## Lovett Spurs Council To Act On Problems Important To Town

Streets To Be Repaired Before Winter; Safety Gate Action To Be Taken; Other Conditions To Be Improved

### TO REBUILD BRIDGES

At the regular monthly meeting of the Town Council, held Monday evening in the Council room, Councilman William J. Lovett stirred the lethargy of the usual routine of the City Fathers by introducing discussion of ten important questions, and the discussion resulted in clearing a number of problems that have been hanging here for some time.

Probably the most important question answered was whether or not the Town would put the streets in shape before winter. Street Committee, composed of William J. Lovett and O. W. Widdoes, was assured that immediately following the completion of the water and sewer extension work, the streets would be repaired, and that this work would be done before cold weather. A remedy was promised for the backing up of surface water at the corner of Academy street and Kells avenue.

The question of safety gates brought forth considerable discussion and many suggestions. The action in this matter was not definitely settled, but the Council realizing the grave importance of this problem is taking steps to come to a quick and practical solution.

A decision was made that where property owners have already paid for water and sewer connections, but are being reconnected to the new sewer and water lines, the expense of the work is to be born by the Town.

Mr. Lovett brought up the problem, inherited from the County, of the interrupted sidewalk on the east side of Depot road. It was decided that the property owners who have caused the interruption would be interviewed and an immediate and amicable action taken, if possible.

In answer to a question by Mr. (Continued on Page 4.)

## Bertrand Russell First Chapel Speaker

Dr. Claude L. Benner, head of the Economics Department of the University, and director of Chapel, has announced some unusual speakers for "College Hour," this semester. In addition, Dr. Benner will be able to arrange a series of evening lectures by nationally distinguished Jewish scholars, to which the general public will be invited.

The speaker for the first "College Hour," October 19, will be the Honorable Bertrand Russell, one of England's greatest scholars. Russell, a distinguished mathematician, physicist and philosopher and the author of many books on a variety of subjects, will lecture on "Education and Good Life."

On November 2, Dr. Harold G. Moulton, director of the Institute of Economics, and an authority on foreign debt problems, will be the speaker.

On November 9, Louis Wolsey will lecture at "College Hour" on "What is Unique in Judaism's Point of View."

Through the generosity of friends of the University and with the cooperation of Rabbi Mischkind, of the congregation Beth Emeth, the following distinguished Jews will give evening lectures in Wolf Hall:

November 16, M. Lazarah, on "The Jew: Nation, People, or Religion."

November 23, Henry Hurwitz, on "The New Spirit in Jewish Learning."

November 30, Dr. A. H. Silver, of Cleveland, on "Jewish Influence on Civilization."

The tentative hour appointed for these lectures is 8 o'clock. Any change in this hour will be announced in the press.

## NEWARK P.T. A. MEETING

The first meeting of the Newark Parent-Teacher Association for the school year will be held in the High School Auditorium next Tuesday evening at 7.45 o'clock. The president, Mrs. Thomas Ingham, will preside.

## To Preach Here Sunday

BISHOP WILLIAM F. McDOWELL, LL.D.

## Bishop McDowell To Preach Here Sunday

Evening Sermon To Climax Rally Week Program Of Methodist Church

At the Sunday evening service in the Newark M. E. Church, Dr. William F. McDowell, Resident Bishop of the Washington Area, will occupy the pulpit. This event is the climax of the Loyalty Week program which is being held this week. The church is anxious for the students of the University to hear Bishop McDowell at this time.

At the morning church service Dr. J. W. Colona, District Superintendent of the Wilmington District, will deliver the sermon. The Sunday School will hold its annual rally day service. All members of the Sunday School are expected to be present.

The Loyalty Week program has been progressing very nicely. At the session of the Sunday School last Sunday, promotion exercises were held. Thirty-six children were promoted from the Cradle Roll to the Beginners' Department. The names follow:

Paul Widdoes, George Robinson, Mildred Baylis, Clyde Baylis, Laura Dean, Harry Gray, Mary Ottey, George F. Gray, Marian Jones, Charles Dear, Pearl Tweed, William Messick, Merrill Robinson, Ralph

Adams, George Truitt, Harvey Gregg, Amelia Richards, Doris Brown, William Dean, James Morgan, Goldie Bell, Francis Cooch, Preston Fulton, Eleanor Powell, Orville Bolton, Elizabeth Rhodes, Marjorie Rittenhouse, Lewis Nichols, Francis Grant, Joseph Reynolds, William Smith, Jane Armstrong, Eleanor Mumford, Doris Lovett, Roger Attix, Alan Thomas.

The promotions from the Beginners' to the Primary Department follow:

Francis Kendall, Rachel Jane Hastings, Robert Stafford, Oletha Harrington, Gustava Smith, Alice Campbell, Margaret Myers, Lyda James Sterling, Biffy Krim, Nolan Bredemier, Paul Robinson, Alfred Stiltz, Dorothy Cage, Richard Tweed, Helen Berry, Albert Aiken, Armand Durrant, Emily Cully.

Promotions from Primary to Junior Department:

Mildred Grant, Edith Stafford, Katharine Stafford, Adelta Dawson, Helen Cronhardt, Daisy Berry, Helen Brown, Pauline Ring, Gladys Beck, Elizabeth Fulton, Mildred Wilson, James Robinson, John Hopkins, William Lloyd, Samuel McFarland.

The boys of this group will be in a class taught by Mr. G. F. Gray and the girls will be taught by Mrs. E. F. Dawson.

At the Sunday evening service Dr. G. T. Alderson preached. On Monday night there were three former ministers back to the church. A very delightful program was presented under the guidance of Mr. F. A. Cooch. The choir rendered a number (Continued on Page 8.)

## BLAKEMAN GETS YEAR ON BIGAMY CHARGE

Leon Blakeman, who married Helen Vansant of this town when he already had a wife and two children living in Cohasset, Mass., was last week sentenced to one year in the Workhouse and to pay a fine of \$400, on a charge of bigamy. Judge Richards of the Court of General Sessions pronounced the sentence.

Blakeman has yet to face a charge of non-support in the case of a child born of his marriage with Helen Vansant. He has been arraigned before Magistrate Daniel Thompson on this charge and was held for trial before the Court of General Sessions.

## MOVIE BENEFIT

The Woman's Guild of St. Thomas' Episcopal Church, Mrs. Norris Wright chairman, will present a benefit motion picture at the Hanark Theatre on October 7. Two shows will be given, beginning at seven o'clock, featuring Richard Barthelmess in "The Drop Kick," the famous football picture. The comedy will be "Our Gang."

## D. C. A. MEETING

A meeting of the Newark committee to secure members in the Delaware Citizens Association was held last evening in the Council room. Reports of the committee showed that Newark is leading the towns in the State at this moment in point of membership.

## Newark Cow Sets New State Milk Record

Dairylike Rosebay Gypsy, a purebred Jersey cow, owned by Mrs. Mary C. Fowell, of Newark, has just established a new 305 day record for the State of Delaware. In ten months this mature cow produced 522.55 pounds of butterfat and 9456 pounds of milk. Her milk averaged 5.53 per cent butterfat for the official production test, and in her best month her production reached 66.98 pounds of fat. She carried calf for 182 days of the test.

While the championship passes to a new individual, it remains with the same herd, Dairylike Patricia, another of Mrs. Fowell's cows, having held the previous record with 474.97 pounds of butterfat and 9327 pounds of milk.

## VISITING NURSE'S REPORT

The report of Miss Alice Leak, the visiting nurse, for the month of September, is as follows: Number of visits, 175; of that number 99 were nursing visits and 76 instructive. The nursing cases were divided thus: Cancer, 1; gastric diseases, 5; diabetes, 1; kidney diseases, 2; nervous cases, 4; prenatal cases, 1; maternity, 5; miscellaneous, 17; treatments, 31; birth certificates, 22. Health clinics are held every Wednesday from 1 to 5 p. m.; a tubercular clinic, on the first Monday of each month.

## Production Poultry Show Big Success

First Show Of Egg Producers Reveals Delaware's Place In Industry

The Production Poultry Show, which was held at Milford last Friday and Saturday under the auspices of the Milford Grange and the Delaware State Poultry Association, cooperating, has put new life into the breeders of production poultry in Delaware. It has revealed the fact that right in Delaware there are scores of poultrymen whose birds are second to none for production value. The exhibits at this show were a credit to the State and have served as the beginning of a program to let farmers at home and in other states know that they can buy in Delaware, hatching eggs, baby chicks, and breeding stock that cannot be excelled in any other state in the union. All day Friday and Saturday large crowds of poultrymen from different parts of the state worked their way among the coops studying and discussing the breeding of production poultry.

