

# NEWARK POST

VOLUME VI

NEWARK POST, NEWARK, DEL., JULY 21, 1915

NUMBER 25

## COMPANY E OFF TO CAMP

Delaware's Crack Company E of Newark, under command of Captain Jacobs, will leave for the Annual Encampment at the State Rifle Range at New Castle on Friday evening, July 23. As usual the boys will make the hike from local headquarters to camp. First Lieutenant McKee and Second Lieutenant Ramsey will be along and as usual will probably play an important part in the duties attending the camp. Company E will make a showing of 42 men. While the boys have a record to maintain, no one doubts the result. Archie Dean will come down from New York for the week. Camp will break Saturday, July 30.

### Accidents

Wm. W. Cloud of near Ebenezer was struck, last night, with a broken chair and had his arm broken.

Frank Stephens, living with Leonard Lewis at Strickersville, Pa., fell from the square of the barn today, sustaining concussion of the brain.

### Pastor Called

The Rock and Zion churches, Cecil county, Md., have called as pastor the Rev. B. A. Matzen of Hannibal, N. Y. It is expected that he will accept. These two churches have been without a pastor for nearly a year, since Rev. Mr. Brinkema went to Milton, Pa. They have had preaching services, however, every Sabbath during this period with the exception of one Sabbath.

They had called Rev. Mr. Pugh but he declined the call and they were about to extend a call to Rev. Wm. C. Watson of Frankford, Del., when he announced that he intended to accept a call extended to him by the Bethany church of Williamsport, Pa.

### Summer School Notes

Teachers and prospective teachers who are in attendance at the Summer School at Delaware College were highly gratified to learn this week through the press that they will receive credit this year on their teachers' certificates for work passed in the school. It was announced some time ago by State Superintendent Stephens of Maryland that teachers from his state who passed work at the school would receive full credit on their certificates; but it was not announced by the State Board of Education of Delaware that Delaware teachers should receive similar credit until the meeting of the Board last Friday. The effect of this announcement of the State Board is bound to be most wholesome upon the educational system of the State. Those in attendance at the school are assured that their work will benefit them in the way that will do them the most good—namely, by helping to give them higher grade certificates. They will also have an incentive to do better work than they otherwise would do, and the result of this service that they can render to their communities. The announcement of the state board means a continuation, for this year at least, of the system in effect last year of giving teachers credit on their certificates for work which they do in the Summer School. The announcement as given out for the press is as follows:

"For some weeks there has been a difference of opinion among educational officials interested as to just what credits the State Board of Education should accept from the Delaware College Summer School. The matter has been discussed at various meetings of the State Board and the County Superintendents and was talked over again at the meeting of the board early this week. Inasmuch as no plan which would change the summer school credits has been agreed on, Henry Ridgely, president of the Board, has definitely announced that the summer school credits will be just the same this year as last year."

## College Extension Committee Visits Newark

For the purpose of looking over the ground recently acquired by the college, Henry B. Thompson, president of the Board of Trustees, H. Rodney Sharp and Frank Miles Day, supervising architect, were in Newark on Saturday. A meeting was held in President Mitchell's office where the plans were discussed. No statement was given out as it is understood that Mr. Day has not completed his plans for the approval of the Board. No date was set for a meeting of the Board.

## Parent-Teachers' Association To Meet

The local Parent-Teachers' Association is arranging for a meeting to be held in the College Oratory on Wednesday evening, July 28th at 8 o'clock.

The program to be given before the teachers will be in the form of a demonstration showing the value of such an organization in any community. Mrs. Houghton, president of the Newark Association, has arranged the following features:

Dr. Vaughn—The School as a Social Center.

Prof. Short—The Importance of Health.

Miss Brust—A Talk on Playground Work, assisted by Miss Rich in a demonstration of the plays.

Prof. Yoder is preparing some attractive music. Aside from the teachers, the public is invited.

## Benefit Under Aunt's Will

Under the will of Miss Annie M. Wilson, daughter of the late Rathmel Wilson of Philadelphia, who died in Canada, July 3, the Misses Martha, Lillie and Alice Wilson of this town, neices of the deceased, were each left \$1,000. Miss Wilson's estate is estimated to be worth from \$130,000 to \$150,000 of which about \$35,000 was left to charitable institutions in Philadelphia and about \$40,000 to friends including a trained nurse.

## Crop Observations

Due to the constant rains, farmers are having considerable trouble with harvesting. Reports of wheat threshing are below the normal yield in this section.

Hay is fair in quantity and of excellent quality.

Alfalfa is gaining favor. The second cuttings have been made and in many instances equaled the first. Yields on reported plots are from 2 to 2 1/2 tons per acre for each cutting. There is every prospect of two more cuttings.

Everybody is reporting prospects for a big yield of oats. The acreage around here is, however, less than usual.

## Young Hofferker Improving

Reports from Delaware Hospital this afternoon say that John Hofferker, son of Senator Hofferker, who was run over last Wednesday by the auto 'bus, is improving. What seemed at first fatal injuries are responding to medical treatment. Unless unforeseen developments appear, the boy will probably be home in a short while.

## BOARD OF HEALTH HOLDS MEETING

### MEANS OF SANITATION DISCUSSED—TO IMPROVE HEALTH CONDITIONS

At a public meeting of the Board of Health held last Friday night in Council chambers which was attended by a number of property owners matters pertaining to improving the sanitary conditions of a number of properties were discussed. Realizing that it would be a hardship to order some of the small property owners to connect with the sewer at once the board took this opportunity and way of suggesting some inexpensive ways of improving sanitary conditions and of asking the owners to co-operate with the board to that end.

At the opening of the meeting Dr. H. G. M. Kollock, president of the Board of Health read the following statement which fully explains the purposes of the meeting:

"The object of this meeting is to do away with all outside closets that leak, admit rain which spreads over the ground, due to shallow depths of vaults and rotten boards covering the same. Many of these exist on the smaller properties on New London Avenue, Choate and Chapel streets and other places.

"We hesitate to order sewer connections for all of these properties realizing it would be a hardship to many owners; but we are asking tonight, you property owners to co-operate with us to improve all such conditions in a simple, inexpensive manner.

"It is of course not practical for us to say what no outside closets shall exist in the town—but this Board has the legal responsibility of regulating conditions under which they may exist, and to condemn bad ones. To this end we have drawn these specifications to submit to your consideration. The specifications which call for concrete pits lined with brick or stone and cement, the lining to be brought at least one foot above the level of the ground were read. It also provides that all outside closets must be at least six feet from any party boundary line.

Louis L. Curtis, executive officer of the board who is also plumbing inspector, explained that there where conditions are bad the owners could be of great help to the board and save themselves the (continued on page 8)

## Picnics

The annual picnic of the Methodist Church and Sunday School will be held at Lovers' Retreat on Thursday, July 22. Transportation has been provided for all. The members of the party will assemble at the church about 10 a. m.

A program of entertainment including a baseball game between the married (including the engaged) and the single men is scheduled.

The Sunday School of the Head of Christiana Church will hold their annual picnic on the church lawn all day Thursday, August 5. We will be glad to have the members and their friends friends bring their baskets and spend the day with us. Come and make this a day of pleasure.

The Jackson Union Sunday School will hold their annual picnic at Jackson Hall on Friday, July 30, and a festival in the evening. All are welcome.

