## NEW POSTOFFICE CONTRACT MAY BE AWARDED

Third Set Of Bids Opened  
Monday; Low Bidders Ap-  
pear To Be Well Within Ap-  
propriation; Will Have Fine  
Appearance And Equipment

### TWO FIRMS LOW

On Monday 12 bidders submitted bids to the Treasury Department for the new Federal post office building to be constructed in Newark, on the government owned site at Main and Center streets. This is the third time that bids have been examined for this building. On the two previous occasions all bids were rejected and the specifications revised. It is probable that one of these last bids will be accepted, but no notice of award has been given as yet. \$60,000 has been appropriated for the building.

There are two bidders who might be considered low. Richard Gove Company, of Philadelphia, made a bid of \$51,744 and an alternate of \$1,560. Samuel Pasquale, of Washington, D. C., made a bid of \$51,000 and an alternate bid of \$3,100. The choice would be between these two.

The following bids were opened by the Supervising Architect, Treasury Department, Washington, D. C., at 10 a. m., January 21, for construction of U. S. Post Office at Newark, Delaware.

Wm. MacDonald Construction Company, St. Louis, Mo.—\$63,478.00 and \$2,000.00.  
Samuel Pasquale, Washington, D. C.—\$51,000.00 and \$3,100.00.  
Richard Gove Company, Philadelphia, Pa.—\$51,744.00 and \$1,560.00.  
Charles Weitz Sons, Des Moines, Ia.—\$58,470.00 and \$2,800.00.

Algeron Blair, Montgomery, Ala.—\$63,455.00 and \$2,270.00.  
J. P. Foley & Sons, Boston, Mass.—\$62,222.00 and \$2,706.00.

A. C. Sanford, Montgomery, Ala.—\$54,515.00 and \$2,621.00.  
March Brothers Const. Co., St. Louis, Mo.—\$58,247.00 and \$1,500.00.  
Agostini Brothers, Norfolk, Va.—\$67,612.00 and \$2,500.00.

A. M. Landberg, St. Louis, Mo.—\$55,300.00 and \$1,950.00.  
King Lumber Company, Charlottesville, Va.—\$56,800.00 and \$3,800.00.  
H. Hutchinson, Newark, Delaware—\$58,868.00 and \$2,170.00.

The building will be one story in height with a finely finished basement rising up above the ground level. The general specifications call for a stone trim and a slate roof. The front facing Main street, will be four marble pillars and four stone leading in. There will be a delivery entrance and loading platform on Center street.

All the equipment will be new. The order will be of marble and limestone. The postmaster's private office will open off the corridor. The new post office will be four times the size of the present post office and will accommodate a much larger staff of employees on the first floor and will be a shower and locker in the basement. The building will be illuminated by an indirect lighting system.

Work should start on the building soon as the contract is awarded. The contractor deposits a bond of \$100,000. The building will be completed in about 100 working days and will be ready for the construction of the building.

## NEWARK TRUST CO. LEADS IN RURAL NEW CASTLE

During the past week the assets of Newark Trust Company went over \$60,000, making it the largest bank in Rural New Castle county. In the two years deposits in this bank increased, approximately, \$500,000 and during the past year the income was \$200,000.

The Newark Trust Company is only over 29 years of age, its total assets now show average growth of \$100,000 for each year of its life.

### SKIDS INTO TREE

Wednesday morning William S. Strong's car skidded on the ice covered road and slid into a tree. The car was somewhat damaged, but Mr. Strong was uninjured. The accident took place on South College avenue near the entrance to the Women's College.

## POSTERS CLUB CARD PARTY

Wednesday evening, February 5, the U. W. Boosters Club will hold a card and beano party in Fraternal Hall. There will be a number of prizes for five hundred, bridge and besides a door prize.

### Ken Fell to Broadcast

Kennedy Fell, locally noted for his tenor voice, will broadcast a group of songs from Station WFI, Strawbridge and Clothiers, Philadelphia, next Tuesday, January 29. Mr. Fell will go on the air at 3 o'clock in the afternoon.

## MAY FORM COW TESTING ASS'N

County Dairymen Interested  
In Having Tester Keep Records Of Herds; To Hold Meeting

A cow testing association in the near future among the dairymen in New Castle county seems a probability, according to statements made recently by County Agent Ed Willis, Jr., of Newark.

More and more farmers and dairymen have voiced their approval of such an organization when questioned by the County Agent about the advisability of trying to organize one in the county.

"All of the dairy cattle owners approached have been quite enthusiastic over the possibility of starting the association," continued Mr. Willis. "They evidently see the need of such work and are asking that such an association be started to help them in their dairy problems."

As ordinarily conducted in this country, a cow testing association is an organization of about 25 dairy farmers who co-operatively employ a tester to keep production, feed and income records of their cows. Knowing the actual records of his cows, the dairyman can with certainty eliminate those that are unprofitable, and feed the remainder according to known production.

The most useful cow testing association also compares the records of dams and daughters, promotes the ownership of better sires, encourages the use of proven sires, and shows the advantage of feeding satisfactory rations. In such an association the milk is ordinarily weighed and tested one day each month by the tester and the monthly production is determined by multiplying the daily production by the number of days in the month or testing period.

After a community or county has become convinced of the need of having a cow testing association, the next step is to organize. A meeting will be called and a temporary organization effected. After 25 dairymen in New Castle county have agreed to become members another meeting will be called and a permanent organization formed. At this meeting officers will be elected and a constitution and by-laws adopted.

Mr. Willis will be glad to hear from dairymen in the county who would like to become a member of such an organization. He does not want to form such an association unless the dairymen actually want it and will stand back of their association to get the greatest value from the tests and records taken by the association tester.

### BEANO PARTY

On January 29, the Orpah Rebecca Lodge will give a beano party in Odd Fellows Hall. The party starts at 8:30 p. m.

## Two Children and Dog Found Here Had Run Away From Philadelphia

Girl and Boy, Aged 10 and 8, Were Looking for Mother of Girl, Who Is In Newark, N. J.; Found Papers and Sold Them for Cakes and a Bone for Dog

At 1:30 last Saturday morning, Chief of Police Keeley, found two children and a fine collie dog huddled against the Diamond Ice Company station on Main street, to escape the driving rain. They told various and conflicting stories, so the Chief got them all a warm meal and getting blankets from home, it all three to bed in a cot in the jail. The next morning, after a good breakfast, the children admitted that they were from Philadelphia and that they were Elizabeth Caraskadon, aged 10, and Harold Hess, aged 8. They said that they had come with their dog on an evening B. and O. train to find Elizabeth's mother, who lived in Newark. They refused to tell where they lived in Philadelphia, and said they didn't want to go home.

When the Chief found the tots they had a number of Sunday papers which they said they had found on the station platform. They admitted having sold some and bought cakes for themselves and a bone for the dog with the

## NEWARK PUPILS EXCELL IN MATH AT UNIVERSITY

Professor Rees Congratulates  
School On Showing Of Last  
Year's Class; Drain Pipes  
Laid

### BASKETBALL DEFICIT

At the Junior-Senior High School Assembly yesterday, Professor Carl Rees, of the University of Delaware, made an address, the keynote of which was intellectual honesty and cooperation in doing things. After completing his address, Professor Rees congratulated the Newark Schools on the showing of last year's senior class in the University. He stated that Newark scholars ranked first among all others in the preliminary examinations in mathematics.

The Board of Education authorized the placing of terra cotta drain pipes on the new school property to drain off roof water. This water was collected in dry wells, but the wells overflowed and the overflow seeped through the walls of the building. H. Harrison Gray, president of the Board, supervised the work of laying the pipes.

At the primary assembly, Monday, a pantomime, "The Eskimo Hunter," was given by the department. Augustine Cassetti took the pantomime part. A poem, "The Duel," by Eugene Field was given by Rachel Jane Hastings, Margaret Meyers, Dorothy Rose and Marjorie Jones.

Due to the high expense in promoting basketball games, the Newark High School has found it necessary to raise the admission charge of 35 cents to 50 cents. Up to date all league games have been played away from home, and as the visiting team receives no part of the admission, the Newark Athletic Association is facing a large deficit. There will be 7 home games from now on to the end of the season, and excepting the championship games, only two away. The corrected schedule gives the following home games: February 1, Delaware City; February 5, W. C. I.; February 8, New Castle; February 12, Time; February 15, Claymont; February 19, Beacon; February 22, Chestertown. The D. I. A. A. semifinals will be played March 1, and the finals, March 3. Tomorrow Newark will play Claymont, at Claymont. On February 27 the other out of town game will be played at Friends' School, Wilmington.

### AMBULANCE RUNS

During the week the Newark ambulance answered three calls. Sunday night, Mr. Nathan M. Motherall was taken to the Flower Hospital, where he died in a few hours. Monday a patient was taken from Salem Church to the Delaware Hospital. Wednesday a patient was taken from Corner Ketch to Marsden. Ed Shakespeare, Charles Tasker, T. J. Sproggell and Bert Crow attended the ambulance on these calls.

New tires are necessary for the ambulance.

### HEADS FRESHMAN CLASS

Preston Townsend, son of United States Senator-elect John G. Townsend, Jr., of Selbyville, has been elected president of the freshman class of Delaware College.

## DEATH TAKES 3 OLD RESIDENTS

Mrs. Katherine Bowen, Mrs.  
Lydie Cullen and Nathan M.  
Motherall Die During Past  
Week. All Had Lived Here  
Many Years

Three old and well known residents of Newark passed away during the past week. They were Mrs. Katherine R. Bowen, who died Saturday of pneumonia, after a short illness; Mrs. Lydie E. Cullen, who died Sunday morning; and Nathan M. Motherall, who died early Monday morning in the Flower Hospital.

