NUMBER 45

## \$25,000 ADDED TO NEWARK P. O. APPROPRIATION

Bill In Congress Includes Ad-  
ditional Appropriation To  
Cover Newark Re-  
quirements

\$60,000 PRESENT SUM

A wire from Washington states at this morning there was intro-  
duced in the House of Representa-  
tives a bill which included an ad-  
ditional appropriation of \$25,000 for a  
federal post office building in New-  
ark. \$60,000 has already been appro-  
priated for this building and twice  
this have been called for on specifi-  
cations. In both cases the bids were  
above the appropriation.

Engineers who bid on the specifi-  
cations claimed that the building de-  
signed was not large enough for the  
needs of the town, and that it would  
be an economy for the government to  
provide more money for a larger  
structure. One engineer went to  
Washington and took the matter up  
with the government architects.

The building will be placed on the  
government owned lot at Main and  
center streets, and was designed  
originally to front on Main street.  
All the bids on the first set of plans  
and specification were over the total  
amount of the appropriation, and all  
were rejected. Supplementary speci-  
fications were drawn to be bid on, and  
the second time, while some of the  
bids were under \$60,000, all the bids  
were rejected. It was thought then  
that a smaller building would be de-  
signed. However, pressure was  
brought to bear on the government to  
increase the appropriation, and at the  
same time increase the size of the  
building. If this bill for \$25,000 ad-  
ditional goes through Newark will un-  
doubtedly have a post office entirely  
adequate for its requirements.

## HOPE TO SAVE ELDERKIN'S LEG

Operate On State Highway  
Officer Hurt Sunday; Po-  
lice Say Accident  
Unavoidable

Corporal Roger Elderkin, of the  
state Highway Police, underwent an  
operation this morning at the Dela-  
ware Hospital in an attempt to save  
his right leg, which was badly  
rushed in an accident at Glasgow,  
Saturday night. It will be several  
days before the results of the opera-  
tion will be known, but some hope is  
held that the leg will not need to be  
amputated.

Corporal Elderkin was hurt dur-  
ing the performance of his duty. He  
was pursuing a car that was travel-  
ing along the Glasgow road at a high  
and dangerous rate of speed, when  
Frank Smith, of Newark, pulled into  
the road from Frank Brown's garage.  
Mr. Smith did not see Elderkin com-  
ing, and Elderkin swerved to avoid a  
collision, but was going too fast, and  
struck the front end of the Smith  
car. The corporal was thrown over  
the handlebars of his machine and  
his leg was caught between his mo-  
torcycle and the car, breaking it in  
four places and crushing his heel.

Mr. Smith and members of the  
Brown Garage staff went to his assist-  
ance and speeded him to the Elkton  
Hospital. He was removed Monday  
to the Delaware Hospital.

After an investigation of the acci-  
dent by the State Police it was de-  
cided that the accident was unavoid-  
able, and no arrests were made.

Corporal is one of the original mem-  
bers of the Delaware State Police  
and had an excellent service record.

## CHRISTMAS SALE AND BAKE

The ways and means committee of  
the Newark New Century Club, Mrs.  
Daniel Thompson, president, will hold  
a Christmas sale, Friday and Satur-  
day, December 7th and 8th, in Ful-  
ton's vacant store in the Opera House  
building. The sale will be open on  
both days in the afternoon and even-  
ing.

On Saturday, the 8th, during the  
afternoon and evening, the committee  
will hold a bake in connection with  
the Christmas sale. Home-made cakes,  
sandwiches, and pastries will be sale.

## GO TO PINEHURST

Mr. and Mrs. Herman Tyson have  
left for Pinehurst, N. C., where Mr.  
Tyson will spend the winter months  
conditioning and training his string of  
harness racers.

## Rubbish Collection

At the meeting of the Council  
of Newark, held Monday night,  
Thursday and Friday, December  
13 and 14, were appointed bi-  
monthly rubbish collection days.  
The time was advanced one day  
later in the week than has been  
the custom in order that notice  
of the collection could be pub-  
lished twice prior to the time of  
the service. The collection will  
start early Thursday morning at  
the extreme west end of the  
Town, and on that day will take  
in the entire west section of  
Newark as far as North and  
South College avenues. The re-  
mainder of the town will be  
served Friday. Have your rub-  
bish out the night before collec-  
tion.

Collectors will not go into  
yards to collect, and will not  
take newspapers. Have your  
rubbish on the curb.

## COUNCIL HOLDS SHORT MEETING

Mayor Frazer Absent, Coun-  
cilman Widdoes Presides;  
Appoint Rubbish Col-  
lection Days

The Council of Newark held its  
regular monthly meeting, Monday  
night, and disposed of the routine  
business in a short meeting. As  
Mayor Frazer had been called out  
of town unexpectedly, Councilman  
Widdoes presided.

Mark Malcom appeared before the  
Council with two requests. One was  
granted and decision on the other  
was deferred for further consideration  
by the Council. A request to remove  
a tree on Chouteau street was granted,  
and the street department will chop  
the tree down.

Thursday and Friday, December 13  
and 14, were appointed bi-monthly  
rubbish collection days. The collection  
was moved up one day later than  
has been the usual custom in order  
to give further publicity to the dates.  
The question of damages for ice  
cream spoiled when the power was  
cut off was brought up again, but no  
decision was rendered.

Authorization was given to the  
president of the Council to borrow  
sufficient money to pay the last bills  
of A. Petrillo and Company.

The Alderman reported fines and  
license fees amounting to \$60. The  
treasurer reported \$3,418.79 in the  
treasury December 1.

The milk report submitted by H. R.  
Baker, milk inspector, read as follows:

Dealer	Butter-fat	Count
Clover Dairy A	4.45	6,000
Clover Dairy B	3.80	15,000
E. F. Richards	4.45	100,000
H. S. Eastburn	4.55	10,000
S. H. Ewing	4.70	85,000
E. P. Ewing	4.80	48,000
H. C. Herdman	4.55	9,500
Jonathan Johnson	6.30	30,000
Harry Jones	4.80	31,000
H. C. Millikan	4.25	6,300
Fraim's Dairies	4.15	9,200
Harry Brown	4.30	8,000

## TRAFFIC CASES

On November 28, Walter Burris  
was fined \$1.00 and costs by Magis-  
trate Thompson for driving a truck  
with an unlighted tail light. Officer  
Workman, of the State Highway Po-  
lice, made the arrest.

On December 2, William H. Hyatt  
failed to observe a boulevard stop  
sign and was fined \$10 and costs by  
Magistrate Thompson.

On December 3, George Stumpp, of  
Brownville, N. Y., drove along the  
Glasgow road at 60 miles per hour.  
He was overtaken by State Highway  
Officer Carpenter, who introduced him  
to Magistrate Thompson. His fine  
was \$25 and costs.

On December 3, State Highway  
Officer Jewell trailed David Adleman  
along the Glasgow road, the needle  
hovering between 55 and 60. David,  
a student at Georgia Tech, gave the  
state \$25 through Magistrate Thomp-  
son.

## DINNER PARTY

Mr. and Mrs. Harry Whitman gave  
a Thanksgiving dinner party. Their  
guests were: Mr. and Mrs. Harry  
Groce, Mr. and Mrs. Charles White-  
man, Mr. and Mrs. Clarence White-  
man, Mrs. Alice Ahern, Mrs. Laura  
Currinder, Mrs. Margaret Whitman,  
Mr. and Mrs. Harry Whitman, Mr.  
and Mrs. Raymond Cochran, Mr. and  
Mrs. E. S. Cochran, John W. Cochran,  
Miss Marjorie Bernard, Misses Mar-  
garet, Sarah, and Dorothy Cochran,  
Raymond, Cecil and Thomas Cochran,  
Billy and Myrtle Whitman. Evening  
guests were Mr. and Mrs. Alfred  
Cochran and Agnes and Theresa  
Cochran of New Castle.

## PUPILS VISIT LOCAL PLANTS

Newark School Classes Taking  
Outside Lab. Work;  
School Notes

Miss McKinsey's Social Science sec-  
tion of the Junior High School with  
Mrs. Ryther, student teacher, through  
the courtesy of the Delaware Ledger,  
visited the plant of the Ledger last  
Monday. The hour's visit was a  
worthwhile laboratory trip in social  
science on the special theme: "Inven-  
tions Which Bind People Together."

Miss Bailey's art section in the  
Junior High School plans to visit  
Kells as a laboratory study in the  
making of books. Miss Bailey is  
teaching a special art class which has  
as its members only those pupils who  
have selected art from a special in-  
terest in the work.

## Class Games

At a special meeting of the General  
Association Cabinet, the following  
schedule for the inter-class games  
was prepared:

Wednesday afternoon: Freshmen vs.  
Sophomores; Thursday afternoon:  
Juniors vs. Seniors; Friday afternoon:  
Championship; Monday afternoon:  
Faculty vs. Champions.

These games, which will be played  
in the school gymnasium, are open to  
the members of the school and the  
community free of charge. Both boys  
and girls will play.

## School Party

Under the direction of the General  
Association, the magazine campaign  
party will be held Friday night at  
7:30 to 10:30, in the school auditorium.  
The teams for the magazine campaign  
were divided into two sections, the  
reds and the blues. The winners, the  
"reds," will be entertained by the  
"blues."

## November Report

The percentage of attendance for  
the Newark school for the month of  
November was 93.5, while the net en-  
rollment for the month of November  
was 1032. There was an average  
daily attendance through the month  
of November of 936. Out of the en-  
tire school there were 617 pupils who  
did not miss a single day. The causes  
of absence included: Illness, work,  
out of town, missed the bus, miscel-  
laneous, and no excuse. In all of  
these causes there was a decrease ex-  
cepting missed the bus, which showed  
an increase of 28 per cent. In illness  
there was a decrease of 78 per cent,  
work, 53 per cent, out of town 8 per  
cent, miscellaneous 20 per cent.

There were 289 tardiness out of a  
possible 33,024, which shows a punctu-  
ality for being on time of 99.009 per  
cent. This is one of the indications  
of the fine spirit of co-operation be-  
tween the patrons of the school and  
the school.

## Basketball

The basketball schedule is nearing  
completion for the coming season.  
Both teams will be outfitted with  
suitable equipment. Through the  
courtesy of Captain Wallace Cook '19,  
and his staff, the school will again be  
permitted to use the armory for  
games and for practice. The first  
game of the season will be December  
18, with Friends School, and will be  
played in the armory.

## MISS TOWNSEND INJURED

This morning Miss Lyla Townsend,  
daughter of Senator-elect John G.  
Townsend, was seriously hurt in an  
automobile accident near Blackbird.  
Mrs. James Bice, Jr., of Dover, who  
was riding with Miss Townsend, was  
also injured, perhaps more seriously  
than Miss Townsend. Both were taken  
to the Dover Hospital.

The two ladies were riding to Wil-  
mington in a Ford coupe, with Miss  
Townsend driving. Near Blackbird  
the car skidded on the wet highway  
and going off the road struck a build-  
ing and turned over. Miss Townsend  
suffered severe cuts, lacerations and  
bruises, and Mrs. Bice sustained a  
broken collar bone and fractured ribs.

## KIWANIS ELECTION

At the annual election of the Ki-  
wanis Club of Wilmington, held this  
noon in the du Pont-Biltmore, A. B.  
Robeson was elected president to suc-  
ceed Arthur G. Wilkinson. Mr. Wil-  
kinson was elected district trustee;  
J. W. Hiron was elected vice-presi-  
dent.

## Golden Anniversary

Mr. and Mrs. George D. Burn-  
ham will celebrate their Golden  
Wedding Anniversary on De-  
cember 7 at their home on  
Barksdale Road. Their chil-  
dren, Mrs. C. E. Atkinson, Mrs.  
C. E. Gibson, Mr. W. B. Burk-  
ham and Mr. George E. Burk-  
ham, will be present.

## FINE BUILDING ADDED TO TOWN

Dennison Company Showroom  
And Garage Opened Last  
Week; One Of The Best  
In State

A beautiful new structure was  
formally added to the business sec-  
tion of Newark, last week, when the  
Dennison Motor Company opened its  
new showroom and garage on Main  
street. From a standpoint of appear-  
ance and equipment, this is one of  
the finest plants of its kind in the  
State, and brings another welcome  
touch to Newark's appearance of  
progress and prosperity.

