 yard runs. In the 880, Bill will be attempting to better his own record of 1:56.3 which he set last year. The mile record is currently held by Vune Booth (class of '21) with a time of 4:28, while the 440 record of 49.7 was set last year by Tom Baylis. According to Coach Steers, Reybold has consistently shown his ability to break these records by making good times in all his meets. Coach Steers was even more convinced of Reybold's ability when he ran the mile in 4:34.1 against Swarthmore, April 17, in the Frazer Field mud.

It looks like Fred Frieboft will have to do it all over again. On Saturday, April 3, the fifth annual Central Atlantic YMCA Swimming championships were held here in the Taylor pool. Frank Pasacrita, swimming for the Paterson, New Jersey, YMCA, broke two pool records, both held by Fred. Pasacrita, a former swimming captain at the University of Indiana, swam the 50 yard freestyle in 23.6 seconds and the 100 yard freestyle in 52.1 seconds. Frieboft's record times were 24.3 and 53.7 seconds. Chances are that Fred will be getting in plenty of practice toward improving his times this summer, as he will be working at a camp with Coach Rawstrum.

Well, we may have a winning baseball team yet! The Blue Hen record now stands at 5-6 with twelve games remaining to be played. The Hens' pitching and defense has been getting steadily better, as was shown recently against Villanova and Drexel. Hitting has also shown a slight increase. Delaware has certainly proven this year that defense alone can win in college ball. The fact that the Hens have only scored 37 runs against their opponents' 67, plus the fact that only five regulars are hitting .200 or over, shows that offense has been lacking.

QUICKIES

We notice that Buddy Kimmel is leading the Hen swatters in both hitting and pitching . . . too bad that the freshman tennis team doesn't have a few more matches so that they can really show their stuff.

Delaware Proves Track Dominance In Baltimore Relays Last Saturday

Last Saturday in Baltimore the Blue Hen track squad proved its track dominance over the teams of its class in this area. Before a large crowd in Clifton Park, Delaware was edged by a mere 1-5/6 points for first place in the Baltimore relays. The competition included Baltimore Olympic Club, Catholic U., Towson State Teachers, Johns Hopkins, Sheppard College, New York A. C., and Gallaudet. Baltimore Olympic Club, an aggregation of college track veterans, took home first prize.

Sig Ep Wins Intramural Track As KA, SN Tie 2nd

Sigma Phi Epsilon accumulated 57 points to win the intramural track meet held last Thursday, April 22. Kappa Alpha and Sigma Nu tied for second place with 39 points. Theta Chi scored 20 points to place third, followed by Phi Kappa Tau, 13 points; Alpha Tau Omega, 3; Pi Kappa Alpha, 3; and Alpha Epsilon Pi, 0.

Fred Frieboft broke two records for Kappa Alpha with a 5 feet 5 inch high jump and an 18 feet 7 3/4 inches broad jump. John McIntyre of Theta Chi set a new record of 37 feet 2 inches with the shot put. Sigma Nu set a new time of 48.7 seconds in the 440 yard relay.

The summaries:

Mile—1, Matthews, SPE; 2, W. Cook, PKT; 3, McKelvey, SPE; 4, White, SN; 5, Gill, ATO. 5:14.5.

880 relay—1, SPE (Scott, Bornman, Dean, Keough). 1:43.

440—1, Keough, SPE; 2, Mathus, SPE; 3, Apostolico, TC; 4, Christenson, SN; 5, Delker, SN. 55.2.

440 relay—1, SN (Temple, Fitzsimmons, Schoff and Taylor); 2, SPE; 3, TC; 4, PKT; 5, ATO. 48.7.

100—1, Taylor, SN; 2, Williams, KA; 3, Schoff, SN; 4, Baker, SN; 5, Dougherty, PKT. 11.1.

120 low hurdles—1, Gearhart, SPE; 2, Fitzsimmons, SN; 3, Burns, PKT; 4, Dare, KA; 5, Fernandez, PKT. 15.7.

Shot put—1, McIntyre, TC; 2, Mulligan, SPE, and Oberg, PKT; 4, Goodley, SN; 5, Carney, KA. 37 ft. 3 in.

Broad jump—1, Frieboft, KA; 2, Gearhart, SPE; 3, Carney, KA; Beuche, KA; and E. White, SN. 5 ft. 5 in.

During the afternoon two records were broken by Delaware entries. These include the marks for the two mile relay and the shot put.

