## Largest Class To Graduate

**FIRST-CLASS RECORD** — This is a picture of the jacket for the new long-playing record featuring the university concert band and choir. Superimposed on a record player, the cover depicts a scene of Old College. The record was financed by the athletic department. David M. Nelson, chairman.

## Athletic, Music Departments Produce Disc of Band, Choir

A cooperative effort by the athletic department and the music department has produced something of which Delaware students can be proud.

Last Saturday a high-fidelity LP record was released to students, alumni and friends of the university which features the concert band and choir.

Dr. Ivan Trussler is director of the choir on the record, and

J. Robert King is conductor of the band. Production finance for the disc was sponsored by the athletic department. David M. Nelson, chairman.

Some 500 copies were originally ordered and of these about 200 are still available. Price of the album is \$4.25.

"Both the choir and the band wanted to present something that is representative of the univer-

sity," Dr. Trussler explained, "and it was not set up to make money."

The recording session presented no major problem to the groups—just 7 hours of hard work. Both ensembles worked from 4 until 11:30 p.m., one evening about three weeks ago.

Though the students involved donated their time, they will get no free records.

The disc is sheathed in a handsome envelope of blue and gold with a picture in blue tint of Old College on its front. The back of the jacket features photographs of the choir and band with their directors. The jacket was designed by William Rudrow, junior.

Program on the record for the choir consists of the following:  
(Continued on Page 11)

## Senate Votes Bill For Dining Dress

Action by the Senate last week resulted in the passage of student government regulation concerning dress in the dining halls on weekends.

The resolution states that men should wear coats and ties, and the women should wear stockings and appropriate shoes to Saturday supper and Sunday dinner and supper.

The new ruling will go into effect next September when the dining halls resume their normal schedule.

## Wilmington Clergyman Baccalaureate Talker

Dr. Park W. Huntington, prominent Wilmington clergyman, will deliver the baccalaureate sermon as part of graduation exercises for the Senior Class on June 2.

Dr. Huntington, former rector of St. Stephen's Lutheran Church, also directs several radio programs in Wilmington. He is holder of two honorary doctor of divinity degrees, from the American Theology Seminary and Gettysburg College.

The commencement address will be given by Dr. John A. Perkins, university president. Dr. Perkins, on leave from the university, is under-secretary to the U. S. Department of Health, Welfare and Education.

The Rev. Paul A. Kellogg, rector of Christ Church, Dover, will offer the invocation and benediction at the commencement.

Time for the baccalaureate is 11 a.m. The commencement will follow at 2:45 p.m. in front of

### Largest in History

This is the largest June graduating class in the history of the university. Degrees will be awarded to 614 people, of which 425 will receive bachelor degrees. Others degrees include 161 masters, 121 doctors, four honorary doctor degrees, and three certificates.

Those who will receive the honorary degrees are: Walter Dent Smith, doctor of laws Virginia Arnold, doctor of science; Mabel Lloyd Redgely, doctor of humane letters, and Raymond Alfred Max, doctor of letters.

A president's reception will follow the graduation exercises in Warner Hall. This will be held at 4:30 p.m.

## Temple Accept Delaware Man For Paris Trip

Sidney Ezrailson, Review columnist has been accepted for in Paris, France, under a pro-summer study at the Sorbonne gram sponsored by Temple University in Philadelphia. Ezrailson, a junior in the school of Arts and Sciences is a major in chemistry.

He will leave from New York June 26, on the "Waterman," a Netherlands Government ship operated for college students. Before starting his studies at the Sorbonne, Ezrailson will visit Holland, Germany and Luxembourg. After his arrival in Paris, he will study at the Sorbonne, and live at the Cite Universitaire where students from all over the world live and study. The course at the Sorbonne will include the study of French conversation, grammar and literature.

After his study at the Sorbonne, Ezrailson will travel in Switzerland, Italy and the south of France. He will sail for the United States August 26, and arrive in New York September 4.

### Senior Weekend

Previous to the commencement, the Senior Class will hold its Weekend, featuring a formal dance on Thursday, May 30 a party at the Italian-American Club, Kennett Square, Pennsylvania on Friday and a picnic Saturday at White Crystal Beach Manor, Maryland.

The dance Thursday will be held at the Gold Ballroom of the Hotel DuPont from 9 p.m., until 1 a.m., and will feature the music of Bob Harry and his orchestra.

Paul Wilkinson's combo will play for the party on Saturday. It too will be from 9 p.m., until 1 a.m.

Members of the committee which planned the weekend are Connie Rutter, Jean Leonard, William Green, Edward Malinowski, Richard McKelvey, Connie Darby, Steve Voorhees, Irene Haldas, William Barlow, Toby Rudolph.

## Seven Committees Announced For Representation in Senate

Senate committees for representing more completely the interests of the student body were appointed at the last Senate Meeting.

"It is to be emphasized, however, that the committees are not completed or closed. Only the chairmen and Senate members have been placed and other members of the student body will soon be submitted for consideration," stated Jean Ashe, senate president.

The Student Center Board will be headed by Pete Genereaux as chairman; Peg Jones, vice-president of the Senate, will serve as vice chairman in addition to presiding over the social committee, a sub-committee of the Senate. Other members of the Senate who will serve on the Student Center Board are Bob Hamilton, Jim Jacox, Janet Lee Keller and Joan Thompson, fulfilling the minimum requirement of 3 men and 3 women.

The Publicity Committee will be headed by Bill Rudrow as chairman. The remainder of the committee is to be picked la-

ter.

The Finance Committee will be headed by Jerry Katz, treasurer of the Senate. Bob Kupelian will serve as vice chairman and Harriet Herman and Lenna Watts will also serve, fulfilling the minimum requirement of two men and two women.

Earl Alger will be chairman of the Elections Committee, with Pete Steele as vice chairman. Other members are Ron Nowland, Jack Mundy, Bill Foster, John Pollack, Janet Lee Keller, Lenna Watts and Ann Sutherland.

The Cultural Committee will be headed by Ann Sutherland with Bill Foster as vice-chairman, and will include Jack Balick. The Dining Hall Committee will include Ken Hastings, chairman; Joe Harvanik, vice chairman; and Jim Jacox.

The Student Court Committee, which is new this year, will be headed by Ron Nowland as chairman. Other members of this new committee are Dorie Mueller, John Pollack, Bob Kup-

(Continued on Page 10)

## Student Dean's Office Accepts Resident Advisor Applications

John E. Hocutt, dean of students, announced this week that applications for assistant resident advisors in men's dormitories are being accepted by Dr. William A. Pemberton in the Dean of Students' Office.

Stanley C. Thomas, head resident advisor for the men's dormitories, states that this past year, the positions have been held by upperclassmen and graduate students.

### Qualifications

The qualifications for the positions in the case of undergraduates include a background of experience in working with people, some experience in psychology, such as is offered by the university curriculum, an amiable personality and an index of at least 2.

Graduates must fulfill the

same qualifications except that the index requirement is higher.

Assistant resident advisors are expected to help with dormitory problems and to locate trouble spots such as academic difficulty and emotional problems. The men accepted for these jobs in the larger dormitories receive free room.

### Room and Board

In the smaller living units they receive free room and board in compensation for their services. In the larger dormitories each floor has an advisor.

The applicants for the positions are interviewed by Dr. Pemberton and/or Mr. Thomas. Each applicant will be investigated thoroughly by contacting the references given in his application.

# Graduating Editors Review Opportunities of Journalism

By KATHIE PERONE  
and Dorothy Levy

"Being part of a newspaper staff not only offers experience in actual technical skill, but affords one the opportunity to learn how to work in a group, meet people and numerous other 'behind the scene' experiences," stated Ruth Alice Levy, managing editor of the *Review* this past year.

## Experience Speaks

Rincy, a senior chemistry major is speaking from a long record of experience as she has been a member of the *Review* staff for four years. She moved up from a reporter during her freshman year, to news editor the following one, and then advanced to the position of associate editor last year. Throughout this time she has been responsible for such varied duties as reporting, the layout of ads and the make-up. Her job as news editor included maintaining good public relations with the various schools in the university which entailed contacting as many as possible every week.

"Working on the *Review* has been a highly rewarding and enriching experience," says Rincy.

She has combined her aptitude in the fields of chemistry and journalism and the result is the work in which she will be engaged as of July the first. She will be employed by the National Bureau of Standards in Washington, D. C., which is a major laboratory of the Federal Government. It is devoted to research and development in the physical measurements for government, science and industry. Rincy will be connected with the technical writing department of the Bureau which will include co-ordinating the various departments, editing new findings and recording projects.

## Varied Activities

Aside from the *Review*, Rincy has been active in many other activities during her four years here and has maintained a 3.20 overall scholastic index.

She is a member of Tassel, of which she is currently historian, the University Religious Council and the American Chemical Society. She has participated in May Day activities, the Junior Musical and three years of playbill presentations.

Rincy has also been active in the Hill Foundation for

Ruth Alice Levy

David Tompkins

four years, of which she is official representative to the University Religious Council and has been secretary, treasurer and vice-president at various times.

## Outstanding Qualities

Activity and versatility are two words that may have been coined for Dave Tompkins, one of this week's senior personalities.

