# Chip Flowers Represents Companies Who Do Business with the Treasurer's Office.

Flowers has said he will continue his lucrative law practice even while in office after he is elected.<sup>1</sup>

#### That may be a serious conflict of interest.

Chip Flowers has a plan for the Treasurer's office that will expand government and increase costs.

As a lawyer, he represents companies that do business with the Treasurer's office.<sup>2</sup>

Shouldn't the Treasurer's office be our fiscal watchdog?

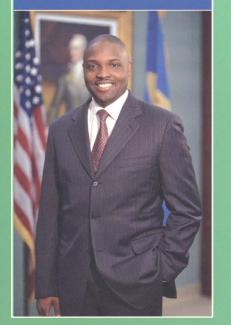

**Conflicts of interest?** 

**Big spending plans?** 

We need to clean up government – not make it bigger. Call Chip Flowers at 302-656-7360 and your state legislators at 302-744-4351 and tell them we've had enough conflicts of interest and big government spending.

> 1. WDEL debate, 10/10/10 2. www.flowerscounselgroup.com

#### FLOWERS STATE TREASURER RESTORING PROSPERITY

Investing in Delaware

#### About Democratic Candidate Chip Flowers

#### EDUCATION

- Harvard University, Kennedy School of Government, Master of Public Administration
- Georgetown University, Master of Business Administration and law degree
- University of Pennsylvania, Bachelor of Arts in Economics

#### BUSINESS AND CIVIC AFFILIATIONS

- Founder, The Flowers Counsel Group Wilmington-based law firm advising corporations on complex multi-million-dollar financial, business and purchasing transactions
- Staff, U.S. Congress Joint Economic Committee and White House Office of Political Affairs during the Clinton Administration
- Delaware delegate to the 2004 Democratic National Convention
- Former Political Analyst, Delaware's nightly news, WHYY-TV
- Board member/advisor for United Way of Delaware, American Red Cross of Delmarva and Warren Bennis Leadership Circle

#### PERSONAL

- "Military brat," first came to Delaware in 1987, flew with family to and from overseas assignments via Dover Air Force Base
- Middletown resident

1105 N. Market Street Suite 800 Wilmington, DE 19801

PRSRT STD U.S. POSTAGE PAID PERMIT NO. 673 WILMINGTON, DE

#### In the midst of our economic crisis, now is the time to invest in a State Treasurer with a BOLD PLAN to give us a greater return on our money.

The Flowers Framework is a plan for our State Treasurer's office aimed at stimulating Delaware's economy. Some ideas include:

- Investing your money in a safe yet progressive manner with the goal of reducing your tax burden.
- Creating a warning system to provide you and your family with notice of an economic downturn.
- Stimulating our economy by investing state funds in Delaware businesses.
- Reducing inefficiencies in our state payment system.

# Here's the scoop on CMPP FLOWERS.

CHIP FLOWERS has a plan that will expand the size of the State Treasurer's office. HUGE new bureaucracies will lead to HUGE new state spending.

# But, he says that despite the increased size and bureaucracy, he's going to keep his lucrative job practicing law. That's Double-Dipping!

#### During the last two years Delaware politicians have:

- Raised taxes and fees 15 times.
- Raised our income taxes by almost 17%.
- Increased state spending by over \$200 million.

We need full-time supervision of Delaware's money. We need to STOP the High Taxes and the Excessive Spending that are Crippling our economy!

# We don't need huge new spending plans at a time that we can least afford it.

# Call CHIP FLOWERS at 302-656-7360 and tell him we can't afford his big-government spending plan.

and she delivered *real results*.

# STATE REPRESENTATIVE **Terry Schooley**

Our *VOICE* in Dover

# — delivering real change for Newark's families

Terry Schooley is an effective voice for our families, tackling the tough issues and bringing our community together. From strengthening our economy to protecting our children, Terry puts our families first:

Boosting our local economy by increasing pensions for police officers and firefighters, raising the minimum wage, protecting identity theft victims, defending private property rights and requiring counseling for persons entering into reverse mortgages.

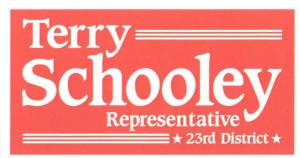

Improving our schools by instituting full-day kindergarten, supporting efforts to improve early childhood education, implementing the Delaware SEED Scholarship Program and allocating \$5 million to help schools address energy costs. Keeping our kids safe by creating the Toy Safey Act prohibiting the sale of harmful toys, adding dental health care to the Delaware Healthy Children Program and increasing the statute of limitations in sex abuse cases.

- Protecting our environment by supporting off-shore wind power and alternative energy options and adding \$8 million for energy efficient programs.
- Improving our health and safety by cracking down on drugs and allowing victims of domestic violence to terminate their leases early for safety reasons.

Fighting for an open and accountable government by calling to remove the

barriers between the government and the public and supporting the Sunshine Law for the General Assembly.

**Experience, Leadership, Results.** DEMOCRAT FOR DELAWARE

ON TUESDAY, NOVEMBER 4TH, **Re-elect** A proven leader.

# Delawareans Agree: We need Democrat Terry Schooley!

"Terry Schooley is a proven leader who has done Newark proud. We are going to need her leadership for another two years in Dover."

- Jack Markell, Democrat for Governor

"Terry Schooley is the kind of leader Delaware needs for change. I know she is a strong voice for families and will put us on the right track."

- U.S. Senator Joe Biden

"Terry has the experience, vision, and energy Delaware needs as we confront any number of very serious challenges moving forward. Her effective leadership will deliver much-needed change."