Mrs. Bowen died at her home on South College avenue, after a brave fight with pneumonia. She was the wife of Levi K. Bowen and had lived in Newark all her married life. She had been a member of St. Thomas Church for many years and was an active worker in all of the various activities of the church. Mr. Bowen is a vestryman and treasurer of the church. Mrs. Bowen was also a member of the Newark New Century Club and a member of the Choral Society of that organization. Her sprightly and cheerful personality will be very much missed in the work of both the church and the Century Club.

Mrs. Bowen was the daughter of the late John B. and Matilda Ritchie, and was born in Cecil County, Maryland. She was 66 years of age at the time of her death. She was living in Wilmington when she married Mr. Bowen and came to Newark after her marriage. For years Mr. Bowen, with his brother, the late John Bowen, published and edited the Delaware Ledger. Mr. Bowen was postmaster in Newark during Woodrow Wilson's two administrations.

Private funeral services were held at her late home at 2 o'clock, Monday afternoon, and further services were held in St. Thomas Church at 2:30, the Reverend R. W. Mathews officiating at both services. Interment was in the Head of Christiana Cemetery.

Mrs. Bowen is survived by her husband and five children: Mrs. William Francis, of Wilmington; Mrs. Robert Carswell, of Wilmington; Mrs. Earl Newman, of Kennett Square, Pa.; V. Corey, of Newark, N. J.; and Knowles Bowen, of Kennett Square, and by a sister, Mrs. Charles Horn, of Rehoboth, and a brother, John Ritchie, of Pittsburgh, Pa.

### Lydie E. Cullen

Mrs. Lydie Cullen was the widow of the late William Cullen, and was 83 years old at the time of her death. She had lived in Newark for 26 years. She had been ill some weeks prior to her death. Funeral services were held at her late home on Choate street, yesterday afternoon, at 2 o'clock, the Reverend H. E. Hallman officiating. Interment was in the Head of Christiana Cemetery. Mrs. Cullen is survived by two sons, George and Ellis Cullen.

### Nathan M. Motherall

After an illness of one month, Nathan M. Motherall, one of Newark's oldest merchants, died in the Flower Hospital, Monday. Mr. Motherall was 74 years of age. He had been taken to the hospital the night before his death.

Mr. Motherall was born and brought up in what is now the Dameron home. At that time it was known as the Old Homewood Place and was owned by Mr. Motherall's father. He was educated in Newark and in 1870 entered Delaware College, in its first year of existence. He began his merchandising career in the Williams store, which stood on the corner of Main and Chapel streets. He later worked in the store of the late Charles Evans, Sr., and in 1875, with his brother, Robert, bought the business. Since that time the two brothers have conducted the store.

Mr. Motherall was a staunch and active Democrat, and has served as a member of both county and state committees. He ran twice for the State Legislature, but was defeated. He was prominent in the affairs of the Presbyterian Church, and for many years was superintendent of the Sunday School. He was an elder in the church and up to a short time ago president of the Board of Trustees. He was also a director of the Farmers' Trust Company.

Funeral services were held this afternoon at 2 o'clock in the Presbyterian Church, the Reverend H. E. Hallman officiating. Mr. Motherall was buried in White Clay Creek Cemetery.

The deceased is survived by his brother, Robert, and two sisters, Miss Mary Motherall, who lives with her brother on Delaware avenue, and Mrs. Robert Barr, of Wilmington.

### Chamber of Commerce Dinner Plans Complete

Plans have been perfected for the annual Newark Chamber of Commerce dinner, which will take place in Old College, at 6 o'clock sharp, next Thursday night. The president of the Chamber, D. L. McClintock, will preside, and John K. Johnston will be toastmaster. Zack Wells will be the main speaker of the evening.

The affair will be in the nature of a business meeting, at which the various committees will report on their activities for the year. The members and guests will be entertained during the evening by the 12-piece Newark High School Orchestra, and by the Varsity Four quartet. Charles Banks, of Wilmington, will lead choral singing.

## CATCH WESLEY CHAPEL VANDALS

Harry Bryson And Floyd  
Johnson, Arrested By Offi-  
cers Keeley And Wideman,  
Are Held For General Ses-  
sions; Two Others Impli-  
cated Still At Large

Following clues picked up by questioning persons living in the vicinity of Wesley Chapel, Chief of Police Keeley and County Constable Wideman, on Monday, arrested Harry Bryson, of Marshallton, and Lloyd Johnson, of Newark, charging them with acts of vandalism on the Wesley Chapel. Two others implicated are known, but not as yet apprehended.

Bryson was first arrested in Marshallton by the two officials. He admitted his part in the desecration of the chapel and turned state's evidence. On this evidence, Chief Keeley arrested Johnson in Newark. Both were arraigned before Magistrate Thompson and pled guilty. They were held in bond for the March Court of General Sessions on charges of malicious mischief. Bryson furnished bond and was released. Johnson could not get bond until the next day and was held in the local jail over night.

The men said that they were drunk when the acts of vandalism were committed, but had no other excuse. They said that they had done the damage on January 6, about half-past three in the afternoon. The damage included smashed memorial windows, broken organ and pulpit, broken chairs and seats, and a smashed chandelier. The chapel has not been in use for some time.

### INSTALL LEGION OFFICERS

On Tuesday evening State Commander W. E. Mathews paid his official visit to the Lt. J. Allison O'Daniel Post, American Legion. He assisted in the installation of officers for the ensuing year.

Commander Mathews was accompanied by State Adjutant Carey, Major I. B. Duncan, chairman of the State Membership Committee; and Commander Lyon of the New Castle Post.

The following officers of J. Allison O'Daniel Post were installed: Commander, Fred Strickland; vice-commander, John Fader; Adjutant, Dr. P. K. Musselman; Chaplain, Paul Lovett; Historian, Ira S. Brinser; Sergeant at Arms, C. D. K. Lewis; Service Officer, A. E. Tomhave. An executive committee, consisting of E. H. Sheaffer and Thomas Ingham, was also invested with duties. About 30 members of the Post were present.

### MUSIC SOCIETY MEETING

Next Tuesday evening at 8 o'clock, the Newark Music Society will hold its annual business meeting at the "Knoll," at the invitation of Dr. and Mrs. Hullihen. The annual election of officers will take place, after which there will be a program of music. All members are urged to attend.

### KITCHEN SHOWER

All members of Mineola Council, No. 17, D. of P., are invited to attend a kitchen shower for Mr. and Mrs. Willy H. Von Ehren, at the home of Mrs. Thomas Sproggell, East Main street, this evening, from 9 to 12 p. m. The Continental Band will furnish the music.

### CHIMNEY FIRE

Yesterday the Aetna Hose, Hook and Ladder Company was called to extinguish a chimney fire in a tenant house on the farm of J. Wirt Willis, at Glasgow. The fire was put out with little or no damage.

## NEWARK 3RD IN SAFETY COUNCIL FUND CAMPAIGN

Two Wilmington Teams Lead  
In First Day's Returns; J. K.  
Johnston, Director, Urges  
Intensive Work; 4 Days To  
Raise \$25,000

### \$7,518 FIRST DAY

At noon today, Ira S. Brinser, captain of team Number 15, representing Newark, in the four-day drive of the Delaware Safety Council to raise an operating fund of \$25,000, reported \$700 collected by his team. This is an incomplete report as a number of team members have not reported returns for today. Yesterday at noon returns of the first day's soliciting were \$7,518 for the State; Newark stood third in the standing of the 15 teams, two Wilmington teams being in the lead.

This is the first time in three years that the Council has solicited the public for funds. The money is to be used in enlarging the activities of the Council in promoting safety measures, particularly in regard to highway traffic.

Last night John K. Johnston, of Newark, who is directing the campaign, stated that while the first day returns were satisfactory, team workers would have to get down to hard work and make personal calls. Those workers who had gone out intensively the first day had brought in large batches of pledges and checks, showing that all that is needed to bring in the money is a little intensive footwork. Mr. Johnston urged that all team members put on steam until the close of the campaign, tomorrow night.

Team Number 15, representing Newark, is captained by Superintendent of Schools Ira S. Brinser, and is composed of Mayor Eben B. Frazer, D. L. McClintock, J. E. Dougherty, Warren A. Singler, R. S. Gallaher, E. L. Richards, A. Marshall Whalen, Charles B. Jacobs, Jr., Prof. R. W. Heim; A. G. Wilkinson, Wayne Brewer and John Fader.

The campaign was opened Monday night with a dinner given the Safety Council, in the du Pont-Biltmore, by Irene du Pont. John K. Johnston was toastmaster, and after reading a letter from Mr. du Pont endorsing the work of the Council and regretting his inability to attend the dinner, he introduced Governor C. Douglas Buck. Governor Buck spoke of the fine work which had been accomplished by the Safety Council, and stated that it was particularly deserving of public support. He went on to tell of the necessary work in education and legislation in order that highway accidents and fatalities be lessened. He spoke particularly of the drunken driver, to whom he referred as a potential murderer, and said that it was the greatest problem with which the Highway Department had to contend.

The campaign will close tomorrow night with a dinner meeting in the du Pont-Biltmore.