As editor-in-chief of *Review*, his DOT has been affixed to innumerable editorials, and under his leadership the paper achieved a first class rating. In addition to the editorial post, Tompkins has held the posts of Sports Editor and News Editor in his three years on the newspaper.

Singing is a hobby that Tompkins also pursued at the Uni-

versity. He has been a member of the A Capella Choir for two years and was the lead in the E-52 musical, "A Connecticut Yankee in King Arthur's Court." During the summer he sings with the Brandywiners, a Wilmington musical comedy troupe, and has participated in such productions as "Brigadoon," "The Red Mill" and "Rosemarie."

Tompkins has also been active as a member of the Kappa Alpha social fraternity, as the editor of the rushing book and as a member of the SGA Constitutional Revision committee.

Upon being quizzed about future plans, Tompkins expressed a desire to go into "some type of newspaper work, advertising or public relations."

## Smyth, Kent Tie For Honors Of Annual A. B. Catts Award

Kent Hall and Smyth Dormitories tied for the honor of the A. B. Catts Award given at the Saturday night dance.

The award, donated by Miss Ann Barbara Catts, Delaware alumna of 1952, is given to the outstanding women's dormitory of the year. It is presented in honor and recognition of the dormitory which has made excellent showing in all of its activities. Criteria for the award includes scholarship, sports, social activities in the dormitory, group projects and playbill. The dormitory is also judged on its spirit of cooperation in activities and enthusiasm in supporting functions of the university.

Sandra Baker, Chairman of Women's Coordinate Board said, "The dance was a great success even though the plans for holding it outdoors on the women's tennis courts had to be changed at the last minute because of the threat of rain. However, the combo of Chuck Laskin did very well in filling up Carpenter Field House with very danceable music."

Bessie B. Collins, dean of women, was present at the dance and introduced members of the Women's Executive Council and Women's Coordinate Board.

## Students to Return Current ID Cards

"Student identification cards issued for the 1956-1957 university semesters must be returned to the university prior to the time students leave at the close of the session," announced John E. Hocutt, dean of students.

Boarders may turn in their cards at the dining halls at their last meal. Non-boarders may turn in their cards at the Business Office.

Miss Baker, who presented the award, stated, "Any dormitory awarded the plaque has attained the highest goal it can hope for. It should be deserving of our highest esteem and respect. It is an honor to congratulate two such dormitories."

Girls who served on the Women's Coordinate Board this year were Sandra Davis, Mally Davis, Beverly Hall, Merry Ann Hall, Harriet Hermann, Nancy Hopkins, Peggy Jones, Janet Keller, Doris Reed, Barbara Rosen, Nancy Torbet and Betty Volk.

## Registration to Begin For Summer Session

Registration for all students for the 1957 summer school session will take place in Carpenter Field House June 24 between 8:30 a. m. and 12 noon. The regular class schedule will begin June 25, for a six week period until August 3. The session will admit undergraduate, graduate and professional students.

General University fees, and the charge for board, room and tuition are due and payable on

the registration day. A registration fee of \$5, non refundable, is required of all students, regardless of classification. Room and board fees amount to \$110 for the season. A non-resident fee of \$35 must be paid by all students who are not residents of Delaware. Students wishing to reserve housing with the university, and those wishing to reserve a place in a specific course should fill out and mail their reservations as soon as possible to Gordon Godbey, Director of Summer School. A deposit of \$5 should accompany each person's application. Additional forms and information can be secured from Mrs. Ruth Adams, Secretary of Summer School, 197 Allison Hall.

## June 28, Last Day

June 28 is the last day on which changes in schedule are permitted. After the date, permission to withdraw from a course or from the summer session may be granted officially by the student's academic dean or the director of the summer period. Because of the brevity of the term, no refunds will be made, either for changes in schedule or withdrawal. However, special consideration may be given to students who submit a request for a refund and supply a medical certificate or an employee's statement of transfer from the vicinity.

The normal undergraduate course load for the six weeks' period is two courses not exceeding seven semester hours. The academic dean may approve up to nine hours only if the student has an index of 3.00 or better, or if the student needs the additional hours to qualify for graduation by the end of the session. No more than three semester hours may be taken by any person who has full time employment during the time the summer school is in session. Most of the classes will be held five days per week, Monday through Friday inclusive. Class periods will be one hour and fifteen minutes in length. The morning hours are used for almost all the lecture periods, with laboratory periods scheduled at 1:20-3:50 p. m. in the afternoon.

Plans for next year include a drill at half-time during football games and a drill meet with another college, a member of the organization said.

This year's captain Francis McCarthy, assistant professor of military science and tactics, who is acting supervising officer of the Delaware Rifles will leave in August to accept an assignment in the state of Washington. Bill Rudrow, speaking for the group says, "Much of the success of the Delaware Rifles for the past four years is due to Captain McCarthy's efforts. Best of luck to him from all of us."

Wright Poffenberger, sophomore engineering student, will serve as executive officer next year. John Matuszeski and David Burkhardt, juniors, will be adjutant and first sergeant respectively.

William Rudrow, Arts and Science junior, was elected commander of the Delaware Rifles at a recent meeting.

Some of the visiting faculty for the season include Kay Boyle, writer, teacher and lecturer; Jewell Haddock, director of counseling and guidance, New Castle High School; Catherine Hultack, coordinator of special education and psychologist, Wilmington Public Schools; Ramon Coobs, principal of Brookside Elementary School; Helen Nullay, demonstration teacher, Washington, D. C., and Henry Eisenberg, principal Rose Hill-Minquadales Schools.

## Visiting Faculty

Some of the visiting faculty for the season include Kay Boyle, writer, teacher and lecturer; Jewell Haddock, director of counseling and guidance, New Castle High School; Catherine Hultack, coordinator of special education and psychologist, Wilmington Public Schools; Ramon Coobs, principal of Brookside Elementary School; Helen Nullay, demonstration teacher, Washington, D. C., and Henry Eisenberg, principal Rose Hill-Minquadales Schools.

## Rees States Administrative Viewpoints of REW Activities

Dean Carl Rees, Dean of the School of Graduate Studies and acting president of the university, at the meeting of the Delaware Christian Association held Monday discussed "The Administration's stand on Religious Emphasis Week."

Dean Rees pointed out that "non-commuters should have more consideration than commuters. By living on campus they have completely divided themselves from their own religious community. They study science, literature and other courses which might disturb their religious beliefs. They begin to inquire, and they have a religious group to help them." The commuter does not have these difficulties because he does not separate himself from his own church.

"Religious groups must first of all begin with the freshmen who have come to campus and who are perhaps lost, particularly in the first semester. The religious groups of all denominations should place their attention, perhaps with social hours, on helping the students to meet other young people. 'Emphasis, however, must not be placed all in one week, it must continue all year round.'"

"Groups should have people with real knowledge of their religion come to talk and answer questions which have come up in students' minds on such fundamental questions as the apparent conflict of religion and science. The fact that fundamental theories do not cross with science must be impressed upon student's minds. 'People in the various groups need to understand themselves and what they believe, then the lives that they lead will help make the student body as a whole a better religious group.'"

Rees pointed out that the groups need to publicize themselves more through the *Review* and on bulletin boards throughout campus.

On the problem of REW the solution is not to counter history and legislate people into religion or beliefs. By keeping people from doing something else, you can't force them to attend.

The majority of the students are not attending anyhow, therefore, why abandon, disband or shift classes to attend. A student has so many cuts and he is entitled to use them in any way he pleases.

"The three meetings need not be given up, have them at any time of the day that you want, those who are interested will still attend. Other things of religious emphasis need not be given up, however, something needs to be done the whole year," reemphasized Dean Rees.

"The administrative offices have urged that more emphasis be placed on religion, however, the primary business of the university is still to conduct classes," stated Dean Rees.

## Home Economists Present Fashion For Annual Show

High school girls from all parts of the state attended the annual home economics fashion show this week in Allison Hall.

This is the first time high school girls have been especially invited to attend the show. According to a home ec spokesman this step was taken to encourage interest in the university's School of Home Economics.

The program, "Curtain Call," emphasized a behind-the-scenes look at the workings of the home ec department. All the garments were made or designed by the students for courses in elementary clothing, advanced clothing, flat pattern, draping and tailoring.

Jane Walton and Shirley Deats were co-chairmen for the event. Mary Hoover, Kay Wilkins, Olive Lee, Ardis Babcock, Carol White, Patricia Severin, Joan Whitten, Sylvia and Sheila Fetter, Janet Campbell, Stefanie Klahr, Phyllis Tucker and Dorothy Liddell constitute the remainder of the committee.

Miss Mary E. Wines, associate professor of clothing is the group's advisor.

**DUPONT HALL PROGRESSES** — the P.S. duPont engineering building, housing the university's civil and electrical engineering facilities is nearing completion, and is to be occupied in September. The cornerstone for the \$1,319,226 structure was laid on May Day.

## APO To Sponsor Fall Book Exchange

Alpha Phi Omega, National Service Fraternity, will operate the Used Book Exchange again next fall.

The exchange will be open from September 18 to October 4 at Brown Residence Hall. Hours will be 1:30 p.m. to 4:30 p.m. each week day.

