## UNIVERSITY OF DELAWARE HOST TO LEGISLATURE

**Law-Making Bobby of State Paid Bi-Annual Visit to Both Colleges Last Friday**

### PLEASED WITH PROGRESS

The University of Delaware acted as host to the members of the General Assembly, who visited the college grounds last Saturday. An inspection tour was made of the entire University including the farm connected with the experimental station. Many of the legislators who were visiting the college for the first time were greatly surprised at its size and the work which it was doing. Others who had been here before commented favorably on the new improvements and additions since their last visit.

Arriving in Newark about 10:30 o'clock in the morning, the legislative party was met by Dr. Hulihan, Mr. A. G. Wilkinson, and a committee of the faculty headed by Dean Dutton. They were conducted to the faculty club rooms which served as the starting point of the inspection trip. Following the inspection, an organ concert was presented by Firmin Swinnen. After the recital the party withdrew to the lower campus, where they were the guests of the Women's College at a luncheon.

During the course of the luncheon, the main trend of the speakers was towards stressing the needs of the University, although no special amount was asked for the institution.

President Hulihan, in addition to making a plea for the University, also took occasion to make one for the teachers' retirement fund bill which had been offered in the Legislature.

## W.C.D. LOWER CLASSES GIVE GYM EXHIBITION

**Freshmen And Sophomores Held Annual Demonstration In Armory Saturday Afternoon**

The annual demonstration of indoor work of the Physical Education Department of the Women's College was held last Saturday afternoon in the Armory. Instead of the usual competitive drill, the Sophomores demonstrated drill work and the Freshmen performed Danish gymnastics. This was a new arrangement and added considerably to the novelty of the program.

All the plans were made by Miss Beatrice Hartshorne, director of Physical Education at the Women's College, and Miss Shirley Cogland, assistant director. They were aided by the Athletic Council, which consists of Mary Lambert, president; Eva Turgg, vice-president; Velma Hollowell, secretary; and Sarah Downs, treasurer. Rebecca Williams accompanied the dancing at the piano.

The program included: Primary work by the teacher training Freshmen; upper grade lessons by the teacher training Sophomores; Danish gymnastics by the Freshmen; primary games by the teacher training Freshmen; folk dances by the Freshmen; and stunts in which both classes participated; and then grand finale.

### CALEB BOGGS

#### ILL AT HOME

Caleb Boggs, President of the Student Council, is confined to his home in Cheswold because of an attack of grippe and tonsillitis. It is expected that he will return to college in a few days.

## KREMLIN ART QUINTETTE PLEASES AUDIENCE

**Russian Artists Present Varied Program; Sing A Few American Songs**

Music lovers were afforded a rare treat last Tuesday evening, February 24, when the Kremlin Art Quintette of New York presented a recital at the College Hour in Mitchell Hall.

The Quintette, which has won the reputation of being one of the best male vocal quintettes in the country, diversified their program by including American and Italian songs as well as Russian numbers. In fact, the variety of their repertoire was one of the features of the performance.

The program was so arranged that songs by the entire quintette and by each member of the group alternated. Mr. Goucharoff, tenor, and Mr. G. Chandrowsky received most of the audience's approbation, although applause was plentiful after each selection. The performance was given in two parts. In the first the artists appeared in dress suits, and, in the second, they wore colorful Russian blouses.

Several of the songs, particularly the Russian folk songs, were really hummed and chanted by the singers. The manner of presentation was unusual in some selections where the artists made gestures appropriate to the contents of the song. In other songs, the rapid "jabbering" of Russian words interspersed with the melodies amused and amazed those who had never heard Russian folk music before.

Some of the well known songs rendered by the group, collectively and individually, are: "Slumber Song," "Carry Me Back to Old Virginia," selection from "The Barber of Seville," "Volga Boatman Song," "Toreador Song from Carmen," "Aria from Tosca," "Barcarolle," "Night" from Opera "Demon."

The members of this quintette are: Andrew Grigorieff, basso; Nicholas Wasilevsky, tenor and leader; Stefan Slepoushkin, baritone; Mr. Goncharoff, tenor; and Gilbert Chandrowsky. Raymond Dempsey is the pianist-accompanist for the group.

## FRANK VIRDIN RANKS HIGH IN FOREIGN STUDY GROUP

**University of Delaware Senior Ties for Second Honors at Sorbonne**

### SIXTY STUDENTS COMPETING

A cable has just been received by Professor E. C. Byam, Secretary of Committee of Foreign Study at this University, from the Paris office with reference to the first semester examinations at the Sorbonne. The record made by the present group in France is a most gratifying one. The grades made by the members of the group are higher than those given last year at the Sorbonne. Out of a total of one hundred and sixteen examinations, there were but thirteen failures. This is a distinct indication of the superiority of the students chosen for Foreign Study by reason of the fact that the type of examinations at the University of Paris is quite different from the American, the French professors requiring a three-hour composition on one of two or three subjects assigned. In the grading of these compositions, the French professors consider not only the content, which indicates the student's knowledge of the subject, but attach equal importance to the form of the composition; that is, to the student's ability to organize his material and to present it clearly and logically.

## UNNAMED DONOR GIVES BOOKS TO DELAWARE

**Hundreds Of French Books Arrive At Library; Presented To Modern Language Dept.**

The Modern Language Department announces that a shipment containing several hundred French books has recently arrived at the library. These books were selected and purchased by Professor Byam in France last summer. This collection was made possible through the generous gift of a friend of the University. A very careful study had been made by Professor Byam of the French section of the library, and as a result of this shipment received several serious gaps have been ably filled, thanks to the generosity of the donor who does not wish his name to be disclosed.

The newly arrived books are largely from the eighteenth and nineteenth century of French literature, but many contemporary works have been included. The collection consists of publications in the fields of literary criticism, essays, drama, and novels. Students interested in the dramas which are being performed on the French stage today, or in the recognized leaders of contemporary French novelists, will be interested in this collection.

Mr. Lewis, the librarian, is making every effort to catalogue them as promptly as possible, but because of the large number of books involved, they will not be accessible to readers for a few weeks. When they are ready for distribution, the librarian will make an announcement to that effect.

### FACULTY TO HEAR

#### DR. W. H. KRAEMER

Dr. William H. Kraemer, of Wilmington, will deliver an address on "Aspects of Modern Medical Research" before the Delaware Faculty Club tomorrow in the club rooms in Old College. Dr. Kraemer is a well-known speaker on medical subjects, and the meeting will undoubtedly prove very interesting.

## FRATERNITY PLAY CONTEST WEDNESDAY AND THURSDAY

**Sigma Phi Epsilon, Last Year's Winner, Opens Competition; Sigma Nu Last to Perform**

### TWO JUDGES ANNOUNCED

#### SEVENTEENTH ORGAN RECITAL TONIGHT

The seventeenth organ recital of the season will be presented by Firmin Swinnen tonight in Mitchell Hall. Mr. Swinnen has chosen seven well known compositions which are as follows:

1. Processional March... Ch. Gounod
2. Aria... A. Lotti
3. (a) Spring Song F. Mendelssohn  
(b) Ave Maria... J. S. Bach  
(c) Scotch Poem E. MacDowell
4. Berceuse... S. Palmgren
5. Slavischer Tanz... A. Dvorak
6. Andante (Symphony No. 5)  
L. van Beethoven
7. Sixth Sonata in D Minor  
F. Mendelssohn

### AG CLUB MEETING

The Ag Club will hold a meeting in Wolf Hall tomorrow at which time tentative plans will be drawn up for an annual banquet which will be held some time in the Spring.