"I share Terry's concerns about the education of our children and the quality of life in Newark for everyone. Based on her accomplishments in her first four years in Dover, Terry will continue to be an effective legislator and the 23rd district is fortunate to be represented by her."

Margo Perkins

"The Neighbors for Schooley Campaign shows the breadth of Terry Schooley's support across the 23rd District. Terry's connection to the community makes her the best person to serve the people of the district."

 Richard and Susan Gays, Rich Bayer and Dana Dimock, Co-Chairs, Neighbors for Schooley

- "I first met Terry Schooley when we were both working hard to pass important health care legislation. She is knowledgeable about health issues and will continue to work tirelessly to improve the health care delivery system for Delawareans. Terry has my endorsement and my vote."
- Judy Hendricks, *MSN, NP,* Past President of the American College of Nurse Practitioners

"As co-chair of the legislative Kids Caucus, Terry Schooley advocated for optional full-day kindergarten so all children may have the best start in school."

- Cathy Drew, Kindergarten Teacher

#### We're supporting Terry Schooley!

# Report to the People

Dear Neighbor,

Terry

Schoolev

**Representative** 

★ 23rd District ★

I am very honored to serve as State Representative from Newark's 23rd District. I have met and talked with many of you during the past two terms, and I always welcome your comments, suggestions, concerns, and problems. In this difficult economic time not only for our state but also our nation, I believe we need to be innovative with our problem solving and also inclusive in getting everyone to the table to seek resolutions that will enhance our quality of life.

Over the past four years I have sponsored and co-sponsored legislation on a variety of issues from the Cancer Right-to-Know bill to Open Government bills, to resolutions urging the budget be balanced without laying off teachers. As Co-Chair of the bipartisan legislative Kids Caucus I have sponsored over 20 bills on children's health insurance, quality child care, and child safety — including Delaware's Toy Safety Act, the first law in our state to prohibit the sale of toxic and hazardous toys.

I am also excited to announce that Delaware has been awarded a grant to host a Summit on Child Poverty which I will be convening as Chair of the Child Poverty Task Force along with a new Governor in March 2009.

As always, please do not hesitate to contact me at my home or legislative office.

Sincerely, Jerri

Leaves, Leaves, and More Leaves!

#### The downside to the beautiful autumns in Delaware

What are homeowners' options for managing yard waste?

- The City of Newark picks up yard waste for free for city residents through its Bulk Collection Program. Miscellaneous yard waste must be prepared in bundles less than four feet long and less than 40 lbs. in weight, or placed in approved 32-gallon containers. A maximum of six bundles or six containers or any combination of six total will be accepted at no cost on a scheduled, first-call-first-served bulk collection basis. Call the City at 366-7040 for more information.
- Handle it yourself by composting, using a mulching mower, or by taking it to one of the Department of Natural Resources and Environmental Control (DNREC) free community yard waste drop-off sites:
  - Look into starting a compost pile in your yard. Delaware Solid Waste Authority (DSWA) and the University of Delaware Extension Offices are both selling composting

bins for \$10.00. The bin can be expanded to three feet in diameter.

- Take yard waste to the convenient, free drop-off facility on Polly Drummond Hill Road.
- You can also arrange to have someone else manage your yard waste by either hiring a landscaper or making arrangements to have your waste hauler remove your yard waste.
- Sign-up for DSWA's *Pay-As-You-Throw* yard waste collection program. Residents purchase stickers for a \$1 a bag and place yard waste at the curb for pick-up by DSWA. Stickers must be bought in \$10 increments. Call 1-800-404-7080 or visit http://dswa.com/programs\_ yard.asp for more information.

#### Major Shopping Center Proposed for Possum Park Road — Again!

For the third time in 34 years a major shopping center has been proposed on the Stopyra Tract on Possum Park Road across from Holy Angels Church and School. Citizen Advocacy Possum Park Area (CAPPA) has consistently opposed the commercial rezoning of the Stopyra Tract and is working to ensure reasonable development and preservation of open space. Contact David G. Onn, President, at dgonn@udel.edu for more information.

#### **TV Converter Box Coupon Program**

As you may have heard, at midnight on February 17, 2009, all full-power television stations in the United States will stop broadcasting in analog and switch to 100% digital broadcasting. Digital broadcasting provides a clearer picture and more programming options, and will free up airwaves for use by emergency responders.

Congress has created the TV Converter Box Coupon Program for households wishing to keep using their analog TV sets after February 17, 2009. The Program allows U.S. households to obtain up to two coupons, each worth \$40, which can be applied toward the cost of eligible converter boxes.

A TV connected to cable, satellite or other pay TV service does not require a TV converter box from this program. Converter boxes are expected to cost between \$50 and \$70.

Consumers have a variety of options:

- 1. keep your existing analog TV and purchase a TV converter box. A converter box plugs into your TV and will keep it working after Feb. 17, 2009; or
- 2. connect to cable, satellite or other pay service, or
- 3. purchase a television with a digital tuner.

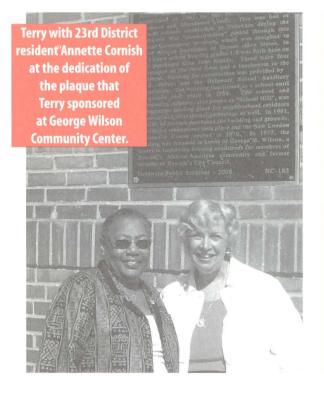

For more information, or to obtain a coupon, visit www.dtv2009.gov/ AboutProgram.aspx, or call 1-888-388-2009.

Tip Terry Medicare health insurance counseling. Call 1-800-336-9500. Even if you don't normally file a federal tax form you may qualify for an Economic Stimulus Payment. However, you must file a tax form by October 15, 2008. Call 1-866-234-2942 for more information.