Last night Ernest C. Witham, Director of Research of the Wilmington Public Schools System, spoke over Station WDEL on "The Results of Safety Education." Mr. Witham said in part:

"Safety education grew out of the feeling that the elements of our modern life and particularly the automobile had become so dangerous that the home was unable, unaided, to cope with the situation and the school must come to the rescue. In the beginning this usually consisted of bringing the policeman into the schools to talk to the children. Today, a large proportion of the schools of the country are now giving some instruction in safety and in many schools this work is on a high plane. In the country as a whole while the automobile fatalities to adults are rapidly increasing, the deaths of children have been going down since 1923, which marks about the beginning of any considerable amount of safety activity in the schools. In schools where the best type of instruction is being carried on, actual statistics show a saving of fifty to seventy-five per cent over the previous records."

### TO ATTEND CONFERENCE

Mr. A. D. Cobb will attend, on Friday and Saturday in Washington, the conference of Agriculture Economics. The purpose of this conference is to prepare the National Agriculture Outlook for 1929. Mr. Cobb will represent the Eastern Region and will present a plan to remodel the National Outlook on Feed Stuffs in terms of local and regional conditions.

## Harmony Grange

The regular meeting of Harmony Grange was held Monday evening at the home of Mr. and Mrs. Harry Harrington. During the business hour, a committee, consisting of Irvin G. Klair, Emilie Mitchell and Margaret J. Derickson, was appointed to make arrangements for the dedication of the hall and the installation of officers; announcement was made of the Lecturers' Conference to be held February 7th, in Fruitland Grange Hall, Camden, Delaware; and the committee in charge of the play to be entered by Harmony Grange in the New Castle Dramatic Contest made a report on the progress of the rehearsals. This contest, to have taken place in January, has been postponed until between the 15th and 20th of February.

The lecturer's hour, in charge of Steele Atwell, opened with singing, "The Wild Birds," by the Grange. Emilie Mitchell gave a talk on birds of the neighborhood. A discussion took place concerning the choice of a State bird. The little song-sparrow was Miss Mitchell's choice. The robin, the cardinal and, falling to the ridiculous, the crow, were mentioned. This was followed by a reading, "Meet the Real American Girl," by Sarah Pennington; a piano solo, by Mrs. Harry Harrington; the grange journal, by Mrs. Addie Klair; the budget box, by Wm. Naudain; and the reading of a short poem, "The Farmer," by Paul Mitchell. The Roll Call was responded to by each giving a favorite winter dish. The hour closed with singing, "Smile, Smile, Smile," by the Grange.

Willard Klair, Harry Brackin and Elizabeth Peach were reported among the sick. Most of those formerly reported are now much improved.

At the close of the meeting Mrs. Harrington served lovely home-made candy.

A vote of thanks was extended Mr. and Mrs. Harrington for the use of their home for the grange meetings.

## Personals

Arnold Naudain and William Naudain attended the funeral of James Naudain, at Cherry Hill, on Sunday.

Henry Gass, who was recently injured in an automobile accident, is at home from the hospital, now much improved.

Miss Helen Pennington was at home from Morrisville over the past week-end.

Mr. and Mrs. Fred Whitehead and daughter, Betsy, Mrs. Lizzie Moore and Harvey Ball and family were Sunday guests at the A. B. Dennison home.

Miss Lillian Frazier spent the week-end in Wilmington.

Miss Irma Colmery was a recent visitor at Pitman, N. J.

Mr. and Mrs. Walker Pennington spent Sunday with Mrs. Pennington's parents, Mr. and Mrs. Bernard, of Brandywine Hundred.

Mr. and Mrs. A. B. Dennison were recent visitors of Mr. and Mrs. Baker, at Cochranville.

Mr. and Mrs. Frank Hufnal and daughter, Eunice, spent Sunday with the Colmerys.

Mr. and Mrs. Laff Thompson and family were recent visitors of John F. Brackin.

Mrs. Addie Klair visited with Mrs. Lena Naudain, on Monday.

Mrs. Wm. P. Peach and Miss Carolyn Peach called upon Mrs. John Peach, of Wilmington, and Mr. and Mrs. Harvey Walker, on Sunday.

## Christiana

Services were resumed in the Presbyterian Church on Sunday after a recess of two weeks, due to the illness of the pastor, Rev. Samuel L. Irvine. Mr. Irvine is very much improved, but still unable to preach. In his absence, the services were in charge of Rev. S. Beattie Wylie, of Wilmington, formerly for many years pastor of the Presbyterian Church at New Castle.

Next Sunday, January 27, Rev. H. W. Ewing, D. D., of Newark, will preach in the Christiana M. E. Church.

The meeting of the Christiana Social, which was to have been held at the M. E. Parsonage last Thursday evening, was cancelled, both because of the bad weather and fibecase of the numerous cases of illness among the members.

Members of the Epworth League connected with the Methodist Church are working hard on a play, "Ann What's-Her-Name," which they are planning to present some time late in February. Rehearsals are being held twice each week, and much interest is being shown by members of the cast. Due notice of the date and place of performance will be given in this column.

Mrs. Mary C. Kennard, teacher of the first four grades of the local school, was able to be at her post once more on Monday morning, after an absence of ten days, due to illness.

Mrs. R. Earle Diekey, acted as substitute teacher.

The regular mid-year examinations are now in progress. These are the standard State tests, the same for all grades, from the third up to, and including the eighth, and the results of these tests carry much weight in determining the promotion of the pupils.

The Christiana Fire Company, with their new engine, attended the exercises connected with the housing of a new American-La France engine by the Claymont Fire Company on Saturday afternoon. They also took part in the parade which preceded the ceremony.

The Girl Reserves held their regular meeting Monday evening at the home of Lois and Rachel Phelps, members of the club. Miss Ruth Kemp, assistant to the District Executive, and Mrs. Preston W. Spence, Jr., were present as leaders. There was a good attendance, and considerable business was transacted. It was decided to hold a bake-sale this coming Saturday forenoon, January 26, in the King street market, Wilmington, as a means of raising funds to defray club expenses. Lois Phelps was elected delegate to a district conference of Girl Reserves, to be held at Germantown, Pa., February 22, 23 and 24.

In the early hours of last Thursday morning, a lone motorist coming into Christiana from Stanton, lost control of his car on the hill above the village and ran into a tree and a telegraph pole close by the old blacksmith and wagon shop. Besides other damage, the top of the car was almost completely demolished. The drive received numerous cuts and bruises, but was not seriously injured. The car, how-

ever, was repaired sufficiently to be taken away, and all traces of the accident had been removed before daylight.

Mr. and Mrs. Frank Moody entertained a number of guests at a social gathering at their home, Silver Hill Farm, on Wednesday evening.

Mr. and Mrs. Harry Appleby and family, of Red Lion, were guests on Sunday of Mr. and Mrs. William Howell. Miss Elizabeth Hanna and friend from Wilmington, were also visitors at the Howell home.

Miss Sara Kilvington, with Mr. and Mrs. Jones, of New Castle, motored to Oxford, Pa., on Sunday.

Miss Mary Moody, of Wilmington, spent the week-end as the guest of

Mrs. Harvey Maclary, at her home near State Road.

Mr. and Mrs. Alfred Clabe, of Holloway Terrace, were Sunday visitors at the home of Mrs. Clabe's parents, Mr. and Mrs. Louis Denn.

Miss Katherine Phelps spent the week-end with her parents, Mr. and Mrs. H. A. Phelps.

Miss Kate Darlington, who makes

## 19 FREIGHT CARS LEAVE RAILS AT CHILDS

Through traffic to Washington over the Baltimore and Ohio railroad was resumed Wednesday after having been re-routed for more than 12 hours as the result of a wreck at Childs in which 19 cars of a freight train left the tracks. No one was injured.

According to railroad officials the cars were derailed when the arch bar under one of a train of 50 cars broke, causing the car to leave the rails and dragging 18 others with it before the train could be brought to a stop.

The locomotive and parts of the train did not leave the rails as the defective arch bar was on a car in about the middle of the train.

All of the derailed cars were laden with freight which was scattered along the right of way. The track was torn up for some distance as a result of the derailment which occurred at 8 o'clock Tuesday night just as the East bound freight train was passing through Childs, four miles from Elkton.

Through traffic was diverted following the accident to the Pennsylvania Railroad, while local trains operating between Aiken and Wilmington were run as far as the scene of the accident where other trains on the unobstructed right of way, met passengers.

Wrecking crews worked all night and until 10 a. m. Wednesday clearing away the debris and repairing the twisted rails. A normal schedule was resumed later in the morning.

## TOWN COUNCIL RAISES PROTEST OVER BRIDGE

The Elkton Town Council has protested to the State Road Commission against the construction of an overhead bridge across the Pennsylvania Railroad tracks at Red Mill crossing, and has requested that they be heard in the matter.

The Elkton authorities say they were not advised of the plans or specifications for the bridge, which is in the town limits, by the State Road Commission, which last Wednesday, awarded Frank Corosa, of Baltimore, the contract.

S. Ralph Andrews, clerk of the Circuit Court, and president of the Broadcreek Construction Company, has prepared a plan for the town to

present to the State Road Commission, to build a new road on the south side of the railroad from Bacon Hill to Elkton, a distance of three miles, thus eliminating several bad curves and an overhead bridge at Bacon Hill, and passing through Elkton without passing over any railroad at any point.

## KILLED WHEN CAR PLUNGES 35 FEET

Driving at a high rate of speed on the approach to the Conowingo Dam bridge, late Saturday night, James McFaul, aged about 30 years, was instantly killed when a tire blew out on the coupe he was driving, causing the car to crash through a fence and down an embankment of about 35 feet.

A girl, who was with McFaul, but whose name the coroner refuses to give, was only slightly injured, suffering bruises and lacerations. McFaul's neck was broken, and the car was demolished.