## WILKINSON FILES PENSION BILL

**State Legislature To Consider Old Age Pension For Delaware Teachers**

Mr. A. G. Wilkinson was in Dover on Monday, making the trip to the State Capital for the purpose of filing in the State Legislature the Pension Bill for the teachers of the University of Delaware. This bill is a part of the campaign in the State to pass a new pension system to take care of teachers who have reached an age prohibiting them to teach. If such a bill is passed in the State of Delaware, it is evident that better teachers will be secured due to the increased incentive offered by an old age pension.

### FORMER STUDENT HELPS MAKE BLUE HEN A SUCCESS

Warner Klund, a former member of the present Sophomore class and a member of last year's varsity tennis team, is now doing a great deal in helping to make this year's edition of the Blue Hen a success. During his spare time in Wilmington he has been visiting and selling advertising to numerous business houses where he is well known. In addition to working in Wilmington, he expects to accompany Bill Ott on his trip down into lower Delaware this week in an effort to draw advertising from the entire Peninsula. The two will leave early Tuesday morning, returning to Newark early Friday morning. The trip will no doubt be very interesting, as it is impossible to sell advertising after five o'clock in the evening.

### DERELICTS PLAN SNAPPY AFFAIR

The Derelicts have many surprises in store for those men who are planning to attend their annual affair which will be held next Saturday. As usual, the Senior Society will entertain in Old College, where a gratifying, vivifying, and denying rendition of modern music by George Madden's band will take charge of things in general. The dance will get under way about half-past eight, and "we want to be there when the band starts a playing."

The second annual Inter-Fraternity play contest, sponsored by The Footlights Club, will be held in Mitchell Hall this coming Wednesday and Thursday evenings, March 4th and 5th.

Two of the three judges of the play will be Frank Stevens and Lawrence Ludwig. Mr. Stevens was the co-founder of the single tax colony of Arden, Delaware, and is known for his strength of character and his excellent knowledge of plays and dramatics in general, having done much Shakespearean acting. Mr. Ludwig is at the present time one of the leading directors of amateur productions in Philadelphia. He has a wide reputation for his excellent character parts and knows on what standard plays should be based.

These two thoroughly competent men, together with another who is yet unrevealed, may be counted on to rate the plays on merit only.

At a meeting of the directors of the plays, the following arrangement of the productions were chosen: Wednesday—Sigma Phi Epsilon, Sigma Tau Phi, and Phi Kappa Tau; Thursday—Theta Chi, Kappa Alpha, and Sigma Nu.

According to current campus reports, several of the fraternities have written their own plays. Last year Mr. Malcolm Adams' play, "The Cad," took first place.

Each fraternity is busily engaged in rehearsing its play, and every director has his group working in the hopes of winning the (Continued on Page 4)

## LAST YEAR'S CANDIDATES TRAINING FOR TRACK

**Freshmen Prospects Bright Following First Week Of Practice**

With the finish of the swimming and basketball season looming ahead, the attention of the many sport followers of Delaware has shifted to track. In spite of the great loss of Dave Benson and Ralph Wells (two record holders), and Ruggerio, there is much optimism evinced by students for the success of the coming season.

Last year was not a successful one if regarded in the light of wins and losses. But if analyzed in the respect that it has done much to awaken enthusiasm for track and field sports, it was highly gratifying. Despite the fact that there was little material found among the newcomers, and that the chances for a good percentage of victories was slender, a large number of candidates turned out for the squad. Mr. Wade, of the chemistry department, kindly offered his valuable aid to the members of the team and aided in keeping up the morale of the team.

Although the men who graduated are leaving a great gap which, it is hoped, will be filled by newcomers, there still is some good material left for competition this season. Parkinson, Rankin, Shan, Manns, Ward, and Moore are the promising field aspirants for this year. The sprinters will be capably taken care of by Sortman, Jacobs, Lynch, and Williams. Sortman seems destined for some fine sprinting this season. Last year he improved with every meet and when the schedule was completed he was at the peak of his form. For the longer distance runs there will be a real fight for positions. Men like McVaugh, Lindstrand, Kaufman, Chase, Phillips, and Broadbent will (Continued on Page 4)

### ENLIGHTENING

Some people on our campus have an idea that the editorials which appear in The Review are the opinions of the intimate friends of the editor. For instance, we were told that because an "inner circle" dislike organized cheering at basketball games, we tried to put an end to it. Is it because people are afraid to acknowledge their mistakes that they make such absurd statements?

Others have decided that the editor attacks anything which has brought unsatisfactory results to his friends. We heard from a reliable source that some one thinks that we criticized the Honor System because a friend of ours was dismissed from college. In the first place, the Student Council has told us of no one who was dismissed from college for violating the Honor System. And in the second place, we know of no one who was brought up for a trial before the Student Council this year. Some one seems to have used a most foolish excuse to attack The Review.

In our first editorial last year we mentioned that we were going to show no favoritism whatsoever. So far we have not shown any favoritism. We have praised student body, student organizations, teams, and faculty when they deserved credit. And we have criticized certain undertakings on the campus which have not been successful, even though such criticisms reflected on both the student body and faculty. If we were to do nothing but praise every enterprise on this campus, and if the student body and the faculty would accept such praise, then not only The Review staff, but the rest of the student body and the faculty as well would be nothing more than one big bunch of hypocrites. There must be a check on everything, and we feel that The Review is the best medium in which there should be a consensus of student opinion.

## Campus Capers

Thespian Frank Stewart, Jr., fully realizes the need of the Eighteenth Amendment. As a matter of fact, he is taking the Volstead Act so seriously that he's doing away with all hints of intoxicating liquors. The other night in the De Luxe we heard him order "One birch beer; but please, without fuzz."

"Jimmy" Adams pulled a most pleasant surprise Friday night when he plunged almost half-way down the pool and managed to win the relay for Delaware. Just another example of the results of a combination of excellent coaching and sincere training.

Things were quite "dead" Friday afternoon at a certain fraternity house. It was a pleasure to see the boys rejoice rather than mourn over a casket. No one was frightened. Not much!

"Rat" rules having been removed, the Freshmen carried out a campus tradition by having a bon-fire at the Women's College. So far there has been no Freshman Banquet. But hold on, Sophomore, it won't be long now,—if each yearling will pay his five dollars.

Sigma Nu seems to be having a good time in the Taylor Gym nowadays. With all victories and one game to go, the Snakes feel that the Inter-fraternity basketball championship is practically theirs. Not only are they favored to win the basketball championship, but they are producing excellent prospects for another winning relay team,—one that ought to break the record which they now hold. (Scholastically, it's a nice day.)

So this is the University of Delaware, where men are men and women are self-conscious. Did you see that feminine exhibition of Danish dancing in the Armory Saturday? Resolved, That girls should wear dresses at all functions where men might be present. Affirmative upheld by a unanimous silent vote by an invisible combination of students from both colleges which together form the University.

Some one had to tell Oscar Tucker that he's the best dancer in the State of Delaware. Now's he seeking foreign honors: last week saw him at the Temple's Freshman Hop in the new Mitten Hall, and at present he's ready to spend the week-end at Penn State. Looks like Delaware will have to throw a couple of good dances in order to meet with outside competition.

It's a shame that the Honor Roll isn't completed yet. Too many anxious students want to know what fraternity won the Scholastic Cup. That's easy. There were five certain fraternities which couldn't have won it due to too low marks. (Odds are three to two that the Cup isn't going to Main Street or the campus. You know what I mean.)

Talking about inter-fraternity competition brings to mind the play contest. I might as well tell you a week ahead of time that I'm going to choose an All-Fraternity Acting Team, because every one else is picking all-something teams. If the lucky actors who will be selected feel that they can secure motion picture contracts, I will write an intimate letter to Miss Greta Garbo and tell her of their success. (Odds again: ten to one that if Greta should answer, I'd be the first one to reach Hollywood.)

