## Scientist Stresses Education

### E-52 Players Present 'Many Moons' Today; Give in 13 Communities

"Many Moons" by James Thurber will be presented by the E-52 Players in Mitchell Hall at 3:45 p. m. this afternoon.

This twelfth annual Children's Theatre production of E 52 will be given for school children in 13 communities throughout the state.

"Many Moons" concerns the beautiful Princess Lenore who is ill and can recover only if she sees the moon. The doting King, willing to do anything for his beloved daughter, promises to get the moon for her and sets his three Royal Wisemen to work. Their bickerings and problems trying to carry out the King's order provide some of the best comedy in the play. It is the Court Jester, however, who finally solves the problem in a simple but surprising manner.

Considered one of the finest plays in children's dramatic literature, Thurber's "Many Moons" has an Alice-in-Wonderland quality which makes it appealing to all ages.

The cast includes: Kenneth Speller, Court Jester; Lora Branin, the Princess; Thomas Lachman, the King; Rosemary Ma-

haffy, the Goldsmith's daughter; Gretchen Berguido and Sally Hinman, wives of the Wisemen; Robert Anton and Jack Erthal, the King's Wisemen; Barbara Meteyka, Royal Nurse; and Bob Pach, Lord High Chamberlain.

Thomas Watson is producer and Mrs. Watson is the costume designer. The managing producer is Joan Price. Gretchen Berguido is assistant director. Understudies for the male roles are Carl Seltzer and Peter Wilson.

Ed Myers, former member of E-52 and a professional magician, is directing the magic tricks of Jack Erthal in the play.

Admission is 75c for outsiders and free to students with ID Cards.

DICK HUMPHRIES receives from Dean Hocutt the Monsanto Chemical Company Award. Picture was taken as Humphries picked up his award in Hocutt's office following the Honor Day awards, yesterday.

### Campus Sees Student Body Receive Honor Dean Rees Grants Individual Awards

The United States can and must "give everyone a share in our civilization" or face the possibility of becoming extinct, the fate of the ancient Greek and Roman cultures, stated Reuben G. Gustavson, featured speaker at yesterday morning's Honor Day program.

Dr. Gustavson received his Ph.D. at the University of Chicago and holds honorary degrees from 13 colleges and universities. He has spent part of his career as president of the University of Colorado and vice president at the University of Chicago. He has also been a UNESCO official, a delegate to the Geneva Conference on Peaceful Uses of Atomic Energy, and last year visited Russia as a member of a U.S. scientific exchange team.

At the present time Dr. Gustavson is president and executive director of Resources for the Future, Inc., Washington, D. C.; a member of the Research Advisory Council of the American Cancer Society; chairman of the Committee on Weather Modification for the National Science Foundation; and a foreign member of the Swedish Academy of Science.

The distinguished speaker's statement followed the opening remarks by Bruce Dearing, dean of the school of arts and science, "the race which doesn't value trained intelligence is doomed," (Continued on Page 2)

### Honorary Scholastic Society Chooses 22 Student Members

Phi Kappa Phi, the national honorary society for scholastic excellence throughout the university, initiated 22 new student members and one faculty mem-

ber yesterday.

The seniors who were elected to Phi Kappa Phi have an overall index of 3.34 or higher. Junior initiates have a cumulative index of 3.5 or better.

Initiation for new members was held yesterday at 5:30 p.m. and was followed by a banquet as a part of the Honor Day program. The Honorable James Tunnel, former State Supreme Court Justice, was the guest speaker.

This year the officers included: Cyrus Day, professor of English, president; Morris Cover, poultry pathologist, vice president; Frederick Parker, professor and chairman of sociology, secretary treasurer; Milan Cobble, assistant professor of mechanical engineering, journal correspondent. Next year Elbert Chance, director of public relations, will become the Journal correspondent.

Each year Phi Kappa Phi gives an award of \$25 to the two sophomores who have the

highest indices in their class. Anthony Sholl, the school of arts and science, and Richard Humphreys, engineering major, will receive the awards this year.

Irma Ayers, dean of the school of home economics, is the new faculty initiate.

The senior initiates are: Robert Baillie, engineering major; Wallace Bryant, school of arts (Continued on Page 8)

### Student Center Board Names Gib Smith As New President

The Student Center Board of Directors has named Gib Smith, junior in arts and sciences, the new president of the Student Center. He will also serve as Chairman of the Program Operating Council. Assisting him in this capacity for the coming academic year will be his secretary, Ellen Morton, a sophomore in the school of education.

For the first time, the Student Center will be operating under the full complement of Directors as specified in Article XVIII of the 24 laws of the Student Government Association.

The highest governing board of the Student Center will be the Board of Directors which consists of eleven members, of whom six will be students. These members are the President of the Student Government Association, Chairman of Men's Executive Council, Chairman of Women's Executive Council,

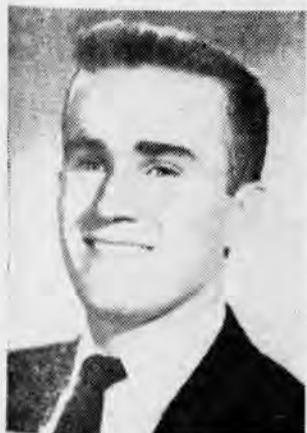

President of Tassel, President of Omicron Delta Kappa, and the President of the Student Center.

Faculty members of the Board will be: a faculty member appointed by the president of the university, a representative of the office of the dean of students, and the Faculty Club President. The other two members are the Student Center Program Director and a representative of the Alumni Association.

A Program Operating Council has been set up to formulate plans and programs for the educational, cultural, social, and recreational use of the Student Center. All plans and programs recommended by the Operating Council must be submitted to the Board of Directors for approval or disapproval.

The Program Operating Council will consist of nine members: the President of the Student Center, the six Operating Committee Chairmen, a Secretary elected by the Operating Council, and the Student Center Program Director.

The Operating Committee Chairmen for the following academic year are: Sheldon Weinstein, junior, Finance; Paul Wellborn, junior, Research and (Continued on Page 8)

GILBERT SMITH

### Hoffecker To Edit Blue Hen; Braderman To Manage Business

Carol Hoffecker, editor of the 1960 Blue Hen, is in the process of selecting a staff for next year's yearbook. Jay Braderman, junior, will be business manager.

