NEWARK POLICE DISCOVER FIRE

George Smith Crawls Through Window To Escape Flames

Gladys Staple was held under \$1,000 bail for the Court of General Sessions Saturday by Magistrate John H. Rumber on a charge of arson after fire destroyed the home of George Smith, 24 Ray Street, early Saturday morning.

The fire was discovered by Sergeant LeRoy C. Hill of the Newark Police force early Saturday morning while he was patrolling the town in the police car. He immediately notified Fire Chief Elmer Ellison and the Aetna Hose, Hook & Ladder Company rushed two engines to the scene of the fire.

The fire burned so fiercely and spread so rapidly that the fire department and police started an investigation. Smith, who was sleeping in the front room of the house escaped through the front window. He suffered burns and lacerations while escaping and was rushed to the Wilmington General Hospital in the Newark ambulance driven by Herbert Murphy.

According to Sgt. Hill who investigated the blaze, Smith stated that \$400 in cash was either burned or lost in the blaze. He also stated that the Staples woman who lived in the house had set fire to the place following a quarrel. He stated that she had made a previous attempt to burn him while in bed.

The firemen quickly laid their lines of hose and soon had the fire under control. The adjoining properties were on fire several times but were quickly extinguished. Damage was estimated at about \$1,000.

"That an adequate retirement plan be instituted at an early date.

"That we return to the principle of appropriating state funds for school purposes with proper regard to the number of pupils served . . . and that freedom be granted local Boards to their discretion as to the exact purposes for which state funds are subject only to broad controls and proper post audit."

EXHIBIT OF ART OPEN TO PUBLIC

Children Especially Invited

An exhibition called "Animals in Art" from the Museum of Modern Art is now on view at the University Art Gallery on the University of Delaware campus. It is composed of good reproductions of paintings, fine photographs of sculpture, and some colored prints of famous illustrations and well known cartoons.

Among the realistic painters represented are Durer and Breughel, Henri Rousseau's "Sleeping Gypsy" and Marc's "Red Horses" which are representative of the more imaginative painters.

There are also a few delightful illustrations of "Animals in Books" from "Alice in Wonderland", "Aesop Fables" and "Pinocchio". The sculpture is impressive, the photographs being so well taken that the three dimensional quality of the sculpture is well realized. Both the old and the modern are represented in this group.

The Art Gallery is open week days from eight to five, Saturdays from eight to noon and Sundays from seven to ten in the evening. The public is cordially invited to visit this exhibit.

GIRL STATE DAY AGAIN PLANNED IN MAY

Mrs. J. H. Dickey Presides At Executive Meeting

The Girls' State, conducted by the Department of Delaware, American Legion Auxiliary, to provide training in American government for Delaware high school girls, will be conducted again in Dover in May.

This decision was reached at a meeting of the executive committee of the department auxiliary in the Washington Heights Century Club Saturday.

The Girls' State was not conducted last year because of war transportation difficulties.

Mrs. J. Harvey Dickey of Newark, department auxiliary president, presided at the meeting of the committee, and members of Delaware Unit No. 1 and Laurence Roberts Unit No. 21 acted as hostesses.

Mrs. Grant G. Garis of Smyrna, national committeewoman, reported on the past presidents' parley in Indianapolis, Ind., in January. She asked for support of the national rehabilitation program to furnish training automobiles with dual controls to hospitals for use in teaching disabled veterans to operate automobiles. Eight cars have been furnished, and Delaware has been asked to help. The committee approved the project and units will raise money for the purpose.

The committee discussed the state essay and decided to sponsor it again this year. Thomas Jefferson, his contributions to American history, will be the subject.

Mrs. William N. Cann, war activities chairman, asked all units to collect books, urgently needed for the Merchant Marine libraries. She also urged auxiliaries to assist the U. S. O. in making packets containing items of interest to Delaware men serving in foreign war theatres.

Child welfare chairman have been asked to make a survey and secure names of children of all veterans of World War I and II for the national organization in preparation for post-war work. Mrs. George Ehinger is child welfare chairman for the state auxiliary.

