

## Honor Students Recognized In May 10th Ceremonies

The Committee on Honors Day for 1951 has completed plans for a full program on Thursday, May 10, the day set aside to publicly recognize those members of the University Community whose achievements are outstanding.

Activities will be highlighted by the Annual Honors Day Exercises at 1:30 p.m. in Mitchell Hall. Dr. Perkins will preside, awarding the various prizes, and introducing the speaker of the day, Dr. George Boas of Johns Hopkins University.

Although notices and invitations have been sent to all Dean's List students and to members of the honor societies, no seats will be reserved, and all members of the Faculty and Student body are urged to attend.

Dr. Boas will be guest at a dinner at the College Inn given by the president elects of the seven Honor Fraternities on campus. Also attending will be the faculty sponsors for the societies.

At 8:15 p.m. following the Phi Kappa Phi Initiation, Dr. Boas will address a joint meeting of the honor societies in the Hilarium of Warner Hall. Everyone is invited to attend. A reception will follow immediately.

General Chairman of the Student Committee on Honors Day is Donald Stewart. Other members are: Beverly B. Lester and James Porteus, luncheon and dinner arrangements; Pat Reybold, invita-

tions; Dora Monaco, reception arrangements; Robert J. Davis, facilities; Edward Fahey, ushers. Dean Squire, Dr. Fredrick Parker and Dr. Herbert Newman are acting as faculty advisers to the committee.

## Tau Beta Pi Elects Officers for '51-'52

Tau Beta Pi, honorary engineering fraternity, held elections April 17th.

The following officers were elected:

Vice President: Joseph M. Brown. Corresponding Secretary: Robert Reeves.

Cataloger: Joseph Lukons. Robert Reeves will be the delegate to the convention next October, at the University of Colorado.

## Hearn Greets Students; Talucci Bids Farewell

It will be difficult to fill the shoes of the S.G.A. presidency as well as Sam Talucci has done this past year. I want to thank the voters for placing their confidence in me and I hope to repay their trust with a good job next year.

It is difficult to predict what next year will be like. We will probably be faced with a reduced enrollment and a smaller appropriation to work with. However, there is one thing that doesn't require 2000 students and doesn't cost a nickel—school spirit. I hope that '51-'52 will be known as "School Spirit Year."

We have a number of assets that are worthy of our pride. We have one of the most beautiful campuses in the country. On your travels this summer, compare other schools to Delaware, and you'll realize why a large percentage of our out-of-state students chose Delaware. Another factor which should not be overlooked is our outstanding faculty.

Next year I will try to spread the social program more evenly over the entire year. There is ample room for progress in the field of class activities, and, following the example of our fine Sophomore Class, I urge all class officers to carry out definite programs within their classes. *The Review* has improved considerably over the past year. With continued improvement it will prove to be one of the most effective means of strengthening student activity and school spirit. To provide for better communication between students, there will be a Student Directory published next fall.

In all, we can look forward with pleasure to a year of progress.

William S. Hearn

I wish to extend congratulations and best wishes for the following school year to Bill Hearn and all other incoming S.G.A. members.

This year's S.G.A. has acted as a servant of the student body, and I feel confident that the new group will continue to do the same. I know that the newly-elected S.G.A. will exert as conscientious an effort to do a good job as this year's government has done.

The members of the administration, faculty, and student body have given generously of their time to make our governing body a more efficient organization. Their assistance in this endeavor is sincerely appreciated.

Samuel J. Talucci

## "Rainbow" Checked Off in Thespian Archives As Fiftieth Major Production of E-52 Players

Polly Goller and John Sedgwick are a part of the merry-making crew appearing in *Finian's Rainbow*.

## Perine and Chance Liven Leprechaun Show with Antics

By HAROLD SMITH

Dr. W. Owen Sypherd, professor emeritus and former University president, will be honored with a citation for consistent support of dramatic work by the E-52 Players. The award will be given on opening night of the Players' fiftieth anniversary production, *"Finian's Rainbow."*

The E-52 Players have chosen a difficult assignment in producing their golden play. Reproducing a musical show that has been slightly more than sensational in over a thousand performances in New York, is an ambitious one. The presentation of *"Finian's Rainbow"* will mark the first time that the Dramatic Department has attempted to stage a Broadway musical success.

*"Finian's Rainbow"* opened early in 1947 in the famed 46th Street Theater, and was an immediate sensation. In the hands of an extraordinarily gifted cast, this enchanting blend of music, comedy, and social comment has become one of the memorable comedies of the decade—tuneful, witty, and alive with movement and color.

*"Finian's Rainbow"* spins a fantastic story on two themes: the touching hope of an elderly Irishman (Elbert Chance) that the crock of gold he has stolen from the leprechauns will multiply in the fertile soil adjacent to Fort Knox (with the government's reserve as an example), and the fight of an engaging group of sharecroppers to preserve their land against the encroachment of a demagogue from the state of Mississippi, Senator Rawkins (Kirk Cannon).

The Irishman has an attractive daughter, Sharon (Nancy Schnabel), and the sharecroppers are led by the handsome young Woody (Rod McWhorter). The leprechaun (Parke Perine) who comes in search of the gold begins to turn into a mortal and falls in love with the hero's sister (Polly Goller) who speaks with her feet because she is a mute. Because of the magic properties of gold (universally known to man), the Senator is transformed into a likeable person, the sharecroppers retain their land, and the curtain falls on a rousing and truly golden finale.

Besides the excellent plot and the promise of superb acting, *"Finian's Rainbow"* will be a colorful show. The dancing, led by the talented Polly Goller, will include all the dramatic leads in addition to a chorus of ten students. The Delmelodians and the singing chorus have teamed-up to provide the musical score for the Broadway hit. Variations of colors, including the creation of a rainbow, will be provided by the stage crew.

Tickets will be on sale for the musical today and tomorrow at the Mitchell Hall Box Office. Student tickets will be honored.

### CAST

(In Order of Appearance)

Howard	John Sedgwick
Henrietta	Virginia Wells
Diane	Marianne Kirkpatrick
Honey Lou	Gerry Dye
Buzz Collins	Edward Phillips
Sheriff	Roland Mills
1st Sharecropper	James Burri
2nd Sharecropper	Yvonne West
Susan Mahoney	Polly Goller
Pinian McLonergan	Elbert Chance
Sharon McLonergan	Nancy Schnabel
Woody Mahoney	Rodney McWhorter
Op (A Leprechaun)	Parke Perine
Sen. Billboard Rawkins	Kirk Cannon
Geologist	Robert Waples
1st Deputy	Jack Tebo
3 Tobacco Girls	Margaret Woodward
	Christine Walton
	Helen Mandy
Mr. Robust	Gifford Nowland
Mr. Shears	George Chemlin
3 Passion Pilgrim Gospellers	
	Dan Hornberg
	Dave Allen
	George Nagy
2nd Deputy	John Florino
3rd Deputy	Gifford Nowland
Other Sharecroppers	Cora Watson
Tourists	Dave Allen
	Jessie Burke
	Norma Levine
Ruth	Letitia Ersson
Singing Ensemble—	Dave Allen, George Nagy, Don Hornberg, Fred Pullinger, Jim Burri, Frank Bampton, Dick McKiver, Christine Walton, Margaret Woodward, Cora Watson, Helen Mandy, Letitia Ersson, Marty Snyder, Barbara Murray
Dance Ensemble—	Barbara Alper, Nancy Brooks, Lee Dannehower, Susan Ferry, Janice Russo, Patricia Walters, George Martin, Leo Zuckerman, John Sedgwick

## May Day Formal Spotlights Buddy Williams' Orchestra

### All-School Picnic Climaxes Gala Weekend

The SGA Social Committee and the Rally Committee are jointly planning a great May Day Weekend, May 12 and 13. Don Cherr, social chairman of the SGA, is in charge of the May Day Formal Dance to be held May 12th in the Fieldhouse, from eight 'til midnight. The dance will feature Buddy Williams and his orchestra. Bill Lewis is in charge of the All-School Picnic that will be held on a farm by Thompson's Bridge, White Clay Creek, Sunday, May 13th, at 1:00 p.m.

Buddy Williams, a popular band leader, pianist, and saxophonist, is also one of the country's top arrangers. Buddy has been associated with many of America's big-name bands including Paul Whiteman, Glenn Miller, Ted Lewis, and Tommy and Jimmy Dorsey. Now Williams has organized his own sensational group.

Handling the vocals are lovely Kay Justice along with the popular trio, "Two Buds and an Orchid." The light comedy is capably furnished by Dick "Tiny" Stanley and "Hi-Life Harry."

The May Dance is a formal, non-corsage function that brings to a close the last open dance of the term. Tickets will be sold in the basement of the library May 7 to 11th, at \$2.40 per couple. They will also be on sale at the door at \$3.00 per couple.