McFaul, a special accountant at the Norristown, Pa., Hospital, was driving to Baltimore to spend Sunday with his mother, Mrs. Anna Amend.

## The Safety Council Drive

Today at noon Newark had contributed \$700 towards the \$25,000 campaign which the Delaware Safety Council will close tomorrow night. Yesterday at noon, the Newark team stood third in pledges signed, but today's report is not so encouraging.

The Safety Council is asking the people of the State to contribute this money that it may maintain its important work in safety education in the schools, homes and industrial plants, and that it may extend its work to effectively cope with highway safety problems. It is not asking for charity, because the program of the Safety Council provides valuable insurance on the safety of life and limb of every person in the State.

During the past year 187 persons met accidental death in the State of Delaware. Seventy-nine were killed in automobile accidents; 68 were fatally hurt in accidents in the home; and 40 died in industrial and water accidents. Were in not for the work of the Safety Council, these figures would undoubtedly be higher. Given sufficient operating funds the Council can still further reduce the number of accidental deaths in the State. To enroll as a member of the Safety Council is not only an important public duty, but by so doing you are by that much mitigating the daily hazards which menace your life and person.

## The University Appropriations

The University of Delaware is asking the State for appropriations amounting to, approximately, half a million dollars. This appears to be a large amount of money, but there are several sound reasons why the General Assembly should pass these appropriations without any reductions in the amounts.

First, the State can easily spare the money at this time, and, second, the University needs and has earned the money. Small and handicapped for funds for expansion and operation, the University of Delaware has brought the State of Delaware international recognition as the First State in, at least, one phase of educational progress. The Delaware Foreign Study Plan, a product of sheer ingenuity and initiative, has placed Delaware in the van of all the great institutions in this country as the leader of a new and significant movement in higher education. This position has been recognized both here and abroad.

The buildings Delaware asks money to build are of long-standing need. The extra operating appropriation is vital if the University is to maintain its standard of instruction. The University has brought honor and position to the State, and should be provided with the means to hold and intrench the leadership it has achieved.

## The Drunken Driver

Sentiment against the drunken driver was crystallized in two instances this week, when Governor Buck, in an address to the Delaware Safety Council, stated that "these potential murderers were the most difficult problem with which the Highway Department had to contend," and when Senator Downs introduced a bill in the State Legislature calling for a mandatory imprisonment sentence for the first offense and a prison sentence with a possibility of 20 lashes for the second offense.

Governor Buck, who is the best qualified person in the State to speak on the subject, urged 100 per cent enforcement of the law in all cases where a person was arrested for driving while intoxicated. The bill, which was introduced by Senator Downs, aims at the heart of the problem, the leniency of the law for this offense. A rigid enforcement of a law carrying such fangs as prison sentence and whipping should discourage the most irresponsible of the drivers, who are the most dangerous menace on the highways.

## Appreciation of Nathan Motherall

Two thoughtful friends at Newark have notified me of Nathan Motherall's death. As I can not be present in person to share in the last honors to a life-long friend, will you permit me through the Post to pay to him that is gone a deserved tribute?

He and I were schoolmates and for a time college-mates; and in the thickening years since our youth we have been mutually loyal friends. Those who really knew Nathan Motherall valued him for the deep essentials of a rare character. We even liked him for his very faults, because they lay so near his virtues, were so characteristic of the qualities that gave him worth.

He had a clear-working mind, native generous sympathies and a personal energy joined to an emotional urge that made him effective in whatever he undertook. How well his schoolmates must recall the long and rapid strides with which he set off from the "Upper School" to walk the whole length of the village, more than half a mile beyond to the farm gate, and nearly or quite a half mile up the lane to his home. Under the monastic system of the college in the early seventies of the last century, Nathan was required to take most of that long walk every morning of the five college days to be in time for prayers and recitation before breakfast; and he often took it a few hours later on Saturday to attend the sessions of the Delta Phi Society.

We all recall Nathan's delightful wit, and, indeed, some of us liked to goad him into the exercise of that enviable faculty. A few years ago Nathan came upon Mr. Collins and me in conversation on a street corner, and showed signs of a readiness to join in, which participation Collins

and I would have gladly welcomed. But, scenting a chance to stir Nathan's native humor, always wide-awake, I said: "Nathan, when you see two such men as Mr. Collins and me engaged in serious discussion of momentous public matters, it is your business to stand by and listen with due respect."

That was enough, and Nathan answered adequately with, "Huh, I've often heard the wind blow before!"

Many had felt the bite of Nathan's wit, but only his closest friends knew that other side of the man, his sensitiveness to all that is lovely in nature, and his enjoyment of some of the finest English poetry. It will pain not a few of us to think of Newark without Nathan. Newark has lost a "man!"

Edward N. Vallandigham,  
Chestnut Hill, Mass.

## MRS. LEVI K. BOWEN

Newark has suffered a severe loss of womanhood through the death of Mrs. Levi K. Bowen, who had figured prominently for many years in the church, social and club life of that community.

She was a living demonstration of the fact that a woman, if she be so disposed, can engage in such activities without neglecting the affairs of home and family because there never lived a woman more devoted to husband, children and grandchildren and the fundamentals of happy home-making.

Mrs. Bowen figured long, constructively and charmingly in the affairs of St. Thomas' Episcopal Church and the Newark New Century Club. She also had an intense interest in the affairs of the University of Delaware and in the general social activities of

the community in which she occupied such an honored place. Her greatest joy was found, however, in raising a large family of children and seeing them established happily in life. She will be missed sorely by her relatives and a large circle of close friends and also by the people of Newark generally.—Wilmington Evening Journal.

## ONE WEEK'S GIFTS TO THE PRESIDENT

A list of the gifts received in one week by President Coolidge give a glimpse of the difficulties that will confront him on March 4 next. Among them were a knitted flag, in which there were 115,000 stitches; a twist of Tennessee tobacco, an enormous cake of Vermont maple sugar, an ounce of vanilla extract, a baseball bat, a ukulele, three boxes of fish bait, a squash with his name on it, a bundle of sheet music, a bound collection of Swedish stamps, a pair of knitted woolen sleeping socks, a patchwork bed-quilt, a gilded bust of the Prince of Wales, a bottle containing a wood carving; also his own picture on a piece of tin, a barrel of apples, a bushel of popcorn, a box of honey, six jars of home-made preserves, a roast of venison, a bushel of cranberries, a kit of mackerel, a layer cake, a ham, a crate of oranges, a brace of wild ducks, a basket of peaches, a crate of cantaloupes, a jar of peach pickle, sixteen walking sticks, twelve knives, for post - Presidential whittling; three carved pipes, a knitted pair of house slippers, a pumpkin, an ear of corn and a string of red peppers.

Canes are frequent gifts: there are five or six hundred of them stored away, a few handsomely carved and some gold mounted. The favorite gifts of elderly women to the President are knitted woolen socks and knitted house slippers. Men give him canes and pipes. His living gifts would almost stock a museum, the most common being eagles, dogs and cats. At the beginning of each Administration there is keen competition among breeders to supply a dog.—New York Times.

## FORMER RESIDENT DIES

Mrs. Maria H. Dawson, wife of E. Warner Dawson, both former residents of this town, died Saturday, following a stroke, in the East Stroudsburg, Pa., hospital. She was 66 years of age. Funeral services were held yesterday afternoon at her late home in East Stroudsburg, the Reverend E. A. Lemoine, of St. Peter's Church, Smyrna, Delaware, officiated. Interment was in the Dawson family plot at Barratt's Chapel, near Frederica, Delaware.

During the residence of the family in Newark, Mr. Dawson taught in the Newark schools. Miss Elizabeth Dawson, their daughter, was a member of the first class of the Women's College, and a son, who later died, attended Delaware College. The Dawsons later moved to Smyrna, Mr. Dawson's home town, where Miss Dawson taught in the high school. Later they moved to East Stroudsburg, where Miss Dawson is now teaching in the Normal School. Mr. Dawson is an invalid.

## CHIROPRACTORS ELECT

At a meeting in the Hotel du Pont-Biltmore, Sunday, the Delaware Chiropractors' Association elected the following officers: Dr. H. L. Wilson, president; Dr. W. H. Cook, vice-president; Dr. C. W. Holden, secretary-treasurer; Dr. A. W. Bradley, Dr. J. J. Braunerreuther, Dr. J. H. Kenley, Dr. E. N. Matsinger, Dr. T. M. Swan of Newark, and Dr. J. A. Wilker, directors.

## DOG TAGS HERE

The 1929 dog licenses and tags have arrived and are being distributed at Magistrate Thompson's office. In accordance with the law passed at the last Legislature, all dogs in the State must be licensed and provided with a tag. Failure to do this carries a minimum penalty of a fine of \$5.

## EXTENSION CONFERENCE

The State Extension Conference is being held this week at the University. Mr. B. S. Humell, Extension Specialist on Rural Sociology of Virginia, spoke at the conference on Community Organization.

## WHAT CAUSED THIS?

By J. B. O'Sullivan

Three of us were looking in the Elkhorn river for clam shells. A full grown mink swam up to us and acted as tame as a domestic cat. For more than an hour we fondled the animal, barehanded, and finally placed him in the water where he continued to swim here and there. The mink is exceedingly wary, and no reason ever was assigned for the peculiar behavior of this specimen. It is a shame, of course, but we had no camera to register this unusual occurrence.

About a year after the mink incident, and while skating with about fifty children, the writer sighted a muskrat sitting on a tuft of soil as he industriously nibbled a treasured morsel he had brought to the surface. With no hope of success, but with the mink experience still fresh in our memory, the writer slowly crept upon the muskrat and astonished himself and his breathless audience by placing his hand on the animal's back. This was repeated time and again. A few metallic-like clicks from his teeth, now and then, was all the resistance offered to repulse our attentions.