This new building is a fine reflection  
of the rapid growth of the Dennison  
Motor Company, which has been in  
business for only one year and a half,  
and most of the credit is due to J. H.  
Dennison, president and active head  
of the concern. The company started  
as local agent for Nash automobiles,  
and has sold about 100 cars in and  
around Newark since it started opera-  
tion. It will now sell LaSalle and  
Cadillac cars as well as the 17 dif-  
ferent Nash closed models.

The building fronts on Main street  
and is 65 by 100 feet. The showroom  
extends the whole width of the build-  
ing and is 40 feet deep. The garage  
and service department is 60 feet  
deep, and has an entrance on the side  
street. There is a drive in front with  
four gasoline pumps and a water and  
air stand. The front is lighted with  
two handsome overhanging lamps,  
and the showroom is completely en-  
closed on all four sides with plate  
glass. The walls and ceiling of the  
showroom are Textone over sheetrock,  
and the floor is quarry tile. Eight  
cars can be placed on the floor without  
crowding.

The garage and service department  
is completely equipped, mechanically,  
for every type of service, and is in  
charge of William Gray, who has had  
eight years of experience in servicing  
Nash cars. The garage capacity is 25  
cars.

The building is heated by Ther-  
modine units, an overhead heating  
system which keeps circulating and  
reheating the air.

Newark can not only point with  
pride to this new building, but to the  
local concerns and contractors, who  
did most of the work on the building  
and furnished most of the materials.  
James H. Hutcheson was general con-  
tractor and construction engineer for  
the structure. Other local concerns  
which had important sub-contracts or  
furnished supplies and equipment  
were: Daniel Stoll, T. Ray Jacobs, J.  
Newton Sheaffer, R. R. Lovett, New-  
ark Lumber Company, E. J. Hollings-  
worth Company, Jonathan Johnson  
and H. A. Phelps.

## FRIDAY IS NOMINATION NIGHT FOR AETNA CO.

New Castle County Association To  
Meet Here, Thursday, December 3

Friday will be nomination night for  
the Aetna Hose, Hook and Ladder  
Company, and officers and officials will  
be nominated for the elections to be  
held at the next meeting. The meet-  
ing is called for 8 o'clock, and every  
member is urged to be there.

On Thursday, December 13, the  
New Castle County Volunteer Fire-  
men's Association will meet in the  
Aetna Firehouse. The purpose of this  
meeting will be, primarily, to discuss  
plans for the State Firemen's Con-  
vention, to be held next July, in Wil-  
mington. Particular thought will be  
given to the huge parade to be held  
in connection with the convention.

## WOMEN'S AID MEETING

The Women's Aid, Pennsylvania  
Railroad, Maryland Division, will hold  
their regular monthly meeting on  
Monday afternoon, December 10, at  
2:00 p. m., in the assembly room of  
the Pennsylvania building at Wil-  
mington with Miss Ellen Cannon  
Buckelew, superintendent of the Aid,  
presiding. Mrs. Floy E. Booth will  
be the speaker at this meeting.

After the business meeting the  
members will enjoy the usual social  
hour. The musical program will be  
in charge of Mrs. Elizabeth Lally.  
A large attendance is anticipated.

## RECRUITER TO BE AT THE LOCAL POSTOFFICE

Sergeant Mike Moleson, from the  
recruiting station at 3th and King  
streets, Wilmington, Delaware, will be  
at the local post office to enlist men  
for the regular Army on December  
11th. Sgt. Moleson says that there  
are a number of desirable stations  
open for men wishing to enlist, such  
as: Panama, Hawaiian Islands, Tex-  
as, Plattsburg Barracks, N. Y., and  
Fort du Pont, Delaware. Sergeant  
Moleson will return to Wilmington  
the same day.

## To Issue Auto Tags Here

Charles H. Grantland, Secre-  
tary of State, has announced that  
on Monday, December 10, repre-  
sentatives of the State Motor  
Vehicle Department will be at the  
office of Magistrate Daniel  
Thompson, Newark, from 9  
a. m. to 4 p. m., for the purpose  
of issuing automobile tags for the  
year 1929. They will have  
tags with them and will issue  
tags and registration cards on the  
spot. They will also receive  
applications for operators' and  
chauffeurs' licenses, and public  
service permits, but these will  
be mailed applicants from the  
office at Dover.

This plan was inaugurated to  
facilitate rapid service in is-  
suing 1929 tags, and it is hoped  
by the State Department that a  
large majority of owners will  
avail themselves of the con-  
venience.

## STATE GRANGE TO MEET HERE

Annual Three-Day Session At  
University Next Tuesday,  
Wednesday and Thursday;  
To Elect Officers

The annual meeting of the Dela-  
ware State Grange will be held in  
Newark next week, Tuesday, Wednes-  
day and Thursday, December 11, 12  
and 13. The grangers are coming  
here on the invitation of Dr. Walter  
Hullihen, president of the University  
of Delaware, who extended the invita-  
tion at the annual meeting last year.  
The meetings will be presided over by  
Governor Robert P. Robinson, who is  
State Master.

The opening meeting will be in the  
dining room of Old College at 10:30  
Tuesday morning. Eighty official de-  
legates will attend, and any grange  
member can attend the various meet-  
ings. On Tuesday evening there will  
be a meeting in Wolf Hall to which  
the public is cordially invited. The  
program for this meeting is being  
arranged by A. Bailey Thomas, of  
Wyoming, the state lecturer. At this  
meeting there will be a report of the  
National Grange meeting, held in  
Washington, D. C., last month.

All state officers will be elected at  
this meeting, and the elections will  
take place probably Wednesday after-  
noon or Thursday morning. State  
Masters are elected for two years,  
and it has been the custom to reelect  
them for a second term. The present  
incumbent, Governor Robinson, has  
served two terms. There is consider-  
able speculation as to who the next  
State Master will be.

Two committees from the local  
grange have been appointed to make  
things comfortable for the visiting  
delegates. They are: Committee on  
Rooms: Dr. T. F. Manns, Professor  
R. W. Heim and Mr. Phillips; Com-  
mittee on Arrangements: Professor  
G. L. Schuster, Mr. Ray Bender and  
Mr. A. D. Cobb.

## VETS ELECT OFFICERS

At a meeting of the Lt. J. A.  
O'Daniel Post, Veterans of Foreign  
wars, held last night, officers were  
elected for the coming year. William  
Rupp was reelected commander. Ben-  
jamin McCormick was chosen vice-  
commander, and J. H. Harrington  
was elected junior vice-commander.  
Colonel S. J. Smith was reelected  
chaplain. F. Gehrold was elected  
quartermaster, and F. Snooks was  
elected officer of the day. The follow-  
ing trustees were elected: John Mor-  
rison, 18 months; John Grundy, 12  
months; Raymond Edmunson, 6  
months. The installation of officers  
will take place on December 18.

Commander Rupp, in accepting his  
reelection, thanked the Post for their  
confidence and said that he would  
redouble his efforts during the coming  
year. He expressed his satisfaction  
with the progress made by the Post  
since the reorganization, last Febru-  
ary, and stated that with the newly  
organized auxiliary, the Post should  
make more rapid strides during the  
coming year. Mr. Rupp also expressed  
his appreciation of the help and en-  
couragement given to the Post by the  
people of Newark.

## SHED BURNS

The Aetna Hose, Hook and Ladder  
Company was called about one o'clock  
this morning to the home of Dr.  
Cann, near Glasgow. The company  
made a very quick response to the call  
and found a shed near the house al-  
most consumed. The firemen confined  
their efforts to keeping the house  
from catching fire. Middletown Fire  
Department had also been summoned  
but arrived after Newark was on  
the job.

## SEN. DUPONT RESIGNED FROM SENATE TODAY

Vice-President Dawes And  
Governor Robinson Receive  
Letters This Morning; Gov-  
ernor Probably Will Appoint  
Successor This Week; Judge  
Hastings and R. H. Richards  
Mentioned

ELECTED IN 1924

This morning Vice-President Charles  
G. Dawes announced to the United  
States Senate that United States Sena-  
tor T. Coleman du Pont had tendered  
his resignation from the Senate. At  
the same time Governor Robert P.  
Robinson announced in Wilmington,  
that he had received Senator du Pont's  
letter telling of his resignation. The  
reason given was that ill health would  
prevent him from taking an active  
part in Senatorial duties.

Governor Robinson will probably  
appoint a successor to Senator  
du Pont within the next few days.  
Judge Daniel O. Hastings and Robert  
H. Richards have both been men-  
tioned for the post, with the possibilities  
pointing more strongly to Judge  
Hastings. It is likely that whoever  
is appointed by the Governor will be  
from the northern part of the State.  
The appointee will serve until the next  
general election in 1930. Senator  
du Pont's term would have expired  
March 4, 1931.

Senator du Pont was elected four  
years ago by a majority of 16,646  
after having been defeated at the ex-  
piration of his short term by 325 ma-  
jority by Senator Bayard two years  
previously. He was first appointed  
Senator by Governor Denney to suc-  
ceed Senator J. O. Wolcott. Senator  
du Pont devoted himself actively to  
the duties of his office until he was  
stricken with serious illness, early  
last year. Since then, while not able  
to attend sessions at Washington, he  
has attended to affairs of his office  
through his competent secretarial  
staff. He also is Republican National  
Committeeman from Delaware, hav-  
ing been re-elected to that position in  
June and it is understood he intends  
to retain that position. At the Kansas  
City National Convention and for a  
while after it, Judge Hastings acted  
as proxy for Senator du Pont on the  
National Committee.

## NAT. AUXILIARY HEAD COMING

Mrs. Hankin, President Of  
Foreign Vets National Aux-  
iliary, Will Institute Local  
Post, Saturday Night; Pub-  
lic Invited

The newly reorganized Thomas  
Cooper Women's Auxiliary, of the  
local Post Veterans of Foreign Wars,  
will be signally honored, Saturday  
night, when Mrs. Bessie Hankin, of  
Boston, president of the National  
Auxiliary, will institute the local  
auxiliary and install the officers. The  
meeting will be in Odd Fellows Hall,  
at 8 o'clock, and will be open to the  
public.

Mrs. Hankin will be entertained  
while she is here by Mrs. S. J. Smith,  
and will probably spend the week-end  
with Col. and Mrs. Smith. It is sel-  
dom that Mrs. Hankin visits a single  
post, and the Newark organization  
feels particularly distinguished in  
having her presence. All members are  
particularly urged to attend the meet-  
ing and to bring guests.

The officers of the Thomas Cooper  
Auxiliary are: Mrs. Clarence Rupp,  
president; Mrs. Clara McCormick,  
secretary; and Mrs. Rena Harring-  
ton, treasurer.

## JERSEY BREEDERS MEET AT WIRT WILLIS FARM

The Executive Committee of the  
Shore Jersey Cattle Club met Sat-  
urday afternoon at Coweview Farms,  
Glasgow, owned by Mr. J. Wirt  
Willis.

The purpose of this meeting was to  
discuss and formulate plans for hold-  
ing a spring show in this section.  
This show should be very good and  
very high class Jersey cattle will be  
exhibited.

The object of these shows held by  
the Eastern Shore Jersey Cattle Club  
is to increase the interest and prove  
the merits of the Jersey throughout  
the Eastern Shore peninsula and  
nearby states.

## New Trust Fund Arrangement Will Increase the Scope of the Congressional Library

Board Will Administer Contributions and Endowments from the Public; Will Greatly Increase Uses of Institution

In an article in the New York Times of November 11, James Benjamin Wilbur traces the history of the Congressional Library, particularly from a financial standpoint, and tells of a trust fund arrangement to increase the scope and uses of this great and important institution. This trust fund arrangement was incorporated in an act of Congress, passed March 3, 1925, and provided for Trust Fund Board to administer funds given to the library. With this Board functioning the value of the library to the general public has been increased in many respects. Mr. Wilbur's article reads as follows:

Congress in 1800 made the initial appropriation of \$5,000 for books for the use of its members. The Clerk of the House was the librarian. Some 3,000 volumes had been accumulated in the Capitol, where the library was kept, and were lost in the fire which destroyed that building in 1814. Thomas Jefferson's library of 7,000 volumes was then purchased and the first librarian was appointed. In 1851, when the library contained 55,000 volumes, the second fire destroyed all but 20,000. By 1864 the library contained 82,000 volumes, and was in fact as well as in name exclusively the Library of Congress.