## New Garage At Elkton

Harry R. and Warren W. Boulton have broken ground for a new brick office building and garage to be erected on the Howard yard in Elkton with a front of 60 feet on North street and a depth of 70 feet. On the ground floor there will be four offices fronting on North street with a large arched entrance for cars in the center and on the second floor there will be five offices. The garage will be 60 by 50 feet with a concrete floor on the street level. The Boultons' present garage will be retained as a repair and display shop.

## Burglars On Chapel Street

The residents of the west end of Chapel street were aroused on Saturday night by shots being fired at a would be burglar who had been seen on one of the roofs of the four adjoining houses belonging to the Hammond estate. Before any successful attempt could be made to capture him he made good his escape through the back yards toward Choate street.

## School Assessment Complete

The School Assessment has been compiled and passed upon by the Board of Education. The Board set the taxes the same as last year \$3.00 and \$140 as the head assessment.

At the time of the Assessment there were 91 automobiles in the school district which are included in the school taxation. The books will be hung up for the public in a few days.

## Hubert Wiegand To Marry

Cards have been received in Newark for the coming marriage of Mr. Herbert de la Roche Wiegand and Miss Isabel Ancora daughter of Dr. and Mrs. Joseph R. Bryan of Philadelphia, in St. James Roman Catholic Church at 38th and Chestnut streets, Friday July 30 at 1.30 o'clock. Mr. Wiegand is the only son of the late Mr. and Mrs. Adam Wiegand (nee Chillas) of Philadelphia who of recent years spent their summers at Roseville.

## W. C. T. U. Meeting

The Newark W. C. T. U. will meet at the home of Mrs. Price on North Chapel street on Friday evening of this week at 8 o'clock.

## Motorcyclists Rush Through Newark

Demonstrators in the coast-to-coast army test for motorcycle dispatch riding tore through Newark on Monday on the way from Washington to San Francisco. The test which is under the management of the Federation of American Motorcyclists, is to demonstrate to the War College that it is possible to send a message across the continent at a speed of 50 miles an hour in case of an emergency, if the wires and railroads were destroyed by an enemy.

The dispatch left Washington at 10 a. m. Monday. At Baltimore John Daniels, Philadelphia, received the dispatch and covered the 110 miles to Philadelphia in 2 hours and 50 minutes. There, Arthur Chapelle, holder of several world's records for motorcycling, grabbed the dispatch and was off for New York at a terrific clip.

From New York, relays of riders will go to Chicago and thence to St. Louis and across the Rockies to San Francisco where they are due Saturday morning.

The passed through this town at a rate of about 40 miles an hour.

## Council In Action

George Moore, contractor, who was given permission to move the old skating rink from the Jones property to Cleveland avenue, started a street discussion when the engine tore up a hole on the tarvia constructed Main street. Councilmen, automobilists, and citizens generally went for Moore. For a time it looked as if our policy of neutrality might be abandoned. It is understood that Moore was told not to do any more moving until Council had reconsidered its permit.

## Accused Of Slighting Flag

A dispatch from Portland, Oregon, in Baltimore Sun of July 19, reports the following outburst on Claxton, well known in local educational circles:

A resolution that President Wilson be asked to dismiss P. P. Claxton, United States Commissioner of Education, because of sentiment derogatory to the United States flag he was reported to have expressed in a speech two years ago in Boston, caused a commotion today at the first session of the twenty-sixth annual Congress of the Sons of the American Revolution.

The resolution was introduced by Christopher W. Horr. It was greeted with hisses, but was finally referred to the resolutions committee without debate.

In his Boston speech Commissioner Claxton said, according to an excerpt read in the convention: "After all, the people of the world care very little what flag they live under. A flag means nothing. It is not a reality. They can live under one combination of colors as well as under another."

## Made President Of Real Estate Company

Edward W. Cooch of this town has been elected president of the Wilmington Realty Company to fill the vacancy caused by the resignation of Frances E. Gallagher.

## LEAVES INTERESTING WILL

Ashton R. Tatem, bachelor, orthodox Quaker, temperance enthusiast, lover of horse and man is dead, yet his name, his deeds will be recalled by his friends for many a day. Mr. Tatem who died at his home near Elsmere, left a will illustrative of his make-up.

For years Mr. Tatem travelled for Whitehall Tatem Company, manufacturer of Druggist Glassware. Retiring several years ago from active business, he moved to the old Tatem homestead near Newport. Here he devoted himself to agricultural interests, paying special attention to horse breeding. He was the owner of several very high bred Morgan Horses, their names standing in Registry. Also he owned a string of standard bred. At the time of his death he owned twenty of these, most of them of exceptional mark.

His will provided that Ex-Senator Corbit of Odessa should have first choice of this string and Professor Hayward of Newark should have second choice. Mr. Tatem was much interested in the College Farm and was a frequent visitor. Just before his death he presented the farm with a number of high bred registered Berkshires. His will further provides that the remaining horses be sold, the receipts to make a fund, the income from which should provide lectures and other means in fostering the interest and love of horses among the agricultural students.

Also all his prints, pictures, and collection of books on horses will go to the College Library. In these, there is reported to be some rare specimens.

Mr. Tatem was a typical member of the so-called old school, now fast passing away. He has bequeathed to the college, not only a provision for the study of horses, but a memory that will be recalled with interest by every true sportsman.

## Historical Trip By

### Summer School

On Saturday Dr. Vaughn took a party of Delaware College students on their first educational trip. The party left Newark on the early morning train for Philadelphia. Here many places of historical interest were visited, as Carpenter's Hall, Christ Church, Benjamin Franklin's grave, Betsy Ross House, Friends' Meeting House, Independence Hall. They also visited the Curtis Building where a courteous guide conducted them through the various departments, showing and explaining to them the wonderful systematic development of a modern magazine.

Here the party was deeply impressed with the fact that this company is indeed helping the people they employ to lead happier lives by the social, educational and cultural advantages supplied them. The party found itself tempted to linger in the dining hall with its beautiful mural decorations by Parrish; the rest room with its library; the recreation hall with its airy promenade; and the corridors hung with the original paintings and sketches used in the various magazines published there.

The U. S. Navy Yard was next visited and the battleship Alabama inspected.

The tour was completed with a visit to the "Zoo" where valuable instruction and amusement were combined.

The party returned to Wilmington by boat, enjoying the cool and refreshing breeze.

Dr. Vaughn had the trip so well planned that no time was lost in going from one place to another. Also, his valuable store of knowledge concerning the places visited and the interesting manner in which he explained everything made the trip truly a delightful one. The entire party thinks that Dr. Vaughn is a splendid conductor and have asked him to arrange another trip as soon as possible.

—Contributed.

## Fireman's Annual Carnival

### AUGUST 2-7, 1915

### Invite All Your Out-of-Town Friends

## AS IT APPEARS IN PASSING

### Newark As A Hustler

An advertisement placed in the Newark Post for a business location has not been answered. Neither of the Banks have recognized it; no real estate dealer has recognized it. The Board of Trade has let it go by without inquiry. While not permitted to give the name of L. B. appearing in another column, we know that it is a serious inquiry—a business for Newark.

Words fail us. There isn't sufficient English in Newark to express our feelings.

### German Efficiency

As an illustration of German efficiency and administration a letter has been received from a friend in the German army, saying the Newark Post reaches him regularly in the trenches.

### Newark An Exception

Sometime when Council is passing a resolution, complimenting their administration, it might be well to consider this startling fact; that Newark is the only town east of Pittsburgh that charges the same rate for electric current used as power as that used for lighting purposes.