Amy McNulty, junior, will be literary editor; Walt Tindall, junior, art editor; Mary Ellen Stewart, sophomore, copy editor; and Martha Skeen, seniors' editor. Barbara Snow, junior, will be in charge of the dormitory and fraternity section; Elaine Gonzalez, organization section; Bill Hiller, photography; Tina Mougianis and Marie Oemler, opening section.

As yet, no one has been selected to edit the sports section or the activities section. Also no typists nor lay-out personnel have been appointed. Even in those sections which now have editors, many other people will be needed to make the staff work efficiently and effectively. This year's staff has found, for example, that three people are needed to do photographic work and as yet, next year's staff has only one.

Carol Hoffecker released the following statement, "Anybody in the freshman, sophomore, or junior classes who would like to work in any capacity at all on the Blue Hen . . . typing, soliciting ads, photography, writing, or layout . . . please get in touch with any of the above mentioned people or write or see Carol Hoffecker at 215 Squire Hall.

### Honorary Selects Williams President

Nancy Williams, junior elementary education major, will serve as president of Tassel next year. She was elected by the new members at their first meeting. Tassel is the honorary society for women possessing qualities of scholarship, leadership, and service.

Other officers elected by the group were: Barbara Snow, secretary; Barbara Fox, treasurer; Jeanne Hodgson, historian; and Martha Skeen, representative to Women's Executive Council.

## Scientist Stresses

(Continued from Page 1)  
but a nation prizing trained intelligence shall flourish. Dr. Gustavson went on to stress the importance of science and the humanities to achieve man's greatest adventure, which is "exploring our globe and the universe; becoming aware of living in a consistent world; understanding our total environment—physical, social, and cultural; attaining a higher standard of living; and living a good life in a world we've made good."

### PROVOST PRESENTS PRIZES

Carl J. Rees, dean of the graduate school, presented more than 25 individual awards recognizing scholastic achievement, introduced the newly elected members of 6 honor societies, and, later in the day, presented awards to the outstanding military students.

David A. Bankes, sophomore, received the Alpha Zeta prize awarded by the Delaware Chapter to the highest ranking freshman in the school of agriculture.

Robert M. Walsh, junior, and Nina P. Matheny, junior, received the American Chemical Society prizes in chemistry. These awards are made on the recommendation of the chemistry department for the outstanding junior man and woman majoring in chemistry. Each award consists of a certificate, a year's membership in the American Chemical Society, a one-year subscription to one of the Society's journals and an official membership pin.

### CHEM ENGINEERING AWARD

The American Chemical Society Prize in Chemical Engineering was won by Thomas L. Gutschall, junior. This award is presented by the Wilmington

Section of the American Chemical Society to a member of the junior class majoring in chemical engineering who demonstrates good scholarship and all-round intellectual ability.

Frederick H. Shaw, senior, received the American Institute of Electrical Engineers award which recognizes scholarship and professional development evidenced in activities of the Delaware branch of the institute.

A \$500 Bank of Delaware Prize was awarded to Alois A. Wilder. This prize is presented annually to a junior in economics or business administration who, by outstanding scholarship and school citizenship, has shown real promise of future attainment.

### FOX HONORED TWICE

Barbara A. Fox, junior, received the Delaware Home Economics Association Award and the Danforth Junior Award given to the junior with a scholastic index of 3.0 or better who has demonstrated leadership and ability in campus activities.

The Bruce E. Evans Memorial Award, given by the Alpha Epsilon Pi social fraternity to the senior majoring in accounting who has the highest index and a good conduct and school citizenship record, was won by Thomas C. Hayman, senior.

The Charles B. Evans Prize of \$50, offered annually to the senior engineering student who submits the best report on original research, was won by Morton Collins.

Frank G. Andrusko, received the \$100 William M. Francis Prize, given to the graduating senior engineering student who has achieved an outstanding scholarship, leadership and service record.

### HUMPHREYS WINS THREE

The Monstanto Chemical Company Award, tuition and fees for one year granted to a student majoring in chemical engineering who has demonstrated superior academic achievement, was presented to Richard F. Humphreys, sophomore.

Humphreys also received the Tau Beta Pi Prize, awarded by the Delaware Alpha Chapter of Tau Beta Pi to an engineering student in recognition of outstanding achievement during the freshman year and the demonstration of qualities of leadership, character and sociability upon which a successful career in engineering depends. He also won one of two Phi Kappa Phi Sophomore awards, \$25 in books or a \$25 bond, given to the sophomores having the highest index for three semesters of work. The second recipient in this category was Anthony A. Sholl, sophomore.

Delmer W. Nicholson, senior, received a brief case and certificate awarded to the student member in the area covered by the Philadelphia Institute of Radio Engineers who has shown the most outstanding scholarship and professional development.

The President's Scholarship Plaque, awarded each semester to the dormitory or fraternity achieving the highest index for the preceding semester, was given to Phyllis Rosenblum, senior representative of Cannon Hall.

### DISTINGUISHED SENIORS

Three students were named to the panel of distinguished seniors, composed of the top graduating seniors in each undergraduate school. Selection requires a minimum 3.5 index for seven semesters of work with a minimum of 15 credit hours per semester and also considers outstanding personal qualities. Each student received a monetary award. In engineering, the top student was William H. Walston, Jr., Dorothy Levy, was the winner from the school of education and Joseph W. Maybee was

the top student in the school of arts and science.

A Scott Foundation Award of \$500 plus an additional \$500, if needed, was awarded to Stefan K. Roski, sophomore. This award is presented to a student in mechanical or chemical engineering who demonstrates the characteristics associated with a Rhodes Scholar in extracurricular and classroom activities.

The Dr. William C. Silverman Memorial Prize of \$25 was awarded to Wallace M. Bryant, senior. This award is given to the pre-medical senior with the best seven-semester academic record who is recommended by the dean of arts and science as a student with outstanding personal qualities.