Stuart Koch, Roger Fouracre, Dominic Marini and Bill Reybold were timed at 8:24.5 to set the 2-mile relay record; this shaved more than seven seconds off the former standard. Running against Johns Hopkins, whose team includes such stars as Robin de la Barre and Don Manger, the Hens had an easy time winning the heat. Especially impressive was Captain Bill Reybold, who was clocked at 55.6 for his second lap.

Steve Butcher set the new shot put record at 45.0 ft. Steve, who broke the same record in Baltimore last year, was able to slice 11 inches from his former mark. This is the fifth consecutive meet that Butcher has stretched the record that he set in the previous meet.

In the other events, ribbons on Delaware men were just as abundant. The medley relay team, comprised of Dannie Marini, Jim Flynn, Mike Ferver and Bill Reybold, finished in first place. Dick Saunders and John Simpson tied for the top rung in the high jump at a height of 5 ft. 8 in. Bob Graham, who is often eclipsed by the performance of Steve Butcher, finished second in the shot put and third in the discus. Butcher also took a second place in the discus. Bill McWilliams rounded off the Delaware scoring by posting a fourth place in the pole vault.

The Blue and Gold track squad will continue its season on Wednesday of next week when it takes on Muhlenberg. The meet will be held at Muhlenberg and will begin at 3 p. m.

Green's Shut Out Pitching Paces Hens In Victory Over Drexel By 4-0 Score

Golf captain Bob Waples will tee off again today against Johns Hopkins.

Linksmen Defeat Temple Owls After Losing Match To Lehigh

During the past week Delaware's golf team won and lost a match, each by the score of 7-2. Lehigh handed the Blue Hens their second loss of the season last Tuesday at the Newark Country Club. The match saw but two men scoring for Delaware. Lehigh took all three of the best ball points.

Summaries of the match are:

Captain Joe Kryla, Lehigh, defeated Captain Bob Waples, 6 and 5; Bill Jackson, Lehigh, defeated Tom Parvis, 4 and 3; Lehigh won best ball, 4 and 3.

Dick Sherry, Lehigh, defeated Dave Farone, 5 and 4; Pete Petrucci, Delaware, defeated Mario Pasillico, 4 and 3; Lehigh won best ball, 3 and 2.

John Farone, Delaware, defeated Fred Bobbs, 2 up; Everette Schaefer, Lehigh, defeated Bill Shaw, 5 and 4; Lehigh won best ball, 2 and 2.

Friday afternoon was a much better day for the Blue Hens. The team toured to Philadelphia, and it was here they obtained their first win of the season at the expense of the Temple Owls. The match was highlighted by Austin Felis's win over Delaware's Captain, Bob Waples. Felis scored a low of 77 for one of the two Temple points. Delaware, however, won two of the three best ball honors and five of the six individual matches.

Summary:

Captain Austin Felis, Temple, defeated Captain Bob Waples, 2 and 1; Tom Parvis, Delaware, defeated Jerry Ochrieter, 3 and 2; Temple took best ball, 2 and 1.

Dave Farone, Delaware, defeated Jack Schreffler, 9 and 8; Pete Petrucci, Delaware, defeated Clifford Chong, 1 up; Delaware won best ball, 3 and 2.

John Farone, Delaware, defeated Ed Abrams, 1 up; Bill Shaw, Delaware, defeated Henry Kauffman, 5 and 4; Delaware won best ball, 1 up.

Tuesday the team played a match at Drexel Institute in Philadelphia, but results were too late for publication.

Today the golf fans will be able to watch the Blue Hen golfers at the Newark Country Club as Delaware plays host to Johns Hopkins.

FRESHMEN TRACK SQUAD TO MEET JOHNS HOPKINS

Coaches Ken Steers and Harry Rawstrum are currently drilling a strong freshman track squad in anticipation of Tuesday's meet at Johns Hopkins. Last Saturday the Delaware frosh participated in the Baltimore relays and placed second in freshman competition, losing to Navy by only 1 point.

Ray Ejak tops the list of young hopefuls who are seeking to better last year's freshmen record. Bob Hickman and Ejak are handling

the 100 and 220 yd. dashes, while Frank Davidson looms as a comer in the 440 and the half mile. Charlie Skinner is also performing capably in both the 440 and 220. Bud Bullock is working with the javelin, while Albie Sparks and Jack Piser are handling the weights. Bill Wagner is demonstrating varsity form in the high jump, stemming from the fact that he already cleared 6 ft. in high school. Other promising candidates are John Munroe, a low hurdler; Dave Williams, a miler; and Clyde Louth, also a miler.