Mr. Vadakin, Superintendent of the International Egg-Laying Competition, who judged the birds, remarked that he had never seen a show in which the birds were in such excellent health. The close competition in every class showed that all the exhibitors are breeding toward a common (Continued on Page 8.)

## Schools To Observe Fire Prevention Week

To Have Special Program; Report Cards Out Today; Interest In School Government

Continuing the policy of last year, the Newark Schools, next week, will place emphasis in all grades and subjects in the matter of fire prevention, next week being nationally set aside as Fire Prevention Week. A special program for the week has been provided for in the regular safety program of the schools.

Report cards for the month of September will be issued at the close of school this afternoon. While the number of unsatisfactory marks has not as yet been definitely tabulated, a cursory survey shows a diminishing number in every grade. Each unsatisfactory mark on a report has been accompanied with an analysis of the cause, and constructive advice and help in remedy of the unsatisfactory condition.

Increased interest has been shown by the student body in student participation in school government. Last Friday, the election boards were organized and candidates at large nominated by secret ballot. The elections were held Monday. Executive committees of each home room, under a president, are working on problems of the school library, the administration of study halls, the preparation of daily lessons, and are compiling school cheers and songs.

Grades 1, 2 and 3, last week, made an enviable record in having 100 per cent punctuality. The same grades have again organized a rhythmic orcheater which plays at their daily assembly. Miss Katherine Jones is director; Guy Hancock, Jr., leader.

## AT MARKETING MEETING

Mr. Ed Willim, Jr., acting County Agent for New Castle County is in Salisbury, Md., today, attending an organization meeting of the Del-Mar-Va Association Marketing Bureau County Committees. These committees have been named for each county on the Peninsula to assist Dr. Bomberger in his Marketing Bureau work. Mr. Willim is representing the New Castle Committee of which H. C. Milliken, H. Wallace Cook, W. T. Pierson, J. D. Reynolds and Julian Kirk are the other members.

## PROFIT IN SCHOOL WORK

Philip Walton, a junior in the Newark High School and taking his third year of agriculture, has just completed profitably and successfully a project as part of his class work. A seven months record of a flock of 200 Buff Wyandotte hens, a dual purpose chicken, shows a net profit of \$107.33.

## Correction

In last week's issue of The Post, we credited the direction of the High School cafeteria to Miss Frances McCoy, teacher of home economics in the Newark High School. We have been informed that we were in error. The cafeteria, according to the school authorities, is under the direction of Mrs. Mamie Perry.

## Student Pool Drive Now Half Subscribed

\$26,000 Subscribed By End Of First Day. Expect To Get Total By End Of Week; Student And Local Committees

Approximately \$3,000 was subscribed yesterday, the first official day of the drive by the student committee of Delaware College, University of Delaware, to secure a fund of \$4800 to enlarge the gymnasium and build in the new wing a modern swimming pool. At a dinner, held Monday evening by the committee, subscriptions totaling \$23,000 were announced. One was for \$14,000, the donation of a friend. As many of the most generous friends of the University have not as yet been heard from, it is expected that the total amount will be reached before the time set for the close of the drive, next Monday; particularly if the students and alumni are prompt in meeting their assignments.

James E. Wilson, president of the Student Council and chairman of the students' committee working for the enlarged "gym," presided at the dinner and gave a talk on the great need for additional gymnasium room and especially a larger swimming tank, so that some of the meets could be held in the pool here. Edgar Reese, captain of the swimming team, also gave a short talk. Other speakers were Dr. Walter Hüllihen, president of the University, and Frank Collins, chairman of the local alumni committee. About 80 persons attended the dinner.

It was announced that about 95 per cent of the student body of Delaware College has subscribed on an average of \$18 each. The pledges from the students, members of the faculty and residents of Newark already total more than \$7,000 of the \$10,000 that was allotted this section. This was included in the \$23,000 reported subscribed.

The alumni has been allotted \$10,000. One alumnus has pledged \$2500 (Continued on Page 4.)

## Time Extended for Student Essay Contest

Mrs. Casper Whitney, of New York, Director of the Second Region, League of Women Voters, who last May offered two prizes of fifty and twenty-five dollars each for the best essays on the subject: "The Legal Status of Women in Delaware," written by any student then enrolled in the Women's College, has extended the close of the contest to October 10.

Originally, October 1 was set as the date when all manuscript must be in the office of Mr. Barclay, Professor of History and Political Science at the Women's College. The additional ten days have been granted for the benefit of those contestants who were finding it difficult to fully complete their essays by the first of the month.

It is Mrs. Whitney's intention to visit Delaware on the first of November to personally present the prizes to the winners. Officers of the League are greatly interested in this contest as they expect some of the essays to be valuable as a part of Delaware's contribution to the nation-wide research work of Delaware's contribution to the nation-wide research work of the League.

## LADIES' AID MEETING

The Ladies' Aid Society of the Newark Methodist Church will hold its regular monthly meeting on Thursday, October 6th, at 2.30 p. m. in the Lecture Room of the Church. Members are asked to bring their calendar cards in at this meeting. The society will hold its annual chicken supper on Thursday, November 17th.

## Newark Dahlia Show Opens This Afternoon

Entries Received Until 7 O'clock This Evening; Held In New Century Club

In order to give everyone who wishes to exhibit blooms in the Newark Dahlia Show, which will be held in the New Century Club this afternoon and evening and all day tomorrow, the hours of entry have been extended until 7 o'clock this evening. The show opens at 4 o'clock this afternoon and will be open until 9 tomorrow. The blooms may be viewed from 10 in the morning until 9 in the evening. The show is under the direction of A. D. Cobb.

The New Century Club is donating the club room for the show, and the Clover Dairy Company of Wilmington has loaned 600 bottles for single blooms. The tables are long and flat and banked entries may be arranged with a board and a couple of bricks for support.

In this kind of a show more weight is given to good color and truefulness to type than to extreme size of blooms. The rules of the show and the classes to be judged are as follows:

## Rules

All dahlia growers of Newark and vicinity are invited to enter their blooms. No prizes will be awarded but a local committee of judges will award first, second and third place (Continued on Page 8.)

## ANNUAL POULTRY TOUR OCTOBER 19 AND 20

The second annual Poultry Tour and Convention of the Delaware State Poultry Association will be held Wednesday, October 19th and Thursday, October 20th. The tour will start at 9.00 a. m. Wednesday, October 19th at Smyrna, and move southward as far as Bridgeville the first day. The second day of the tour will include visits to farms in the Southeastern part of Sussex county, and close with a business meeting, banquet and educational program at Milford.

The tour will be devoted chiefly to a study of problems of feeding, housing, and yarding the young stock, and the control of round and tape worms.

At the business meeting new officers for the Association will be elected. Following the banquet a lecture will be delivered by Dr. J. E. Ackert, Parasitologist, from Kansas State Agricultural College. Dr. Ackert is one of the foremost authorities on poultry parasites. He had the honor of being chosen to lecture on this subject at the recent World's Poultry Congress, held at Ottawa, Canada. Credit for securing Dr. Ackert for this occasion must be given to the Delaware State Poultry Association and Dr. Frank Hare, representing the State Board of Agriculture.

An article will appear in next week's papers giving the names of all farms to be visited and the things of interest to be seen at each farm. Tickets are now on sale for the banquet may be had by writing to Charles E. Grove, Milford, Delaware, chairman of the social committee.

## SPEEDERS FINED

Magistrate Thompson spent a busy afternoon, Saturday, hearing charges against speeders caught on the State highway. State Highway Officer Knecht brought in Charles Heath, of Berlin, N. J., and Rudolph Baucuerle, Jr., of Philadelphia. They were fined \$25 each. State Highway Officer Workman arraigned Ray W. Powell, of Darby, Pa., and Henry Nash, of Narberth, Pa. They each lightened themselves of \$25 and costs.

Last evening in Magistrate Thompson's court, several persons, charged with having unregistered dogs, were fined \$5 and costs each.

## NEW ORGANIST AT ST. THOMAS'

St. Thomas' Parish has been fortunate in securing Miss Sarah H. White, of Wilmington, as organist. Miss White, who is well known among music lovers of this section, is a pupil of Ralph Kinder, the famous organist of Holy Trinity Church of Philadelphia, and head of the Kinder Organ School. The people of St. Thomas' consider themselves favored in securing the services of this talented young woman in their chancel. Prof. George H. Ryden is choir director.