### OUTSTANDING SENIOR WOMAN

Katherine Hammond, received the Emalea P. Warner Award, offered annually to the senior woman with a cumulative index of 3.0 or better who has been outstanding in leadership and citizenship and who possesses the qualities of character and personality of the founders of the Women's College.

The Westinghouse Achievement Scholarship, an award of \$500 to a junior majoring in electrical or mechanical engineering in recognition of high achievement and demonstrated qualities of leadership, was won by Joseph J. Sliwowski.

Martha O. Skeen, received the \$50 Wilmington Panhellenic Council Award, presented to a junior woman who has a cumulative index of 3.0 or better and who has demonstrated leadership and ability in campus activities.

John N. Jordin, and Harlan S. White, received one-year subscriptions to the WALL STREET JOURNAL and inscribed silver medals. These awards are presented to the outstanding seniors in the department of economics and business administration and the school of agriculture.

### HONOR SOCIETIES

Eighty students and faculty were initiated by the campus honor societies.

Alpha Zeta, honorary fraternity which recognizes superior scholarship and leadership in agriculture initiated the following new members: David A. Bankes, sophomore; James Michael Boyd, sophomore; Robert D. Dempsey, senior; James W. Garvin, junior; William James Milliken, junior; Daniel H. Palmer, senior; Orld Wayne Pratt, senior; and Joseph Rennie Stavelly, sophomore.

Kappa Delta Pi, honorary fraternity devoted to the interests

of scholarship, particularly in education, elected the following members: Bruce Chappelle, senior; Kati R. Collins, senior; E. Louise Crammer, junior; Gladys C. Durboraw, junior; Barbara A. Fox, junior; Marilyn Hallett, junior; Katherine Hammond, senior; H. Jeanne Hodgson, junior; Carol E. Hoeffcker, junior; Judith B. Klevans, senior; Sara Lee, senior; Jane C. Lotter, senior; Amy C. McNulty, junior; Christina S. Mouglanis, junior; Gail A. Pierson, senior; Martha O. Skeen, junior; Barbara A. Snow, junior; Nancy C. Weir, junior; Mary J. Weisel, junior; Nancy M. Williams, junior; Joyce A. Witting, junior.

Tassel is an honorary society for senior women which recognizes outstanding scholarship, leadership and service. Its eight new junior members are: Barbara Ann-Fox, H. Jeanne Hodgson, Amy Claire McNulty, Martha Olive Skeen, Barbara Ann Snow, Mary Joan Weisel, Nancy M. Williams and Louise A. Wyndham, II.

### PHI BETA KAPPA

Phi Beta Kappa is an honor-

ary society electing senior students majoring in liberal arts who demonstrate superior scholarship. Those chosen are: Robert M. Cater, Margaret E. Gandy, Janet L. Keller, Joseph W. Maybee, Mary Lou Mintzer, Cynthia A. Pease Alvin R. Riggs and Nancy K. Paul Taitt.

Phi Kappa Phi, an honorary fraternity electing students from all schools of the university who demonstrate superior scholarship, elected: undergraduates: Robert A. Baillie, senior, Wallace M. Bryant, senior, Robert M. Cater, senior, E. Louise Crammer, junior, Norman H. Dill, junior Barbara A. Fox, junior, Robert C. Griggs, junior, Carol E. Hoeffcker, junior, Amy C. McNulty, junior, Mary Lou Mintzer, senior, Delmer W. Nicholson, senior, Cynthia A. Pease, senior, Alvin R. Riggs, senior Joseph J. Sliwowski, junior, Barbara A. Snow, junior, John F. Sontowski, junior, Nancy R. Spahr, H. Joan Thompson, senior, Doris A. Wild, senior Joyce M. Wrenn, senior, and Joseph Yellin, junior. Faculty

## Fraternity Weekends Continue: Four Plan Parties for Tonight

Tonight marks the opening of the second fraternity weekend for this season. Last weekend three fraternities held their festivities; and four plan parties tonight.

Theta Chi held a house party last Friday evening, with Jay Pierce and his combo presiding over the festivities. Saturday night found the brothers and pledges at the Lord De La Warr motor hotel for a formal dinner dance. Dave Melvin and his combo furnished the music.

The Delts had a formal dinner dance at the North-East Yacht Club on that Friday with Morry Berger and his band for entertainment. Saturday night they had a house party at the Delt Shelter put on by the brother's dates.

Sigma Nu also had a big weekend, beginning with a formal dinner - dance at the Italian American Club in Kennett Square, on Friday night. George Madden supplied the musical accompaniment. Saturday night there was a house party with the Hurricanes rendering their cool sounds, and Sunday everyone went to Landenburg, Pa., for a picnic.

Tonight the AEPI men will begin their festivities with a buffet dinner at their house, put on by the Mother's Club followed by a house party with the music of the Impromptu-Tunes. Tomorrow night a dinner-dance will be held at the Grannary in Georgetown, Md., with the Impromptu-Tunes again providing the music.

Tonight will also find Sig Ep celebrating with a house party. The Martingues will play tonight and also tomorrow night at the Italian American Club in Kennett Square, Pa., and on Sunday there will be a picnic.

Phi Kappa Alpha is also beginning their weekend tonight beginning with a formal dinner-dance at the North-East Yacht Club where Jim Coletta will play. Tomorrow afternoon

and the Pledge of the year will be announced. Clyde Bessick will also play at the house party, Saturday night.

## Commuters' Elect 1959-60 Officers

The Commuters' Organization elected the officers for 1959-1960 at the regular meeting recently.

Connie Parker, sophomore, will succeed Sue Adams, senior, as president. Phyllis Shtofman, junior, was elected secretary, and Margaret Scott, freshman, is the new treasurer.

The remaining offices will be filled in September.

## Fraternity Initiates

Alpha Chi Sigma, professional Chemical fraternity, initiated five new brothers on Wednesday, April 29. Those initiated were Bill Body, graduate, Jack Hildreth, senior, Irving Hirschfield, sophomore, Bob Kupelian, senior, and Mike Rahm, graduate.

On Friday, May 1, the fraternity held a banquet and dance at the Hollows Restaurant.