In just what condition were these animals? Surely they were not normal.

## Women's College Notes

The Puppet Club production, "Mary the Third," which was given in Wolf Hall on Friday evening, was perhaps the most successful of any play ever attempted by a Women's College organization. The cast was exceptionally well adapted to the various parts. The work of Myrtle Simpler as Mary the Third, Dorothy Baylis as the Mother, Theresa Tehan as the Grandmother, and Frank Sweezy as the Father, was outstanding. To Miss Nora Bean Keely, who directed the play, much credit is due for its success. Rebecca Williams and Agatha Hagan provided piano music between the acts, and Anne Barclay, violinist, furnished the music for the prologues.

The annual Formal of the Freshman Class, which was held in Old College on Saturday evening, proved to be one of the most brilliant social affairs of the year. Kelly's Orchestra provided the music. The decorations consisted of blue and gold crepe paper and balloons to match, with the silhouette of a Freshman and her cat placed in the center of the balcony. The grand march was led by Phoebe Steel, vice-president of the class. In the receiving line were: Louise Smoot, president of the class; Dean Winifred J. Robinson, Miss Mary Gillespie, Miss Margaret Clerihew, Barbara King, Junior Class president; Lillian Steele, head of the Social Committee; Professor Berry, Professor Blair, and Eleanor Edge, president of the Student Board.

According to custom, the Freshmen chose the Juniors who served at the dance. Those chosen were: Elizabeth Donohue, Dorothy Hayes, Marian McCabe, Nellie Moore, Elizabeth Conard, Doris Friedel, Eunice Lowe, Helen Baker, Charlotte Rambo, Theresa Tehan, Sibyl Young, Ethel Merritt, Margaret Middleton, Marian Robbins, Mary Mendenhall, Rosalie Berman, Dorothy Sharpless, Dorothy Stanley, and Edith Kimes.

Many students, especially those taking music appreciation under Miss Mary Gillespie, are planning to attend the Wagnerian Operas to be given at the Shubert Playhouse on Friday and Saturday.

College Hour last Wednesday provided one of the most interesting of the entire year. Harry N. Holmes, of New York City, who was a P. M. C. A. secretary in Belgium, England, and France during the late war, was the speaker. He was presented by Mr. A. G. Wilkinson. His subject was "The Pacific and its Problems." One of the members of the University faculty, Dr. Ezra B. Crooks, worked under Mr. Holmes in France.

French Club met Wednesday evening in Sussex Common Room. The meeting took the form of an informal surprise party for Mildred Phillips, the president, who has just resigned. Miss Phillips is leaving college in February to enroll at Radcliffe College, Boston, where she will do special work in French. A hammered brass desk calendar with the college seal on it, was presented to her by the members of the club, in appreciation of the services she has rendered. Plans were made for the next meeting to be held this week, when a new president will be elected. Miss Harriett Bailey will be the speaker.

At a meeting of the Press Club, held on Thursday, Edith Nunn was elected president, to fill the place of Mildred Phillips, resigned.

The class in art appreciation will go to New York City next week, following mid-year examinations. Miss Rachel Taylor, head of the Art Department, will conduct the tour. The party will leave for New York on Friday morning, February 1 and will return on Sunday. Several visits will be made to the Metropolitan Museum, where the students will attend lectures and visit the various departments.

On Friday evening, members of the party will see Walter Hampden in "Cyrano de Bergerac." On Saturday evening, they will attend the performance at the Roxy Theatre, and on Sunday morning they will visit the Russian Cathedral and the Church of St. John the Divine. Part of the time will be devoted to sightseeing. Those who are planning to take the trip are: Helen Stayton, Evelyn Long, Margaret Shallcross, Edith Passmore, Miss Margaret Clerihew, Blanche Malcom, Sara Chambers, Grace Appar, Iva Eastburn, Mary Johnston, Alice Carey, Anne Walker, and Rebecca Hobson.

The Mathematics Club had an interesting meeting and dinner on Thursday evening. Dr. Kline, of the faculty of the University of Pennsylvania, was the speaker. Later he was guest of honor at the dinner, held in the private dining room in Kent Hall. The other guests included Miss Edith McDougle, Professor Rees, Elizabeth Watters, Jeanette Mackie, Hazel Kimble, and Mollie Ellis.

Frieda Denn, of Narberth, Pa., and Gladys Engle, of Wilmington, were the week-end guests of Anne Barclay at college.

Louise Bocker spent the week-end at Penn State College. On Friday evening, she attended the Senior Ball, on Saturday afternoon, a tea dance, and in the evening, the Theta Chi Informal.

Elizabeth Garrett, of North East Maryland, was the guest of Anna Daugherty over the week-end.

Mildred Phillips was the guest of Carmen Thomaschewski in Philadelphia on Thursday. She attended the production of the Civic Opera Company, "Siegfried."

Anne Thompson is slowly recovering from an attack of acute appendicitis from which she has been ill since Thursday.

Jeanette Rust and Charlotte Hahn spent the week-end at their respective homes in Wilmington.

Elizabeth Milliken visited friends at college on Thursday evening.

Edythe Kimes, who has been ill in the Infirmary for over a week, was able to resume her classes on Monday.

Roslyn Cohen spent Saturday and Sunday with her parents in Wilmington.

Mary Tomlinson spent Sunday at her home in North East, Maryland.

Frances Garrett, of North East Maryland, was the guest of Elizabeth Harrar on Saturday and Sunday.

Professor Voght, of the Education Department, is suffering an attack of grippe.

Elizabeth Donohue visited her parents in Wilmington on Sunday.

### Christian Science Churches

"Life" was the subject of the lesson-lesson in all Churches of Christ, Scientist, on Sunday, January 20. Golden Text: "God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." (John 3:16). Among the citations which comprised the lesson-sermon was the following from the Bible: "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the

Spirit. For the law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death." (Romans 8: 1,2).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The way is straight and narrow which leads to the understanding that God is the only Life. It is a warfare with the flesh, in which we must conquer sin, sickness, and death, either here or hereafter—certainly before we can reach the goal of Spirit, or life in God."

### L. HOFFMAN TO TAKE SONS INTO BUSINESS

Louis Hoffman, who for 15 years has conducted a merchant tailor establishment in Newark, is going to expand his business, taking his two sons in partnership with him. The new firm will be Louis Hoffman and Sons, and besides conducting a tailoring and haberdashery business, will enlarge considerably its clothing department.

Mr. Hoffman came to Newark in 1914 and started as a tailor. In 1921 he moved to the Main street store where he is located at present, and added haberdashery to his business. His sons, Sidney and Abraham, are both graduates of the University of Delaware.

### AN ENGINEERING FEAT ACHIEVED BY INCAS

The ancient Inca fortress of Sacsahuaman is located on a mountain summit 740 feet above the city of Cuzco, Peru, which is itself 10,500 feet above sea level. It is made of huge, massive stones, some of which measure thirty by twelve feet and are very thick. Though irregular in outline, they are fitted together so perfectly that a knife blade cannot be inserted between them.

How the seemingly impossible feat of getting these stones to the summit was achieved is explained by the mystics of India. The Egyptians who

built the Pyramids, so the legend goes, and the ancient Incas, both knew how to suspend the law of gravity, having learned it from the mystics of the lost Atlantis.

### NEWARK NEW CENTURY CLUB

Owing to the death of Mrs. L. K. Bowen, an officer of the New Century Club Corporation, there was no meeting of the club on Monday.

The regular meeting, to be addressed by Dr. Sypherd of the University, and the business meeting, will be held next Monday, January 28.

# 187 KILLED

More Than 2000 Persons Injured In Delaware During 1928 Through Carelessness and Neglect

## Must This Go On?

187 187 187. For the love of humanity think what this means! Every 46 hours, less than two days apart, some one in Delaware died a tragic death. Died because of carelessness or neglect. 79 deaths by automobile. 68 deaths by accidents in the home. Industrial, water and miscellaneous accidental deaths numbered 40 more. Laws will not stop these awful tragedies. The individual must be careful, must be alert. Do your part—BE CAREFUL.

## You Can Help

You can help in two ways; by carefulness, and by contributing to the fund now being solicited to promote carefulness and safety. Whether or not you can help financially, look again at the statement at the top of this page—187 KILLED, impress it on your mind and determine now to do your part in correcting things that might cause accidents. Be careful! Be alert!

## When Our Team-Workers Call

Remember that some people have to be constantly reminded to be careful. That some people by their very nature are negligent. That this fund now being solicited will be used to educate people to be ever careful and alert, to educate them by advertising bill boards, motion picture films, posters and other media. That surveys and studies of dangerous intersections, grade crossings and other hazzards will continue with the ultimate object of correcting and eliminating them. If you give you will be helping to remedy a condition that is loudly crying for correction.

Remember, by your contribution to the Delaware Safety Council you are placing additional insurance against hazard and accident to yourself, your family and your friends

## NEWARK BEATS DELAWARE CITY

Both Teams Take Hard-fought D. I. A. A. Games; Boys Win 25 To 20; Girls, 31 To 24. Play Claymont Tomorrow

Both of the Newark High School basketball teams brought home bacon from Delaware City, last Friday, the boys winning, 25 to 20; and the girls taking their game, 31 to 24. Both league games, which were played in the Commodore MacDonough School gymnasium, were hard fought.

