WHEREAS, Paula Lehrer has rendered extraordinary service above and beyond the call of duty to the House of Representatives of the State of Delaware and to the State as a whole; and

WHEREAS, Paula has been tireless and selfless in her service to others, never saying no to anyone who comes to her asking for more of her time and energy; and

WHEREAS, Paula has been unselfish in her devotion to her work and to the community, often not getting all of the credit she deserves, yet never complaining; and

WHEREAS, all of these sacrifices, large and admirable as they may be, pale beside the sacrifice Paula is making in putting her own life on the line to donate a kidney to save the life of her sister Marian Bennett of Chicago, Illinois; and

WHEREAS, she has chosen to do this without hesitation or concern for herself, her only worry outside the welfare of her sister being the smooth running of the House of Representatives in her absence.

NOW, THEREFORE:

BE IT RESOLVED by the members of the House of Representatives of the 133rd General Assembly of the State of Delaware that we do hereby wish Paula Lehrer Godspeed and a speedy recovery for her and Mrs. Bennett.

BE IT FURTHER RESOLVED that we do hereby salute Paula's courage and selflessness, and thank her for her tireless service to the House of Representatives, the State of Delaware and society.

BE IT FURTHER RESOLVED that knowing a mere expression of thanks cannot communicate to Paula the debt owed to her by the House of Representatives, we look forward to that day in the near future when she returns to work where she can be thanked in person.

BE IT FURTHER RESOLVED that we do hereby request that Paula decline any further requests for her kidneys or other organs so that we will not have to be without her service again, even for a short while.

BE IT FURTHER RESOLVED that upon passage of this resolution, appropriately prepared copies be presented to Paula Lehrer and Marian Bennett.

February 20, 1986

The Honorable Steven C. Taylor  
State Representative  
Legislative Hall  
Dover, DE

Re: House Bill No. 451

Dear Steve:

I note that House Bill No. 451 was introduced on January 30, 1986. While the motive behind this bill is admirable, the impact upon this office has apparently not been considered. As the amendment is presently worded, any citizen may petition the Attorney General for a legal opinion. The Attorney General must notify the record custodian and make a determination within thirty days regarding the petition.

The possible impact of this legislation may be substantial upon my office. Before such legislation comes to the floor, I would like to discuss its impact.

Additionally, I might note that the inclusion of a provision allowing attorneys fees will necessarily result in some frivolous [sic.] litigation.

Very truly yours,  
Charles M. Oberly, III  
Attorney General

CMO, III/sam

Representative Taylor requested and was granted the privilege of the floor for Russell Larson, Office of the Controller General.

Representative George requested and was granted the privilege of the floor for Richard Heffron, Special Assistant to the Mayor of Wilmington.

Representative Taylor requested the following letter be read into the record:

May 15, 1986

Mr. Paul Durbin  
Chairman  
Ms. Jan Konescy  
Common Cause of Delaware  
908 King Street  
Wilmington, DE 19801

RE: Dover City Council Meeting - May 5, 1986

Dear Mr. Durbin and Ms. Konescy:

I received a letter from you requesting that I investigate an apparent violation of the Freedom of Information Act, 29 Del. C. Section 10001.

It would appear that an executive session for "Organizational Meeting", does not fall within one of the exceptions outlined in Section 100004(b). Whether an actual violation occurred, could only be determined by knowing what exactly happened at the executive session.

Your letter requests that the Attorney General investigate this matter. Section 100005 provides that a citizen may challenge the validity of any action taken by a public body in violation of the law. The Attorney General has not been vested with the general statutory authority of enforcement. Due to a lack of resources, the Attorney General simply cannot investigate each and every claim of a violation of the Freedom of Information Act. A review of the legislation would further indicate that it was not the intent of the General Assembly to vest the Attorney General with supervisory authority over such meetings, especially when they do not involve State agencies.

I know there is some movement towards vesting such authority within the Attorney General. I have taken a neutral position on this legislation, but have insisted that if it passes, sufficient personnel be provided to carry out that additional work that would be generated... Very truly yours, Charles M. Oberly, III, Attorney General.

STATEMENT BY REPRESENTATIVE PLANT

JUNE 27, 1986

It seems that by being involved in so many controversial issues as a State Representative has once again caused my life to be threatened.

Admittedly, this is distressing and alarming, but at the same time it serves as notice that I am raising issues that are not otherwise being addressed.