Alpha Chi Sigma is open to undergraduate and graduate students majoring in chemistry or chemical engineering. Dr. Mosher is the fraternity advisor.

## G. C. Webber Urges Secondary Teachers Enrollment Date Near

An in-service institute for secondary teachers of science and mathematics will be offered at the university from September 19, 1959, to June 9, 1960.

Information about the program has been distributed to teachers of physics and mathematics throughout the state describing in detail the features of the class which will meet on Thursday evenings, 7 to 9:45 p. m. on campus.

The Delaware program is one of 182 institutes for secondary school teachers being sponsored by the National Science Foundation for the purpose of aiding teachers in maintaining competency in their subject-matter areas, so that they may fulfill their role in the preparation of high quality persons.

The objectives of the institute are:

To provide teachers of mathematics and physics at the high school level with an opportunity to improve their subject-matter competence.

To aid these teachers in gaining a better understanding of

some of the modern and basic concepts of mathematics.

To bring these teachers into personal contact with the competent mathematicians who make up the staff of the Institute, with the view of stimulating interest and increasing professional prestige.

Enrollment in the program will be restricted to 25 persons who live within driving distance of the university. A travel allowance will be paid to those who participate. No tuition or fees will be charged.

The course may be taken for graduate credit and during the year, four guest lecturers from the fields of mathematics and mathematics education will discuss trends in curricula at the secondary school level and pertinent mathematical concepts.

Application for enrollment must be made before June 1, 1959. For the necessary forms and additional information, candidates are urged to write Dr. G. Cuthbert Webber, University of Delaware, Newark.

# Levy Levels On Sports

By Ernie Levy  
Sports Editor

Unknown to University of Delaware students, a comprehensive survey of posture was in progress during the past month. Those who conducted the survey are members of Coach Alden "Whitey" Burnham's PE427M class, otherwise recognized as one of the advanced physical education courses.

Each of the sixteen members of the class judged subjects, who were, in some instances, faculty members. When the three-hundred fortieth person was evaluated, the study was said to be complete.

The grading system consisted of marks from "A", for excellent, to "D", for poor. No one knew he (or she) was being checked. The person could have been running, walking, sitting, standing, or doing almost anything else at the time of the survey.

The study, obviously topographical (on the surface), produced interesting results: It was found that the most common posture deviation is "poke neck" or leaning forward of the head and neck. This deviation was prevalent among those of both sexes.

Round shoulders is the second most common fault and was found again in both sexes. The third deviation, found more among females, was "valgus walking" or the bearing of weight on the inner portion of the foot. Valgus walking is experienced by those with flat feet.

When all gradings were tabulated, it was found that the average posture of those examined came to a not-so-good "C", or fair. It is hoped that the results of the survey will induce people to examine their postures more closely and to make corrections as necessary.

Although a win was notched by the Delaware nine against Franklin and Marshall as we went to press, the Hen seasonal log has come to rest formidably close to our controversial .600-.700 preseason prediction at .666. With seven games remaining to be played, the best possible average would be .789 while the worst and most improbable would be .421.

Taking the mean of the two averages results in a reading of .605. We feel that the ending record will resemble .666.

The tennis team had its only dark moment Wednesday, a week ago, as the Hen netmen were set down in order by a perennially powerful Swarthmore squad. Last season's record of 11-1 was blemished by the Garnet of Swarthmore also.

The current seasonal record stands at 5-1. Next year's squad, in our opinion, could well be the first team ever to defeat a Swarthmore net team. Pete Lengeman, unable to play this year, Jake Feldman, ineligible this year be-

cause of the transfer rule, Russ Givin, and Dick Dieckman will all be fighting for the top spot.

The number five slot will probably be filled by Tom Roe, who will be exceptionally strong in that position. Number six position will be up for grabs among Mark Polderman, Bob Brunner, and perhaps two or three more aspirants. Those failing to make the first six will comprise one of the best benches in recent years. Those from the current top six who will leave through graduation, are Captain Ray Walker and genial Howie Simkins, both of whom will be missed.

## Hen Invited

(Continued from Page 6)

For Delaware, it will mark the first tournament play since 1953-54, when they competed for the third time in the Hofstra Invitational Tournament.

### TEN MAC GAMES

In addition to the Down East Classic, so named because Maine is the country's eastern-most state, the Blue Hens are scheduled to play 19 games, including 10 with Middle Atlantic Conference University Division teams.

Delaware, seeking to better its 9-13 record in 1958-59, will open the season at Haverford on December 2. They will begin conference play on Dec. 5 at Lehigh and open the home schedule with Johns Hopkins on Dec. 9 at Carpenter Field House. Highlights of the home stand will be games with Temple on Dec. 15 and with St. Joseph's on Feb. 17.

### DECEMBER

2 — Haverford Away  
5 — Lehigh Away  
9 — Johns Hopkins Home  
12 — Hofstra Away  
15 — Temple Home  
18 — Lafayette Home  
28-30 — Down East Classic Bangor, Me.

### JANUARY

6 — Bucknell Home  
9 — Swarthmore Away  
14 — Gettysburg Home  
16 — Rutgers Away  
18 — Ursinus Home  
30 — Lehigh Home

### FEBRUARY

9 — P.M.C. Away  
17 — St. Joseph's Home  
20 — Muhlenberg Away  
23 — Navy Away  
27 — Bucknell Away

### MARCH

2 — Swarthmore Home

## Thompson Directs Intramural Board

Recently elected officers of the Intramural Council for '59-60 are James Thompson, president; Dick Green, vice-president; and Berch Griggs, secretary.

The intramural season is rapidly coming to a close with the finals in tennis and badminton and a few softball games remaining to be played.

Burt Chase (ATO) and Jerry Harrison (SN) are the two semi-finalists in badminton, while Typ Morris (KA), Pat Dyer (Colburn), and Bill Burroughs (KA) remain as the best in the tennis department.