The All-School Picnic will conclude the May Day Weekend. It is open to the entire student body and everyone is urged to attend. Campus organizations in particular are invited to attend in groups. Social chairmen of all organizations should plan now as they may want to bring refreshments as a group rather than on an individual basis. Unless specific arrangements have been made within your organization, individuals are expected to bring their own food.

Ed Cunningham was the originator of the All-School Picnic plan. Ed is an active member of the Rally Committee, serving on many of its projects. Joe and Ed Stout along with Vince Stallone make up the athletic committee. They have planned an active program for the afternoon. Softball will be the fea-

ture sport. Mary Little and Julia Richardson are in charge of the publicity. Guide signs will be posted on telephone poles at frequent intervals on the way to the farm.

Next week's *Review* will contain a detailed map of the location of the farm in relation to the University, and any late developments on the program.

## Alumnae Reunion Plans Announced

The annual spring reunion of University alumnae will be held Saturday, May 12 according to announcements sent by the reunion committee.

Class reunions, which are scheduled from 1:30 to 2:30 p.m., will be preceded by a luncheon in Kent Hall beginning at 12:30. The five year classes will have separate tables, but the luncheon is open to all former women students returning to the campus. Reservations for the luncheon should be made at the alumnae association office in Purnell Hall by May 8th. During the luncheon, children up to twelve years of age will be cared for at the nursery school in Robinson Hall.

The alumnae will attend the traditional May Court at 2:30 p.m., when Queen Diane Klipp will be crowned. At 3:30, they will attend a reception for faculty and students.

The Review was founded 1882, and is now published every Friday during the college year, except during examination and holiday periods, by the students of the University of Delaware. Subscription rate: \$3.00 per year. Phone: University extension 254. Work nights: Monday and Tuesday Evenings, phone Newark 2984. Entered as second-class matter December 13, 1945, the Post Office at Newark, Delaware, under the Act of March 3, 1879.

## EDITORIALS

### \$ Going Up \$

In a few weeks the S.G.A. will propose to the administration a "nominal increase" in the Student Activity Fee. We feel that this increase is justified and absolutely necessary for the maintenance of the quality and quantity of Delaware's student activity program, as directed by the S.G.A.

For the past decade, all costs have been increasing at an enormous rate. For instance, engraving costs for *The Review* have increased 300% since last year. Many new organizations have formed and requested appropriations. Yet, the student activity fee has remained at \$5.00 a term since 1946 (it was lower before that time), while the University Maintenance Fee has increased from \$175.00 to \$215.00 since that time.

Next fall the university expects a substantial drop in the enrollment, and as a result there will be less income for student activities. Even with this reduced enrollment, we will still need most of the same services we now enjoy, such as the Blue Hen, the S.G.A. Social events, the Band, *The Review*, and many others. There are nineteen organizations that are allotted money from the S.G.A. According to S.G.A. President Bill Hearn, these organizations have requested approximately 20% more for 1951-52 than was requested for 1950-51. The S.G.A. this year could only grant approximately 80% of the amount asked for, and consequently many organizations suffered.

We urge the student body to support the S.G.A. in their request for a higher activity fee, and urge the administration to accept this necessary fee increase.

R. D. B.

## An Experiment in School Spirit

May Day weekend will be the last big social fling of the current school year. Finian's Rainbow, the Alumnae Reunion, the formal dance, the May Day pageant, two fraternity weekends, and several parties will combine to give the old year a tremendous sendoff. But climaxing the events will be an entirely new undertaking—THE ALL-SCHOOL PICNIC.

Backed by the S.G.A., and sponsored by the Rally Committee, this picnic will be open to everyone. All organizations are urged to come as groups and to bring their own refreshments. Independents, and those affiliated with no particular groups are very welcome to attend and join in on the festivities Sunday afternoon, May 13. The affair will be held near Thompson's Bridge on White Clay Creek. A map indicating the best way to get there will be published in next week's *Review*.

Many heads and hands have joined in planning for THE ALL-SCHOOL PICNIC. Its only theme will be fun and informality. If it is well attended and considered a success, an annual occasion will have been established. Support and attend this fine out-door get-together. Its success will be a clear indication of the school spirit on the Delaware campus, and will indicate to the S.G.A. and Rally Committee just what kind of activities can be successfully held for ALL THE STUDENTS.

Clear your head before exams with some sun, fresh air, and wholesome exercise. Make the experiment a success.

D. K.

## Letters to the Editor

Dear Friends:

I don't know whether any of you would recognize me any longer, for I am in Indian dress and I have just returned from a month's tour of the jungles and villages of north-east India with the net gain of one beard and the net loss of seventeen pounds. On meeting my wife, I asked her whether she did not think that with my new beard I resembled Christ. Her reply was "Yes, Christ Crucified."

Well the trip was an extremely rigorous one. A ride on an elephant's back has the same effect as a session in a weight-reducing machine, and our experiences with an old jeep over a roadless countryside more than demonstrated the truth of Swami Swampananda's remark that "a jeep is built for a soldier, not for a gentleman." He himself, is indeed a soldier, and though he is over sixty, his body is so disciplined that he can work effortlessly 20 hours a day on a food intake of six to eight ounces of vegetables. The ordinary laws of physiology and biochemistry just seem to have been suspended in his case. As for me, I am ashamed to confess that the invariable diet of rice (3 times daily), pea soup, and a slice of eggplant with an occasional banana or orange left me in a state of chronic hunger. (I should also mention that, in these parts, the "pause that refreshes" is supplied by the juice of a green coconut drunk from the shell.) It is not that the villagers didn't try their best for they scoured the countryside for us. It was simply that there was no more food to be had. It was a good experience to share their hunger — we take so much for granted in the States. I shall henceforth treat the lowly hamburger with new respect.

The villagers were beside themselves over the honor of our visit. Many had never seen an American before, and many had never seen the face of a westerner. They surrounded us constantly. "Privacy" is simply an unheard of concept out here, and we had audiences at our dressing and undressing, when we ate and when we bathed ("Bathing" means pouring cold water over oneself with a dipper.) Everywhere the villagers insisted that the American professor deliver a lecture, though not more than five present of them understood English. Well—that's all for now.

Yours,

BERNARD PHILLIPS.

Dear Sir:

I would like to say how much I enjoyed the college hour last week. The thanks of the student body should go to Wisner and the Delmelodians for one of the best programs of college hour history.

We should have more of the same. This is the best way to build up interest among the students and perhaps a little spirit too. From all the people I have talked to it seems the whole program was a terrific success. We really have a fine musical aggregation right here on campus, and it might be a good idea to give them more of our dances to work. Perhaps, the SGA could increase the number of informals next year, using the Delmelodians.

While I am boosting the home team, the E-52 deserves a lot of support for its work on Finian's Rainbow. So let's get out and talk it up!

Sincerely,

NORM SETTER.

## NOTICE

The Alpha Epsilon Pi Fraternity invites the faculty and staff to attend the annual formal dance, May 4th, at the Brandywine Country Club.

## C'est La Vie

By NORM SETTER

### AN ENGINEER'S LAMENT:

I used to live a life,  
 Filled with cheer and laughter,  
 Without a sign of strife.  
 But then I saw a vision:  
 A one of a career.  
 So, I left my life of leisure,  
 To become a half-crocked engineer.  
 So now my life is filled with,  
 Gammas, alphas, pi,  
 Omegas, sigmas, deltas;

I'll speak Greek before I die.

And, then, they have their constants  
 On every lousy page.

Those dilapidated formulas,  
 They'd make a baby age.

And there's the ohm, the amp, the volt,  
 The pound, the foot, the joule.

Oh, every half-crocked engineer  
 Is just a gol-danged fool.

So they can take their pregnant series,  
 And their force and weight, and mass,  
 And put them on a slipstick,

And

—RPI Polytech

### CAREFUL, CAREFUL!

Hostess: "I won't offer you a cocktail, Mr. Brown, since you are president of the Anti-Saloon League."

Brown: "No, I am president of the Anti-Vice League."

Hostess: "Oh, well, I knew there was something I shouldn't offer you."

### RATHER BE RIGHT:

Father: "When Lincoln was your age he was earning his own living."

Son: "When he was your age, he was president of the country. We aren't so hot, are we, Pop?"

### CONFUCIUS SAY:

One man in a thousand is a leader of men. The other 999 are followers of women.

### OVERHEARD:

"He was beside himself, and a more unattractive couple you have never seen."

A young man discreetly inquired of his blind date, "Do you shrink from kissing?"

She replied: "I'd be nothing but skin and bones if I did."

—DAVIDSONIAN

### Then There's The Girl:

Who went to a masquerade party dressed as a telephone operator, and had three close calls.

—C'est la vie.