Students who wish to sell books will state the price they desire, and APO will try to sell it for that price. There will be a service charge of ten cents for each book to cover operating expenses. Unsold books and payment for books sold will be returned during the last week of operation.

## Dr. Lee Schedules June Organ Recital

Dr. Henry Lee of the university music department will present an organ recital on June 18 as part of the program of the regional meeting of the American Association of Organists and Choir Masters. The recital will be held in Mitchell Hall.

May 17, 1957

## Tassel Selects Five On Basis of Merit

Tassel, the senior women's honorary scholastic and leadership society, has selected five outstanding junior women for membership.

The honored students, who were chosen on the basis of scholastic achievement, leadership and service to the university, are Jane Wollenweber, Dorothy Pannell, Margaret Jones, Mary Hoover and Josephine Baldwin.

Formal initiation into the society took place May 13 at Old College, prior to the annual banquet, which was held at the Glass Kitchen in Glasgow. Tassel president is Audrey Elise Delano, and the faculty advisors are Miss Bessie B. Collins, dean of women, and Miss Irma Ayers, dean of the school of Home Economics.

Miss Wollenweber, a bacteriology major, lives in Baltimore, and is Secretary of the junior class. She is also assistant head of house at Kent Hall; a junior advisor; and a member of Beta Beta Beta, honorary biology society and Phi Kappa Phi, honorary scholastic society.

Miss Pannell is an English major from Toughkenamon, Pa. She is the present editor-in-chief of *Venture* magazine and secretary of Beta Beta Beta.

An elementary education major, Miss Jones lives in Claymont. She is the newly elected vice-president of the Student Senate, vice-president of the Women's Athletic Association, a junior counselor and has served on many major student government committees.

Miss Hoover, whose home is in Kensington, Md., is a major in home economics. She has participated in many Home Economics Club and Junior advisor activities and is a member of both Phi Kappa Phi and Kappa Delta Phi, honorary education society.

Miss Baldwin, an elementary education major, lives in Wilmington. She has recently been elected president of Kappa Delta Phi and is secretary of the class of 1958. She is a member of the Delaware Student Teachers Association and the Women's Executive Council, and she is a junior advisor.

## UD Alumnus-Retired General

Lt. General Julian Smith, a graduate of Delaware in 1907, is one of the celebrated generals in World War II.

### Active Student

As a undergraduate, General Smith was associate editor of the "1907 Derelict," class vice-president in 1903, class president in 1904, on his class football team, a member of the debating team active in YMCA work and a member of Sigma Nu social fraternity.

Along with his bachelor's degree, General Smith holds Doctor of Laws honorary degrees from Delaware and the College of China. After graduating from Delaware, he became a career marine officer and now holds the rank of Lt. General.

Along with the many service and campaign medals which he holds, General Smith also claims the Navy cross, Distinguished Service Medal with a gold star, the Presidential Unit

Citation with two bronze stars, the British Honorary Distinguished Service Order, the Nicaraguan Medal of Distinction and the Order of Military Merit of Santo Domingo.

### Alumni Chairman

Retiring in 1946 as a Lieutenant General, General Smith now resides in Alexandria, Va. Until recently, he was an active member of the Washington Regional Alumni Chapter, and in 1951 was co-chairman of the Alumni Development Fund Campaign.

Page 4 May 17, 1957 Vol. 78, No. 28

## Inaccuracy and

### An Apology

Inaccuracy, above all things, might be said to be the bete noire of newspaper reporting. Inaccuracy need not always be the misrepresentation of fact; it sometimes is the omission of pertinent information.

Last week the *Review* was guilty of inaccuracy on both these counts. In the story on May Day the name of Sheila Cunningham, Maid-of-Honor, was omitted from the list of the Queen's attendants. Further on in the paper the following lines appeared in the story on the Home Economics banquet of May 1: "Shirley Deats was presented by Nancy Marsteller as the recipient of the Grange Scholarship, which is awarded to an outstanding junior home ec major". Miss Deats was not, at that time, the recipient of the award; she was the nominee of the home economics faculty for that honor.

For these two serious inaccuracies we can offer no excuse but human frailty. We do tender our apologies to all the parties concerned. We will not say that we shall try to be more accurate in the future, because accuracy is not comparative, it is an absolute; we have always striven for accuracy and we will continue to do so.

FJG

## Thoughts

### Just Looking Around

by Sidney Ezrailson

The last issue of the newspaper is the best time to look back over the school year and, to use the words of the editor, "reflect" on what has been accomplished. Also, I think it is a time to look ahead to the next year and see what can be done to change, and indeed, improve what has come before.

In the past year I have written more columns than I want to remember, and a lot of them that I really want to forget. The printers have managed only to misspell my name once, and really I think everything else I said was all there when the paper was finally put on the table Friday morning. I started out practically as a babe-in-the-woods last September having written only one or two columns the year before and wrote a little article about what I had read the past summer, trying in some manner to say that the college student should watch the world around him. This apparently was all well and good to the three or four people, including the copy readers, who read the column. It took me two or three issues, and columns on Suez to really understand that what the people like to read about are themselves. So when I started to write about scholarship, and the "suit case college," people started to get past the title and well into the first paragraph before they started to read "Arnold."

At any rate, I still don't think I've gotten the readers past the second paragraph, and now I wonder how I can get every word across and down the students' throats.

Mr. William Frank, who spoke at our *Review* banquet last week, and who is a columnist for the *Wilmington Morning News*, told us he had a formula for having his articles read, and indeed for getting results. Mr. Frank's formula is in short, getting people mad. That is to say, getting people mad at him. Well, at this point I am not ready to subscribe to his theory, because in my case, people will probably not care what the "old crank is saying now." The real way may

be to flatter the poor unfortunate and unreading student into just reading.

This summer I am going to Europe, and will study and travel there for two months. This trip I am sure will have a great effect on my future writings. When I see things of international significance first hand, maybe then I will, as a college student myself, be able to relate them to the college, and show how our future is connected with them. In addition, I hope to try to show the connection of this college with other colleges in the nearby area, and show that college students everywhere are pretty much the same. In this connection, too, my trip will be helpful, for I will be traveling with students from all over the United States. I look forward to writing next year, and hope that my writings will have a broader scope.

## 'Neath The Arches

By Nancy Stewart

Many frantic faces are seen around campus this time of the year as we all hit the "final stretch" of getting that term paper in on time. Next Monday witnesses the beginning of finals and much anxiety until grades come out after the long trial of study, study, study, is over.

Cupid is not going into hiding, however, as witnessed by the engagement over the weekend of Barbara Lewis to Tom Van Meter, Doris Reed to "Shorty Morris," and Marilyn Meekins to Russ Tatman. Those pinned include Bob Schillo and Carol Lenahan, George Lord and Lola Russell, Henry Jablonski and Norma Nicholson and Jack Sloan and Bunny Long.

In spite of the adverse weather conditions, May Day went on as scheduled. The dance and the presentation of Queen Pat Lyons and her court were carried on inside the field house as was the concert given by the chorus

and the band. It seems as though there were many dizzy members in the chorus as the stands began swaying back and forth as they were mounted by the singers. A great disappointment was the forced cancellation of the dance on the tennis court. It was held in the field house where it was reported that a good time was had by all. During the dance, the winners of the A. B. Catts award for the outstanding dormitory were announced: Smyth Hall and Kent Dormitory. Congratulations to both dormitories for their outstanding display of spirit and cooperation.

Of interest primarily to the girls, we would like to mention the leave of Mrs. Pizer, house mother, from our campus this year. She has been one of the best-liked and respected housemothers on campus and it is with a true feeling of regret that the campus co-eds witness her retirement from Delaware.

(Continued on Page 6)

## Offstage Notebook

By George Spelvin

For the last issue of this year's *Review*, pardon my personal reflections and sentimentality.

In the fall of 1955 the George Spelvin column first appeared in the *Review* with "ltd bits" about the theatre, television, art, motion pictures and music. The column was first called "Airing the Arts," but soon evolved into the better appellation, "Off-stage Notebook."

I tried to incorporate many items into the column which would interest a great many people. All the articles contained several items and none were overly long.

With the column the George Spelvin Acting Awards and the Academy Award Contest were initiated. The George Spelvin Acting Awards represented the campus' choice of the best actress and actor, supporting actress and actor, and best production. Last week the second annual Spelvin awards were announced. Each winner is presented with a certificate of his accomplishment. And I would like to thank Margaret Hamblin of Sussex Hall for helping to design and execute the certificates. She did a great job!!

With the arrival of the George Spelvin column, many people became curious about this person, Spelvin. There wasn't any such person enrolled at Delaware. For several months, many people guessed but few knew the identity of George Spelvin. Slowly the information leaked out a minute hole and a few more people learned the identity of Mr. Spelvin.

Actually the name George Spelvin is the John Doe of the theatre. Besides appearing in the *Review* weekly, this name is found under a column in *Theatre Arts* and on many Broadway programs. The name usually appears on a program when an actor is doubling in a role.

Perhaps you wonder why this retrospective edition... Well... the reason is... I'm graduating and I must turn over my pen to my successor, George Spelvin II. Next year the column promises to be interesting and full of info.