### A Boost With A String To It

An automobilist sitting in du Pont's gave Newark this boost. "There is a burg out to the west here called Newark that needs a write-up in the Blue book. Any man passing through in anything higher priced than a Ford is pinched for some kind of violation of the law, presumably made on the spot. They hire the police force on that basis. He gets his salary and pays the town a commission."

### Educational Survey

#### Plans Maturing

Arrangements are being made by the Delaware Co-operative Educational Association in conjunction with the United States Bureau of Education for an industrial educational survey of Delaware. Dr. William J. Bawden of the Federal Bureau, a specialist in industrial education will have charge of the survey which will probably be started early in September. It is planned for Dr. Bawden to meet representatives of all agencies in the State in Wilmington about the first of September and outline the work. At this conference ways and means of the starting the survey, such as the formulating of schedules, state of investigators, etc., will be discussed.

In a letter written by Dr. Bawden he states that the information to be sought from the industries would relate to the following topics:

Age, nativity, conjugal condition of workers; amount of schooling received by workers; working conditions; hours of labor; regularity of employment; wages and earnings; provision for the training of workers; apprenticeship; provisions for instructions; evening schools; correspondence schools; promotions to better positions; analysis of occupations; educational plans; kinds of schools; courses of study, etc.

### Delaware Football Plans

From present indications Coach William J. McAvoy will have almost an entire new football team to build up again the coming season as has been the case for several years. At the close of the last football season it looked as though for at least one season all that would be required would be to fill in a couple of positions from the scrubs. There were only two members of the 1914 eleven which had an excellent record on the gridiron lost by graduation, they being "Billy" Cann, one of the tackles, and Grieves, a guard. This would have left nine of the 'varsity' to build around this year and the entire backfield intact.

As it turns out now, however, the possibilities are that the Coach will have only five of last year's 'varsity' to start with and will lose two of his backfield men. Neither Captain Handy or Crawford will be back in September. Handy played a half back position last year while Crawford, who had football experience at Lehigh the previous year and entered Delaware as sophomore played full back. Crawford added much strength to the team and his loss will be a blow. It is reported that he may enter Brown University. At Delaware Crawford was a star but at Brown it is possible that he will not even make the 'varsity' and for this reason his many friends here think that he is making a mis-

take. The absence of "Billy" Cann who played for four years on the 'varsity' will also be felt.

It is also reported that Groff, an end for three years, and Newton, who made the guard position last season and played a good game, will neither come out for football in September the beginning of their senior year. This will leave only Taylor and Fidence in the backfield and E. Wilson, Smart and Crothers on the line from the 1914 eleven.

It is possible of course that Coach McAvoy may be able to pick a few good men from the freshman class. He also has some good material from last year's scrubs to select from which includes C. Smith, Gray, Bratton, Lauritsen, Pepper, Loomis, T. Wilson, and O'Daniel.

The football schedule will be a hard one this year. Manager Jones and Coach McAvoy still have two open dates that they are trying to fill in. One of these is the opening game for Saturday, October 2. A team was scheduled for that date but was cancelled. The schedule as complete to date follows:

October 2—Open.  
October 9—Haverford at Haverford.

October 16—Pennsylvania Military College, at Newark.

October 23—Western Maryland, at Newark.

October 30—Catholic University at Washington, D. C.

November 6—Dickinson, at Newark.

November 13—Open.

November 25 (Thanksgiving Day)—William and Mary, at Newark.

Of the games scheduled five are for the home grounds and two away. It has also been learned that Delaware will sustain a heavy loss in baseball. "Bob" Wallace, the Wilmington boy who pitched such great ball last spring will not be back in September. Wallace developed under the coaching of McAvoy into one of the best pitchers that the blue and gold has had for years. He made a record of pitching 37 innings without giving a base on balls and also came close to a no hit game on several occasions. Geoghegan who covered first base last spring graduated. There are prospects of several good baseball men in the freshman class.

The 1915-1916 basketball team loses Cann, for four years a guard Lacklen of the 'varsity, and Brockson and Geoghegan of the scrubs.

Manning and Gibney, two record holders, were the track men who graduated and will consequently not be back.

Coach McAvoy will get football practice started as soon as possible and it may be that some of the squad will report before the college opens to get in more time to get in shape.

### Electrical Fires

Two farmers living several miles above Newark sustained losses during the past few days by fires caused by lightning. Saturday afternoon during a severe electrical storm lightning struck the barn on the farm of Charles E. Peterson, located on the road leading from the Telegraph to New London roads. The barn with the wagon and chicken houses were all burned to the ground. The stock was gotten out but most all of the contents were burned including a load of wheat on the barn floor and several tons of hay. The loss was probably \$2500 and there was no insurance on either the buildings or contents.

Friday afternoon lightning struck the wagon house on the old Barney Moore farm near McClellandville now owned by Wm. J. Fisher. It was burned to the ground with some farming implements. The loss was several hundred dollars partly covered by insurance.

### To Enlarge Projectile Plant

The new projectile plant of the Bethlehem Steel Company, near New Castle, is to be tripled in size at once. Work has started on one of the new buildings twice the size of the original structure which is now fully equipped and will likely start operations within the next two weeks. The plant has fine facilities with an admirable location and it is said will be permanently maintained irrespective of the length of the war in Europe.

### Grangers' Annual Festival

Diamond State Grange held a meeting at Stanton last Monday evening and appointed committees to arrange for its summer supper, festival and lawn fete next Tuesday evening, July 27, opening at 5 o'clock on the lawn of John Banks on the Minqua farm.

### Losses From Hall And Flood

Hail storms last week did great damage to crops and vineyards around Smyrna and Frederica. Concord and Middleford also suffered. Howard Hudson's peach orchard near Frederica was stripped and his corn and tomatoes were badly damaged. In the Milford section rain of the cloud burst order fell last Monday causing more or less damage.

### Yeggmen Fail At Newport

Newport postoffice was entered by two yeggmen early on Thursday morning and an attempt was made to blow open the safe but too light a charge of explosive was used and the door was not forced though one corner of it was broken. The muffled report awoke Lewis Miller who lives nearby and going to a window he saw two men running toward the railroad. The robbers had opened the front door of the postoffice with a skeleton key. Some stamps and a small amount of money in a drawer were not distributed by the robbers who were evidently frightened when the explosion failed to open the safe. The same night William Kings home about a mile from the postoffice was entered and all the food in the pantry was stolen.

### Any Old Place In U. S. A.

It may be down in Dixie or in the woods of Maine, It may be in the Rockies, or on the Kansas plain, In New York or in 'Frisco, Mobile or Kankakee, Any place in the U. S. A. is good enough for me.

I don't want to go to Europe and travel all around', Beneath the skies of Italy or see old London town. I don't want to kiss the Blarney stone or visit gay Patee, Any place in the U. S. A. is good enough for me.

What if we don't have castles with damp and musty walls?

## PENNSYLVANIA RAILROAD

## Here and There

During the absence of County Treasurer Charles H. Gatchell and wife from their home near the end of East Main street, Elkton, the premises were entered and robbed by unknown parties who carried off some jewelry and about \$5 in small change.

Miss R. T. Stoops of New Castle has been chosen principal of the public schools in Odessa.

The Wilmington Fibre Specialty Company has completed the removal of its plants in that city and Bridesburg, Pa., to New Castle.

Preston Miller, colored, aged 30 years, dived under the B. & O. R. bridge over the Christiana in Wilmington on Sunday afternoon and rising sank again without calling for help. His body was recovered in about half an hour. It is thought he was seized with cramps as he was a good swimmer.

