The following legislation was vetoed by Governor Thomas R. Carper on the date indicated:

July 14, 1998

TO THE MEMBERS OF THE DELAWARE STATE SENATE OF THE 139<sup>TH</sup> GENERAL ASSEMBLY:

On July 7, 1998, I received **Senate Bill 232**, entitled:

"AN ACT TO AMEND TITLE 14 OF THE DELAWARE CODE RELATING TO CHARTER SCHOOLS."

Senate Bill Number 232 would subject charter schools - but not other public schools - to the local zoning process. I am returning **SB 232** to the Delaware State Senate without my signature for the following reasons.

The Charter School Act, set forth in chapter 5 of title 14 of the Delaware Code, refers to charter schools throughout as "public" schools and makes clear that charter schools are public schools for all relevant purposes. Specifically, § 503 of the Act begins with the words "[a] charter school is a public school". 14 Del.C. § 503. It is therefore contrary to the original intent of the Charter School Act to sanction unnecessary discrimination against charter schools.

Public schools are exempt from local zoning requirements. Charter schools, as public schools, should therefore be treated equally in the absence of a compelling need for disparate treatment. No such case has been made here. Furthermore, the intention of the Charter School Act was to provide more, not less, flexibility to charter schools than

traditional schools in exchange for the greater accountability expected of charter schools; therefore, this legislation also runs counter to another premise of the Act.

Moreover, the Charter School Act contains approval criteria which ensure that charter schools will be located in safe and responsible locations. The Act requires community involvement in the charter development process. 14 Del.C. § 512 (a). The Act also requires a potential chartering agent to assure the health and safety of students at the charter school. 14 Del.C. § 512 (1). These requirements provide an opportunity for community concerns to be voiced over the location of a charter school and for the approving authority to examine health and safety issues relating to the school's location before approval.

Furthermore, the Charter School Act allows for approving authorities to place "such conditions as the approving authority, in its sole discretion, may deem appropriate to ensure the applicant's subsequent full compliance with the approval criteria" on potential charter operators. 14 Del.C. § 511(j). Such conditions may include conditions relating to location if the approving authority believes that the proposed location may place students or guests in danger.

Finally, it is important to recognize that a charter school must be approved by a local school board or the State as the approving authority. Either may locate any other type of public school without local zoning approval. I see no reason why their hands should be tied in locating a public charter school, when they are not so tied in locating other school facilities.

For the foregoing reasons, I am returning S.B. 232 without my signature.

Sincerely,

(Signed)

Thomas R. Carper

July 14, 1998

TO THE MEMBERS OF THE DELAWARE STATE SENATE OF THE 139<sup>TH</sup>  
GENERAL ASSEMBLY:

On July 2, 1998, I received Senate Bill 265, which is entitled:

"AN ACT TO AMEND CHAPTER 51, TITLE 24 OF THE DELAWARE CODE  
RELATING TO REQUIREMENTS FOR CERTIFICATION OF A NAIL  
TECHNICIAN."

I am returning Senate Bill 265 to the Senate without my signature for the following reasons.

Under current law, a person seeking to be licensed as a nail technician in the State of Delaware must first complete 125 hours of course work at a school of nail technology or cosmetology, or work as an apprentice under a licensed nail technician for 250 hours. Senate Bill 265 significantly increases these requirements by almost doubling the amount of course work required to 200 hours and increasing the apprenticeship requirement to 400 hours.

Current requirements, enacted in 1994, adequately enable graduates to pass the licensure exam and work successfully as nail technicians -- without jeopardizing public safety. All phases of nail technology, including disease prevention instruction, are included in the existing 125 hours of instruction. According to the Division of Professional Regulation, additional curriculum to cover the increased course work required under this legislation does not even exist. Moreover, the cost of these increased requirements would certainly be imposed on students, at a time when they can probably least afford it.

I realize the potential dangers this industry can pose to the public if left unregulated. In fact, I recently signed two bills in an effort to address the public safety concerns brought to me by the cosmetology industry: Senate Bill 260 which empowers the Board of Cosmetology to ban the use of dangerous chemicals and House Bill 442 which allows investigators of the Department of Professional Regulation, through the courts, to close unlicensed nail shops, beauty salons, and barber shops until they obtain licenses. However, I am dubious of legislation that places additional hurdles in the way of those seeking to enter the marketplace. Such legislation only serves to protect those businesses already established, to the detriment of consumers. Absent a compelling need to do so, and no such compelling need has been demonstrated in this instance, I prefer not to over-regulate the marketplace.