Following are the standings of the softball teams:

Team	Wins	Losses
Sigma Nu	7	1
Sigma Phi Epsilon	5	1
Theta Chi	3	2
Phi Kappa Tau	3	2
Kappa Alpha	3	3
Alpha Tau Omega	2	3
Alpha Epsilon Pi	2	5
Biology Dept.	1	4
Delta Tau Delta	1	6

### CENTER REQUESTS

The Materials Center has requested that the set of Compton's Pictured Encyclopedia taken from the center be returned immediately.

The return of the set is very important since it was about to be returned to the publisher; it is not university property.

## The Class of 1907 Presents Carillon

The class of 1907 recently purchased an electronic carillon for the enjoyment of university students.

The 56 bell unit will be officially presented by the class on May Day. At the presentation a special concert will be played by Henry N. Lee of the music department.

During the school year, the carillon will strike the hours from 7 a.m. to 11 p.m. and will play short musical programs from 8-8:05 a.m., 12 noon to 12:05, and 5-5:10 p.m. Concerts of a longer and more varied sort will be offered on special occasions and on Sundays.

## Delaware Nine Slumps As Neiger Drops Trio; Lafayette, Temple Win

Even though Al Neiger's earned run average is a very neat 1.55, the mainstay of the Blue Hens staff has dropped his last three games in succession.

Al has allowed five earned runs in the 69 2-3 innings he has pitched this spring to fashion a 5-3 record. Al has cut down 90 batters via the strikeout.

Thursday, April 30, at Easton, Pa., Al started and lost to Lafayette, 7-4. Four of the winner's runs were unearned due to three errors by Neiger's teammates.

The Hens jumped off to a 2-0 lead in the second inning but it wasn't enough. Rusty Gates relieved the Delaware starter and pitched a flawless ninth inning, striking out two men.

Saturday on Frazer Field Temple nipped Delaware 2-1. The hurling situation was reversed in this game. Neiger relieved Gates, with Al suffering the loss. Bill "Pickles" Kennedy was

again a thorn in Delaware's side as the Hens sought a victory over the Temple Owls. Against the Blue basketballers this year, Kennedy dropped in 17 points to lead the Owls to victory. In the baseball game it was Pickles again.

He saved the game with a spectacular running catch of Karl Frantz's bid for a home run. Kennedy led off in the first inning with the Owls' only extra base blow, a double, and scored on a single by the next batter, Ray Buck.

Neiger entered the game with one out in the sixth inning and the bases loaded. He struck out the next two hitters to get out of the jam.

Don Flynn, who has won four without a loss, pitched a five hitter, fanning six.

Delaware now boasts a 7-4-1 record.

## Thinclads Beat Hopkins, 77-48 Moore, Flinn Triumph Twice

April 28 at Frazer Field, the Delaware thinclads beat Johns Hopkins 77-48. Ed Moore and Alan Flinn were the only double winners. Moore won the broad jump and the 100-yard dash while Flinn won the 120 high hurdles and the 220 low hurdles.

The results:

100 — 1. Quigg (D), 2. Jones (H), 3. Zack (H), 4:37.6.

440 — 1. Huey (D), 2. Tie between Gross (H) and Shields (H) 53.1.

100 — 1. Moore (D), 2. Satisfy (H), 3. Senos (D), 10.2.

120 HH — 1. Flinn (D), 2. Zeuch (H), 3. Stecher (D), 16.9.

880 — 1. Solloway (D), 2. Jones (H), 3. Hulzer (H), 2:08.

220 — 1. Satisfy (H), 2. Moore (D), 3. Huey (D), 22.4.

2 miles — 1. Hooper (H), 2. Boatman (H), 3. Campbell (H), 10:48.4.

220 LH — 1. Flinn (D), 2. Zeuch (H), 3. Stecher (D), 27.3.

Javelin — 1. Wening (D), 2. Stevens (D), 3. Kirk (D), 174 feet 5 inches.

Discus — 1. Sweeney (H), 2. Balick (D), 3. Kirk (D), 114 feet, 4 inches.

Shotput — 1. Balick (D), 2. Erdner (D), 3. Green (H), 41 ft., 1 1/2 in.

Broadjump — 1. Moore (D), 2. Stecher (D), 3. Cross (H), 20 ft., 5 1/4 in.

Polevault — 1. Green (H), 2. Bacon (D), 3. Tie between Cushman (H) and Shaw (D), 10 ft., 6 in.

Highjump — 1. Adams (D), and Stecher (D), tied, 3. Green (H), 5 ft., 8 in.

Saturday, May 1 at Lancaster, Pa., the Hens won by a 75-51 margin over F. & M. Double winners were Ed Moore and Al Huey.

The results:

100 — 1. Moore (D), 2. Tomasko (F), 3. Senos (D), 10.2.

220 — 1. Huey (D), 2. Moore (D), 3. Tomasko (F), 22.9.

440 — 1. Huey (D), 2. Dixon (F), 3. Solloway (D), 53.1.

880 — 1. Miller (F), 2. Clapp (F), 3. Mahla (D), 2:10.7.

1 mile — 1. Clapp (F), 2. Quigg (D), 3. Senf (F), 4:34.0.

Miller (F), 3. Senf (F), 11:04.

120 H H — 1. Bringham (F), 2. Flinn (D), 3. Stecher (D), 16.9.

2 Miles — 1. Clapp (F), 2. 220 LH — 1. Thompson (F), 2.

Bingham (F), 3. Flinn (D), 26.1.

High Jump — Three way tie, Stecher (D), Schroff (F), and Bingham (F), 5 ft., 6 in.

Polevault — 1. Emrich (F), 2. Bacon (D), 3. Tie between Bingham (F) and Cussel (F), 11 ft., 6 in.

Shotput — 1. Morrow (F), 2. Balick (D), 3. Irwin (F), 44 ft.

8 in. 21 ft., 4 1/2 in. Tomasko (F), 3. Thompson (F).

Discus — 1. Irwin (F), 2. Balick (D), 3. Pierce (F), 133 ft., 3 in.

Javelin — 1. Wening (D), 2. Magorin (F), 3. Pierce (F), 185 ft., 1 in.

GIL MAHLA

## Stickmen Even Log With Win

On Wednesday, April 29, the Hens lacrosse team made the long trek to meet and beat the Adelphi stickmen. The Blue brought back a convincing eleven to seven souvenir. With this victory, the Carzomen evened their season log at three and three.