Antone Lemo, a Portuguese laborer, hailing from Fall, River, Mass., aged 30 years was caught by a heavy cog at the plant of the Delaware Fish Company near Lewes last Wednesday and fatally injured. He died on a train en route to a Philadelphia hospital. His back was broken near the neck and in two other places.

The new dwelling of Captain John W. Scott near Hollandsville was burned last Monday. Loss, \$2000 with no insurance.

Lee Albertson of Statesville, N. C. will locate with his family in Milford, where he will erect a bottling plant probably on the De Valenger lot on East Front street.

Police Captain Charles E. Evans of Wilmington, who attained that rank in 1892, will retire on August 31 after nearly thirty years' service on the force.

Charles Watson, who was brought to Wilmington from Pittsburgh, on a charge of non-support was fined \$100 and costs on Friday and sentenced to six months at the Workhouse, 50 cents a day to be deducted from his earnings and paid to his wife.

Louis Rosenfeld of Camden, N. J., held for causing the death of Frederick Carlin, of Baltimore, on the night of July 5, in a quarrel over firing of torpedoes during which Carlin was knocked or pushed down, fracturing his skull, expected to find \$4000 bail, which Judge Rice had fixed, by Monday.

Reports from the Middletown neighborhood, one of the best wheat growing sections of the

State show yields as low as 12 bushels per acre. One of the best yet reported is 19 bushels per acre. The hay crop is reported as better than was expected.

The Levy Court has agreed to allow Wilmington to widen King street ten feet and Tenth and Eleventh streets twenty feet at the site of the new Court House and City Hall.

Lice are reported as preying on the leaves of cantaloupe vines in Sussex county and farmers are fighting them with air slaked lime hoping to save the crop.

Special Agent Stout has collected thus far in Wilmington under the non-support law \$43,148.55 in cases involving 441 children and 236 wives.

Seaford business men are arranging for the purchase of the baseball park as a public play ground.

Harry V. Buckson of St. Georges was fined \$10 and costs, one day last week, for driving an automobile in Wilmington without displaying license tags.

Small boys are suspected of robbing stores in Georgetown as the thieves took only toys and trinkets.

Mayor Price of Wilmington, tied his first nuptial knot on Wednesday for Edward A. Weitzenhofer of Wilmington, and Miss Mae E. Hendrickson of Wenonah, N. Y.

Sussex county reports a large yield of blackberries.

Generoso Verderano, a Wilmington bottler, is under \$500 bail, charged with selling liquor in larger quantities than allowed under his license.

Chief Warden Crawford last week reported 477 inmates of the Workhouse, the largest number since the prison was established.

Alexander Moore, colored, who exchanged drinks for eggs, was fined \$100 and costs in Wilmington last Monday for selling liquor without license.

Governor Miller has appointed Theodore W. Francis, a former State Detective, a Justice of the Peace in place of the late Thomas H. Buckley of Wilmington.

Patrolman W. J. Davidson, who was shot on the street in Wilmington on July 5 by Patrick Cunningham when he was about to arrest, is reported as likely to recover. Cunningham is held for trial but there is doubt as to his sanity.

John O. Cordery has purchased the Georgetown Roller Mills from Robert H. Fooks, the principal stockholder.

Wilmington bank clearings last week totalled \$2,258,990.03 against \$2,081,004.27 for the like week last year.

A. S. Reed & Bro. have received the contract to build the annex to the Wilmington High School at their bid of \$123,773.

During the past year permits were issued in Wilmington for buildings totalling \$2,265,823.80.

Philadelphians at Rehoboth Beach one day last week caught in three hours five hundred trout weighing from three to six pounds each.

Wilmington Council has allowed the Board of Education an advance of \$22,333 on the quarterly appropriation to provide for payment of teachers' salaries for June.

Bridgeville Council has fixed the speed limit of automobiles in the town at 15 miles an hour with strict regulations as to signals and lights.

St. Elizabeths Church, Wilmington, cleared upwards of \$1000 from its recent lawn festival.

Former County Treasurer Philip M. Groves of Elkton will seek the Republican nomination for Assistant Treasurer or County Commissioners Clerk at the coming primaries.

While feeding cattle on his farm near Elkton one day last week, James Vandergrift fell from a hay loft breaking several ribs and receiving other injuries.

The last \$25,000 issue of the \$200,000 of Cecil county 5 per cent road bonds was sold on Thursday as follows: \$15,000 to the Elkton Banking and Trust Company at 109.125 and accrued interest and \$10,000 to Hambleton & Co. of Baltimore, at 108.399 and accrued interest. Other bids of \$105 and \$106.863 were also received. The bonds are redeemable July 1, 1938.

The Singler Fire Company of Elkton has ordered an automobile hook and ladder truck to cost \$35,000 and will hold a carnival August 24-28 to raise part of the purchase fund.

If you lose your watch you lose what you paid for it. If you lose an

Few men grow beyond that boyish pride felt for a fine watch. Yet the expensive jewelled time piece keeps no better time than the Ingersoll. Thomas Edison uses an Ingersoll—that's guarantee enough for anybody. A man who works by an Ingersoll will never be docked for time.

I have a new line of these watches. The extra thin are convenient for the summer outing. Don't take the family heirloom or expensive watch on your vacation—get an Ingersoll

THOMAS A. POTTS

### Farmer Robbed of Cash

The home of Joseph W. Clark, a farmer near Talley's Corner on the Faulk road was entered on Saturday while he was absent, helping a neighbor, and robbed of \$125. The thief had filled a suitcase with plunder but was seemingly frightened and left it behind him.

### He Cometh Not She Said

A Georgetown special states that the wedding of Miss Annie E. Brittingham and George Conoway set for Friday night, failed to take place owing to the absence of the

groom-to-be. He had obtained the license and the guests awaited his arrival until 10 p. m. It was learned on Saturday that Conoway had boarded a train for an unknown destination.

JULY 21, 1915

## DELAWARE HISTORY POPULAR

The talk on Delaware History given before the Summer School by Dr. Vaughn has created another demand on the College. Several of the teachers have expressed their appreciation, inquiring whether it would be possible for such a course to be given at the next session.

Shameful to admit, we Delawareans are not familiar with our own history. Few states are so rich in historical association in the founding of the Republic. Sad, too, that these events have not been recorded so as to give them just prominence. The Chair of History, held by Dr. Vaughn, is the result of a State appropriation with the History of our State and Government as prominent requirements of study. In this day of a growing thinking citizenship, the state has builded well in making such provision.

Dr. Vaughn, coming to this State, has caught the spirit of both of Delaware today and yesterday. Delving into our traditions, he has restored much that was lost or forgotten. He has the rich faculty of comparative study, giving his facts a practical as well as purely historical significance.

It is not unkind to our teachers to class them with the rest of us, in their knowledge of Delaware's place in history and progress today. A course of lectures, such as Dr. Vaughn could give, would result in an inspiration all over the State. The teachers carrying the theme back to the schoolroom would add no small influence toward better citizenship of tomorrow.

It is hoped some plan can be made whereby such a course can be given to every teacher attending the school next season. It seems to us that the Board of Education would do well to consider such and make it one of the requirements of study.