DIAMOND DUST

Coach Siemen, not satisfied with the results he got Saturday against Drexel with Gary Buckwalter on first and Warren Allen in right, is going to try a new experiment in the midweek games with P. M. C. and Johns Hopkins. He's planning to move Bob Hooper to right and to insert Don Miller and Dal Green at third and first, respectively.

Al "Buster" Brodhag, all-American catcher who hit .430 for the Hens in '51, and Johnny Allen, who hit .353 last year, were both seen in the Drexel game Saturday.

The Hens have now gotten three well-pitched games in a row by Woodward, Kimmel and Green, but the hitting is still below the .200 mark at an anemic .195.

(Continued on Page 7)

Chick 'n' Chat

By CHARLOTTE PHILLIPS and JEAN TULL

Well here we go again. We're off and running at Delaware Park. Whoops, wrong sport.

Anyhow the swimming meet is coming up next Monday, and you must be classified to swim. Classification will be held during recreational swimming hours today at 4 p. m. and 7:30 p. m. and at 4 o'clock next Monday. So let's all go down and soak up a little chlorine.

The annual W.A.A. picnic will be held May 6th at the Newark Recreational Area. The time is 5:30, and cars will leave from the Women's Gym. Transportation (Continued on Page 10)

Delaware Defeats Villanova Nine, 6-3 Earlier In Week

Delaware's fighting Blue Hen nine, paced by the shut out pitching of Dallas Green, ended a six game winning streak of Drexel College last Saturday when they trimmed the Dragons 4-0. Earlier in the week the ace of the Hen mound staff, Buddy Kimmel, pitched an eight hit ball game as he tamed the Villanova Wildcats, 6-3.

In the Drexel game, the Hens had trouble hitting the ball, as big Drexel southpaw Mike Pulsack, who was after his sixth win of the season, held them scoreless for four innings. Lou Romagnoli finally broke the ice when he led the fifth inning off with a hump liner to left which got by the Dragon left fielder for a triple. After catcher Bob Trivits rolled out, Romagnoli scored as pitcher Green hit deep to second. The Hens scored two more in the eighth when Tom Redfield walked, moved to second on a sacrifice, stole third and scored on Romagnoli's single. A single by Trivits moved Romagnoli to third, from where he scored on an infield error.

Green struck out eleven and walked only three, as he posted his first win of the season. Pulsack, in losing his first game of the year, also pitched well, fanning nine and walking six.

The Villanova game saw the Mainliners get to Kimmel for a run in the second, and the Hens come back with a four run third inning, as Redfield, Romagnoli, Annonio and Kimmel all got safe singles. Annonio's three bagger was the big blow of the inning. The Hens added two more in the fourth to bulge their lead to 6-1. The Wildcats got two back in the seventh when they launched four singles.

Kimmel picked up his second win of the year against no losses in this his first start.

Blue Hen Lacrosse Team Plays Drexel Tomorrow

Tomorrow Delaware's lacrosse team will travel to Philadelphia to tackle Drexel Institute of Technology. The Hens will be after their second victory of the season, while the Dragons have lost their last four games. Drexel will be minus Dick Young, All American of last year, but they will still field a team of many veterans. Delaware will probably start the same team as in the previous two games. Coach Milt Roberts has placed Boyd Cook back on defense and put Clark Carbaugh on the midfield to better strengthen the team.

Last Saturday the stickmen dropped their fifth game to the Engineer's of Lehigh, 11-3. Sandy Whitney and Pete Brosius scored the goals for the Hens.

Blue Hen Of The Week

BUDDY KIMMEL

From the basketball court to the baseball field it is hard to beat that all-around athlete and this week's Blue Hen of the week, Dallas Green. By pitching a five hitter last Saturday against Drexel, Dal won his second victory of the year, against one defeat suffered on the Southern trip. While his batting average is a mere .200, Dal has accounted for the season's lone

Hen home run, plus a triple, a double and a single. His one bagger was one of two hits the Hens collected from Lafayette's Roger Gordon.

The 6'4", 190 lb. sophomore graduated from Conrad in 1952, and came to Delaware the following year to play freshman basketball and baseball. In the past basketball season, Dal was one of Coach Emmerson's regulars, scoring 177 points during the season.

