CHILDREN TO HONOR CUNNINGHAM

Special Assembly
Program for Chief
Of Police Friday

William "Bill" Cunningham, will be guest of honor at a special assembly program of children of the Newark schools, to be held in the high school auditorium, Friday morning.

The main feature of the program will be the presentation of a handsome Hamilton watch, appropriately engraved, from children of the schools. Mrs. George A. Hyde will make a brief speech of appreciation in behalf of parents of the community and the children will sing several songs in honor of their "Bill" who leaves on Thursday, November 5, for active service in the army.

The staff of the Town Council office held a brief farewell party in Council offices yesterday morning and presented the Chief with a \$50 war bond. Chief of the Newark Police force for the past fifteen years, "Bill" as he is affectionately known by school children of Newark, has faithfully and efficiently performed the duties of his office with always a warm spot in his heart for the "little ones" attending our public schools.

Major Wallace Johnson Addresses Dietitian Meet

Major Wallace M. Johnson, Director of Dietetics at Fort Benning, Georgia, addressed the annual convention meeting of the American Dietetic Association, held in Detroit, Michigan, October 19-22, speaking on "The Dietitian's Place in a Large Army Hospital".

Major Johnson will be well remembered here as Dr. Johnson who for sixteen years was one of the most prominent physicians in New Castle County. A member of Reserve Officers Medical Corps, before the war, he was called into active service in April, 1941, and stationed at Fort Benning

Enlists In Navy

Charles S. Hopkins

President of the Eastern Beagle Club and chief clerk at the Newark post-office, Charles S. Hopkins, pictured above, left Monday for the U. S. Naval Training Station at Newport, R. I., where he entered upon his duties in the Navy Postal Department.

A graduate of Newark High School, Mr. Hopkins has been employed in the local postoffice for thirteen years prior to his enlistment in the Navy. He has been president of the Eastern Beagle Club for the past two years and has also served as chairman of the club's bench show committee.

KAPELL TO GIVE RECITAL THURSDAY

Noted Pianist
Presented By
Newark Concert
Association

Opening the current season of the Newark Community Association, William Kapell, gifted young American pianist, will appear on the Mitchell Hall stage November 5 at 8:15 o'clock. The concert will be the first in a series of three sponsored by the association.

Mr. Kapell is now on an extensive piano tour, with engagements ranging from an appearance on the Princeton University Course and the St. Louis Symphony to recitals on important community concert courses.

Despite his years, Kapell has won several major awards. In 1941 he won both the Youth Contest of the Philadelphia Orchestra and the Naumburg Foundation Award. In 1942 he was selected for the Town Hall Endowment Series Award, the youngest artist ever to be chosen for this honor.

Interest in him ran so high that last July he was engaged as soloist with the New York Philharmonic-Symphony Orchestra at the Lewisohn Stadium to play the brilliant new concerto of the Soviet-Armenian composer Aram Khachaturian.

Personally, William Kapell is an alive young American, vitally concerned with music, but interested in other things besides. At high school he played football and baseball but now limits himself to sports not so hard on the hands.

His favorite composers are Chopin and Brahms. He admits, however, a weakness and talent for boogie-woogie and has been known to play it in public.

SCRAP DRIVE NOVEMBER 8

A renewed plea was issued this week by Salvage Committee members, urging residents to have all available scrap in readiness for Newark's all-out scrap drive set for Sunday, November 8.

In the most intensive drive yet conducted in this area, aimed at bringing Newark's scrap pile to its highest peak, salvage trucks and army trucks from Fort duPont will canvass every home in this vicinity.

Cooperation of every resident in Newark and adjacent territory is being asked by the Salvage Committee. Scrap should be held in readiness for the trucks when they call.

Town residents may phone Chairman K. W. Oberlin at 511 and have their names placed upon the collection list, if they desire.

On the committee are: George M. Worrlow, routing of trucks; Eugene Stiltz, securing of volunteer trucks; and George E. Ramsey, storekeeper of scrap.

HEAR LION PRESIDENT

A. Franklin Fader, Daniel Stoll, George Danby and L. T. Staats, President of the Newark Lions Club, attended the meeting of the Wilmington Lions Club last Thursday evening and heard a brilliant address given by President Paine of Lions International.

CENTURY MEETS ON MONDAY

Short Play
To Be Given
By Members

The regular business meeting of the Newark New Century Club will be held Monday, November 2nd, 1942, at 2 p. m., at which time reports of the War Service Committee by Mrs. Leonard Fossett, Industry, and Mrs. Herman Handloff, Housing, will be given.

A short play entitled "Day's Work for America," under the direction of Mrs. F. A. Weihe, will be one of the features of the afternoon. Those taking part in the play are Mrs. Alex D. Cobb, Mrs. William Jahns and Mrs. Paul D. Lovett. A movie, "Our Free American Way," under the direction of Mrs. R. C. Lewis, will be shown club members.

Miss Barbara Ritz of the Women's College, University of Delaware, will be the soloist of the afternoon and will give several selections.

Tea will be served at the close of the meeting by Mrs. William Jahns and her committee of hostesses.