## Dr. Spaeth Gives Inspiring Address

Dr. John Duncan Spaeth, of Princeton University, gave the students of the University of Delaware a straight-from-the-shoulder talk at the convocation exercises at Newark last Wednesday. He told them plainly that they represent a privileged class, not because they have unusual advantages for obtaining knowledge, but from an economic standpoint,—privileged in the sense that they are temporarily relieved from the struggle for winning a livelihood, the struggle for existence, of helping their parents. "It is true, of course," he said, "that many students work their way through college, but, for the most part, the money they receive is for service to the student body and does not contribute to life outside."

This opportunity of being a privileged class comes from the people of the State and the challenge to the faculty and to the students comes not only from their parents, but from business men and persons whom the students have never seen. This challenge, the speaker repeated is to the student body and to the faculty, the challenge to show results, to realize obligation. The people of the State are back of the experiment, but they expect results.

The indifferent attitude of many students has provoked an investigation of causes by the students of a number of colleges, the speaker told us, with the following deduction: The student body of a college may be divided into three groups: The "students" (the minority), those who have a real interest in scholarship and study because it is life to them; the "studiers," or those who do the required work honestly, because they want credits; and the "barnacles," who, as the name implies, attach themselves to college life, with no definite purpose.

Dr. Spaeth purposely avoided the word "duty," but he called it by every other name under the sun. He assumed that Delaware students would rather be "propellers" than "barnacles" and gave his inspiring advice to that end. He declared a purpose to be the first essential in college life. He said: "Ability to form a purpose distinguishes the adult from the child." "There are lots of people who have never grown up to freedom," and, "When you have a clear and intelligent purpose, you have a right to freedom."

The three main purposes in education the speaker considered: Mental efficiency, which fits the man or woman to become a more efficient member of society, working expertly either with mind or hand; culture, "that enrichment of personality;" and service, "by which the life one lives makes life more worth living for others." Among the pertinent statements the speaker made in enlarging upon these points were:

"We in America want no leisure class."

"A very large proportion of every generation is being carried on the shoulders of the minority."

"What good is it going to do you if you make a living if you don't know what to do with the living?"

"The great discovery of higher education is that the world while things are not always the things which contribute to your happiness and success."

"Services to be efficient, to be useful, must be rendered by those who have learned the sources of power."

"Cultivate the art of enjoying, assimilating those things which increase by your enjoyment."

To illustrate the last admonition, the speaker compared wittily the enjoyment of a steak, which having been enjoyed, was gone, to a sonata, which having been enjoyed, made more music in the world, "Just one of the differences," he said, between a steak and a sonata."

The students were urged to be selfish enough to serve themselves, to get all the wisdom they could, then to watch for the opportunity to serve. "It was all very well," he said, "to be willing to save the child who has fallen overboard, but it is necessary for you to be able to swim." He told them not to get the idea that they were doing this and that for the college, but to work for oneself, with the comfort that the result will enrich the college without any definite, conscious intent on the part of the student. "Work," he urged, "stretch the muscles of your mind until you feel pain, —then you begin to grow."

Knowing how to do as well as how to argue and to think was strongly commended. "A motion or a meeting does not always save the day; there are a great many of us who believe in our political life that we can vote ourselves into a safe position."

To illustrate his idea that mental efficiency meant sometimes a combination of expert thinking and expert action, Dr. Spaeth told dramatically and effectively a story of an old captain of a fishing vessel. It seems that this

old man, as many seamen, was a reader. He had read of Lochinvar and when his boat was built and came to him one day from a westerly direction, he said, "Lochinvar came out of the West; my boat shall be 'Lochinvar.'" With his new boat and a crew of sixteen men, the captain went on a fishing expedition off the Newfoundland banks. One foggy day, sitting below in his cabin, suddenly he heard the rhythmic beat of the propeller of an ocean liner. He knew that the sound which came to him through the water could not be heard by his men up on deck and that the fog would obscure their view. With leaps, he went above and, without stopping to speak, unlashed one of the dories which was on the side of the boat and let himself down to the sea, rowing away as fast as he could. "Is the old man crazy?" shouted the crew.

In a few minutes, the huge hulk of the liner appeared and the "Lochinvar" was split in two, and the men fought for their lives in the frothing waves. When the wake of the big boat had calmed, the struggling men saw coming toward them the old captain in the little dory. One by one, they were hauled aboard. The big ship had stopped by this time and the men rowed to the spot where her whistle sounded, and climbed to her deck.

Now the old captain owns "Lochinvar II," built for him by the company which owned the ocean liner.

"If the captain had sat below," said Dr. Spaeth, "and made a motion that his vessel was in fifteen fathoms of water and therefore would not sink, and the motion had been carried, you may imagine the consequences. But he did not even make a speech. He was mentally efficient."

### Forests and Newspapers

There is an oft-expressed anxiety over the tremendous demands that the newspapers and other periodicals are making upon the forests, lest in a short time the earth will be shorn of all its coniferous trees. But from such solicitude a recent statement of the Premier of Ontario, the Hon. W. Howard Ferguson, should give relief. Speaking of the area of nearly five thousand square miles of forest in that Province which has been acquired primarily for the uses of The New York Times, he stated that with the plan of cutting contemplated and the resultant natural reforestation, this vast forest should "live for all time." The transmutation into pulp and then to newsprint may go forward even beyond the present demands without impairment of the supply which nature with an amazing industry is continuously manufacturing day and night, through the seasons and through the years which correspond roughly with those of man's average life.

So a tree suitable for newsprint may be said to serve its day and generation of human life and then in its own mortality make way for others.

**NEW ALARM CLOCKS**

**PARRISH'S**

of its kind that will serve the next in like manner. There need be no solicitude over the great annual consumption of pulp wood if only such a policy prevails as the Governments of Ontario and Quebec, notably, are following with regard to their forests. The real menace to the forests is fire. More timber is destroyed by fire than is cut for the making of paper and probably for any other useful purpose. There is nothing more depressing in nature than great stretches of burned-over land filled with blackened skeletons of a forest or the decadent growth that follows a fire. The great need, therefore, is to provide against the spread of fire. This the Canadian Provincial Governments are undertaking with vigor, realizing as never before the preciousness of their trees. The Canadian Air Force has come to be a real factor in scouting for this enemy of the forests.

The fact that almost the entire export of Canadian newsprint (93 per cent) comes to the United States, and that this now equals or exceeds the total output of our own mills, suggests the dependence of the American public for its daily paper upon the forests of Canada. If every sheet of paper produced there bore the water-mark "made in Canada," there would be hardly a home in America without a certified Canadian product.—N. Y. Times.

(We are reprinting this news item from the Smyrna Times because we think it may strike the eye of some Newark young people and give them an idea relative to the Newark Ambulance.—Eds.)

**SMALL GIRLS AID HOSPITAL**  
Give to Operating Table Fund By "Keeping Store" on Goods Box

One day last week when little Eleanor Hope, daughter of Dr. and Mrs. James Hope, of St. Michaels, went to the Emergency Hospital, Easton, to see her brother Clifton Hope who was sick there, Miss Margaret Stewart, one of the nurses took her to the third floor to show her the operating room and remarked, "If we had a new operating table we would be sitting pretty." Eleanor went home and told her little friend, Evelyn Caplan, daughter of Mr. and Mrs. Sol Caplan. The next day they commenced playing store by placing a goods box on the pavement of Mr. Caplan's store, on which they had two peaches and apples cut in half. From this small beginning they have raised twenty-five dollars and expect to raise fifty dollars, which they will donate to the hospital to go towards purchasing a new operating table.

"When water becomes ice," said the teacher, "what is the great change that takes place?"

"The greatest change, ma'am," said the little boy, "is the change in price."

## Christiana

Thursday evening of last week the Social of the Christiana M. E. Church met at the parsonage, as the guests of Rev. and Mrs. Preston W. Spence, Jr.

The ladies of the church will serve a poultry and Oyster Supper in the vestry on November 2nd.

The Ladies' Society of the Salem M. E. Church will serve a similar supper in their church on the evening of October 19th.

The Ladies' Auxiliary connected with the Christiana Fire Company held their regular monthly meeting in the firehouse Tuesday evening of last week. With both a piano and a radio set, the Auxiliary can furnish splendid entertainment for their members.

All present and former members of the Christiana Presbyterian Church, as well as all who are interested in the cemetery adjoining the church, should bear in mind the fifth annual Home Coming Services to be held in the church next Sunday afternoon, October 9th. Rev. Dr. Candee, of Wilmington, will be the speaker. The services will be at two o'clock. Rev. Samuel L. Irvine, pastor.

Miss Emma Maclary, of Newport, visited the family of her brother, Mr. Harvey Maclary, over the week-end.

Miss Florence M. Appleby is spending this week with her sister, Mrs. Harry Hance, of State Road.