#### Planning a Fall Community Cleanup?

Each fiscal year I receive a landfill user fee credit of \$1,000 for use in my district. The purpose is to encourage neighborhoods to conduct community cleanups by making it cheaper to dispose of the collected trash.

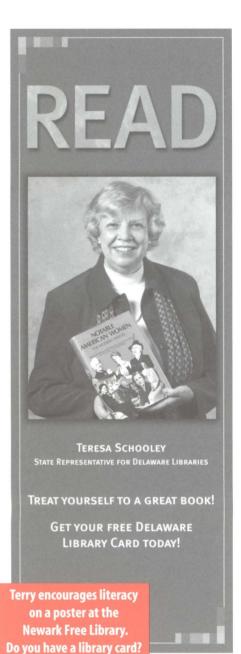

Here's how it works: pick a date (usually a Saturday) for your municipal, non-profit, or other local community association to organize a cleanup in your neighborhood. Then contact my office, and I'll provide you with a form for your truck driver to take to the land fill that day along with the trash you've picked up. (Sorry, I can't provide the truck!) The landfill operator will allow your driver to dispose of the trash without charge, and take the tipping fee (currently \$61.50/ton) off my credit account.

#### Text of the plaque:

#### **NEW LONDON AVENUE SCHOOL**

The first documented public school for African-American youth in the Newark community was established in 1867 by the Bureau of Refugees, Freedmen and Abandoned Lands. This was one of several schools established in Delaware during the post-Civil War "reconstruction" period through this federal government program, which was designed to assist African-Americans in former slave states. In 1922 a new school housing grades 1-8 was built here on land purchased from John Nields. There were four classrooms on the first floor and a lunchroom in the basement. Funding for construction was provided by P.S. duPont and the Delaware School Auxiliary Association. The building functioned as a school until integration took place in 1958. The school and surrounding property, also known as "School Hill", was an important meeting place for neighborhood residents for social and recreational gatherings as well. In 1961, the City of Newark purchased the building and grounds. Significant renovations took place and the New London Community Center opened in 1970. In 1977, the building was renamed in honor of George M. Wilson, a leader in improving housing conditions for members of Newark's African-American community and former member of Newark's City Council.

#### **Civic Association Meetings**

If you are interested in having me attend your community meetings, please send me an email or give me a call. I will be glad to come and talk with you and your neighbors. If there is a particular topic you would like to see addressed in future communitywide meetings, please let me know.

Tip Terry of 2.5 or higher can receive SEED (Student Excellence Equals Degree) scholarships for tuition for associate's degree programs at Del Tech or the Associate of Arts program at UD. See http://seedscholarship. delaware.gov/ or call 577-5240 for more info.

#### **Assistive Technology**

The Delaware Assistive Technology Initiative (DATI) is a wonderful organization that makes assistive technology available through its demonstration/ loan program. Included are hearing aids, text telephones, computer screen readers, magnifying glasses, Braille embossers, clothing with Velcro fasteners, wheelchairs, walkers, and special toys for children. Delaware residents can borrow equipment for temporary disabilities, "test drive" assistive technology devices, or watch demonstrations of various assistive technology options. The borrower must be a resident of Delaware; the standard loan period is two weeks; and a maximum of four devices may be borrowed at one time.

For more information on this program, please go to www.dati.org/loan/ short-term\_policy.html or call the New Castle County Assistive Technology Resource Center at 651-6790 or 651-6794 (TDD).

#### **Identity Theft**

Identity thieves raid mailboxes for credit card offers and statements. Remove mail promptly from your mailbox. Never use your mailbox for outgoing mail.

What should you do if you are a victim? Identity Theft Passports are now available from the Consumer Protection Unit of the Attorney General's Office. As a result of legislation I sponsored, citizens can fight back with an Identity Theft Passport which can be presented to law enforcement agencies, creditors, and consumer reporting agencies as official notice that substantiates that you have been a victim. For more information contact 1-800-220-5424 or www.state. de.us/attgen/.

Tip Terry Investigate before you invest! The Delaware Department of Justice has opened the Delaware Investor Resource Center at www.InvestorResourceCenter.org offering financial resources and tools.

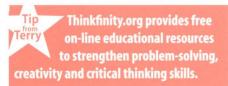

#### Vial of Life Kits Available

The New Castle County Vial of Life program is offered to residents who suffer from disease and take medications on a daily basis. The program provides a form on which you can list your medical history, medications taken on a daily basis, and any other medications you take or significant allergies you have. Other information can include your family doctor, cardiologist or other specialist, and hospital of choice. You then place the form in a small medication-sized container labeled "Vial of Life" and store it in your refrigerator. A magnetic card is provided to attach to the outside of the refrigerator to indicate that the vial is inside. Although the vial does not require refrigeration, this location was chosen as it is a nearly universal appliance within the home. Emergency medical personnel responding to an emergency at your home are trained to look for the magnet on the refrigerator

and take the Vial of Life along with you if you must go to the hospital.

The Vial of Life program helps eliminate common errors that occur when a person is rushed to the hospital. Among them: inadvertently omitting a medication a patient was taking at home during a hospital stay; failing to ensure that home medications temporarily stopped during a hospital stay are restarted when the patient is discharged; duplicating medication orders because of confusion between brand and generic versions of a drug; and prescribing incorrect dosages.

Contact the Emergency Medical Services Division at (302) 395-8184 to obtain a Vial of Life kit.

0

## Voices from the 23rd District

Please take a few minutes to answer the following questions.

I really value your opinions since I represent your views in the Delaware General Assembly. Two people per household may respond on this form. If more than two would like to respond, please email me at terry.schooley@verizon.net for more questionnaires. Thank you.