LEROY HILL PROMOTED

Leroy Hill, a member of the Newark Police force for the past twelve years and a sergeant on the force for the past several years, was named acting Chief of the Newark Police force for the duration at a special meeting of the Town Council held Tuesday afternoon.

Hill's promotion took effect this week and he already has entered upon his duties succeeding Chief Wm. H. Cunningham who enters the armed services on Nov. 5. Chief Cunningham is leaving the force Saturday to enjoy a few free days before leaving for Fort Dix.

Samuel Tibbitts, patrolman, was named an acting sergeant on the force and will fill the vacancy caused by Chief Hill's promotion. No additional officers were named at the Tuesday meeting as it was thought that possible lessening of local traffic would alleviate the need for an additional man.

Sugar Stamp No. 9 Good For 3 Pounds

Sugar Stamp No. 9 will be valid from Nov. 1 to Dec. 15, and will qualify the holder for three pounds, it was announced last week by State OPA Director James L. Luke, Jr.

Allotments for industrial users have been set for the November-December period at 70 percent of their base ration, while institutional users will be given 60 percent of their base allotment and hospitals, 85 percent of their base allotment.

Users may apply to their boards now, said Mr. Luke.

BLOOD DONORS SOUGHT IN NEWARK

Blood Donation
Day Scheduled
For November 10
At Century Club

Tuesday, November 10, will be Blood Donation Day in Newark when the Philadelphia Red Cross Mobile Unit will be at the Newark New Century Club from one to six p. m.

Since appointments must be made in advance, residents who are willing to donate their blood to be used to save the lives of men in the service are urged to register any day at the Civilian Defense Office, 26 E. Main Street.

The office is open daily from 1:00 to 4:00 p. m., and on Wednesday and Friday evenings from 7:00 to 10:00 p. m. Volunteers for this vital war work are being urged to register at once.

No pain is involved in the procedure, authorities advise. Only one pint of blood is taken, the donor being fully safeguarded by competent physicians and able to resume normal activities following the donation.

Any healthy man or woman between 21 and 60 years is eligible to be a blood donor simply by making an appointment at the Civilian Defense Office.

The Government is seeking thousands of units of human blood each month to be used in transfusions on injured soldiers, sailors, and civilians. The Red Cross Blood Donor Service is the answer to this need.

SERVICE CENTER NOW OPEN

Dance Being
Planned For
Girl Workers

Following the opening of the Newark Community Service Center this week, plans for launching the recreation program for women defense workers here are being drawn up by the committee in charge, under Mrs. J. Fenton Daugherty.

First event on the entertainment schedule will probably be a dance, idea for which was suggested to committee members by the women workers themselves. The affair will be given in the New Century Club, it is expected, with service men from a nearby post invited as partners. The date will be announced as soon as plans are completed.

Marked interest was shown in the opening of the recreation headquarters in the Academy building last week. The center is now open daily, with hostesses in charge at all times. Comfortable quarters have been established, with entertainment facilities provided, including card games, reading material, piano, radio, and others. Popularity of the center is expected to grow as the entertainment program gets underway.

Contributions toward support of the center are still being sought by the budget committee, which hopes to finance the project indefinitely. Mrs. George Hyde, in charge of furnishing the headquarters, reports the need for a loan or gift of a vacuum cleaner.

Tickets for the E 52 play, "The Eve of St. Mark," being given today and tomorrow for the benefit of the Service Center, are being sold by Mrs. Daugherty and her committee.

DELEGATES TO MEET

Representatives of all service, fraternal and religious groups of Newark have been invited to attend a meeting of the Newark Chamber of Commerce, to be held in council offices Sunday afternoon, at two o'clock, to discuss the merits of promoting a Community Chest program in Newark.

Requests for a Community Chest, from local merchants and individuals, have revived interest in such a project. The Chamber of Commerce seeks to determine the sentiment of residents of Newark relative to such a move and hopes to achieve this result by the meeting Sunday.

Delegates from the various groups are expected to voice the majority sentiment of the group they represent. If the sentiment is favorable a committee to further investigate and survey the possibilities of establishing a Community Chest will be appointed.

REPUBLICANS CONFIDENT OF ELECTION ON TUESDAY

Party Leaders
Urge Every
Voter To Cast
Their Ballots

Tuesday, November 3, is off-year election day throughout the nation. Every registered voter in the country owes it to his party and his community to go to the polls and vote for the candidate of his choice. That has been the battle cry of leaders of both major political parties for the past several weeks—it is the patriotic duty of every eligible voter to exercise his franchise, to help select the man best fitted to represent his town, county and state.

In Delaware, there will be elected a U. S. Senator and member of the House of Representatives. Numerous other state and county offices will be filled for the short, two-year terms.

Polls in rural New Castle County will open between 8 and 9 o'clock in the morning and close at 6:00 P. M. Newark is well represented on both tickets with Dr. George W. Rhodes, Republican, and Dr. E. Earle Weggenmann, Democrat, both seeking election to the State Senate while Harry H. Dougherty, Democrat, is the local candidate for the House of Representatives opposing Clarence McVey, of Newport, the Republican choice.