### IT APPEARS TO AL. UMNUS ANENT THE HONOR SYSTEM

"I, as a student of the University of Delaware, desire to be reported if I violate the Honor System."

This is the anaemic palliative commended by a group of omniscient diagnosticians commonly known as the Student Council to bolster up the apparently tottering Honor System now considered-outmoded by the sophisticates on the University of Delaware campus.

How frequently as children did we expectorate on the ground (in those days we said "spit," horrid word), draw the outline of a cross on our chests, and solemnly swear "if I'm telling you a lie I hope to die on this spot," at the same time pointing fervently to the microscopic bit of saliva. In tone only does this proposed panacea—which the student body will be called upon presently to sign—resemble this childish oath, hardly as a guarantee of honesty. It will never arouse the fear of eternal fire and brimstone and perpetual pitchfork pushing that this ritual inspired, nor will it ever serve as an adequate bolster for that which the Student Council in one breath declares "is not a failure" and in another impliedly condemns by framing the above words to remedy certain ugly symptoms under the present system.

It is difficult to believe that students who ignored the pledge inscribed on the covers of the little blue books will have their consciences awakened merely by the signing of this pledge. It merely signifies that the signer promises to report a student who "cribs" but he himself does not promise to refrain from cheating, save in a most indirect and negative manner.

If Mr. Boggs and his associates really believe that the Honor System is not a failure, why this pledge? The maintenance of the status quo would seem to be all that is necessary. On February 9 Mr. Goldberg's editorial appeared in The Review together with an announcement that the Student Council had appointed a committee to draw up a new constitution for the Honor System. Exactly a week later headlines in the Wilmington newspapers blazoned forth Delaware's newest scandal and that night Mr. Boggs at a special meeting of the Council announced that the Honor System was NOT a failure. Further, he stated that this "committee was not appointed because the present system was a failure but merely to keep abreast of the times." So much whitewash! If such be the case, then why all this talk about pledges?

Undeterred and undiscouraged by the few inevitable cases of cheating the faculty for years has persisted in maintaining the Honor System. And if no more cheating occurred during the recent mid-years than in previous years, as the Student Council avers, why all the rumpus?

It cannot be excitedly dismissed as the misguided desire of some college editor for cheap, sensational publicity, as one University official put it. Nor can the Wilmington newspapers be excoriated on the ground of having magnified a molehill into a mountain. Where there is so much smoke there must be fire.

In other words, there WAS wholesale cheating during the mid-years. Where only five years ago students would rather have "flunked" than be pointed out as cheats by their fellow-students, during the past month students have been known to boast openly of the methods by which they "put one over on the profs." Cheating instead of being the exception has become the rule. And the Student Council, instead of placing the onus on the cheater, blames the honorable student because he did not report him.

To expect such talebearing denotes an optimism that disregards

the common frailties of human nature. In every caste for centuries the "stool-pigeon" has invariably been regarded as obnoxious. No matter how venerated human impulses and emotions may be by education and the refinements of our present-day civilization with its countless "isms" and taboos they remain fundamentally the same. Abusing Mr. Goldberg and others who state that there was cheating merely beclouds the real issue which is this: Have the students a sense of honor or have they not?

If you have, the type of pledge used is immaterial, and the present Honor System can be continued with equanimity. If not, abolish it and substitute for it, the proctor system, and let watchmen take the place of conscience.

The Honor System at Delaware is a treasured tradition. It does not belong in the category of "rat-rules" which though traditions too, are perennially scrapped to the accompaniment of vociferous cheering, snake-dancing and the burning of out-houses. It assumes that every student can be trusted and his conduct is left to his individual conscience, not to the snooping of his fellows.

We recall sadly the numerous occasions while "bulling" at Harvard with students from colleges all over the country how we gloatingly expatiated on Delaware's Honor System. Unable to boast about winning football teams or first-class professors of our contemporaries' calibre we described in great detail how we took our exams without ghoulish professors or proctors hovering about on the alert for any misdeed. We never appreciated it while an undergraduate nearly as much until we encountered other college graduates with whom we could compare notes.

There are dozens of universities that possess more pretentious buildings, more competent faculties and other physical facilities, but few can lay claim to a system based on nothing more or less than a sense of honor transcending such physical limitations. By its mid-year knavery the present student body has besmirched itself with a stigma that attaches itself also to the good name of the University. Is this to be dismissed with a what-do-we-care attitude?

Perhaps this condition is but a concomitant of the current cynicism and opportunism that seems to pervade the American campus. With a college education regarded by so many of our youth as merely a means towards the attainment of high places in the money marts of the country it is small wonder that former scholarly detachment and asceticism has been supplanted by expediency and a mad scramble for glory that justifies the questionable methods employed by the materialistic success of the results achieved.

We would prefer to believe that the condition at Delaware is due, not to callousness, but to mere thoughtlessness. We suggest that the Student Council call a meeting of the entire student body, show them the problem with all its ramifications, acquaint them with their responsibility for the perpetuation of a beautiful tradition and give them their choice of either the present Honor System or of a proctorial system. Shall it be said that like among thieves there is no honor among Delaware students? We sincerely hope not.

Isadore Bleiberg, '26.

"Maw, what's a bustle?"  
"Hush, son, you musn't speak of such things behind a lady's back!"  
Son—Yes, I'm a big gun at school now."  
Father—Well, then, I'd like to hear some better reports from now on.  
Mother—This letter from John is very short.  
Father—Yes, so is John, or he he wouldn't have written.

Which is larger—the white ball or the black? Don't answer too quickly.

## DELAWARE'S MERMEN LOSE TO C. C. N. Y.

Blue Hens Win Exciting Relay;  
New Yorkers Protest Start  
In Fifty Yard Free Style

The University of Delaware natators went down to a 39-20 defeat in the swimming meet held in Taylor Pool Friday night with the City College of New York. The Delaware team started out strong by capturing one of the most thrilling 200-yard relays seen here in years. The diving, which followed next, revealed three fine divers in the persons of Steffan and Nolan of C. C. N. Y., and Adams of Delaware. The judging for this contest was very poor and Steffan, winner of the event, only turned in a winning average of 57.6.

A mix-up occurred in the 50-yard free-style that was caused by mediocre officiating and which bawled up the entire remainder of the program. On the first start Lindstrand of Delaware jumped the gun and started down the pool with Lattomus, also of Delaware, at his heels. The referee made no attempt to recall the men until they were past the 50-foot mark, and by this time the shots were hardly audible to the swimmers. Consequently, both Lindstrand and Lattomus swam 50 yards for no purpose. The second start was legal, and both Delaware men took to the water. But the C. C. N. Y. swimmers jumped into the water and signaled for a new start. The referee waved the men on and Mortimer took his two laps. Lindstrand and Lattomus finished first and second in the event, but the race was protested by the visiting coach, and the referee was talked into reversing his decision. In the final race Adelson of C. C. N. Y. took first place with Lindstrand closely behind.

The results of this race caused the Newark Collegiates to lose heart and C. C. N. Y. gathered the majority of the remaining events.

Captain Bill Brown, as usual, won the 150-yard backstroke by a comfortable margin.

The officials in the swimming meet were Palmer, Sheldon, Kadel, Heil, Conover, Nobis, and Holt.

The summary:  
220-yard relay—Won by Delaware (Lindstrand, Newham, Adams, Lattomus); City College (Adelson, Mortimer, Ness, Kramer). Time, 1:46 1-2.