## Alumni Corner

By JEAN LAWLESS

On April 14, Catherine L. Bilderback '50 was married to William E. Sanders in the Presbyterian Church of Covenant, Beaufort, Delaware. Catherine is now employed by Sears, Roebuck and Co.; Bill will be graduated in June from Franklin and Marshall College.

To Jeff Weekley '50 and wife of New Orleans a son was born on April 10.

A daughter, Stephanie Lynn, was born on March 20, to Joan McKinney Prall '49 and Horace Prall '49. Horace is with the Humble Oil Refining Co. They are now living in Baytown, Texas.

Lt. Saul Sitzer '48 of Wilmington narrowly escaped death recently when his F-84 Thunderjet burst into flames while taking off at the New Castle County Airport. Saul, a member of the 113th Fighter Interceptor Wing, was taking off on a routine flight when the accident occurred. He received first and second degree burns but responded quickly to treatment at the base dispensary. He is now back in good shape.

Dr. Alan F. Clifford '47 has received a Guggenheim Fellowship for a year's study in England. Alan is a former instructor in chemistry at the University and received both his master's and doctor's degrees here.

Jack Robinson '47 was married on April 14, in Bryn Mawr Presbyterian Church, to Miss Patricia Ann Cousley. Jack and his wife are now living in Baltimore.

On April 7, Sarah J. Robinson '41 became the bride of Francis L. Carre. They are now residing at 2129 Oak Street, Los Angeles, California.

To Martha Mitchell Lomax '40 and husband, Ernest S. Lomax, '37, of Cresaptown, Md., a daughter was born on March 17th. They also

(Continued on Page 8)

## Theatre Review

By GIL KOFFLER

With the traditional lull in theatre activities rapidly approaching, now seems a good time for an overall view of the year's achievements and trends, and for a few not too presumptuous predictions.

This theatre year was marked by: 1. great activity in the producing field (at times not enough theatres to go around); 2. a large number of revivals (almost completely unsuccessful); and 3. an erratic reception from the public. In elaborating on these statements, it is interesting to note that in some cases (especially that of *Guys and Dolls*) enormous profits were reaped in a very short time, while in others (*Four Twelves Are 48*, for example) small fortunes were completely lost. The role of the "angel" seems to be more fraught with disaster than ever. But considering the number of plays being produced, there must be a plethora of flushed backers running around loose, handing out money with both hands. Like the longshot race horse, the potential *Guys and Dolls* lies just around the theatrical corner.

This "hope . . . eternal in the human breast" is not more pathetically illustrated than in the bleak realm of the "revival." *King Lear*, *Romeo and Juliet*, *An Enemy of the People*, *Green Pastures*, and even the perennial *Blossom Time* saw the footlights again, but mostly for a short, shuddering look. Probably the one precept to pound into aspiring heads on this score is: Stay away from Ibsen revivals. The Norwegian dramatist wrote great plays that will live in theatre history, and that's where they should stay. Especially unwise is the attempt to "modernize" Ibsen, sadly illustrated by *An Enemy of the People*, which folded despite the Herculean efforts of Fredric March.

This brings us to the third, most interesting, and most unpredictable aspect, the "erratic reception of the public." The outlook for a new show is summed up in the little rhyme:

When it's a hit  
 It's a very big hit.  
 And when it's not  
 It's a stinker.

But this is perhaps an oversimplification. At any rate, the public seems to knock itself out over a few shows, mostly musicals (*Guys and Dolls*, *Call Me Madam*, *South Pacific*), and generally ignore the rest.

The musical field, by the way, appears to be the safest (and the most expensive) investment. Hardly any musicals fold without at least repaying their backers, while the possible gains are almost unlimited. This reflects the desire of the public (more extreme during the last war) for pure, gay, light-spirited amusement, with no messages and no sob stories. Going further back, this is probably a reflection of the unsettled times in which we live. A smart producer can lessen his chances of failure by taking notice of such general trends.

The general outlook seems to be that the present-day American Theatre is precarious from a professional point of view, especially for the novice playwright, but, in general, satisfyingly worthwhile to the theatre-goer.

## QUEEN FOR A WEEK-END

Gardenias for Shirley Cannon, Queen of the Military Ball, from Colonel J. B. Hafer. On the left, Dean Toda.

## Campus Rocked By Cannon

Shirley Cannon, a senior majoring in Elementary Education, reigned last weekend as the most celebrated young lady on campus. Friday night she was chosen Theta Chi Sweetheart and became engaged to Dean Toda, University senior majoring in Chemical Engineering. Saturday night she was chosen Queen of the Military Ball.

Tuesday she was interviewed on television as one of the participants in the Miss Wilmington Pageant which took place on Wednesday. Shirley will also be Duchess of the Senior Class at the May Day festivities.

All of these things have made an exciting culmination to her college career.

## Inside the Dust Cover

By JIM BURRI

The question before us is — are pocket books an invention of the devil or no? We refer here to those small, paper or hard bound books that fit into the pocket so easily, and not what women are prone to carry.

The idea of the pocket book is not new. We have had occasion to use some small brown covered volumes that grammar schools used to use. Classics like Stevenson's *Treasure Island* and Cooper's *Last of the Mohicans* were published in this series.

However, the impetus for today's flood of pocket books seems to have come from the last war, when there was a premium on space and paper. POCKET BOOKS Inc. began printing in the late 1930's with James Hilton's *Lost Horizon*. Since then the imitators and volumes have been tremendous. At one time this company numbered their books — they seemed to have stopped because the numbers threatened to take up the whole front cover.

We are in favor of pocket books. After admitting their faults—a predominance of mystery, western, and sex stories, and a reliance on the cover and blurbs to sell the book, we must point out the great service they have performed in making available to a large audience for a small price much of the world's best writing. A typical list might include Homer's *Odyssey*, Shakespeare's plays, The New Testament, various anthologies, Dante's *Inferno* and many more. There is even one book published called *Good Reading* which lists 1000 good books.

So, if you are interested in good reading at low cost, we recommend to you the pocket book.

## Francis Hammond Commissioned Lt.

Francis M. Hammond, University senior and President of the Inter-Fraternity Council, was commissioned a second Lieutenant in the U. S. Marine Corps Reserve, in ceremonies on Wednesday (April 25) at the office of the director, Fourth Marine Corps Reserve District, in Philadelphia.

Lieutenant Hammond spent four years as an enlisted man in the Marine Corps during World War II. He served as an artilleryman with the Fleet Marine Force in the Pacific for two years.

A political science major, Hammond is a member of the E-52 players. After graduation in June, he will be assigned to active duty, and will undergo advanced infantry training at the Marine Corps Schools, Quantico, Va.

Lieutenant Hammond is a native of Wilmington, and at present makes his home at the Phi Kappa Tau House.

Bill Hearn Presides Over SGA Meeting  
Retiring Members Review Activities in Retrospect

By SALLY MOORE

The regular meeting of the S. G. A. was held in Brown Hall Card Room, Thursday, April 26. Bill Hearn, newly elected president, called on each retiring committee chairman for a summary of the committee's activities to acquaint the new members with committee functions.

Pending his acceptance, Mr. Milton Valentine will be faculty advisor for the coming year.

A plan was approved to allow the sophomore and junior classes and the Women's Affairs Committee to carry financial surplus over into next year's budget, instead of reverting it to the general fund.

Upon recommendation of the editor of *The Review*, an immediate loan of \$640 and an appropriation of \$285 was made to continue publication for the three remaining issues. At the same time, a budget for the 1951-1952 year was submitted to Bill Nicoll, chairman of the budget policy committee.

Sam Talucci, retiring president, announced that the annual picnic for the old S. G. A. would be held on Thursday, May 3.

Until a more suitable place is located, the S. G. A. meetings will be held in Seminar A in the Library beginning at 7 p. m.

## Selective Service Tests Scheduled

The Selective Service Qualification Test is scheduled for May 26, June 16, and June 30. The University has been selected as an examination center, and the local testing program will be directed by Mr. I. Hammond Cabbage, Supervisor of Testing of the Psychological Services Center.

The testing program is open to any college student who is a registrant under the Selective Service Act and has not yet reached his 26th birthday. Students are urged to secure the Applicant Postcard and Bulletin of Information from any Selective Service Local Board, and mail the application as soon as possible. Additional information regarding the program may be received at the Local Board. The three hour test is designed primarily to measure academic aptitude. The results are to be used by the Selective Service System to help in considering student deferment from military service.

For those students whose religious affiliations prevent their participating on a Saturday (the above dates are all Saturdays) a later testing date has been arranged—Thursday, July 12; any such student may participate on this date if he so specifies in his application.

Veterans are also advised to take this examination even though they are now exempt from selective service.

## First Jazz Session Scores Terrific Hit

A jazz concert—something new in College Hours—was initiated last Thursday at Mitchell Hall. The place really jumped when Elbert C. Wisner rendered his interpretation of "Cherokee," "Star Dust," and "How High the Moon." He was formerly with Erskine Hawkins and his orchestra. Congratulations are due to Dave Hoyer for the splendid job he did with the band, and special mention to Bill Webb, Jimmy Baker, Joe Zappo, George Grondie, and Lancy Boyce for their fine solo numbers.