Incumbent Sheriff Elias E. Othosen, of nearby Eastburn Heights, seeks election to the Levy Court with Elmer C. Taylor, of adjacent Hockessin, the favored Republican candidate to the office of Sheriff. Mr. Taylor is currently President of the Levy Court and Chairman of the New Castle County Republican Committee. His years of experience as a Levy Court Commissioner make him exceptionally well qualified for the office of sheriff.

Isaac R. Brown, incumbent Register of Wills and Chairman of the State Republican Committee, will likely be returned to the office he has so well filled in the past.

ASKS SANE HALLOWE'EN

Hallowe'en vandalism and Holliganism has no place in New Castle County at any time and especially during war time the Rev. Ralph Minker, New Castle County Coordinator of Civilian Defense, told members of the Newark Lions Club at their weekly dinner meeting, in the country club, Tuesday evening.

Auxiliary police of every local defense council will be on duty Friday and Saturday nights to supplement State Police. Mr. Minker said, and to see that thoughtless youths and adults do not commit any acts of property destruction or play pranks that would be out of place during this strained period.

A. W. Perry, program chairman and vice chairman of the Newark Defense Committee, introduced the Rev. Minker. He also had as his guest at the meeting, Harry L. Bonham, Commander of the Newark Defense Committee.

STUDENTS RAISE \$125.00

Students of the Newark Public Schools have raised an excess of \$125.00 towards maintenance of the local Civilian Defense program through their voluntary collection of scrap. Mr. C. E. Douglass stated yesterday.

OVER 160 ATTEND NEWARK PTA MEET

Outstanding
Nutritionists
Heard at First
Fall Session

Over 160 parents and teachers attended the first fall session of the Newark Parent-Teacher Association at the Newark school Monday evening. Nutrition was the theme as the meeting opened with a supper in the school cafeteria followed by a general session in the auditorium at which prominent state nutritionists gave brief talks.

The supper, a demonstration of the operation of a large cafeteria, brought high commendation of the Newark cafeteria from parents and guests. The first demonstration of its kind in the state, it is believed the plan will be adopted by other P-T-A. groups.

President G. Taggart Evans presided at the meeting in the auditorium, commented on the large turnout and announced an abbreviated program for the coming year. Only four meetings will be held this season, due to the press of war work and other concerns on the members and the belief that fewer sessions may secure larger attendance.

On the speakers' list were three eminent nutritionists, headed by Miss Pearl MacDonald, of the Extension Division, U. of D., who pointed out that a large portion of the estimated one quarter of the population in the country now underfed was caused by poorly selected rather than insufficient quantities of food. Miss Emily King, supervisor of home economics, State Board of Education, discussed children's school lunches, urging they be both attractive and well-balanced. Mrs. Charlotte Spencer Hurley, State Board of Health, emphasized the educational value of the school cafeteria in guiding children to the selection of proper foods.

Miss Etta Wilson, executive secretary of the Delaware Citizens' Association, discussed the recently launched Schools at War program. A subsequent meeting of the Newark P-T-A. will stress this theme.

In response to the interest shown by members at the meeting, a course in nutrition will probably be undertaken by the association.

Concluding the meeting, faculty members were introduced by Superintendent C. E. Douglass and brief reports were given by the following committees: Hospitality, under Mrs. A. L. Osterhoff and Mrs. R. M. Thompson; Defense, under Mrs. Robert A. Davis; Membership, under Mrs. C. Harvey Boyce; and Health, under Mrs. James Frederickson.

ROTARIANS HEAR TALK ON RUBBER

Dr. Campbell
Also Discusses
Hercules Plant

Dr. William F. Campbell, of the Hercules Experimental Station, Wilmington, was the principal speaker at the weekly meeting of the Newark Rotary Club Monday evening in the College Inn, with president T. Russell Silk presiding.

Introduced by Lester Scotton, program chairman for the evening, Dr. Campbell discussed the varied production of the Hercules plant. At one time exclusively devoted to making powder, it is now a diversified chemical plant. During peacetime, the plant produces explosives for a wide variety of construction work, while in war it concentrates on turning out munitions. Outlining progress being made in developing a synthetic rubber industry in this country, Dr. Campbell exhibited numerous sample materials having the properties of rubber but containing no rubber basis. He discussed how such materials are being used today as rubber substitutes.

No Trespass Signs To Protect Property

With the gunning season on rabbit and quail, popular small game sport in Delaware and adjacent states, opening within the next few days, most of the New Castle larger property owners are taking the precaution of posting their property with No Trespassing signs.

Such signs, valuable and convenient for attaching to fences, posts and trees, are now available at the office of The Newark Post at a nominal cost.

12 U. OF D. STUDENTS NAMED TO MATH CLUB

Two Faculty Members Are Also Elected To Society

Two faculty members and twelve students of the University of Delaware have been elected to membership in the Delaware Chapter of Pi Mu Epsilon, National Honorary Mathematics Society. It was announced today by Dr. C. J. Rees, head of the department of mathematics and charter member of the local chapter of this organization.