During the summer months Dal hurls for the Holly Oak team in the Delaware semi-pro league. These have been the league champs for the past five years. Green had an 8-0 record in the middle of July until he broke his arm in the critical All-Star game against Providence Mutual Life, world amateur hardball champs. It was hard to leave the mound at the end of two hitless innings after striking out three batters, but Dal Green had broken his arm pitching the ball.

Dal, born and raised in Wilmington, is a member of the Sigma Nu Fraternity and majors in Business Administration. Besides his two varsity sports, Dal is on the Sharp House Council and participates in many intramural sports.

Tennis Team Led By White Wins Over Franklin Marshall Squad

Delaware's tennis team defeated F and M on April 21, 5-4, with Captain Frank White, Jim Hoey and Tom Mulrooney winning in the singles play, White and Hoey, Harry Veale and Carl Schupp scoring successfully in the doubles matches.

Last Saturday the team journeyed to Swarthmore but was defeated by a strong and impressive team by a score of 9-0. In the closest match of the day, Swarthmore's ace Tim Goss defeated Blue Hen captain White, 6-4, 6-2. Swarthmore's record now stands at 4-1.

Delaware's record now stands at 1-1 with a match on April 28, at St. Joseph's.

The freshmen lost their first and probably their last match this season. The victor was St. Andrew's which scored a 8-1 match. Charles Thompson was our only winner, scoring a 6-1 and 6-0 victory. Other members of the freshman team are Tom Jenkins, Allen Woodruff, Roland Corson, Howard Ellis, John Sickman, William Starkey and Leonard Gorny.

Diamond Dust

(Continued from Page 6)

Andy Wagner, slick fielding first baseman, is expected to be back for tomorrow's game with Ursinus, and his .270 B.A. will be a big help to the Hen hitting.

Player	AB.	R.	H.	Avg.
Kimmel	15	4	6	.400

Formal Wear To Hire

When You Join

The "Men Who Measure" . . .

When you leave school as an engineer and join the ranks of the "men who measure," you'll want the most accurate and durable measuring tapes. Lufkin Chrome Clad Tapes ARE the most accurate and durable because their markings are bonded to the line and protected by multiple platings of metal that also protect the fine steel in the line. This all-metal line is longest wearing — it won't crack, chip, peel — is easiest to keep clean — is most rust and corrosion resistant. Chrome Clad Tapes are the choice of engineers the world over.

Whether you're running a survey, building a bridge or a building, railroading, road building, mining or drilling — there's a Lufkin measuring tape exactly right for the job.

Specify Lufkin when you get out on the job — send today for our free catalog.

THE LUFKIN RULE COMPANY

OPPORTUNITY

For Unique Experience
in Human Relations

A limited number of positions as Psychiatric Aides are available to college graduates at one of America's foremost psychiatric clinic-hospitals. If you are interested in psychiatry, psychology, personnel work, teaching, or social work, this is a valuable opportunity for practical on-the-job experience in the basic areas of human relations. You will also enjoy the benefits of living in a stimulating atmosphere with congenial people. You will have complete room, board, recreational and social facilities plus a cash salary. For further information, write to: Barbara St. John, Director of Personnel, The Institute of Living, 160 Retreat Ave., Hartford, Conn.

IT'S ALL A MATTER OF TASTE

They're all the rage with college kids.
With gals and men alike.
So round, so firm, so fully packed—
I speak of Lucky Strike!

Barbara Bennett
Lawrence College

When you come right down to it, you
smoke for one simple reason...enjoy-
ment. And smoking enjoyment is all a
matter of taste. Yes, taste is what counts
in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste
better. First, L.S./M.F.T.—Lucky Strike
means fine tobacco...light, mild, good-
tasting tobacco. Second, Luckies are ac-
tually made better to taste better...
always round, firm, fully packed to draw
freely and smoke evenly.

So, for the enjoyment you get from
better taste, and only from better taste,
Be Happy—Go Lucky. Get a pack or a
carton of better-tasting Luckies today.

The cigarette that really tops
The campus hit parade
Is Lucky Strike. Enjoy the taste
Because it's better made!

Celin Vaernewyck
Boston University

When buddies ask me for a smoke,
What do they get from me?
"Here's finer smoking, pal," I say,
"Cause L.S./M.F.T.!"