There are some great Americans who have dealt with threats as they sought to change the course of history, John and Robert Kennedy, Martin Luther King, Madgar Evers and even Ronald Reagan. Don't misunderstand, I am not comparing myself to these men, but their assailants knew that there was only one way to stop these men as they tried to improve life for others. And if anyone wishes to stop me as I pursue equality and justice for those who are being ignored, then they too know there is only one way to accomplish this, and that is to take my life.

However, until that day comes, I will work harder than ever to assure that all the citizens of this state have a voice in our government.

The Majority Whip moved to adjourn at 2:09 p.m., thereby ending the current legislative day. The House reconvened at 2:10 p.m.

The Chief Clerk called the roll.

The Reading Clerk read the following communication into the record at the request of Representative Gilligan:

June 27, 1986

The Honorable Robert F. Gilligan  
House of Representatives  
Legislative Hall  
Dover, DE 19901

Dear Representative Gilligan:

You have requested an advisory opinion of the House Ethics Committee with respect to a possible conflict of interest on H. B. 456. You have advised that you are employed full-time as a Guidance Counselor at Newark High School.

After consultation with House Counsel, we are of the opinion that you do not have a conflict of interest as defined by the Constitution and House Rule 16A.

House Rule 16A(a)(1)(B)(i) states that a member has a conflict of interest when "the enactment or defeat of the measure or Bill would result in a financial benefit or detriment to accrue to the member - to a greater extent than such benefit or detriment would accrue to others who are members of the same class or group of persons." In its present form, H. B. 456 appears to confer neither a financial benefit nor detriment. Further, because no financial benefit or detriment that may be conferred will accrue to you any differently than will accrue to every other public school guidance counselor in the State, there is no conflict and you may vote on H. B. 456.

Sincerely,  
Charles L. Hebner  
Speaker of the House  
William A. Oberle, Jr.  
House Majority Leader  
Orlando J. George

To the House of Representatives  
of the 133rd General Assembly  
of the State of Delaware

I am returning without my signature House Bill No. 342, received on June 26, 1986, which is entitled:

**"AN ACT TO AMEND CHAPTER 5, TITLE 21 OF THE DELAWARE CODE RELATING TO THE ERECTION OF TRAFFIC SIGNS."**

This bill is designed to require the placement of a "No Right Turn on Red Sign", immediately adjacent to the traffic signal which controls the intersection. It does allow that where not practical such sign shall be "hung or otherwise placed as close as possible to such a signal", however, it is left open to interpretation as to what is or is not practical.

The intent of the legislation obviously is to make the sign more visible to the traveling motorist. I agree that this should be our intent with such signing. However, technical experts from the Division of Highways Bureau of Traffic indicate that it is not the best location for such signs and in fact will create more of a problem than it is designed to cure.

Several examples noted by the Bureau illustrate some of the technical problems. In some locations the lettering on the sign will require a sign of significant size which may or may not be supportable by the existing lighting facility. Secondly at intersections which are not lighted, such signs would in many cases not be visible at night. A question which remains unanswered is whether this type of sign will obviate the need for ground level signs. In addition, this type of sign may not be consistent with the Uniform Manual on Traffic Control Devices and could result in inconsistent signing.

For the reasons cited above, I am returning without my signature House Bill No. 342.

Respectfully submitted,  
Michael N. Castle

July 9, 1986

To the House of Representatives  
of the 133rd General Assembly  
of the State of Delaware

On June 27, 1986, I received House Bill No. 122, which is entitled:

AN ACT AWARDING A SERVICE CONNECTED DISABILITY PENSION  
TO LARRY C. JOHNSON AND DIRECTING THE BOARD OF PENSION  
TRUSTEES TO ADMINISTER THE PENSION PROVIDED AS IF THE  
AWARD WERE MADE PURSUANT TO SECTION 8324, CHAPTER 83,  
SUBCHAPTER II, TITLE 11 OF THE DELAWARE CODE.

This bill would direct the Board of Pension Trustees to grant a service-connected disability pension to a former Delaware State Police Officer whose application for such a pension was denied by the Board five years ago. Because it is inappropriate for the General Assembly and the Governor to legislatively reverse this individual case decision made by the Board of Pension Trustees, I am returning House Bill No. 122 without my signature.

On May 22, 1973, then-Trooper First Class Larry C. Johnson was injured when the motorcycle he was driving was hit by a truck. At the time of the accident TFC Johnson was returning home from his duty assignment for the day. The motorcycle he was driving was his personal vehicle. The leg injury TFC Johnson suffered in the accident kept him off-duty until July 1, 1974. From that date until November, 1975, Johnson handled regular road duty, but from November, 1975, until his retirement in 1981, he was assigned to light-duty and administrative assignments due to his injury.