From 1864, when A. R. Spofford became librarian, holding the office for thirty-three years, the facilities of the library were extended to the public. In 1867 Congress purchased the Force collection of Americana for \$100,000. It contained about 60,000 items, and with the removal of the library of the Smithsonian Institution, containing about 40,000 volumes, to the Library of Congress began the increase which by 1897 found some 700,000 volumes in the collection.

This necessitated the erection of a new building, which was begun in 1896 and completed in 1897 at the cost for land and building of \$6,332,000. It is in some respects the finest building the Government has ever built, and every citizen of the United States who visits it departs from it with a feeling of pride.

The library building covers more than three acres of ground, with miles of shelving that will accommodate more than 4,000,000 volumes. Land is about to be purchased for buildings that may eventually more than double the library's capacity. It can readily be understood that it is no longer a library exclusively or particularly for the 500-odd members of the Senate and House of Representatives, but a library belonging to and for the advancement and education of all our citizens. It is a national collection of books, maps and manuscripts, letters and documents. It is not an exaggeration to state that no such library exists elsewhere in the world. This is largely due to the able management of the present librarian, Dr. Herbert Putnam, who since 1899 has been the sole responsible head.

When one realizes that the humblest citizen of any town or city in this country has access through the local library to this vast store of knowledge without traveling to Washington, one can realize that it is the national library to which every citizen has a key.

**Its Growing Uses**  
Walls alone cannot avail, nor will books by themselves suffice. For books may form only another wall within the walls. Their row on row may fill with wonder the mind of the observer, but mere books within the noblest of walls sink to the level of things in a storage warehouse. Even rare and beautiful books, until they are organized and served by trained bookmen, are only the treasures of a museum.

The difference between an inert collection and a true library is that between a ship lying in her dock without a crew and the same ship under full steam, her equipment complete, her officers on the bridge and every man of the crew at his station.

The library has now reached a stage where, to render the greatest possible service to the people of the United States, the skilled bibliographical service in particular will have to be augmented and the heads of each division must be specialists.

The Government provides for administration, but does not offer salaries sufficiently large to the library force and chiefs of division to obtain the services of men who are not only able to administer collections in their charge but to interpret them, which requires a thorough knowledge of their contents. This condition is caused by the fact that the library force, like that of other Government departments, is under the Government classification board.

The library now needs, to make it worthy of this rich country, the rarest books of the world. To consult those now, unless one has the entrée to the best private and university libraries, one has to go to London, Paris, Rome, Berlin and Madrid.

Congress now appropriates \$110,000 annually, which is about 12½ per cent of the library budget, for the purchase of additions to the collection. It is a liberal sum, but only enough to obtain the books of lesser importance necessary to make the collections more nearly complete.

It is the rare early books of the fifteenth, sixteenth, seventeenth and eighteenth centuries that the library needs, as well as early American letters and manuscripts owned privately

American history and \$250,000 for bibliographic service.

This is a fair beginning toward an endowment of \$200,000, which in time is sure to be attained, for the prospect is promising that Washington and our great National Library will be a main center of research, and the inevitable recourse of investigators. This received great impetus recently when Henry C. Folger announced that he would place his matchless collection of Shakespeareana, consisting of 55,000 volumes, in a building in no way inferior to and adjoining the library building.

**Support by Congress**  
Congress has made provision for extending the library and has appropriated for the year beginning July 1 about \$2,200,000. One million four hundred thousand dollars of this is for use and maintenance of the library as against \$300,000 so appropriated when Dr. Putnam became Librarian.

As Dr. Putnam well says in closing his address to the librarians:

"The responses to the invitation [to contribute] are significant in amount, but also (1) in the sources from which they come [Mrs. Frederic Coolidge, James B. Wilbur, R. R. Bowker, Mr. and Mrs. Joseph Penell, William E. Benjamin, Archer Huntington, the Carnegie Corporation, John D. Rockefeller, Jr.]—two of them at least implying deliberate preliminary investigation by experts; (2) in the variety of their objects, and (3) in the reaction to them by the public and by Congress itself.

"The three years may, therefore, fairly be deemed the initiation of a new era; the experience of them an assurance toward a future more elaborate than would ordinarily be conceded to a library merely as such."

What finer appreciation can a citizen pay to his fellow men and women than to have his or her will contain the words "I give and bequeath to the Library of Congress Trust Fund Board" such sum as he or she feels able to contribute to the making of this great storehouse of knowledge a living factor in the lives of the people for generations. Every gift reaches the object designed, with not one single deduction.

### KEEP POULTRY HOUSE WATER FROM FREEZING

If poultrymen actually knew what it cost them to allow their hens to go without water some of the time there would be fewer fountains dry or frozen.

The proper supplying of water needs more careful attention than it is ordinarily given. A large percentage of the hen's body and a larger percentage of her product is water.

Failure to supply water regularly naturally hinders digestion and the other body processes. It also markedly decreases egg production. Water fountains dry for only a few hours are apt to cause constipation.

With water the cheapest thing to feed we cannot afford to let it affect the health of the birds or be the limiting factor in the production of the flock.

It sometimes is quite difficult to keep the hens supplied with water in the winter time. A few minutes after the fountains are filled they are apt to be covered with ice during severe weather. This can be avoided by getting drinking fountains with small heaters. The small expense involved with a heater will be more than made up in egg production of the flock and in the saving of labor.

There are in use a great many types of drinking vessels. Some of them are very good, others not so good. Drinking fountains should be easy to clean and protect the water from filth, litter and the like.

A regular fourteen quart galvanized pail or earthen ware jar set in a watering stand is inexpensive and very satisfactory. Birds have easy access to the water and there is little chance of their tipping over the dish or contaminating the water with litter or droppings. This type of water fountain is also unusually easy to clean.

Egg production of course depends upon more than just properly supplying water. The hens need a well balanced ration—one that provides the right amount and different kinds of proteins, carbohydrates, fats, minerals, and vitamins. This means a scientific combination of a variety of ingredients. It is just as important to keep a good egg mash before the hens as to have water available. The birds are unable to use either efficiently in the absence of the other.

### COUNTY-WIDE BOOK SERVICE

Better days are coming in Delaware. Residents of rural New Castle County, at least, need not wait this winter for lack of books, according to announcements recently made by Miss Nellie Morton, librarian in charge of the Mary H. A. Mather demonstration of the value of county-wide library service which is being directed by the Free Library of Wilmington. Eighteen distributing stations located in the smaller towns, have been opened since the service was offered a year and a half ago. Requests, increasing in number with each passing month, have been filled for books on such varied subjects as mental telepathy, citizenship, rug making, the teaching of reading, the teaching of geography, books in the French language, Kipling's poems, recitations and readings, books of myths, books on gardening, interior decorating, cook books, stories of the Pilgrims, lives of musicians, western stories, detective stories, Indian stories, love stories, good stories for boys and girls and picture books for little children.

Splendid as the increasing number of readers throughout the county is, perhaps the book service proves of greatest value in its relation to the schools. The teacher, fresh from her training school experience, fired with an eagerness to get on a real job and play her part in the great challenging tasks of education, who reports lack of library facilities as her greatest handicap, is familiar to all those who

are striving for a progressive program in the school room.

To date, as a result of the Mary H. A. Mather demonstration, thirty-six schools in New Castle County have received in response to the teachers' requests, supplementary collections of books. One has doubtless expressed the feeling of many when she recently declared to Miss Morton, "I don't know how I ever taught without these books." Certainly few teachers can afford to attempt a modern school program without personal access to a library.

The County plan aspires to bring to rural residents the same library service that Wilmington has enjoyed for years. A bulletin, announcing additions to the book collection, is forwarded to the local station each month. The titles, in addition to those which have stood the test of time, include many advertised in the current magazines which the stay-at-home of moderate means longs to read but knows he cannot afford to buy. Every book in circulation bears on the inside cover an attractive book plate upon which is inscribed, "A Good Book is a Good Friend—Mary H. A. Mather Collection." The permanency of the service is dependent largely upon evidences of appreciation on the part of the people.

### WHEN A SENATOR IS CHARMING

He is a certain very dignified United States Senator who has offered to amuse his two smallest grandsons, while their mother and grandmother set out to pay a call. The favorite form of entertainment is the running of an electric train on a system of tracks in the sun-room near the relics of the Christmas tree. Around and around the wondrous train has gone, now entitled the Wolverine, now the Federal Express. The Senator has been brakeman, electrician, flagman, ticket-vender, and locomotive-whistle all by turns. He is beginning to be just a trifle tired of working on the railroad, and more than a trifle stiff. Consulting his watch, he finds that it

is already long past the hour when his wife and daughter promised to come back.

A happy thought strikes him: a ray of hope for occupational change. He remembers that his wife did not take the latch-key with her, and will have to ring the doorbell when she comes home.

"What do you say," he inquires of his grandsons, "if we all go very quietly down to the library, so that Nellie won't hear us, and hide under the piano; and when Mother and Grandmother come in, we can jump out and surprise them, each of us making a loud noise?"

"Oh, yes!" rejoins the elder grandson, enchanted. "I will be a big brown bear, and Bobbie will be a little white dog, and Dragoon, you be the whistle on the Federal Express." Forthwith the three conspirators steal like footpads down the stairs. They pull the Paisley shawl off from the end of the piano just enough so that it hangs down like a curtain, and when the doorbell rings they scramble underneath and hide themselves among the pedals with beating hearts in the very nick of time.

"Now!" whispers the Senator, as footsteps come along the hall; and out they spring in unison on all fours, big bear growling, little dog barking, locomotive-whistle shrieking loud and long, all making straight for the ladies' feet. And behold, it is Mother and Grandmother at all, but two representatives from the League of Women Voters being shown to the library by the maid.

A patriarch and a Senator is some more (charming) than at the present fraction of a split second, when he is suddenly ceasing to be the locomotive-whistle on the Federal Express—Frances Lester Warner, in "The Unintentional Charm of Men."

Always

Dad (to only child)—Now that you're off to college, do you know you can stand alone?

Son—I certainly can, Dad. But much can you make it?

## Elkton and Neighboring Towns

At the meeting of the Ninth District Farmers Club at the home of Mr. and Mrs. Howard Brown, near Sylmar, County Agent Thomas H. Bartilson urged all those present to attend the next forestry demonstration. Former County Agent Radebaugh and Mrs. Radebaugh were guests of the club. The next meeting will be at the home of Mr. and Mrs. J. E. Crothers.

The Needlework Guild of America, through the Colara branch, distributed the following garments: To the Florence Crittenden Home, Baltimore, 105 garments; District Nursery of Baltimore, 100; Day Nursery, Baltimore, 100; Salvation Army, 107; St. Luke's Colored Orphanage, 100; Union Hospital, Elkton, 73; Port Deposit Hospital, 37; Local, 148; Welfare Association, 205; Strawbridge Home for Boys, 205; Reserve, 5.

In the Colara section there have been two raids within the last forty-eight hours. Mrs. Banderson lost a number of chickens, while Mrs. Weddle places her loss at forty hens. Officials are of the opinion that the thieves are working in an alliance with peddlars who sell the stolen poultry goods in the cities.

In making the sharp turn onto the bridge on the road to New Valley, Samuel Wiley and two companions of near Colara, went through the railing with their automobile, landing upside down in Basin Run. The machine was badly damaged, but the occupants escaped with a number of cuts and bruises.

## WILLIAM P. CAMERON BLOWN TO BITS BY DYNAMITE

While Carrying Six Sticks Of Explosives To Hillside For Blasting Is Killed

The middle part of his body blown to bits by the explosion of six sticks of dynamite that he was carrying under his arm, William Phillips Cameron, age 58 years, of Port Deposit, superintendent and part owner of the Cameron Quarry Company, was instantly killed Friday afternoon on the premises of the company's plant near Port Deposit.

