

Delaware Senior Presents Winning Chemical Report

Keelen T. Fry, Jr., a University of Delaware senior, presented the winning report at the Inter-collegiate Student Chemists' Association meeting Saturday at Haverford College.

In becoming the first Delaware undergraduate to win the competition, Fry offered a paper entitled "Infra-red Studies of Internal Rotation in Halogenated Propanes," in which he used new spectral methods to determine the arrangements of atoms in certain important chemical compounds.

Prof. Harold C. Beachell of the chemistry department served as advisor on the project.

Eight papers, each the result of individual original research, were presented, and prizes were awarded for the best three.

Dr. William A. Mosher, chairman of the chemistry department, represented the University of Delaware at the annual business meeting, which selected Gettysburg College as the site for the 1956 meeting and the University of Delaware for 1957.

Newark, Delaware, Thursday, April 28, 1955

RICHARD TUCKER WARE, JR.

You get to know a person pretty well when you work with him daily, face to face across a couple of desks. And in the newspaper business, where one crisis follows hard upon the heels of its predecessor, the character of your associate remains no mystery for long.

Good humor, courage, unselfishness, courtesy, friendliness, consideration for others, and kindness are generally strained—often—in the course of time in the hectic workaday world that most of us know. Occasional ill humor, a short retort, and a pass-the-buck attitude on the part of a business associate and friend are to be expected and forgotten. We've worked with many people—have experienced many moods—and have enjoyed the great majority of such associations. But working with Tucker Ware was something different.

Tuck came back home after participating in some of the more unpleasant phases of the Korean War, to enter his father's business as advertising manager for the Newark Post. And handling advertising for a newspaper places one in a very critical position indeed. Possibilities for error are unlimited—just as in general news coverage—but the advertiser pays for his newspaper space and is accordingly, even more alert and willing to register an objection at typographical sins of commission or omission.

We booted a few advertising accounts for Tucker, and certainly, he heard about them from his advertisers. But that's as far as it went. There was never an attempt to shift the blame to where it well belonged. His "I'm sorry, it was my fault" was the end of the line.

Complaints—routine, deadening office work—the less pleasant Post assignments—Tucker had a good dose of them all.

And never—even during his illness when his strength and courage were taxed to the limit—did his good humor, kindness, courtesy and friendliness falter.

It was a privilege to have worked with him, fished with him—and to have visited with him so close to the end. God bless and keep him through eternity.

St. Paul's Church Tops \$30,000 Goal In Fund Campaign

St. Paul's Lutheran Church ended its \$30,000 building fund campaign Sunday with 106 per cent of the goal subscribed.

At the 11 a.m. service the Rev. Howard S. Huges, pastor, was handed a beribboned box of pledge cards by F. William Johns, Jr., general chairman of the campaign.

Including additional pledges made during the day, the campaign brought in \$31,824.23, partly in cash but mostly in 100-week pledges. Payment on the pledges is to start this Sunday.

The church to be financed by the fund will be built just south of the Newark city line in the Y formed by the old and new Glasgow roads.

The board of American missions of the United Lutheran Church of America will match the church's building fund, including its previous balance, on a ratio of three to two.

The university music instructor first organized the instrumental group nine years ago, directing the first outdoor program one year after the band's beginning. Since that time, two spring concerts have been held annually on the Delaware campus, usually on the first and third Sundays in May.

Mr. Lamborn, formerly of Yorklyn, was active in 4-H work as a youngster, and is a member of the 4-H Clubs. Delaware Food Market Report

Meat and Poultry

Spring lamb supplies are increasing substantially and lamb is a featured meat in many stores this week. The two favorite cuts, leg of lamb and chops, are down only slightly and the cost per serving remains high. Many less well known cuts are quite economical and provide meaty dishes that are just as tasty and nutritious. You might try, for example, roast lamb shoulder, braised lamb shanks, grilled lamb patties or lamb stew.

Outstanding values in beef and pork likewise can be found in some of the little known cuts, and these are the best buys this week. Short ribs of beef, prepared barbecue style, are economical and delicious. Beef chuck makes thrifty roasts. Beef meat may be used to prepare a variety of money saving dishes—Hungarian Goulash, Flank steak, ground beef and liver are other inexpensive beef items. Plentiful pork offers many opportunities to stretch food budgets and these cuts are among the best choices: Picnics, Boston butts, spare ribs and shank ends of ham.

Turkey continues to be the most attractively priced poultry. Costs per serving are lowest.

Eggs
Large size eggs are the best buy in most stores this week based on the cost per pound. Medium eggs are less economical except where they can be purchased for seven or more cents below the large egg price.

Fresh Fruits and Vegetables
Lower priced asparagus from nearby states, especially New Jersey, is on the market now. Many

other new vegetables are less expensive. Among them are beets, radishes, cucumbers, scallions, spinach, cabbage and celery. Lettuce is reasonably priced and substitute green vegetables, including squash, either yellow straightneck or the green type, is at moderate prices. Potato prices are holding steady at the higher levels reported last week.