Mr. Lynam McDowell has bought a plot of land on the Christiana-Newark State highway, above the Four Corners, and we understand he plans to start building operations in the near future.

A playlet, "Miss Burnett Puts One Over," given during the summer at the meeting of the Presbyterian Social, will be repeated Wednesday evening of this week at the meeting of the Newport M. E. Social, to be held at the home of Mr. and Mrs. C. W. Maclary. The following from this vicinity will take part: Mrs. Hervey Maclary, Dorothea Rothwell, Anna Moody, Marion and Ruth Phelps, also Mrs. Thomas Appleby, of New Castle.

During the past week Mrs. Sara Kilvington and Mrs. George B. Reed have been quite ill at their homes in the village.

Misses Elizabeth and Essie Levy returned home on Saturday after a visit with friends near Reading.

We wonder if everybody who might be interested realizes that Christiana has a real "honest-to-goodness" Free Public Library. It is a branch of the Wilmington Library, and is supported—rather, backed—by the Christiana Improvement Association. Members of this society take turn-about in serving as attendants. The library is housed in the little building on Mrs. Sue Curriner's property, just below the firehouse, and is open from six to eight on Monday evenings, and from two to four on Thursday afternoons. There are books to suit all tastes and all ages—all fresh, new bindings and altogether attractive. The books are changed frequently, and new ones added from time to time. The library is sure to prove itself a blessing to Christiana, especially with the long winter evenings just ahead.

Evening services have been resumed in the Christiana M. E. Church. Epworth League at 7:30, followed directly by the regular church service.

### EMBRYO SCHOLARS

The University Correspondent—a monthly educational journal devoted mainly to university matters—gives in its holiday number a selection of the amusing schoolboy mistakes which it received in a prize competition. Among the "howlers" are the following:

A relative pronoun is a family pronoun, such as mother, brother, aunt.

Degrees of comparison of bad—Bad, very sick, dead.

The masculine of dam is dash.

The climate of the island is wet but embracing.

"The Compleat Angler" is another name for Euclid, because he wrote all about angles.

Things which are halves of themselves are equal to each other.

Water may be made hard by freezing, and the hardness removed by boiling it.

A mosquito is the child of black and white parents.

Rhubarb is a celery gone bloodshot.

The first book in the Bible is Guinness.

Charles II. told the people they could get drunk or gamble or do what they liked. This was called the Restoration.—Montreal Star.

## Elkton and Vicinity

Miss Jesse Snow, executive secretary of the League of Nations Non-Partisan Association, will speak on international relations at the Calvert Home Makers Club this (Wednesday) afternoon.

Miss Cornelia Williams, of Elkton, has opened a kindergarten at Newark, this week at the Parish House of the Episcopal Church.

An automobile belonging to Arthur Rambo, of North East, which was stolen during the Firemen's Carnival in that town three weeks ago, has been recovered abandoned on the streets of Philadelphia. Nothing was learned that would lead to the discovery of the thief.

Rev. David T. Quinn, of Texas, has accepted the call to the rectorship of St. Mary's Protestant Episcopal Church, North East, and will remove his family to that town.

Ridgely P. Melvin, governor of the 34th Rotary District, will pay an official visit to the Elkton Rotary Club this (Wednesday) evening.

The Neid Construction Company which is double-decking the bridge between Perryville and Havre de Grace, expects to have the work done by December 1. John Mackall, chairman of the Maryland Road Commission, expects that the bridge will probably be made toll free sometime in the beginning of next year.

The Zion and Rock Presbyterian churches which have been without a pastor, have extended a call to Rev. Mr. Schawlt, a graduate of Princeton Seminary.

The annual mercantile-industrial exhibition in Elkton Armory under the auspices of the American Legion will open today and continue the balance of the week.

Sherman McGlothlin, age 21 years, of Rowlandville, Cecil county, was found not guilty in the Harford county court on the charge of causing the death of Thomas P. Netzer, at Grover Hill, on July 2 last. Netzer, while standing in the doorway of his home, was shot and killed, but there was no evidence to prove that McGlothlin did the shooting, as he was with a party of youths when a shot was fired by some one in the crowd.

Raymond Graham, of Blythedale, Cecil county, arrested on a charge of operating an automobile while intoxicated, was fined \$250 and cost by Justice Owens, of North East, and an additional fine of \$100 and cost for exceeding the speed limit. In default of payment he was sent to the House of Correction for nine months.

David Smith, a Conowingo dam worker, was fined by the same justice, \$250 and cost or six months in the House of Correction for driving a machine while intoxicated.

George W. Cooke, the well-known evangelist, has been engaged by the members of the Elkton M. E. Church to hold a series of evangelistic services in Elkton beginning November 13. Dr. Cooke will be assisted by Professor Vigneulle.

Our genial friend, Chief of the Perryville Fire Company, is busy instructing some of his men how to dress for duty at fires. It seems that in their enthusiasm to get down to business when the gong rings some(?) of the firemen either forget their left boot, gum coat, hat, and even sometimes a laddie hustles off unmindful of his appearance until ordered to "dress up." Go to it, Chief!

### Elkton Personals

Mr. and Mrs. Joshua R. Witworth, were New York visitors from Thursday until Tuesday.

Miss Ida W. Smith, of Baltimore, spent last week with her sister, Mrs. T. Maxwell Field.

Miss Evelyn Sparklin is visiting her sister, Mrs. D. Roy Perkins, in Frederick, Md.

Mrs. Harry T. Alexander entertained the Willing Workers last Friday night.

Mrs. M. Alice Jaquette, of Wilmington, spent the week-end with her mother, Mrs. Ella Witworth.

The Westminster Guild, of the Elkton Presbyterian Church, will meet at the home of the Misses Bratton this (Wednesday) evening and tender a shower to Miss Natalia Ayer, whose marriage to Albert Carr, of Elkton, is to take place October 17.

## Appleton

Mr. and Mrs. Ernest Weldin, of Mount Pleasant, spent Monday with Mr. and Mrs. A. D. Short.

Several folks from this section attended Home Coming services at St. John's Church, Lewisville, Pa., on Sunday afternoon. The music was rendered by the Junior Choir of Elkton M. E. Church and was much enjoyed by all.

Mr. Harrison Carver and family, of Rosemont, N. J., spent a short time with his cousins, Misses Ida and Evelyn Kimble, on Sunday.

Miss Nora Finley, of Wilmington, visited her sister, Mrs. James Beers, over the week-end.

Mrs. Elizabeth Scott, Miss Reba Scott, Mrs. Hannah Smith and daughters, Miss Elizabeth and Mrs. Charles Miles, spent Sunday evening with Mr. Harvey Scott's family.

### "HULA" WITH CLARA BOW AT THE ARCADIA

Clara Bow, who will ever be remembered as the "It" girl, will be on the screen at the Arcadia Theatre, Wilmington, in a brand-new romance, "Hula," for the entire week of October 10th.

Clara is one of the most fascinating and vivacious of all the stars of the screen. She is the personification of pep and spirit, and "Hula" offers her its title role as a young girl living on one of the South Sea isles, the pampered daughter of a rather indolent father. She is the rage of all the folks of her island who watch with feverish intensity her romance with a young engineer. Clive Brooks plays opposite Clara in what is one of the most splendid roles of his career.

## Mermaid

Due to the storm, the attendance at Harmony Grange on Monday evening was small, and only the routine business was transacted. Plans were made for a serenade and reception to be given in the Grange Hall next Monday evening instead of the regular meeting. The reception will be for the four couples of newlyweds among the Grange members. Three couples are: Mr. and Mrs. Albert Biddle, Mr. and Mrs. Buford Eastburn, and Mr. and Mrs. J. Walker Pennington. Tonight, another wedding will add the fourth couple to the list, when the marriage of Miss Edna J. Brackin and Mr. Thomas Springer will be quietly solemnized in St. James' Church.

Mr. and Mrs. Buford Eastburn were serenaded last Friday evening by the members of the former's Sunday-school class at Red Clay Creek Church. The young people presented the bride with a lovely silver plate.

Mr. and Mrs. Fred Whitehead and daughter, Betsy, and Miss Elizabeth Moore, spent last week-end at the Harvey Ball home.

Mr. and Mrs. Lawrence Pennington and Miss Sarah Pennington were Sunday visitors at the home of Mr. and Mrs. William H. McCoy, at Hare's Corner. Mr. and Mrs. Lloyd Knotts are home from the State of Washington for a visit. Mrs. Knotts was formerly Miss Alice McCoy.

Paul Peach is home from Rehoboth for a few days' visit.

Mrs. Mame Hoffman and Mrs. Armand, of Chadd's Ford, spent today at the home of John Brackin.