The faculty members elected are both new members of the University's mathematics department. They are Dr. Gordon L. Walker, who came to Delaware last month after teaching at Cornell University for several years, and Dr. Murray Manno, who received his doctorate at Harvard last year.

Of the twelve students elected, five are enrolled at the Women's College and seven at Delaware College. Four of the women students are seniors and one a junior, while three of the men students are seniors and four are members of the junior class.

The students elected to Pi Mu Epsilon are: A. Jane Bredin, Russell F. Dinneen, Robert H. Goldey, Kathryn M. Kane, John C. Phillips, and Arnold P. Schuler, all of Wilmington; Lena W. Fleming, New Castle; Doris G. McIlvaine, Magnolia; Vivian McMullen, Newark; Arthur Millman, Dover; Harry Smith, Jr., Middletown; and William S. Miller, Jr., Marcus Hook, Pa.

The formal initiation of these fourteen newly elected members will take place in the Memorial Library at the University on Friday, November 20.

Among the student members elected are Arnold Schuler, son of Mr. and Mrs. Schuler, 9 Winston Avenue, Elmhurst, N. Y., who has had a first grade in mathematics. He has never received a grade of less than "A" in the six courses he has thus far taken in mathematics. Tied for second place honors with an average of "A" are Arthur Millman, a member of Delaware's undefeated football team, and Robert H. Goldey, captain of the University's 1942 golf team.

The P-T. A. will sponsor its annual masked Halloween party at the Pleasant Valley School on Thursday evening of this week, October 29, at 8 o'clock.

An Honor Roll system has been started with the same standard as of the Newark Special School District. Any pupil earning all "A's" will be placed on the First Honor Roll. A pupil with only one "B" and the rest "A's" will be on the Second Honor Roll. Marjorie Brown, grade four, is on the Second Honor Roll for the first six weeks marking period.

Two "Fire Prevention" essays of the Pleasant Valley District have been entered by the Newark Firemen in the county contest. The essays were written by Ellis Howell and by Joseph Garvey.

Attractive report card covers have been made by each pupil as an art project.

FARM MERIT AWARD IS OFFERED

Presented Those Reaching Food Campaign Goals

J. L. Soper, County Supervisor for the Farm Security Administration, announced today that a Merit Award would be given all Farm Security borrowers who had reached the production goals set for them this year in the nation's Food For Freedom campaign.

A certificate will be given to indicate that the farmer has put forth the extra effort asked by the Secretary of Agriculture.

"I have no doubt but that Kent and New Castle Counties will win their share of these awards," asserted Soper. "The Government is well aware of the importance of agriculture in our war effort, and it intends to recognize the patriotic work of our farmers. It knows that the war will be won on the agricultural front of Kent and New Castle Counties as well as on the far flung battle fronts of the world."

The Merit Award certificate, issued by the Farm Security Administration in the name of the U. S. Department of Agriculture bears a statement by President Roosevelt.

CERTIFICATE OF REDUCTION OF CAPITAL

The PENN VALLEY CRUDE OIL CORPORATION, a corporation organized and existing under the General Corporation Law of the State of Delaware, DOES HEREBY CERTIFY as follows:

(1) That at a meeting of the Board of Directors of the above corporation, held on the 25th day of July, 1942, and supplemented by a meeting of stockholders of the Corporation called upon ten days notice given in accordance with the By-Laws thereof, and held on the 10th day of October, 1942, in Olean, N. Kent Soldier Vote Case

Representatives of our opponents continue to make the charge that the Republicans have sought to prevent voting by our men in the armed services. Even more specifically they have charged that the Republican Party has sent its attorneys into Court in an effort to have such voting law declared unconstitutional. It is difficult to understand these charges because an examination of the record will disclose that they have no foundation. Our absentee ballot law was declared unconstitutional by the Court in 1939. The case upon which the decision was based arose out of fraudulent efforts to vote people under the absentee voting law in the election of 1938. These fraudulent attempts were charged not against the Republicans but against members of the Democratic Party. When indictments were returned against them and the cases heard in Court, an attorney who was a member of the Democratic Party was Defense Counsel and it was he and his associates who raised the question of unconstitutionality in an attempt to avoid prosecution and conviction and brought before the Court sufficient law and precedent to cause the court to declare the statute unconstitutional, although the Court's opinion might lead one to infer that the members thereof would have preferred to reach a different conclusion.

In the case now pending in our Courts involving the voting of soldiers at the 1940 election, it is submitted that inquiry of the attorneys representing the Kent County candidate who contested the election of his opponent which was made possible by the soldiers' vote reveals that the attorneys of the contestant, although Republicans, were not sent into Court by that Party, but that they were privately engaged as attorneys by the contestant himself and that any compensation will be paid by him alone.

We have heard no Republican, and as a matter of fact, no Democrat express an opinion against the voting of soldiers. Everybody wants the soldiers to have an opportunity to vote.