So now I would like to thank all my readers and wish Mr. Spelvin II, success next year.

Best of Luck,  
Richard H. Stewart

"Boy, it's gonna hit the fan today."

## Letter To The Editor

To the Editor:

In your issue of May 10, Sidney Ezrailson attempted to justify the United States foreign policy in trying to maintain the independence of Jordan. He over-simplified a complex problem and thus made the status quo seem very desirable. I would like to present a few more thoughts on the subject.

It may be that Jordan is insignificant, but so are many of the states in this country. American history has shown that when a few insignificant states unite with a few more insignificant ones, quite a lot can be accomplished. It seems therefore that in addition to the desire for peace, there is in this country an apprehension of the disadvantages—to the Western World—of a confederation of Arab States willing to deal with Russia. Such a confederation might also enable the Arabs to regain their lost homes in Israel in spite of the Western wishes to the contrary. These are just two of the possibilities, and there are many more.

A more subtle defect in the line of thought presented by Sid, is his attempt to judge an Eastern situation by Western standards alone. He completely ignores the dif-

ference between the Eastern and Western ways of thinking, and further errs in believing that the Western way is the only correct one. Democracy is not necessarily the most practical form of government for Jordan today. Neutrality, a mortal sin among Western countries, is an admirable virtue in the East; and material riches are not as dear to the Eastern heart as they are to the Western one.

With these and other thoughts in mind, it seems that the direction of the United States policy in the Middle East should be towards uniting the Arab States instead of splitting them into two camps. Stabilizing their economies might remove the threat of economic domination by Israel or the Soviet Union, and hence decrease international tensions in the area. Above all, the neutrality of an Arab government should not be regarded as unethical; for if the citizens of this country have the right to direct their government to support Israel, there is no reason why the citizens of Jordan should not express their desire to be neutral.

I hope these thoughts are helpful to people interested in the area.

Sincerely yours,  
Rajal H. Atalla

## ARNOLD

## It's All Greek...

The brothers of Sigma Nu have been hitting the books pretty hard lately. Everybody is anticipating final exams and has been trying to get in some studying for them between the hour exams which have filled the past week.

The house looks back on a very successful year. We have met with success scholastically, and have participated in a very full and joyful social season. We have also maintained a high intramural standing. We weathered rushing with excellent results and are very pleased with the new brothers.

We would like to congratulate brother Bob Manlokis and Miss Pat Flood on their engagement and also to all of the brothers who are planning to get married this summer. Congratulations to the graduating brothers and good luck to them in their future pursuits. Congratulations also to Tom Maddox on being elected president of the Quaker religious organization on campus.

The brothers of Delta Tau Delta have been burning the midnight oil for the past couple of weeks preparing lab reports, writing term papers and just plain studying.

The Parents' Tea held last Sunday was a big success thanks to social chairman Bob Lovell. Delt social life won't slack off this summer for we plan to hold a few beach parties at Rehoboth. The pledges who could be

seen last week dashing all over campus with their paddles in search of some elusive brothers were finally initiated last Wednesday night. Congratulations to our new brothers: Ed Schmauder, George Carlisle, John Koch, Jack Feeley, Fred Trutt and Paul Wellburn.

We'd like to wish everyone good luck during finals and congratulations to our graduating seniors: Ike Brown, Jack Davidson, Bob Maegerle, Joe McAfferty, George Tannall, Joe Sala, Steve Seidel, Fred Stenke and Craig Stubbs.

This past weekend saw the celebration of Sigma Phi Epsilon's Golden Anniversary on this campus and many alumni returned to the old homestead on reunion day to fete this occasion. A dinner was held at the house on Saturday evening for the returning Sig Eps and the affair proved to be a fitting climax to SPE's very successful social season this past year.

Among the things that brightened the alumni's visit was the news that the overall intramural sports trophy has returned to Sig Ep this year after an all year, all out effort was turned in by every member to win this award. The problem now is to find space for this trophy on our already over-crowded mantel.

Congratulations and best wishes also goes to our graduating seniors, all of whom will be sorely missed in the coming year.

The social season for the brothers of Alpha Tau Omega came to a reluctant close this past weekend.

Last weekend's Alumni Association party provided a fitting finale to a wonderful year as the brothers renewed acquaintances with the "old grads" and danced to the music of the Art Mann Quartet.

This week will find the brothers enjoying the annual "send-off dinner", held in honor of the graduating brothers. This is traditionally the Chapter's last get-together before graduation, and at this affair the outstanding senior award will be presented to Brother Bill Krebs.

Congratulations go to Bill and Brother Gary Gill on his being chosen as the Tau's outstanding intramural athlete of the year.

The Pi Kappa column this week reads like Don Cupid's annual record of accomplishments.

Henry Jablonski pinned Miss Norma Nicholson at the Pike weekend. Best of luck, Henry.

Five brothers are getting married this summer.

Ron McGinnis-Ann Gaetz  
Henry Wilson-Sandra Pugh  
Ken Cashell-Madelyn Brown

Mel Slawik-Betty Jo Scott  
Ken Campbell-Jean Bandlow

Congratulations and best wishes from all the brothers. Good luck to the graduating seniors.

Best of luck to everyone on finals and see you next year.

First off, the brothers of Alpha Epsilon Pi would like to congratulate the five seniors who are leaving us. Jerry Spivack will be enter-

ing Jefferson Medical School in the fall. Jack Brodosky will enter his freshman year at Dickinson Law School, while Billy Handloff will be doing graduate work in psychology. John Straussburger will be doing research work in chemistry for the government and Sid Kugler, who incidentally was the fraternity president, will start out on his own by seeing the world from a fox hole. Gordon Pizer, our distinguished graduate student was accepted at the University of Cincinnati School of Medicine. Ronnie Strauss will also be leaving us, although a bit prematurely, to enter the Temple School of Chiropractic next year. All the members wish the best of luck to these brothers and hope to see them around.

The brothers of Kappa Alpha extend hearty congratulations to social member Russ Tatman, who recently became engaged to Miss Marilyn Meekins. Best wishes to you both.

The KA "A" softball team ended up with a worthwhile season by winning its last four games. The team lost two during the season. The bowling team also had a good season. The team was composed of Brothers Jack Morris, Ray "Skip" Crawford, Chuck Richards, Dick Schaffer, Ed Zippe, Jim Stritzinger and Ed Ruos. Brother Morris wound up with the high game during the season of 158. However, he bowled a 200 game last week but it was not in a scheduled match.

Five alumni of the class of

1907 and earlier visited the house last weekend. It was a pleasure to talk with them and we hope to see more alumni throughout next year.

The Alpha Gamma chapter of Phi Kappa Tau is proud to extend the right hand of brotherhood to the nine men that were initiated last Friday. These men include James Mumford, Lee Dalaski, Joe Whiteoak, Frank Helms, Ronnie Smith, Mat Aydelotte, George Batchis and Pete Reiter.

he daring hit and run tactics of Bomber Ace Tom Lennox can only be matched by the sheer fire-power of a unit of M3 water hoses and numerous small arms units led by "Colonel" Dougherty.

Among those who returned for Alumni Day was James G. Lewis of the class of 1932. He is one of the founding fathers of the Alpha Xi chapter of Theta Chi.

On Friday night, both the active brothers and the returned alumni enjoyed a buffet supper. Afterward's, some of the actives sat in on the alumni meeting in order to learn about the business of being an alumnus of Theta Chi.

It has been announced that Bob Jones will be Theta Chi's treasurer for the coming year. Good luck in collecting dues; although you'll probably need more than that. Congratulations to Bob Schillo and George Lord who announced theirplings Misses Carol Lenahan and Lola Russell respectively.

## Ohio State Educator to Speak To Student Teachers Next Week

Dr. Leonard O. Andrews, coordinator of student field experience in the College of Education of Ohio State University, will be the guest of the university next Thursday and Friday as teacher education consultant to the School Education.

During his two-day stay at the university, Dr. Andrews will give three talks to students and staff members of the School of Education, study the student teaching program and confer with the faculty members involved in the program.

Dr. Andrews' first lecture will be given in a senior seminar Thursday at 8 a.m. on the subject of "Professional Responsibilities of New Teachers." Later in the morning he will confer with

Dr. Russell G. Stauffer, acting dean of the School of Education. A Thursday afternoon meeting with Dr. Carl J. Rees, provost of the university and dean of the Graduate School and group meetings with cooperating teachers have also been scheduled.

### Speaks at Dinner

Thursday evening at 6:30 Dr. Andrews will speak on "The Importance of the Cooperating Teacher in a Teacher Education Program" at a dinner for cooperating teachers in Old College Hall.

On Friday, Dr. Andrews will spend the day in conference with the staff of the School of Education. The schedule of meetings is headed by Dr. Andrews' talk on

his "Reaction to the University of Delaware Teacher Education Program."

Dr. Andrews has had long experience with teacher education as a supervisor and as a consultant in his present position at Ohio State University and in earlier posts elsewhere.

Born in Wausaukee, Wis., Dr. Andrews was educated in the public schools of Omro, Wis. and Lansing, Mich. He received a master's degree from the University of Michigan in 1930.