So completely was the middle section of the man's body mangled and hurled in all directions, that only the head and shoulders, and the legs from the hips down could be assembled for eventual burial. The face, however, bore few marks.

Mr. Cameron comes of one of the oldest of Cecil county families and has been prominent in business and social life of Port Deposit and the upper section of the county for years. The company of which he was a member, recently took over the McClelland quarry property and organized it on an operating basis. Mr. Cameron was made superintendent, and with the new ownership, the business of the concern had become thrifty.

A Negro and a white man, both employees of the company, saw Mr. Cameron leave his office with the sticks of dynamite under his arm. He had taken the sticks, each ten inches in length, from the stock to carry

### Harmony Grange

Harmony Grange, with a very good attendance, met at the home of I. G. Klair. The business of the evening was very brief; the election proving to be merely a reelection of the officers of the past year. A large wedding cake was presented by Mr. and Mrs. Leonard Eastburn, in honor of their twenty-fifth anniversary, and accepted by Worthy Master Paul Mitchell for the grange.

The announcement of the Christmas party, on December 28, to be held at the home of Mr. and Mrs. Harry Harrington, was made. This will take the form of a measuring party, each paying admission according to height. Every one was requested to come dressed as a school child. Announcement was also made of the meeting of Pomona, as the guest of Hockessin Grange, on Thursday.

The program of the evening consisted of a banjo solo, by Raymond Wivel; a recitation, "Making Things Fit to be Et," by Amy Hicks; current events, by Mrs. L. H. Pennington, and a dialogue, "Uncle Jimmie's Thanksgiving," given by six members of the grange. The wedding cake, crullers and apples were served by the Hospitality Committee.

Harmony Grange will meet next Monday night at the home of Mr. and Mrs. Walker Pennington.

Miss Lillian Frazier spent Thanksgiving holidays at her home in Felton.

Miss Helen Pennington has returned to Morrisville, after spending the holidays at her home here.

Mr. George Delator and Miss Reba Delator, of Westfield, N. J., spent the week-end at the Pennington home.

Quite a number of ladies of the community attended the Missionary conference held at Greenhill Presbyterian Church, Tuesday afternoon.

The Young People's Society of the White Clay Creek Church met at the home of Miss Sara Pennington, last evening.

Bancroft Beach and Miss Carolyn Beach were week-end guests of their sister, Mrs. J. Shermer Garrison, of Baltimore.

A play, by St. John's Episcopal Dramatic Club of Wilmington, entitled, "The House of a Thousand Thrills," will be given in the Odd Fellows' Hall, in Hockessin, Saturday evening, December 8, for the benefit of the North Star Community Club. The Hockessin band will play between acts.

## Marshallton

Plans are being made for a pageant, to be given by members of St. Barnabas' Church School during the Christmas season. The cast of the pageant includes about forty persons.

Miss Roberta Foard was the guest of Miss Elizabeth Anderson, in Laurel, over the week-end. Miss Anderson entertained at a bridge supper on Saturday evening.

Revival services are being held in the Marshallton M. E. Church, of which the Rev. Tilghman Smith is pastor.

Henry Smith and James Caulk spent the Thanksgiving holidays in St. Michaels, Md.

Following a meeting of the Brotherhood of St. Andrew in St. Barnabas' Church on Wednesday evening, a choir will be organized under the direction of Herman Neef, organist.

A corporate communion of the Brotherhood was held in the church on Sunday morning.

Mrs. Leon Clark and children, Mildred and Leon, Jr., left Sunday for Chesnee, South Carolina, where they expect to spend several months.

The Mill Creek Fire Company will hold a card party in the fire house this evening. Prizes will be awarded and refreshments will be served.

A roast pork supper will be held in the social hall on Saturday evening. Proceeds will be for the benefit of the M. E. Church.

## Christiana

In the absence of the pastor, Rev. Preston W. Spence, Jr., services at the Methodist Church on Sunday were in charge of Mr. R. Earle Dickey, of this place; he was assisted by Rev. Clarence M. Prouse, of Chalfont.

The Social of the Salem M. E. Church will meet on Wednesday evening of this week, at the home of Mr. and Mrs. David McMullin.

The schools resumed on Monday morning, following the Thanksgiving recess. On Wednesday afternoon, last

week, the two rooms presented a joint program, consisting of songs by the school, recitations by Elizabeth Lee and Alden Smith, of the lower room, the remaining pupils of that room giving a playlet entitled, "The Doll Shop." The older pupils presented a play called "The First Thanksgiving," with these pupils in the various parts: Mollie Cleaves, Elsie Ware, Eleanor Delcollo, Evelyn Jarrell, Sylvia Phelps, Bayard Bush, William Broomall, Frank Thorp and Edward Coverdale.

Mrs. Mary C. Kennard, teacher of grades one to four, reports a large number of perfect attendance pupils for November as follows: Richard Bush, Warren Eastburn, Stefan Gawczywska, Billy Kennard, James Moore, Benjamin Cleaves, Alden Smith, Walton Mason, Elsie Perkins, Doris Turner, Margaret Takach, Mary Novak, Elizabeth Lee, Mildred Hanna, Audrey See, Helen Gawczywska, May Emma Bush, Anna May David and Mary Butler.

Mrs. Ethel M. Hill, in charge of grades five to eight, also has the following list of pupils who made a perfect attendance record for the past month: Fred Bush, George Cleaver, Edward Coverdale, John Currinder, Edward Denn, Joseph Moore, Ray Turner, William Broomall, Joseph Delcollo, Bayard Bush, Frank Thorp, Elsie Wier, Mollie Cleaves, Vivian See, Evelyn Jarrell, Madeline Dunane, Sylvia Phelps, Idela Novak, Eleanor Howell, and Eleanor Delcollo.

A Bingo Party will be given in the school-house, Thursday evening, December 6th, for the benefit of the school. Dancing will follow the Bingo playing. Prizes are to be given.

The Levy Court, at its meeting last week, accepted the invitation to be present at the "housing" of the Christiana Fire Co.'s new engine, on Saturday, December 15.

The Christiana Improvement Association held its regular monthly business and social meeting on Tuesday evening, December 4th.

The Girl Reserves have mailed a "good-will" school-bag to Mexico, as part of the nation-wide program for promoting peace and friendship between the two countries. The girls purchased numerous and sundry articles, both useful and entertaining to an average American school-boy, in the hope that his young neighbor across the border might be equally well pleased. These articles, together with a friendly letter, were enclosed with the bag, and the package sent on its way.

It has lately been discovered that more than one thief has been going on at Smalley's Dam near here. Several of the cabins were broken into and articles of more or less value stolen. Detectives are working on the case and have traced the thieves as far as Newport by the finding of various small articles which were dropped along the road. It seems impossible to make these summer cabins thief-proof, for every year they are entered and ransacked, after being closed for the winter.

Mrs. James Appleby entertained a large family party at dinner on Thanksgiving Day. Her guests were: Mr. and Mrs. Clayton Appleby and daughter, Kathryn, Mr. and Mrs. Douglas Appleby, of Middletown; Mr. and Mrs. Wilson Price and son, Billy, of Glasgow; Mr. and Mrs. Stille C. Chew, Mr. and Mrs. Joseph Le Otto and daughter, Janice, Miss Annie Clayton, of Mantua, N. J.; Rev. and Mrs. C. M. Prouse and daughters, Eunice and Doris, of Chalfont, Pa.; Mr. and Mrs. H. Vernon Lynam and

children, Paul and Lelia, Mr. and Mrs. Gregg Lynam, of Stanton; Mrs. Sarah Appleby and Mrs. Margaret Caput. The Prouse family remained here as Mrs. Appleby's guests for the week-end, and all were dinner-guests on Sunday of Mr. and Mrs. H. Vernon Lynam, at their home in Stanton.

Four generations were present at the dinner which Mr. and Mrs. Chas. E. Barrett gave on Thanksgiving Day, at their home in Christiana. They were Mrs. Susanna Currinder, Mrs. Charles E. Barrett, Mr. Charles Barrett and Miss Ann Barrett. The guests at the dinner were: Mr. and Mrs. Charles E. Barrett, Mr. and Mrs. Barrett and daughters, Ann, Jessie and Evelyn, of Wilmington; Mrs. Susanna Currinder, Mrs. Ida Tomlin and Mr. Harry Marshall.

## Senator du Pont's Resignation

The people of Delaware learned with regret, today, that ill health had caused one of Delaware's most able citizens to withdraw from public service. Senator du Pont gave up his seat in the Senate only after the most courageous fight to regain his health, and at the same time to discharge effectively his duty to the people of the State and the Nation. It is evident that Senator du Pont tendered his resignation because he felt that he would be unable to give the time he felt essential to his Senatorial duties, and not through any effort to spare himself. A less rugged and unselfish spirit long since would have retired rather than have submitted to the extreme physical punishment that Senator du Pont has undergone, during the past year, in carrying on his work.

## The Book

An English periodical has received a communication from a reader in which he sets forth that after many months of industrious study of the Bible he has discovered that it contains 3,566,480 letters, 810,697 words, 31,175 verses; that the name of God occurs 46,627 times; that the twenty-first verse of the seventh chapter of Ezra contains all the letters of the alphabet, and presents much other curious information concerning the Scriptures.

These facts are of little importance in themselves, but are interesting as a revelation of the strong hold the Bible has on the affections of the people. Counting the letters in the book was manifestly a labor of love on the part of the compiler. It is impossible to conceive of any other volume of like size exercising so powerful a fascination that anyone would want to count the letters.

And it should be borne in mind in considering the subject that while nobody, perhaps, ever made a compilation of this sort before, thousands have studied the Bible just as painstakingly in other ways. There are well-authenticated cases of men who have committed the whole of the New Testament to memory. John Muir, the naturalist, not only learned the New Testament by heart, but the greater part of the Old in addition.

It is no wonder that a book which is so greatly loved should continue, thousands of years after it was first written, to be the best seller.—The Longview Daily News.

## Sale of Christmas Seals

With the approach of Christmas attention is again called to the sale of Christmas seals. This phase of our life has an interesting history. It should not be forgotten.

The seal campaign, to aid in the struggle against tuberculosis, was started here in Delaware twenty-one years ago by Emily P. Bissell. A local movement was in mind. But the idea was attractive. It spread throughout the nation and then throughout the world. It is so easy and fine a way to aid a noble cause.

For some years the sale of these seals was conducted by the Red Cross. It became so large that it was separated and the sale of seals is now under the auspices of the National Tuberculosis Society.

It is hoped to make the campaign this year memorable. It is desired to have a larger sale than ever so that tuberculosis may be wiped out in Delaware, or nearly so. There has been a great improvement. It certainly is a worthy cause that should command some help from all. Years ago, but not so long ago as that, tuberculosis was looked upon as hopeless. But the attention of the public was thoroughly aroused, the fight against the disease was stirring and there have been beneficial and definite results.

Let us hope now that a vigorous organization has started against cancer, the same success that has been notable in this sale of seals will mark the campaign against the other scourge now even greater than the toll taken by tuberculosis.

The money used from the sale of these seals goes to aid the children of the poor who receive treatment and care at the Sunnybrook Cottage Preventorium, to carry on the Modern Health Crusade in the public, private and parochial schools of Delaware and to conduct various clinics and educational work among industries.

## CHRISTMAS PROGRAMS FOR THE M. E. CHURCH

The Sunday School of the M. E. Church will hold its Christmas parties on Friday, December 21, at the Church.

The first party will be for the little folks, including the primary department, beginners, nursery and cradle roll, beginning at about 2.30 p. m. Games, program, and treat will be provided to help the little folks enjoy themselves and get an idea of the meaning of this great church holiday.

The party for the juniors and older departments will be held in the evening of the 21st, beginning at about 7.30, and a suitable program is being prepared.

First thought will be given to the White Christmas idea which has been carried out for a number of years. Gifts received from the classes will be applied as they see fit, with suggestions of building fund, local relief, Methodist Hospital, Babies Hospital, Riverview Home, Strawbridge Home for Boys, World Service, etc. Funds will be received as the first part of the program of both parties.