Here's a sampling of the reactions of a few of the students on campus:

Betty Menges—"Kind of spirit needed on the U. of D. Campus—"

Jean Lawless—"Terrific—Hope to see many more like it—"

Roger Browning—"Wisner, an exceptional artist; Delmeidians, a credit to the University—"

Dick Wells—"Colossal! It proved that the college hour can be successful—"

Let's hope that there will be many more College Hours like it!

## Economics Dept. Surveys Students' Buying Habits

By NANCY BROOKS

Do you buy in Newark? Why not? Mr. Abraham Shuchman of the Economics Department will try to answer this question next week. A "random sample" of 200 students will be selected and examined for their buying habits. These privi-

leged 200 will be asked to give 1/2 hour of their time to answer questions given by twenty student enumerators. Here is the chance to air your gripes about the stores in Newark — Are the prices too high? ... Isn't there a large enough selection? ... Isn't the quality the best? ... Or just why do you travel fifteen miles to Wilmington when you could save time, money, and effort by going a few blocks to the stores in this community.

The business men of Newark have asked Mr. Shuchman to conduct this survey, not just to boost their income, but to further University-Community relations. If these 200 students, selected in a completely unbiased manner by Mr. Kaskey and Mr. Teicher of the Mathematics Department, cooperate, the University will be asked to conduct other valuable surveys. Another benefit to be derived from this survey is the jobs which may be available for students to make money as enumerators.

If you are approached by these data-seeking students, give them one-half hour of your time to gain another valuable service for your University and this community.

## Registrar Releases Exam Schedule

Exams will be held this semester from Wednesday afternoon, May 23, until Friday afternoon, June 1, Tuesday, May 22 has been declared a "Day of Grace" on which no classes will be held.

This semester there are, so far, only five conflicting exams as compared to eleven last semester. These five conflicting exams will be posted in the registrar's office only.

The schedule for final exams will be posted across from the registrar's office and on all other bulletin boards about the second week in May.

## Committees Plan '52 Social Events

Attention all students and all University scheduling committees: There will be a meeting on May 15, at 7:30 p. m., in the Chemistry Auditorium, called by the S.G.A. president and the Co-ordinator of Student Affairs. At this time a tentative schedule of social events for the coming year will be drawn up.

Each organization should send an officer for the year 51-52, to this meeting. He should bring a list of the club's next year's officers, a list of the social events (time and place) planned by the club for next year, and a copy of the constitution of the club.

If a budget request to the S.G.A. is planned, it should be brought in at this time if not already turned in.

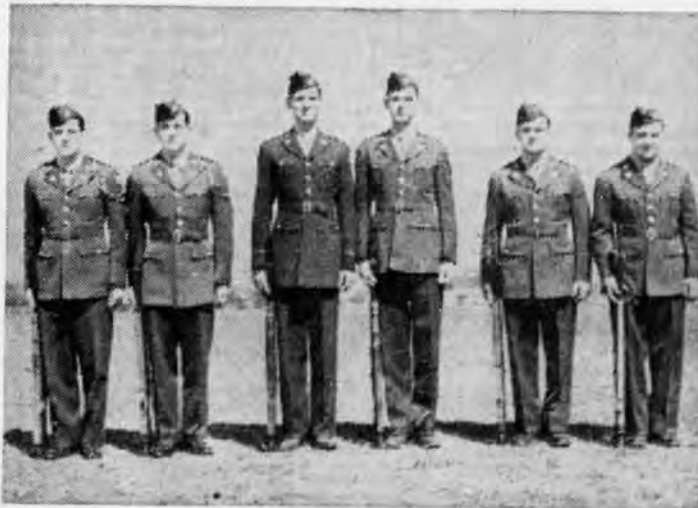

College hour programs for next year could be planned if each organization would volunteer to sponsor one. Such plans as the above should be turned in at this meeting.

## Home Ec-Ag Issue Hot Off the Press

The 1951 issue of "The Needle and Haystack," published jointly by the Home Economics Club and Agriculture Club at the University is now being distributed. Co-editors for the issue were George A. Bradley of Bridgeville and Margaret L. Taylor of Claymont with Miss Celeste Watson, instructor in home economics, as the advisor.

Included are articles on "America and the Rural Home," by Dean George L. Schuster of the School of Agriculture, and "Delaware's Growing School of Home Economics," by Dean Irma Ayers. Other contents include a review of Delaware's broiler industry by A. E. Tomhave, Professor of Animal and Poultry Industry; "Chemical Weed Control in Vegetable Crops," by E. M. Rahn, Associate Professor of Horticulture; and "Agriculture in India," by Anil A. K. Sheth, a student from that country. Various activities in the two schools are discussed in the 36-page illustrated issue.

## "DOUBLE EXPOSURE"

In order from left to right, the twins pictured above are Joseph Stout, Edward Stout, John Todd, James Todd, Frank Stevens, and Robert Stevens.

## ROTC Tosses 'Snake Eyes'

Word has it that the University Military Department is seeing double—in triplicate. The reason for this odd circumstance is the fact that the freshman ROTC group contains three sets of twins.

Military instructors were somewhat dismayed when they first observed the sextet. Sergeant Duran remarked recently, "I still can't tell the difference." He was backed quite emphatically by Captain Barrett.

The frosh under discussion are Joe and Ed Stout of Newark, Del., Jack and James Todd of Nottingham, Pa., and Frank and Robert

Stevens of Bloomfield, N. J. Last semester, each student was in the same ROTC section as his twin. This term, however, all except brothers Ed and Joe are in separate classes. The Stout couple are also in the Pershing Rifles.

An interesting factor concerning these military students is the striking similarity in their grades. It is a common occurrence for each twin to receive a grade within five points of that of his double. In similarity of actions, the Stouts take first place. They are unusually alike in behavior as well as appearance.

DON SWAN

## Swarthmore & Rutgers Rout Stickmen In Tough Tussles

After a four-game winning streak, Delaware's lacrosse team bowed twice last week, dropping a 9-4 contest to Swarthmore Wednesday, and being on the short end of a 16-9 score to an aggressive Rutgers' squad here Saturday. Milt Roberts' men had tough going here Saturday against these two teams, both among the better lacrosse outfits in the nation.

Swarthmore's superior stickwork and fast breaks downfield kept the Hens at bay, with Avery "Bunky" Blake Jr. being their top scorer. Cappel, Morris, Swan and Cherr each scored a goal for Delaware, with two tallies coming in the last minute of play.

Rutgers and Delaware both went "all out" in a fast-paced contest on Frazer Field three days later. The red and white garbed Rutgers men were fast and capable, pouncing on every scoring opportunity. A number of times the home team hurriedly passed without looking, right into the outstretched sticks of the opposition who then usually scored.

Thus, a number of Rutgers' goals were strictly of the "gift" variety.

All in all however, it was an exciting game, with plenty of action. Little Don Stevens, playing a clever game on attack, bagged nine markers for the visitors, the individual high for the contest. The Delaware score sheet credited three goals apiece to Ken Klatt and Don Swan, with the latter's season total now at 46 goals. Plucky Dan Cappel scored twice, and Don "Crazy Legs" Cherr chipped in one. Drexel will be the Hens' foe Saturday on Frazer Field.

## Chick'n Chat

By ARLENE MCGEE

Last Tuesday night 51 girls gathered together for the annual W.A.A. banquet. Doris Goodley introduced the speaker, Miss Bertha Lawrence, Dean of Instruction, State Teachers College, Trenton, N. J. Following a highly amusing and provocative talk by Miss Lawrence, presentation of W. A. A. service awards were made.

Sixteen girls received the gold W. A. A. pin given for having 90 activity points. These girls were Mary Brown, Sue Brown, Mary Bueche, Ann Catts, Grace Ann Goodrich, Nancy Goynne, Joan Greenfield, Mary Little, Joan Leahy, Mary Lou Kocher, Sally Matthews, Nancy Nichol, Lois Streithof, Nancy Thomas, Joan Wallis, and Virginia Wells. Six girls received awards for having 150 activity points. They were Shirley Burns, Jane Evans, Adele Feldman, Janet Vansant, Jean VonUffle, and Arlene McGee.

The banquet was concluded after the new W. A. A. officers were introduced.

The Aquatic Club is holding open house Monday night, May 7 for all girls who are interested in joining the club next year. Meet at the Women's Pool at 7:15 ready to swim.

W. A. A. is planning an evening of co-recreational activity on Monday, May 14th. The idea has been receiving favorable support from both fellows and girls. Lists are now being circulated which you can sign if you're interested in participating in any of the activities. Softball, volleyball, and tennis are a sample of the sports planned for that evening.