The Newark boys outclassed their opponents in the first half and led 17 to 8 at the whistle, but in the second half Delaware City came back with a vengeance and nearly ran away with the game. Holloway starred for Newark on the offensive, getting eight goals from the field for a total of 16 tallies. Spicer and Roberts played some great basketball for Delaware City.

The Newark girls played a more consistent game and won their game without being headed. Miss Fulton shone on the Newark offensive, making 22 of the 31 points.

Two games scheduled for Tuesday with Tome Institute boys' and girls' teams were called off when the snow prevented Tome from getting to Newark. Tomorrow both teams will play at Claymont.

### NEWARK DIVIDES WEEK'S BILL

The Newark basketball team lost one game and won one by a large margin, during the past week. Last Thursday night in the University gym, Krebs let down the local boys with a 35 to 29 score. On Monday night Newark beat Elkton, 23 to 9. Newark has three games scheduled to be played in the University of Delaware gym. Tonight it will play a team from the du Pont Company. Tomorrow it will meet the Madison team of Wilmington, and Monday will play a return engagement with the Polish Falcons, of Wilmington.

Amiability shines by its own light. —Horace.

## DELAWARE LOSES TO ARMY, 40-21

Hold Cadets 15-14 In First Half, But Fresh Team Runs High Score In Second

The University of Delaware basketball team suffered its second defeat within the week last night, when the West Point Cadets deluged it under a barrage of field goals in the second half to win 40 to 21. The game was played at West Point.

The Army used a number of substitutes in the first half, and the Blue and Gold showed its mettle by closing that period with the score only 15 to 14 against it. In the second half Army put in its fresh varsity, which has won nine straight games, and it was too fast for the Delaware boys to cope with. LeCarpentier played a great game for Delaware, scoring 8 points. Hill, his running mate on the offense, scored 7. Score:

## ST MARY'S BEATS U. OF D. EASILY

Delaware Gets Worst Trouncing Of Season, 33 To 16. Jay Vees Win From Swedesboro High

The University of Delaware basketball team suffered its most severe trouncing of the season, last Saturday night, when the Mt. St. Mary's quintet from Emmitsburg, Md., came to Newark and ran away with the long end of a 33 to 16 score.

Ryscavage and McGarrigan, St. Mary's smooth forwards, played rings around the Blue and Gold defense and accounted for 19 points between them. The St. Mary's defense was equally good and, with the exception of Johnny Roman, the Delaware offense, couldn't penetrate it effectively. Roman played a great game on two counts, getting 8 points from the field and doing fine work on the defense.

In a preliminary game the Delaware Jay Vees won from the Swedesboro High School, 35 to 29. Score:

### P.-T. A. News

Parent-Teacher Associations in New Castle County have entered the new year with great enthusiasm in this wonderful work for the betterment of our boys and girls, future citizens of the United States. Nine very interesting reports have been received during the week of January 13-19. Only 42 per cent of the associations in New Castle county reported meetings held during December; Kent reported 49 per cent, and Sussex 53 per cent.

Taylor's Bridge, Delaware City, Patterson and Newark (colored) Associations conducted very fine meetings, using the State program for January, "Working to Develop Right Attitudes and Habits." The Book Club of Delaware City conducted one of their meetings. Delaware City also reports a membership of 121. The State Legislators are coming to Delaware City to inspect the school building, and the P.-T. A. will provide a luncheon for them.

### Patterson

Patterson reports an interesting meeting on January 15, at which time the Boys and Girls Club demonstrated one of their regular meetings. Mrs. Alice Ross, teacher, presented the monthly theme and gave a talk on "The One Hundredth Anniversary of the Public School System in Delaware." The school exhibited sewing towels, rugs, posters, notebooks, booklets and manual training work.

### Taylor's Bridge

After a discussion of the monthly topic at Taylor's Bridge P.-T. A. on January 11, the school presented a thrift program. Piano solos by Miss Louise Langrell and a negro dialogue by Mrs. David and Mrs. Keiser were much enjoyed.

### Newark (Colored)

Newark P.-T. A. (colored) discussed the opening of the Adult School as soon as those enrolled recuperate. The principal, Mr. J. M. Richards, discussed the monthly theme, "Working to Develop Right Attitudes and Habits."

### Fairview

Fairview P.-T. A. held their first meeting of the new year January 8. Committees were appointed to buy new lights for the school, an equipped medicine cabinet and several victrola records.

### Centre Grove

Centre Grove Community Club met on December 18. An interesting Christmas talk by Rev. F. T. Ashton was enjoyed, as was a Christmas program rendered by the school. The Knight Hawk Ramblers of Wilmington, furnished the music. Due to the long program, a business meeting will be held in January.

### Newport (Colored)

Newport P.-T. A. (colored) met on January 11 to conduct the State program for December. Dr. Hannah Lyons from the International Dairy Council of Pennsylvania, was present to give an address and demonstrate "Health" by slides. Dr. Lyons stressed the value of practicing the sights they observed.

### Port Penn (Colored)

Inclement weather caused Port Penn P.-T. A. (colored) to meet on January 12 to carry on their December program of "Health." After many interesting contributions by parents and friends the pupils gave a health demonstration. Contributions were made for obtaining playground equipment to enable the children to get healthful exercise.

### Milford Cross Roads

A well-attended meeting is reported at Milford Cross Roads P.-T. A., held January 16. The State topic was effectively followed and the Junior Board of Health demonstrated their work. Humorous readings, recitations, vocal duets, a cornet solo and selections from the orchestra made a varied program for the evening. Committees were appointed to purchase supplies from the general school fund. A cooler, a new lock and a raker have recently been purchased, and a load of kindling donated.

### New Castle

The New Castle Home and School Association held its annual reception to the teachers on Monday evening, January 14, with ninety parents, teachers and high school pupils present. Miss Edna T. Bradford, a noted musician of Wilmington, was in charge of the program and gave a splendid program with the aid of the orthophonic. Prof. Snavely expressed the hope that some day not far distant all schools will be equipped with orthophonics or radios.

### Star Hill

Star Hill P.-T. A. reports a meeting on January 15 at which time the State program was carried out and many pieces of the children's work was on exhibit. The parents enjoyed a demonstration of the school work.

### Iron Hill (Colored)

The P.-T. A. of Iron Hill School

(colored) met on January 9, at which time plans were made for a birthday social on January 24. New members were enrolled at that time. New curtains have been put to the windows as a gift from the P.-T. A.

### Middletown (Colored)

On December 31, the Middletown Progressive Association (colored) met to plan the work of the Night School,

which opened on January 8. Mrs. Hewy, the principal, outlined the aims of the Adult Centers as presented to the group by Miss Burnett in Dover on December 15. The association pledged to work for better citizenship and especially to get their young men and women instruction for the same.

# A Difference that cannot be measured in Dollars

SOMEBODY suggests this simple test for automobile buyers. Write down the price of a New Pontiac Big Six. Now write below it the price of any lower-priced car you can think of. Subtract. Lo and behold! Only a few dollars difference! But what a difference there is in the cars—and it cannot be measured in dollars!

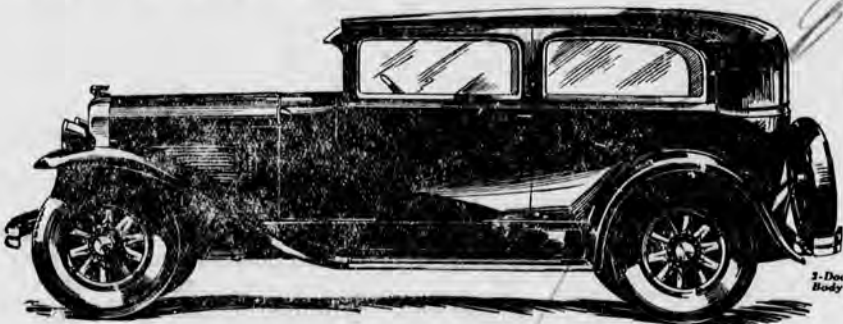

It's true, of course, that in the New Pontiac Big Six you get greater overall length, a bigger engine and such fine car advantages as dirt-and-weather-proof interior four-wheel brakes. Those are features which can be measured in money. But the real difference is even more important than that. It's really a matter of progress. When you're getting on in the world, you want finer things. And

that's where the Pontiac Big Six fits in.

It offers big car performance resulting from its big, new L-head engine, its accurately balanced rotating parts, Hotchkiss drive, and its many other mechanical advancements. It offers the luxury, comfort and style provided by masterly new bodies by Fisher.

Yes, you could always get that in an automobile. But never before at Pontiac's price. That's why the Pontiac Big Six is creating such a furore!

Prices \$745 and up, f. o. b. factory, plus delivery charges. Bumpers and rear fender guards regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Miss Minnie Moss, of Milford, spent the week-end with her mother, Mrs. Mary Moss.

Glasgow is expecting to have the new overhead lights installed the beginning of the week by the State Highway Department.

Friends are sorry to hear of the serious illness of Thomas McIntire, in the Union Hospital at Elkton, and hope he may soon be better.

Friends in the neighborhood were shocked to hear of the death of Mrs. Julia Gray Cann, a former resident here at the home of her daughter, Grace, in New York City, on Saturday. Her body will be brought to Middletown. Services from the home of Mrs. Della Green. Interment in St. Georges Cemetery. Mrs. Cann, in former years, was a member and active worker in Glasgow Presbyterian Church. Widow of Edward Cann. She is survived by her daughter and two sons, Richard and Charles.