We are doing all that we can to comply with the recently enacted Federal Law permitting men in the armed services to vote for Congressional candidates. In our efforts we have asked and received the cooperation of a representative of the Democratic Party and the whole idea is that the law be administered so that there can be no question about it and so that every soldier who applies for a ballot in compliance with the Federal Law shall have an opportunity to exercise his right of franchise.

As is well known a constitutional amendment was proposed by the 1941 Legislature having in it a majority of Republicans. This proposed amendment, if adopted by the 1943 Session, will authorize the passage of a law providing for absentee voting.

Support For The War Effort

Our opponents have charged that the Congressional candidates on the Republican ticket, if elected, would obstruct the President in the war effort. Yet, in the same breath, they say that the patriotism of such candidates cannot be questioned. It is difficult to understand this charge when it is coupled with the admission mentioned. We declare that there is no basis for this statement and that no proof of it can be found no matter how far back our opponents go into the records of the Republican Congressional candidates in an examination of their statements and acts with respect to loyalty to their Country.

There does seem to be a point of division. The Democratic candidate for membership in the National House of Representatives, as his statements are reported by the press, has taken the position that he will support the President in everything the President desires. In other words, that we will exercise no independent thought or judgment upon any proposals but will support them completely no matter what they may be if they are advanced by our President. We will support the war effort. We do not wish to do any less nor can we do otherwise feeling as we do about the critical situation of our Country and desiring above all things that our armed forces prevail in this terrible conflict in which we are engaged. But we do feel that members who are elected to the high position of Congressional Representatives of the State should exercise their own judgment and after mature deliberation, supported by their experience and conscience, cast their votes upon the questions which affect our Country, on war measures they will give their support in favor of everything that would seem to advance the Country's cause. They can do no less. They desire to do no less. Certainly the framers of our Government had in mind three coordinate branches of government, each with its own responsibilities and powers and each of these departments was expected to exercise discretion in the performance of its separate functions. The idea of following an executive without question and without consideration for the merits the position taken was certainly not a part of our plan of government.

The idea of the rubber stamp has been considered in a recent editorial of one of our County weekly papers and expresses the sentiments of a great many of our people, as follows: "While we cannot too strongly recommend support of the President's war policies for the duration, it seems the very height of inefficiency on the part of a man posing as a representative of the people to confess he is not capable of doing any thinking whatever. Yes, and it reflects on the intelligence of citizens of a district who will elect a man to Congress who admits that he will not even attempt to think while there." No, the rubber stamp idea is not a good idea today. Carried to its extreme, there would be no need for a Congress if a majority of the members therein simply followed without question the views of a Chief Executive no matter what those views might be.

Then, again, we are afraid of the effect of the rubber stamp idea, when we conjecture what the new deal pattern for the future of our Country may be as judged from the statements of some of its high placed leaders who are still active in the national administration.

Mr. Rexford Guy Tugwell, for instance in "The Industrial Discipline" is quoted as having said, and I here quote the exact words, "Not only labor, as a group, but also other groups frequently stand against

progress. There is, for instance, the case of the anti-trust movement, which was the dying effort of the small business system to perpetuate itself." Mr. Henry A. Wallace, now Vice-President, is quoted as having said in recent years: "We have come to a place to think in terms not of free production and trade, but of planned production and trade, within and between nations. Regimentation without stint might indeed, I sometimes think, go farther and faster here than anywhere else, if we once took the bit in our teeth and set up for a 100 per cent American conformity in everything."

Attorney General's Statement

We must note, too, the statement by Attorney General Biddle in an address in Washington in April, 1942, as quoted by the press, as follows: "A form of international socialism was advanced as a possibility today by Attorney General Frank Biddle, who took a look into the future as he appeared informally before a group of international law experts here." Turning to the United States after the war, Biddle said that thought must be given to the extent war controls will continue after peace comes. It has been recognized generally that the Government will be slow to release the vast power under which industry and people are being regimented in the war period.

"We are now in a non-competitive economy, which is becoming a completely integrated Government-controlled economy," he said, and cannot be abandoned instantly when peace comes."

What do these statements mean? What are the plans of high administration leaders for the American Government of the future.

What is my opponent's attitude about this apparent trend? What would he do should the Administration decide that the present Congress in Washington was not necessary and that the members return to their homes for a time so that war could be conducted without the assistance of its members? What will my opponent do if the President advocates the retention of the extraordinary powers that have been given to his office after the emergency is ended or if he does not within a reasonable time after the ending of hostilities take proper steps to return the powers to the congress as the representative of the people? Is it not most important that the people have someone in Congress to be on guard in the particular and seek to have the extraordinary powers that have been given up by the Congress restored to them within a reasonable time after the war is over?

For myself, I do not believe that these extraordinary powers that have been delegated to the President, should remain in his hands any amount of time after the end of hostilities. The reference to my opponent are made with due respect to a gentleman whom I have found very pleasant to meet and are not intended as any reflection upon him personally.