The article about W. A. A. elections in last week's Review was written by Janet Vansant and not Arlene McGee.

# Hens Chalk Up Two More; Shockley And Carlson Hurl

## Lacrossemen Show Snap With 4-2 Win

Coach Harry Rawstrom's green freshman lacrosse team looked a good deal riper last Wednesday, April 25, when they downed the Swarthmore J. V.'s 4-2.

Jim Schaubel led the attack with three of the goals, one of which was assisted by Kirk Banks. Acting captain Norman Williams scored the fourth goal with a brilliant break-thru.

The outstanding reason for the success of the team was the much improved defense. Dick Thomas, Bill Gurney, George Chalupka, Vaughn Fox, John Hukill, and Ken Corrin have all improved their game 100 per cent. Rawstrom says that the entire team has attained the fast thinking, coordination, and timing needed for a winning combination.

Today, the no-longer-green stickmen go into a return match with Lower Merion, who previously defeated them 9-1. It isn't only expected that the Lower Merion men will be in for a shock, but maybe even a beating at the hands of a more experienced frosh team.

## New Line-up Fails To Help Net Team

The Delaware netmen dropped both of their meets during the past week, losing to West Chester State Teachers 8-1 and Swarthmore 9-0.

West Chester is unbeaten in three meets and lost only one doubles match to Delaware. Swarthmore was even more successful on the Frazer Field courts as they shut out the Blue Hens.

Coach Hank Du Pont has instituted a new line-up. Pete Hill is number one; John Whann, number two; Dick Mulrooney, number three; and Captain Ed Clark, number four.

### Singles

Roy Dath, West Chester, defeated John Whann, 6-1, 6-2; Vic Crespy, West Chester, defeated Ed Clark, 4-6, 6-0, 6-3; Garry Zweig, West Chester, defeated Dick Moroney, 6-2, 2-6, 6-3; Dave Paxson, West Chester, defeated Pete Hill, 4-6, 6-1, 6-1; Al Quay, West Chester, defeated Don Hoffecker, 6-0, 6-2; Francis Piccone, West Chester, defeated Harry Seidel, 8-6, 6-2.

### Doubles

Dath and Quay, West Chester, defeated Whann and Hoffecker, 6-1, 6-3; Crespy and Paxson, West Chester, defeated Moroney and Clark, 6-3, 5-7, 7-5; Don Cooperman and Steve Dowlatkowski, Delaware, defeated John Matthews and Bill Evans, 6-2, 6-3.

## Intra-Mural League Swings Into Action

Anyone happening on Frazer Field last Monday night saw an awe inspiring sight as six softball games took place simultaneously when the intra-mural league got into full swing. Each team of the eleven team league plays four nights a week until every game is played. It is a tribute to the hard work of Tom Baylis' intra-mural council that so much interest is shown in these activities. Not only are 108 men playing softball, but at least that many more watch the games and cheer them on.

Badminton and Tennis have also begun and the Second rounds in both are beginning to be played.

The Blue Hens baseball team took two last week, with wins over Swarthmore and Johns Hopkins to bring their season's record up to 8-4. Both games were played on Frazer Field.

Bill Shockley, rapidly developing into the ace of the Delaware mound corps, won his fourth straight at expense of

Dick Goldberg is shown rounding 3rd base. Leading off and currently hitting .250, Dick has stolen 11 bases.

Swarthmore's respected pitcher Dick Hall by the score of 7 to 3. Shock started off very wildly in the first inning, walking four men to force in a run; but a double play saved the day. In the home half of the first, the Hens jumped on Hall for six runs on three hits and three errors, the big blow being Al Brodhag's round-tripper, the first of his two hits. Captain Dick Goldberg scored the only other run for the home team when he led off the seventh with a home run. Shockley settled down to strike out twelve and scatter six hits to sew up the game.

Grand larceny on a grand scale describes Saturday's contest with Johns Hopkins. The Hens pilfered everything but the ump's mask, stealing thirteen bases and walloping the Doctors 13-5.

Blonde Pete Carlson was the winner, evening his season's record at 2-2, and scattering 9 hits.

Al Brodhag again provided the punch at the plate as he brought his average up to .289 with a 3 for 4 day including a triple. Joe Lank was the other big gun in the attack garnering three safeties in six attempts.

This week the Hens play on the 5th and 7th at home, taking on Haverford and Temple.

## 'Tourinns' Approve University Behavior

Among the avalanche of mail which flowed into the office Monday was the following letter of approbation:

Mr. W. S. Martin  
Dept. of Athletics  
University of Delaware  
Newark, Delaware

Dear Mr. Martin:

"Tourinns" was happy to have you and your splendid group of young men as guests last Friday night. Everyone on our staff and other guests commented most favorably on the behavior of the team. They really made a big hit. And we are delighted you won the game on Saturday (although don't tell Muhlenberg we said so). We look forward to another visit from the University of Delaware.

Cordially yours,

Gordon B. Halstead,

Director of Public Relations

What further proof need we to know that the conduct of Delaware students is not exemplified by the antics of one Louis, the Blast.

Seriously though, this pat on the back from the pen of Mr. Halstead speaks well for the gentlemen of the Horsehide Fraternity. Our state scholastic system breeds not uncouth athletes, but gentlemen!

### SCORE BY INNINGS

Hopkins 110 000 003-5  
Delaware 211 043 20x-13  
Errors: Abrams 2, Carlson, Fraser, Runs batted in: Goldberg 2, Lank 2, Brodhag 4, Evans 2, Reith 2, Carlson 1, Harrison 4, Margolis 1. Three base hits: Evans, Brodhag, Harrison. Home runs: Reith, Carlson, Harrison. Stolen bases: Harrison, Carmichael 5, Lank, Abrams, Brodhag, Carlson. Sacrifices: Goldberg, Left on bases: Hopkins 8, Delaware 11. Bases on balls: Carlson 4, Trombley 4, Arnold 4, Wrobleski 1. Strike outs: Carlson 7, Wrobleski 1, Arnold 1. Hits off Carlson 9 for 5 runs in 9 innings; Wrobleski 0 for 0 in 1. Trombley 11 for 6 in 5 1/2, Arnold 4 for 7 in 2 1/2. Hit by pitcher, by Carlson, (McGinn). Winning pitcher: Carlson. Losing pitcher: Trombley.

## Galaxy of Errors Cause Runners Loss

On Friday, April 27, a relay team from the University of Delaware entered the Class mile relay in the Penn relays where they placed out of the running due to an unfortunate series of accidents. As Bill Evans came in on the second lap with about a five yard lead, he tripped and threw the baton to Harry Loose, who dropped it. Before the stick could be retrieved, another runner kicked it away and the advantage had been lost.

To add insult to injury, the team entered the M.A.S.C. mile relay on Saturday and placed fifth in their heat and seventh in the meet. The track team has two meets scheduled for this week.

## 'Neath the Arches'

By TOM O'DONNELL with JACK FAIRCHILD

Ah! Spring, when a young man's fancy turns? The trees are budding, the flowers are blooming, and so is South Campus. Three poets, inspired by the scenery said:

Fashions have changed from winter to spring

From clothes that cover to clothes that cling,

To pleasingly pleasant peasant blouses

To dazzle the eyes of all the gosses;

Believe it or not, it happens every spring.

Silly, isn't it? The first stop on our northern spring trip was the Snakes' annual . . . at the Italian-American Club, Kennett Square. Billy High (not in reference to any particular Sigma Nu) and his Mistis furnished the music. Saturday night's house party theme was Heaven and Hell — most of the Snakes dwelling in the latter. Spending most of their time in the nether regions were Ray Salamone first-dating Alice Hallegan; Smoothie Ponton jitterbugging with Joan Garson; Arch Ayars courtin' Lou Marie Welch. Those in Heaven (high up in the 2nd floor rear—knock twice, Tammany sent me) were Jack Kinter and Annie Hartshorn; brief intrusions were made by Fred Brown and Jo Ann Forcey, Mary Little dragging Dick Foster, Bill Nicoll squiring Dea DiSabatino, and Jack Harper with Pat O'Neil.

Up the road apiece, Theta Chi's forces gathered for a mass invasion of Kennett Square CC. The music of George Madden's orchestra served as an inspiring force. Saturday night, at the Hill Top, the famed McCarthy brothers, assisted by Mariner Mueller, staged the entertainment. Representing the Alumni were Hank Paris, Bob Hunter, Dick Kildoo, and Mr. and Mrs. Buck Thompson. Honoring Theta Chi's Sweetheart was seen: Joe Sherwood and Scotty Hafner; Bill Biser with Grace Walker, last year's Sweetheart; Ed Cunningham with Nancy Pierson, and Dev McCarthy escorting Jane Banks.