Local markets still offer apples from nearby states at low prices when the apples show some scald—a brown discoloration of the skin. This defect usually is only "skin deep" and the apples often are a bargain.

Florida oranges and grapefruit are at very reasonable prices. Keeping quality of citrus usually poor in the spring can be improved by refrigerating at home. Grapes and pears are relatively costly this week.

Because we know that many folks still don't realize how little a Buick really costs—that the dollar difference between this big Buick SPECIAL 2-door, 6-passenger Sedan and the leading smaller cars has virtually disappeared.

Buick Sales Are Soaring As Never Before

But more and more of them are finding it out. And that's a major reason why Buick production and Buick sales are soaring to all-time highs today—and why Buick again is outselling all other cars, regardless of price range, except two of the well-known smaller cars.

Big reason, too, for this soaring

popularity is Buick's full line of automobiles, giving you a choice in any price class—the rock-bottom-priced SPECIAL, the high-powered CENTURY, the supremely spacious SUPER, and the custom-built ROADMASTER.

But above all, more and more people are discovering that the price you pay for a Buick buys more sheer automobile than the same money buys elsewhere.

More advanced styling, more deep-down comfort, more pure power thrill, more ride steadiness and handling ease and solidity of structure.

More spectacular performance, too, from the modest extra cost of Buick's automatic transmission.

For here you get Variable Pitch Dynaflo®—the new wonder drive born of modern aeronautics to give you instant full-power getaway and acceleration when needed—and far better gas mileage when cruising.

Why not come see us this week, for sure? We'll be happy to have you test-pilot a new Buick, just for the sheer thrill of it—and show you quite clearly that if you can afford any new car, you can afford a Buick.

†Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

The first injection of the anti-polio Salk vaccine was scheduled to be given at the Christiana school starting at 1:45 p.m. today. Sixty-nine pupils in eligible grades 1-4 were designated by parents' consent to be vaccinated.

Last Friday morning the lower grades enjoyed a lively program of music, recitations, and a dramatized story, as presented by second graders of Mrs. Sabellico's room. Participants included Catherine Bush, Patricia Bush, Alice Carl, Helen Crossland, Wladyslaw Dz-wit, Jeryl Eastburn, Henrietta Hunt, Vivian Hurst, Deborah Kee, Joyce Lane, Mary Backel, Joan Cottle, Pamela White, Mary Griffin, Michele Stevens, Regina Smith, Gale Simpson, Frances Sabrowski, Joseph Amoroso, Joseph Bush, Thomas Cunane, Ronald Eldridge, Fred Hess, Dale McCall, Howard Perry, James Reed, Richard Reynolds, Wilard Reusch, George Spicer, Paul Stoddard, John Sweetman, Edward Snyder, Judy Baldwin, and Linda Breining.

Mrs. Edna Eastburn was last week's substitute for Mrs. C. S. Kleinbach in the first grade room. The Methodist Church will be the scene of the PTA-sponsored buffet dinner at 5:30 p.m. Saturday. Parents who have not been called by room mothers may make reservations by contacting Mrs. Ernest Widgren, Mrs. William Graden, Mrs. Ernest McClain, Mrs. Rachel

Houle, or Mrs. John Sharpe. Square dance enthusiasts are reminded to circle May 7 on the calendar, the date of the last "hoedown" the PTA will sponsor this season. Tickets may be obtained in advance from the ways and means committee listed above.

Mrs. Ernest Widgren, district chairman for the recent Red Cross campaign, announces that \$155 was contributed to this cause by the community of Christiana. Solicitors were Fremont Loeffel, James Moore and Mrs. A. H. Jones.

About 25 women attended the "Tupperware" party in the fire house last Monday evening. Mrs. Homer Vincent was chairman, and proceeds benefited the Ladies Auxiliary of the fire company.

Families in this area who benefit by the excellent protection of the Christiana Fire Company are urged to cooperate with the current drive for funds, which will take the form of a door-to-door canvass in the near future. The recently acquired fire-fighting apparatus is the most up-to-date obtainable, and its great expense puts an unusually heavy financial burden on this small community. Volunteers who have given generously of their time and effort to build this fine fire company deserve the financial backing of every resident who enjoys its protection.

The Methodist Church was the scene of a very pretty private wedding on Saturday at 2 p.m., when Miss Louise Thomas, daughter of Mr. and Mrs. Francis Thomas, became the bride of James H. Mackie of Fair Hill, Md.

The maid of honor was Miss Carol Ann Thorp and David Mackie was best man for his brother, the Rev. A. B. Golden officiated at the ceremony, after which a family dinner was served at the home of the bride's parents. Following a wedding trip, the couple will live in Elkton.

William Howell was able to return to work this week after recuperating from an attack of scarlet fever.

Mrs. Peggy Miller is confined to the Wilmington General Hospital, where she underwent major surgery last week.

Mrs. Ida Tomlin, who was on the sick list last week, is improved. Charles Thorp is back at work after his recent illness.