PYTHIANS INITIATE CANDIDATES

Oseola Lodge No. 5, Knights of Pythias was host to members of Washington Lodge No. 1 and Lafayette Lodge of Wilmington at the regular weekly meeting of the lodge this week held in Fraternal Hall.

Chancellor Commander Donald Coleman presided over the business session and the degree team of Washington Lodge conferred the Rank of Page on a class of candidates.

A splendid turnout of members were on hand to greet the visitors. Grand Chancellor Gray of Wilmington was an unofficial guest and with several of the other visitors gave short and inspiring talks on Pythianism and told plans for the future of the order.

The members of the degree team putting on the degree work were: Chancellor Commander, Ross Ferguson; Vice-Chancellor, Earl Rentz; Preceptor, Howard Shelton; Master-TA-Arms, John Wharry, Jr.; Inner Guard, Fred Coling; attendants, Phillip Combs and Jack Rigney.

The Rank of Esquire and the Rank of Knight will be conferred on the candidates at the next meeting so that the new members will be able to attend the meeting in Wilmington on February 19 in honor of the Supreme Chancellor.

Krebs School Flies "Schools At War" Flag For February

Newport, Feb. 8th — The Krebs School at Newport will be eligible to fly their "Schools-At-War" Flag during the month of February because of the fact that 90 percent of their total enrollment purchased War Bonds and Stamps during the month of January. Mrs. Elva K. Bogie, War Bond Chairman, who conducts weekly sales, announces that the total purchases of bonds and stamps since the opening of school in September, has now reached \$11,252.25. This week sales amounted to \$320.30, with Mrs. Thelma Hazzard's fourth grade high for the week with purchases of \$50.65. Grades having 100 percent of the children purchasing were Mrs. Hazzard's fourth; Mrs. Lynch's fifth; Mrs. Maguigan's sixth; Miss Gray's sixth; Mrs. Moore's seventh and Mrs. Ford's eighth grade.

D. J. Richey, Principal of the Krebs School, states that the attendance has been particularly good this winter, and attributes this largely to the work of the school nurse, Mrs. Helen Callahan, who has been making regular health inspections, and watching after the children very closely. If children are ill, they are sent to their home, and no epidemics have resulted from any illness which has occurred.

Mrs. Phyllis, Supervisor of the Western New Castle County District, was a visitor at the Krebs School this week, observing the methods of instruction. Miss Beatrice Bonfine, Art Supervisor of New Castle County also visited Krebs School on Thursday.

The Rev. Paul E. McCoy, pastor of the Newport Methodist Church, announces that the Nursery Department of the Church was opened on Sunday from 11 to 12:30, under the direction of Mrs. George Green. The Nursery is being sponsored by the Women's Society of Christian Church, and mothers may leave their children in the department while they attend preaching service at 11 A. M.

The bus service inaugurated by the Newport Methodist Sunday School last Sunday will be continued regularly every Sunday. Rev. McCoy announces that on the return trip, children from the Silview, Tuxedo Park, Pleasant Hills and Stonehurst area will be taken home first, and provision is being made for children from the Woodcrest, Forest Brook Glen and Lyndalia area to remain in the church Sunday School Department. Mrs. George Green has been appointed by the Sunday School Board to take charge of the children until the bus calls for them. This is being done so children will not have to wait outside the building, and they feel it will also be safer for the children to remain in the church.

Mr. William D. Blair, Choir Director of the Newport Methodist Church, has arranged for the Hymn Festival sponsored by the Delaware Chapter of the American Guild of Organists to be held in the Newport Methodist Church on Sunday afternoon, February 11th at 4 p. m. The message will be presented by the Rev. Paul A. Kellogg, pastor of Christ P. E. Church, Dover, Del. The worship service will be in charge of the Rev. Paul E. McCoy, host pastor.

The Christian Workers' School is continuing to be held in the Newport Methodist Church on Monday evening, and is open to workers in New Castle County and Wilmington. The closing session of the school will be held on Monday evening, February 12th, at which time the Newport Church will serve the guests at a banquet.

Quite an elaborate exhibit on South America Life has been arranged in the Krebs School Sixth Grade Room. This exhibit was furnished by the Department of Education, and will be used in connection with a unit of study on South America, which is being conducted by Miss M. C. Gray.