Your neighbors answered survey questions at Community Day. I value your opinions! Please fill out the survey and mail it to me.

State Representative Terry Schooley 2 Chapel Hill Drive Newark, Delaware 19711 PRST STD U.S. POSTAGE **PAID** Wilmington, DE PERMIT NO. 203

# Report to the People

Dear Neighbor,

I am very honored to serve as State Representative from Newark's 23rd District. I have met and talked with many of you during the past six years, and I always welcome your comments, suggestions, concerns, and problems. The 145th General Assembly has been one of the most challenging two-year legislative sessions in our history. We faced a record \$800 million revenue shortfall last fiscal year. FY10, which resulted in several difficult votes for all of us. This year we managed to balance the budget without raising taxes. Responsible cuts produced a Fiscal Year 2011 Budget over \$57 million less than the state budget passed in FY09. Over the past two years we have cut 1,026 positions from state government out of 16,000 – without any layoffs – even though the demand for state services like education and healthcare have grown. We also eliminated over \$300 million in expenditures and made government more efficient while maintaining critical state services. However, we will continue to face challenging budget issues in the foreseeable future and must continue to look for cost-saving measures while preserving our core mission of serving our citizens.

On a more positive note, we expanded the Freedom of Information Act and opened access to the budget process before the close of session. We enhanced protections for Delaware's vulnerable children and infirm adults. We established a curbside recycling program and passed a series of energy conservation and efficiency bills. New initiatives to offer more flexibility and incentives for small businesses were instituted. And we passed legislation protecting the rights of all Delawareans regardless of sexual orientation. For more information on specific bills please check out my website at www.terryschooley.com.

As always, please do not hesitate to contact me at my home or legislative office.

Sincerely, Jerri

#### Roads, Roads and More Roads

Each member of the General Assembly is allocated money from the Bond Bill for the Community Transportation Funds to be used for road improvements such as repaving and curb replacements, sidewalks, and community signs. Each legislator received \$175,000 for Fiscal Year 2011. The following is a list of streets (or sections of streets) and projects which I have funded over the past few years; some are complete, some are underway, and some will begin in the near future:

- -Baylor Drive
- -Briar Lane
- University of Delaware crosswalk across Delaware Avenue
- Neighborhood signs for Fairfield Crest, West Meadow, Northgate Commons, Covered Bridge Farms
- Speed humps and crosswalks
   by Maclary School
- -Old Papermill Road sidewalk

- Hazardous road condition? Report it at (302) 659-4600.
- St. Regis Drive
- Woodsman Drive
- Panorama Drive
- Hanover Place
- Devon Drive
- Peach Road
- Firethorn Court
- Tufts Lane

The Department of Transportation has some more extensive projects planned for the Newark area which may be of interest. They are listed at www.terryschooley.com. Click on *Roadwork*. You can also email me at terry.schooley@state.de.us to receive roadwork updates by email.

Tip Terry Terry Terry Terry Terry To subscribe to my monthly Email Update containing timely information helpful to you, email me at terry.schooley @state.de.us and ask to be added to the Email Update list.

#### **Identity Theft**

The 23rd District is home to many retired State employees, especially retired teachers. I am concerned about the security breach involving State benefits' consultant, Aon, and the publication of your personal information on the internet. My husband, Kit, and I were recently victims of identity theft (not related to Aon), so I know how frustrating it can be. (I coincidentally benefitted from a piece of my own legislation by getting an identity theft passport from the AG's office.)

On September 1, I asked the Office of Management and Budget to require Aon to offer lifetime credit monitoring to victims at no cost, instead of the current proposal of one year's monitoring. When I receive any more information, I will pass it along.

For more on identity theft, go to: http://attorneygeneral.delaware.gov/ consumers/protection/idtheft.shtml

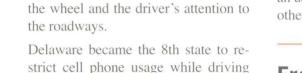

#### **REAL ID Driver's Licenses**

In 2005, the U.S. Congress passed the REAL ID Act to create a driver's license and identification card that would improve the integrity and security of state-issued licenses and cards to help fight terrorism and reduce fraud. This new license/ID card can be used to board commercial aircraft and enter federal buildings such as the Allen Frear Federal Building in Dover.

Beginning in 2010, those of you visiting the DMV who want to get this secure license/ID card must bring source

Curt Bedford, gave Newark High School a Delaware flag that flew over the State house.

Delaware State Police indicate that

accidents caused by cell phones have

increased each year, and studies show

that cell phones are a distraction while

driving. Removing the cell phone from

the driver's hand returns the hand to

**Cell Phone? Hands-Free or Hang Up!** 

strict cell phone usage while driving when it passed House Bill 229, which I co-sponsored. The comprehensive statewide restriction requires drivers to use a hands-free device – such as a headset or speakerphone – to talk while driving, and also prohibits text messaging, sending or reading e-mails or browsing websites while the vehicle is in motion. The cell-phone bill, which takes effect January 2, 2011, permits

a driver to punch in a number or activate the hands-free device, but the driver must put the phone down while talking. A first violation of this primary offense will carry a

documents such as a birth certificate, passport or immigration documents to establish your identity, social security information and proof of residency.

Keep in mind that this is an optional process. You still can get a standard license or identification card the same as you have done for years. Beginning December, 2014, you will not be able to use that standard card as identification for federal purposes, such as boarding a commercial flight or entering a federal building. The way the

> federal law is written, you will need the secure license/ID card **or** another secure document (such as a passport) to fly commercially or walk into a federal building.

For more information on this topic, please call your local DMV or visit www.dmv.de.gov. civil penalty of \$50. A second offense will carry a fine of \$100-\$200.