Diving—Won by C. C. N. Y., with Steffan, C. C. N. Y., first (percentage, 57.6); Nolan, C. C. N. Y., second; Adams, Delaware, third.

50-yard free style—Won by Adelson, C. C. N. Y.; Lindstrand, Delaware, second; Mortimer, C. C. N. Y., third. Time, 26 7-10 seconds.

150-yard back stroke—Won by Brown, Delaware; Gartener, C. C. N. Y., second; Moore, Delaware, third. Time, 1:54 2-5.

440-yard free style—Won by Kramer, C. C. N. Y.; Ness, C. C. N. Y., second; Barker, Delaware, third. Time, 5:49 1-5.

200-yard breaststroke—Won by Sigel, C. C. N. Y.; Magemuto, C. C. N. Y., second; Jacobs, Delaware, third. Time, 2:54.

100-yard free style—Won by Nolan, C. C. N. Y.; Adams, Delaware, second; Rattner, C. C. N. Y., third. Time, 59 4-10 seconds.

Boss—You're late this morning, Rastus!

Rastus—Well, sah, when Ah looked in de glass dis mornin' Ah couldn't see mahself there, so Ah thought Ah'd gone to work. It was only some time afterwards dat Ah discovered dat de glass had dropt out of de frame!

## LOCAL SWIMMERS SINK LAFAYETTE

Two Places In Last Event Win  
Meet By 1 Point; One-Legged  
Swimmer Captures A Second

Taking advantage of every break, Ed Bardo's mermen continued their winning streak by nosing out a strong Lafayette team by the narrow margin of 30 to 29 last Wednesday night in the local pool.

The meet was one of the most exciting ever held in the pool this season, and the result was in doubt until the finish of the final event, the 100-yard free style. Although Lafayette won, Delaware maintained its slight lead by taking second and third places.

The Blue and Gold started off well by winning the 200-yard relay by a wide margin. In the next event, the diving, the visitors gained first and second places. Handicapped by the absence of Sortman, Delaware was only able to garner a third. Sortman, who has been a consistent winner during the past two years, was unable to compete because of illness. Lambert substituted for Sortman, and while this is the first time that Lambert has appeared in a collegiate meet, he made an excellent impression and looks to be a coming diver.

"Lindy" beat out his teammate, Adams, in the 50-yard freestyle in rather fast time. Captain Brown came through for his usual triumph in the 150-yard backstroke while Moore captured a third place. One of the features of the race was the swimming of Liske, a one-legged boy, in this same event. Barker managed to cop a second place in the 440-yard freestyle. Delaware garnered another second when Jacobs splashed through in the 200-yard breaststroke. Summaries:

200-yard relay—Won by Delaware (Lindstrand, Brown, Lattomus, Adams). Time, 1:47.1; second, Lafayette (Mattison, Brown, Bruin, Homan).

Diving—Won by Manly, Lafayette, 63.1; Keeley, Lafayette, second; Lambert, Delaware, third; Cohen, Delaware, fourth.

50-yard free style—Won by Lindstrand, Delaware; Adams, Delaware, second; Ahbe, Lafayette, third. Time, 25.5 seconds.

150-yard back stroke—Won by Brown, Delaware; Link, Lafayette, second; Moore, Delaware, third. Time, 1:55:2-5.

440-yard free style—Won by Ford, Lafayette; Barker, Delaware, second; Harmon, Lafayette, third. Time, 6:18:4-5.

200-yard breaststroke—Won by Phoebeus, Lafayette; Jacobs, Delaware, second; Kirkpatrick, Lafayette, third. Time, 2:55:2-5.

100-yard free style—Won by Ahbe, Lafayette; Lindstrand, Delaware, second; Lattomus, Delaware, third. Time 1:11:1-2.

Officials: Heil, Kadel, Palmer, Nobis, Holt, Sheldon.

## PHI KAPPA TAU LOSES TO THETA CHI

Theta Chi stole a march on Phi Kappa Tau and forced the latter to take the cellar position in the fraternity league on the same evening. Lingo, who showed up so well in previous games, was outshown by Brown, Theta Chi center. The final score of the game was 33-26.

The line-up:  
Theta Chi—Forwards, Squillace and McDowell; center, Brown; and guards, Kelk and Wilson.

Phi Kappa Tau—Dobson and Lingo, forwards; Conly, center; and Sterlie and Moore, guards.

So I took the \$50,000 and bought chairs for the standing army.

## The Review OF SPORTS

By THE SPORT TRIUMVIRATE

### ON REVERSING A DECISION

When Delaware allowed the C. C. N. Y. Coach to protest the referee's decision in Friday night's swimming meet, they did not display sportsmanship,—they displayed charity.

According to the rule book on swimming,—and what better reference can we give?—the Blue and Gold mermen captured first and second place in the 50-yd. freestyle. A brief view of the occurrence reveals the following facts: on the first take-off the starter, Mr. Palmer, believed that the Delaware swimmers jumped the gun. We do not dispute this. Mr. Palmer, however, did not fire the recall shots until our natators had covered 50 feet. This we do protest. Lindstrand and Lattomus did not hear the second shots because they were fired while they were in the water. As a result they completed fifty yards.

After a brief rest, they lined up for a second take-off. This time the gun clicked, and then fired. Lindstrand and Lattomus, however, took to the water and completed the race. The C. C. N. Y. swimmers failed to start. It seemed that they did not expect the gun to go off after the click, and consequently they were caught flat-footed when the pistol did sound the starting signal. Mr. Palmer, who was the referee of the course, and also starter, gave the C. C. N. Y. men a signal that the race was on by making a sweeping motion with his arm.

The visiting coach protested the race and Mr. Palmer reversed his decision, calling the race null and void. The event was re-swum later. Naturally, our men were exhausted from swimming an unnecessary 100 yards, and C. C. N. Y. won the event, and with it the meet. Delaware's time for both the 50 and 100 yard freestyle events were better than the times of the visiting swimmers. There seems to be no doubt that our tankmen would have won the meet if it had not been for this unfortunate incident.

We believe that the question of sportsmanship is not involved here. Our men abided by the rules. It was unfair to our swimmers, who have trained and worked so diligently, to be deprived of a victory they justly deserved.

★ ★ ★ ★ ★

The year 1930 witnessed the arrival at the University of Delaware of a spirit that with a little pardonable liberty might be called an Athletic Renaissance, and with this rebirth of interest in athletics came a succession of victories on the gridiron that the ivy covered walls of Old College had not seen in many years. Now the crucial time has come when the fate of this Renaissance hangs in the balance. Will it survive the year, or will it be snuffed out by a stagnating atmosphere of indifference?

Student interest was at a high pitch during the football season which marked the inception of this new spirit, and yet this interest is already showing signs of lessening despite the fact that the basketball and swimming teams, particularly the latter, are experiencing seasons that are far from unsuccessful. The time is nearly here when all sports activities lag momentarily while the athletes discard their swimming and basketball suits and don the uniforms of the baseball team and track squad. This is the crucial time when we must not lapse into indifference. Our spring sports program should receive the same whole-hearted support that was accorded the football team. It is up to the student body to see that this support is forthcoming in order to maintain this interest in things athletic that is so vitally necessary to their success.

The spirit is a healthy one. It does not savor of over-emphasis. Any Delaware student knows that scholastic standards are never interfered with by athletic activities. In fact, it is the scholastic standards that often interrupt some young hopeful's athletic endeavors. So let us exert every effort to maintain this healthy spirit which, if not allowed to die, is bound to make this year a memorable one in the annals of the University of Delaware.

