STATE OF DELAWARE  
OFFICE OF THE GOVERNOR

July 15, 1994

To the Members of the Senate of the 137th General Assembly:

On July 6, 1994, I received Senate Bill No. 337, entitled "AN ACT TO AMEND CHAPTER 5, TITLE 11 OF THE DELAWARE CODE RELATING TO OFFENSES INVOLVING DEADLY WEAPONS AND DANGEROUS INSTRUMENTS." Today, I am returning S.B. 337 to the Senate without my signature.

S.B. 337 would impose minimum mandatory periods of incarceration and/or minimum mandatory fines for five misdemeanor crimes involving dangerous weapons and instruments, including: carrying a concealed dangerous instrument; unlawfully dealing with a dangerous weapon; unlawfully dealing with a switchblade knife; unlawfully dealing with a knuckles-combination knife; and unlawfully dealing with a martial arts throwing star. The sentences imposed by the bill range from incarceration for 30 days to one year in a maximum security facility, with minimum stays of 90 days and 6 months for subsequent offenses, and fines ranging from \$250 to \$2500.

Possession of any weapons which could be used to inflict harm is a serious matter--as recognized by the criminal laws which already outlaw possession of dangerous weapons and instruments. During this legislative session, I have supported and signed into law numerous bills which will protect our community from the harm caused by weapons in the wrong hands, including H.B. 433, which increases the mandatory sentence for possession of a firearm during the commission of a felony.

In shaping our criminal justice policy, however, it is important to weigh the benefit of mandatory sentences against the tremendous cost to taxpayers of adding new prison beds to Level V, our maximum security prison level. If signed into law, the direct cost of S.B. 337 to Delaware taxpayers may be enormous.

A conservative analysis by the State's Statistical Analysis Center demonstrates the problem. Even if only half of those convicted of one of the crimes listed in S. B. 337 are given a mandatory sentence -- rather than a mandatory fine -- the estimated number of additional maximum security prison beds which will be needed is 376. At an average annual cost per inmate of \$22,500, the cost to the taxpayers quickly adds up to nearly \$8.5 million.

However, because our present correctional facilities lack the capacity to house these additional criminals, a new facility would also have to be built, which carries an estimated capital construction cost of nearly \$34 million. Although the General Assembly has directed that planning for a 400 bed facility begin, the potential need for that facility, in the absence of changes in our State's present sentencing laws, existed prior to passage of this legislation. The benefit of stiffening the penalties for the misdemeanor offenses listed in S.B. 337 simply does not match the tremendous cost to the State, and ultimately, to our taxpayers.

I note, in this regard, the absence of any evidence that the public safety benefits of S.B. 337 justify its potentially large financial impact and the fact that this was not a bill fully supported by Delaware's criminal justice community.

Rather, I believe it is our obligation to the taxpayers of this State to develop innovative means of meting

out punishment. Alternatives must be found, such as boot camps and house arrest, which punish criminals and protect our communities, without unnecessarily overburdening the hardworking, law-abiding residents of this State with the high price tag of more costly maximum security prison facilities. I would support the application of such alternatives to the crimes set forth in S.B. 337.

In weighing the benefits of S.B. 337, I was also troubled by the failure of this legislation to coordinate the increases in sentences with those for other more serious crimes under Delaware law. As the Attorney General has pointed out, this bill would have the anomalous result of imposing a mandatory jail sentence or fine for possession of a dangerous instrument such as a sharpened ballpoint pen or a throwing star, when there is no mandatory sentence for conviction of carrying a concealed deadly weapon, such as a handgun, or worse yet, a destructive weapon such as a bomb or a sawed-off machine gun. The disproportionality S.B. 337 creates in our criminal laws is not justified by any legislative findings.

Finally, to the extent criminals consider the potential sanctions for carrying weapons, the law would, perversely, create an incentive for them to carry the most lethal of weapons--handguns--rather than less dangerous instruments. I am simply unwilling to take the risk of encouraging more guns in the hands of criminals, which would be counterproductive to the success of my administration in enacting into law legislation aimed at reducing the incidence of gun violence and ensuring that our communities are safe.

For these reasons, I am returning Senate Bill No. 337 to the Senate without my signature.

Sincerely,  
(Signed) Thomas R. Carper