Friends were shocked on Tuesday afternoon to hear of the sudden death of Wm. J. Lum. He was born on September 4, 1857, of Bohemia Manor, son of the late Isaac and Deborah Lum. He moved on Miss Kate Price's farm, just across the Maryland Line, twenty-five years ago, living there ten years. He moved on his own farm, about one mile from Glasgow, which he bought from Z. T. Harris. After living there six years he retired and bought the Huggins property in Glasgow. He is survived by his wife, Mrs. Susie Lum (nee Kincaid), two brothers, George and Alfred, of Chesapeake City; two sisters, Mrs. Arthur Rambo, of Elkton, and Mrs. Hannah Davis, of North Carolina. He was a charter member of Golden Eagles Lodge; a member of Glasgow M. E. Church. He was a staunch Democrat, although never sought public office. He was a devoted husband and had a host of friends. He will be sadly missed by all. Funeral services were held on Friday afternoon at 2 o'clock at his late home, Rev. Vaughn Collins, pastor of Glasgow M. E. Church, was in charge. The ballbearers were: Milton Crow, Harry Dayett, Sr., Julius Barr, J. Leslie Ford, Fred Racine and Lamont McElwee. Interment was in Bethel Cemetery.

### CARD OF THANKS

I wish to thank relatives and friends, also Bible Class and members of Golden Eagle, for their kindness, sympathy floral offerings and use of automobiles during my recent bereavement in the death of my husband, Wm. J. Lum.

Mrs. Susie K. Lum.

### Stanton

Mrs. Chas. P. Dickey attended the meeting of Calvary Branch of the Woman's Auxiliary, Wilmington, on Tuesday evening last. Mrs. Helen Wright, the educational secretary of the branch, had planned an African evening. A very interesting address on Liberia was given by the pastor, the Rev. George Graham, and a paper on "Africa's call to the laity" by Mrs. Chas. P. Dickey. A contest by all the members on jumbled names of African cities and rivers. Dr. Graham won the first prize. Mrs. Dickey, second.

The Young People's Fellowship of St. James P. E. Church held their regular monthly business meeting at the home of Mr. Wm. H. Banning, at the Cedars, on Tuesday evening. It was decided to give a play in the near future. The next business meeting will be held on Tuesday evening, February 12. At this meeting the election of officers will be held. The place of meeting will be announced later. The regular Sunday afternoon meeting will be held in the Friends' Meeting at 3:30 p. m.

Staff on Wednesday evening, January 23, at their regular meeting.

The Woman's Auxiliary of St. James P. E. Church held their regular monthly meeting at the home of the president, Mrs. W. A. Mitchell, on Thursday afternoon. The plans were made for the Lenten season, which comes early this year. It was decided to hold a bake in the near future. The book entitled, "New Africa," will be read and discussed at the meetings in the future.

The Stanton Community Association held their regular monthly meeting on Friday evening. The proposed plans for the new consolidated school were on exhibition. The new building will contain four rooms, will be built of brick and will be modern in every way.

Standard tests, under the direction of the State Board of Education, are being held at the Stanton school. These tests will count towards the promotion of the pupils for the year.

The community has lost one of the old residents in the death of Miss Eliza McCoy, which occurred last Wednesday morning. Her death followed a fall received about ten days ago. Miss McCoy was 80 years old and had lived nearly all her life in this neighborhood. She was the daughter of the late Mr. and Mrs. Robert McCoy and was a member of White Clay Creek Presbyterian Church and of Diamond State Grange No. 2. She is survived by four sisters, Mrs. Mary Morrison, of Christiana, Mrs. Sarah Morrison, of Stanton, Miss Margaret McCoy, of Stanton, and Mrs. Johanna Walker, of Wilmington. The funeral service was conducted by the Rev. John D. Blake, on Saturday afternoon, from her late residence. Interment was made in White Clay Creek Cemetery.

Mr. and Mrs. Irving Jeffers are receiving congratulations on the birth of a daughter. Mr. Jeffers is the son of Thomas Jeffers, of this town.

Mrs. Edith Boyce was called to the bedside of her sister, Mrs. Florence Newlin, at Swarthmore. Mrs. Newlin is seriously ill and very little hope is given for her recovery.

Mr. Harry Fisher, of near Stanton, was called to Virginia on account of the death of his brother.

Mrs. Chas. P. Dickey was the dinner guest of Mrs. Helen Wright, Wilmington, on Tuesday.

Mrs. Lydia Dennis, who has been ill in the General Hospital, is much improved and will return home on Tuesday.

Miss Martha Chambers, of Kirklyn, was the guest of her brother, Thos. B. Chambers, on Monday.

The friends of Miss Hattie Chambers will be much pleased to know

that she is improving and hopes are held for her ultimate recovery.

Benj. L. Dickey will move to his new home in Wilmington on Monday.

Miss Thelma Lucas was the dinner guest of Miss Ella Bradley, on Sunday.

Friendship Lodge No. 4, S. O. B., will install the officers-elect on Tuesday evening.

Diamond State Grange, at their meeting on Monday night, the Lecturer's hour was spent by questions and answers. At the meeting next Monday night there will be an advertising contest. The committee in charge are Mrs. Lulu M. Chambers, Chas. P. Dickey and Harvey Klair. Prizes will be awarded.

Miss Eleanor Mitchell was given a birthday dinner on Sunday, in honor of her ninth birthday, by her parents, Mr. and Mrs. J. Harold Mitchell. Those present were Mr. Wm. Little, Miss Lora Little, Mrs. J. W. Mitchell, Clifford Mitchell, Frank Mitchell and Misses Eleanor and Jean Mitchell, all of Stanton; Mr. and Mrs. Harold Little and family, of Fairview.

Miss Isabella Fisher has been sick, but is able to be out.

John W. Banks and family have all been confined to their home by the grippe.

Mrs. Lewis Dickey, who has been ill with the grippe, is able to be up and around the house, but not able to go out yet.

Mr. Wm. Y. Johnson is very ill with the grippe at his home near here.

Mrs. Lydia J. Ellison is still confined to her bed, suffering from the grippe. She was somewhat improved yesterday.

Miss Helen Pordham was a Philadelphia visitor on Sunday.

The regular services will be held in St. James P. E. Church on Sunday.

Rev. E. A. Rich, rector. Morning prayer and sermon at 11 a. m. Church School at 9:45 a. m. Young People's Fellowship at 3:30 p. m.

## Lodge Notes

JR. O. U. A. M.

The 32nd anniversary of the American Flag Council No. 28, Jr. O. U. A. M., was celebrated Monday evening in the New Century Club building. A short business session was presided over by Councilor Smythe. Brother Dempsey presented his minstrel troupe in a creditable like manner. Six black-faced comedians formed as end men, composed of Brothers McMullen, McFarlan, Scarborough, Frank Mote, Smythe and Dempsey. Brothed Kennedy's son did acrobatic stunts, Tweed brothers jazz and square dance, Taylor brothers string music, and a Hawaiian string duet. Brother Henry Mote acted as middle man. Brother Fell and Dempsey as soloists. The troupe was drilled by Brother Samuel Ettleson, who also accompanied on the piano.

By special request the minstrel troupe will make a public appearance, date and place to be announced later. About 250 guests were present from various points in Delaware, Maryland, Pennsylvania and New York. Past National Councilor Walters spoke on behalf of the Mechanics, and what it has accomplished. Brother Charles Semken, of New York, gave a humorous address.

The refreshment committee served a very tempting meal at a late hour. Next Monday evening Brother Arthur Hope, of Delaware City, will install the new officers. Councilor-elect Norton desires a large turnout as he has an outline for new work during his term of office.

A. Neal Smythe, Councilor.

A. O. U. W.

Last Friday night, Anchor Lodge, No. 4, A. O. U. W., held a social evening in their lodge room in Fraternal Hall. Visitors were present from Wilmington and elsewhere, and the evening was spent in playing cards and beano, the winners receiving a number of valuable prizes. Refreshments were served.

Grand Organizer Joseph T. Smith extended a special invitation on behalf of Wilmington Lodge No. 1, to Anchor Lodge to attend a card party in A. O. U. W. Hall, Wilmington, on Tuesday evening, January 29, at which time there will be over one hundred prizes, including a \$250 gold piece as a door prize.

## RED MEN

Last Tuesday night, January 22, Minnehaha Tribe of Red Men held an open meeting for the Minneola Council, No. 17, D. of P. There were about fifty present. Grant Ritchie won first prize in five hundred and Leroy Hofer won first prize in beano. Refreshments were served.

Monday night Minnehaha defeated Wawa three straight games of quoits and took a step nearer the top. Next Tuesday Minnehaha plays Bear, the league leaders, on the home floor.

## League Standing

	Won	Lost	Pct.

## Odd Fellows

Oriental Lodge, No. 12, I. O. O. F., will celebrate its eighty-second anniversary on February 7. Oriental Lodge was instituted February 11, 1847. One feature of the anniversary celebration will be an official visit by Irving H. Craig, Grand Master of Delaware, and staff; also about 30 members from Eden Lodge of Wilmington, of which the Grand Master is a member. All members are requested to be present to show that his presence is appreciated.

District Deputy Grand Master William Marrs, accompanied by other members of Oriental Lodge, motored to Georgetown Monday evening to visit Union Lodge. The Grand Master was on his official visit.

District Deputy Grand Master Marrs and several members of Oriental Lodge visited Unity Lodge at Stanton, Wednesday evening, joining the Grand Master and staff, who were on their official visit.

Tonight about thirty members from Hope Lodge, of Wilmington, will pay Oriental Lodge a social visit.

