 In everything which makes Life
Insurance safe, desirable and
moderate in cost, this Company
is unsurpassed

Provident Life & Trust Co.

OF PHILADELPHIA.

N. W. Cor. 4th and Chestnut Streets.

(Nos. 401-409.)

INSURANCE IN FORCE,	-	-	-	\$118,600,000
ASSETS,	-	-	-	34,500,000

Issues Life, Endowment and Term Policies which can be made payable to the beneficiary in 10, 15, 20, 25 or 30 equal annual installments. Provision may be made for a definite income to the wife during LIFE.

Life Insurance is needed by all classes; by men of small, of moderate and of large incomes. It is needed by many to save their families from poverty or dependence; and by others as a protection against the deprivation of comforts, conveniences and refinements of living, which by use have become necessities.

Its Term policies are issued at low rates and participate in dividends, thus furnishing a large amount of temporary insurance at a moderate cost.

Its Partnership policies are designed to afford protection, in the case of the death of a member of a firm, to the surviving partner or partners. If no longer needed for that purpose, the policies can be converted into insurance on the individual members of the firm.