The committees in charge are as follows: Children's program: Mrs. G. M. Phipps, Mrs. John Moore, Mrs. E. V. Rhodes, Mrs. G. F. Gray, Mrs. H. E. Barker, Mrs. Wallace George, Miss Evelyn Worrall.

Evening program: Rev. D. W. Jacobs, E. F. Dawson, G. M. Phipps, H. P. Williams, E. B. Crooks. Decorations: W. F. Lindell, Mrs. John Moore, Mrs. J. L. Cage, Henry F. Mote.

Ice cream: E. V. Armstrong, W. R. Powell, G. M. Phipps.

Evening refreshments: Mrs. Oscar Elliott, Mrs. Wm. Wilson, Miss Emma Willis, Mrs. Leonard Lewis.

## REVISED BRIDGE RULES

1. Pick up your cards as dealt. You will be ready ahead of the others.
2. If your hand is rotten, mention it. It will guide your partner in his bid and play.
3. If your partner bids first don't hesitate to raise. He has to play it.
4. Never hurry. Try several cards on a trick until you are sure which one you prefer.
5. Occasionally ask what is trump. It will show you are interested in the game.
6. Don't show lack of interest when you are dummy. Help your partner out with suggestions.
7. Walk around the table when you are dummy and look at the other hands. Tell them what cards are good and how many tricks they can take if they play right.
8. Talk about other subjects during the game. It makes for good fellowship.
9. Feel free to criticize your partner. He will do much better as a result.
10. Always trump your partner's tricks. Never take a chance.
11. Don't try to remember the rules. It is too confusing.
12. If it is a money game always stop when you are ahead. It will leave a lasting impression and folks will remember you.
13. Always explain your plays, particularly when set. It shows your card knowledge.

14. Disagree with established rules and conventions. People will know you are a person of independent mind.

15. If you hold poor cards, expose an honor, and demand a new deal.

16. Eat chocolate caramels or other adhesive candy while playing. It keeps the cards from skidding.

### Christian Science Churches

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism Denounced," was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, December 2.

Golden text: "Can any hide himself in secret places that I shall not see him? saith the Lord. Do not I fill heaven and earth? saith the Lord." (Jeremiah 23:24).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Thou wilt keep him in perfect peace, whose mind is stayed on thee: because he trusteth in thee." (Isaiah 26:3).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scripture," by Mary Baker Eddy: "Christian Science goes to the bottom of mental action, and reveals the theodicy which indicates the rightness of all divine action, as the emanation of divine Mind, and the consequent wrongness of the opposite so-called action,—evil, occultism, necromancy, mesmerism, animal magnetism, hypnotism."

### THE POSSUM SUPPER

Hot dogs had been a barker, Run a possum up a tree And the Ladies of Golden Eagles Got him ready for you and me.

Baked him in an oven Till he was good and brown, And now none of that possum Never can be found.

He was put on the table By a very happy bride, And if I am not mistaken Daddy Crow, et the hide.

Oh, that potato salad You will see no more, For what was left was eaten By our good old Brother Orr.

Gee, those ham sandwiches Were piled up high, And Vaughn just ate Till I thought he would die.

Even the Lemons— Oh, wasn't it queer? Would whisper and call Each other "Dear."

And the dishes, too, Were up to date, Did you take notice To those Greenplates?

When the supper was over, Oh, gee, it was late, But we had a good time; That's no mistake.

H. P. of Ivy Castle, K. G. E.

LESS CYLINDER WEAR WITH  
"STANDARD" MOTOR OIL

The motor of a well-known six sedan, after being driven 26,760 miles with "Standard" Motor Oil as the only lubricant, was dismantled and cylinders carefully measured for wear with precision instruments. The average wear of each of the six cylinders was a fraction under 2 ten-thousandths of an inch.

When other oils are used the cylinder wear of the average well-cared-for car is over 30 ten-thousandths of an inch in 20,000 miles. Several times as great as in the sedan in which "Standard" Motor Oil was used.

The practical advantage to you of the greater oiliness of "Standard" Motor Oil is easily apparent. Less wear means a better, smoother running motor, fewer repair bills and greater satisfaction with your car. Yet "Standard" Motor Oil costs only a quarter a quart.

How much do you spend for gasoline? How much for tires? When did your battery last have water? The "Standard" Motor Record will tell you. Ask your "Standard" Service Station or dealer for a free copy.

**"STANDARD"

"Standard" Greases, Transmission Oil and Gear Compound are made with the same care as "Standard" motor fuels and motor oils.

Mr. Harry Murray was a Saturday visitor at the home of his father, Mr. William Murray.

Mr. and Mrs. Winifred Frazier from near Elkton, were Friday visitors with Mr. and Mrs. William Dickinson.

Oscar Elliott of Newark was a Sunday visitor with his sister, Mrs. Katherine Kane.

Mrs. Eliza Bender entertained on Thanksgiving Day Mr. and Mrs. William Naylor and son Jack of Townsend, Del., and Mr. William Bender of Chesapeake City, Md.

The Pleasant Summit W. C. T. U. monthly meeting will be held at the home of Mrs. Arthur Evans, Tuesday afternoon, December 11, at 2 o'clock. This is the Christmas exchange meeting. All members are requested to be present.

Mr. and Mrs. William Schork were guests of her parents, Mr. and Mrs. Frank Gallaher of Salem, N. J., Thanksgiving Day.

Miss Anna Davidson has purchased a house in Odessa, and moved there Saturday, December 1.

Mr. and Mrs. Frank Scott and mother, Mrs. Elliott of Wilmington, were Sunday visitors with Mr. and Mrs. Mitchell Golt.

Mr. and Mrs. Millard Golt, son and daughter, spent Sunday with Mr. and Mrs. Walter Crompton, of St. Georges.

Mr. and Mrs. Harvey Williams celebrated their twenty-fifth wedding anniversary at their home near Mt. Pleasant last Saturday evening. Mr. and Mrs. Williams received many lovely gifts. Those present were, Mr. and Mrs. Harvey Williams, Mr. and Mrs. Stanley Johnson, Mr. and Mrs. Samuel Collins, Mr. and Mrs. William Geary, Mr. Clarence Cannon, Mrs. Emma Williams, Mrs. Laura Knotts, Miss Frances Tribett, Mr. and Mrs. Walter Tonge, Mr. Harvey Tonge, Mr. William Seward, Mr. Earle Lindell, Jr., Mr. Harry Williams and Mr. Bennett Williams.

Fire of unknown origin destroyed the stable and sheds on the farm owned by Mrs. Julian Foard, located on the Choptank road, at 2.45 o'clock Tuesday morning, and burned eleven head of horses, mules and colts, three calves, and a large number of farming implements, the property of Mr. David Clark, who resided on the farm. The fire was first discovered by a man from Philadelphia who was passing the farm in an automobile, and he immediately notified Mr. Clark, who summoned the Middletown and Odessa Fire Companies. The firemen responded promptly, but the flames had made too much headway to save the burning buildings, and they directed their efforts to saving the cow stable and other buildings. Unfortunately for Mr. Clark, his property was not insured and his loss will exceed \$2,000, while the loss to the landlady, which was partially covered by insurance, will be equally as heavy.

The pupils of Professor Charles T. Edwards held their first fall recital at the home of Mrs. Katherine Kane, Friday evening. The numbers played were: piano solo, "Peri Waltz," Miss Gladys Golt; piano duet, "Beautiful Star of Heaven," Miss Anna Golt and Miss Kathryn Kane; piano solo, "Sack Waltz," Miss Dorothy Golt; piano solo, "Edelweiss Glide Waltz," Miss Anna Golt; piano duet, "By the Fire Side," Misses Gladys and Dorothy Golt; piano solo, "Melody of Love," Miss Kathryn Kane. Those present beside the pupils were, Mrs. Isaac Roberts, Mr. and Mrs. Millard Golt,

son Paul and daughters Eleanor and Helen, Mr. and Mrs. Mitchell Golt, Miss Leah Elliott of Newark, Mr. Noble Golt of St. Georges, Mr. W. Thomas Golt, Mrs. William Naylor and son Jack of Townsend, Mrs. Eliza Bender, Mr. and Mrs. Charles W. Kane and daughters Nancy and Marjorie, Medford Golt, Miss Edith Golt and Florence Calhoun. The hostess served refreshments.

Mr. and Mrs. Millard Golt and Mr. and Mrs. Mitchell Golt were Wilmington shoppers Monday.

Rev. Orin B. Rice of St. Georges made many calls in and near the village Monday.

Revival service started in Summit Bridge M. E. Church Sunday evening and will run for ten days. Rev. Mr. Heath of Hillcrest Church will be the speaker. On Thursday night of the week Mr. and Mrs. Wilson, of Wilmington will help with their singing. Everyone welcome.

Mrs. Isaac Roberts was a Wilmington shopper Saturday.

## P.-T. A. News

## Millford Cross Roads

The November meeting of the Millford Crossroads P.-T. A. was held on Wednesday evening, November 21.

"The Modern School," the November topic, was presented by Mrs. Glicker who, after giving the state program material, expressed her views on the modern school from an onlooker's point of view. Mrs. Herman Stradley explained what is being done to make the rural schools modern in spirit.

The pupils and grown-ups shared honors in presenting the evening's entertainment of music, readings and recitations.

The Christmas program and party will be Wednesday, December 19.

Elsie W. Stradley,  
Publicity Chairman.

## Newport

The November meeting of the P.-T. A. of H. J. Krebs School at Newport, was held at the school Tuesday evening, November 20.

Members of the association read and discussed the November theme, "The School of Today," and the "Safety Council Report."

The association voted to purchase music for the school orchestra, a cover for the flag and a bread cutter for the school cafeteria.

Twenty-three new members have been enrolled since the October meeting.

The fifth grade presented a reading demonstration and the teacher explained the county objectives.

Belle M. Chambers,  
Publicity Chairman.

## Union

Thirty-seven members and friends attended the November meeting of Union P.-T. A., held Wednesday evening, November 21.

During the regular form of business a collection of three dollars and five cents which, added to three dollars and ninety-five cents previously collected, paid for window shades which were ordered for the school.

After a discussion on the objectives of reading, the teacher, Miss Connell, gave a reading demonstration.

Mr. Buckingham, a Civil War veteran, gave an interesting talk on the past history of the school.

Lillian M. Connell,  
Publicity Chairman.

## Pleasant Valley

The November meeting of Pleasant Valley Community Club met at the school November 21.

The program for November, "The Modern School," was very effectively used. A very interesting discussion followed the reading demonstration.

So that good books may circulate through the community the school-house will be open each month for one and one-quarter hours, two evenings.

Pleasant Valley Community Club will meet the last Wednesday of each month.

Della W. Cashell,  
Publicity Chairman.

## Augustine

The November meeting of Augustine P.-T. A. was held Thursday evening, November 22, at which time the association decided to replace the flag which was recently blown down.

The school has received a certificate from the American Red Cross for ten years' membership. The association will have the certificate framed.

Mrs. Isaac R. Thompson,  
Publicity Chairman.

## FOR THE HOUSEWIFE

### Dishes for Children

Food of the right kind, taken in proper quantities and combinations, will do more for the health of children than almost anything else.

Milk, it is generally conceded, is the most beneficial food for the normal child, and it is desirable to give it in various ways besides in the raw state—especially if the child takes it with reluctance. Cream vegetable soups offer a very attractive medium for introducing milk into daily menus. With all the varieties possible—pea, bean, asparagus, celery, carrot, spinach and so on—it may be served frequently without becoming tiresome.

Children almost invariably have a natural appetite for sweets. This fact should be considered and used, but not abused.

In the following recipes foods that are good for children are presented in forms that are attractive to them, as well as to grown-ups.

#### Cream of Chicken Soup

1/2 cup powdered bread crumbs, 1/2 cup milk, 2 cups chicken broth, 1/2 teaspoon salt, 1/4 cup cream, 2 hard-boiled egg yolks.

Soak the crumbs in the milk until soft, then heat in a double boiler. To this add the hot broth. Stir in the salt. Add the cream. Reheat and then stir in the grated egg yolks. Recipe makes 3 servings.