## CARNIVAL

Aside from the energy of the firemen, and the co-operation of their friends, the success of the Firemen's Carnival is founded on this fact—the money made is for a public good. Although the Firemen, as constituted, is a private organization, its every activity is public service. Its very existence is kept for rendering service when most needed. It has so far as we know, no selfish aims. Socially, it would not endure, it is a Volunteer Company, with all that that implies. So jealous of its reputation that to criticize any action made starts an argument. Yet this in itself is commendable. It is one organization in Newark whose whole activity is public service. Let's help it along—if only by urging Council to provide water equal to the engine capacity.

## SUMMER SCHOOL RECOGNITION

Appearing in the College Notes this week, is an item of news worthy of more than ordinary note—that of Superintendent Stephens giving his approval of the Delaware College Summer School. The Maryland authorities have decided to give credit for all work passed under our Delaware teachers releasing them from further examinations. Aside from this, the Maryland teachers attending are given Twenty-five Dollars toward their expenses and excused from attending the winter series of Teachers' Institutes.

This is indeed no small compliment. That it is recognized is witnessed by the fact that the number of Maryland teachers in attendance this year far exceeds that of last year. Such recognition by a sister state must be very gratifying to the Faculty of the College and the Board of Education.

Aside from this, it promises well for a closer relationship of Delaware with the Eastern Shore Educators.

## Hoch Out Of The Game

Elmer K. Hoch, who graduated from Delaware College in 1914 and who for four years was a star on the Delaware team coving first base during that time, will probably never play ball again. Hoch who has been playing this season with New London in the Canadian League, was injured several weeks ago in a motorcycle accident. It was at first thought that he would recover sufficiently in a short time to resume his position on the New London club but later developments would indicate that his baseball days are over.

A friend of Hoch's here recently received a letter from him. He is still in the Hospital. Two of his ribs were broken and his left shoulder seriously injured in the accident. Hoch is a left handed thrower and it is the injury to his shoulder that will probably keep him out of the game.

Hoch is a son of Representative Hoch of Woodside and was reading clerk for the house during the session of the last legislature. He is also a brother of Harry Hoch, the pitcher who was sold several days ago by the St. Louis Americans to the Louisville club.

## Controlling Apple Blight

The Executive Committee of the Peninsula Horticultural Society requested the aid of the Federal Department of Agriculture in an investigation of the epidemic of apple and pear blight on the Peninsula this year. Mr. Lee M. Hutchins was sent over as a representative of the Department and spent several days on the Peninsula. The present epidemic was caused by peculiar weather conditions. The remedy is to cut out all hold-over blight when the trees are pruned in the fall. In the apple tree not more than one blighted twig in ten thousand will carry the germs over winter. The live blight is shown by peculiar reddish streaks on the bark. These should be cut out, cutting six inches below the blighted part. Also the cankers on the trunks and larger limbs should be cut out. All cut surface should be disinfected by wiping them with a sponge moistened with bi-chloride of mercury. Young trees may be saved by going over them carefully and repeatedly from blossoming time

EDW. L. RICHARDS, Newark, Del.

until July or August and cutting out blighted twigs as they appear. Such a course would be impossible on large bearing trees, but on

small trees not more than five or six years old, it is a simple matter and will save the trees from serious injury. Yellow Transparent

and Jonathan trees are among the worst blighters, while Winesap, Stayman and Mammoth Black Twig are comparatively resistant.

## WHAT CONSTITUTES WEALTH?

A Persian Philosopher—who albeit a Philosopher was very wise in the things of this world—when asked as to what constituted wealth replied: "To constitute wealth there must be three gifts. No. 1, Money. No. 2, More Money. No. 3, Still More Money." There is more in this than appears to the casual eye. First, let us say, open a Bank Account at The Newark Trust & Safe Deposit Co. with a little Money. Add to it and you will have More Money. Continue adding to it and you will have Still More Money—and before you know it, you have WEALTH.

—Labor and Thrift are the Cornerstones upon which the Structures of Success and Wealth are erected.

Hours: 8 a. m. to 4 p. m.

## PERSONALS

Miss Vola Eubanks is visiting Miss Margaret Lumm at Chesapeake City.

Miss Mary Harmon of Wilmington has been visiting Mrs. George Ferguson.

Mrs. Wm. Tyson and children of St. Clair, Pa., are visiting Mrs. John Pilling.

Mrs. Fred Henning and children are visiting near Oxford, Pa.

Mr. and Mrs. Frank Grier of West Chester and Mr. and Mrs. E. Kirk of Philadelphia spent Sunday with Mrs. Rebecca Wilson.

Mrs. Edward Vinsinger and children have gone to New London Conn., for a visit.

Mrs. John Kirk and Miss Fannie Clark are visiting Mrs. Rebecca Wilson.

Miss Geneva Burnite is visiting Hockessin friends.

Prof. C. O. Houghton and family left this week on a motor trip to Potsdam, N. Y., where they will visit relatives.

Mr. Paul Pie and family of Baltimore, J. P. Armstrong and family, Miss Ellen Reeves of Newark and Miss Rosalie Pie of Philadelphia, were the week-end guests of Dr. and Mrs. Walt H. Steel at their camp, "The Buttonwoods," on North East river.

Mr. and Mrs. Frank Jester, Mr. and Mrs. Clarence Jester, Miss Nelson and Miss Shockley, Messrs. William Ellison, Chester Ewing and Ralph Barrow spent the week-end along the North East River.

State Commissioner of Education Dr. Wagner, and County Superintendents Cross, Carroll and Hardesty, visited the Summer School on Tuesday of this week.

Col. Theodore Armstrong, who has been resting at the German Hospital, Philadelphia, is expected home tomorrow.

Ernest Sanborn, B. & O. operator and his family, are camping and fishing for several weeks down near Middletown.

Cantwell Cloch, a graduate of Delaware College, has taken a position with the du Pont Company and has started for Michigan to assist in the construction of a power plant in that state.

Miss Nan Skinner, formerly of Glasgow, left yesterday with a party from Philadelphia, for the Panama Exposition at San Francisco.

Misses Ethel and Marian Campbell will motor to Cambridge, Md., on Friday to attend the regatta.

W. L. Fader and family have returned to their home in Pittsburgh Pa.

Mrs. J. M. Conner and son James have returned to their home in Baltimore, Md.

Dr. and Mrs. J. S. Gilfillan spent the week-end visiting their son La Martine and wife.

The Rev. E. S. McLaury, pastor of the Drawyers Presbyterian Church, Odessa, and his friend, Rev. H. D. Sassaman of Easton, Pa., were in town Monday to visit Dr. Gilfillan, but were disappointed in not finding him home.

The Closson sisters, who conducted services in the Presbyterian church here in April, are engaged in similar services in Williams, Iowa.

The Rev. J. W. Lowden preached at Rock and Zion last Sabbath and will preach again for them again on next Sabbath.

## Entertainment For Building Fund

For the benefit of the Building Fund of the New Century Club, a social and entertainment will be given at Mrs. Hayward's, College arm, on Saturday evening at 8 o'clock.

The entertainment is being arranged by Mrs. E. S. Armstrong of Cooch's Bridge. This is sufficient advertisement to guarantee an interesting program. The program will be given by local talent and artists of Philadelphia and Washington. Humorous monologues, vocal and instrumental music will be features of the entertainment.

Adding to the novelty of the occasion ice cream cones will be for sale. Admission—a silver offering for the coin of the realm. The proceeds will go to the building fund. Members of the club and friends are cordially invited to be present.

## Editors Receive Invitation

General T. Coleman du Pont has issued an invitation to the Delaware Press Association for a one day's cruise on his yacht "Ach" from Wilmington, July 31.