Believing in free enterprise and in the right of small business to exist and the desirability of having avenues for citizens to establish enterprises which have engaged their thought, I would like to be free if elected to Congress, to investigate all sides of the subjects which come before it. And among many things, I would like to study with the greatest care every possibility of aiding the small business enterprises which are being hard hit and which may be completely wiped out as the by-product of a government small business people are scattered in communities everywhere both large and small. The men and women who start and develop them are important elements in their various communities. They are taxpayers and good citizens and help to make our communities what they are. I should like to be free to vote on desirable measures affecting them and certainly to strive to do everything possible to deviate ways and means to have them integrated into the war effort and to continue as far as possible their existence as small business enterprises.

Support For Armed Forces

If elected to Congress I should be very diligent in efforts to see that our armed forces are equipped with the very best that can be produced and secured and that they be most carefully trained before they are called upon to face the extreme hazards of actual combat. A Republican Senator, Brewster of Maine, has been credited by some with agitation regarding our war equipment that enabled us to have the planes that we did have when the war began. I should certainly favor every possible advance in airplane development and if elected I would seek to contact representative from the State of Texas who in the press recently stated that he was coming back to Congress to do everything possible to see that our men have combat planes the equal of any they may be called upon to face. I would like to associate with the Representative and offer to him any cooperation that I could possibly give to bring about the improvement he has mentioned. There are many questions before the Congress and consideration of them by a member should be made with the thought of improvement and advantage of the people of our Country. Certainly some degree of freedom of thought is necessary if an individual is to be able to make even a slight contribution to our war effort. Over it all, I have the thought of war and how we can win it. And on that score of the war, we are all one in support of those in whose hands its conduct has been placed.

All that we have at stake; all that we believe in is on test; all that we hope to be is dependent upon the outcome of the struggle that is going on. For today there is only one thing for every true American to do. He does not have to ponder the decision he must make as is so often the case in the every-day affairs of life. He can make his decision quickly, and that decision is and must be that all the power and resources of our Country must be thrown into this bitter and terrible struggle; that every individual American citizen who loves his Country and appreciates the rights and privileges he has under his government must resolve to exert his every effort to see that the struggle is successfully pursued. All his efforts individually, all his talent, all his wealth, even his life itself must be placed in the balance and at the disposal of his Country's leaders and forces.

A vote for Judge Willey is a vote for a man capable of giving Delaware excellent Representation in Congress

UNDEFEATED BLUE HENS FAVORED OVER P.M.C. IN RENEWAL OF LONG SERIES

Game At Wilmington Park Saturday Afternoon Will be 34th Meeting Between Schools; Hens Aim To Push Their Undeclared Streak To 19 In Row

The University of Delaware gridmen will dust the cobwebs from one of the oldest small college football rivalries in the East on Saturday when they clash for the thirty-fourth time with the cadets from Pennsylvania Military College.

ELKTON HOUND WINS DOG TRIALS

First place in B section of the 13-inch class of the Eastern Beagle Club's regular monthly A.K.C. Class B sanctioned field trials Sunday went to Litzenberg's Ginnie, owned by Robert Litzenberg, Elkton, Md. The trials were run over the course on the estate of S. Hallock duPont at Milford Cross Roads.

Winning dog in the A section of the 13-inch class was Cochran's Granny, owned by Frances Cochran. Grace-lawn Cassie, owned by John T. Mullins, of Boxwood, won first place in the 15-inch combined class.

Originally scheduled for November first the trials were held last Sunday due to conflict with trials being run by the Peninsula Beagle Club of Salisbury, Md., tomorrow, Saturday, and Sunday.

Fine weather greeted the running of Sunday's trials, with game being plentiful and a large gallery on hand to witness the fine exhibitions of some of the East's best beagles.

Judges were Edgar Lawson and Clarence Whiteman, Newark; Charles Marlowe and Clarence Burris, Wilmington, and J. Wallace B. Pollitt and William S. Martin of Salisbury, Md.

The first five hounds placing in each class were awarded ribbons and War Savings Stamps and will be eligible to run in the annual Memorial Championship Stake to be staged in April.

Other winners were: 13-inch class—Section B, second, Fisher's Chase, owned by Joseph Dougherty, Richardson Park; third, Pauls Starlight, owned by Paul Jones, Marshallton; fourth, Wood-lawn Hope, owned by Gus Mayer, member of the Wilmington Bureau of Fire.

Chipawa Climber, owned by Joseph Dougherty, Richardson Park was reserve hound.

13-inch class—Section A, second, Marlbrook Queen, owned by Lester Shockey, Salisbury; third, Redmartin Firefly, owned by William S. Martin, Salisbury; fourth, Little Creek Doty, owned by Francis Cochran, Newark.

Concord Scram, owned by Earl Sheaffer, Wilmington was reserve hound.

15-inch class—second, Becker's High Star, owned by J. W. B. Pollitt and Preston Williams, Salisbury; third, Bacon Hill Jinny Lynn, owned by William Lloyd, Newark; fourth, Brookmar Beauty, owned by George Marine, Salisbury.

Woodlawn Lucky, owned by Gus Mayer of Wilmington, was reserve hound.