Ford R. Maddick
Kansas University

COLLEGE SMOKERS PREFER LUCKIES

A comprehensive survey—based on
31,000 student interviews and super-
vised by college professors—shows that
smokers in colleges from coast to coast
prefer Luckies to all other brands! The
No. 1 reason: Luckies' better taste!

FRESHER,
SMOOTHER!

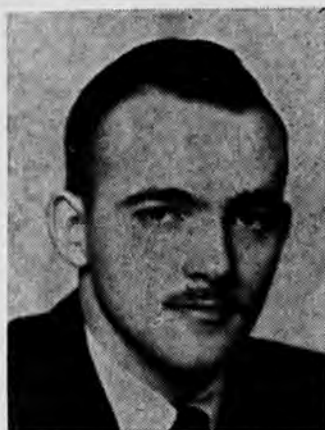

Fraternity Elections

Theta Chi Chooses Donald Aanestad As New President

The new Theta Chi fraternity house will start its second year under the guiding hands of Donald T. Aanestad, newly elected president. The new officers were elected April 14.

Don, who can't fail to be at the beginning of any alphabetical list because of the double "A" in his name, evidently also stood at the top in his brothers' esteem.

In addition to the presidency of the fraternity, Don was also recently elected to the post of treasurer of the Student Government Association. He is also past treasurer of Theta Chi and participates in intramural activities for the fra-

DON AANESTAD

ternity. He is an accounting major. Dan Ford will assist Don as vice president. Dan is better known around campus as captain-elect of the 1954 football team. He is also active on the Delaware campus. He is also the new senior class representative to the SGA.

The new secretary is Tom Oves, a member of three varsity athletic teams—football, track and wrestling. Tom is a physical education major, hailing from Ocean City, New Jersey.

Stan Wojciechowski will serve as treasurer this year. Stan has also been recently elected to the Student Government Association. He will serve as Arts and Science representative. His other activities include Scabbard and Blade, intramural sports and the Newman Club.

Delts Pick Mealey As New President For Coming Year

Jack Mealey, sophomore business administration major from Wilmington, Delaware, was elected as the sixth president of Delta Tau Delta on March 31. This, coupled with his recent election as junior

JACK MEALEY

representative to the student government, has projected him as one of the forthcoming campus leaders.

One of Jack's primary interests at the U. of D. has been in dramatics. As a member of E-52 he has served such roles as Fabian in "Twelfth Night," the brother-in-

law in "Bloomer Girl," one of Washington's generals in the skit at Cooch's Bridge, Merriman the butler in "The Importance of Being Ernest," stage crew member in "Dark of the Moon," stage manager in "Connecticut Yankee" and an actor in the Lab Theater.

Other campus activities include a member of the social committee of Delta Tau Delta, treasurer of the Newman Club, intramural sports participant, member of the Freshman Pep Fest Committee and a member of the Power and Sail Club.

In private life Jack doubles as an undertaker. His reputed "lay away" plan ranks among the best.

The remainder of the officer slate of Delta Tau Delta includes Bill Brown, vice president; Jack Pollock, recording secretary; Jack Davidson, corresponding secretary; Rob Roy McDonald, treasurer; and Jack France, house manager.

Brown has established a post for himself on the Delaware debating team, while Jack France is active on the campus veterans' organization. All of the men have been active in activities within the chapter.

Brothers Choose Keene To Preside Over Kappa Alpha

The President of Kappa Alpha for the coming year is Bill Keene, a junior pre-med student. He was elected by the members of Beta Epsilon last month and assumed his new duties two weeks ago.

On the night of his inauguration,

BILL KEENE

the KA's had a pillow fight and Marshall law was declared. Since then, however, the Kastle has been under the thumb of "Wild Bill" Keene.

Bill, who hails from Newark, is active on campus in addition to his fraternity activities. He is a pledge in Scabbard and Blade and an advanced ROTC student. Bill was the master of ceremonies for the junior musical this fall.

The first problem that faced Bill after he began his reign was the planning of the Fiftieth Anniversary Celebration next week.

The other officers who will assist Bill are No. II Don Goodridge, No. III Ed Ralph, No. IV Ray DeVries, No. V Gil Farrow, No. VI Tom Metz, No. VII Bob Oggenfuss, No. VIII Lymon Sipple and No. IX George Hudson. The house manager for the coming year will be Jim Boeche, and Ed Branietke will serve as social chairman.