## Presbyterians Consider Pastor's Salary

An important congregational meeting of the Newark Presbyterian Church was held in the church Sunday morning when matters pertaining to the salary of the pastor, Rev. William J. Rowan, were discussed. At the present time Dr. Rowan, in addition to being pastor of the church is also professor of rhetoric and oratory at Delaware College. He receives a salary of \$1,000 as pastor of the church, and a like amount for his duties at the college.

At a meeting of the official board of the church some months ago, the matter of increasing the pastor's salary was discussed and referred to a special committee composed of elders and trustees. It was to hear the report of this committee that the congregational meeting was held on Sunday. For some time there has been a feeling among several of the members of the church that it would probably be best for Dr. Rowan to give up his work at the college. The membership is much larger now than when he began his work here. In the opinion of some of the officials the church work was now of such proportions as to demand all his time.

A number of different propositions were made at the meeting on Sunday but most of them were voted down. Some of the members thought that Dr. Rowan should receive an increase as pastor without interfering in any way with his work at the college. Eventually a motion prevailed that Dr. Rowan be offered \$2,000 a year as pastor beginning the next fiscal year providing he sever his connections with Delaware College as a member of the faculty of that institution.

## Carnival Notes

Outside of the usual few, the coming Carnival is beginning to get in the blood. The man on the street is beginning to inquire how the plans are maturing and whether the firemen will be able to pull off their usual success in drawing the crowds.

King Rex, the daredevil slide artist is creating comment. As reported in last week's Post, these attractions will be free. Performances at 7.30 on Monday, Tuesday and Wednesday evenings. It is estimated at one period of the trick he is making a speed of 60 miles an hour. The press speaking of his performance at Luna Park last week say that the crowds were awestricken at the daring feat.

Morris & Morris, singers and dancers come well recommended. They come from the leading vaudeville circuits of the East.

A new feature in view now is the Baby Parade. Details of this will probably be announced next week.

It is rumored that some success prize news is in store—so watch the Post.

## STRICKERSVILLE

Mr. Geo. Jones and Miss Hayward, of Philadelphia, were guests of the former's parents over the week-end.

Miss Anna Crowe spent a few days with her sister, Mrs. Nelson L. Pierson.

Wm. Smith of Marion, N. C., is visiting his mother, Mrs. Emily H. Smith.

The Willing Workers of Flint Hill M. E. Church were delightfully entertained last Thursday afternoon by Mrs. Sherman Dayett.

Miss Reba Vansant, Woman's Hospital, Philadelphia, spent part of her vacation with friends in this vicinity.

Mrs. and Mrs. Rawson, Brooklyn,

were recent guests of Mr. and Mrs. L. C. Garrett.

Mr. Lee Robbins and family, Mr. and Mrs. Arthur Redmond of Piqua, Ohio, while motoring through the Eastern States made a brief visit with relatives here.

Miss Rachel Watson, Germantown, spent Saturday and Sunday

with friends.

The regular monthly meeting of Wesley Aid Society will be held at the Church on Thursday evening, July 22.

Mrs. Sarah J. Pierson is entertaining Mrs. Abe Leonard of Roxborough.

| Elk Mills    | 5  | 8  | .385 |
| Elkton       | 5  | 9  | .357 |

## SATURDAY'S SCORES

New Castle, 8; Newark, 5.  
Parkside, 8; Traction Co., 4.  
Elkton-Elk Mills, rain.

## SCHEDULE FOR SATURDAY

Traction Co. at Newark.  
New Castle at Elk Mills.  
Elkton at Parkside.

All dope went wrong on Saturday. Hogan and even Alexander got their bumps. Just at a time when we were going at a nice gait the leaders handed us a set back that it will take some time to make up. It was a clean affair, however, and leaves no room for argument or alibi. The leaders did it with their little clubs early in the game and kept it up as a matter of fact as long as Hogan remained in the box. Reynolds pitched the last inning. It was something, however, that every pitcher no matter how good he is gets once in a while and Saturday was the day for Hogan to be handed his. There is not much that can be said about a game that the opposing team simply wins by superior hitting. If it was some bone head work there would be a chance to beef a little but when the other club throws the harpoon in by outpitching you all that is left is to swear vengeance and get even the next time.

It will be remembered, however, that New Castle touched Hogan rather lively the last time the two teams met and it looks as though it might have been good dope on this occasion to have started Reynolds if he was right to pitch. The shadmen do not seem to have a terror for a south paw and that should be remembered.

The dope also went wrong in the Parkside-Traction Co. game. The live wires had been going so fast of late that nearly all of the fans were picking them to take Parkside's measure. As it turned out they were about as easy for Parkside as Newark was for New Castle. Bob Wallace broke into the game but not for long. Some hearty wallops on the part of Parkside resulted in Wallace soon being yanked in favor of Morley. Rain prevented the Elkton-Elk Mills game.

## Hogan in Poor Form

Some few of the local fans accompanied the club to New Castle on Saturday and watched the down fall 8 to 5. Hogan seemed to have very little on the ball and was hit hard. Jake got away with the opening inning but in the second the bombardment started. By the time the inning ended New Castle had gathered four runs mostly by hard clean hitting. They scored another in the third, one in the fifth, one in the sixth on Gibbons home run and the eighth run in the seventh inning.

Newark hit hard enough to win most any game but this happened to be an occasion when their pitcher was getting bumped also. The locals made a good start by scoring a run in the opening inning and in the fourth scored three more when Spence made a pretty drive with the bases jammed. Schmickel got Newark's fifth run in the seventh inning with a home run drive over the fence. The score follows:

| New Castle   |    |    |       | Newark |    |    |       |
|--------------|----|----|-------|--------|----|----|-------|
| R.           | H. | O. | A. E. | R.     | H. | O. | A. E. |

Wier. Time, 2 hrs.

## BOOSTS AND KNOCKS

Traction Co. will be here on

Saturday.

New Castle increased its lead

over Newark and now four games

separates the locals from the lead-

ers.

Parkside gave the Live Wires a

trouncing with a patched up team.

Bobbie Wallace had his first

start on Saturday but it proved a

bad beginning. We predict, how-

ever, that Wallace pulls through

and makes a valuable man for

Traction Co.

Schmickel pickled one for a

home on Saturday and came near

doubling the trick.

Hogan has been easy for New

Castle in the last two games he

pitched against the leaders.

Reynolds will probably pitch

the game against Traction Co.

here next Saturday.

Many local fans will regret the

news that Elmer Hoch will not be

able to play ball again because of

his injuries in a motor cycle acci-

dent.

Rain prevented Elkton and Elk

Mills fighting it out for last place.

"Pete" Coffin who has done good

work for Parkside all season has

been signed to do some of the

pitching for the Cambridge, Md.,

club.

New Castle did all that batting

without Carlin in the game.

It is about time Scanlon was

given a chance. This business of

importing players when there are

just as good at home gains nothing.

Spence was there with the op-

portunity wallop against New Cas-

tles.

Continental is still winning

extra inning games and the one on

Saturday was a peach.

Crow allowed only two hits to

the New Castle team, one in the

first, and one in the ninth innings.

Four out of the next five games

are scheduled for the home

grounds the one to be played away

being with Elk Mills.

Young Robinson is putting up a

good game for Continental his bat-

ting being largely responsible for

the last two wins, both of which

went into extra innings.