Red crepe-paper hearts and red and white streamers formed a romantic background for the annual Sweetheart Ball. Much credit should go to the hard working decorators of this dance.

## IDLE CHATTER:

Bob McFarlin standing the campus on its head by pinning A. J. Brandon . . . Shirley Thomas splitting her dates at Sigma Nu's picnic, Sunday . . . Rog Browning presented a token of his brother's esteem at the Saturday night western party—a cutting affair . . . Harter Hall demolition squad silenced by les gendarmes locales . . . Dixie Dickens and Barbara Batton pinned, our belated greetings . . . Banzai attack on local frat house foiled . . . What prompted Carl Wolf to try to give swimming lessons to Gerry Fisher . . . Sig Ep's presenting their version of Peep Show a la Roseberry . . . Gov. Elbert Carvel keeping Marine cadence at Military Ball . . . Lee Dannehower looking seductive over the week-end . . . Nancy Brooks eyeing a Sig Ep lately . . . "Diz" Phillips on the dawn patrol . . . Seen at the Colonial Inn AMing it were Claude Tease and Hal Schmittinger accompanied by Norm Setter and Lynn Deverell . . . Greg Gause was also there . . . Don Shannon and his Pershing Rifles doing extra drill on Monday for Memorial Day parade . . . KA's rather quiet lately . . . COLLEEN OF WEEK: Shirley Cannon, Sweetheart of Theta Chi, Queen of the Military Ball and last but not least engaged over the week-end to Dean Toda . . . She's had a very big week-end . . . Look no mention of the Goldfingers . . . (Till next week, maybe).

## Tassel Taps New Members Thursday

Honors Day, May 10, is the time set for the tapping of new members for Tassel, the senior women's honor society. The initiates are chosen from the outstanding women in the junior class, who qualify on the basis of scholarship, leadership, and service.

Early on the morning of Honors Day, the newly-elected members will be awakened by the seniors and informed that they have been chosen for Tassel. The Tassel girls will then serve breakfast to the juniors in the Home Economics dining room in Robinson Hall. At the breakfast the traditions of Tassel will be explained to the new members.

A formal tapping ceremony will take place in front of the Library at eleven o'clock on the same day. All members of the student body are invited to witness this service. Membership in Tassel will be formally recognized by an announcement at the Honors Day Exercises in Mitchell Hall at one o'clock. The following week a formal initiation and dinner will be given at College Inn.

## Episcopal Students Sponsor Meeting

On Saturday and Sunday, May 5th and 6th, the Canterbury Club will play host to Episcopal Students from several neighboring colleges at a conference whose theme is "The College Student's Responsibility to its Church after Graduation." The conference leader will be the Rev. Dr. W. Norman Pittenger, professor of Apologetics at General Seminary in New York. Dr. Pittenger is a well known authority and writer for the Episcopal Church, two of his outstanding books being "His Body, the Church" and "The Historic Faith in a Changing World."

The conference begins with registration in Old College from 2 until 3 p. m., Saturday. The addresses and discussions will be held in Old College Lounge. Services of Evensong will be held on Saturday night, and the Holy Eucharist and Morning Prayer, at which Dr. Pittenger will preach, on Sunday morning, will be held at St. Thomas Church. The conference will end Sunday, after dinner in Kent Hall.

## NOTICE

Reading-knowledge tests in French, German and Spanish will be given by the Modern Language Department on Friday, May 18, at 4:00 p. m. (D.S.T.) in the Chemistry Auditorium (German) and in Wolf Auditorium (French and Spanish).

The passing of a reading-knowledge test is required of all students in arts and science and secondary education, except those who matriculated in an accredited college before September, 1945.

Students who are completing or have completed the second-year college course (104) and others judged competent by the Modern Language Department for special reasons, are eligible for admission to the tests.

Information concerning the requirement may be secured in the registrar's office or in the Modern Language Office, 214 University Hall. Arrangements for taking the tests one hour late because of conflicts with regularly scheduled classes may be made in the Modern Language Office.

## The Illustrious Class of 1912

(1) The class of 1912 produced 35.7 per cent of its membership as varsity-letter men.

(2) The class of 1912 won 88 varsity letters in four varsity-letter sports.

(3) The class of 1912 produced the president of B. F. Goodrich Company of Canada.

(4) The class of 1912 produced the Vice President of the Chesapeake and Ohio Railway.

(5) The class of 1912 produced the Vice President of the Society

for Advancement of Management.

(6) The class of 1912 was—Is—Delaware's all-time greatest class.

(7) The class of 1912 set more records, more precedents, than any other class.

(8) The class of 1912 produced the owner and publisher of one of America's top five weeklies.

(9) The class of 1912 produced the Vice President and Sales Manager of Continental Motors.

(10) The class of 1912 produced 54.2 percent of its graduate strength as W.W.I. Veterans,

## Diane Kipp Heads Revue On May Day

In keeping with the long-standing tradition of celebrating the frolic and beauty that accompanies the coming of spring, the women students will hold their annual May Court on Saturday, May 12 at 2:30 p. m.

The student body has selected lovely, brunette Diane Kipp to reign as Queen of the May and preside over the afternoon's and evening's festivities. Diane was last years Delaware representative in the Cherry Blossom Festival at Washington, D. C. Her interest and participation in the various activities on the campus have made her a favorite of all.

## Modern Dance Club Demonstrates Skill

The Modern Dance Club proudly presented its first public demonstration on Thursday, April 26, 1951. The program was begun with a talk by the club's advisor, Mrs. Eleanor Mason, on the meaning of modern dance. Then followed a demonstration of techniques of dance and the remainder of the show. It was appropriately titled "Blue Chick Diary". In this, the dancers portrayed aspects of college life to the music of various rhythms and types. This program was also given before the audience of Pierre S. Du Pont High School on May 1, 1951.

Newly elected officers for the club are as follows: President, Janice Russo; Vice President, Janice Thompson; Secretary Treasurer, Jane Brennan; Publicity, Jo Massors. A good luck wish goes to the new officers and to the club. Keep up the good work.

## NOTICE

A. I. Ch. E. BANQUET

Date: May 18

Time: Meet at Chemistry Auditorium at 5:30 p. m. Dinner at Kent Hall at 6:30.

Price: \$1.65 without meal ticket. \$0.95 with meal ticket.

Speaker: Dean Sherwood from M.I.T. will speak on "Cold From Heat".

## Four Coeds Seek Wilmington Title

Four University of Delaware coeds were among the seven candidates for the title of Miss Wilmington, in the Scholarship Pageant, held May 2 in the Playhouse. The pageant was sponsored by the Wilmington Jaycees.

The Delaware girls who entered the contest were Shirley Cannon '51, Shirley Kuchenbacher '52, Doris Weiss '54, and Jean Wilson '52. Other contestants were Susan A. A. Darden, Joan V. Williams, and Maureen J. O'Brien.

In the talent phase of the program, Shirley Cannon offered her talents in modern dancing; Shirley Kuchenbacher presented a piano solo; Doris Weiss played the violin, and Jean Wilson gave a dramatic reading.

Miss June Bukay, Miss Wilmington of 1950, crowned Miss Wilmington of 1951. The winner of the title received the first prize scholarship of \$300 and the chance to compete for the title of Miss Delaware and possibly Miss America. In addition, numerous other prizes were contributed by the Wilmington merchants.

## New Courses Listed For Summer School

Four new courses have been listed for summer school. J. J. Grant of the Department of Geography and Geology will give a field study course in the regional geography of Delaware during first term. The enrollment will be limited to 25.

The Department of Philosophy has listed two courses to be given during the first term. The courses, entitled "Introduction to Philosophy" and "Philosophical Ideas in Contemporary Literature," will be taught by Dr. John J. Stoudt.

During the second term, Dr. Walter Kirchner, associate professor of history, will give an advanced course entitled "Studies in European History: Russia and the West." The course is open to advanced undergraduate and graduate students.

## Yale Selects Oppenheim For '52 Advanced Study

Dr. Felix E. Oppenheim, Associate Professor of Political Science at the University, has been selected by Yale University for teaching and advanced study there during the 1951-52 college year. Dr. Oppenheim is a graduate of the University of Brussels, Belgium, and holds a degree of Doctor of Philosophy from Princeton University.

At Yale, Dr. Oppenheim will spend some time teaching in the internship program. The purpose of this internship is to enable the educator to study the program of general education at the University and to bring suggestions back to Delaware.

## Alpha Phi Omega Picks J. Bice as '52 President

Alpha Phi Omega, national service fraternity, held an election of officers for the fall term Monday, April 30th. The election was conducted by Maurice Hartnett '51, who is the outgoing president.

The new officers of the fraternity are: President, James Bice; First Vice President, Lou Shannon; Second Vice President, Rogers Fouracre; Recording Secretary, Fred Baker; Corresponding Secretary, Jim Griffith; Treasurer, George Rothrock; Historian, Norman Ross; and Sergeant at Arms, Taylor Simpson.