### Consultant and Dean

Dr. Andrews frequently acts as a consultant in teacher education to colleges throughout the nation, and from January 1953 to June 1954 served as dean of the Territorial College of Guam for the government to Guam.

The author of numerous articles in his field, Dr. Andrews was a contributor to the book, "The Student Teacher in the Secondary School," published by Prentice Hall in 1953. He was co-author of "Guiding Your Student Teacher," also published by Prentice Hall, which was cited by the Enoch Pratt Library of Baltimore as one of the outstanding educational books of 1954.

No mail for me? Wishful look of freshman Floy Bullock is typical of reception given to empty mail box.

## Atlas Has Nothing On Universary Postmaster

BY ALICE MATUSZESKI

Sixteen Tons? No, not exactly. But 1600 pounds of mail and 200 packages are handled weekly by the university post office under the direction of Franklin Springer, postmaster.

With the aid of two student assistants, Stewart Holveck and

Dorretta Mueller, Mr. Springer sorts 2600 to 3000 letters a day.

Mail comes in at 7:30 a. m., 10:30 a. m., and 1:00 p. m., and is distributed as it arrives. All undergraduates and fraternities have boxes. In addition, faculty and office mail is sorted in the mail room, Charles Glackin, assistant to Mr. Springer, and Elwood J. Campbell, mail truck driver, take this office mail to the various campus buildings.

Mr. Springer stated that he has enjoyed his work in the post office during the eight years he has been there. Before that, he was a mail carrier in the town of Newark for 28 years. When asked if he had any suggestions for students, Mr. Springer mentioned that notices to individuals of organization meetings take up a good deal of his time. It would help him, he said, if clubs with a large number of notices to distribute would see that someone from the club was available to help him get the notices into boxes. He added that small "tissue paper" notices are very hard to handle.

### Improvements

Recent improvements in post office equipment include sorting and package racks, purchased in the past year. Mr. Springer said that the office was painted during the spring vacation "for the first time in ten years—certainly improves the atmosphere."

## MacPhee Selected AAUP President

Dr. Halsey MacPhee, Chairman of the Psychology Department, was elected president of the university branch of the American Association of University Professors at a meeting May 9.

Assisting Dr. MacPhee in his duties will be Dr. Elizabeth Bohning, vice-president; Miss Mary Wines, secretary-treasurer; and Dr. William McDaniel, member at large. Dr. Chester Hitz is the out-going president.

According to Dr. Hitz, the purpose of the AAUP is to further the profession of university education culturally and to benefit of personnel. A great deal of time is spent discussing the problems of interest to educators.

# University to Offer Family Life Program

An experimental workshop on personal and family life education will be offered at the University from June 17-28 inclusive under the direction of Dr. Wallace Maw, Associate Professor of Education.

The program will be presented under the joint sponsorship of the American Social Hygiene Association and the university's summer school, and is the outgrowth of a need expressed by the Delaware Association of School Administrators for instruction in this area. Scholarships offered by the American Social Hygiene Association will cover the five dollar registration fee of each applicant.

According to Dr. Maw, the course will cover recreation, religion, home economics, health and other important topics related to the family. Instructors will include members of the university faculty and a number of outside specialists.

Enrollment will be limited to 20 persons, most of whom will be teachers endorsed by their principals or superintendents who may initiate courses at the high school level based upon their experience. The workshop will deal with three broad topics: personal and family life education; curricula in the

## Keppel and Kay Talk to Counselors On Health Aspects

Dr. Gordon Keppel, university physician and director of the Health Center and Dr. Jerome Kay, consulting psychiatrist, spoke to the men and women junior counselors for 1957-58, May 8, in Hullahen Hall.

Dr. Keppel and Dr. Kay spoke on "The Relation of the Junior Counselor to University Medical Facilities." The discussion included descriptions of ways in which new students respond to the unfamiliar aspects of college, the ethics of counseling, and the importance of realizing one's own strengths and limitations while in college. Dr. Kay answered questions posed by the junior counselors.

This meeting was one of a series of training sessions which prepare junior counselors for responsibilities. The training will continue during the Orientation Period and in-service sessions will be held through the first semester.

## Fraternities Ratify New Constitution. Pick Committees

The university Inter-fraternity Council ratified a constitution this week defining the powers of this organization on campus.

The new constitution will go into effect only upon approval of the university student personnel board. Lou Morris, IFC president, said that ratification of the constitution was unanimous.

No former constitution governed the organization. Michael Carlton, Kappa Alpha, and Urban Bowman, Sigma Nu, directed the writing of the new legislative code.

Three points included in the new constitution cover rushing rules, attendance requirements for meetings and representation to be organization.

At the same meeting three permanent IFC committees were named. Chairmen are: David Norcross, Alpha Tau Omega, trophies; Peter Steele, Pi Kappa Alpha, social; Carlton, KA, rushing.

schools and teaching aids, films and materials.

Applications should be sent to Gordon C. Godbey, director of summer school, University of Delaware, Newark.

## 4-H Group Offers Training Course

Leadership training for club members will be the aim of the 36th annual 4H Short Course to be held here June 26-29.

Entomology, poultry, crops and soils, food, clothing and home improvement are several of the areas in which the course offers training.

Members may also participate in activity projects in modeling, photography and ballroom dancing.

## Dolan to Return Late In Summer From Germany

Dr. Paul Dolan, chairman of the political science department, who is now in Germany on a Fulbright Fellowship, will return to the university in the fall. Dr. Dolan will probably return to Newark in August, according to Dr. Inis Claude, associate professor of political science.

Dr. Dolan has been lecturing at a German University in Wilhelmshaven, which is in the northern tip of Germany. He is staying at Bremen with his family.

The chairman of Delaware's political science department has been lecturing in all parts of Germany on American elections and politics. In addition, he has been traveling in Austria, England and France.

Dr. Dolan has been writing articles for the *Wilmington Morning News*. In a recent letter to the city editor of the newspaper, Dr. Dolan stated that although his trip has been an enjoyable one he is "homesick."

# Religious Council Plans 1957 REW

Plans for Religious Emphasis Week 1957 were discussed at the recent meeting of the University Religious Council.

According to Tom Spackman, group president, under the proposed plan, the REW week will begin with a Convocation on November 4, at which a well-known personality will speak.

Seminars, on the evenings of November 4, 5 and 6, will represent the major faiths. There will also be dormitory meetings, with chaplains, each evening.

The committee also proposed a seminar in December, January and February with a nationally known figure, in cooperation with university departments such as philosophy and psychol-

ogy. The speaker would relate his subject to religion.

The group has also passed a resolution to send a letter to the university administration, suggesting that a day be added to the university calendar in order to enable three convocations to be held in future years.

The members of the URC are: Rosalie Ruskin, Christian Science, vice-president; Ed Haugh, Newman Club, secretary; Jim Leathrum, Wesley Foundation, treasurer; Amelita Augustus, Eastern Orthodox; Mary Runk, Lutheran Student Association; Manny Vegh, Hillel Councillorship; Robert George Westminster; Malja Janssen, Quakers.

to  
a young  
man

with the world on a string

This June, the graduates of our engineering and scientific schools, pockets stuffed with job offers, have "the world on a string."

But there's another "string" attached to this fabulous situation: A man can only accept one job offer.

How can the graduate make up his mind wisely about his vital decision?

We're not going to try to tell you. And we're going to resist the temptation to point out the many advantages of working for IBM—much as our company, like every other, needs top-notch engineering and scientific talent.

We're merely going to leave you with one thought that may help you make your decision:

IBM's President has stated this policy: "... I want this company to be known as the one which has the greatest respect for the individual."

## Golf Team Improves Record

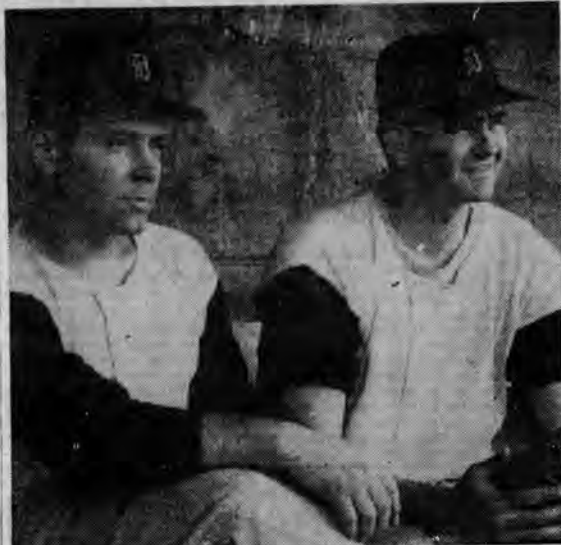

The Delaware golf team which ended last season with a 1-9 record, finished out its season with Drexel, Wednesday, with a much improved slate.

The golf men faced Middle Atlantic Champs, Bucknell on May 13, on the home course. The Bisons defeated Delaware 30-7 1/2. Chauncey Dean, of Delaware, out played Bob Miller 4 and 3.