#### Scotch Broth

1 pound neck of mutton with the bones, 1 medium-sized carrot, 1/2 small turnip, 1/2 small onion, 2 stalks celery, 1 tablespoon minced parsley, 5 cups water, 1/2 cup barley, 1 tablespoon butter, 1 tablespoon flour, 1/2 teaspoon salt.

Cut the meat from the bones and remove the fat. Cut meat into small pieces and chop the vegetables fine. Put all into kettle and cover with three cups of hot water. In another kettle cover the bones with water (two cups). Allow to simmer about one and one-half hours. Add the barley to the first mixture when it begins to simmer. Strain the liquid from the bones into the soup. Thicken with the flour, which has been blended with the butter. Season with salt. Recipe makes 6 servings.

#### Potato Soup with Spinach

1 medium-sized potato, 1/2 cup cooked spinach, 1 tablespoon butter, 1/2 cups milk, 1/4 teaspoon salt, 1/4 cup cream.

Boil the potato until soft. Add the spinach and put through a vegetable ricer or sieve, adding the potato water—there should be about one-half cup. Heat the milk in a double boiler. Stir the butter into the vegetable mixture and add to the milk. Add the salt and cream. Reheat and serve. Recipe makes 3 servings.

#### Milk Vegetable Soup

1 tablespoon butter, 1 tablespoon flour, 1 cup milk, 1/4 teaspoon salt (or less), 1/4 cup vegetable purée.

Melt the butter, add the flour, and blend thoroughly. Add the milk gradually and cook until thickened, stirring constantly. Add salt and vegetable purée. Recipe makes 2 servings.

#### Cranberry Tapioca

1/2 cup any quick cooking tapioca, 2 cups boiling water, 3 cups cranberries, 1 cup water, 1/4 cup sugar, 1 tablespoon lemon juice, 1/4 cup brown sugar, 1 tablespoon butter.

Cook the tapioca and boiling water in double boiler until transparent. Make a sauce of the cranberries, water and sugar. Add the lemon juice to this. Butter a baking dish and make alternate layers of the sauce and cooked tapioca. Sprinkle the top with the brown sugar and dot with bits of butter. Bake in a moderate oven. Serve hot or cold with milk or cream.

Time in oven, 1/2 hour. Temperature, 350 degrees. Recipe makes 8 servings.

#### Grape Juice Sponge

1 1/2 tablespoons gelatine, 2 tablespoons cold water, 1 1/2 cups grape juice, 1/2 cup boiling water, 1 tablespoon lemon juice, 3 tablespoons sugar, 1/2 cup whipped cream.

Soak the gelatine in the cold water. Then stir in the lemon juice and sugar. Reheat, and when the sugar is dissolved, add the soaked gelatine. Remove to a cool place and when it begins to thicken stir in the whipped cream. Pour into a mold. When firm serve plain or with cream. Recipe makes 6 servings.

#### Molasses Gingerbread

1/2 cup shortening, 1/2 cup sugar, 1 egg, 2 cups flour, 1/2 teaspoon salt, 1 teaspoon soda, 1 teaspoon ginger, 2 teaspoons cinnamon, 1/2 cup sour milk, 1/2 cup molasses.

Cream the shortening and sugar together. Add the egg; beat well. Mix and sift the dry ingredients, add them to the creamed mixture, alternately with the sour milk and molasses. Bake in a moderately hot oven.

Time in cooking (35 minutes). Temperature, 370 degrees. Recipe makes one loaf 6 by 6.

#### Molasses Maids

1/2 cup molasses, 1/4 cup brown sugar, 1/4 cup shortening, 1 egg, 3 cups

flour, 1/2 teaspoon salt, 1 teaspoon ginger, 1 teaspoon cinnamon, 3 teaspoons baking powder.

Mix molasses, sugar and melted shortening. Add the egg and beat well. Add dry ingredients which have been sifted together. Chill the dough. Roll out and cut into shapes using a tin mold, a paper pattern and a sharp knife. Bake on a cookie sheet in a moderately hot oven. Features, buttons and trimmings can be made with cloves, currants, raisins, and rice. Colored dresses may be put on by means of frosting tinted the desired shade.

Temperature, 375 degrees.

For the Molasses Men use the recipe for Molasses Maids but cut by a man-size pattern. Courageous cowboys are evolved by a wide hat.

#### Sour Cream Molasses Cookies

1/2 cup shortening, 1/2 cup brown sugar, 1 egg, 1/4 cup molasses, 1/4 cup sour cream, 3/4 cup flour, 1 teaspoon salt, 1 teaspoon soda, 1 teaspoon ginger, 2 teaspoons cinnamon, 1/2 teaspoon cloves, 1/2 teaspoon nutmeg, 1 cup raisins.

Cream the shortening and sugar together. Add egg and beat well. Add molasses and sour cream, then the dry ingredients, which have been sifted together, and the raisins. Drop by spoonfuls on to a greased cookie sheet. Bake in a moderately hot oven. Time in cooking, 15 minutes. Temperature, 375 degrees.

Recipe makes 3 dozen large cookies.

### Oyster Dishes

#### Oysters in Sauce Maryland

One pint oysters; 1/4 cup butter or margarine; 1/4 cup flour; 1/2 teaspoon salt; Cayenne; Anchovy essence; 1/2 cup thin cream or top milk.

Cook the oysters without added liquor until they curl. Strain out and reserve liquor that has formed. Stir butter in a sauce pan until it browns, add flour and stir constantly until it is well blended and brown. Add salt, a dash of cayenne, and, if liked, a little anchovy essence. Then add, stirring, the oyster liquid and about one-half cup of thin cream or top milk (enough to make the consistency of cream sauce). Add the oysters and serve on rounds of toast, or in patty shells or timbale cases. This can be combined in the chafing-dish. Recipe makes 6 servings.

#### Vol-au-vent of Oysters and Sweetbreads

Prepare sweetbreads by washing

thoroughly, boiling for about twenty minutes in salted water to which a tablespoon of lemon juice has been added, plunging into cold water a moment and discarding every bit of membrane. Break into small pieces and combine with an equal amount of oysters which have been allowed to come to a boil without added liquor and drained. Moisten liberally with thick, hot, rich cream sauce to which has been added flecks of pimiento; make very hot and fill a hot pastry shell with mixture. Serve at once.

#### Quick Oyster Pie

Butter a glass baking dish and line with thin slices of buttered bread. Cover the bread with oysters, using a

point or more and add a layer of thinly sliced, hard cooked eggs. Sprinkle with salt and pepper, add a small pinch of mace, liberal dots of butter or margarine, and a layer of bread crumbs. Moisten slightly by pouring over all about one-half cup hot milk or cream. Cover with more of the thinly sliced buttered bread, and set in a hot oven. Cover for fifteen minutes, remove cover, and cook until top is brown and oysters curled. Time in cooking, 30 minutes. Temperature, 425 degrees.

#### Celery and Oyster Escallop

One pint celery, 1 pint oysters, crumbs, salt, pepper, mace, butter or margarine, 1/2 cup hot milk or cream. Cut white tender celery in half-inch pieces and cook until tender. Butter thickly a glass baking dish, cover the bottom with crumbs, add a layer of celery and then one of oysters, sprinkle the latter with salt, pepper, and a dash of mace, and dot liberally with butter. Repeat until the dish is full, having the crumbs and butter as a top layer. Dip tiny oyster crackers in milk, let them swell a minute, and with them make a wreath around the edge and a smaller one in the middle. Add hot milk or cream. Bake in a hot oven until a golden brown. Time in cooking, 30 minutes. Temperature, 400 degrees. Recipe makes eight servings.

#### Peppers with Deviled Cheese Stuffing

1 cup rice, 8 medium-sized green peppers, 1 (5 1/2 ounce) tin of deviled ham, 1/2 pound American cheese, 3 cups milk, 3 tablespoons butter or margarine, 5 tablespoons flour, salt and pepper, 1/4 teaspoon celery salt.

Cook the rice in salted boiling water until tender. Remove stems and seeds from peppers, split lengthwise and parboil for five minutes. Add the deviled ham and one cup of the grated cheese to the rice. Make a white sauce of the milk, butter and flour, and add one cup of this to rice mixture. Season with salt, pepper and celery salt. Fill the halves of the peppers and sprinkle with crumbs or grated cheese. Bake in a moderately hot oven. Add the rest of the cheese to the white sauce, stir until cheese is melted, season well and serve with the peppers.

Time in cooking, 30 minutes. Temperature, 375 degrees. Recipe makes 8 servings.

#### Spaghetti Ring with Stuffed Eggs

1 pint of canned tomatoes, 1 bay leaf, 3 whole cloves, 2 teaspoons sugar, 1 teaspoon salt, 1/2 package (4 1/2 ounces) spaghetti, 1/2 cup grated cheese, 5 stuffed eggs.

Put the tomatoes, bay leaf, cloves, sugar, salt and pepper in a sauce pan and simmer for three-quarters of an hour. Boil the spaghetti in salted water until almost tender, drain well and add to the tomato sauce. Let cook slowly for ten minutes. Add cheese. Arrange the eggs in the center of a serving dish and make a ring of spaghetti around them. Recipe makes 5 servings.

#### Pimiento Cheese Biscuits

Roll baking powder biscuit dough to about one-half inch in thickness. Sprinkle thickly with grated pimiento cheese. Roll up like a jelly roll, and cut off in slices about an inch thick. Place in greased pan and bake in hot oven. These are nice to serve with a vegetable salad or for tea. Tomato Salad—English Cheese Toast Peel and chill some tomatoes, cut in quarters and marinate with French dressing. Arrange four sections on

lettuce leaf, allowing room enough between the sections for the pieces of cheese toast. Rub English cheese through a sieve and moisten with small amount of cream. Spread this on slices of bread and cut in one-inch strips. Toast under the broiler until delicately browned and arrange on the salad.

#### Chipped Beef and Eggs in Cheese Sauce

3 cups milk, 3 tablespoons butter or margarine, 5 tablespoons flour, 2 teaspoons grated onion, 1 cup grated cheese, 1/4 pound dried beef, 6 hard-boiled eggs, salt and pepper.

Make a white sauce of the milk, butter and flour; add the onion and cheese. Stir until the cheese is melted. Add the dried beef shredded, and the hard-boiled eggs cut in quarters. Add pepper, and salt if needed. Serve in patty shells or on toast. Recipe makes 6 servings.

#### Bacon Rarebit

1 cup diced bacon, 2 1/2 cups milk, 3 tablespoons flour, 3 tablespoons bacon fat, 1/4 pound grated cheese, 1 teaspoon dry mustard, salt and pep-

per, 1/4 teaspoon paprika, toast or crackers.

Cook the diced bacon until crisp. Make a white sauce of the milk, flour and bacon fat. Add the grated cheese and mustard, and stir until the cheese is melted and the sauce is smooth. Add paprika, pepper and salt to taste. Serve on toast and sprinkle the crisp bacon over each serving. Recipe makes 6 servings.

#### Red Cabbage, Stewed

1/2 onion, 2 tablespoons fat, 1 medium head red cabbage, 1/4 cup vinegar, 1 cup water, 1 tablespoon brown sugar, salt, pepper, dash cinnamon.

Slice the onion and brown it in the fat. Add the cabbage, brown sugar, salt, pepper and cinnamon. Cook slowly until tender. Recipe makes 12 servings.

#### Cabbage with Cream, Norwegian Style

Shave cabbage fine. Place in the top of a double boiler and add salt, pepper and enough sour cream to moisten well. Cook until the cabbage shrinks down. Serve hot. Time in cooking, 30 minutes.

## DELAWARE EGG RECORD HIGHER

Egg Club Averages Exceed  
Last Year; Notes On  
Feeding

Egg production in the state during October was 5.9 eggs per pullet, 3.9 eggs for hens and 5.0 eggs for mixed flocks. These are slightly higher than the averages for October, 1927. This data is taken from the monthly report of the Delaware Farm Egg Record Club which has been sent recently from the office of County Agent Ed Willim, Jr.

One hundred and fifteen farms reported for the month with 30,941 laying hens involved in the records reported. The monthly summary prepared by Mr. H. S. Palmer, Poultry Specialist, contains the following information.