Don Goodridge, No. II or vice president, is a junior chemical engineering student. He serves as pledge master for the present pledge class.

Ed Ralph, recording secretary, is a senior Horticulture major. He is also president of Alpha Zeta, the honorary Agriculture fraternity.

Tim Chilton, Bob Wynn Pilot Chilton's MG To Second Place In Wilmington Race On Friday

With an assist from a slide rule, Tim Chilton and Bob Wynn piloted Chilton's MG to second place in the annual Wilmington road race Friday. There were over forty cars in the race.

The race, which covered 350 miles through Delaware and Pennsylvania, started at 10 p.m. Friday evening. The object of the contest was to cover the specified distance in an average time of 35 mph and to hit checking points at the correct time.

The difficult part of the race was the fact that the course was not mapped out. The drivers only received information for names of streets or distances to turns. Sometimes they didn't know whether they had to turn right or left. Thus if a contestant should make a wrong turn, he had to make up for both time and distance.

Another team consisting of Judge McWhorter and Carol Morgan finished way down in the field. Judge drove while Carol manipulated the slide rule.

Case of the dry "oil" well

Not at all unusual, you say? But this well was purposely drilled that way! In fact, precautions were taken to see that the well wouldn't contact oil-bearing sands. It was to be a vital part of an elaborate waste-disposal system built into one of Du Pont's new plants near Victoria, Texas. It is an example of the unusual engineering problems which Du Pont technical men encounter.

The "well" itself is almost a mile deep—4900 feet, to be exact. Waste fluids from the plant are forced down this well, to be absorbed by non-oil-bearing sands—far below the level of any surface water. Piping near ground level is in the form of concentric shells, and fresh water is delivered to the annular opening around the waste pipe. Furthermore, the water pressure is higher than that of the fluids in the

waste section. In this way, any leakage in the pipe system causes fresh water to enter the surrounding sands (or the inside waste system) and prevents objectionable materials from reaching the sands at surface levels.

Other interesting procedures are used throughout Du Pont's many plants to guard against river pollution. For example, scientists were asked to make a complete marine-life census on one river before a plant was built nearby. The company wanted to be certain that no waste would be discharged which would challenge the natural pattern of marine life.

Throughout the Du Pont Company, wherever there is a need for the services of technical men, there are varied and interesting problems that present a challenge to engineering skill and imagination.

Now available for student ASME chapters and other college groups, a 16-mm. sound color movie—"Mechanical Engineering at Du Pont." For further information, send post card to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Bldg., Wilmington 98, Delaware.

Sigma Nu Chapter Host For Annual Divisional Meeting

Delaware's Delta Kappa chapter of Sigma Nu fraternity was host to chapters from five other colleges at the divisional meeting held here last Saturday. Twenty delegates from the nearby chapters gathered with the Delaware delegation for the annual affair.

In attendance were representatives from the University of Maryland, George Washington University, University of Virginia, William and Mary College, and Washington and Lee University.

The morning session featured a roundtable discussion by the six chapters. Presiding over the discussion of fraternity matters was Milt Draper, Commander of Division Six.

Shearing Tickets

(Continued from Page 1)
amount of progressive music the public can accept" does he play.

It is anticipated that quite a number of tickets will be sold outside the university. There has been extensive publicity throughout the state, and about twenty schools have been notified that tickets are available for them.

"Students should get their tickets before they are all sold out," stated Ted Zutz, chairman of the event. "If tickets are bought at the door, even for standing room, they will cost \$1.25."

E-52 Players

(Continued from Page 2)
necticut Yankee," will play Jollo, who speaks in rhyme.

Irene Klahr will play the Queen. Last year, Irene was in "Cinderella." Richard Sutton, who played

King Arthur in "A Connecticut Yankee," will portray the wise man.

The dwarfs, Plumpy, Gramps, Grouch, Sniffles, Giggles, Dummy and Scuse-Me, will be played by Barbara Miruk, William Brown, Ollie Baker, Zona Herzog, Barbara Nast, Mary Minkiewicz and Phyllis Baker.

Herman D. Middleton, technical director and set designer, will be with the company throughout the tour.

Chic 'n' Chat

(Continued from Page 6)

will be provided for those who need it. Every member of the W.A.A. (and that's every girl on campus) is invited—free. Go you crazy chow hounds! Volleyball, softball and loads of fun are in store for you.

Short isn't it? But good things come in small packages, huh?