Delaware's leading scorer, Peahead Lewis, netted five goals to lead the Blue Hens attack. Bob Koyanagi and Sid French threw in two goals, each. Buddy Melvin and Hal Grosh each accounted for a tally also.

Having a phenomenal first half, the Drexel Dragons were able to conquer the Blue Hens. At the end of the first half, the Dragons lead by a score of seven to two. Van Dyke, Drexel's big gun, scored four goals.

When a tight man to man defense was incorporated, Buddy Melvin took up the scoring chores. Buddy tallied three times. Bob Koyanagi, Hal Grosh, and Sid French netted a goal apiece. The Dragons were able to stave off a last quarter rally by the Hens to win by a score of ten to six.

## Racqueteers Top Bears; Givin Plays in 82 Games

THE DELAWARE TENNIS TEAM with a net season of 5 wins and a sole loss is composed of: top row from left to right: Dick Dieckman, Jim Dick, Bob Brunner, Ray Walker, Russ Givin, Howard Simpkins. Front row: Coach Roy Rylander, Tom Roe, Ernie Levy, and the team manager Woody Whaley.

Russell Givin, in leading the Delaware tennis team to a decisive 8-1 victory over Ursinus, set a new record for games played while winning his match.

The number one Hen netman subdued his opponent in 48 games, 12-10, 8-10, and 6-2. Teaming up with Dick Dieckman in doubles, he added 34 more games to his total. The top Blue duo triumphed 4-6, 8-6, and 6-4.

### WALKER HELD RECORD

Ray Walker, team captain, previously held the Delaware mark with 72 games against Drexel in the '57 season.

Winning singles tilts were Givin, Walker, Dieckman, Tom Roe, Bob Brunner, and Howie Simpkins. All but Givin and Simpkins won in straight sets.

### BRUNNER, DICK LOSE

Walker and Roe whipped their foes in the second doubles match, 6-2 and 6-0, following the Givin-Dieckman combo. Brunner and Jim Dick absorbed the only Hen loss of the day, 2-6 and 5-7.

The Delaware victory at Collegeville, brought the Blue and Gold net season to 5 wins and a sole loss to Swarthmore.

Earlier in the week Swarth-

more shut out the local, 9-0, maintaining its supremacy in tennis.

### LENGEMAN WINS

Last season Pete Lengeman, playing in the top slot for the Blue Hens, notched a victory over his Swarthmore adversary part, as his team scored two points against a top ten, 11-1 leg that year, losing only to the Garnet.

The Delaware racquetteer, 1938 amassed a total of 100 points against five for Swarthmore in their best show in the long series.

## Haverford Wins in '96 Grid Classic, Blanking Hens, 6-0

University of Delaware football records came closer to completion over the weekend when William D. Lewis, the university's archivist, uncovered the score of an 1896 game.

The game was with Haverford, and the Fords won 6-0, verifying suspicions that the Blue Hens were shutout that entire season.

### CHANCE EDITS

A history of Delaware football, which dates back to 1889, compiled and edited in 1955 by Elbert Chance, director of alumni and public relations, omits the score of the 1896 game along with two others from 1889. Chance noted in the history that an early account said Delaware played a fine game, but gave no score.

Lewis came across the score in a December, 1896, edition of the college newspaper, The Delaware College Review, long hidden away in the library stacks. The paper listed Coach Peirce (no first name given), as the Blue Hen mentor in 1896, a fact also unknown.

### SHUTOUT

Statistics for the 1896 season, now complete, show that Delaware failed to score, while allowing the six opponents a total of 114 points. It was the only year in the school's history that Delaware lost all its games. Results of games with Franklin and Marshall and St. Johns, both in 1899 are still being sought.

The account of the Haverford game as it appeared in accepted news style of the day in the Review is as follows:

### BEST GAME

"Decidedly the best game played by our boys this season took place in Wilmington, on November 21, when they held Haverford, whose team averaged twenty-one pounds heavier to a man, to a single touchdown and a goal (a touchdown was worth

five points in those times). The day was a miserable one on which to play, rain having fallen all morning.

"The shortest way to tell about it is this. Delaware kicked off and the ball was Haverford's. In several attempts to skirt the ends, Haverford lost the ball. After short gains, Delaware gave up the wet sphere to the Pennsylvanians, and then by the concentration of its weight Haverford shoved the ball down the field.

### STADELMAN FALLS

Stadelman went through right tackle and fell with the ball on the goal line. Freeman kicked the goal. In the second half neither goal was in danger. Haverford failed to gain, and Peirce's constant plunging through the line kept the ball in Haverford's territory a good portion of the time. Vickers and Brennan tackled after the fashion of veterans. The line-up:

**Haverford** — right end Vickers, right tackle (C), Sipple, right guard Morris, center Mullins, left guard Marvel, left tackle McCabe, left end Trotter, half-back Brennan, full-back Davis, right half-back Vanant, left half-back Peirce, full-back Peirce.

Referee — Professor Wilson, Umpire — Dr. Bryan, Touch-down — Stadelman, Goal — Freeman, Time — Twenty-minute halves.

The captain of the 1896 team, Ernest W. Sipple, was also editor of the school paper. He writes, in an editorial in the same issue: "The season of football, the great college sport, has closed. Although we have not gained so many victories as desired, both by our friends and ourselves, we have at least gained some wholesome experience and benefit. Now we can see where our weak points were, and how in many ways we might have played to better advantage.

"... We must remember,

however, that football is not everything, and now, in our interest to literary pursuits during the long winter season, and endeavor to gain intellectual strength as we have in physical."

### 1896 FOOTBALL

Coach: Peirce

**CAPTAIN:** Ernest W. Sipple

## Hens Invited to Second Holiday Classic in Me.

The university basketball team has been invited to participate in the Down East Classic, a Christmas holiday tournament at Bangor, Me., on December 28-30, according to the team's schedule released by Raymond B. Duncan, faculty manager of athletics.

Sponsored by the Bangor Daily News Charities, the tournament will include teams from Columbia, Colgate, Bates, Colby, Bowdoin, University of Maine and defending champion St. Michaels.