The St. James Guild met on Friday evening in the Parish House of the St. James P. E. Church.

The Newport Woman's Club will hold a card party on Thursday evening in the Woman's Club Building.

Mr. and Mrs. David Bennett of Newport Pike, Silview, entertained at their home this week in honor of Mr. and Mrs. William Jenkins of Silview, in celebration of their Twenty-fourth Wedding Anniversary.

Mrs. Paul E. McCoy and little daughter Paula Ann McCoy have gone to Washington, D. C., where they will spend a week with Mrs. McCoy's parents, Mr. and Mrs. James H. Cooley.

Mrs. H. E. Gregg of Newport Pike underwent an operation in the Memorial Hospital this week. Her condition is much improved.

The eighth grade of the Krebs School played a game of basketball with the Krebs Alumnae Team this week and the Alumnae won.

DELAWARE FARM FRONT THIS WEEK

February 15
Last Date To
File Reports

Final farm production goals for 1945, calling for an agricultural output above even the high 1944 level have been announced recently. These final goals range near the preliminary goals which were announced last November. However, significant increases have been made in a few important Delaware agricultural products — chiefly milk, poultry, and vegetables for processing — in view of changes in the war picture since the preliminary goals were set last fall.

During the 1945 war food production goals meetings held recently in each county, plans were discussed for holding similar meetings throughout the State to give individual farmers a complete picture of the job which is ahead of them, the materials and help that will be available to them to do this job, and some of the methods they can use themselves or with their neighbors to meet the production goals under present conditions. Detailed plans, places, and dates for these meetings will be announced to farmers soon.

The middle of next week, February 15, will be the last date on which farmers can file performance reports on their participation in the 1944 AAA program. Since these reports, which the farmer is responsible for filing, are the basis for payment under the program, it is essential that all farmers who have participated get their reports in as soon as possible.

Shippers and growers of fresh fruits and vegetables have been warned by the War Food Administration that if production of these agricultural commodities is as large as expected this year, they again will have to take special measures to assure themselves of adequate container supplies. Normal production of fruits and vegetables for the fresh market will put a heavy load on container requirements. The situation on fiber boxes and packages is somewhat the same. Labor problems are not expected to be any less severe than in 1944. Equipment used in industry, such as trucks, tires, and tractors for logging operations, is a year older, and few replacements can be provided. Lumber especially is considerably shorter in supply than the demand for it. The current packaging situation does not justify any slackening in methods of stocking containers. The winter months afford an excellent opportunity in which to accumulate a back-log of both new and used containers as a reserve for the coming months of heavy requirements, and local growers and shippers are urged to take advantage of the opportunity now to meet this problem.

To make certain of adequate supplies of containers for handling the expected production of fresh fruits and vegetables, War Food Administration officials recommend that wartime adjustments used in packaging crops during the past two years be continued. These include: (1) Placing orders for containers and by shippers and growers as far as possible in advance of need and taking delivery at any time the containers are available; and (2) salvaging containers and re-using them to the utmost.

THE WORLD DAY OF PRAYER

The call to prayer goes out to all people to unite in a fellowship of prayer all around the world on next Friday, February 16 at 2:00 p. m. The local observance will be held at St. Thomas' Episcopal Church, Newark. The theme being "That Ye Should Show Forth The Praises of Him Who Hath Called You Out of Darkness Into His Marvelous Light." The following is a suggested prayer for the season.

Our Father Who art in heaven: Thou in whom the generations rise and fall away, in whom none of us can ever be lost since all are equally dear, safeguard the homeless people of this world with Thy loving presence—all refugees, orphans, prisoners of war, those in the armed forces of the nations;

Hallowed be Thy name: O Thou for whom the whole family in heaven and earth is named, we pray for those who so reverence Thy holy name, that rather than deny it before men they now suffer imprisonment and persecution; grant that we too may show forth the praises of Him who called us out of darkness into His marvelous light;

Thy kingdom come: quicken us into creating a Beloved Community of new friends from every color, race and creed—that Thy way may be known upon earth, Thy saving health among all people; Thy will be done: through the words of our mouth — the meditations of our heart — the work of our hands;

Give us this day our daily bread: and let Thy everlasting pity persuade us to feed and to cherish all who hunger in this Thy bountiful world;

Forgive us our trespasses: our lack of loving-kindness and tender mercy — even as we forgive;

Lead us not into temptation: Thou Man of Sorrows, acquainted with grief, make clean our hearts within us, that we may be fit dwelling-places for Thy Holy Spirit;

For Thine is the kingdom, the power and the glory: may the beauty of the Lord, our God be upon us — all through this day! Amen.