John Dunn, of Bucknell, stopped Pete Pfeiffer 7 and 6, while Jim Fadd rolled over Delaware's John Walker 8 and 7. Dave Done won the only other match for the Bisons, defeating Dick Priester 5 and 4. Bill Walker won over Dick Millward 2 and 1, and Jim Shelton stopper Rodger Tise 3 and 2 to record victories for the Hens.

In the Middle Atlantic Championships at the American Legion Country Club at Mt. Union, Pennsylvania, Delaware placed 14th in a field of 17 in which the top four men on the squad register 715 strokes for 36 holes. The team was composed of Harold Reed, Chauncey Dean, Bill Walker and Jim Walker. Bucknell, the winner, registered 626 strokes. After the first 10 matches of the season, the record stands at 5-5 which overshadows last season's 1-9 outcome.

The squad was hindered by the loss of Captain Dick Sutton, who has been hospitalized.

"WE SCORED AGAIN" — Head baseball coach Harold (Tubby) Raymond and catcher Joe Thorp watch attentively from the dugout as the Hens stage a rally. This scene was a typical one at Delaware baseball games this season as most of the games were wide open affairs. In a recent game of this type against Villanova, won by Delaware, 16-7, Thorp drove in three runs with three hits.

## Temple Nips Hen NCAA Hopes;

Delaware's varsity baseball team got its thirteenth victory of the season at the expense of the Wildcats of Villanova, 16-7, on May 9 in Philadelphia. Last Saturday, however, the Blue Hens suffered their fifth reversal, losing to a strong Quantico nine whose record is now 21-4.

### Nine in Ninth

Delaware and Villanova were tied 7-7 going into the ninth inning when the Hens broke up the ball game. They tallied nine times before the Wildcats finally managed to retire the side. The Blue Hens pounded five Villanova pitchers for a total of 34 hits and made them good for sixteen runs. Gene Watson, Jim Smith, and Joe Thorp led the way with three hits each. Thorp included a double and a triple among his hits and Watson also

smashed a three-bagger. Thorp and Jim Breyer drove in three runs apiece.

### Third Sacker Wins

Fred Walters left his third base position to relieve Dick McKelvey on the hill late in the game and received credit for the victory.

Although the hitting in the game was good on both sides, the fielding was anything but sharp as a total of twelve errors, seven by Delaware, marred the complexion of the game.

Against Quantico, the Hens were not so successful in scoring runs but again gave up quite a few, the result being a 12-4 pasting. The Marines jumped on Tony DeLucas early and tallied five runs in the first two innings. That would have been enough but, adding insult to injury

Quantico added seven more tallies later in the game.

### Walters Connects

The Leathernecks' cleanup hitter, Ron Dursema, was a one man demolition crew as he smacked out three hits, including a triple and a homer. Fred Walters, Gene Watson and Jim Smith collected two hits apiece for Delaware. Walters hit a home run.

With six runs in the fourth, Temple topped the Hens 9-7 to virtually knock Delaware out of contention for NCAA honors.

Tony DeLucas started for the Hens but was relieved in the fourth by Fred Walters.

Back to back round trippers accounted for three of the Delaware runs. Gene Watson drove one over the concrete wall in right field with one man aboard in the sixth inning. Jimmy Smith followed with a smash to right-center.

## Top Hen Athlete To Be Announced

The annual Varsity Sports Athletic Banquet at which Delaware's most outstanding athlete for the previous school year is announced, will be held at 6:30 tonight in Old College. Master of ceremonies for the dinner will be the former Wilmington sports telecaster, George Frick. Principal speaker for the evening will be William Denny, head football coach at South River High School, South River, New Jersey.

At present, personnel editor in the DuPont Company engineering department at Louviers, Frick was sports director of WDEL-TV for five years and has been active in numerous sports affairs in Delaware.

He is past president of the Wilmington Sportswriters and Broadcasters Association and currently a member of the or-

ganization's board of governors. He is a member of the Delaware All-Star Football Game committee and the publicity committee of the Delaware State Lawn Tennis Association. He is on the board of governors of the Wilmington Optimist Club and is an officer of Optimist-sponsored Little League.

Held in honor of senior varsity athletes, the annual banquet will be attended this year by Governor J. Caleb Boggs; Lt. Governor David Buckson; U. S. Representative Harry Haskell; Dr. Carl Rees, Provost of the university; members of the Athletic Council and Athletic Board of Trustees; university officials; representatives of press and radio and athletic department staff members.

Among the presentations to (Continued on Page 9)

## Sports SLANTS

by Dave Heeren

Sports Editor

With the completion of a considerable number of puzzling calculations, it has finally been determined, and we hope accurately, that Sigma Phi Epsilon fraternity compiled the best overall record in fraternity athletic competition for the school year of 1956-57.

Sig Ep ran up a total of 1037 points to 923 for Sigma Nu, its only close competitor. Kappa Alpha finished third with 703 points. Following KA in succession were Alpha Tau Omega, Delta Tau Delta, Phi Kappa Tau, Theta Chi, Alpha Epsilon Pi and Pi Kappa Alpha.

Eigma Nu had three of the top four individual scorers including the top two, Dave Sharp and John Spargo. Sharp had 149 points to 138 for Spargo. Sig Ep's Jim Dick was the third highest point getter with 116. Rounding out the top ten were Don Jost of Sigma Nu, Roland Corson of Kappa Alpha, Tom Adams of Kappa Alpha, Pete Laman of Sigma Phi Epsilon, Art McDonald of Sigma Nu, Bill McCafferty of Kappa Alpha and Eugene Seville of Delta Tau Delta.

An oddity can be noted in the individual performance. It is that, of the five individual titles to be had, two men, Jost and Phi Kappa Tau's Teddy Schall, monopolized four of them. Schall defeated Pete Laman of Sig Ep for the tennis title and also won the table tennis championship. Jost won the badminton and handball crowns. Jack Mundy of Delta Tau Delta took the other individual title, coming in first in the cross country run.

Although Sigma Nu stood out in the individual events, Sig Ep's predominance in the team sports was even more impressive. The point totals for the team sports showed Sig Ep on top in touch football, wrestling, swimming, track, softball and, in spite of Schall, tennis. Paced by Jost, Sigma Nu won the badminton and handball championships. It also took first in table tennis and volleyball. The other titlists: Kappa Alpha, basketball; Delta Tau Delta, cross country; Phi Kappa Tau, fowl.

Team scoring in all sports:

	FB	CC	HB	TT	BB	FS	WR	VB	TR	BD	TN	SB
Sig Ep	156	30	7	16	85	10	130	50	32	34	270

guide to abbreviations: FB-football, CC-cross country, HB-handball, TT-table tennis, BB-basketball, FS-fowl shooting, WR-wrestling, SW-swimming, VB-volley ball, TR-track BD-badminton, TN-tennis, SB-softball.

Here is an interesting sidelight having nothing to do with fraternity sports, but interesting nevertheless. The Quantico Marines carry several former professional and semi-professional baseball players on their team. One of these is Chet Nichols who led the NL hurlers in ERA one season before he was drafted. Needless to say, Quantico licked the Hens, 12-4, without even using Nichols.

There are a few souls on campus who have been expressing loud denunciations of Rocky Colavito's chances for the AL homer crown. However, these are the same hardy souls who were laughing at the Phillies not long ago.

## Delaware Netmen Defeated By Franklin and Marshall, 7-2

Delaware's tennis team dropped all six singles matches in losing to Franklin and Marshall College 7-2, on Monday May 13. This was the Hens' fourth loss of the season against five wins.

In the first match of the afternoon, F&M, Joe Grosh turned back Ray Walker, 4-6, 6-0, 6-4. Clayton Kauffman was stopped by Bill Witmer in straight sets, 6-3, 6-2. Mike Hettelman dropped Captain Alan Woodruff, 6-3, 8-6. Tom Jenkins was overwhelmed by Nelson Ivins 6-0, 6-0, while Don Daniello was beat by Larry

Cerino by the same score. Bob Renza took the last singles contest from Delaware by stopping Bob Woodruff, 6-0, 6-2.

The Hens finally came through with one as the team of Walker and Daniello beat Cerino and Hettelman in a drawn out contest, 4-6, 6-4, 8-6. Jenkins and Bernier also won for Delaware, eliminating Witmer and Spangier. Franklin and Marshall took their other match as Grosh and Ivins quickly turned back Alan Woodruff and Kauffman, 6-1, 6-1. Drexel will invade the Frazier Field courts tomorrow at 2:00 to mark the end of Delaware's season.

### The Summaries:

Singles:  
Grosh (F&M) def. Walker, 4-6, 6-0, 6-4.  
Witmer (F&M) def. Kauffman, 6-3, 6-2.  
Hettelman (F&M) def. A. Woodruff, 6-3, 8-6.  
Ivins (F&M) def. Jenkins, 6-0, 6-1.  
Cerino (F&M) def. Daniello, 6-0, 6-1.  
Renza (F&M) def. B. Woodruff, 6-0, 6-2.  
Doubles:  
Walker and Daniello (D) def. Cerino and Hettelman, 4-6, 6-4, 8-6.  
Grosh and Ivins (F&M) def. A. Woodruff and Kauffman, 6-1, 6-1.  
Jenkins and M. Bernier (D) def. Witmer and Spangier, 2-6, 8-6, 8-2.