The bill allows exemptions for police, firefighters and other emergency personnel. It also allows drivers to report an accident, fire, reckless driver or another emergency.

#### **Free Credit Report**

Federal law allows you to receive one free credit report every twelve months. Please log on to www. annualcreditreport.com or call toll free 1-877-322-8228. It is a good idea to check your credit report every year to protect yourself from identity theft. Do not be fooled by organizations with similar-sounding names who advertise heavily on radio and TV. Annualcreditreport.com is the only government-approved entity to offer you one free credit report per year, no strings attached.

#### Vial of Life

The Vial of Life program is offered to residents who take medications on a daily basis. You fill out a form with your medical history, all medications and significant allergies. You may also include your family doctor, cardiologist or other specialist, and your preferred hospital. The form is placed in a small medication sized container labeled "Vial of Life" and is stored in the refrigerator. A magnetic card is provided to attach to the outside of the refrigerator to indicate that the vial is inside. County EMS personnel are trained to look on your refrigerator door if they are called to your home for an emergency. Contact New Castle County's Emergency Medical Services Division at 395-8184 to obtain a Vial of Life kit.

Tip Terry Medicare health insurance counseling. Call 1-800-336-9500.

#### Delaware College Investment Plan

I sponsored House Bill 355, which the Governor recently signed into law, that makes it easier to save for college tuition by allowing individuals to deposit their State income tax return directly into a Delaware College Investment Plan account. This should help families save as college costs continue to go up, up, up!

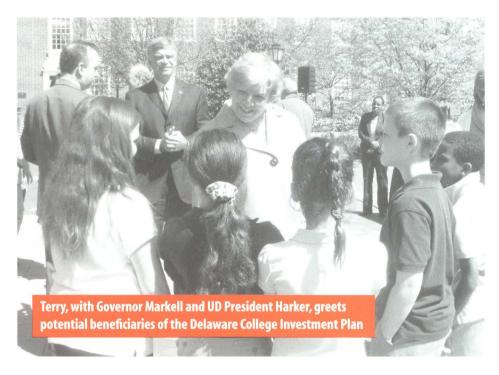

#### **Race to the Top**

Delaware was one of only two states to win the first round of President Obama's Race to the Top competition for funding for education innovation and reform. Congratulations to Gov. Markell, the Department of Education and all the stakeholders — from the teachers' union and school administrators to parents and the business community — who worked together to ensure Delaware's students are receiving an excellent education and submitted the successful application which will bring over \$100 million to Delaware schools over the next four years.

Tip Terry Many resources available to our community are now available in one place. Bookmark www.dehousedems.com, click on *Constituent Services*.

#### **Roll Call Lifeline**

The Senior Roll Call program is run by the New Castle County Police and provides a reliable, daily telephone call to seniors. Every morning you will receive a phone call from the program. When you answer the phone, a prerecorded message will ask if you are OK. Just hang up the phone and the computer will note all is well. Please call 395-8159 to learn more about this free program.

#### School Property Tax Relief for Seniors

The senior school property tax credit program continues to be a success in reducing the tax burden on eligible senior homeowners. Seniors may call the County Assessment Division at 395-5520 for a tax relief application. To be eligible in New Castle County, you must turn 65 by June 30 and you must apply by September 1. Once you receive the credit, you do not have to re-apply each year. In addition, New Castle County Government provides for property and sewer tax reductions depending on your income. Call 395-5520 for more information.

#### **Bradley Bills**

Thousands of Delawareans were horrified by the news of Lewes pediatrician Earl Bradley allegedly molesting more than 100 children. The General Assembly passed a package of nine bills which will hopefully ensure that this never happens again; that there isn't a breakdown in the system. This package of bills takes several important steps in addressing the problems that both the governor and the attorney general's reviews found. While these bills aren't going to be a cure-all, I hope they will address the issues identified to prevent future tragedies.

#### **Checking Up on the General Assembly**

In making the Legislature's expenses available through the State Online Checkbook, the General Assembly took a major step toward transparency and open government. Making our financial data available online is an effective way to give Delaware taxpayers a clear and more complete view of how their money is being spent. The Online Checkbook not only lists all of the expenses paid by the Legislature, but includes a database that can be searched by payment category as well as vendor. Check it out at http://checkbook.delaware.gov/

 An elder law handbook is available at www.delaware elderlawhandbook.com/

Delaware offers help for homeowners facing foreclosure: www.deforeclosure help.org/mediation.html

## Voices from the 23rd District

Please take a few minutes to answer the following questions.

I really value your opinions since I represent your views in the Delaware General Assembly. Two people per household may respond on this form. If more than two would like to respond, please email me at terry.schooley@verizon.net for more questionnaires. Thank you.

- 1. Should open space preservation be a priority in Delaware, including increasing the amount officials are authorized to spend for such purposes?
- 2. Do you support the expansion of gambling to venues other than Delaware's existing three Racinos?
- 3. Should adults of legal drinking age be able to have wine shipped directly to their homes from producers' vineyards?
- 4. Do you believe all documents financed with taxpayer dollars should be made available to the public?
- 5. Do you believe food items containing trans-fats should be banned from public school cafeterias and vending machines?
- 6. Should beer and wine be available for sale in grocery stores here in Delaware, as they are in nearby states?
- 7. Should the State create an exception to the criminal laws to permit doctor-recommended use of marijuana by patients with serious medical conditions?
- 8. Would you support a statewide property reassessment knowing that there has not been such a reassessment in more than 25 years?
- 9. Do you favor using tax revenue to expand mass transit opportunities across Delaware, such as commuter rail services or increased bus service?
- 10. Do you support raising the minimum wage by allowing it to adjust with the rate of inflation?
- 11. Thirty-two states have some form of early voting. Do you support a constitutional amendment in Delaware to allow early in-person voting by registered voters?