### Keeping Egg Records

The record for the new calendar started November 1, 1928. Hens and pullets should be kept separate and the eggs recorded on the calendar separately if possible. If it is not practical to separate the hens and pullets, the eggs may be recorded all together and the flock called a mixed flock. All layers hatched during the year 1928 will be called pullets until November 1, 1929, and all older layers are called hens. The layers should be counted the first day of each month and the numbers recorded on the calendar page for that month under monthly averages and on the card that is to be torn out and sent to Newark at the end of the month. All hens and pullets on hand at the beginning of each month should be counted in the record if they are being kept for layers. No matter whether the record is high or low, it should be sent in. This is not a contest. It is a study of production records, and unless both low and high records are sent in, the summary will not be as valuable as it should.

Calendar keepers are urged to keep a careful daily record of all layers that die and are sold. The number of layers on hand at the end of each month, when added to the number recorded as died and sold, should be equal to the number that was on hand at the beginning of that month.

The record cards for each month should be carefully filled out and mailed not later than the fifth day of the following month.

### Feeding

A regular schedule and a regular ration should be followed for feeding the layers. The dry mash should be renewed at a definite time each day. Certain times of the day should be renewed at a definite time each day. Certain times of the day should be decided upon for feeding grain, moist mash, and sprouted oats, and the times at which these feeds are given should not vary five minutes from one day to another.

As long as the birds are healthy and eating heartily, this schedule will produce good results. Should the birds take pox, roup, or colds, or go off feed, something extra should be done. Instead of feeding grain once or twice a day in large quantities, it should be fed five or six times a day in very small quantities. If they like wheat better than corn, they should get more wheat, or visa versa. If they will not clean up the usual amount of moist mash, the quantity should be reduced and chopped onions, lettuce, cabbage, beets, or table scraps put in it to make it more appetizing.

While the birds are out of condition, the feeds given should be governed by their appetites. When they regain their health and appetites, the regular feeds and schedule of feeding may be resumed. Even with layers in the prime of conditions it pays to cater to their appetites, as no two flocks are likely to have the same tastes. One flock will prefer one kind of grain or mash and another flock will prefer something else. As long as a complete ration can be fed, it pays to give them what they prefer, when they prefer it. Bulletin No. 14 on "Feeding for Egg Production," prepared by Mr. Tomhave and Mr. Mumford at the University of Delaware, will be sent free upon request to your County Agent or Poultry Specialist.

1. Dry Mash should be kept before the birds constantly in hoppers or troughs that can be and are kept clean and free from litter, dirt, or filth. Hard grains may be fed in similar hoppers or troughs. The amount will vary with the breed, the rate of production, the weather, and possibly other factors; but there is a growing tendency among poultrymen to feed grain more liberally.

2. Whole Corn is recommended because there are certain vitamin losses in cracking, and furthermore the feeder is better able to check up on quality. This pre-supposes that pullets have been taught to eat whole corn on the range before being placed in the laying house.

3. Cod Liver Oil is a valuable supplement that should be added to the ration during the winter months at the rate of not more than 1 pint per 100 lbs. of food, or nearly 1 quart per 100 hens per week. It should be fed the year around to hens kept in confinement.

4. Suggestions for those who wish to feed supplements in the following manner: To each 100 hens feed Gorminated Oats daily (2 to 3 lbs. dry weight) mixed with 1 pound of semi-solid buttermilk (or its equivalent in

powdered or fluid milk) and one-quarter pint of Cod Liver Oil. Or, in lieu of milk, substitute 4 pounds of mash for mixing with the oats and oil.

5. Well cured and preserved alfalfa or clover hay may be fed to advantage, the leaves, only, being the valuable portion for poultry.

6. The Conference strongly advocates the use of good, clean, wholesome poultry feeds.

### JERSEY BREEDERS WILL TATTOO IN FUTURE

To establish a uniform method of identification for Jersey cattle the members of the American Jersey Cattle Club this year adopted a By-Law which requires that all animals to be

registered after January 1, 1929, must be tattooed. This information has been received by County Agent, Ed Willim, Jr., who is having it brought to the attention of Jersey breeders. The article covering this reads as follows:

"Eligibility—1. No animal shall be registered until both its sire and dam are registered; and, to preserve the identity of registered animals, all animals offered for registration must be plainly tattooed in the ear in indelible ink with such letters and numbers as the owner may select, no two animals (in the same herd) to have the same number. Both ears may be used, and the marks and numbers in the ears must be stated on applications for registration.

It takes but a few moments to tattoo an animal and the identifying mark is permanently fixed in the ear. Needle points form the design of letters or numbers and these points are held in position in the head of the marker which is like a large pair of

The above requirement as to tattooing shall go into effect on January 1, 1929."

Many dairy animals are solid color and in many herds only the owner can definitely identify all such animals. With the tattoo mark recorded in the owner's records and on the Certificates of Registration of purebred animals anyone can identify every animal in the herd. In the event of the owner's death or absence this information is of the greatest value.

The new ruling on tattooing has been very favorably received by breeders and agricultural leaders. The subject of tattooing will be of interest

pliers. The needle points are covered with indelible ink or paste. The instrument is then set in position and the needle penetrates the ear on the inside, carrying the ink well under the surface of the skin. Ink is immediately rubbed into the slight wound made by the needle points and the job is done. There is practically no bleeding, and the operation is scarcely noticed by the animal. It is recommended that the ear to be tattooed be cleaned with alcohol before it is punched. This will remove the wax and other foreign matter and insure a clean surface on which to work.

The new ruling on tattooing has been very favorably received by breeders and agricultural leaders. The subject of tattooing will be of interest

for some time to come as there are 11 million Jerseys in the United States and of this number over three hundred thousand are registered purebreds.

### COURAGE AT THE DENTIST'S

Two small boys entered a dentist's office and one addressed the dentist as follows: "Say, Doc, will you pull a tooth right this minute? Don't waste any gas or nuthin'. Just give her one yank."

"Surely," replied the dentist, "My little man, that's what I call brave and courageous. Now just show me the tooth you want pulled."

The boy turned to his companion and said: "Come, Alfred, show Doc your tooth."

MOST Automobile Ever Offered by ANY Manufacturer for less than \$1000

## NEW Series Model 6-80 SIX

We are going to make strong claims. The strongest claims ever made by any automobile builder. Claims so sweeping as to sound almost impossible. Claims so astonishing that people will flock to Auburn stores to see this remarkable automobile. And, we put it squarely up to the car itself to prove all of these claims.

Roomiest, finest, biggest! Longest wheelbase! Strongest frame! Most horsepower! Greatest comfort and refinements. And the only car under \$1000 with many features such as automatic Bijur chassis lubrication.

No other car under \$1000 even approaches it in size, strength, performance, durability and big-car advantages.

Never have such sensational claims been made for a car under \$1000.

Because there never was such a car until now!

Not a condensed car cheapened to fit this price class, but for the first time a really, fine automobile with big-car advantages under \$1000.

Now the buyers in this market can have a car they do not have to apologize for, one they can boast of, one that lifts them far above all other cars in this price class. Come and see it, and drive it, and learn how much more Auburn gives under \$1000 than any other car in the world.

Bring an expert mechanic to examine these values for you.

## ALSO NEW Series 8-90 STRAIGHT EIGHT

# \$1395

NO CAR UNDER \$2000 CAN COMPARE WITH THIS EIGHT

Its rapid rise and great growth has focused the eyes of the world on Auburn. Knowing Auburn's determination to out-do all competitors, the industry has expected a sensational announcement.

But nothing as radical as this!

Now, anybody paying over \$1000 for an automobile can have the advantages found only in a Straight Eight, and have them in a big, fine, closed car, too.

And, with the strongest frame under any automobile, long wheelbase, and the most powerful motor for its size on the market!

With this Straight Eight, Auburn completely upsets all previous standards of value.

The smoothness, efficiency, roominess, comfort and refinements of this car totally eclipse all competitive cars. The tremendous success of the higher priced Straight Eights has successfully established this type of car as the very finest and most desired.

By introducing this wonderfully fine, large, strong, enduring Straight Eight for less than \$1400, Auburn now enables thousands and thousands of six cylinder buyers to enjoy motoring advancements formerly obtainable only in high priced cars.

So great is the value of this Eight, that to simply see it, compare it, and drive it, is to realize that there is nothing comparable to it on the entire market.

FIFTY YEARS OF EXCLUSIVE JEWELRY SERVICE

Millard F. Davis

### Laurel's Grievance

Pursuant to tradition, usage and the change of the moon, Coach Gardner, of the Laurel High School football team, broke out, Monday, in the Wilmington press, with his annual grievance. This year Mr. Gardner's finer feelings have been severely tried, wounded and otherwise flagellated by the inaccurate and near-sighted Wilmington reporters, who said he had a heavy team, a team that outweighed Newark. Mr. Gardner presents statistics, averages and slip-stick deductions and findings, and his data proves that he has been sorely put upon and most unjustly treated by the Wilmington press. Comparing his figures with the weights of the Newark team, Newark was overgrown and burly and should be heartily ashamed of picking on a bunch of little fellows like the Laurel eleven. Why his biggest backfield only averages 148 pounds, and Ellis, referred to as a giant, weighs but 140 pounds. Mr. Gardner may justly resent the implication that weight was a factor in the victory of his team.

However—while we were not here to witness this year's game between Newark and Laurel, we have seen the players in question in previous years, and we can only assume that either Mr. Gardner is using a different system of weights and measures than that in current use in these United States, or else his entire team has been suffering from pernicious anemia during the past year. Gardner's players were big for high school boys last year, and we hope they have not passed the growing age.

In his communication, Mr. Gardner points out the "heavy" football on the part of Laurel in allowing Newark to outclass it in the first half. Yes, we marveled at the perspicacity of the Laurel back, who stepped behind his own line to punt, thus scoring a safety for Newark.

### NEWARK LOSES TO LAUREL H. S. IN BITTER GAME

Fails To Regain State Crown After Outplaying Heavier Team In First Half; Laurel Makes All Its Touchdowns In Last Period; Newark Shows Heavy Penalties

#### SCORE 18 TO 2

Outplaying its opponent in the first half, holding it even in the third quarter, and finally crumbling under overwhelming weight in the last quarter, the Newark High School football team lost the State D. I. A. championship game to Laurel, at Dover, on Thanksgiving Day. The final score was 18 to 2, Laurel making all its touchdowns in the last period. This was the third straight meeting of the two teams for the championship, and Laurel's third successive victory. This year's victory gives Laurel permanent possession of the Millard F. Davis Challenge Cup. Prior to 1926, Newark held the championship for six successive years.

As the teams lined up Laurel's weight advantage was obvious, particularly in comparing the backfields. However, Newark, always at its best against odds, tore into the big down-state team and completely outplayed it throughout the whole first half. Newark repeatedly pushed the ball deep into Laurel territory, but each time Laurel stiffened in time to prevent a touchdown. In the second period Laurel regained the ball near its goal line, and in attempting to punt out of danger, the Laurel kicker stepped back of the line of his goal posts, automatically scoring a safety. This gave Newark its score of two points.

During the first period Newark made five first downs, while Laurel had possession of the ball only twice and did not make a single first down. In the second period, Newark once carried the ball to within one foot of Laurel's goal line, where Laurel held for downs. It was at this time that the safety was scored.

Newark began to show the effect of the pounding from the ponderous Laurel machine in the third quarter, but still held on even terms. Toward the end of the third period, Laurel got a break which paved the way for its first touchdown. Laurel punted to Newark's twenty-yard line when the Newark receiver fumbled and on the rebound Laurel recovered. Laurel started a march to the goal but Newark held stubbornly on the five-yard line.

After receiving the ball on downs, Newark punted to its own 35-yard line from where Laurel started a march through the line with Ellis and West carrying the ball most of the time. When the period ended Laurel had the ball on Newark's eight-yard line.

When the fourth period opened Newark again attempted to hold off Laurel at the goal line but the plunging of Ellis, the giant Laurel fullback, was too much for the college towners and Ellis finally went over with Laurel's first score. Politt's attempt at a field goal for the extra point was a failure.