For all the foregoing reasons, I am returning Senate Bill 265 to you without my signature.

Sincerely,  
(Signed)

TO THE MEMBERS OF THE SENATE OF THE 139<sup>TH</sup> GENERAL ASSEMBLY:

On July 7, 1998, I received Senate Bill 367 entitled:

"AN ACT TO AMEND CHAPTER 51, TITLE 24, OF THE DELAWARE CODE RELATING TO THE BOARD OF COSMETOLOGY AND BARBERING, ITS COMPOSITION, PROCEDURES, RULES AND REGULATIONS AND OTHER ISSUES RELATED TO COSMETOLOGY, BARBERING, NAIL TECHNOLOGY AND ELECTROLOGY."

I am returning Senate Bill 367 to the Senate without my signature for the following reasons.

As a general matter, I do not favor regulating business absent a compelling need to do so. Senate Bill 367 makes several changes relating to the cosmetology, barbering, electrology, and nail technician industry. Three of the more significant changes include establishing continuing education requirements, increasing the penalties for teaching or practicing without a license, and requiring that major renovations to facilities be approved by the Board of Cosmetology and Barbering ("the Board"). In short, this legislation unnecessarily burdens the cosmetology, barbering, nail technician, and electrology industries with several new onerous regulations.

First, Senate Bill 367 establishes continuing education requirements - on top of the significant requirements already necessary to become licensed. Although the stated reason for these new requirements is the need for disease control problem with this industry. In addition, such topics are already covered as part of the initial licensing requirements and the Department of Health and Social Services ("DHSS") has committed to distributing a memorandum on the subject on a regular basis to all licensed persons to ensure that practitioners are kept current. Finally, from a practical standpoint, no such courses currently exist and the financial burden of such additional courses, should they become available, will fall on licensees - many of whom are part-time employees. In short, given the less intrusive alternative offered by DHSS, I do not find a compelling need for these additional requirements.

Second, Senate Bill 367 significantly increases penalties for the first and subsequent offense of operating without a license. Specifically, the legislation increases the penalty for the first offense by 1,000 percent (from \$50.00 to \$500.00) and increases the penalty for a subsequent offense by 400 percent (from \$250.00 to \$1,000.00). Such dramatic increases, especially for a first offense, are extreme and disproportionate to the harm caused to the public by such an offense.

Finally, Senate Bill 367 requires any facility registered by the Board to submit any plans for major renovations of the water and sewer or ventilation systems of such facilities to the Board for prior approval. Frankly, I am not sure the Board is qualified to approve or disapprove renovation plans. DHSS shares this view. The new requirement also appears to unnecessarily duplicate existing approval processes required by local governments.

In closing, I realize the potential dangers this industry can pose to the public if left completely unregulated. In fact, I recently signed three bills in an effort to address the public safety concerns brought to me by the cosmetology industry: Senate Bill 426 which requires the Division of Public Health to establish public health standards for those practicing cosmetology; Senate Bill 260 which empowers the Board of Cosmetology and Barbering to ban the use of dangerous chemicals; and House Bill 442 which allows investigators of the Department of Regulation, through the courts, to close unlicensed nail shops, beauty salons, and barber shops until they obtain licenses. However, I am wary of legislation that places additional and unnecessary obstacles in the way of those who wish to compete in the marketplace. Such legislation only serves to protect those businesses already established, to the detriment of consumers. Absent compelling reasons, which do not exist here, I prefer not to over-regulate the marketplace.

For all the reasons stated above, I return Senate Bill 367 without my signature.

Sincerely,

(Signed)  
Thomas R. Carper

TO THE MEMBERS OF THE DELAWARE STATE SENATE OF THE 139<sup>TH</sup>  
GENERAL ASSEMBLY:

On July 7, 1998, I received Senate Bill Number 282 entitled:

"AN ACT AWARDING RETROACTIVE PENSION BENEFITS TO CYRIC W. CAIN, JR., TRANSFERRING MONIES INTO THE SPECIAL PENSION FUND CREATED BY VOLUME 61, CHAPTER 455, LAWS OF DELAWARE, AND DIRECTING THE BOARD OF PENSION TRUSTEES TO ADMINISTER PAYMENT OF THE PENSION PROVIDED BY THIS ACT."