Soon after his accident Johnson submitted a claim for workmen's compensation benefits. On September 18, 1973, his application was denied by the claims adjuster for the State of Delaware, on the ground that Johnson's injury was not sustained in "an accident arising out of and in the course of" his employment with the State Police. Johnson did not appeal this decision to the Industrial Accident Board.

Eight years later, Johnson applied to the Board of Pension Trustees for a "service-connected" disability pension, which would have paid him three-quarters of his salary. The Board denied the application but approved a non-occupational disability pension, which paid Johnson one-half of his salary. Johnson accepted the non-occupational disability pension but appealed the denial of his claim for a "service-connected" disability. After a hearing the Board denied Johnson's appeal. Johnson then challenged this denial, but the Board reiterated its conclusion that Johnson was "neither on duty nor performing any police related duty at the time of the accident".

Bills were introduced in the 132nd General Assembly to direct the Board of Pension Trustees to grant Johnson a "service-connected" disability pension. One bill passed the House of Representatives but was not considered in the Senate. Last year House Bill No. 122 was introduced in the 133rd General Assembly and passed the House of Representatives. Exactly one year later, the bill passed the State Senate. The margin of passage in both Houses was but one vote more than was necessary.

The narrow margin of passage of House Bill No. 122 reflects its extraordinary nature. This bill by legislative fiat would reverse a specific case decision made by an adjudicatory body which has been given the statutory authority to rule on questions of State pension law. Even assuming that the Board of Pension Trustees erred in denying Mr. Johnson a "service-connected" disability pension, the proper role of the legislature is not to review the Board's rulings on a case-by-case basis. Are we to transform the General Assembly and the Governor into a special appeals court for litigants who lose their cases before the State's administrative bodies, or, worse, for those losing litigants able to have special legislation introduced?

This clearly would be undesirable, unworkable, and quite possibly unconstitutional. Striking down unfunded special pension bills ten years ago, our Supreme Court stated:

The Statutes in question [are] unreasonable modifications of the Pension Plan because they constitute an effort by the General Assembly to administer eligibility for pension on an individual case-by-case basis, with no standards or guidelines except, perhaps, gratitude or compassion. "Band-aid" eligibility exceptions are created and the duties of the Board of Trustees, an arm of the Executive Branch of State Government, are usurped in violation of the Separation of Powers Doctrine. This is just as unreasonable as would be a like case-by-case effort by the General Assembly to administer the Workmen's Compensation Act or the Unemployment Compensation Act...

In re The State Employee's Pension Plan, 364 A.2d 1228, 1236 (1976). Since that Supreme Court decision, we wisely have forsaken unfunded special pension legislation. Though focussed on that evil, however, the Supreme Court's comments apply with equal force to House Bill No. 122.

Despite the recitals in House Bill No. 122, furthermore, it is apparent to me that the Board of Pension Trustees did not err in this case. It is well-established in the law of workmen's compensation that, absent special circumstances not present here, injuries sustained going to or coming from work are not compensable. The State Police disability pension statute, moreover, imposes a higher burden on an applicant than does our Workmen's Compensation Law, by requiring that the disabling injury be received in the performance of duty. The record and the law amply support the Board's decision in this case.

In any event, it was the Board of Pension Trustees, not the General Assembly, which reviewed the record and heard the testimony regarding Mr. Johnson's disability. It is the Board's statutory responsibility, not the General Assembly's, to apply the law to the facts and to rule on individual applications for disability pensions. If we establish administrative agencies to adjudicate claims within their area of responsibility and expertise, then we must respect the decision of those agencies when they exercise their statutory mandates.

Vetoing this bill does not leave Mr. Johnson without a remedy. He can renew his application to the Board of Pension Trustees, and, if he continues to dispute their legal conclusion that he is not entitled to a "service-connected" disability pension, he can seek judicial review in the Superior Court. It is incumbent upon the General Assembly and the Governor, however, not to insert themselves into that administrative/judicial process.

For these reasons, I am returning House Bill No. 122 without my signature.

Respectfully submitted,  
Michael N. Castle

To the House of Representatives  
of the 133rd General Assembly  
of the State of Delaware

On June 30, 1986, I received House Bill 103, which is entitled:

AN ACT TO AMEND SECTION 1318, CHAPTER 13, TITLE 14,  
DELAWARE CODE RELATING TO SICK LEAVE FOR TEACHERS AND  
OTHER SCHOOL EMPLOYEES.