FARMERS ARE URGED TO PURCHASE FERTILIZER

Shortage
Of Labor
Will Curtail
Production

"Farmers who have not already done so should order their fertilizer now from their usual suppliers," says County Agent, Ralph L. Watson.

"The labor shortage in fertilizer plants is severe and it will be impossible to mix and handle as much fertilizer as farmers need unless it can be kept moving from plant to farm or local warehouse.

"The War Food Administration estimates that there may be a 10 percent shortage of nitrogen, largely for use in mixed fertilizers, and a 15 percent shortage of superphosphate, principally for direct use, but that there is 20 percent more potash than last year.

"Sulphuric acid is necessary both for making superphosphate and explosives and all explosives contain nitrogen. For many months superphosphate producers were getting a large quantity of sulphuric acid from Government Ordnance plants, but this supply was cut off when the munitions program was speeded up several months ago. That means that less superphosphate can be made and there is no alternative, for munitions come first in war.

"For the same reason the supply of nitrogen available for use as fertilizer has been curtailed. Fixed nitrogen produced in Government war plants was until recently being converted into nitrogen solutions for use in mixed fertilizers and into ammonium nitrate, but this nitrogen is now being used in munitions; hence, supplies of these materials will be considerably less than last year. The shortage will be made up in part by larger imports of Chilean nitrate.

"The supply of potash will be adequate for making the grades recommended by State experiment stations."

LESS CIGARS THIS YEAR

There won't be quite as many cigars this year as there were in 1944, the Cigar Institute of America said recently, but the shortage shouldn't get much worse. Civilian cigar sales for last year were 8.5 per cent under 1943, the institution said, but the decline is leveling off. Most hopeful sign, it said, is apparent stabilization of employment at about 34,600 workers.

This urgency in ordering, made to meet the 1945 production demand, also applies to fertilizers, insecticides, type of material which will be made. Tight manufacturing, storage, or transportation facilities demand every effort be made to speed up over as long a period as possible, that best use of these facilities be made.

Has Lead In Play

Miss Virginia Alleman

In high school Virginia took leading parts in several Gilbert and Sullivan productions. In addition, she has gained dramatic experience from directing plays in summer camps.

The part of Joanna of the Cross requires a sensitive interpretation. Joanna, one of the nuns of the convent, takes her vows seriously. When a founding comes to the convent, Joanna takes her under her wing. In raising Teresa, as they name the girl, Joanna has most of the emotional experiences of a mother. With the background of a convent, this play becomes a sincere and moving portrayal of human emotions.

Virginia is a sophomore, coming to Women's College from New Jersey College for Women. Her home is in Washington, New Jersey. Among the organizations of which she is a member are the Women's College Music Club and the REVIEW. Also, her name appeared on the last academic Honor Roll.

Anything appearing in this column is purely the opinion of the writer and does not express the views or policy of the paper. Any exceptions should be taken up with the writer.

The Town Honor Roll will be in darkness as a result of the Government order for the BROWNOUT. Sureshot attended the meeting of the Newark Town Council this week and can say for the town's governing body that it was with the greatest reluctance that this order was given. The Mayor and the members of Council did not want to order the lights turned off in front of the Honor Roll but were forced to do so to comply with the Government order.

What is the sense in all this coal shortage? Where is all our coal going? Are they sending it over to Europe? Why don't the English furnish coal for Europe. The first thing we know — this country will be trying to rebuild Germany. For my part they can get along the best way they can. Those folks over there started this scrap — let them get along the best way they can.

Ella Mae Maclary has been made business manager of the University Dramatic Club production "The Cradle Song" which will be produced in Mitchell Hall. Ella Mae is the person who will have charge of the sale of tickets and the seat reservations. Now Ella Mae is a very good one for that job. While at the Newark High School she had a fine record and everyone knows that she is very capable of handling that situation. Just hope that she reserves a couple of seats for Sureshot.