★ ★ ★ ★ ★

In our opinion, the development of intra-mural athletics is more important than the expansion of inter-collegiate sport. It is only natural that sporting events between college are always limited to the men who show the most ability in the various sports in which they compete. Such a condition detracts greatly from the value of sport to the college man, individually. Consequently, the man who needs the athletics the most is left entirely out of the picture.

Intra-mural athletics, on the other hand, give a chance for nearly every one in college to participate in some form of "muscle-building," "health-developing" sport. This year our new athletic director, Ed Bardo, mapped out an elaborate intra-mural sport program. To date, his well-laid plans have proved a complete washout.

We believe that the blame for this failure rests on the student body. The campus, which is indifferent to so many worth-while enterprises, has again failed to realize the benefits and advantages it would derive by response and cooperation to an inter-class program.

Now that Delaware has advanced into the sport limelight as a college, the Athletic and Student Councils should emphasize the importance of individual sport activity through the intra-mural program.

★ ★ ★ ★ ★

The return of the robins and the renewal of track activities remind us that a belated message of appreciation should be extended to F. Alto Wade, last year's track coach. Mr. Wade kindly volunteered his services when it seemed that the track aspirants would be forced to begin the season without the guidance of a track mentor. To our knowledge Mr. Wade receives no compensation for giving unstintingly of his time and effort. We therefore take this late opportunity of thanking Mr. Wade for his generous assistance.

## SIGMA PHI EPSILON DROWNS SIGMA NU

Charlie Hartman proved to be the scoring ace in the annual Sigma Phi Epsilon-Sigma Nu water polo game. The game was played between events of the swimming

meet with C. C. N. Y. Hartman tallied seven points, two for a free shot and five for a touch to give the Sigma Phi Epsilon sextet a 7-0 victory. The contest was exciting, although no rules were abided by and the spectators were well pleased.

## FENCING TEAM SPLITS TWO HARD MATCHES

Lose To Lafayette And Defeat  
Lehigh; Blum Individual  
Star

The University of Delaware fencing team broke even in its trip to Lafayette and Lehigh Universities, being defeated 14-3 by the Lafayette team and winning by a score of 5-4 from Lehigh at which college there was only a foil team. The team at Lafayette is well coached, and after having matches with Yale and Colgate, seemed to find no difficulty in defeating the Delaware team. The Blue and Gold swordsmen were not in their best form, and could not get a hold on the other team during the entire contest. The three points for Delaware were made by Blum with the sabre, Parker with the foil, and Davis with epee. Shilling lost two very close sabre bouts by 5-4; other individual bouts were close also, but the total score in bouts was quite in Lafayette's favor. At Lehigh Blum, Parker, and Davis used the foils, Blum making 3 and Parker 2 of the 5 bouts won by Delaware. Captain Mestre of Lehigh has fenced foil for four consecutive years and Blum's victory over Mestre is the best foil bout Delaware has won this year. Mestre in turn beat Parker 5-4, and Davis 5-3. Captain Davis was unable to use the foil with enough dexterity to overcome the fast work of the men at Lehigh and Lafayette. The results of this trip give the swordsmen at the University of Delaware a total of three victories and one defeat for the first part of this year's season.

The game, which was played on the Philadelphia's floor, saw the Blue Hens regain their foul shooting ability which had been so lamentably absent in recent contests. The home five, however, outscored the Delawareans from both foul line and field, counting 11 fouls to 10 for the locals and outscoring the Blue and Gold 12 to 11 from the field.

Haverford romped off to a big lead on the opening stanza and at the end of the half held a commanding 24-16 lead. The second chapter was much better from a Delaware standpoint, but not quite good enough. In this half the locals outscored the Fords 16-11, and clipping five points off the first-half lead, made the battle very close and exciting until the last minute of play.

The Delaware back court pair romped off with the honors, Kaufman and Haggerty racking up 11 and 8 points respectively, and collecting 8 field goals between them. For the Main Liners the work of Katz was the feature, his five field markers giving him individual scoring honors for his team.

The score:

## CLASS BASKETBALL SCHEDULE ANNOUNCED

Juniors Favored To Win; Varsity  
Men Eligible For Competition

With the close of varsity basketball in view, the Senior, Junior, Sophomore, and Freshman classes will continue the court activities in an inter-class schedule. These contests always arouse a great deal of friendly rivalry and some very keen competition is expected.

Last year the Sophomores had a well-organized and a smooth-functioning combine that completely outstepped all their opponents, "Pres" Townsend being the outstanding man on the team. The Sophomore squad, composed of Petticrew, Townsend, Wilson, Bennett, Cain, Gebhart, Mannis, and Wardel, are members of this year's Junior class and are favored to win again. The present Sophomore class were runners-up.

The schedule of games is as follows:

March 2—Freshman vs. Sophomores, 4:30.

March 3—Juniors vs. Seniors, 4:30.

March 5—Play off, 4:30.

Eligibility rules: Varsity men eligible for competition. However, only two varsity men can be in the game at the same time on each team.

By varsity men is meant those men who have competed in the equivalent to two full varsity games during the past season.

The following men are appointed to take charge of the various teams:

Seniors—Robert Ely.

Juniors—Harry Orth.

Sophomores—John Roberts.

Freshman—Earle Leahy.

## MAIN LINERS DEFEAT DELAWARE'S QUINTET

Haverford Ends Game With  
Three-Point Lead; Kaufman  
And Haggerty Star

Delaware's erratic quintet scored a lot of points last Wednesday night in their annual struggle with the Haverford College five, but it all came to naught because the Main Liners went out and scored just three more than the locals could muster and sent the Blue and Gold home on the short end of a 35-32 count.

The game, which was played on the Philadelphia's floor, saw the Blue Hens regain their foul shooting ability which had been so lamentably absent in recent contests. The home five, however, outscored the Delawareans from both foul line and field, counting 11 fouls to 10 for the locals and outscoring the Blue and Gold 12 to 11 from the field.

Haverford romped off to a big lead on the opening stanza and at the end of the half held a commanding 24-16 lead. The second chapter was much better from a Delaware standpoint, but not quite good enough. In this half the locals outscored the Fords 16-11, and clipping five points off the first-half lead, made the battle very close and exciting until the last minute of play.

The Delaware back court pair romped off with the honors, Kaufman and Haggerty racking up 11 and 8 points respectively, and collecting 8 field goals between them. For the Main Liners the work of Katz was the feature, his five field markers giving him individual scoring honors for his team.

The score:

## HAVERFORD

|                | Goals | Field | Foul | Pts. |
|----------------|-------|-------|------|------|
| Logan, forward | 1     | 4     | 6    |      |
| Katz, forward  | 5     | 0     | 10   |      |
| Edgar, center  | 3     | 2     | 8    |      |
| Simons, guard  | 1     | 0     | 2    |      |
| Reisner, guard | 2     | 5     | 9    |      |
| Totals         | 12    | 11    | 35   |      |

## DELAWARE

|                 | Goals | Field | Foul | Pts. |
|-----------------|-------|-------|------|------|
| Roman, forward  | 1     | 0     | 2    |      |
| Leahy, forward  | 0     | 3     | 3    |      |
| Kemske, center  | 1     | 2     | 4    |      |
| Haggerty, guard | 3     | 2     | 8    |      |
| Kaufman, guard  | 5     | 1     | 11   |      |
| Orth, guard     | 0     | 1     | 1    |      |
| Roberts, center | 1     | 1     | 3    |      |
| Totals          | 11    | 10    | 32   |      |

## SIGMA TAU PHI DEFEATS "SIG EPS"

With playing quite inferior to that shown in the game with Sigma Nu, the Sigma Tau Phi team managed to eke out a 18-17 victory from the Sigma Phi Epsilon and there was repeated fouling by both sides. Sigma Tau Phi jumped into the lead when Pikus sank one on a pretty pass from Aaronson.