## Faculty Can Get Football Tickets

The University faculty has been extended the privilege of purchasing their football tickets before the pre-season rush gets underway. Raymond (Scotty) Duncan, the faculty manager of athletics, is making this offer and hopes that all faculty members will take advantage of it.

# Jones & Browning Pace Track Squad in Scoring

Delaware's varsity track team took fourth place in the Middle Atlantic Track meet held at the Franklin & Marshall track in Lancaster, Pa., last Saturday.

Cliff Browning and Bob Cuthrell came in one-two for Delaware in the pole vault. Bill Walston and Browning came in fourth and fifth respectively in the broad jump, and George Wening finished third in the javelin.

The Blue Hens had little trouble in crushing a weak Muhlenberg cinder team, 101-25, on May 7 at Frazier Field.

Clyde Louth, Harris Mosher and Bill Walston won two events apiece as the Mules succumbed to the Hens in 13 of the 14 events.

Mile—1. Louth D; 2. Krauss M; 3. Thieler M; 4. 4:43.7 5-4  
440—1. Foster D; 2. Sabol M; 3. Sloan D; 4. 5:5.0 6-3  
100—1. Walston D; 2. Mosher D; 3. Luker D; 4. 10.7 9-0  
120 H—1. Mosher D; 2. Crawford D; 3. March M; 4. 17.5 8-1  
800—1. Quigg D; 2. Terres D; 3. Mahla D; 4. 2:02.5 9-0  
220—1. Jones D; 2. Thieler M; 3. Roth M; 4. 2:24.5 4-4  
2 Miles—1. Louth D; 2. Krauss M; 3. Peat D; 4. 10:40.7 5-3  
120 LH—1. Mosher D; 2. Crawford D; 3. March M; 4. 2:1.1 9-1  
Javelin—1. Klinger D; 2. Wening D; 3. Jones D; 4. 180.7 4-5  
Discus—1. Starzman D; 2. Roth M; 3. Mosher D; 4. 116.7 5-3  
Shot—1. March M; 2. Russe D; 3. Pollock D; 4. 40.9 4-5  
Broad Jump—1. Walston D; 2. Crawford D; 3. Browning D; 4. 22.4 9-0  
Pole Vault—1. Browning D and Cuthrell D; tie 3 Wieder M. 12' 6" 8-1  
High Jump—1. Freibott D; 2. Simpson D; 3. Starzman and Crawford D. 5' 8 1/2" 9-0  
480PO

Through the first five meets of the varsity track season, Bill Jones paced the team with a total of 46 points. Right behind him were Cliff Browning with 44 and Bill Walston with 42 1/2. Captain Clyde Louth had chipped in with 35 and Jerry Quigg had 30 to round out the top five.

For the freshmen, Lou Colli- son had 48 1/2 points in three meets. Al Huey and Ed Moore were runners-up with 25.

Varsity:	Freshmen:
Jones 46	Colli-son 48 1/2
Browning 44	Huey 25
Walston 42 1/2	Moore 25
Louth 35	Osmun 18
Quigg 30	Ballick 13
Cuthrell 19	Kirk 13
Mosher 15	Woodward 12
Mahla 16	Green 8
Crawford 15 1/2	Kirby 5
Klingler 12	Carroll 5
Simpson 12 1/2	Allen 2
Starzman 12 1/2	Sapp 2
Russo 12	Heeren 2
Wening 11	Ashby 1
Foster 7	Woodall 1
Freibott 64 1/2

## Barbara Jenkinson Is Chosen President in WAA Elections

The results of the WAA elections were announced at the WAA picnic on Monday. Barbara Jenkinson will succeed Fifi Dawson as president. Other offices went to Jane Lotter, vice-president; Pat Seni, secretary, and Nancy Williams, treasurer. Congratulations girls!

Next week at the first meeting for the new officers, it's rumored that one of the topics to be discussed is a WAA picnic during Freshman Week. This picnic will acquaint the new students with all of the functions under the heading of the Women's Athletic Association.

In the past five years there has been a rapid decline in the participation of large team sports, such as hockey and softball. WAA will continue to spon-

sor these sports if enough coeds show interest. Otherwise, it plans to de-emphasize such sports and emphasize individual sports in the fall and spring. Basketball, tennis, ping pong and volley ball continue to be favorites on South Campus along with the swimming mara-

thon. Aside from team sports, the shows given by the WAA Clubs, the Aquatic and Modern Dance, provide the campus with wonderful entertainment. Thank you to all the girls who participated in any of these sports. We hope to see you next year and we urge you to try to bring a few new faces to the gym. Good luck in your finals. Have a nice summer, and I'll see you in September.

## Cossaboon Tallies

Six Times in 13-8

## Rout of Lafayette

Lafayette dropped a 13-8 decision to Delaware's varsity lacrosse team last Saturday on their home field.

Bob Cossaboon, midfielder ace, tallied six goals to lead the Hens to their second victory in eight decisions. Bob Seaman, also a midfielder, scored four times, three in the second half.

Delaware managed only one goal in the first quarter, scored by Cossaboon, and trailed 3-1 at the end of that period. Lafayette then increased their lead to 5-2 at the half.

The Hens' sputtering attack began to click in the third quarter as Cossaboon's three goals sparked a five tally outburst. Delaware gained a 7-7 tie by holding Lafayette to only two scores in that quarter.

Jack Ellis, Kent McKinnon and Harry Kline, each with one goal, joined Seaman and Cossaboon in Delaware's six point last quarter. The Hens broke the tie with three straight goals before the Maroon rallied for one.

Today the Hens will play Lehigh at Frazier Field beginning at 3:30.

## Blue Hen Of The Week

By Jay Braderman

Hard-working Jerry Quigg is the only undefeated member of the track team. In five meets to date, Jerry has been entered in

Jerry Quigg

six races and has won them all. He specializes in the distance events, the 880, mile and two miles being his best events. However, he is also a good quarter miler and was one of the men on Delaware's winning mile relay team at the Penn Relays.

## Top Athlete

## Eastman Kodak Co To Award Grants

Thirty-three fellowships for advanced study in chemistry, physics and chemical engineering have been awarded for the academic year 1957-58 by the Eastman Kodak Company, it was announced recently.

Value of the Kodak fellowship program for the coming academic year is more than \$120,000. The program was begun by Kodak in 1939. Its purpose is to encourage research training of promising young scientists and engineers studying for the Ph.D. degree.

The fellowship program is part of Kodak's over-all aid-to-education plan, which this year will amount to about \$700,000 and will benefit more than 100 educational institutions and organizations.

Each fellowship recipient in the United States will be granted at least \$1,600, while married persons with dependent children will receive \$2,400. The grant provides tuition and fees and an

additional \$1,000 to help defray the student's research expenses while studying under the fellowship program.

In order to assist the professional development of the student, the fellowship also provides funds for the student to attend one scientific or professional meeting appropriate to his field of study.

In selecting recipients, preference will be given to students in their last year of study for the Ph.D. degree in order to permit them to devote full time and effort to research problems.

Other factors in selecting recipients are ability in their major field of study, a high degree of scientific or engineering promise and financial need.

Other parts of Kodak's aid-to-education program include financial grants to privately supported colleges and universities whose graduates are employed by the company. More than \$300,000 was contributed for this purpose during 1956.

## Delaware Campus Religious Groups Select Officers

Selection of officers for 1957-58 has occupied recent meetings of the campus religious groups.

The Lutheran Student Association has selected Bill Rudrow, Arts and Science junior, to lead their group next year. Mary Runk, freshman chemistry major, will serve as vice-president of the group. The secretary-treasurer will be Dave Hereen, freshman chemistry major.

Jerry Goosenberg, junior chemistry major, has been elected president of Hillel Councilors for next year. Nancy Ackerman and Sheldon Weinstein, freshmen, have been elected first and second vice-president, respectively. The recording secretary will be Shirley Glick, freshman medical technologist and the corresponding secretary will be Sonya Roebert, sophomore education major. Marilyn Salkind, freshman in education, has been selected as treasurer. Representatives of the classes next year will be sophomore class, Paul Fine and junior class, Rhoda Weintraub.

## Wildlife Federation Grants \$400 to UD

At the request of the Delaware Federation of Sportsmen and Conservation Clubs, a grant of \$400 has been made by the National Wildlife Federation to the University of Delaware in support of the university's summer Conservation Workshop program. Presentation of the grant was made recently by a delegation from the Delaware Federation.

## ASME Announces Thompson As Head

Leon Thompson was elected chairman of the student section of the American Society of Mechanical Engineers at a meeting on April 16 in Brown Laboratory.

Other officers elected were: Francis Tweed, vice-chairman; Lawrence Murray, secretary; Robert Stevens, treasurer; George Vavouras, senior representative to the Engineering Council. Francis Lindell, who is the associate professor of mechanical engineering, will be faculty advisor for the organization next year.

Including first vice-president Chester Brantley, second vice president Anthony J. Ferrara, secretary John A. Tunstall and treasurer Leigh D. Monholland. Dr. James C. Kakavas, professor of biological sciences and acting dean of the School of Arts and Sciences, accepted for the university. James C. Donovan is president of the Delaware Federation.