The Newark High School basketball team really went to town Tuesday night when they walloped the Ferris School combine. Newark rolled up the largest score that I can remember. It was said that the boys noticed Superintendent Carlton E. Douglass in the audience and played that game in his honor. If that is the way they play when the Superintendent comes to the game — Mr. Douglass should always be at the game. It might be a good thing if he sat on the players' bench if it gives the boys that kind of inspiration.

The Newark team was not so hot in the first period when they were trailing 8 to 6 but when they woke up in the second frame and tallied 10 points while Ferris was held to one lone field goal and Newark was leading at half time 16 to 10.

Bill Pie played a fine game in the third frame when he found the basket four times in a row. Bobby Gregg went to town in the final period and scored four in a row. Say that Bob Gregg fellow will bear some watching. In the preliminary game he shot ten action shots and one from the foul line for 21 points. Bet his head is swelled now. Tommy Silk also played a fine game in the prelim with 5 baskets for a total of 10 points.

Brandon Davis played a swell game and accounted for five action shots and two foul shots for a total of 12 points. BUT, the real star as far as scoring goes was Eugene Schaeen. This flashy number was high scorer with seven action shots and two foul shots for a total of 16 points.

The Newark boys played a fine offensive and defensive game and their floor work was nice to witness. The whole team played as one unit with no one attempting to be a big shot.

The third period found the local boys outscoring Ferris 19 to 4 and in the final period they just went to town to snare 25 points while the visitors only chalked up 7 points.

It is reported unofficially that the Varsity basketball team will play the Alumni HAS-BEENS in a practice game this evening. It was reported that some of those old stiff joints such as Paul Whiteman, Howard Cagle, Eck Morris, Red Henderson, Andy Walp and some more of those USED TO BEENS will be on exhibition. Coach Stanley Gibbs just reported over the phone that the game will be played and that Boney Egnor just arrived in Newark on a 21 day leave and will be on the floor strutting his stuff.

Sureshot is still much put out because the women did not take offense at the crack he made about the funny looking shoes some of them wear. Sureshot still thinks those WEDGIES or whatever they call them look so ridiculous. It is about time that the snow and ice was getting off the pavements of the Newark Streets.

One side of Main Street is still very dangerous for pedestrians. At one time there was supposed to have been a law that required the removal of snow or ice from the sidewalks. It is hurting the business of some of our business places. A lot of folks are afraid to walk on that slippery stuff. It would be so easy to sprinkle ashes on the sidewalks. Or those folks who are afraid of falling could carry a bucket of sand with them.

Ceiling Prices Set For Soybeans by OPA

Processors' ceiling prices for the 1944 crop of soybeans to be processed for oil were announced yesterday by the Delaware OPA. The top legal price to producers of the base grade—U. S. No. 2, with 14 percent moisture, yellow and green—has been fixed at \$2.10 a bushel. This price takes into account the Commodity Credit Corporation support price for the 1944 crop of \$2.04 a bushel, plus six cents a bushel for storage and carrying charges.

Maximum for U. S. No. 2, brown, black and mixed, is \$1.90 a bushel.

Country elevators are allowed a mark-up of five cents a bushel for handling, and merchandisers are permitted a mark-up of two and a half cents a bushel if they unload at terminal storage facilities, and one cent in all other cases. Ceiling prices on products made from soybeans were not changed.

Sparked by Bob Bierley with 12 points the visitors were never headed after their big first period edge. Brandon Davis was the high scorer for Newark with eight points.

In the preliminary, Claymont's jay vees nosed out the Newark jay vees, 19-18.

Kid Rook collected 19 points for the Shoremen and Mullins, flashy forward, accounted for 13 points.

Newell Duncan was high scorer for the Blue Hens with seven points. Kid-don was second high with six points.

J. Wirt Willis Retires On Seventieth Birthday

The retirement of J. Wirt Willis of 1109 Rodney Street as a vice-president of the Allied Kid Company was announced Sunday on his seventieth birthday. He will continue as a member of the board of directors of the leather company with which he became associated in 1896, and will retain his office at Eleventh and Poplar Streets, Wilmington.