Please include any comments on the back, along with contact information if you would like a response.

Your neighbors answered survey questions at Community Day. I value your opinions! Please fill out the survey and mail it to me.

# The future of our state depends on the quality of our schools.

No one fights harder for Delaware's schools than Terry Schooley.

Terry and her grandchildren Tate and Taylor

#### A former teacher and director of KIDS COUNT, Terry Schooley produces concrete results for our schools.

Terry started out as a teacher and ever since has dedicated her career to Delaware's kids. As a member of the Christina Board of Education and former President of the Delaware School Boards Association, Terry knows our schools inside and out. She understands that parents, the public and decisionmakers need concrete, unbiased information about our schools and our children. So Terry took the wheel at KIDS COUNT, a project that gathers statistics on the status of children and families and gives policymakers tangible information so they can provide resources to fit our children's specific needs.

# Terry Schooley gets results for our kids, in Newark and throughout Delaware. In just a short time, Terry has:

- Provided access to early childhood programs for every child
- Passed important legislation to close the achievement gap throughout our state
- Made higher education more accessible and attainable for Delaware's children
- Improved our children's quality of life as a founder and Co-Chair of the General Assembly's Kids Caucus
- Improved education for students with special needs
- Helped secure funding for our schools Delaware is one of only two states to win the first round of Race to the Top awards – bringing over \$100 million to our schools

"Delaware's future rests in our schools. Thank you for supporting me in the fight to prepare our children for tomorrow's challenges."

#### Experience, Leadership, Results.

A former school teacher and Newark resident for more than 25 years, Terry Schooley remains a leader in protecting Delaware's women, children, and families. She ran for Representative four years ago to improve our community—and she has done just that. Since joining office, Terry has tackled tough issues and delivered real results. In honor of her hard work, Terry was named "Woman of the Year" in March 2006 by the University of Delaware Women's Club. She and her husband, the Rev. Dr. Kit Schooley, have two grown daughters, Tara and Korynn, and two grandchildren, Tate and Taylor.

www.**terryschooley**.com

## "I joined the State Legislature to stand up for **Delaware's children...**

I'm proud of what we've accomplished these last four years, but our work is not done. Join me in the fight to bring better-paying jobs, stronger schools, and affordable health care to the 23rd district."

> - State Representative Terry Schooley

# **TerrySchooley** is putting Delaware's families **first**

DEPARTMENT OF

TRANSPORTATION

#### Delaware's strongest advocate for our children's future

As Co-Chair of the bipartisan Kids Caucus and Executive Director of KIDS COUNT, Terry is putting our children ahead of partisan politics. Terry has sponsored over 20 bills on children's health insurance, quality child care, and child safety—including Delaware's Toy Safety Act, the first law in our state to prohibit the sale of toxic and hazardous toys. Terry is committed to protecting children and—as Chair of Delaware's Child Poverty Task Force—reducing child poverty by 50% in the next 10 years.

# Responsive, effective leadership delivering results

As our State Representative, Terry has listened and learned—and fought to be there on the issues that matter most to our communities. She co-sponsored the Cancer Right-to-Know bill that gives the public access to the cancer registry, following complaints over a possible cancer cluster in west Newark. To combat over-crowded classrooms, Terry opened up Delaware's education system, sponsoring a bill mandating all class size information be available on the Dept. of Education website. And Terry brings state government directly to our families, holding community meetings on college financing, identity theft, insurance issues, and neighborhood safety.

#### A real plan to help Newark's families

Terry knows that with the rising cost of health care, our families are struggling financially. That's why she fought for pension increases for retired state, county, and municipal employees—including our judges, police officers, and firefighters—and twice voted to raise the minimum wage. As our Representative, Terry will continue to work for more affordable health and child care, stronger schools, and better-paying jobs for all Delawareans.

# "Let's keep it simple. We have to get Delawareans working again."

-Terry Schooley

#### I'LL FIGHT TO GROW GOOD JOBS IN DELAWARE.

To get people working again, we need to shake things up. New industries and businesses will bring good jobs to our communities. That's why I'm working to make it easier for clean energy businesses to grow in Delaware. And we need to invest in our schools to prepare our kids to succeed in a changing job market. As a board member of Jobs for Delaware Grads, I'm helping students successfully complete high school and transition into the job market.

# On November 2nd *invest in Delaware's future.*

### WE NEED TO SUPPORT SMALL BUSINESSES TO KEEP JOBS IN OUR STATE.

We can grow jobs by nurturing an environment that supports investment and entrepreneurship. That's why I fought for funding to develop the old Chrysler site – bringing new and good-paying jobs to Delaware. The Fisker Auto plant will build energy-efficient cars to help us build a sustainable economy in Delaware. Supporting our local businesses means more jobs where we need them – in our community.

# Our Economic Future is sitting in Our schools

"Children make up 25% of Delaware's population but 100% of our future" - Terry Schooley

Terry Schooley believes that Delaware's future depends on the quality of education we provide our children in school. Delaware's children will help shape a changing world so it's important they have the tools necessary to compete on both a national and international level.

## Terry Schooley fights to improve our economy by strengthening our education system.

To move Delaware's economy forward we must have a workforce that is ready to handle the challenges of the future. As Chair of the House Education Committee, Terry Schooley helped secure a national Race to the Top grant - pumping more than \$100 million into K-12 education for our children. As director of KIDS COUNT in Delaware, Terry Schooley ensures our policy makers have access to cutting edge research and statistics in order to pass informed laws that help our schools.