## DEGREE OF POCAHONTAS

Minneola Council, No. 17, Degree of Pocahontas, would like all members to be present on February 6. It will be the monthly social night, when each member is expected to bring a friend. The entertainment committee promises an interesting program. Past Deputy Pocahontas Pearl Tweed will be presented with a beautiful slumber robe, pieced by the members of the Council, to show their appreciation of her good work during her term in 1924. The social committee will serve delicious refreshments.—M. T. Devonshire, Press Cor.

## DAIRY MAIDS

Deputy State Chief Dairy Maid, Mary Jane Devonshire, and her Dairy, will go to North East, Md., to seat the Maids and Toilers of Shannah Craft, No. 49½, on their respective stools, January 28th.

The Deputy would like all Toilers of Minneola Craft, No. 17½, to be in the Dairy on Wednesday evening, January 31, so the maids and toilers can be seated on their respective stools.—M. J. Devonshire.

## 33% ALFALFA INCREASE

Alfalfa acreage in New Castle county increased from 928 acres in 1921 to 1510 acres planted during the past year. These figures are taken from the annual report of County Agent Ed Willim, Jr., of Newark.

The campaign to increase the acreage of alfalfa in the county and state has been under way for several years, continues the Agent's report. Alfalfa hay is becoming more and more the real legume roughage feed used by the dairymen of the county in keeping their cows at the top notch in milk production.

During August the Agent sent from his office circular letters to all of the farmers in the county. These letters carried the information on how to prepare the ground for alfalfa, how best to seed with recommendations on the use of lime, fertilizer and inoculation.

The acres planted this year were secured through the co-operation of the seed dealers in the county, who were all quite willing to give such information to the Agent.

It has been suggested by the New Castle County Grange representatives that the alfalfa campaign work be continued for another year.

With alfalfa hay for roughage the dairyman does not have to purchase as much high concentrated feeds as he would with other ordinary low protein roughages such as corn fodder and timothy hay. Surveys of farm businesses taken in the northern and southern parts of the county verify these statements and indicate that the use of alfalfa hay roughage is one means of lowering the cost of producing milk. Lowering the cost of producing milk one cent per quart is the same as increasing the price one cent a quart.

The County Agent hopes that the dairy farmers of the county will use his help in any problems that may come up concerning their dairy herds.

## IN MEMORIAM

In loving remembrance of my dear mother, Elizabeth L. Reed, who died January 25, 1925.

The Heavenly gates had opened  
A lovely voice said "Come,"  
And with farewell unspoken,  
She gently entered home.  
Son, Howard Reed and Family.

Where there is plenty, charity is a duty, not a courtesy.—Feltham.

## AGE OF MOTOR INDIVIDUALITY

## CHANDLER HAS MANY DISTINCTIVE POINTS

This Year's Car, Through Its Beauty, Instantly Recognized Everywhere

"This is an age of individuality in clothes, homes and particularly motor cars," is the opinion of Kenneth Drake of the Drake Motor Company, 115 Concord avenue, Wilmington Chandler distributors. "People like to own a car which carries certain marks of distinction, which set it apart from the everyday or commonplace."

"In view of this, when Chandler engineers started to design the new models of the Royal '75,' Big Six and Royal '85' Eight series, many months ago, they too, were desirous of offering the public cars that would be distinctly different. That they have achieved their objective is instantly apparent when one sees a new Chandler from a head-on view," according to Mr. Drake.

"The latest Chandler carries the distinction of having a new three-bar radiator, which makes it possible to recognize the car on the road, as far as the eye can see. Even with this individual feature, Chandler designers did not stop in furthering their objective. The smart looking Chandler insignia, which is carried in colored enamel on the hub caps, is also duplicated on the hub caps, head lamps and fenders. This practice not only adds a new and different touch of beauty, but gives Chandler a mark of distinction, just as a coat of arms did for families in the days of old," concludes Mr. Drake.

In addition to Mr. Drake's comment about the new line J. V. Whitbeck, vice-president of the Chandler-Cleveland Motor Corporation, adds some interesting observations.

"If the average motorist were to compare the car of today with the vintage of 1914, the difference would be as great as between day and night—yet, does the average car owner stop to consider the fact that he or she has been fundamentally responsible for the many advances made in the modern automobile?" comments Mr. Whitbeck.

"If one were to delve into the methods of the majority of automotive engineers, it would be found that the revolutionary changes and ideas that finally find their place in today's car, are the result of studying the habits and actions of the average motorist. Of course, it must not be overlooked that all these ideas are thoroughly tested and proven before final adoption."

"It is, indeed, an easy matter for anyone to trace this development," continues Mr. Whitbeck. "As an illustration, just take the motorist of a few years ago into consideration. He had trouble starting his car and used his choke to an excess. Shifting gears was a noisy operation. He experienced great difficulty in stopping quickly—the emergency brake was called into service often. Riding comfort was not what it should have been, and bodies were not as substantial as they are today. Of course, it is easy to look back and recall these disadvantages, but now let us concentrate on the process of their elimination."

"Through a close analysis of the average car driver's habits, we have not only been able to improve our line of motor cars materially, but also to make it easier for the owner to operate and maintain a Chandler."

"New developments in manifold design, improved carburetion and thermodynamic control of the cooling systems have resulted in quick starting, regardless of climatic conditions."

## FIVE PASSENGER ROYAL CHANDLER "75" BROUGHAM

Drake Motor Company, of 115 Concord avenue, represent the Chandler line in Wilmington.

"Changes in the power plant, including refinements in the shape of the combustion chamber head, changes in the bore and stroke dimensions, and many others, have given owners power to meet every possible traffic and road need, and have also eliminated wear-shifting to a large extent."

"With added power and more rapid acceleration, the necessity of four-wheel brakes quickly became apparent," continued Mr. Whitbeck. "Next came the various comfort improvements, including longer and more resilient springs, balloon tires, new methods of body application to eliminate squeaks and rattles, more luxurious and durable upholstery, and changes in seat cushion construction to insure relaxation regardless of road surfaces."

"Even at this stage of progress, the job of the automotive engineer has just begun," Mr. Whitbeck claimed, in mentioning several of the innovations to be found with the new Chandler Eights and Sixes.

"Take the Westinghouse vacuum brakes now being used by Chandler—this new brake is a decided advance over the ordinary brake, inasmuch as it requires just one-third the pressure on the pedals to operate, but provides three times more braking leverage on the wheels, than the average brake."

"Another innovation, the importance of which is as great as the self-starter was a few years ago, is the One Shot automatic chassis lubrication system. With the One Shot system," further states Mr. Whitbeck, "anyone can lubricate every moving chassis part, without leaving the driver's seat by simply pressing a small plunger. Virtually, every part floats constantly on a film of oil, thereby promoting efficiency and longevity."

"When one stops to consider that with this system, there is need for an oil can or grease gun, the ingenuity of the automotive engineer, in making the motor car easier for the owner to drive and maintain is readily appreciated."

The Chandler models are being exhibited at the Concord avenue Show-rooms of the Drake Motor Company, in Wilmington.

## 27 OF 30 PERFECTION FOWL WIN PRIZES

Twenty-seven of the thirty fowl exhibited by the Perfection Incubator Company, at the foot of Orange street, Wilmington, in the initial show of the Delaware State Poultry Association, held in Milford last week, won prizes.

In addition the Perfection Company had the champion bird of the show, a Barred Plymouth Rock cock. Only Plymouth Rocks and Rhode Island Reds were exhibited by the Wilmington concern.

In the Barred Plymouth Rock class the Perfection Company won first, second, third and fourth cockerels; first cock; second and fourth hens; third and fourth pullets; first and second exhibition hens.

In the Rhode Island Reds it secured first and third hens; second and third pullets, and first exhibition pen, which consisted of four females and one male bird.

Prizes consisted of ribbons and cash awards. This show, although the first of its kind staged by the Delaware State Poultry Association, was very successful from all angles. The attendance was very gratifying to all the officials.

Besides the poultry display the Perfection Company had an exhibit of storage brooders and ventilators, and took a number of orders.

All this week the company has had an exhibit at the National Poultry Show in Madison Square Garden, New York City, and the display, situated in one of the most advantageous parts of the mammoth hall, is one of the most interesting of the entire show.

John MacLeod, vice-president of the company, who, with two other men, is in charge of the Perfection Company exhibit, report that the daily attendance at the show has been averaging 11,000. Perfection's display consists of a brooder of chicks, as well as brooders and ventilators. Numerous orders have been booked to date.

Arthur Pavoni, head of the Artificial Stone and Tile Company has the greater part of his force engaged working on the new Seaford High School. Mr. Pavoni has the contract for all tile and terrazzo work there. The former is being used in the toilet rooms, and the latter in the vestibules and corridors.

The masonry in Wilmington are finishing up on residential operations in Westover Hills and Wawaset Park. Mr. Pavoni is bidding at this time a number of other projects, which if secured, will keep the men busy for some time.

## SERVICE MACHINE FOR NEW LOCKING SYSTEM

The key combinator enables each individual to bit his own key to his own secret combination, thus giving a distinctive personal touch. This machine is so simple that any unskilled person, or even a child of ten, can operate it without practice.

It has a dial numbered from 0 to 9, inclusive, which when revolved so that any desired digit is brought into line with an arrow the key is positioned properly to cut a notch the correct depth for that number when the hand level is pressed down. Therefore, its different depth notches may be bit, which makes it possible to bit any desired combination of figures into the key, limited of course by the number of notches to be cut.

With this machine the lost key problem is very easily solved, as it enables the owner to duplicate the lost one in fifteen to twenty seconds time by merely cutting another to the same combination.

Key combinator service will be furnished to the user through service stations established by the company, and also through some of their larger dealers.

The wicked are always surprised to find ability in the good.—Vanvargues.