Registered Guernseys Bought By Local Men

Sale of two registered Guernsey cows has been announced by the American Guernsey Cattle Club, of Peterborough, N. H. They are: Patterson's Queen 735946, purchased by Marvin H. Patterson, Newark, from Horace M. Woodward and Patricia of Treveryn 569124, purchased by Paul Mullin, Newark, from Walter S. Kerr.

Both animals have been added to the herd of their owners.

PIN BOYS IN SPECIAL MATCH HERE LAST WEEK

Reds Take Over Blues At American Legion Alleys

Somebody else was picking them up for the pin boys at the American Legion Bowling Alleys recently when they got a chance at the other end of the alleys, playing a special match among themselves.

Divided into two teams, the Reds and Blues, the Blues won out by team scores of 448, 473, 516—1437, indicating that some local keggers might take a bit of advice from the boys who set them up.

Top scoring honors of the match went to T. Casho, of the winning Blue team, who turned in scores of 155, 166, 166—487. His 166 mark was also the biggest individual game score of the match.

Leading scorer for the Blues was J. Henderson with 142, 144, 123—409.

HUNTERS CAUTIONED BY PHONE EXPERTS

Random Shots May Damage Wires Carrying Vital War Calls

Hunters are requested to be doubly cautious this season when in the vicinity of telephone lines as gunshots may accidentally damage vital telephone equipment which must be kept working full time in the interest of the war effort.

Donald M. Huber, district manager for the Diamond State Telephone Company said: "It is especially important that every line be kept in service at all times because the armed forces and war industries are depending so much on telephone communications."

"To do this, it is essential to keep the equipment free of damage. Shots fired near telephone wires or cables may miss their mark and accidentally cut a wire, damage the sheath of a cable or shatter an insulator. The damage might put a number of telephones out of service and, possibly, interfere with an important war call."

Mr. Huber said that caution against accidental damage to telephone facilities is another of the simple but vitally important ways in which civilians can help assure the best possible telephone service for the calls of war.

Services Today For William Hussey Adams

Funeral services for William Hussey Adams, who died at his home on South College Avenue Monday evening, will be held today at the St. Thomas Church, Newark, at two o'clock.

A graduate of the Massachusetts Institute of Technology, Mr. Adams was connected during his entire technical career with the William L. Barrell Company as chemist and technical advisor, and later as vice-president and general manager of the Eastern Finishing works, a subsidiary of the Barrell Company. He has had numerous patents and publications in his field and related fields. He made important contributions in the field of water-proofing and mildew-proofing heavy cotton fabrics.

In 1939 he retired from active business and came to Newark to be near his son and family. Mr. Adams was 72 at the time of his death.

CHEMICAL WARFARE LECTURE

Of Interest To Civilian Defenders

Of particular interest to civilian defense workers in Newark will be a talk on the Chemistry of Chemical Warfare in the lecture room of the Chemical Laboratory of the University at eight o'clock Monday evening.

The speaker will be Lt. John H. Hayes of Edgewood Arsenal, which is the chemical warfare manufacturing plant, training center, and school of the Army. Lt. Hayes was educated at the University of Colorado and in Europe and has had nine years experience in the Army.

He is well qualified to give the latest and best information on war gases and bombs and other means of chemical warfare, and of defense against such attacks. All those who are connected with local civilian defense should find this lecture of great value.

The lecture is given under the auspices of the local student chapter of the American Chemical Society and of the Department of Chemistry.

What's the Answer?

What is the origin of the word "plumbing"?

ANSWER: The word "plumbing" comes from the Latin "plumbum" and properly means "working with lead."

Where will you find a list of the plumbers in your vicinity?

ANSWER: You'll find the PLUMBERS in your vicinity—as well as the dealers in BATTERIES, PHONOGRAPHS, LUMBER, HARDWARE and many other things—conveniently listed in the Yellow Pages of your telephone directory.

You can save time these busy days if you look in the Yellow Pages when you want to know "where to buy it" or who will do the job.

You'll find it in the YELLOW PAGES!

Order Coal Now

An order for a portion of your coal needs today will save delay and confusion later. Increased absorption of railroad transportation facilities with war goods makes future coal deliveries likely to be less prompt.

Levy Court Candidate

Sheriff Elias E. Othson

The taxpayers of New Castle County at this time need capable and fearless members of the Levy Court.

The Levy Court has in its hands the duty of fixing the yearly tax rate and has exclusive charge of the expenditure of the taxpayer's money, paid by them with the exception that the same will be expended for the good of the entire county and not for a few favored communities.

Elias E. Othson of Mill Creek Hundred, is a candidate for Levy Court Commissioner on the Democratic ticket and he is pledged, if elected, to do his utmost to have the business of the Levy Court conducted in a business-like way. He is well suited for the office, has been a successful farmer and is now ending his term as Sheriff of this county, which office he has filled with ability and to the satisfaction of the public.

As our nation's war production machine slides smoothly into high, efficient transportation becomes the vital plus factor that is needed to win.

Every minute, every man, every mile counts now as never before. And B & O's great army of employees is serving our country's armed forces to the limit by cutting down lost time — by reducing waste (on the job and in the home) — by saving precious cargo space through requesting capacity car loadings.