The National Wildlife Federation grants are intended especially for the education of persons involved in conservation. The awards are sponsored by local organizations like the Delaware Federation which are affiliated with the national group.

The university will use the grant to support speaking and travel expenses for the Conservation Workshop, conducted by the department of biological sciences, the workshop deals with soil conservation, wildlife conservation, recreation, forest conservation and water conservation. Field trips to observe conservation in action are an important aspect of the program.

Instructor for the 1957 workshop will be Dr. Willis B. Merriam, associate professor of geography at the State College of Washington, Pullman, Washington. A specialist in the conservation of natural resources, Dr. Merriam has previously conducted a number of conservation workshops, with special emphasis on field work.

## Senate Committee

WHAT IS THE  
LUCKY STRIKE  
JINGLE?  
(SEE PARAGRAPH BELOW)

YOU'VE PROBABLY HEARD of torch songs (music to cry by), Air Force songs (music to fly by), and Aloha songs (music to bye-bye). The Lucky Strike song is music to buy by: it's a pretty ditty that's devoted strictly to Luckies. Naturally, that makes it a *Cheerful Earful!* It reminds you that Luckies are tops and that better taste is the pleasin' reason. Luckies' taste comes from fine tobacco—mild, good-tasting tobacco that's TOASTED to taste even better. So, as the jingle says, "Light up a Lucky, it's light-up time!" You'll say it's the best-tasting cigarette you ever smoked!

## Luckies Taste Better

## Staff Uses Displays For Testing Median

Fossil Horseshoe Crabs, the Limulus Eye and a Food Web, exhibits recently on display in the marine biology showcase, have been used by the Marine Laboratories staff as an experiment to determine better ways of exhibition preparation.

Dr. Carl Shuster, director of the Marine Laboratory, states that through these displays they have attempted to determine the ingredients of successful marine displays.

These essential ingredients of effective display as they have determined them are the title, which should be short, snappy and selected to arouse public interest; the text, which should be short enough to maintain interest and the illustration, which should be a drawing or actual specimen. These element are then combined in an artistic and eye-pleasing arrangement.

### Vary Subjects

The laboratories staff has presented a new marine subject each week in the display cabinet on the third floor of Wolf Hall. These exhibits have been taken from actual research carried out

by staff members, marine surveys and course work. From the field of research have come the exhibits on Fossil Horseshoe Crabs, the Limulus Eye and Estuarine Food Pyramid; from surveys, Oyster Products of Delaware and the Blue Crab and from course work, a Food Web, the World Ocean and Mollusk Shell Structure.

### Broad Educational Field

The educational scope of the exhibits covered a broad field of interest. The display on the Limulus eye pointed out that some animals have an eye which is effected by infra-red and polarized light. An exhibit on the World Ocean showed that the three major oceans of the world, the Atlantic, the Pacific and the Indian oceans, are but the giant arms of a circumpolar sea, the Antarctic Ocean. Another exhibit, Filter Feeding, showed the feeding mechanism of clams and oysters. These mollusks possess cilia, microscopic hair-like structures, which they move in obtaining food.

## Atomic Energy Commission Traveling Unit Tours State

The people of Delaware will soon have the opportunity to get a clear, concise picture of our nation's "Atoms for Peace" programs right in their home towns. The occasion will be the showing of the United States Atomic Energy Commission's newest traveling outfit in 15 locations throughout the state during this month.

The "Atoms for Peace" mobile unit is shown under the national sponsorship of the National University Extension Association and the Junior Chamber of Commerce, and the schedules for the showings in Delaware are being arranged by the Extension Division of the University of Delaware and the state Junior Chamber of Commerce.

### Walk-Through Exhibit

The mobile unit is a self-contained, walk-through exhibit, housed in a bus-type vehicle, enabling it to be shown at different points in

each city in the course of a field of public education on peaceful uses of atomic energy carried out by the Atomic Energy Commission since its formation in 1947. These units, together with many other traveling exhibits of the Commission, are managed for the AEC by the Museum Division of the Oak Ridge Institute of Nuclear Studies, a non-profit educational corporation of 35 southern universities.

### Describe Atom

The heart of the display is a series of panels which simply but graphically cover virtually the entire field of nuclear energy—from a description of the nature of the atom, through the mining and refining of radioactive ores, to the utilization of nuclear reactors in producing electric power.

The display includes examples of the use of radiotopes—the so-called "tracer atom"—in medicine, agricul-

ture, industry, and other fields of research and development. Several of the panels are animated, operated by pushbuttons by the visitor himself. In addition, the exhibit contains actual radioactive ore samples, simulated fuel elements, reactor control rods, radiation-detection instruments, and other "live" materials.

### Latest Development

The new mobile units are the latest developments in the day. In a relatively short period of time, a visitor walking through the exhibit obtains a simple, informative picture of our country's efforts to further the ideal expressed in President Eisenhower's speech before the United Nations General Assembly in December 1953: "To find the way by which the miraculous inventiveness of man shall not be dedicated to his death, but consecrated to his life."

## Band, Choir Record

Program for the band includes:

University of Delaware Fight Song Kelly  
Scotch Folk Suite Davis  
Autumn Leaves  
March from Suite in E Flat Holst  
Blue Mist Beguine Osterling  
Illinois March Goldman

Queried about the apparent lack of university songs, Dr. Trussler jokingly remarked:

"What others are there?"

He explained that the two musical groups considered including "Oh, Our Delaware," but decided that it pertained to the state rather than to the university.

The discs may be obtained through the office of alumni and public relations

## FARAWAY PLACES

Rick Bruhn specializes in preventive "medicine."

Rick is the Mobil marine engineer in Hong Kong. His counterparts work in every major Free World port—more than 400.

As you trust the skill, training and experience of your doctor, so do the men who know marine machinery trust the Rick Bruhns to diagnose their ships' needs and prescribe the right fuels and lubricants.

Mobil know-how created the first and most comprehensive service of this kind. It helps assure that goods you send or receive move without delay—that as a passenger you arrive and depart on schedule—that every voyage is a Bon Voyage.

Marine engineering is only one of many

professions represented on the world-wide roster of Mobil personnel. We also employ nuclear physicists, geologists, mathematicians, chemists and engineers of every type, marketing analysts, marketers . . . people prepared to handle more than 100 different positions.

If you qualify, the Mobil companies offer you an opportunity to build a career through training that will utilize your talents to the fullest . . . constantly challenge your ingenuity . . . reward you with a lifetime of richly satisfying work.

For more information about your opportunity with the world's most experienced oil company, see your College Placement Officer.

## Robert Weller Gets Award At Convention

First prize at the 19th annual convention of the student chapter of the American Society of Civil Engineers, held recently at Drexel Institute of Technology in Philadelphia, was awarded to Robert Weller, a senior civil engineering student at Delaware.

A Wilmington resident, Weller, lives at 522 Ferris Street. The prize-winning paper which he presented to the convention was entitled "Permanent Cavitation in a Venturi."

Ten universities were represented, the ethics of counseling presented at the convention, sponsored by the Delaware, Lehigh Valley and Philadelphia sections of ASCE. Second and third prizes went to Princeton and Villanova Universities.

Chairman of the judges was John I. Cahalan, county engineer for New Castle County. The Delaware section was represented by its president, E. S. Van Denmark.

## Harriet Herrman Elected President Of Wesley Group

Harriet Herrman, a junior Arts and Science major from Newark, was recently elected president of the Wesley Foundation.

Harriet has been active on campus as a woman commuter representative to SGA, past Wesley Foundation Team Chairman, vice-president of Women's Commuters' Organization, Junior Councilor, member of Religious Emphasis Week Committee and a member of Women's Coordinate Board.

James Leathrum, a sophomore engineer from Dover is the newly elected vice-president; Barbara Phillips, a freshman from Wilmington, secretary; George Carlisle, freshman from Bridgeport, N. J., treasurer; Jack Sirman, a freshman from Delmar, home chairman. These five officers make up the executive council.

The five new team chairmen are Gene Thomas, Katy Collins, Bill Foster, Dot Lomicky and Nancy Walton.

## Alpha Zeta Initiates Six Ag Students; Officers Installed

Six agricultural majors at the university were initiated into Alpha Zeta, honorary agricultural fraternity recently.

The six students are Raymond Saatman, junior; George Gladling, junior; Harlan White, sophomore; Robert Bunting, sophomore; Eugene Thomas, sophomore and Kenneth Hastings, sophomore.

The initiation was the climax of a one-week pledge period. During the week of pledging the six students were seen on campus sporting traditional agricultural garb of coveralls and plaid shirts.

Roscoe Exley, junior, was also installed as chancellor of the organization. Other officers who were installed are Alvin Rubinstein, censor; James Crothers, scribe; Cecil Shirley, treasurer; Ralph England, chronicler.

## You'll go for OLD GOLDS

Either REGULAR, KING SIZE or  
The GREAT NEW FILTERS.

Old Golds taste terrific! The reason:  
Old Golds give you the best tobaccos.  
Nature-ripened tobaccos . . .  
So rich, so light, so golden bright!

BEST TASTE YET IN A FILTER CIGARETTE

© 1957, Harry H. Hollister