Sunday callers at the home of Mr. and Mrs. William Peach were: Mr. and Mrs. Frank Boggs and daughter, of near Wilmington; Mr. and Mrs. Harvey Rutter and son, Mr. and Mrs. Rutter, Sr., Mrs. McVey and son, Miss Anne Collins, Mr. and Mrs. Phas and

daughters, and Mr. Phas' mother, of Wilmington.

Harry Harkins, of the Penn-Harris Hotel, Harrisburg, with a party of friends, spent last week-end at his summer home near the Mermaid. The Lawrence Penningtons were callers at the Harkins' home.

Mr. and Mrs. Walker Pennington called on the former's grandfather at the hospital in Wilmington on Sunday and spent the remainder of the day with Mrs. Pennington's parents, Mr. and Mrs. Benard.

### Springer-Brackin

The marriage of Miss Edna J. Brackin, daughter of John F. Brackin, of Mermaid, and Thomas Springer, son of Mrs. John L. Springer, of New London, Pa., will take place this evening at 7 o'clock in St. James' Episcopal Church, Stanton.

Mr. and Mrs. Clifford Simpson, brother-in-law and sister of the bride, will be the only attendants. The affair will be very quiet due to the recent death of the bride's mother and the groom's father.

Mr. Springer and his bride will make their home with her father in Mermaid.

## Yes—We Made A Mistake

We made a mistake in last week's issue of the Sentinel. A good subscriber told us about it. The same day there was a letter in our post office box that didn't belong to us. We called for ninety-eight over the telephone and got 198. We asked for a spool of No. 50 thread and when we got home we found it was No. 60. The train was reported thirty minutes late. We arrived at the depot twenty minutes after train time and the train was gone. We got our milk bill and there was a mistake of 10 cents in our favor. We felt sick and the doctor said we were eating too much meat. We hadn't tasted meat for two months. The garage man said the jitney was missing because it needed a new timer. We cleaned a spark plug and it's run fine ever since. Yes, we made a mistake in last week's issue of the paper.—Glen Elder (Kan.) Sentinel.

## Student Pool Drive

(Continued from Page 1.)

and a number of smaller contributions have been promised. Of the \$28,000 to be raised outside of the university students and alumni one friend has pledged \$14,000 and another \$500 and there have also been secured some smaller pledges.

The project of a larger gymnasium was initiated by a group of students headed by Edgar Reese, Jr., last spring but the actual effort to secure pledges was not started until Monday. Plans for the enlarging of the gymnasium have been completed and are on exhibition in the Faculty Club room which is being used as an office this week.

In making this drive, the committee has been most considerate of the Y. M. C. A. drive, so that their activities will not in any way interfere with the "Y" program.

The executive committee in charge of the drive is composed of the members of the Student Council of Delaware College, with James E. Wilson, president of the Council, as general chairman. The members of this committee are: James E. Wilson, chairman; Richard W. French, Jr., John H. Culver, Fred Creamer, Charles Barry Kimble, F. H. Roemer, Edgar P. Reese, Jr.

Members of the student body, who have been chosen to assist the Executive Committee as workers on the drive are:

Allan Striethoff Barton, James C. Boggs, Robert E. Burton, Perry Thurston Burton, John Burton Derickson, Leon deValinger, Jr., William Reed Draper, George Hass Finck, Herbert Watson Fritz, Clarence Culbert Gerow, Charles Ferdinand Furrer, Charles Gurney, William Harvey Hanks, Edgar Hare, Irwin D. ## ENTERTAINED A. O. U. W. BOOSTERS CLUB

Last Friday evening the A. O. U. W. Boosters Club met at the home of Mr. and Mrs. Price Jackson, Cleveland avenue, with Miss Edith Jackson, presiding. At the business meeting it was announced that the Blue membership team had a small lead over the Red team, with only a few more weeks to go on the contest.

It was decided to hold a Halloween Social, probably the last week in this month, and committees were appointed to make arrangements for same.

Plans for the initiation of officers of Anchor Lodge, No. 4, to be held on October 13, were discussed.

A social time followed the business meeting and refreshments were enjoyed. Those present were: Mr. and Mrs. Price Jackson, Misses Edith and Charlotte Jackson; Mr. and Mrs. Frank Balling, Junior and Billy Balling; Mr. and Mrs. James Frazer, Alice, James, Malcolm and Herbert Frazer; Miss Alice Fell, Miss Elizabeth Lindell, Miss Bonnie Walker, Miss Reba Frazer, Mr. and Mrs. John A. Kauffman, Augusta M. Kauffman, Messrs. Herman Ansalvish, Edward Patchell, Willard and Robert McFarland, and Paul Frazer.

Anchor Lodge has received an invitation to attend the installation of officers of Wilmington Lodge, No. 1, tomorrow evening, and also installation ceremonies of Columbia Lodge, No. 21, of Wilmington, Tuesday night, October 18.

## DR. HULLIHEN'S TRIBUTE TO GOVERNOR MILLER

"In the death of Governor Charles R. Miller last Sunday week the university suffered a grievous loss. For many years he has been one of the most active, interested and influential members of the board. As Governor of the State twelve years ago he was largely instrumental in securing the legislation that resulted in the establishment of the Women's College. For eight or nine years he was chairman of the finance committee of the board and gave unstintingly of his time and thought to the affairs of the university. His personal popularity and the high esteem and respect in which he was held throughout the State made his assistance in presenting the university's budget to the General Assembly of the highest importance and value. His word was accepted as final on any question asked about university matters in the Legislature, so great was men's confidence in his honesty, sincerity and judgment.

"The university loses an invaluable member of its board and those of us most intimately connected with the university's administrative affairs lose a warm and highly esteemed friend in this sudden passing of Charles R. Miller. No words of mine can adequately portray the extent of the loss we have suffered in his death."

## NOTICE

A Council of Sons and Daughters of Liberty is about to be instituted in Newark by State Associate Secretary Mary Tyler, of Olney, Pa. Any Protestant white person born in the United States, between the ages of sixteen and forty-five that would be interested can obtain particulars from Mrs. J. Cristodora or Sara Tryens.

## PEOPLE'S COLUMN

### STOCKLEY FIELD DAY

The annual Fall Field Day and Pound Party at Delaware Colony, one mile south of Stockley, will be held under the direction of the Delaware Commission for Feebleminded on Saturday, October 15, from 2:00 to 4:00 in the afternoon.

The public is cordially invited to visit the institution and inspect the buildings and grounds on this date. Donations should be labeled with the name and address of the person or club making the gift.

A brief program consisting of addresses, reports and band music will be held at Deemer Cottage after inspection of the buildings. Dean C. A. McCue, of the University of Delaware, will be one of the speakers.

It is hoped that there will be a large attendance on this occasion, as an encouragement to those carrying on this humanitarian work.

Howard T. Ennis, Supt.  
For the Commission.

## Lovett Spurs Council

(Continued from Page 1.)

Lovett as to the conditions and contract under which the Consolidated Engineering Company was making an addition to the disposal plant, Mayor Frazer explained that the Consolidated Company when they built the plant made provisions and agreed to enlarge it at every economical cost. Under those circumstances, it was considered advisable to have them make the addition.

A decision was rendered that no more sidewalk gas pumps would be allowed in the town. Those already installed, however, would not be disturbed.

In answer to a question by Mr. Lovett, it was explained that the traffic light now installed at Academy street and Delaware avenue would soon be in operation and that the penalty of running through the red signal would be a fine of \$5. There is also a penalty of \$5 for not coming to signs. The automatic signals, of which a full stop at the boulevard stop several besides the one at Academy street and Delaware avenue will be installed, operate on a three color system; green for "go," red for "stop," and amber for "caution." It was also announced that the parking distance from corners was 30 feet.

In answer to requests by Mr. Lovett, it was decided to put longer brackets on the street light at Kells avenue and Depot road so that the entrance to Kells avenue would be more effectively illuminated; and that a light would be put at the corner of Haines street and Lovett avenue as soon as poles, that have been ordered, had arrived.

Mr. Lovett brought up the question of whether a transformer on a private line on Elkton road should be purchased by the Town. The matter will be investigated.

The bridge over the race near Paper Mill Bridge has been ordered to be rebuilt, according to plans furnished. The Paper Mill Bridge, itself, has been condemned as unsafe, and the county will be asked to replace it with a modern structure.

A number of complaints have been made of chained dogs barking at night. Owners will be requested to abate this nuisance by keeping such dogs in the house.

The Council announced that there were no more positions open for employment.