### SECOND CLASSIC

The Blue Hens will be playing in the second annual "classic" inaugurated last winter as part of Bangor's 125th anniversary celebration, the tournament is held in the new 6,500-seat municipal auditorium. Participants in the first tournament were Bates, Bowdoin, Colby, Maine, Rutgers, Tufts, Wesleyan and St. Michaels.

## Beat Generation

(Continued from Page 4)

Ginsberg sometimes resembles Ezra Pound, who did not only write poetry himself, acting as leading poet and leading brain in his time, but also pushed other poets and writers, so T. S. Eliot. I want to say that the 'literature' especially the poetry of the Beat Generation is an actual social force, influenced by the old masters Whitman, Pound, W. C. Williams, the 'Middle Generation' K. Patchen, J. Garrigue, K. Rexroth, R. Fitzgerald, D. H. Lawrence, and French writers like Celine, Beckett, Artaud, Genet. There are many influences coming from Europe as well as from Eastern Art and Religion.

While the contributions of the Beat Generation in plastic and painting are still poor (how to present a plastic nihilism?) its influence on developments in modern music is — according to Rexroth (A2 pp. 323) — very important, causing a transition of the rhythmic pattern as important as the transition from baroque to the rococo music. "The immediate theme, if it exists, is incidental, and the main theme — the terror of birth — is simply reiterated."

### THE MANY LOVES OF THORWALD DOCKSTADER

When Thorwald Dockstader—sophomore, epicure, and sportsman—first took up smoking, he did not simply choose the first brand of cigarettes that came to hand. He did what any sophomore, epicure, and sportsman would do: he sampled several brands and then picked the mildest, tastiest, pleasingest of all—Philip Morris, of course!

Similarly, when Thorwald took up girls, he did not simply select the first one who came along. He sampled. First he took out an English literature major named Elizabeth Barrett Grisht, a wisp of a girl with luminous eyes and a soul that shimmered with a pale, unearthly beauty. Trippingly, trippingly, she walked with Thorwald upon the beach and sat with him behind a windward dune and listened to a sea shell and sighed sweetly and took out a little gold pencil and a little morocco notebook and wrote a little poem:

*I will lie upon the shore,  
I will be a dreamer,  
I will feel the sea once more  
Pounding on my femur.*

Thorwald's second date was with a physical education major named Peaches Glendower, a broth of a girl with a ready smile and a size 18 neck. She took Thorwald down to the cinder track where they jogged around 50 times to open the pores. Then they played four games of squash, six sets of tennis, 36 holes of golf, nine innings of one old cat, six chukkers of lacrosse, and a mile and a quarter of leap frog. Then they went ten rounds with eight-ounce gloves and then they had heaping bowls of bran and whey and exchanged a manly handshake and went home to their respective whirlpool baths.

"I think I'll stick with PHILIP MORRIS," he said

Thorwald's final date was with a golden-haired, creamy-browed, green-eyed, red-lipped, full-calved girl named Totsi Sugaboos. Totsi was not majoring in anything. As she often said, "Gee whillikers, what's college for anyhow—to fill your head full of icky old facts, or to discover the shining essence that is YOU?"

Totsi started the evening with Thorwald at a luxurious restaurant where she consumed her own weight in Cornish rock hen. From there they went to a de luxe movie palace where Totsi had popcorn with butter. Then she had a bag of chocolate covered raisins—also with butter. Then they went to a costly ballroom and cha-cha'd till dawn, tipping the band every eight bars. Then they went to a Chinese restaurant where Totsi, unable to decipher the large and baffling menu, found a simple way out of her dilemma: she ordered one of everything. Then Thorwald took her to the women's dorm, boosted her in the window, and went downtown to wait for the employment office to open.

While waiting, Thorwald thought over all of his girls and came to a sensible decision. "I think," he said to himself, "that I will stick with Philip Morris. I am not rich enough for girls."

© 1959, Max Shulman

Anybody is rich enough for Philip Morris—and for Philip Morris's brother cigarette, filter-tip Marlboro, the cigarette with better "makin's". The flavor's fine, the filter filters, the price is right.

## Chemistry Society Appoints Officers

Nina Matheny, junior chemistry major, was elected president of the American Chemical Society Student Affiliates at the recent elections. Other officers elected include Mary Ellen Stewart, sophomore, vice president; Jean Jaquette, junior, secretary; and Robert Walsh, junior, treasurer.

Nina, who formerly served as vice president of the group, will also serve next year as managing editor of The Review, and senior women's representative to the SGA.

The club, open to sophomore, junior and senior chemistry and chemical engineering majors, is a professional society affiliated with The American Chemical Society.

Tomorrow, some members of the club will journey to Temple University for the Inter Collegiate Student Chemists Conference. At the convention Mary Lou Mintzer and Alan Goodman, seniors, will present papers on their research.

## Miss Delaware

Tuned in the Miss Delaware contest last Saturday on the radio. The five finalists included two girls from the university and two from Newark, so the prospects seemed good that there would be another car coursing the area in the near future. The prospects were realized, but not, as we had hoped.

The final event before the judges' decision was made consisted of an M. C. putting the girls on the spot by asking them two stupid questions apiece, apparently designed to test their tact. For instance, one of the questions asked was: "If there were a Mr. America contest, what should the areas of competition be?" The answer was tactful enough: "I think the qualities (what kind of 'qualities' was not mentioned) of the person should decide."

Anyway, we were disappointed with the outcome of the contest. Neither Ellen Tatum (The Review news editor) nor Mary Dalecki won, so we'll probably have to go off campus to see the car this year. Nancy Williams, last year's queen, surrendered her crown with tearful happiness. The new queen, Esther Olney of Newark accepted hers in the same manner.

## ARCHIMÉDES

makes another great discovery...