Terry works tirelessly to create educational opportunities from early childhood through adulthood. Terry replaced the flawed Delaware Student Testing Program with an improved Delaware Comprehensive Assessment System test. She's fighting to make sure our schools have the tools they need to close the achievement gap. She works to make higher education accessible to all families in Delaware.

#### www.terryschooley.com

Terry Schooley believes educational opportunity and economic prosperity go hand in hand.

## Terry Schooley is leading the charge to create new opportunity in Delaware.

- Encourage innovation and job creation in emerging fields through the Clean Energy Jobs Package
- Attract business to Delaware by creating a highly educated and dynamic workforce
- Provide incentives to businesses to bring jobs to Delaware
- Assist families with efforts to pay for higher education and career training
- Protect the rights of disabled students
- Increase access to quality early childhood education

Working Together, We Can Accomplish More.

## **Terry Schooley** proved it...

## **Terry Schooley** for State Representative

## Doing What's Right for our Children

All across the country, money is tight. To protect what we value the most – our children and their educational opportunity – **we must work together to find solutions**.

That's why, during Delaware's 2009 budget crisis, when public school educators and state employees took a 2.5% pay cut, **Terry Schooley worked across party lines to protect the educational opportunities our children need:** 

- Preventing the layoff of teachers.
- Building and renovating our schools.
- Ensuring the preservation of college scholarships such as the SEED and INSPIRE programs.

#### Terry Schooley knows it takes more than anger to solve our problems.

Mejad

The members of the Delaware State Education Association – our teachers and support professionals – urge you to vote for Terry Schooley on Election Day, Tuesday, November 2nd.

Paid for by the DSEA Advocacy Fund for Children and Public Education, Diane Donohue, chair; Howard Weinberg, treasurer. Not authorized nor paid for by any candidate or by any committee of any candidate. The cost of presenting this message is not subject to any campaign contribution limit.

## Bill Stritzinger

## A Plan to **Protect Jobs**

*Bill Stritzinger's* plan is to protect jobs and save money by making sure that our tax dollars are spent efficiently and responsibly.

In 2009, Dover bureaucrats INCREASED taxes and fees 15 times. With one of the highest unemployments in the country, *Bill Stritzinger* knows that the last thing our small businesses and entrepreneurs need is another hurdle.

*Bill Stritzinger* opposes the mazes of fees and red tape that hurt our local employers.

*Bill Stritzinger* will work to bring new businesses to Delaware and retain the ones already here.

Call Bill Stritzinger at 302-468-1421 and Tell Him You Support His Plan.

## Higher Taxes and Spending Don't Create Jobs.

## **Politicians in Dover Have Hit Us** With MASSIVE JOB-KILLING TAXES.

hey succeeded in raising our taxes 15 times. hey increased state spending by hundreds of m They raised our personal income tax nearly 17%.

#### Now, our families a ng the price. (10)

00

#### **BILL STRITZINGER** has a plan to STOP those tax hikes and get Delaware working again.

## **Control the Spending.** Eliminate Waste.

- Streamline government by not replacing non-essential workers that leave state service.
- · Require the state's budget bills be introduced earlier - preventing wasteful spending from being passed in the middle of the night with no public scrutiny.
- Provide Incentives for Employers to Work and Hire Locally.

Call BILL STRITZINGER at 302-468-1421 and tell him you support his plan to get Delaware working again.

WASTED.

## **BILL** Stritzinger

#### We Can Stop The Spending

#### **Cutting Government Waste**

Over the last two years, politicians in Dover have raised taxes 15 times, including hiking the Personal Income Tax by nearly 17%, and increased spending by nearly \$214 million. We can't afford this sort of reckless spending.

**Bill Stritzinger** knows that our families are forced to cut back and he opposes the wasteful spending that happens in Dover.

#### Bill Stritzinger wants to:

• Streamline Government By Placing A Hiring Freeze On Replacing Non-Essential State Workers

- Eliminate Waste
- Encourage Job Growth

Call **Bill Stritzinger** And Tell Him You Support His Plan to Stop Wasteful Spending In Dover at

Reduce Spending Eliminate Debt Create Jobs Improve our Schools

Put Newark Families First Again!

Bill Stritzinger for State Representative

Bill Stritzinger is a husband, father and small business owner who **understands the challenges we face every day over rising taxes, education and making ends meet** because he faces them too. In Dover, he will use this understanding to fight for us.

#### REAL-WORLD BUSINESS EXPERIENCE

As a successful small business owner, Bill **has controlled spending, met a budget and created jobs**. He'll use these skills to bring fiscal sanity to Dover, fight for economic growth, and stand up to the career politicians to fix a broken system. He'll work with local businesses to encourage investment in our community and create jobs right here.

#### ONE OF US

A lifelong resident of Newark, and product of our local school system, Bill knows we deserve better. That's why he will **fight to provide our children the quality education they deserve**. He will do this by holding our schools accountable and by providing the resources and technology needed to teachers so that they can prepare our children for the future.

## Colin Bonini Has Told Them More Than Any Other Legislator

As a State Senator, **Colin Bonini has cast more NO VOTES** than any other member of the legislature.

When they wanted him to raise our taxes, **Colin Bonini VOTED NO**.

When they wanted him to increase spending, **Colin Bonini VOTED NO**.

When they wanted him to increase fees on businesses, **Colin Bonini VOTED NO**.

When they wanted him to go along to get along, **Colin Bonini VOTED NO**.

When they insisted that he change his vote to support a big spending state budget.

He changed his NO VOTE to "HELL NO".