The milk report, submitted by H. R. Baker, milk inspector, read as follows:

Per Cent	Butter Fat	Count
Dealer		
Clover Dairy A	3.95	9,500
Clover Dairy B	3.50	11,000
E. F. Richards	4.35	19,500
H. S. Eastburn	4.10	30,000
S. H. Ewing	4.75	16,000
E. P. Ewing	4.65	18,000
H. C. Herdman	4.70	10,000
Jonathan Johnson	3.80	55,000
Harry Jones	6.10	8,000
H. C. Milliken	5.00	9,000

## D. OF P. PLAY

On Saturday evening the Newark Century Club was packed to its full capacity when Mineola Council, No. 17, Degree of Pocahontas, presented a three-act play entitled "The Beantown Choir," under the capable direction of Mrs. J. Harvey Dickey.

The exact amount realized is not definitely known, but is expected to almost reach the century mark. The proceeds will be used for degree suits. The same play, supported by the same cast will be presented in Coatesville on Monday evening, October 17, for the benefit of the Dairy Maids. Four other requests were made to present the play at the following places, Boothwyn, Landenberg, North East, and Kemblesville. Mineola Council desires to thank the School Orchestra, under the direction of Prof. Ira S. Brinser, and all others who helped make the play a success.—Sara Tryens, Press Correspondent.

## Head Of Christiana Church To Celebrate 225th Anniversary

Hundreds Expected At Services Next Sunday In One Of Delaware's Institutions; Dr. Gross To Be Speaker; Morning And Evening Services

The historic Head of Christiana Church will hold its annual Home Coming next Sunday, morning and evening, in celebration of the 225th anniversary of the founding of the church. It is expected that there will be hundreds of people, who will make the pilgrimage to the old church, situated on the Nottingham pike about two miles west of Newark.

Two services will be held, one at 10:30 in the morning and one at 7:30 in the evening. Dr. Gross, of Philadelphia, will be the speaker and Sudlersville Quartette will furnish music at both services.

The Reverend John McMurray is pastor of the church.

## INSTALL OFFICERS AT UNION

On Monday evening Deputy Pocahontas Pearl Tweed and her staff trailed to Union to install officers for Leola Council. Many distinguished guests were present, among them being Deputy Pocahontas Foulkner and her staff, several Past Deputy Pocahontas, Past Deputy Pocahontas Stotts (the Mother of Leola Council) and the Great Sachem of Delaware, Robert C. Cantler.

After the installation of officers, several interesting talks were given. Brother Harvey Davis was then called upon and after a word of welcome to all, he presented Deputy Pocahontas Tweed with a beautiful gift and exquisite bouquets to Deputy Pocahontas Foulkner, Past Deputy Pocahontas Stotts and Great Sachem Robert C. Cantler. Delicious refreshments were served by the social committee at a late hour, and each council trailed back to their own reservation, happy in the thought that the Degree of Pocahontas is the most progressive lodge in the State of Delaware.

## TIMES HAVE CHANGED

We quote from "Our Times" by Mark Sullivan: "The newspapers of 1900 had not yet come to the lavishness of photographic illustration that was to be theirs by the end of the quarter-century. There were no rotogravure sections. If there had been, they would not have pictured boy-scouts, nor State constabularies, nor traffic-cops, nor Ku Klux Klan parades, nor women riding astride, nor the nudities of the Follies, nor one-piece bathing-suits, nor advertisements of lip-sticks, nor motion picture actresses, for there were no such things."

Nothing is harder to govern than man when fortune smiles on him, and nothing more tractable than he when calamity lays her hands on him.—Plutarch.

## C. H. Hopkins Newark C. C. Golf Champion

**Defeats Steedle For Club Crown; Syfrit Takes Treasurer's Cup; Newark Loses To Concord**

Playing the strongest kind of match golf, C. H. Hopkins defeated E. W. Steedle for the championship of the Newark Country Club in a 36 hole match, on Saturday. With the exception of the second nine in the morning, the men battled tensely in a deadlocked match. In that second nine Hopkins won six holes and held the advantage into the second 18, winning 6 and 5. The defending champion, Ike Turner, lost his crown in the first round when J. P. Armstrong defeated him 1 up. In the semi-finals, Hopkins defeated Ernest Wright, one of the strongest golfers in the club, while Steedle took the measure of Johnny Syfrit, one of the juvenile stars.

The final for the Treasurer's Cup was settled last week when Roy Brinton defaulted to Johnny Syfrit.

On Saturday the Newark golfers played a team match at the Concord Country Club, faring rather badly on the short end of a 42 to 14 score. Eddie Glinther, local pro, played a tie game with Bill Schubel, each shooting 78. Eddie was backing his old nemesis, an unruly putter, having too many 3 put greens.

## High School to Play du Pont High Friday

The Newark High School football team will open its schedule Friday afternoon at 3:30, when it meets the du Pont High School in the Bayard stadium, Wilmington. This will be a D. I. A. A. game.

Coaches Malin and Hohl have been working the boys hard for the past weeks and they appear fit to take du Pont easily. While Newark lost a majority of veteran letter men by graduation, the team now looks as smooth and heavy as it did this time last year. It will be fairly heavy for a high school squad, with a line averaging about 140, and the backfield, about 150. Joe Gam, 180 pound fullback, will make up for the loss of poundage that Riley took when he left.

The tentative line-up is as follows: V. Mayer and Jaquette, ends; Johnson and Vansant, tackles; Cole and McDowell, guards; Dayett, captain and centre; Gam, fullback; Holloway, Frank Mayer and Charles Cole, halfbacks; Zabenko and George Cook, quarters.

scored. Elk Mills had a tough time with the delivery of Reagan until the eighth inning when they collected three of their six hits and put over three runs. R. Dunbar and Robinson featured at the bat for Rising Sun while Kerns, Bland and Wilson were best for the losers. Score:

## Delaware Outplays St. Josephs, 6 To 0

**Taylor's Touchdowns Win Game In Which Blue And Gold Was Never Threatened; Delaware Looks Promising**

Skirting end as fleetly and elusively as a rabbit, "Ace" Taylor ran fifteen yards with a football Saturday afternoon and set it down behind St. Joseph's goal line. This gave Delaware the 6 points necessary to win its opening football game and proved that speed was the superior of brawn, particularly on an afternoon as torrid as it was last Saturday on Frazer Field.

While the day was too hot for spicy football, Delaware showed a superior condition and knowledge of the game against its more burly opponents. The first thrill of the afternoon came when Delaware trotted on the field in uniform designed, apparently, by the biology department. They looked like supers in a play by the Capek Brothers. The audience was again forced to applause at the appearance of the band, which conducted itself with a friendly lack of formality and played self-consciously.

The first period produced little except the fine kicking form of Creamer, who gained considerable ground for Delaware in an exchange of punts, and the speed and alertness of Glasser and Barton, who had their man at the instant a punt settled in his arms. The second period was the most active and produced the only score of the game. Loveland, last year's flashing back, and Taylor, fast baseball star who is playing his first football for Delaware, were put in the backfield and ran the ends ragged, resulting in Taylor's touchdown. Loveland contributed a 25 yard advance as a preliminary to the score.

In the second half the superior condition and football of Delaware was decisively apparent, and while there was no scoring the Saints were always on the run. In this half the Delaware backs had the sun directly in their faces and were helpless when it came to taking punts.

While it was a poor day to judge a football team, Delaware showed few rough spots and apparently Rothrock has built a fast, fighting team that will use an open attack, and is already trained to make it count.

Next Saturday, the Blue and Gold

will combat Ursinus in another home game. Line-up:

St. Joseph's		Delaware

## LET 'EM CHIME

When one hears a steamboat or steamship whistling it is easy to recognize that here is an enormous waste of steam and energy in the production of the unpleasant though necessary noise. The same, to a lesser degree, is true of the shorter, quicker, shriller toot of the railroad locomotive, though it may surprise some of us to learn that it requires 1200 pounds of coal and four tons of water for an engine whistle of average size to operate its whistle for one hour. . . . At least one great railroad has seen the wastefulness of the old system and is beginning the equipment of its locomotives with what are termed air-chimes, far less expensive to operate and more pleasing to listen to than the old steam shriekers. It is the Southern Pacific that is making the change, the new system being tried out in Sacramento Valley, California. Let 'em chime!—New Orleans Times-Picayune.

## A USELESS PRECAUTION

A clergyman was having dinner with a parishioner preceding the afternoon service. He ate very sparingly, explaining that he must not eat too hearty a meal before preaching if he was to do himself justice in the pulpit. The housewife was unable to attend the service, so when her husband returned she inquired, "And how was he?" "Oh, well," he replied, wearily, "he might as well have it."