I am returning Senate Bill Number 282 to the Senate without my signature.

Senate Bill 282 grants Cyric W. Cain, Jr. retroactive pension benefits for his service to the Tax Appeal Board from 1970 to 1985. Under current law, which was enacted in 1976, employees must apply for their pension benefits in order to trigger payments. Delaware law prohibits the Board of Pensions from crediting pension benefits to individuals for more than two months, if eligible, prior to their application. This law was designed to lend predictability to the actuarial status of the pension fund's liabilities.

I sympathize with Mr. Cain and his situation. However, I believe it is imprudent, as does the Board of Pension Trustees, to make case-by-case exceptions to the requirements of our pension system.

For the foregoing reasons, I am returning Senate Bill Number 282 to the Senate without my signature.

Sincerely,  
(Signed)  
Thomas R. Carper

TO THE MEMBERS OF THE DELAWARE STATE SENATE OF THE 139<sup>TH</sup>  
GENERAL ASSEMBLY:

On July 7, 1998, I received Senate Bill Number 326 entitled:

"AN ACT AUTHORIZING AND DIRECTING THE DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENTAL CONTROL, DIVISION OF FISH AND WILDLIFE, TO ISSUE A COMMERCIAL CRAB DREDGERS LICENSE TO SAMUEL J. FOX, III OF LEIPSIK, DELAWARE, WHO IS PRESENTLY PROHIBITED FROM OBTAINING A PERMIT UNDER SECTION 1918(b), TITLE 7 OF THE DELAWARE CODE."

I am returning Senate Bill 326 to the Senate without my signature.

Senate Bill 326 mandates that the Division of Fish and Wildlife ("Division") issue Samuel J. Fox, III a commercial crab dredging license in contravention of well-established statutory provisions for the issuance of these licenses.

Mr. Fox recently contacted the Division in order to obtain a license and was denied. Mr. Fox argues that he is entitled to a license because his father, who passed away in 1971, allegedly possessed a license and devised that license to him at death. However, the Division found no evidence that his father had a license. Even assuming Mr. Fox's father did have a license, legislation enacted in 1990 making it possible to devise a commercial crab dredging license at death requires that the will include specific language designating an immediate family member as the benefactor of the license. There was no such clause in his father's will. Finally, even if Mr. Fox's father specifically devised a license to his son, the legislation allowing such transfers was enacted long after his death and is not retroactive. For the above reasons, the Division did not issue Mr. Fox a license.

July 22, 1998

TO THE MEMBERS OF THE DELAWARE STATE SENATE OF THE 139<sup>TH</sup>  
GENERAL ASSEMBLY:

On July 10, 1998, I received Senate Substitute No. 1 for Senate Bill Number 414 entitled:

"AN ACT AWARDING SPECIAL PENSION BENEFITS TO HELEN F. TRUITT; APPROPRIATING MONEYS INTO THE SPECIAL FUND CREATED BY VOLUME 61, CHAPTER 455, LAWS OF DELAWARE, AND DIRECTING THE BOARD

PROVIDED BY THIS ACT AS IF THE AWARD WRE PURSUANT TO CHAPTER 55, TITLE 29 OF THE DELAWARE CODE."

I am returning **Senate Substitute No. 1 for Senate Bill Number 414** to the Senate without my signature for the following reasons.

Senate Bill 414 grants Helen F. Truitt pension benefits by awarding credit for her state service as a attaché on a per diem basis -- credit that is not allowed by the rules of our Pension Office. Of her 21 years of state service, Ms. Truitt served 7 years with the General Assembly on a per diem basis. Delaware's Pension Office reports that thousands of state employees do not receive credit towards pension benefits because they are seasonal, per diem, part-time, or casual-seasonal employees. This legislation provides a special exception for on state employee.

I sympathize with Ms. Truitt and commend her for her years of dedicated service to the State of Delaware. However, I believe it is imprudent, as does the Board of Pensions, to make case-by-case exceptions to the requirements of our pension system.

For the foregoing reasons, I am returning **Senate Substitute Number 1 for Senate Bill Number 414** to the Senate without my signature.

Sincerely,

(Signed)

Thomas R. Carper