This lead was maintained throughout the first half but relinquished in the third period when Craig dropped one from the middle of the floor. In the last thirty seconds of play Aaronson scored two points which cinched the game.

Final score 19-18.

The line-up: Sigma Tau Phi—Handloff and Pikus forwards, Berger, center and Aaronson and Fine guards. Levy, Tucker and Ableman were later substituted. Sigma Phi Epsilon—Petticrew and Keely forwards, Strandwitz center, and Craig and Marvel guards. Dunn, Greene also saw action.

## FIFTH STRAIGHT LOSS FOR BASKETBALL TEAM

Lose To Long Island University  
As Earl Leahy Scores Sixteen  
Points

Long Island University piled up a 19-14 lead in the first half to defeat the Blue Hens here Saturday night by a score of 33-28. The visitors were held on even terms in the second stanza but the five point margin for the first half provided the margin of victory. The defeat, incidentally, was the fifth in as many starts for the Blue and Gold, their last win being over P. M. C. some three weeks ago.

The game started off rather slowly with the locals holding the lead for about five minutes through the point-getting of Leahy and Kemske. Then Leahy and Roman tied the count about halfway in the period on field goals and two fouls, but the visitors pulled away to a 19-14 lead before the half ended.

It wasn't until the latter part of the second half that the Blue and Gold managed to close the gap when a belated spurt brought the Delawareans to within a point of the visitors at 27-26. However, at this point the New Yorkers decided to do a little spurring of their own and proceeded to net enough points in the closing minutes to put the game on ice.

Only the brilliant work of Earl Leahy kept the locals in the running. The flashy little freshman tallied five times from the field and six times from the foul line to score the amazing total of sixteen points. Kaufman was the only other local to tally more than one field goal, his total for the evening being two. There was no outstanding star for the visitors, unless it was Sheeman, who tallied eight points. The rest of the club with the exception of one substitute scored three or more points.

"Bill" Lane went on a scoring spree in the preliminary game which saw the school's freshmen tangle with the local high school and come out on top, 32-29. Lane scored the staggering total of ten field goals to take the scoring honors for the evening and probably the season too. The scoring with ten points. The lineup:

| DELAWARE        |       |      |      |
|-----------------|-------|------|------|
|                 | Field | Foul | Pts. |
| Leahy, forward  | 5     | 6    | 16   |
| Roman, forward  | 1     | 1    | 3    |
| Kemske, center  | 1     | 2    | 4    |
| Kaufman, guard  | 2     | 0    | 4    |
| Haggerty, guard | 0     | 0    | 0    |
| Orth, guard     | 0     | 1    | 1    |
| Totals          | 9     | 10   | 28   |

| LONG ISLAND UNIV.  |       |      |      |
|--------------------|-------|------|------|
|                    | Field | Foul | Pts. |
| Sheeman, guard     | 3     | 2    | 8    |
| Goodman, guard     | 1     | 2    | 4    |
| Korkes, center     | 1     | 1    | 3    |
| Erdheim, forward   | 2     | 1    | 5    |
| Stiltzner, forward | 2     | 1    | 5    |
| Glaberman, guard   | 2     | 0    | 4    |
| Gastwerth, guard   | 0     | 0    | 0    |
| Jacobson, guard    | 2     | 0    | 4    |
| Totals             | 13    | 7    | 33   |

Referee—Gallagher. Umpire—Naylor. Timer—Burton.

| FRESHMEN       |       |      |      |

| Whiteman, forward | 3     | 4    | 10   |
| Willis, center    | 3     | 0    | 6    |
| Robinson, guard   | 3     | 0    | 6    |
| Johnson, guard    | 1     | 0    | 2    |
| Schwartz, guard   | 0     | 0    | 0    |
| Totals            | 11    | 7    | 29   |

Referee—Gallagher. Umpire—Naylor. Timers—Greenwell and Morton.

## BARDO TO ANNOUNCE TENNIS SCHEDULE

Ed. Bardo, who is making a name for himself at Delaware as a swimming coach, will soon release the intramural tennis schedule and rules under which the matches must be played. These contests, which are held each year, often uncover excellent material for the varsity team.

## SIGMA NU WINS ANOTHER GAME

With "Bob" Ely back at his forward post, the Kappa Alpha basketball team gave the Sigma Nu's a hard battle on Thursday night. Ely, Hurley, and Branner launched an attack that kept the Kappa Alpha five in the lead the entire first half. Sigma Nu came back strong in the second period and Townsend went on a tearing spree. Final Score 35-28 in favor of Sigma Nu.

The line was as follows: For Sigma Nu—White and Townsend forwards, Pohl center, and Mayer and Thomson guards. For Kappa Alpha—Leach and Ely forwards, Hurley center, and Smith and Branner guards.

## WORTMAN HIGH SCORER FOR RIFLE TEAM

Followed By Kline And Byam;  
Seven Matches Last Week

Members of the rifle team showed considerable improvement in their scores in the matches this week ending February 27th. The outstanding rifle man this week is a freshman, W. C. Wortman. His score jumped from 320, made in a previous match, to 355. This is the highest score made this year and gives the upper-classmen a new target at which to aim. The second

highest score, 339, was turned in by Irving Kline. He was closely followed by Byam, with a 338.

The five highest men and their scores are as follows:

|         |     |
|---------|-----|
| Wortman | 355 |
| Kline   | 339 |
| Byam    | 338 |
| Sparks  | 333 |
| Burton  | 327 |

The Delaware team was matched last week with the University of Alabama, Culver Military Academy, University of Idaho, University of Nevada, N. Y. Stock Exchange, University of Pittsburgh, and University of Vermont. The rifle teams of these schools are all strong, but they will have to shoot above par to beat the scores made by Lieutenant Myer's men.

## INTER-FRATERNITY BASKETBALL

The standing of the fraternities to date is:

| Fraternity        | Played | W. | L. |
|-------------------|--------|----|----|
| Sigma Nu          | 4      | 4  | 0  |
| Sigma Tau Phi     | 3      | 2  | 1  |
| Sigma Phi Epsilon | 4      | 2  | 2  |
| Kappa Alpha       | 4      | 1  | 3  |
| Theta Chi         | 3      | 1  | 2  |
| Phi Kappa Tau     | 4      | 1  | 3  |

## PHI KAPPA TAU SURPRISES KAPPA ALPHA

Phi Kappa Tau fraternity pulled a surprise on Tuesday night when they upset the Kappa Alpha five in

a fast game in Taylor Gym. The Kappa Alpha team, with a convincing victory over the Theta Chi quintet was favored to win. Lingo, who is a new find for the Phi Kappa Tau team, was the outstanding man. His floor work was good and he was high scorer for the evening. Hurley, Kappa Alpha pivot man, played a good game and secured seven points. Final score was 31-27.

For Phi Kappa Tau, Carman and Conly played guards, Lingo and Hobbs forwards and Steinle center.

Leach and Gerow played the forward posts for Kappa Alpha while Branner and Smith were guards and Hurley center.

# The CAMELS! are coming.

This is the  
Camel package in  
which a significant  
change has recently been made

# \$50,000 REWARD

for the best answers to this question:

**What significant change has recently been made in  
the wrapping of the CAMEL package containing 20 cigarettes and  
what are its advantages to the smoker?**

First Prize, \$25,000

Second Prize, \$10,000 Third Prize, \$5,000

## Deep Water

### DEEP WATER—

We were very proud to receive a letter the other day from none other than Alva R. Gibbs, who was wireless operator on the S. S. Steel Ranger which carried yours truly around the world. He claims Stoutsville, Missouri, as his habitat when not sending out wireless messages from a stuffy radio room on board some vessel at sea. And believe it or not, "Sparks" has deserted the deep and briny for the smooth and pleasant—aviation. In a short while he will be appointed into the Airways Division of the Government, having passed with honor his examination before the Civil Service Commission.