## Newark Soccer Team Wins First Game

The soccer team of the Newark Junior High School inaugurated a new sport auspiciously last Friday afternoon, when they defeated the Claymont Junior High School eleven by a score of 2 to 0. The game was close and fast, and Newark's goal often threatened. John Edmondson, outside right, scored both of Newark's tallies by accurate boots. Lyons and Whiteman also contributed some sensational passing for Newark.

Newark's next game will be with Middletown on October 7.

## THE NEW ERA IN TELEPHONE COMMUNICATION

**I**N seven years, the time consumed in making an out-of-town call has been cut to less than half.

Nearby points are now reached just as on local calls. That spells **CONVENIENCE**.

In 1920 it required about fifteen minutes to reach a city two hundred miles away. Today, the nation-wide average time is five minutes, and few calls require as much as ten. That spells **SPEED**.

Last year alone the amount of telephone "trouble" was reduced 17%. Storm- and trouble-defying

cables are fast replacing open wire lines. That spells **DEPENDABILITY**.

Canada, Cuba, and now parts of Europe and Mexico are within talking distance. That spells **GREATER SCOPE**.

**A more convenient, a faster, a more dependable service, and a service which reaches almost the entire English-speaking world.**

And it did not "just happen." Fifty years of research, study, development, experiment and experience are responsible for this new-era telephone service.

## FOR THE HOUSEWIFE

### "LEFT-OVERS" FROM YESTER- DAY MAY MAKE TEMPTING FOODS FOR TODAY

Left-overs may be either accidental or purposeful. It is certainly an economy of food for the accidental left-over to be made into an attractive dish and it is likewise an economy of time and labor when the cook purposefully prepares enough food for one meal to last over the next.

The proper manipulation of left-overs is an art well worth acquiring by the housewife, and it can be acquired by a little study and planning. Many cooks have gained more than local fame by their ability to camouflage a dish of the day before into something apparently quite different, with an appetite appeal all its own.

Some of the most popular offerings of the more exclusive hotels and restaurants are made from foods cooked the day before, cleverly manipulated by skillful chefs.

Left-overs are usually served with white sauce or salad dressing. Both of these supply additional food material.

The following suggestions may prove helpful to the housewife in using "left-overs."

#### MENU

Fruit Cup  
Cream of Corn Soup  
Cold Sliced Meat Loaf  
Potato Salad  
Brown-Betty with Lemon Sauce  
Cream of Corn Soup

1 No. 2 can corn (2 1/2 cups), 1 slice onion, 1 slice green pepper, 2 cups water, 1 cup evaporated milk diluted with 1 cup water, 1 tsp. butter, 1 tsp. flour, 1 tsp. salt, Few grains pepper, 1 hard cooked egg (may be omitted).

Put the corn through a food chopper. Add water, onion and green pepper and simmer twenty minutes.

### Newark to Have School of Beauty Culture

Beauty culture, which within the past few years has sprung from the stage of the hairdresser to that of a science and profession, has opened a lucrative avenue to girls who want something less prosaic and more artistic than the usual commercial or educational careers.

The profession has advanced so rapidly with the invention of new devices, techniques and schools of treatment, that the girl thoroughly trained in the mysteries of beauty culture commands a high position in the professional world and an income commensurate with the position. Women have learned that the treatment of the hair, scalp and skin is a science and home treatment has now become practically obsolete. Most women visit their beauty specialist as frequently as a man visits his barber and would no more think of treating themselves than a man would of cutting his own hair. The field is always crying for experienced operators.

However, the art of beauty culture cannot be acquired from a book or correspondence course as the various treatments require a mechanical deftness that can only be had through practice under the eye of an experienced teacher.

Girls from Newark and the vicinity are to have an opportunity to take a course right at home as Mrs. Elizabeth Auger, who has recently opened a shop at 343 East Main street, Newark, is to open a school of beauty culture. At present Mrs. Auger will teach all forms of the profession with the exception of permanent waving, but later she intends to put in a permanent wave machine and will teach that branch also. Mrs. Auger is a beauty specialist of mature experience, having conducted shops in a number of cities before coming to Newark, and has gained a reputation as a teacher. Mrs. Auger may be interviewed at her shop, or by calling 153.—Advt.

Prepare a white sauce of the diluted milk, butter, flour, salt and pepper. Remove onion and pepper from corn and add the corn to hot white sauce. Add chopped egg and serve at once. Yield: 5 servings.

#### Meat Loaf

1 lb. beef, 1/2 lb. each veal and pork, 1/2 cup evaporated milk diluted with 1/2 cup water, 1/2 cup bread crumbs, 1 1/2 tsp. salt, 1 egg, Onion chopped fine, 1/4 tsp. celery salt, 4 slices salt pork.

Run meat through a food chopper. Add egg, seasonings and crumbs. Mix thoroughly and form into a loaf. Place in a roasting pan oiled with 1 tablespoon fat and lay slices of pork on top. Pour diluted milk around loaf. Bake in a 375° F. oven for one hour, basting often to prevent drying out. Yield: 6 servings.

#### Potato Salad

2 cups sliced or cubed potatoes, 2 tbsp. chopped onion, 2 hard-cooked eggs, 1 cup chopped cucumber, 1/2 cup crisp bacon cubes, 1/2 cup cooked dressing.

The potatoes should be boiled or steamed, and well seasoned. Slice thick or thin, across or lengthwise, or cube from 1/2 to 3/4 inch as liked. Mix well with onion, cucumber, bacon and dressing. Let stand 1 hour in a cold place. When ready to serve, garnish with hard-cooked eggs cut in wedges. Yield: 4 servings.

#### Cooked Salad Dressing

1/2 cup evaporated milk diluted with 1/2 cup water, 2 egg yolks, 2 tbsp. melted butter, 2 tbsp. sugar, 1/4 cup vinegar, 1 tsp. salt, 1 tsp. mustard, Few grains cayenne, 2 tsp. flour.

Combine salt, flour, mustard and sugar and add to the well-beaten eggs. Add the diluted milk and butter and cook in a double boiler until it begins to thicken, then gradually add the vinegar, then the cayenne. Chill thoroughly. Yield: 1 1/2 cups.

#### Brown Betty

1/2 cup melted butter, 4 cups bread crumbs (grated), 4 cups sliced apples (well-flavored), 1/2 cup raisins (seedless), Juice of 1 lemon or 1 orange, 1/2 cup water, 1/2 cup sugar (more or less, depending upon the acidity of fruit), Few gratings of lemon or orange rind.

Moisten the crumbs with the melted butter. Place alternate layers of crumbs, raisins and apples in a buttered baking dish, making the last layer of crumbs. Sprinkle each layer of the apple with fruit juice, sugar

and water. Cover and bake for one hour. Serve with whipped cream sauce.

### Roosevelt and the Children

Mr. Roosevelt's passionate love for his children is well known and I have several times referred to it. But he was strongly drawn to all children. While President, he was constantly being met by children on his many tours of the country. It was a common thing to see great crowds of children grouped at railroad stations to greet him at the towns along the route of his train. Ofttimes the fact that the President's train was going to stop at a small town five minutes would be the occasion for marching the school children down to the depot to see him.

Christmas was a great feast with the Roosevelts. Mr. Roosevelt with was really a Progressive in politics,

loved old-fashioned family customs. And so long before Christmas, roaming about the estate he always selected the Christmas log. And then before Christmas he would go and chop it down himself, and he and the children would haul it in to the fireplace. No one was forgotten, and there was always carefully selected presents and baskets of food for some of the poor families around the village.

Indeed, the Roosevelt home so far as their family customs and mode of living were concerned, was an old-fashioned home. The family did everything together. Of course when in the White House, Mr. Roosevelt's time was taken up very much; so that he could not give his children as much of it as he liked. But when at Oyster Bay he loved to gather them around at night and read to them and they loved to hear him. I have heard him say that in the old days in the West on his ranch he used to read to the cowboys at night just as he did to his children.

There were no bridge or other parties at the Roosevelt home, either in Washington or Sagamore Hill. At the White House, of course, parties were more or less formal, and there were few children's parties there, but they loved to have children's parties at their Long Island home. I think the only children's parties at the White House were at Easter and Christmas, when the family was in Washington for Christmas. If they were, the children of all the employees at the White House were invited and received presents. The employees also were included, each one receiving a turkey and other gifts.

I do not remember ever having seen either Mr. or Mrs. Roosevelt dancing any of the customary round dances. At the children's parties at Sagamore Hill, though, I have seen the President and his wife dance the Virginia Reel, which he always enjoyed very much.

At the White House the intimate parties for close friends were usually to hear a piano recital or some visiting singer or to meet some artist of note. Once, I remember they had the Jubilee Singers at the White House. —From "Theodore Roosevelt: Hero to His Valet," by James E. Amos.