### It's what's up front that counts

You can reproduce the experiment. It's easy as  $\pi$ . (Yes, you can do it in the bathtub.) Assuming that you have first visited your friendly tobacconist, simply light your first Winston and smoke it. Reasoning backwards, the discovery proceeds as follows: first, you will notice a delightful flavor, in the class of fresh coffee or of bread baking. Obviously, such

flavor cannot come from the filter. Therefore, it's what's up front that counts: Winston's Filter-Blend. The tobaccos are selected for flavor and mildness, then specially processed for filter smoking. This extra step is the real difference between Winston and all other filter cigarettes. Besides, it's why Winston is America's best-selling filter cigarette.

"Eureka! Winston tastes good...  
like a cigarette should!"

ulty: Irma Ayers, dean of school of home economics.

Tau Beta Pi is an honorary society which recognizes superior scholarship, leadership, self-reliance, and achievement in engineering. Its new members include: Harry H. Gorman, Jr., senior, Thomas L. Gutshall, senior, Donald J. LaFashia, junior, George A. MacFarland, senior, Delmer W. Nicholson, senior, Homer D. Reihm, Jr., junior, Bernard S. Sharp, junior, Joseph J. Sliwowski, junior, Arthur B. Smith, senior, John F. Sontowski, junior, and John W. Sooy, senior. Faculty: Dr. Lyle Clark, Dr. Kurt P. H. Frey and Dr. Arthur B. Metzner.

Awards to the outstanding military students were made on the campus mall following a parade by the ROTC cadets

Dr. Rees, presented the General J. Ernest Smith prizes to the cadets who have received the highest grades in each of the four military science classes to Cadet Lt. Col. John N. Rhoads, Cadet Corp. John H. McDonald, Cadet Master Sgt. William B. Holland, and Cadet Pvt. Robert F. Loss.

Major James H. Hutchison presented Robert J. Sokowski, with the Association of United States Army medal for outstanding performance and all-around excellence in military science.

Superior Cadet Ribbon awards were presented by Col. Daniel N. Sundt, professor of military science and tactics, to Cadet Lt. Col. Arthur J. MacDonald, Cadet Master Sgt. Holland; Cadet Corp. Richard F. Humphreys, and Cadet Pvt. Henry Corcoran.

Cadet Corp. McDonald received the Scabbard and Blade Medal for the sophomore outstanding in scholarship from Bruce Dearing, dean of the school of arts and sciences.

## LEADERSHIP METALS

The Reserve Officers' Association medals awarded for leadership to outstanding senior cadets who are to be commissioned in the Army Reserve upon graduation were presented by Col. Charles Woodrow, president of the Wilmington chapter, to Cadet Col. William H. Walston, Cadet Lt. Col. Rhoads; and Cadet Lt. Col. Dennis G. Luker.

Mrs. E. Jester, president of the Delaware chapter, Daugh-

ters of Founders and Patriots of America, presented the organization's prize to Cadet Pvt. Ellsworth V. Edwards, the freshman student attaining the highest grade in American military history.

The Veterans of Foreign Wars prizes are awarded each year to the two outstanding company commanders of the cadet regiment. William Wilson, commander of the J. Allison O'Daniel Post, Newark, awarded the prizes to Cadet Capt. Joseph W. Maybee, and Cadet Capt. Harry G. Quigg.

The Lieutenant Clarke Churchman prize for attainment of the highest proficiency in the university's military science curriculum was given to Cadet Col. Walston by Mrs. M. Catherine Downing, state regent of the Daughters of the American Revolution.

Cadet Col. Walston also received the Delaware National Guard award for the outstanding senior cadet exhibiting the highest qualities of leadership. It was presented by Brg. Gen. John B. Moore.

The Armed Forces Chemical Association Award to the outstanding senior cadet majoring in chemistry was presented by Dr. John F. Lontz to Cadet Capt. John W. Sooy.

Palmer M. Craig, of the Philadelphia chapter of the Armed Forces Communications and Electronics Association, presented an award to the outstanding senior cadet pursuing the electrical curriculum to Cadet Second Lt. Edward J. Ballback.

The Sons of the American Re-

volution made two awards. William P. Rheuby, president of the Delaware society, presented the first to Cadet Col. Walston for excellence in military studies as a senior mechanical engineering student. Lynn D. Sprankle presented the other to Cadet Master Sgt. George R. Price, the junior ROTC student excelling in the military course.

The Daughters of American Colonists prize to the senior military student enrolled in the civil engineering course was given by Mrs. Miller R. Wilkins, state regent, to Cadet Col. Sooy.

and science; Patricia Miller, education major; Mary Lou Mintzer, school of arts and science.

Delmer William Nicholson, engineering major; Cynthia Peace chemistry major; Alvin Richard Riggs, English major; Nancy Spahr, education major; Helen Thompson, school of arts and science; Doris Wild, education major; and Joyce Wrenn, school of arts and science.

Juniors include: Robert Cater, school of arts and science; Norman Dill, biology major; Edith Cranmer, education major; Barbara Fox, majoring in home economics education; Robert Griggs, biology major; Carol Hofferker, history major.

Amy McNulty, education major; John Sontowski and Joseph Sliwowski, engineering majors; Barbara Snow and Joseph Yellin, school of arts and science.

## Venture Fetes Writers at Tea

Applicants in the Venture Poetry Prose Contest will be tested this afternoon at a tea sponsored by the English department and "Venture," at which awards will be presented to the winners of the eleventh annual contest.

Presiding over the tea and making the presentations will be L. Michael Mannheim, instructor of English, and faculty advisor of "Venture."

Hillel Handloff, senior, will be awarded the Academy of American Poets Prize. The Ida Conlyn Sedgewick Poetry Award will be given to Harold Bruce, sophomore, for his "Florida Straits," a poem written in Classic Greek style.

Betsy Wyckoff, senior, will receive the Alice DuPont Ortiz Poetry Award for her "Dancing Shadows," a free verse poem presenting impressions created by light dancing on a wall. Clay Davis, senior, will be awarded the Ida Conlyn Sedgewick Prose Award for his short story, "Juble," a short fictional piece about a boy and a man. The Margaret Healy Ford Prose Award and the Penwomen's Bowl will be presented to Patricia George, sophomore, for her satire on college life. It is a short story concerning the experiences of a young girl at college.

The "Venture" magazine was released today and may be obtained at the main desk in the Student Center.