It was almost like receiving a communication from the dead. We remember "Sparks" as the quiet, unassuming personage who daily handed out news from the States in the form of Radio-Marine dispatches from "ship to shore, from shore to ship, from ship to ship," as they were inscribed at the top of each sheet. He it was that told us, with what I took to be awe, that he had received a message warning the Captain to avoid the shoreline of China off Hong Kong Bay because a Dutch passenger-ship the day before had been boarded by Chinese pirates, robbed and burned to the water's edge. It was "Sparks" who told me, standing one afternoon near the ladder going down to the well-deck, of an American ship out of New York, the "Homestead" which had foundered on the reefs in the Gulf of Aden and of the crew's struggle to get ashore, their capture by savages; their recovery of the vessel which had not been greatly damaged; their death by starvation and disease; and the fact, as he called it, that the ship was still floating around in the Gulf of Aden. It was "Sparks" who gave me well-meant advice about sailors in general and who probably prevented many arguments which undoubtedly would have resulted in nothing less than bitter enmity among the crew.

"Sparks" is a tall, refined example of Missouri's astute manhood. Yet he was human in all respects. With much gusto he described the rattle-snakes of his sparse country and told many stories of Missouri's part in the Civil War. There was always, however, a quizzical expression upon his face as he looked upon the small group assembled in the P. O. Mess after he had finished his narrative. "All sailors are alike," he would say in his clear slow voice, "and I don't expect you to believe half of what I tell. But you all have to admit there is much pleasure to be gotten by the telling of 'em." And so "Sparks" outshone himself on occasions. Generally, however, he would tilt himself back in his chair, munching a scanty sandwich passed out by the kinky-haired steward and sipping his "milkshake" as he called the mixture of chocolate and milk, and listen carefully to the conversation. Pusey, Close and I were carrying on so vividly. Then, "Sparks" would politely but firmly dissolve into the light of the ridiculous our best arguments and add his own experienced logic. Not that we admitted defeat. We would renew the conversation as if nothing had served to interrupt it. It was great comfort to our lonely hearts and we reveled in it.

It was "Sparks" that chartered a bicycle and rode some thirteen miles with the Third Mate, the Second Mate and the supercargo to see the wonders of the Sultan's Palace after Pusey and I had described them out of the fog of bewilderment caused by pure German beer and rum. They would never admit that was the reason of the journey, our telling them, but to this day I have never found out whether they saw the same things and places we cadets did. All of which happened in Sumatra, somewhere west of Panama.

It was a ritual with "Sparks" by means of which he secured his exercise. Up and down, up and down, he would walk, turning the last step in true sailor fashion, up and down the deck, fair weather or foul. Stripped to the waist so as to catch the rays of a burning sun, he would chew his cud of tobacco

and spit over the rail so that the juice would float gently back over the after deck and into the face of Solari, Bentzen and Mikkelsen, who would be "soogying" the steel sides of the ship's interior structure. An hour or so of this and then a cup of coffee, two-thirds milk and one-fifth sugar. Then to the wireless room to catch a few words from Berlin, London or Washington.

We would consider it a great pleasure to meet "Sparks" again and talk over the multiple experiences we had together. Here was a true man. Often reserved to the degree of aloofness; often hiding under his native politeness a nerve of iron, he exemplified to me the best type of American sailor. Were I to see him on the busiest street in New York, I would recognize him by his swagger, his square shoulders, his fearless gaze. I would ask him, "Do you remember Yokohama and how we came on board in the wee small hours of the morning, cut to the gills and proud of it?" I would tell him that Pusey has suffered a serious mental derangement, supposedly from "tropical fever" and that in the midst of his temporary moods he asks for "Sparks, good old Sparks." I would talk with him again of rattle-snakes and Missouri beauties; of wrecks at sea; of storms; of Calcutta and "Firpo's," of good old Hoffman who was more than a friend to both of us; of Close, who was too proud to say goodbye; of New Orleans and the Marine Hospital where Fritz suffered his annual infection; of men and ships.

To my readers, who have never met him, I would say, "Here was a true American; a man of parts and nautical wisdom; a man worthy to uphold the traditions of the merchant marine." To "Sparks," although he may never see this bit of eulogizing, I would wish easy berths and smooth seas.

G. R. L.

"Was Helen sore when you made a date with her while you were having the mumps?"  
"Yes, she said I had some cheek!"

## In the Editor's Mail

February 25, 1931.

Dear Editor:

In the recent issue of The Review there appeared an article entitled "Not So Deep." The article pertained to a candid criticism of the play, "Arms and the Man," and severely "panned" several of the actors for their performances. Frank criticisms and honest opinions upon such matters should, undoubtedly, remain unpublished, especially where brother and sister students are concerned, because ambitious students whose aspirations are high are not deserving of such uncourteous and insulting comments. It is bad enough when we "ride" outside entertainers for their efforts; but when we openly condemn our own colleagues for their best efforts, I believe we have extended our privileges too far. If we cannot honestly commend a person for his toil, we can at least remain silent. Or, if that proves to be too much of an ordeal, we might confine our opinions to the play as a whole and not make any convictions against those whom we thought did not perform so well.

I have written this letter with the expectation of preventing a recurrence of the incident in question. After all, we are not here to discourage one another, but to aid one another as much as possible.

Sincerely

Emanuel Handler, '32.

A Wellesley student can now invite a Harvard man to "in" dances at the college, and can smoke in a canoe, but she cannot own an automobile, according to students.

## STUDENTS SUPERIOR TO THEIR PROFESSORS

### Dr. Kennedy Tells Science Group That Students' Minds Are Better Than Teachers'

In an address before a science group at the University of British Columbia, Dr. Irlma Kennedy expressed this startling thought: "The Professor must remember that the student's mind is often ten times better than his own." Dr. Kennedy further stated that "the professor is commonly criticized for being abstracted, absorbed, theoretical, impractical, selfish, careless, conceited, intolerant and unsympathetic."

"Women and men think differently," Dr. Kennedy said. "In the lecture room, a woman sometimes makes a remark which is quite original, but which is four or five realms ahead of the professor's limit of thought."

"Technical learning is often detrimental to a woman's nature," continues Dr. Kennedy, "because it

adds a fourth side to her intellect, namely, inquisitive intellect. Intuition is the main side of a woman's mind."

In concluding her address, Dr. Kennedy remarked that British civilization is on the decline, and it would be necessary to look to the Orient for new culture.

## STEPPING INTO A MODERN WORLD

Out of 25 telephone companies

... ONE SYSTEM

Greater ability to serve the public is the reason for the Bell System — made up of the American Telephone and Telegraph Company and its 24 associated telephone companies.

The Bell System is operated by these 24 associated companies, each attuned to the area it serves. Each enjoys the services of the staff of the American Company, which is continually developing better methods. Each

benefits from the work of the Bell Telephone Laboratories and Western Electric — scientific research and manufacturing branches of the System.

Bound together by common policies and ideals of service the Bell System companies work as one. In helping to administer this \$4,000,000,000 property, men find real business adventure. *The opportunity is there!*

## MILITARY STAFF GOING TO CAMP THIS SUMMER

**Lt. Jolls Will Be Battery Commander At C. M. C. T. Camp; Others Going To Ft. Monroe**

During the first week in June, Colonel Glassburn, Lt. Myers, and Sergeants Kessinger and Watters will leave for Camp Ft. Monroe where they will be stationed for the summer. Colonel Glassburn will be second in command of the Camp and Director of Artillery Training. Lt. Myers will be associated with instruction in firearms.