Mr. Willis, who was born in Galena, Md., has lived in Wilmington for 60 years. He is a former chairman of the Delaware Unemployment Compensation Commission and a former director of the Department of Public Safety.

Newark came back strong in the second frame and outscored the Ferris passers 10 to 2 to lead at half time 16 to 10. The third and fourth periods proved field days for the Black and Gold combine with the players shooting baskets at will.

Eugene Schaeen was high individual scorer with 16 points. Bill Pie a Brandon Davis scored 14 and 12 points respectively. Al Rubino paced the Ferris squad with eight points.

In the preliminary game Newark's Jay Vees had everything their own way and walloped Ferris Jay Vees 42 to 13. Robert Gregg amassed a total of 21 points which is believed to be the highest individual score by any Newark player this season.

Newark's 60 points in the big game was the highest score turned in by the Newark team for the season.

The Newark Varsity team will play the school Alumni team Thursday night at which time some of the old-timers will have a chance to limber up their stiff joints.

OPA Must Know Room Rent Rate

Many persons in Delaware are landlords and subject to OPA rent regulations but do not realize it. Charles W. Hardesty, Delaware district OPA director, said today.

A person who rents a room in his home to one or two persons, whether he owns the home or rents it, is subject to the OPA rent regulations and must register the rental price with the rent control division of the district OPA office in the Pennsylvania Building, Mr. Hardesty explained.

As rent is the largest single item next to food in the cost of living, 100 per cent registration of rental units is required for effective price control, Mr. Hardesty said.

Rentals may be registered at the district OPA office in Wilmington or at the office of the Dover and Georgetown local war price and rationing boards.

Hershey Explains Draft Law On Young Farmers

Draft Director Lewis B. Hershey told a House committee Monday that the Tydings amendment deferring farm workers does not prohibit local boards from drafting young farmers.

Members of the House agriculture committee argued the amendment—adopted three years to screen the farm draft—means boards should regard agricultural work as essential.

Hershey so construed it, however, to mean that draft boards must consider only if the worker is essential to the needs of the armed forces. He said it is sufficiently broad to make possible the drafting of every farm worker if they are needed by the army. He made the statement after Representative Pace (D-Ga.) declared selective service boards are "evading and avoiding" the Tydings amendment and drafting young farm workers.

Passenger Car Tires Reduced for February

Tires will be even harder to get next month.

The Office of Price Administration announced a new drop in allotments of passenger car casings, granting only 1,600,000 for February, the lowest release since last October.

The allotment compares with 2,000,000 in December and 1,800,000 this month. Blaming the situation on military demands, OPA said civilians would have to resort more than ever to prompt recapping and tire repairs. Truck and bus tire quotas will be generally unchanged.

Delaware's Big Game Population Is Now 19

Delaware still may be at the foot of the class in big game population but it's making progress.

Who knows? Some day Delaware may have bison, bear and elk roaming its hinterlands like some neighboring eastern states.

A survey made public yesterday by the class in big game population but Service showed Delaware's big game population has jumped from zero to 19.

But hunters shouldn't let this get their trigger fingers nervous. All these 19 animals are white-tailed deer introduced in the state to get the species going again. Four are roaming Wildlife Service Refuges and 15 are on state and private lands.

So, for the time being, any deer hunt in Delaware will be more of a quest than anything else. But give these immigrants a chance.

Food Ration Stamps Good Only 16 Weeks

The Office of Price Administration reported bad news today for housewives who like to hoard their food ration stamps for a big buying spree. It announced that all food stamps now in circulation will be cancelled four months after validation, giving housewives only 16 weeks in which to use them. The order makes it impossible for consumers to save large numbers of stamps for future use. Red tokens will not be affected.

The agency also ordered a slight reduction in sugar rations. Sugar stamps, therefore validated every 2-1/2 months, will become good at the rate of one every three months.

In line with the new directive, OPA announced that sugar stamp 35 in Ration Book 4 will be good for five pounds beginning Feb. 1 and ending June 2, stamp 34, hitherto good indefinitely, will be cancelled Feb. 28.