The purpose of the bill is to provide a benefit to the estate of a teacher or school employee in an amount equal to one day's pay for each day of accumulated and unused sick leave. The amount of the benefit shall be calculated on a "per diem" basis. At the present time, neither teachers nor school employees are entitled to any such benefit, however, State employees are entitled to a somewhat similar benefit under the State Merit Rules.

The primary argument in support of this legislation is that teachers and other school employees should be entitled to the same benefit received by merit system employees. I am in total agreement and support of that proposal. However, in attempting to remove an existing disparity between the benefits provided to educational personnel and that of merit system employees, this legislation really replaced one inequity with another. For this reason I am returning House Bill No. 103 without my signature.

At the present time merit system employees are entitled to this death benefit, which operates as a form of life insurance, for accumulated sick leave not in excess of ninety days. House Bill No. 103 would permit teachers and school employees to a similar benefit for a period of up to 120 days. While I agree with the intent of the legislation and concept, the end result might well be an ever spiraling (sic) demand for parity between the two groups. From a managerial perspective, ninety days appears to be a reasonable amount of time upon which to base the calculation for both retirement benefits and death benefits based upon unused sick leave.

The benefits afforded State employees and school employees in many respects are different, having resulted from different needs being addressed at different times. The accumulation and use of unused sick leave is no different. Indeed, if House Bill No. 103 were to become law, the benefit derived would be different for both groups because the "per diem" calculation would result in a difference in how the death benefit would be determined. Thus the benefit provided to a teacher earning the same salary as a State employee would be greater. Any plan which seeks to make the benefit the same will have to address the "per diem" problem as well.

I completely support the efforts of the Department of Public Instruction to provide additional benefits to teachers and other school employees, to improve the benefits offered to members of the teaching profession in order to attract quality teachers and generally to make every effort to continue to increase the quality of education in the State of Delaware. For these reasons, I have endorsed and signed numerous pieces of legislation this session to improve the quality of education and teacher benefits.

It is clear that a disparity currently exists between benefits provided in this area to teachers and school personnel as opposed to merit system employees. However, to sign House Bill No. 103 will merely aggravate the situation by providing a greater benefit to teachers and school employees. I want to make it clear that I totally endorse the concept of providing the same benefit to both groups and for that reason I shall request the Superintendent of the Department of Public Instruction to work with the Director of State Personnel to work towards drafting legislation providing a similar death benefit to teachers and school employees as those provided to merit system employees including the calculation of the "per diem" benefit. If possible, I will request that the benefit be made retroactive for this fiscal year.

With this direction and for the reasons stated above, I am reluctantly returning House Bill No. 103 without my signature.

Michael N. Castle

of the 133rd General Assembly  
of the State of Delaware

On June 30, 1986, I received House Bill No. 361, as amended by House Amendment No. 1, which is entitled:

"AN ACT AWARDED SPECIAL PENSION BENEFITS TO LEROY O'NEAL, APPROPRIATING MONIES INTO THE SPECIAL PENSION FUND CREATED BY VOLUME 61, CHAPTER 455, LAWS OF DELAWARE; AND DIRECTING THE BOARD OF PENSION TRUSTEES TO ADMINISTER PAYMENT OF THE PENSION PROVIDED BY THIS ACT AS IF THE AWARD WERE PURSUANT TO CHAPTER 55, TITLE 9, DELAWARE CODE."

This bill would direct the Board of Pension Trustees to grant LeRoy O'Neal State Employees Pension Fund service credit for his almost nine years of service with the Delaware State Police, and appropriate \$31,557 to fund this special benefit. Because I believe that the circumstances underlying Mr. O'Neal's ineligibility for a State pension do not compel the extraordinary remedy of special pension legislation, I am returning House Bill No. 361 without my signature.

Mr. O'Neal was employed by the Delaware State Police from 1953 to 1962. During those nine years Mr. O'Neal contributed \$812.81 to the State Police Retirement Fund. When he resigned from the State Police in 1962, with only nine years of service credit towards a pension, Mr. O'Neal knew that he would receive no pension benefits from the State Police Retirement Fund.

Sometime after resigning from the State Police, Mr. O'Neal went to work for the Department of Labor of the State of Delaware. During his tenure with the Department, Mr. O'Neal contributed to the State Employees Pension Fund. When his employment with the Department was terminated, however, he had not accrued enough service credit to qualify for benefits under the State Employees Pension Plan. Senate Bill No. 361 would grant Mr. O'Neal service credit, in the State Employees Plan, for his nine years of State Police service, thus qualifying him for pension benefits.