Installation of the new officers will take place Monday, May 14th in the Robinson Hall meeting room.

# The New Fraternity Presidents

## Kappa Alpha

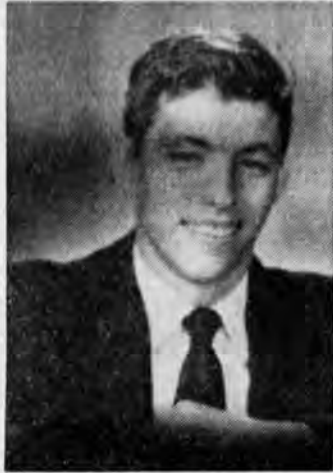

ROBERT DAVIS

K. A.'s new President for the coming year is Robert Davis, a junior majoring in Mechanical engineering. Historian of the fraternity for the past year, Bob is also Treasurer of the Engineering Council and a member of A.S.M.E.

President of the Student Council at Alexis I. DuPont High School, Bob has participated in intramurals and is interested in golf and swimming.

## Sigma Nu

PAUL CATTS

Sigma Nu Fraternity has chosen Paul Catts to serve as its Commander for the coming school year.

Paul, who is majoring in Entomology and Plant Pathology in Agriculture, is an ardent member of Omicron Delta Kappa, Alpha Zeta, the Varsity Club, the Agriculture Club, and the Delaware Rifles. In addition he is on the Varsity Lacrosse and Wrestling teams and has participated in the intramural boxing and cross-country program.

Paul makes his home in Cranford, New Jersey where he attended Cranford High School.

## Alpha Epsilon Pi

DONALD CHERR

Donald Cherr has recently been elected as Master of Alpha Epsilon Pi Fraternity for the 1951-52 term.

A junior majoring in chemistry, Don has taken a very active part in the activities of the University.

At present, he is the Junior Class Treasurer, the Social Chairman of the S.G.A., and holds membership in the Varsity Club and the Hillel Councilorship. He is also a member of the Varsity Lacrosse and Cross-Country teams and is Chairman of the May Day Dance.

An out-of-stater, Don hails from Noores Mills, New York and attended the Bronx High School of Science.

## Cheating Problem Discussed By Miami Hurricane Paper

The problem of cheating is apparently becoming so widespread that even the students are becoming concerned about it. Evidently, this situation is a pertinent one on many of the college campuses.

The Miami Hurricane recently stated that some of their students claim a 90% cheating rate. After mentioning some of the more popular methods of beating the test game, the Hurricane went on to explain some possible solutions to the problem of cheating. The first plan is the "Don't Trust The Student Proctor Plan." This works well only until the students find out a way to avoid the glances of the proctors. The second plan is the honor system, which has enjoyed a wide discussion on our own campus. The Hurricane then went on to suggest a third possible plan which is a combination of the two mentioned. Under this system there would be student supervision which would eventually make the student his own proctor.

The University of New Hampshire paper declared "Students have stated that they believe something is inherently wrong in the University policy on cheating. They point to the reluctance of professors and instructors to enforce cheating regulations as an indication that perhaps all is not well. Most students said, 'We don't like this situation any better than anyone else, but we can't be expected to change cheating practices unless the University tells us exactly what the rules will be. This practice of living day-by-day with no

## Review Given High Rating By A. C. P.

According to a report recently received from the Associated Collegiate Press, *The Review* ranked as a First Class college weekly for the first semester of the current school year. By the A.C.P. rating system, First Class is second of five classes. It is topped by an All-American rating, and is succeeded by Second Class, Third Class, and Fourth Class.

Copies of all the first semester issues were sent into the A.C.P. for rating by Fred Hartmann, then Editor of *The Review*. A group of professional journalists studied the publications, scored them on a large variety of characteristics, and made a large number of specific recommendations for a better *Review*.

A total of 148 papers from schools comparable to the University of Delaware were judged. Only thirteen made the All-American rank. Fifty-three were rated First Class, along with *The Review*. Eighty-two ranked below First Class.

*The Review* was rated exceptionally high on vitality, treatment, typography, sports coverage, and display.

real understanding of how cheaters will be dealt with only breeds cheating."

The honor system is still under consideration here at the University of Delaware. Perhaps these solutions suggested by the students on other campuses will offer a lead on which we can proceed.

## Greek Column

### Phi Kappa Tau

Congratulations to our own Dave Hoyer, Bill Webb, Wayne Kirklin, Joe Zappa and George Brown for the tremendous job they did in the jazz concert last college hour. It was sixty minutes well spent. And while we are still congratulating, orchids are extended to "Cap" Marvill and his lady fair, Jane Good, for their top performances in "Down in the Valley".

Our annual Mardi Gras was a terrific success with costumes ranging from shepherds to octopuses with only the butterfly missing. At this party our new mascot, a little mutt, was named Dammit by an overwhelming female vote.

Best wishes are extended to Ron Hodal and Lois Abbott and to Bob Thompson and Shirley Forman, both couples becoming engaged recently.

### Pi K. A.

Congratulations are in order for five new members of our pledge class. Last week we welcomed George Palmer, Don Burris, Bill Keyser, Bob Pillow, and Frank Stevens into the fold. Good luck, fellows.

We were happy to welcome Brother "Bear Dog" Dolby back

last weekend. The farm hasn't done him any harm yet — still the same old Dolby.

Pike's Peak has been undergoing a real face-lifting these last few weeks. Paint brushes, lawn mowers, hedge clippers, etc. have made a real improvement.

### A. E. Pi

The Brothers of the Rho Deuteron Chapter came campusward last week-end with the Middle Atlantic Alpha Epsilon Pi Basketball trophy . . . and a terrific conclave week-end behind them. The Washington conclave was definitely a success. . . say Beryl "Grapefruit" Chaby, Dave "One More Block" Goodman, Gary "Gentleman" Greenstein, Ray "Picnic" Brett, Joe "Stagger" Yucht, George "Slippery Eel" Chamlin, Ralph "Haynes Point" Keil, Dave "B&O" Schulman, Neal "Egrip" Rothman, Leo "Lithp" Zuckerman, Marty "My Suit" Cooper, Barry "Star" Seidel, Sandy "Roadmap" Ackerman, and all the other A E Pilgrims.

New officers of Rho Deuteron are Don Cherr, Master; Cy Kaplowitz, Lieutenant Master; Sandy Ackerman, Scribe; Dick Okonow, Exchequer; Joe Glick, Corresponding Scribe; Sam Nord and Alf Isaacs, I. F. C. Delegates; David Goodman, Steward; Arnold Lieberman, Mem-

ber at large; and Barry Seidel, Sergeant at Arms.

### Alpha Tau Omega

Last Saturday night the ATOMIC Club rang with memories of the "good ole days". The House was turned into a speak-easy for the party, the theme of which was: "The Roaring Twenties". The actives, pledges, guests, and their dates came in the attire of gangsters, bootleggers, gentlemen, and of course the well remembered "flappers". Prizes were awarded for the most interesting and original costumes. Brother Roy Soukup and Miss Doris Major were selected, and they were presented with a toy blue goose by Dick Hammond, our new Social Chairman. We feel that this was one of the best parties ATO has ever held, and hope that all who were present enjoyed it.

Congratulations to Bill Bauerband who pinned Margery Loeser of Elizabeth, N. J. Best wishes to both of you.

### Theta Chi

Three weeks ago, the Thet house was the scene of a great Bowery Ball. Starting off at 6:00 p. m. with an informal feed and ending at the usually appointed hour of midnight, gave us and our dates plenty

of time for much moving and much pleasure.

Last week-end we had our formal, house party, and topped it all off with a fine picnic Sunday afternoon. Grace Walker gave up her Theta Chi sweetheart crown to the lovely Shirley Cannon. The same night Dean Toda and Shirley became formally engaged. Also, Bill Craver pinned Mary Ann Biter. Congratulations to all!

Monday evening found Thet softball team off to a fast start, defeating Phi Kappa Tau in a very close game, behind able pitching of Brother Bob Shockley.

Recently Brother Tony Catola was elected president of Delta Kappa Pi.

### Sigma Nu

Sigma Nu's long awaited week-end got under way Friday night as the brothers and their dates traveled out to Kennett Square for the formal dance featuring "Bill High and his Esquires". A good time was had by all. However, it was the red hot music of "Harry Bessicks Combo" that nearly took the roof off at the house party. Providing some superb entertainment at the house party were brothers Covey, Vane, Foster, Wilcox, Waples, Kinter, Salamone, Patoki and Berl. Sunday the gang moved out to Brother Art Mayer's farm for a picnic, thus capping off one of the

most enjoyable and successful Sigma Nu weekends ever.