Laurel kicked off and the Newark receiver was downed on his five-yard line. Line plays failed to gain and Newark punted to its own 35-yard line where Laurel started its second trip to Newark's goal line. After trying two plays on the line without gaining, Laurel pulled a long forward pass, Politt to West, which brought the ball within inches of the goal line and on the next play West went over for the touchdown. Politt's attempt for the extra point again failed.

Laurel kicked off to Newark and the Newark receiver ran the ball to his own 35-yard line but a 25-yard penalty brought the ball back to the

ten-yard line. The next play gained a couple of yards but on the following play, Newark was again penalized five yards and then punted to its own 20-yard line from where Laurel started another march to the goal line with Ellis and West carrying the ball and Politt gaining the last yard needed for the score. Laurel worked a forward pass for the extra point successfully but was detected offside and lost it.

During the game Newark lost 70 yards in penalties, 60 in the last half, while Laurel did not lose any yardage on penalties. Laurel did lose a point for an offside when it passed successfully for an extra point, which was not allowed.

Newark's outstanding players were Frank and "Winnie" Mayer, "Rip" Smith and Jaquette.

#### EXPECT THINGS OF CHALMERS

The following is quoted from the "Washington Post" of Sunday, December 2:

"Curley Byrd at Maryland anticipates fine things of the crop of yearlings who will come up before him next year. Among the best of this group are Charlie May, former Business High star back field man; George Chalmers, who ranked high among schoolboy backs while at Tome School in 1927, and Bob Wilson, Pat Rooney and Hayden, all linemen and also ex-Washington scholastic products."

## PREPARE FOR HOLIDAY ENTERTAINING

### HANNA PREDICTS MUCH SOCIAL ACTIVITY

The holiday season is rapidly approaching, and plans are being considered for entertaining. The old custom of Christmas parties is coming back strong. Society this season is preparing for a large number of gatherings, the kind that gathers around the festal table and lingers and enjoys the gaiety of conversation.

Mr. Hanna, the Wilmington caterer, is booking holiday appointments. He reports the outlook for a live and full season in Newark.

The service offered by Mr. Hanna has been in greater demand this year than ever. A good many consider the giving of parties, but then they realize that the preparation and the nervous tension, the worry even throughout the evening is a strain that few women can stand.

The first thought of seeking the services of a caterer brings to mind, the expense. Those who have and are using the services of a first-class caterer know that the expense is really nothing, for the realization and comfort of knowing that everything will be cared for and done at the right time and in the proper manner.

The use of a caterer means that the hostess can devote her full time to the enjoyment of the party and to see that the little things, that are the individual personal contacts, are made that mean so much in the success of entertainment. This freedom permits the hostess to be fully at ease and this spirit is quickly communicated to the entire party; and this plus the smoothness of the service makes a reputation for the hostess.

Mr. Hanna would be only too glad to talk over your holiday entertaining. It would be well to get in touch with him at an early date, so that you may secure the date you desire. Mr. Hanna asked us to be sure and make it plain, that a talk with him about the use of his service in no way whatever obligates you.

### THE DIFFERENCE

The following little story was sent in by Ted Krueger of the Krueger Battery Service, 1305 French street, Wilmington, official Prest-o-Lite Service Station.

"The Cat Made the Difference"  
After drinking a couple of glasses of the cut-price lemonade, the man approached the lad in charge of another little stand, and addressed him: "Young man, how can you expect to sell your lemonade for five cents, when you have a competitor offering the finest lemonade I ever drank at two cents?"

"Well, mister," answered the boy, "we're in partnership. The cat fell in his bowl about an hour ago, and we decided to get rid of his lemonade quick, before the news spread."

Whenever you find similar products bearing a considerable difference in price—be aware. Maybe the cat has fallen in some place along the line. Quality has been cheapened—substitution has been made—something necessary has been left out.

Buy quality batteries. Talk to Ted Krueger about the Prest-o-Lite absolute guarantee.

THE HUTCHISON BUILDING

Another mark of the growth of Newark is this new and up-to-date office and ware house building of James H. Hutchison, the Newark contractor. The building is exceptionally located, right opposite the B. & O. Railroad station, and the unloading of structural iron and building materials is made right into the warehouse.

Mr. Hutchison reports the completion of all small contracts. The foundation on the new section of the Workhouse is completed and the brick work is being started this week.

The Fader home is being white-coated and is rapidly nearing the finishing point.

The Brewer home is being rough coated and is fast getting ready for the white-coating.

The Dennison Garage is completed and has its official opening this week.

### MONEY

This time of the year brings home to everyone the need of money, even the little fellow of six realizes that he needs money to give his Christmas gifts even to his brother and sister. The need of saving is brought home in a sure way, and that is the need of money.

The household budget plan works very well for Christmas, for a few months before and in fact all the year round some have a Christmas fund which is surely accumulating for the holiday season.

The Security Trust Company of Wilmington offers the opportunity to everyone to have a checking account, the thing so essential for the success of the budget plan of running the home expenses. You do not have to

have a large sum to open up an account. The Security Trust Company has built a reputation that makes it known as "The Friendly Bank." You will understand this fully when you call. You are welcome, and they have special banking facilities for women. Stop in the next time you are in Wilmington and start an account, and you will certainly be glad of the ease and comfort that you will find in the use of a Security account.

### OLDSMOBILE A CAR TWO YEARS IN ADVANCE

Style in abundance in this new larger Oldsmobile Two-door Sedan. Vigorous lines, low lying grace, give it a pronounced personality. Together with a full measure of comfort and economy—make it an especially fine car of low price.

Mr. Bucher of Hammond Motors, Wilmington Oldsmobile Dealers, says: "The body with wide doors and distinctive panel moldings; radiator with rounded shell; the hood with narrow saddle boldly handled; contrasting color; the handsome broad bar bumpers in rubber cushioned mountings—all are newly designed—all are part of the irresistible charm of this car."

You enjoy in it spirited, six-cylinder, high compression performance from any standard grade of fuel. 55 horsepower, smooth, quiet, responsive; acceleration from 0 to 25 miles an hour in 8 1/2 seconds; steady, stageless pick-up like an electric motor. You sense the riding ease of a chassis aligned eight points, fully equipped with hydraulic shock absorbers, scientifically balanced for the road.

Oldsmobile's high compression performance is positive and dependable because it is not a matter of fuel selection or of super-skill in driving, but is engineered and built into vital chassis units. The combustion chambers are a new type with special wall contour to eliminate pre-ignition. The crankshaft is mounted four wide main bearings for maximum smoothness. The connecting rods are slightly offset in the piston for greater efficiency and smoothness. There is insulation against shock engine mountings—in the clutch—the universal joints.

## CHRISTMAS SEAL SALE STARTED

Nation-Wide Drive To Combat White Plague Result Of Idea Of Wilmington Woman

The twenty-first annual Christmas Seal Sale, the proceeds of which are used all over the country to fight tuberculosis, began on December 1. In every state in the union, active campaigns are being waged by thousands of volunteer workers, seeking to distribute these dainty seals, the sales of which have saved thousands of lives.

In Delaware, thousands of letters are being mailed from the headquarters of the Delaware Anti-Tuberculosis Society to residents of this Commonwealth. Later in the month, on December 17th, groups of workers will offer the seals for sale in the larger towns and cities of Delaware.

During the past eight years, the death rate from tuberculosis in Delaware has been decreased thirty-five per cent and one of the reasons for this is the educational work that has been made possible from the proceeds of the seal sale.

In appealing to the public, Mrs. Julia H. Ashbrook, chairman of the Seal Sale Campaign, points out the need for a hearty response. The money received will be used for the sick children of the poor who are in danger of developing tuberculosis, and who receive treatment and care at Sunnyside Cottage Preventorium. The money is also needed to continue extensive educational work in Delaware schools and factories, teaching those health principles, which if followed, will increasingly prevent this dread disease.

In 1927 millions of Christmas seals were sold in this country to control and prevent tuberculosis, but in 1904 they originated in a small way to give better and a chance for health to a group of tuberculous children in a foreign country.

At that time a children's hospital was needed in Copenhagen, Denmark. Linar Holboell, a postal clerk in that city, heard of this and decided that stamps designed to decorate Christmas letters and packages could be sold to finance the cost of the building. He won the endorsement of the Danish royal family, and the first Christmas seal was designed and placed on sale in the post office.

Jacob Riis, a pioneer in social service in America, received a letter bearing one of the little stamps and acquired about its purpose. Impressed by its possibilities, he wrote an article which was published in the "Outlook" and which he described what the stamp had achieved in Denmark. In that article, Miss Emily P. Bissell, of Wilmington, found the solution to her own problem; namely, how to raise \$1000 for a tuberculosis pavilion in her state.

As a result of this first successful sale held in December 1907, Miss Bissell was able to induce the authorities of the American Red Cross to undertake a nation-wide sale of tuberculosis stamps in 1908.

To strengthen the work of the National Tuberculosis Association, then a young organization, the American Red Cross joined forces with it for the purpose of conducting the Christmas seal sale jointly.

The partnership between the American Red Cross and the National Tuberculosis Association lasted for many years. During that time only the red cross emblem of the American Red Cross appeared on the annual issues of Christmas seals. In 1919, however, the double-barred cross, international emblem of the anti-tuberculosis campaign and trade mark of the National Tuberculosis Association was also embodied in the seal. In 1920 the relationship between the two great organizations was finally dissolved and since then only the double-barred cross has appeared on Christmas seals. The new arrangement was made because the American Red Cross declined to continue its annual Roll Call, begun in the years of the Great War, and because it did not wish to appeal to the public for funds twice a year. Since 1920 the seals have been known as "Tuberculosis Christmas seals."

There is no longer in the United States any "Red Cross seal." Through the power of the Christmas seal, state after state has been organized to attack tuberculosis with

a scientific program. Together, led by the national body, they have brought into existence nearly all of the present-day community machinery that combats tuberculosis.

As the money raised by the Christmas seal is not sufficient to build and conduct hospitals, clinics, open air schools and other necessary measures, the tuberculosis association's program consists largely of preventive work and of arousing public opinion to the need for institutions that can be maintained by official agencies, state, county, municipal or federal. Through the Christmas seal, health laws have been passed and are being enforced; tuberculosis specialists and nurses reach the most remote country districts; printed matter on disease prevention is circulated in schools, homes and factories.

### PRESIDES AT DINNER

Hugh F. Gallagher, vice-president and general manager of the Union Park Garage, Inc., Wilmington, was the toastmaster, Monday night, at a dinner given in the du Pont-Biltmore by officials of the company to the employees and a number of guests. Covers were laid for 65.

Mr. Gallagher predicted great sales for the 1929 All-American Oakland Six, product of General Motors Company. He spoke of the November sales records of the Union Park Garage Company. He paid tribute to the founders of the company, M. J. Fiddance and C. T. Gallagher, who started the business in 1924. He also praised Ernest DiSabatino, head of the firm.

Miss Alice Geisler entertained with songs, accompanied at the piano by Miss Grace Geisler.

The guests included W. L. Ash, J. S. Calhoun, Thomas C. Cannon, D. W. Cronkite, George Daley, B. N. Jackson and N. D. Redding, all of Philadelphia; N. L. Cochran, of the Equitable Trust Company; F. M. Taylor, of the Delaware Trust Company; Charles Sheppard, of the Credit Reporting Company, and J. J. Morris, Jr., counsel.

## The new Ford has a very simple and effective lubrication system

THE lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings. Overflow oil drops into the oil pan tray and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump twice in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part—the oil pump.

As a matter of fact, the lubrication system for the new Ford is so simple in design and so carefully made that it requires practically no service attention.

There is just one thing for you to do, but it is a very important thing . . . watch the oil! Change the oil every 500 miles and be sure the indicator rod never registers below low (L).

If the oil level is allowed to fall below low, the supply becomes insufficient to oil all parts as they should be oiled.

To insure best performance it is also advisable to have the chassis of your car lubricated every 500 miles. This has been made easy in the new Ford through the use of the high pressure grease gun system.

Proper oiling and greasing mean so much to the life of your car that they should not be neglected or carelessly done.

See your Ford dealer regularly. He is especially well-fitted to lubricate the new Ford and he will do a good, thorough job at a fair price.