## Crow Fanned Eighteen

Al Crowe, of the Continental

team pitched a remarkable game

against a club from New Castle

here Saturday afternoon which

the locals won in eleven inning, 2

to 1. Moore not only fanned 18

men but also allowed but two hits

After two were down in the first

inning McGrory hit for a double

scoring Wilhelm who had walk-

ed. The next seven innings only

three men to an inning faced

Crowe. In the ninth Davis singled

making the second hit for New

Castle. Only thirty-seven men

faced Crow in the eleven innings.

He gave several passes but these

men died when they attempted to

steal on Slack.

Kee pitched nearly as good ball

for New Castle. Continental also

scored one run in the opening in-

ning on an error and Slack hit to

right. Kee walked a man in the

second but from then until the

eleventh only three men to an in-

ning faced him. Continental won

the game with two out in the

eleventh. Robinson had walked

and went to second on an error.

He scored on Moore's safe hit.

Crowe was given perfect support

while Kee's own error practically

lost him the game. The score:

Lively Blaze At Laurel

Laurel firemen and residents

were called to fight a threatening

blaze of unknown origin on Friday

night which destroyed the barn

and stables of S. J. German on

Sixth street. But for its tin roof

the German dwelling would also

have been burned. The contents

of the barn were destroyed but a

team was saved from the stable.

Fireman Phoebeus was overcome

by the heat and Postmaster Ellis

stumbled over a box and falling

broke one of his ribs.

Freight Fireman's Lucky Fall

J. T. Mears, of Wilmington, fire-

man of an extra freight, fell from

the tank of the engine about mid-

night last Tuesday between Brent-

ford and Dover while the train

was running about 30 miles an

hour. The engineer missed him

and backed the train. Mears was

found near Cheswold and had es-

caped with a sprained ankle and

shoulder. He had gone to the

tank to cool an overheated poker

when he fell.

Gamblers Fire School House

Residents of Townsend are

forced to provide a new school

building to replace the large two

story frame structure which was

burned early last Sunday morn-

ing. William Money discovered

the blaze but it had gained too

great headway to be controlled.

The building which was complete-

ly destroyed with its furniture

and two pianos, had been closed

since June 1. Poker players or

crap shooters it is supposed, care-

lessly caused the blaze. The loss

is put at about \$5,000 with partial

insurance.

Farmer's Wife Horrible Fate

Mrs. Howard Virden, wife of the

tax collector for West Dover hun-

dred, was fatally kicked on Wed-

nesday by a sick horse which she

went to look after in the absence

of her husband. He found her ly-

ing on the floor of the stable with

her head and face terribly batten-

ed. She was carried to her home

but died before a physician ar-

# Egg-Laying Score in The Philadelphia North American International Egg-Laying Competition

Operated on the Grounds of the  
Delaware Agricultural Experiment Station  
Delaware College, Newark, Del.

## EGGS LAID IN THE 36th YEAR, 4th YEAR

One hundred pens of five birds each make up the competition,  
the 500 birds are numbered from 1 to 500.  
Eggs laid outside of the trap nest are credited to the pen.

## PUZZLE CORNER CONDUCTED FOR THE POST BY WITTAKER

ANSWER TO ENIGMA NO. 27  
THE REVOLUTIONARY SOLDIERS OF  
DELAWARE

The series of puzzles represents the names of men, women, and events with which every Delawarean should be familiar. For every four correct answers submitted, this office will give a year's subscription to The Newark Post. Answers will be published the week following the publication of puzzle.

### ENIGMA NO. 28

I am composed of 24 letters:  
My 2-4-2-14, the jurisdiction of a bishop.  
My 20-18-8-12-1-16-19, disloyalty.  
My 11-4-18-5-7, an injury.  
My 3-23-10-6-17-22, very necessary to children.  
My 15-12-9-18-21, estimation.  
My whole was a spirited band.

Answers received to Enigma No. 27:  
John Buckingham, Newark, Del.

### Freedom

"If Paradise was a prison I'd leap its crystal walls to Liberty."  
I do not pretend to tell what all freedom. I denounce the cruelties and horrors of slavery. I ask for light and air for the souls of men. I say, take off those chains—break those manacles—free those limbs—release that brain! I plead for the right to think, to reason, to investigate. I ask the truth is. I simply plead for that the future may be enriched with the honest thoughts of men. I implore every human being to be a soldier in the army of progress.  
I will not invade the rights of others. You have no right to erect your tollgate upon the highways of thought. You have no right to leap from the hedges of superstition and strike down the pioneers of the human race. You have no right to sacrifice the liberties of man upon the altars of ghosts. Believe what you may; preach what you desire; have all the forms and ceremonies you please; exercise your liberty in your own way, but extend to all others the same right.

### Down State Crop Reports

Farmers who grow tomatoes for the canning factories down State are much encouraged by the outlook for a bumper crop of that vegetable. Early in the season during the cold nights, the cut worm was busy, and many patches were so badly hit by this pest that the owners had to practically replant the entire field. This continued for weeks, but with the warmer weather the trouble stopped. The farmers state that the plants later set are doing much better than they had been led to hope for, and that every prospect is for a good yield. The crop will necessarily be a little later than usual, so they state.  
Sweet potato growers say the yield this season will equal that of last year in the Milford section, and in many instances they even make claims for a larger yield. The acreage this year is a little larger than last season.  
Early corn looks better at the present time than it has for years at this season of the year and growers state that they have every reason to expect a bumper crop of that grain.  
Those farmers in lower Delaware who have fields of alfalfa are wearing smiles. The scarlet clover crop in Delaware this year was a decided failure, and for that reason the supply this coming fall and winter will be the smallest in years. The alfalfa crop, however, has been the best in years, many of the growers already having saved two crops of that hay. They expect to have three more crops from the same fields before the season closes. Many of the alfalfa growers have refused \$20 a ton for the crop in the field, and they state that the price will not be less than \$25 before the season fairly starts.

### Trade Excursion

The Wilmington Chamber of Commerce is arranging another big automobile trade excursion to visit towns in New Castle county, Del., and Cecil county, Maryland, on Thursday, July 29. Similar excursions in previous years have always proven tremendous successes and the Wilmington trade boosters have always been welcomed royally by residents of the sections they visit. Inasmuch as the route for the coming excursion is in territory immediately adjacent to Wilmington and through sections which are already doing considerable trading with Wilmington it is to be expected that the outing will prove more enjoyable and profitable than any given before. The route for the trip includes the following places: New Castle, Delaware City, Fort du Pont, St. Georges, Odessa, Middletown, Mt. Pleasant, St. Augustine, Chesapeake City, Elkton and Newark. Fully 50 automobiles are expected in line.  
Automobile trade excursions have proved an effective means of having the Wilmington business men become acquainted with the people of the towns they visit and have laid the foundations for business relations which proved profitable for both sections. Informal receptions will be held in the towns where stops are made by the town officials and members of the local trade organizations.  
"If you can't get it at home, buy it in Wilmington," is the slogan that the Chamber of Commerce has adopted in its campaign of trade

### STOUTS OVERSTOCKED

40 to 46 CHEST  
1-2 PRICE  
Now \$6 to \$12.50

Come in and look them over. Your size and your bargain may be just the one that is here.

### HOT WEATHER CLOTHES

Palm Beach Suits, \$6 to \$8.

### THE GENUINE

Mohair Suits, \$10 to \$15.

Serge Trousers, \$2 to \$5.  
White Flannels, \$3 to \$6.

Everything else to wear to Keep You Cool and Contented.