Delta Kappa's new officers are as follows: Paul Catts, Commander; Jack Ponton, Lieut. Commander; Bob Wilcox, treasurer; Skip Mayhew, Recorder.

Recently Delta Kappa celebrated its fortieth anniversary at Delaware. Brother Charles E. Palmer, Regent, was guest speaker at the banquet following the burning of the house mortgage.

The brothers of Sigma Nu take this opportunity to congratulate Hank Hammond for the fine job he did as president of the I. F. C. during the past year and wish the new president, Ralph Gezell, the best of luck in the year ahead.

### Kappa Alpha

The Military Ball was well attended by K. A.'s last week-end, led by Bob (G. O. P.) George and Jerry Dye, Stump Harris with ball and chain, and Bill Gorman with a new discovery. Adjournment to the Swiss Inn found that Dick Shockley with Betty Rem along with Walt Swenhart and Jean Smith had a head start with the Indians.

Due to the efforts of "Dog" Baynard and "Long Hair" Wright, the front lawn is wearing a bald look, but grass is expected.

Wino was also a main attraction during the past week over at the "Seemour" Carnival. "Walt" Buckson and Art Lewis are still blushing.

## More Individual Work Stressed By College Pres.

Cincinnati, O.—(I.P.)—American higher education was recently offered a plan for revamping its machinery to "provide better education at lower financial expense" by Dr. Raymond Walters, president of the University of Cincinnati.

According to Dr. Walters, "The faculty of each college—liberal arts, engineering, architecture and applied arts, business administration, etc.—should agree to start with a clean slate, wiping out departmental programs that have grown up merely by accretion and tradition."

"Let each faculty draw up the college objectives in the light of today and tomorrow and seek their attainment with fewer text-book assignments, less rigidity and frequency of class attendance, and less academic bookkeeping of miscellaneous semester credits."

"For the upper two or three years, offer instruction that is more specialized—but not too specialized—following fields of concentration or honors course programs made applicable to all students, general as well as honor students. For first two years, let there be utilized what has been found to be sound and good in the new general education programs."

"Remembering that higher education is fundamentally self-education, have upper-class students—freshmen alone excepted—do more work on their own. Read this—with (Continued on Page 8)

## Board of Trustees Favors Abolition Of State College

The executive committee of the board of trustees of the University of Delaware favors abolition of Delaware State College at Dover by July 1, 1952, according to an article in the SUNDAY STAR.

The members of the committee were canvassed for their opinions following a report of a commission appointed by Governor Carvel to consider the future of the state school for Negroes.

The commission recommended that the college, which now has its own board of trustees and offers four year courses leading to bachelor's degrees, be replaced by a two-year junior and/or community college to be operated by the board of trustees of the university. As an alternative and second choice, the commission recommended that the college be abolished.

The executive committee is opposed to taking over the college and running it as a two-year junior or community institution.

# THE DU PONT DIGEST

## Research Takes the Long View

Fundamental studies are one of the most important phases of Du Pont research

Fundamental research is designed to discover new scientific facts without regard to specific commercial use. Yet from it have come many products of commercial significance.

At Du Pont, for instance, fundamental research has pointed the way

"products of tomorrow" will come from the test tubes, flasks and stills of the research laboratory, the Du Pont Company recently expanded its Experimental Station near Wilmington. In this thirty-million-dollar addition, major emphasis is being given to long-range and fundamental research.

The enlarged Experimental Station with its 20 new buildings repre-

physiologists, agronomists, entomologists, horticulturists and others trained in biological science. In addition, there are specialists who are not classified in any of these groups.

### Free for Research

At the Du Pont Experimental Station every effort is made to permit the research man to concentrate on research. He is provided with the most modern laboratory tools and for the construction of special equipment he can call on a wide variety of services. These include machine shops, carpentry, electrical, welding, instrument-making, and glass-blowing shops. When the research worker needs any service or equipment within the scope of these shops, it is provided for him.

At this industrial research laboratory, Du Pont scientists are devoting themselves to extending the frontiers of science and creating "Better Things for Better Living . . . through Chemistry."

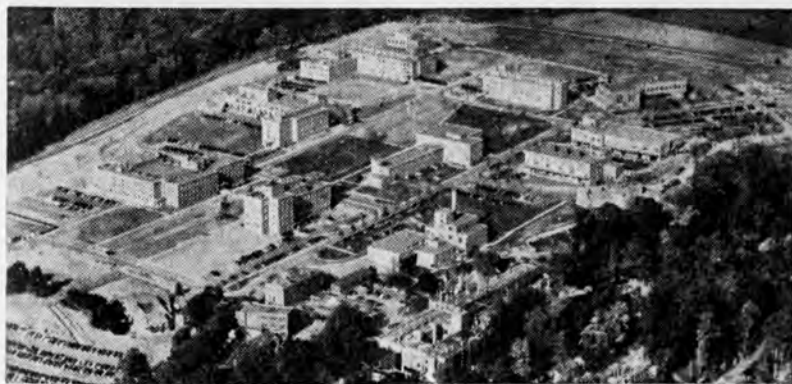

### DID YOU KNOW THAT . . .

Nylon came out of a fundamental research program begun in 1927. However, it took 13 years and \$27 million in research and operative investment to get into satisfactory commercial production.

BETTER THINGS FOR BETTER LIVING  
...THROUGH CHEMISTRY

Entertaining, Informative—Listen to "Cavalcade of America," Tuesday Nights, NBC Coast to Coast

Where long-range and fundamental research is emphasized: the newly enlarged Du Pont Experimental Station near Wilmington. Photo: Aero Service Corp.

to products like nylon, the first wholly synthetic organic textile fiber, and neoprene chemical rubber, to name only two.

Expanding for Tomorrow  
With the expectation that still more

Examining an infra-red spectrometer of polyvinyl alcohol in connection with the fundamental physical characterization of the polymer. J. R. Downing, Ph.D. Physical Chemistry, Illinois '40, and D. G. Pye, Ph.D. Physical Chemistry, Stanford '43.

sents one of the largest and best-equipped research establishments in the world. Even so, less than half of the Company's total research personnel is situated here. Du Pont laboratories in more than 25 other locations also carry on both fundamental and applied research.

There are now about 800 technical people engaged exclusively in research work at the Experimental Station. Assisting them are 1,500 others, in technical and non-technical capacities. The research people represent a wide range of training. Among them are organic, inorganic, physical, colloid, analytical chemists and biochemists; physicists and biophysicists; chemical, mechanical, metallurgical, electrical and electronics engineers; plant pathologists, plant

## Smiles

"What is your son studying in college?"

"Languages."

"Languages? I thought he was taking medicine."

"Well, I got a bill that said, '\$20 for French, \$50 for Spanish and \$200 for Scotch'."

A NO MAN: This lament comes from Stevens Institute of Technology:

I don't talk with the prof after class.

I don't recite in class until called on.

I don't ask questions in class.

I don't speak to the profs in the halls.

I don't write a book when I can answer a quiz in four sentences.

I don't complain that a mistake was made in grading my paper.

I don't make excuses when I've been absent.

I don't laugh at the prof's jokes unless they are funny.

I'm on probation.

An irate enthusiast, who had watched his home team go down in defeat, stopped the umpire as he was leaving the field.

"Where's your dog?" he commanded.

"Dog?" ejected the umpire. "I have no dog."

"Well," said the grouchy one, "you're the first blind man I ever saw who didn't have a dog."

Sympathy is what one girl offers another in exchange for details.

The club bore was boasting of his ability to distinguish between different beverages. Finally one of the listeners took a flask from his pocket and asked the connoisseur to taste it and tell him what it was. The man spit it out. "Great Scot!" he cried, "that's gasoline!"

"I know," came the bland reply, "but what brand?"

There were three men in a boat with four cigarettes but no matches. What did they do?

They threw out one cigarette, and made the boat a cigarette lighter.

It's better to be broke than never to have loved at all.

Teacher: "Jerry, I'm surprised! Do you know any more jokes like that?"

Jerry: "Yes, teacher."

Teacher: "Well stay after school."

Teacher: "Which is farther away, England or the moon?"

Johnny: "England."

Teacher: "England? What makes you think that?"

Johnny: "Cause I can see the moon and even Daddy says he can't see England."

A gum-chewing girl

And a cud-chewing cow

Are somewhat alike,

Yet different somehow.

And what is the difference?

I think I know now—

It's the clear, thoughtful look

On the face of the cow.

## More Individual

(Continued from Page 7)  
the judicious skimming they must learn to do—the great books, the masterpieces in their field; working laboratory experiments themselves; carrying out assigned projects or cooperative jobs.

"Except for freshmen, who probably need 12 hours a week of scheduled classes in the transition from high school to college, let there be a decrease in the number of required class meetings weekly. When first introduced, this decrease in class attendance and supervision might result in heavier student mortality. But students who are earnest and merit higher education would, I believe rise to the challenge and would like it."