At the same time, Lt. Jolls will leave for Fort Hancock, a C. M. T. C. camp, where he will be a Battery Commander.

All the present Junior Cadet Officers, with one exception, are going to camp this summer. Four Sophomores have also signed up: I. I. Kline, J. W. Brown, G. M. Wigglesworth, and F. T. Lynch. Two Senior officers, S. M. Fox and D. Ward will also go to camp.

## Fraternity Play Contest Wednesday And Thursday

(Continued from Page 1)

permanent trophy. The merits upon which the plays will be judged are quality of play chosen, quality of acting, quality of interpretation, quality of stage technique, and degree of initiative shown.

Last year the Footlights Club initiated the idea of the inter-fraternity plays, and the success of the plan was gratifying not only to those participating in the venture, but also to the student body and public who attended the highly entertaining performances.

## SUMMARY OF FACTS IN CAMEL CIGARETTE \$50,000 CONTEST

A contest, offering \$50,000 in prizes was inaugurated on February 25 by R. J. Reynolds Tobacco Co., makers of Camel cigarettes, with special announcements in this and other college periodicals. Eight days are allowed for submission of answers, the contest closing at midnight on March 4.

Prizes will be awarded for the best answers to the question: "What significant change has recently been made in the wrapping of the Camel package, containing twenty cigarettes, and what are its advantages to the smoker?" Answers are limited to 200 words in length, must be written on one side of the paper only, and are to be mailed to the Contest Editor, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

First prize is \$25,000, with second and third prize of \$10,000 and \$5,000 respectively. Numerous smaller prizes will also be awarded. Judges of the contest are Ray Long, President of the International Magazine Company and Editor of Cosmopolitan magazine; Roy Howard, chairman of the board of the Scripps-Howard newspapers; and Charles Dana Gibson, internationally known artist and publisher of Life magazine.

The contest is part of what advertising experts declare is one of the most intensive advertising campaigns ever staged. Practically every daily and county seat weekly newspaper in the country will be used, as well as college periodicals and financial newspapers. This campaign is to be followed by an aggressive advertising drive through newspapers, magazines, radio and outdoor display.

## MISSOURI CO-EDS AID COTTON PLANTERS

Co-eds of the University of Missouri have come to the rescue of the distressed southern cotton planter by adopting a resolution that they make their spring wardrobes out of cotton, including their stockings.

Praising the co-eds in the U. S. Senate, Senator Heflin urged all Americans to follow their example. As yet no one has spoken a piece for the silk manufacturers.

"My boy friend takes Military Training."  
"Does he know the Manual of Arms?"  
"So that was what his hands were doing last night!"

## Perambulations of a Perigrinator

In reminiscing upon my repertoire of experiences, I find none so highly educational, so psychologically replete with human nature as the ancient art of soliciting rides from passing motorists. In order to firmly establish myself as a recognized authority on this subject, I believe that my record of over a thousand rides in the last three years, while a conservative estimate, is never the less ample recommendation. To an observer it is merely a process of fortitude and good luck, nor can I deny that that conclusion is in part correct. However, there are numerous other trifling elements which enter into the makeup of a successful "bummer." Perhaps the greatest of these is personal appearance. In every case you should put yourself in the place of the motorist. If he sees a young man dirty, unknown, and generally crumbly, he will be assailed by two sentiments: pity and fear. While pity is of a weak if almost negligible quantity with a majority of people who have no acquaintance with the recipient, the element of fear is quite pronounced and further augmented by the possible appearance of the mendicant. On the other hand, should the motorist see the same young man standing under a bright light, well dressed and well kept, he is more apt to take a chance. An invaluable asset are books under the arm.

Why? They definitely establish the subject as a student. Absence of a hat is a help. Light clothes are preferable to dark. A letter sweater is an auspicious sign. People in general are not afraid of students. Time is another important factor. Strange as it seems night-time is just as good as day-time provided full advantage is taken of near-by are-lights. Salesmen are the best bets, and cars with a single occupant are inevitable lifts.

Only the other night I bummed out from Wilmington. It was a cold night and cars were not numerous. I waited from 11:30 until one without any luck. Finally I decided to go back into Wilmington and get something to eat and try again. The first chap that I hailed stopped; I went over to the car and

prepared to get in. From a nearby light, beams shone on something in his hand. It was a gun. "This is a good one, mister," I thought. "If you are going to hold me up you picked a mighty poor subject."

"What's your name?" I told him. "Where are you from?" "Newark."

"All right, climb in."

As the car started forward he told me that he was very wary of giving lifts at night, and that he was a former deputy-marshal. As we neared his home he divulged that he lived alone with his twenty-year old daughter, and as she had had company that evening, he had gone out for a ride. The hour being late and his manner becoming more affable, I was not surprised when he asked me to stay all night at his house and catch the bus in the morning. I must admit that the possible feminine element intrigued me; but I politely refused with my assurance of a ride on the 3:30 bread truck and the advisability of attending an 8:50 Mechanics class in which I was cut to the limit as sufficient excuse. I have often wondered since then just what would have happened had I accepted his kind offer. One never knows.

It is easy to skip over on paper the two-hour wait for the truck. But try it some night on a stone step in Huber's thirty truck garage. I got disgusted waiting there so I went over to Freihofer's, arriving just in time to leave with a tall, saturnine individual answering to the nick-name of "Lindy."

We got along famously. He told me of his loves, his fly-by-nights, and of a certain little girl—way beyond the age of consent—whose husband had a night-shift in a nearby factory. She always placed a light in the window when the coast was clear and she desired his presence within. Some day I will write the story of his amours and send it to good old Bernard McFadden, the working girls' friend, with the following title, "A Bread Truck Driver's Confessions." Around five a. m. we wheeled into Newark. Thus closteth another chapter in that great book called "Life."

In closing it is my pleasure to recommend an especially interesting (trite but apt word) book to those of you who appreciate and enjoy an unusual publication. It is called "The Mysterious Universe," by Sir James Jeans, and can be found in the library. By the way of explanation I am going to present one or two puissant excerpts.

"If a cannon ball six inches in diameter were heated to the temperature of the sun, it would kill all life within fifty miles of it."

"Light has weight."

"Life is an anomaly, and must eventually perish because of the cooling of the sun and the widening of the earth's orbit."

"Life is possible in only one thousand million millionth part of the universe and we earthlings are alive as a result of natural (?) evolution."

That sort of exorcism of our skin of self-complacency and makes us feel not wanted around here.

## JOHNS HOPKINS WOMEN GOING ON EXPEDITION

Four women students of Johns Hopkins University will accompany Dr. David M. Robinson, archaeologist of the university, on his expedition this summer to the site of the ancient city of Olynthus, destroyed in 348 B. C., by Phillip of Macedon.

She—Did you know what I said to you by that kiss?  
He—I'm not certain. You'd better repeat it to me.

be out practicing to gain a position in their particular event or events. And in the hurdles Caulk and Moore are expected to be consistent point winners.

The success of the team this year will depend to a large extent upon the new candidates. If past records are indicators of future performances, then the crop of freshmen will be immensely valuable to the squad. Athletes with records like that of White, Pohl, Nigels, Coty, and Strandwitz should be taken into serious consideration. Coombs, a transfer student, is reported to be a real prospect. The combination of these men and many others of unknown qualities, with those who have already established themselves, should be a good one and Delaware should have a successful season in every way.