OFFICERS INSTALLED BY LEGION AUXILIARY

Next Meeting Of The Newark Unit Planned For Monday

Installation ceremonies were held at a recent meeting of the J. Allison O'Daniel Unit, American Legion Auxiliary of Newark.

Officers installed were: president, Mrs. Francis Lindell; vice-president, Mrs. J. Harvey Dickey; secretary, Mrs. Orville Little; treasurer, Mrs. Harold Sheaffer; historian, Mrs. I. Newton Sheaffer; chaplain, Mrs. Conrad Lewis; Sgt.-at-arms, Mrs. Orva Wells.

After the installation Mrs. Lindell announced the following chairmen for the year: Americanism and Community Service, Mrs. Harry Herbener; Child Welfare and Rehabilitation, Mrs. Conrad Lewis; Education of World War Orphans, Mrs. Orville Little; Legislation and Constitution, Miss Miriam Lewis; Finance, Mrs. Leon Case; Junior Activities, Mrs. Orva Wells; Membership, Mrs. Paul D. Lovett, Jr.; National Defense, Mrs. Lee Lewis; War Activities, Mrs. J. Harvey Dickey; National News, Mrs. William Hamilton; Poppy, Mrs. A. E. Tomhave; Publicity and Radio, Mrs. J. Harvey Dickey; Pan-American Study, Mrs. George Jones; and Music, Mrs. Floyd Jackson.

The next meeting of the unit is scheduled for Monday evening at eight o'clock at the home of Mrs. John R. Fader, Nottingham Road.

At the October meeting of the Auxiliary, Mrs. F. Allyn Cooch's reports on the National Convention held in Kansas City; also the conference called by the Public Relations Department of the War Department which she attended in New York City, were given. Colonel Frasier of England was one of the speakers at the convention and urged Legion and Auxiliary members who have sons serving the United States in England to contact the House of Commons saying he would be glad to put them in touch with the British Legion.

A speaker at the meeting in New York City, at which 34 of the 200 organized Women's groups were called in, stated that 12 per cent of the entire army is made up of physicians and nurses. All members were urged to take the Hospital visitor's course. A former West Point graduate talked particularly about the reaction of the Germans when they lose, and the reaction of our men who make up our army. He made a special plea that we urge that athletics not be taken out of the schools, — especially football.

Among those from the local unit who attended the State installation of department officers in the Hob Tea Room, Wilmington, last week were Mrs. Leon Case, Mrs. Paul D. Lovett, Sr., Mrs. Francis Lindell, Miss Katherine Mitchell, Mrs. J. Harvey Dickey, Mrs. Orville Little, Mrs. Harry Herbener, Mrs. F. Allyn Cooch, Jr., and Mrs. J. R. Fader.

E 52 OPEN SEASON

War Drama Given Tonight

On Thursday and Friday evenings the curtain will go up in Mitchell Hall on Maxwell Anderson's effort to interpret the soldier's mental attitude in the present war, as represented in his new play, "The Eve of St. Mark." The E 52 Players at the University of Delaware are giving one of some 45 productions in university and community theatres throughout the country.

The Players are offering this production as a benefit for the Newark Community Recreation Center, which has been established for the Women Defense workers in the community.

"The Eve of St. Mark" is a play every American should see. It depicts a cross section of our army at play and under conditions of combat. Walter Winchell considers it one of the finest plays to have come from the pen of its Pulitzer Prize winning author.

The Players have rehearsed the play for a period of six weeks in order to give it the finest possible production. Twenty-four actors have been working under the direction of Mrs. C. R. Kase, and a large staff is functioning under the supervision of Mr. Francis X. Gallagher, Technical Director.

NOTICE

Due to labor, gas and tire shortages, we find it necessary to cut our delivery service to three days a week — Tuesday, Friday and Saturday — Going into effect November 2, 1942.

Thank You
JOHN F. RICHARDS.

High School Faculty Member Leaves Nov. 5

Harvey Moore, a member of the Newark High School faculty who has been teaching English and social studies, was inducted into the U. S. Army last week and reports for active duty on Thursday, November 5, Supt. C. E. Douglass announced yesterday.

Due to the fact that Mr. Moore is going into the armed service, his position will be kept open until his return. The board will likely announce the appointment of a substitute to fill his place in his absence.

Jackson's Toyland Opens This Saturday

First hint of the coming Christmas season makes its appearance here this week with the opening of Newark's biggest toyland Saturday in the basement of Jackson's Hardware store, 90 E. Main St.

A youngster's fairyland, the department is bright with the latest in toys for children of all ages and offers the widest selection in some years. Early shopping is advised, however, since many articles cannot be replaced once sold.

A small deposit will hold any item for thirty days.

COUNCIL MEETING

Members of the Town Council of Newark will hold their regular monthly meeting in council offices, 26 Academy Street, Monday evening, November 2 at 8 o'clock.

Mayor Frank Collins will preside over the meeting which is expected to see only routine matters discussed.