Miss June Currinder, daughter of Mr. and Mrs. John Currinder, is recuperating from a severely burned back which required medical treatment. The burn resulted from an accident with scalding coffee on Easter Sunday.

Mrs. Anna Scherbow of Oliphant, Pa., was a recent guest at the home of her daughter, Mrs. Joseph Cunane, when in Delaware. Mrs. Scherbow visited two other daughters, Mrs. C. A. Fritz of Tybouts Corner and Mrs. Louis David of Marshallton.

A Saturday evening visitor at the home of Mrs. L. N. Savage was Junior Bentley of Knoxville, Tenn. Mrs. Wilbur Driscoll of Rose Hill spent Saturday night with Mrs. Savage.

Brookside Church Plans Two School Sessions Sunday

Mrs. John Wright, Christian education director of Kingswood-Brookside Methodist church, announced at last week's dinner meeting of officers and teachers that two church school sessions are planned for each Sunday in the near future.

Mrs. Wright, who has directed the religious education activities of the new church since its inception last June, lauded church school workers meeting upon the growth of the various departments, she pointed out the needs of two sessions to accommodate the increasing number of children attending school.

Organization and personnel to implement the plan will be considered in the next few weeks, Mrs. Wright said.

Others who addressed the meeting were James Leedy, general superintendent of the church school; Robert Innis, and the Rev. Milton H. Keene, minister of the church.

Jeweler Announces Sterling Trade-In Plan For Newark

W. B. Bridgewater Plans Old Table-Ware Trade-In For New Sterling Silver

A new plan allowing families for the first time to "trade-in" old table-ware toward purchase of new sterling silver will be available in Newark through Bridgewater's, the firm's president said today.

Under the new plan, Wallace Silversmith's will offer to purchase, used pieces of plated or sterling silver if families apply the money they receive toward purchase of a special 120th Anniversary 52-piece set of Wallace sterling, available in any one of the "Third Dimension Beauty" patterns. The new arrangement is being started in stores throughout the country, bringing mass selling techniques used in many other fields to the sterling industry.

The trade-in plan was announced as silver industry figures showed that sales of solid silver are now on a virtual par with plated silver for the first time in history. Sterling is now selling six times faster than it was a decade ago.

In announcing the new plan, Wm. B. Bridgewater said he believes "the changing U.S. social and economic structure makes almost every bride, former bride and bride-to-be a prospect for sterling flatware"—specifically the knives, forks and spoons.

Congregational Meeting Planned At St. Andrew's

A congregational dinner and meeting will be held in the Fellowship Room at St. Andrew's United Presbyterian Church, in Brookside this Saturday at 5:30 p.m., as the culmination of an intensive campaign on the part of its members in pledging their support to the current operating budget of St. Andrew's.

At an unofficial meeting Tuesday night, the Rev. Edward C. Fish expressed his delight at the fine response of the congregation in support of the first budget.

The dinner has been planned through the combined efforts of the board of trustees and the session, and word has leaked out that a super-spaghetti dinner will be the menu.

A nursery for the young folks and entertainment for all will help to make an evening of fellowship and fun.

Mary Waller, a Newark High School junior, and Louise Samendinger, a senior, addressed the Rotary Club dinner meeting in the College Inn on Monday night about the reactions of teen-agers from 34 nations who attended the recent Herald Forum in New York.

The foreign students' English grammar was better than that of most Americans, Miss Samendinger said, while foreign youths expressed surprise that American youth is not as irresponsible as it is often depicted overseas.

Miss Jeannette Thoroughgood, English and journalism teacher who accompanied the students to the forum, introduced the girls and gave a history of the forum.

This was the ninth forum, and the sixth to be attended by students from Newark.

City Council

(Continued from page 1)

Mr. Coverdale, referring to the minutes of the last regular meeting of Council, pointed out the discrepancy in the city's refusal to extend a water main to accommodate the Newark Plumbing and Heating Supply Company building, now under construction on East Cleveland Avenue, "in the interest of economy," and then agreeing to provide the Newark Shopping Center with transformers at a greater cost.

Policy

It was agreed that a clear-cut policy for the provision of city utilities, be worked out and adopted as soon as possible.

In this connection, a letter was received from the real estate section of the Newark Chamber of Commerce, requesting the establishment of a uniform policy governing street, sewer, and public utilities provisions, with an offer by the real estate section to assist Council in drafting such regulations.

Newly elected Councilman Albert S. Priestley, of the western district, suggested that the city adopt a policy of the Delaware Power and Light Company, charging Pomeroy a "demand premium" to pay for the required transformers. In view of Mr. Over's explanation that such DP&L charges were reimbursed by the provision of special electric power rates, it was agreed that the city purchase the equipment outright, with immediate, subsequent purchase by Pomeroy, for resale to the city through credits applied to electrical billings.

Mr. Sinclair reported that Representative Henry Wolf had announced the passage of House Bills 296 and 297, concerning amendments to the city charter governing city paving assessments, and stated that he and Mr. Over were to visit Dover in the near future, in an effort to expedite action on HB-278 amending city charter provisions concerning the bond issue for capital improvements.