## It's Your Money!

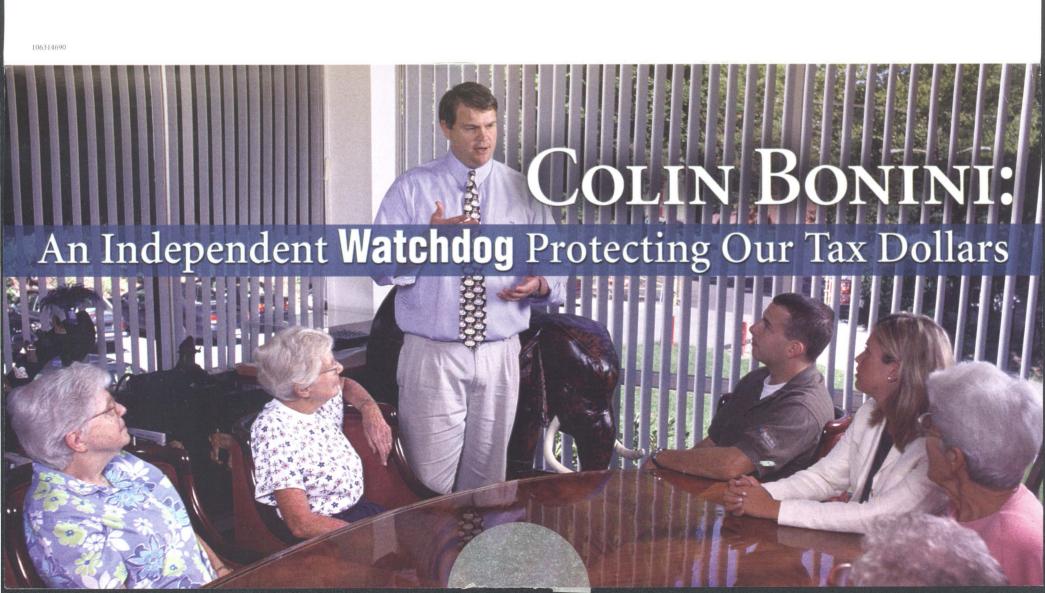

Call Colin Bonini at 302-698-4112 and tell him you support his plan to protect our tax dollars.

**Colin Bonini**, has a plan to make the Treasurer's office the **top fiscal watchdog** in Delaware.

Please vote for Colin Bonini for State Treasurer on November 2nd.

From the desk of Melissa Harrington Bonini

106314693

#### Dean Neighbon,

Colin Bonini is a good man, that's why I married him. I would personally like to thank you for the support that you have given Colin and the warm welcome that you have shown to me. When Colin proposed to me, he told me what a special place Delaware is, and assured me that I would quickly grow to love it as he does. He was right, and as I have traveled the state with him this year, the kindness and support that we have been shown by Delawareans everywhere have been nearly overwhelming.

This has been the most surprising political season that I can remember, and I am sure that the strangeness and negativity has tried your patience too. I hope that I can bring something positive to this race by sharing with you why I think Colin is the best person to be our State Treasurer.

One of the things that I most admine about Colin is his integrity. He is the nane politician who will tell votens exactly where he stands, and then fight for what he believes even when it costs him. The votens in our Senate district know that Colin would never vote for something he thought was wrong to go along with other politicians or win himself some advantage. Colin feels very strongly that state officeholders should not enrich themselves at the public expense, so unlike his opponent, he has no plans to hold another job while serving as treasurer.

Everyone who has met Colin knows the warmth, kindness and unfailing countesy that made me fall in love with him. Colin always opens doors for others and greets nearly everyone he sees (even when it is not an election year). If he sees a woman or an elderly person with their arms full, he always rushes to assist them, and he always says please – even on his campaign signs. Even though we have been married for years, Colin still tells me every day how much he loves me, still sprints around the car to open the door for me, and still does the dishes every night – even in this busy campaign season.

As State Treasurer, Colin will look out for the interests of Delawareans just as he has been doing in the State Senate. His official phone number (the one on this letter) still rings in our kitchen, and if Colin is at home, he answers it. It will not occur to Colin to change the number, even when he is serving a statewide constituency.

Again thank you for your support and good wishes. Please remember to vote on November 2.

My warmest regards.

Melissa Harrington Bonini

# CHIP FLOWERS WANTS TO EXPERIMENT WITH YOUR TAXPAYER DOLLARS.

People for Velda P.O. Box 9612 Wilmington DE, 19809

PRSRT STD U.S. POSTAGE PAID UNIVERSAL PRINTING

In these tough financial times, **Delaware needs a State Treasurer** with proven financial experience – not someone who wants to experiment with your taxpayer dollars!

Velda Jones-Potter A Proven Financial Leader

- Helped maintain our AAA bond rating saving taxpayers millions of dollars
- - Under Velda's leadership as Finance Director of the City of Wilmington, she turned 4 straight years of deficit spending into a \$5.1 million surplus
  - Was the first choice of Gov. Jack Markell to lead Delaware through these tough economic times

The **only** candidate for Treasurer endorsed by the Delaware State Democratic Party

**On September 14, vote Democrat Velda Jones-Potter** www.VoteVelda.com or call 302-478-1080

#### State Treasurer Velda Jones-Potter is a proven financial leader who is helping get Delaware through these tough economic times.

Delaware is one of only seven states in the country to maintain its AAA Bond Rating. That means when we borrow money, we get the best price for it. In fact, a recent refinancing saved taxpayers nearly \$10.3 million dollars.

Banks holding state money have been held to a new level of scrutiny. That means added safety and security in these uncertain financial times.

The Treasurer's Office is operating at a new level of efficiency, becoming one of the few agencies in the state that returns money each year. That means lessening the tax burden on you.

#### On September 14, vote Democrat Velda Jones-Potter www.VoteVelda.com or call 302-478-1080