Mullin's Big Home Store  
Wilmington

extension. This attitude shows that while Wilmington merchants are trying to increase their trade they have no desire to do so at the expense of the local town merchants. Judging from the advance plans the July 29th excursion will surpass any given before by the Wilmington business men.  
According to schedule, the party is due in Newark at 4.15 p. m. A stop of 15 minutes will be made. It is hoped that Mayor Hossinger will have a big delegation of our business men out to meet our Wilmington friends.  
The Oxford Research Club cleared \$200 from its recent carnival.

## IN SUMMER TIME

Many people suffer from EYE STRAIN caused by the intense brightness of the sun, more particularly when driving or on the water. Frequently colored glasses (of which we have a most complete stock) will give relief—but in other cases it is necessary to have glasses made to correct some error of the eyes that cannot endure the increased strain. In either case consult our Optometrists, they'll advise you conscientiously.

NEWARK

# BOARD OF HEALTH HOLDS PUBLIC MEETING

(continued from page 1)

expense at this time of connecting with the sewer if they would carry out the suggestions of these specifications but otherwise the board would order the properties to be connected with the sewer. It is understood that in taking this stand Mr. Curtis has the backing of the Board of Health, that the Board is sustained by the Sewer Commission and the later by Town Council. Mr. Curtis said there was no desire to hurry these small property owners to connect with the sewer if they will improve conditions in the manner suggested but the board would much rather see the properties connected with the sewer.

Several colored men who own property in the colored settlement along New London Avenue were present and promised their co-operation in bettering conditions and in fact some of them stated that they had already made such changes. Mr. Curtis explained in this connection that the town would also assist by cleaning out gutters in that section from time to time, where waste water from the houses drain into them.

The question relative to connecting with the sewer along New London Avenue in the colored settlement was brought up and Mr. Curtis stated that he understood the Sewer Commission will not start the pump which is necessary at that point to force the sewage to a point where it will run by gravity, unless a reasonable number of properties are connected. He said the pump will not be started for one or two connections but would if ten or twelve houses would come in. It was explained that while the commission has the pump that is to be used, it would be an expensive proposition to keep it going for just one or two connections and it would also be necessary to extend the water service to that section before the sewer could be operated. Dr. Kollock who is also a member of the Sewer commission stated that Mr. Curtis' statement was correct as to the attitude of the commission relative to starting the pump.

Those present seemed to appreciate the propositions made by the board and intimated that they would co-operate in the way the board had suggested. Mr. Curtis requested the property owners who had been notified that some improvement of sanitary conditions around their properties was necessary to notify him as soon as possible just what they intend to do.

Those owning property on Chapel street were urged to make the curb connections as it is necessary to get every property connected to the curb before the work of macadamizing the street is started.

Those present at the meeting were Dr. Kollock, Dr. Raymond C. Reed, Dr. Herbert J. Watson, Louis L. Curtis, and William H. Dean, members of the Board of Health; Rodman Lovett, George Single, Robert Potts, James M. Pennington, John W. Chambers, Joseph Lutton, S. B. Herdman, James Walker, Frank Tweed, Willard Woods, S. E. Kilmon, Obediah Henry, James James, Newbold Money and Joseph Dean.

## SQUIBS

Say, did you know that the Newark Post building grew during its ownership from an eyesore to the community to such proportions that it paid the highest school tax (based on rental value) of any building in Newark with the single exception of the Opera House building which includes the Trust Company? Well—now, who would have thought it?

By-product of Post Policy—Always keep in reserve enough for one more edition of The Post—in case of promised freeze.

Remember—There is a time in the affairs of men which leads them on to The Post.

Royal Blue—is a train that goes like the dickens when it comes.

Indeed this Peace Movement has taken such a hold on Newark that we haven't had a dog fight for a month. Relations are not even strained enough to break a shoe lacing.

Some folks in Newark are so serious that they can't even see

the joke in Squibs. Think of what a task it would be to write them.

At the time of the school tax assessment there were 91 automobiles in the district. Although not authorized by the Board we feel sure that any new purchasers can be put on the list by leaving your name either with the Board or at the office of the Post as every autoist is so enthusiastic about his school tax on the auto, we feel that in justice to the Board this announcement should be made.

## Summer School Tennis Tournament

The second round of the Delaware College Summer School tennis tournament is being played

this week and the contests are being closely followed by the student body. The first round was concluded last week and the scores were as follows:

Miss Virginia Maxwell defeated Miss Mildred Carey, 7 to 5; Miss Mary S. Phillips defeated Miss Hattie Phillips, 6 to 3; Miss Isabelle Steel defeated Miss Charlotte McAllister, 6 to 0; Miss Godwin defeated Miss Crothers by default; Miss Neva Truitt defeated Miss Sarah Boyce, 6 to 2; Miss Helen Johnson beat Miss Mary Hofferker, 6 to 0; Miss Agnes Medill beat Miss Bradley 6 to 0.

G. W. Wilson won from W. A. Hemphill, 6 to 0; Harvey Ferguson won from A. B. Thomas, 6 to 3; and C. J. Giles defeated N. M. White, 6 to 0.

## How To Save Your Horse

When the thermometer is 85 degrees or higher sponge your horse with vinegar water after driving him but never turn the hose on him.

This rule with ten others is being urged by the Society for the Prevention of Cruelty to Animals.

Among the other hot weather rules are these:

Load lightly and drive slowly. Water your horse as often as possible so long as he is working.

Sponge his eyes, nose, mouth and dock.

If he is overcome by the heat get him into the shade, remove harness and bridle; sponge him all over and shower his legs; give him an ounce of aromatic spirits of ammonia in a pint of water, or give him a pint of strong coffee; cool his head at once, using cold water or chipped ice wrapped in a cloth.

## The Equitable Life Assurance Society of the United States

Assets \$536,376,840

is issuing a new Convertible policy which provides an absolute reduction of FORTY PER CENT in the premium rate beginning at the end of the fifth year.

If the Insured is totally and permanently disabled from any cause whatever, all premiums cease and he is given one-tenth of the face amount of the policy, every year, as long as he lives.

This policy, the last word in life insurance, bears annual dividends starting with the first year, as do all new Equitable contracts. The original cost is low. In lieu of a reduction of forty per cent in premium, the insured has three other options.

Write or telephone for a specimen policy. You will be under no obligation.

## WRIGHT'S Boys' and Children's Clothing

### Extra Trouser Suits

By buying an extra pair of Trousers with the Boy's Suit, you can get double the wear out of it—for Trousers always go first. Every Mother knows this to be a fact!

We have had extra Trousers made to go with several of our best styles in Boys' Suits—and they certainly are a splendid investment!

Shortly the boy lays aside his coat on warm days, goes only with blouse and trousers. With these Two-Trouser Suits he has a new, fresh pair to don in the Early Fall, when again he begins to wear the coat.

### Four Special Price Lots

All new, and offered for the first time.

1.—Five styles of all-wool Cassimeres. Neat figure, hair line and a blue grey check, dark grey and brown mixtures; 2 pairs trousers, lined throughout, full peg; Norfolk coat with patch pockets. THREE NINETY-FIVE .....\$3.95

2.—Several styles of Fancy All-Wool Homespun Patterns, striped cassimeres, mixtures, checks and plaids; Norfolk styles, etc. FOUR FORTY-FIVE .....\$4.45

3.—All-Wool Blue Serge, and several styles of fine all-wool patterns; suits worth more than this price with only one pair trousers, full peg. Bulgarians, Norfolks, etc. FOUR NINETY-FIVE \$4.95