I see no reason to accord Mr. O'Neal this extraordinary special pension benefit. When he voluntarily left State Police service in 1963, he knew he would not receive any pension benefits. Thereafter, when he went to work for the Department of Labor and began to contribute to the State Employees Pension Fund, he knew that his prior service with the State Police would not be credited under the State Employees Pension Plan. And when his employment with the Department of Labor was terminated, he knew that he had not qualified for any pension benefits. House Bill No. 361 recites nothing other than Mr. O'Neal's wish to obtain credited service as a basis to circumvent the State's pension laws in this matter.

Special pension legislation is justified only under extraordinary circumstances where equity compels the exercise of this legislative power. Equity does not compel this special pension legislation on Mr. O'Neal's behalf.

For these reasons, I am returning House Bill No. 361, as amended by House Amendment No. 1, without my signature.

On July 3, 1986, I received House Bill No 521 as amended by House Amendment No. 2, which is entitled:

AN ACT AUTHORIZING AND DIRECTING THE SECRETARY OF THE DEPARTMENT OF TRANSPORTATION TO TRANSFER THAT PORTION OF PROPERTY CURRENTLY OWNED BY THE DEPARTMENT WHICH IS IN EXCESS TO ITS NEEDS AND FURTHER WAIVING THE PROVISIONS OF §1309 OF CHAPTER 13, TITLE 17, DEL. CODE.

The purpose of the bill is to require the Department of Transportation to waive certain provisions of the road vacation law located at Chapter 13, Title 17 of the Delaware Code. While special legislation is often used to address a situation not controlled by existing law, I cannot endorse a bill for the personal benefit of one individual particularly where a statute already exists which controls the situation. For this reason I am returning House Bill No. 521 as amended by House Amendment No. 2 without my signature.

According to the Department of Transportation, the factual basis stated in the bill is somewhat in error. The land consisting of approximately one-half acre rather than one acre as indicated in the bill was not acquired from Mr. Timmons, but rather by two separate conveyances from the "Coffin Estate; Deed Record 335-471, 18 August 1940" and "Oscar G. Campbell; Deed Record 323-591, 14 August 1940". The property which was acquired from Mr. Timmons was a nearby parcel, for which the Court made an award of \$.06 due to the benefit derived by Mr. Timmons.

Aside from the factual errors, I disagree with the bill on the merits in the situation where statutory authority already exists to take care of the problem. For the reasons stated herein, I am returning House Bill No. 521 as amended by House Amendment No. 2 without my signature.

On July 3, 1986, I received House Bill No. 596, as amended by House Amendments Nos 1, 2 and 3, which is entitled:

AN ACT TO AMEND CHAPTER 55, TITLE 29 OF THE DELAWARE CODE RELATING TO THE AMOUNT OF A STATE SERVICE PENSION.

This bill would change the formula for computing the maximum State pension an employee may receive upon retirement by increasing from 30 to 40 years the amount of service which can be factored into the formula. Because the effect of this change is to increase from 75% to 100% of the employee's final average compensation the maximum amount of pension benefits an employee can receive, I am returning House Bill No. 596 without my signature.

The current formula for computing the maximum State pension an employee may receive at retirement with 30 years of service caps the combined State pension benefit and the age 62 Social Security benefit at 75% of the employee's final average compensation, reduced proportionately for employees who have less than 30 years of service. The 75% is not adjusted upward for service after 30 years. This bill would allow the 75% cap to increase proportionately for years of service above 30 up to a maximum of 100% for an employee with 40 or more years of service.

The apparent purpose of this bill is to provide an incentive to State employees with 30 years of State service to continue working until they attain at least 40 years of State service. The State's pension actuary currently assumes retirement of the average State employee at age 62 or 32 years of service, whichever comes first. Quite aside from the personnel management planning implications of this bill, I question whether accrual of State service credit ought to be unhinged so completely that payable pension benefits can equal 100% of the retiree's final average compensation.

It may be that our State employees' pension benefit accrual formula is in need of adjustment. But I do not believe that the appropriate adjustment is simply to eliminate the 75% cap. Any such adjustment in the State Employees' Pension Plan, furthermore, should account for the personnel implications of the change and the potential repercussions on other State pension plans and policies.

For these reasons, I am returning House Bill No. 596, as amended by House Amendments Nos. 1, 2 and 3, without my signature.