## Production Poultry Sho Big Success

(Continued from Page 1.)  
and definite goal, namely, a bird that will give the most eggs at the least cost.

As this was strictly a Production Show the entries were limited to the four breeds most widely kept in the State, namely, Single Comb White Leghorns, Barred Plymouth Rocks, White Wyandottes and Single Comb Rhode Island Reds.

Single Comb White Leghorns predominated in the show. The classes were so large and the competition so keen in this breed that in three of the classes the score cards showed several entries tied for placings. The Judge broke such ties by giving the awards to the entries coming nearest to the requirements of the Standard of Perfection.

The other three breeds were not exhibited in such large numbers as the Leghorns, but were all represented by birds of excellent quality.

Prizes were awarded as follows:  
Single Comb White Leghorns, Old Pen—1st prize, Clarence C. Allen; 2nd prize, Harry H. Dukes; 3rd prize, John G. Rasmussen. Young Pen—1st prize, Roland J. West; 2nd prize, W. V. Steen; 3rd prize, Mark Tatman. Hen—1st prize, A. E. Nunn; 2nd prize, Harry H. Dukes; 3rd prize, Everett Long. Pullet—1st prize, Walter J. Mills; 2nd prize, Everett Long; 3rd prize, William H. Harrison. Cock—1st prize, Norval Pepper; 2nd prize, W. V. Steen; 3rd prize, Clarence Allen. Cockerel—1st prize, Denny Pleasanton; 2nd prize, W. V. Steen; 3rd prize, Fred Smith.

Barred Plymouth Rock, Old Pen—1st prize, Clarence Allen; 2nd prize, Mrs. Howard Hager; 3rd prize, Scarborough Poultry Farm. Young Pen—1st prize, Clarence Allen; 2nd prize, W. V. Steen; 3rd prize, Henry Woerner. Hen—1st prize, Clarence Allen. Pullet—1st prize, Clarence Allen; 2nd prize, Scarborough Poultry Farm; 3rd prize, D. J. Pierce. Cock—1st prize, Scarborough Poultry Farm; 2nd prize, Clarence Allen. Cockerel—1st prize, Scarborough Poultry Farm; 2nd prize, Clarence Allen; 3rd prize, Scarborough Poultry Farm.

White Wyandottes—Old Pen—1st prize, Byron Pepper; 2nd prize, M. C. Vaughn. Young Pen—1st prize, Byron Pepper; 2nd prize, M. C. Vaughn. Hen—1st prize, Byron Pepper; 2nd prize, M. C. Vaughn. Pullet—1st prize, Byron Pepper; 2nd prize, M. C. Vaughn. Cock—1st prize, M. C. Vaughn; 2nd prize, Byron Pepper. Cockerel—1st prize, M. C. Vaughn; 2nd prize, Byron Pepper.

Single Comb Rhode Island Reds, Old Pen—1st prize, Frank B. Austin. Hen—1st prize, Dr. Evans Roberts. Cockerel—1st prize, Dr. Evans Roberts.

The following special awards were made:

Sweepstakes prizes—Single Comb White Leghorns, W. V. Steen; Barred Plymouth Rocks, Clarence Allen; White Wyandottes, Byron Pepper; Rhode Island Reds, Dr. Evans Roberts.

Other special prizes:  
The Beacon Milling Company gave a Special Prize of \$5.00 for best young pen of White Leghorns, which was awarded to Roland J. West. Also \$5.00 for the best young pen of Barred Plymouth Rocks, which was awarded to Clarence Allen.

The Diamond State Milling Company gave a \$5.00 cash prize for the best display of White Wyandottes, which was awarded to Byron Pepper.

Now that the poultrymen of Delaware have started a Production Poultry Show they will make it an annual affair. Each year it will grow in size, and its educational and advertising value will soon give Delaware the place that she deserves as a poultry producing State. Any suggestions relative to the next years show should be sent to the Secretary, Delaware State Poultry Association, Wolf Hall, Newark, Delaware.

### SURPRISE PARTY

Morton Marritz, son of Mr. and Mrs. Isaac Marritz, was very pleasantly startled, when returning to the home of his parents on Sunday night from an automobile ride, he found over fifty guests who gave him a surprise party. The party was in celebration of the occasion of his reaching his majority. The evening was spent in playing games and dancing.

Among those at the party were Mr. and Mrs. Sol Wilson, Mr. and Mrs. M. Pilnick, of Newark; Mr. and Mrs. Fink, Mr. and Mrs. Sasnowsky, Mr. and Mrs. Charles Abramowitz, Mr. and Mrs. M. Marritz, Miss Ann Marritz, Dr. and Mrs. Alfred Euster, Mr. and Mrs. J. Euster and family, Mr. and Mrs. M. Leibowitz and family, of Philadelphia; Mr. and Mrs. H. Marritz and family, Mr. Herman Brodsky, of Camden; Mr. and Mrs. H. Brodsky and Mr. Harry Groll, of Wilmington.

certificates of merit, in the various classes.

Bottles will be provided for entries of single blooms, but exhibitors must furnish jars or vases for vase entries. Tin cans or other unsightly containers will not be acceptable.

Exhibits will be received from 7.00 p. m. Tuesday, October 4th, until 7.30 p. m. Wednesday, October 5th, and may not be removed until 9.00 p. m., Thursday, October 6th.

The show will be open to the public from 4.00 p. m. to 9.00 p. m. Wednesday and from 10.00 a. m. to 9.00 p. m. Thursday.

While the show is being arranged primarily for dahlia growers who are interested in comparing their favorite blooms, there will also be classes for vases of other flowers for the benefit of others who do not grow dahlias but have blooms which they wish to exhibit.

### NATIONAL MISSION-ARY CONVENTION

Those in this vicinity who are interested in missionary work will have the rare privilege this year of attending the sessions of the National Convention of the Woman's Home Missionary Society of the Methodist Episcopal Church, which will meet at Mount Vernon Place Church in Baltimore from October 12 to 19. It is not often that this great meeting convenes in a city so near to this locality and it is thought that a number of Newarkers will plan to go to hear the great work of the Home Missionary Society in the United States and its territories discussed and plans laid for future progress.

Mrs. D. W. Jacobs, wife of the pastor of the Newark M. E. Church, has been elected a delegate to the convention by the Young Woman's Auxiliary of the local society.

## Bishop McDowell To Preach Here

of selections. The former ministers were: Rev. J. P. Otis, Wilmington, retired; Rev. F. C. McSorley, Wilmington, retired; Dr. W. F. Corkran of Chestertown; Reverend L. E. Pool, Centreville, Md.

Tuesday evening over 100 members attended a Men's League dinner held in the church. The program was well rounded with addresses, group singing and orchestra selections.

Dr. C. L. Benner, of the University of Delaware, was the main speaker, talking on "The Responsibilities of the Layman." He held his audience with a unique blending of humor and seriousness. Mr. F. A. Cooch spoke on "Why a Layman Should Support the Church by His Attendance." The Reverend Disston W. Jacobs concluded the speaking program by pointing the salient points of the layman's responsibility and usefulness to the church.

The instrumental music was furnished by the High School Orchestra, under the direction of Professor Brinser. Professor Philip Myers assisted by a chorus picked from the audience, sang a number of selections. Wednesday (tonight) is World Service Night. The program is in the charge of Dr. E. B. Crooks. Dr. G. N. Warner, a man who is very familiar with conditions in India, will be the speaker.

Thursday night Mr. Frank Brown of Wilmington will render an organ recital. A well selected program has been prepared. It contains both vocal and instrumental numbers. Dr. T. F. Manns has charge of the program. Mr. Dawson, chairman of the Friday evening program, is very anxious that all the young people of Junior and Intermediate ages be present and hear the message of Rev. J. R. Bickling, of Scott Church, Wilmington. His talk will be illustrated by means of crayon and painted pictures which he draws during the course of his talk.

the week-end. He was brought here to the home of his parents, Mr. and Mrs. Robert J. Reed, and Sunday night was taken in the Newark ambulance, driven by William Cunningham, to the Homeopathic Hospital in Wilmington. It was at first thought that Mr. Reed was suffering from appendicitis, but it has not been thought necessary to operate. He is still under observation at the hospital.

Bayard Miller, who has been ill with typhoid fever for several weeks at the Homeopathic Hospital in Wilmington, suffered a relapse last week and has since been seriously ill. He is somewhat better today.

The great principles of right and wrong are legible to every reader; to pursue them requires not the aid of many counselors. The whole art of government consists in the art of being honest. Only aim to do your duty, and mankind will give you credit where you fail.—Thomas Jefferson.
